SECTION I

The Honor System

Christopher Newport University is a community of honor. Honor is a lifestyle choice. Leading an honorable life prepares CNU students to assume leadership roles in their communities as well as in their chosen professions.

A. The Honor System

The reputation and credibility of an institution of higher education requires the commitment of every member of the community to uphold and to protect its academic and social integrity. As such, all members of the Christopher Newport University community uphold and enforce the following:

The Honor Code

“On my honor, I will maintain the highest standards of honesty, integrity and personal responsibility. This means I will not lie, cheat, or steal, and as a member of this academic community, I am committed to creating an environment of respect and mutual trust.”

Under the Honor Code of Christopher Newport University, it is expected that all members of the University community will demonstrate honesty and integrity in their conduct. Intentional acts of lying, cheating, or stealing are violations of the Honor Code that can result in sanctioning.

Each member of the University community is responsible for upholding and enforcing the Honor Code. The Honor System cannot function unless each member of the University community takes action when he or she believes any person may have violated the Honor Code. Members of this University community are obligated to report violations to appropriate University personnel in order to ensure the efficacy of the system.

B. Student Regulations

Learning takes place through individual effort; achievement can be evaluated only on the basis of the work a student produces independently. A student who seeks credit for work, words and ideas that are not the products of the student’s own effort is dishonest. Such behavior infringes on the Honor System and can result in academic and university sanctions ranging from a reduced grade on the assignment to dismissal from the University.

Misunderstanding of the Honor System will not be accepted as an excuse for dishonest work. If a student is in doubt on some point with respect to the student’s work in a course, he/she should consult the instructor before submitting the work in question.

A violation of any principle is considered cheating and any resulting work dishonest.

The application of these regulations are not exclusive to the academic setting. They may also be applied to conduct occurring outside the classroom environment.

1. Infractions

Lying is the expression of an untruth made with the intent to mislead another or with reckless

disregard for the truth of the matter asserted. Lying includes, but is not limited to, forgery, the use or possession of false identification, and the omission of truthful statements.

Cheating is the act of wrongfully using or taking the ideas or work of another in order to gain an unfair advantage. It includes, but is not limited to: (1) the act of plagiarism*; (2) the acts of attempting to give or giving unauthorized aid to another student or attempting to receive or receiving unauthorized aid from another person on quizzes, tests, assignments, or examinations; (3) the acts of using or consulting unauthorized materials or using unauthorized equipment or devices on tests, assignments, quizzes or examinations; (4) the act of using any material portion of a paper or project to fulfill the requirements of more than one course unless the student has received prior permission to do so; or (5) the acts of intentionally commencing work or failing to terminate work on any examination, test, quiz, or assignment in violation of the time constraints imposed.

Stealing is the intentional taking or appropriating of the property of another without consent or permission and with the intent to keep or use the property without the owner's or the rightful possessor's permission. Although the prohibition against stealing includes property of whatever nature, it also covers theft of the academic work product of another.

* Plagiarism occurs when a student, with intent to deceive or with reckless disregard for proper scholarly procedures, presents any information, ideas or phrasing of another as if they were his or her own and does not give appropriate credit to the original source.

Students are responsible for learning proper scholarly procedure. Proper scholarly procedures require that, at a minimum, all quoted material be identified by quotation marks or indentation on the page, and the source of information and ideas, if from another, must be identified and be attributed to that source. While any amount of improperly attributed or unattributed material may be sufficient to find plagiarism, a student may be presumed to have acted with intent to deceive or with reckless disregard for proper scholarly procedures when a significant amount of improperly attributed or unattributed material is presented as if it were the student's own work. The faculty member is responsible for drawing a conclusion regarding whether the amount of improperly attributed or unattributed material is so significant that intent may be presumed. When a faculty member has sufficient reason to believe that a student was intentionally deceptive in his/her work, an Honor Council will be convened to determine an appropriate university response to the student's actions. The university response will be in addition to the academic remedy determined by the faculty member.

