Summary

Please provide a brief summary of all regulatory changes, including the rationale behind such changes. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

The Board has made a regulatory change which is exempt from provisions of the Administrative Process Act to conform a Code cite in section 530 to the Code of Virginia. In 2002, Title 63.1 was repealed and re-codified as Title 63.2; the cite was never corrected in the Pharmacy regulations.

This action is exempt from the Virginia Administrative Process Act in § 2.2-4006 A 4: "Regulations that are...Necessary to conform to changes in Virginia statutory law or the appropriation act where no agency discretion is involved."
