

Virginia Board of Pharmacy

Practice by a Pharmacy Technician Trainee

Regulations of the Board of Pharmacy allow a person enrolled in a Board-approved pharmacy technician training program to perform duties restricted to pharmacy technicians, for the purpose of obtaining practical experience in accordance with § 54.1-3321 D of the Code of Virginia, for no more than nine months without that person becoming registered as a pharmacy technician. (See Regulations 18VAC110-20-101, 18VAC110-20-111, and definition of “pharmacy technician trainee” in 18VAC110-20-10)

At its meeting on June 12, 2012, the Board interpreted the restriction of nine months of practice for a pharmacy technician trainee to mean **nine consecutive months** from the initial enrollment date in a Board-approved pharmacy technician training program regardless of whether the trainee successfully completes the program or enrolls in a different training program during those nine months. For example, a pharmacy technician trainee who enrolls in a pharmacy technician training program on January 1st may conduct tasks restricted to a pharmacy technician until October 1st of that year. If he ceases enrollment in the pharmacy technician training program in March and enrolls in a second pharmacy technician training program in July, he may still only perform tasks restricted to a pharmacy technician until October 1st of that year. By that date, the trainee must either be registered with the Board as a pharmacy technician or cease performing any tasks restricted to pharmacy technicians.

D. A pharmacy technician trainee may perform tasks restricted to pharmacy technicians for no more than nine months without becoming registered as a pharmacy technician.

C. Every pharmacy that employs or uses a person enrolled in an approved pharmacy technician training program pursuant to §54.1-3321 D of the Code of Virginia shall allow such person to conduct tasks restricted to pharmacy technicians for no more than nine months without that person becoming registered as a pharmacy technician with the board as set forth in 18VAC110-20-101. Every pharmacy using such a person shall have documentation on site and available for inspection showing that the person is currently enrolled in an approved training program and the start date for each pharmacy technician in training.