2. Statement of Principles

a) Basic Policy

A student's name on any assignment is regarded as assurance that it is the result of the student's own thought and study, stated in the student's own words, and produced without assistance, except when quotation marks, references and footnotes acknowledge the use of other sources. In particular, the use of purchased term papers or research for submission as one's own work is expressly forbidden. Utilizing purchased work as one's own work will be considered an indicator of the student's intent to deceive his/her faculty member. In some instances, an instructor or department may authorize students to work jointly in completing

assignments, but such efforts must be indicated as joint work on the assignment submitted. Unless permission is obtained in advance from the instructors of the courses involved, a student may not submit academic work for completion of assignments in more than one course. Students who perceive the possibility for an overlapping assignment in courses should consult with the instructors involved before presuming that a single effort will meet the requirements of both assignments.

b) Factual Work

In preparing papers or themes, a student often needs or is required to employ sources of information or opinion. All such sources used should be listed in the appropriate reference format. It is not necessary to reference specific facts that are common knowledge and obtain general agreement. However, facts, observations and opinions which are new discoveries or are debatable must be credited to the source with specific reference to edition and page even when the student restates the matter in his or her own words. Inclusion word-for-word of any part, even only a phrase or sentence, from the written or oral statement of someone else must be enclosed in quotation marks and the source cited. Paraphrasing or summarizing the contents of another's work is not dishonest if the source is clearly identified, but such work does not constitute independent work and may be rejected by the instructor.

c) Laboratory Work and Assignments

Notebooks, homework and reports of investigations or experiments must meet the same standard as all other written work. If any of the work is done jointly or if any part of the experiment or analysis is made by anyone other than the writer, acknowledgement of this fact must be made in the report submitted. It is dishonest for a student to falsify or invent data or sources; doing so will be considered an intent to deceive the faculty member into accepting knowingly inaccurate work.

d) Imaginative Work

A piece of written work presented as the individual creation of the student is assumed to involve no assistance other than the incidental criticism from any other person. A student may not, with honesty, knowingly employ story material, wording or dialogue taken from published work, the Internet, motion pictures, radio, television, lecture or similar sources.

e) Quizzes and Tests

In writing examinations and quizzes the student is required to respond entirely on the basis of the student's own memory and capacity without any assistance whatsoever except as is specifically authorized by the instructor. It is not necessary under these circumstances to give source references appropriate to other written work unless required by the instructor.

f) Tampering with the Work of Others

Any student who intentionally tampers with the work of another student or a faculty member shall be subject to the same sanctions imposed for other violations of this Honor System. Such tampering includes, but is not limited to:

- i) contaminating the results of scientific experiments by interfering with the conduct of the experiments in any way;

- ii) altering or in any way interfering with computer programs used by other students or faculty members in class preparation, simulation games, or otherwise;
- iii) altering or attempting to alter any academic or other official records maintained by the University.

3. Academic Violations of the Honor Code

An academic violation of the Honor Code is a serious offense that impacts the university in the following two distinct ways:

- a. It is a direct offense to the faculty member and to the members of the class in which the violation occurred.
- b. It is an affront to the institutional values and purpose of Christopher Newport University's Community of Honor.

Therefore, both the faculty member and the university will review the incident and issue appropriate remedies.

Faculty Response to Academic Honor Code Violations

As stewards of the academic experience of Christopher Newport University students, faculty members are obligated to resolve any suspicions of academic dishonesty. Generally, the process undertaken for resolving an alleged academic violation of the Honor Code will be as follows:

A faculty member who suspects the Honor System has been violated is responsible for investigating the suspected violation in such a manner as to preserve the integrity of the Honor System and not unduly harm the reputation of the suspected violator. Due to the serious nature of academic violations, faculty members will make a reasonable effort to resolve any suspicions of academic dishonesty in a timely manner, typically within five (5) business days of discovery of the issue.

The faculty member should inform the department chair of a suspected incident of academic dishonesty. The faculty member will attempt to confer personally with the student who is suspected of violating the Honor System typically within five (5) academic days and determine if the student has committed the violation, had an intent to deceive, and/or if the student admits to the violation. The faculty member may choose to contact a staff member in the Center for Honor Enrichment & Community Standards to participate in a preliminary investigation.

