

Group: DEQ Air, VPDES and Hazardous Waste Permit Peer Review Teams

Date: May 4-5, 2005

Meeting Summary:

DEQ's Air, VPDES and Hazardous Waste Permit Peer Review Teams met for the second time on Thursday, May 4, and Friday, May 5. DEQ is working with the Solid Waste Permit Peer Review Team and ERM to complete a business process improvement study of the solid waste program. ERM conducted a two-day workshop to review the results of interviews, surveys, and process maps and to identify priority opportunities and recommended actions for improving the effectiveness and efficiency of the Air, VPDES, and Hazardous Waste permitting and compliance assurance programs. These Peer Review Teams will meet in August to finalize their work.
