SUBJECT: Cost of Maintenance of Jails
DATE: June 1, 2013

- 30-6.1 POLICY. In certain instances, the Board of Corrections may designate a local correctional facility of any county, city or town as the place where prisoners committed by the courts or other authorities of any county, city or town shall be confined.

The Board realizes that certain capital outlay expenses may be incurred for necessary repairs, improvements or additions to such facilities along with maintenance costs. Such costs shall be borne ratably by the several counties, cities or towns using such facility.

It is the responsibility of the Board to determine the amount to be paid by each county, city or town and furnish a statement of the shares of the costs to the governing body of each county, city and town involved. This amount shall depend on the "rate per felon day" figure certified by the Compensation Board.

Subject to approval of the Board, the Department of Corrections shall develop general guidelines to assist localities in complying with the intent of the law and requesting reimbursements of expenses.