Using his/her best judgment, the faculty member will draw a conclusion regarding whether or not the student's actions or his/her submitted work, or any portion thereof, constitute an academic violation of the Honor Code. In cases where the faculty member has sufficient reason to find a violation of the Honor Code has occurred, he/she will issue an appropriate academic remedy. Faculty members may use discretion in issuing academic remedies.

Examples of academic remedies include, but are not limited to, the following:

1. The faculty member may assign an "F" for the course to the student with a notation to the confidential University file of that student that the "F" was for an academic violation of the Honor Code. This determination requires a letter of notification to the department chair and the Center for Honor Enrichment & Community Standards signed by the professor stating the reason

for the assigned “F”. This letter will be placed in the student’s permanent file.

2. The faculty member may assign a grade of “F” to the student for the work in question, which would be averaged into the student’s other grades should the professor determine the violation occurred with no intent to deceive the faculty member. A letter of notification indicating an academic violation of the Honor Code has occurred should be signed by the professor and sent to the department chair and the Center for Honor Enrichment & Community Standards for placement in the student’s permanent file.
3. The faculty member may reduce the grade he/she would otherwise assign to the work in question. A letter of notification indicating an academic violation of the Honor Code has occurred should be signed by the professor and sent to the department chair and the Center for Honor Enrichment & Community Standards for placement in the student’s permanent file.

In a situation where the faculty member and student fail to meet regarding the incident or fail to agree about whether there has been a violation of the Honor System, the faculty member will, using his/her best judgment, determine if a violation has occurred and issue appropriate academic remedies, if necessary.

If a faculty member determines a violation occurred, he/she will notify, in writing, the student and the Center for Honor Enrichment & Community Standards of the violation and the academic remedy assigned, typically within five (5) business days. The Center for Honor Enrichment & Community Standards will initiate a University review of the incident to determine what university sanctions, if any, may apply. For more information please refer to the University Response to Academic Violations section of the Honor System.

Students and administrative personnel also bear responsibility for insuring the efficacy of the Honor System and in supporting the academic environment of Christopher Newport University. Students who suspect another student has violated the Honor System are obligated to report this violation directly to the faculty member(s) of the course, the faculty member(s) responsible for the activity, or to the Center for Honor Enrichment & Community Standards, which will then notify the appropriate faculty member(s) of the allegation(s). Administrative personnel are also obligated to notify the faculty member(s) of the course, the faculty member(s) responsible for the activity, or the Center for Honor Enrichment & Community Standards.

When there is a question about a student’s honesty with regard to his/her academic work, it is the student’s responsibility to:

- Meet with the faculty member to discuss the alleged violation
- Provide accurate and truthful information regarding the scholarly work in question
- Report the finding, in writing, to the Center for Honor Enrichment & Community Standards within five (5) business days of resolution

Should a student be found responsible for a violation by a faculty member, he/she can request, the decision to be reviewed by a Faculty review panel within five (5) business days from the date of notification of the violation. This request for review needs to be done in writing to the Center for

Honor Enrichment & Community Standards, which will convene the Faculty review panel.

A review panel is comprised of three (3) instructional faculty members, including the department chair if eligible, from the department/college of the instructor whose decision is being reviewed. Review panels considering reviews of violations awarded in graduate courses shall be composed of members of the graduate faculty. Should the department chair be ineligible to sit on the panel, another senior faculty member will be selected. The instructor who rendered the findings of fact is ineligible to sit on the review panel.

Any academic remedy issued by the faculty member will be held in abeyance, pending resolution of the case. Should the allegations of misconduct occur at the conclusion of a course or academic period, a grade of incomplete will be issued to the student pending a resolution.

The Center for Honor Enrichment & Community Standards will identify one member of the review panel to serve as the Chair of the panel. As Chair this faculty member conducts the panel proceedings and will subsequently notify the Center for Honor Enrichment & Community Standards of the panel's decisions. All members of the review panel have voting privileges.

The review panel decision regarding what, if any, violations occurred will be determined by a simple majority vote.

Faculty Review Panel Procedure

1. A date, time and place of the panel shall be determined with notification given to all parties. Every effort shall be made to schedule this panel within two weeks of the date of notification of violation, unless previously agreed upon by all parties.
2. The student respondent will be notified of the allegations he/she is being accused of in advance.
3. All panels will be closed to the public.
4. In cases involving more than one student, the review panel may hear the case as one, but shall make separate findings of fact for each student.
5. Both the faculty member and the student will be given the opportunity to present information and/or evidence on their behalf.
6. In situations where the student and/or the faculty member issuing the original finding do not attend the review panel, the proceedings will continued as planned.
7. The student may have an advisor present during the review panel. The role of the advisor is to "advise" and as such is limited to conferring with the advisee only. Advisors shall not participate orally at any point during the hearing.
8. Witness statements need to be submitted, in writing, five (5) days in advance in order to be considered. Panel members will review the submitted statements and may request a witness to appear.
9. The Center for Honor Enrichment & Community Standards will contact any witnesses requested to appear.
10. Questioning of witnesses will be limited to panel members.
11. All panels shall be recorded and the notice, exhibits, taped or stenographic records and findings of fact shall be filed with the Center for Honor Enrichment & Community Standards. Unauthorized recording in any medium is not permitted without prior written permission.
12. In closed session, the review panel members, after deliberation, will decide whether the student

has or has not violated the Honor Code policy defined, based on their understanding of the student's intent to deceive or the student's reckless disregard for scholarly procedure.

13. The Chair will notify the Center for Honor Enrichment & Community Standards of the review panel decisions.
14. The faculty member and the student will be notified, in writing, by the Center for Honor Enrichment & Community Standards of the review panel decision no later than five (5) business days from the date of the review panel.

If the Faculty Review panel finds a student responsible for violating the Honor Code, the academic remedy issued by the faculty member will stand.

Appeal Requests from the Faculty Review Panel

An appeal is defined as a request to review the rendered decision.

Students wishing to appeal the Faculty review panel's decision may do so to the Dean of Students, only if there has been a violation of due process or if there is new evidence, not available at the time the decision was rendered, to be presented. A written request, stating the specific grounds upon which the request is based, must be received from the student by the end of the fifth (5) business day following the date of notification of the review panel decision. Requests submitted after the fifth day or not having sufficient grounds may not be accepted.

The Dean of Students will review the request and may choose to review the entire record of the case. The Dean of Students may also meet with the student, the faculty member and/or panel members. The Dean of Students may also consult with the Academic Dean of the college in which the behavior in question occurred when rendering a decision. The action of the Dean of Students will be communicated to the student in writing.

All records regarding the above procedures will be kept in the Center for Honor Enrichment & Community Standards.

University Response to Academic Honor Code Violations

When the Center for Honor Enrichment & Community Standards has been notified of an academic violation of the Honor Code, it is the Center's responsibility to:

- Initiate university review of the violation
- Determine an appropriate University response to the violation
- Notify the faculty member and the student if an Honor Council will be convened

In a situation where the faculty member has provided an academic remedy to a violation of the Honor Code, an Honor Council may be convened under certain circumstances. These circumstances include, but are not limited to, the following:

- In the faculty member's judgment, the student's actions constitute "intent to deceive" the faculty member into accepting work other than that which is the product of the student
- The student has been previously found responsible for an Honor Code violation
- The Center for Honor Enrichment & Community Standards has completed the university

review of the incident and determined an Honor Council is warranted

In any of these circumstances an Honor Council will determine suitable university sanctions, to include the student's continued enrollment status, in addition to the academic sanctions issued by the faculty member. In the event a student remains at the University after having been found in violation of the Honor Code, the student may be required to complete integrity education seminars in an effort to insure future Honor Code violations do not occur.

For specific information regarding Honor Councils or non-academic honor code procedures, please refer to the Code of Students Rights, Responsibilities, and Conduct in this handbook.

SECTION II

Code of Student Rights, Responsibilities, and Conduct

A. Philosophy of University Policies for Student Life

Christopher Newport University is maintained and governed by the following five values: (1) We will always put students first; (2) We will always offer outstanding teaching; (3) We will remain committed to liberal learning; (4) We will provide access and opportunity; (5) We will be actively engaged in shaping the economic, civic, and cultural life of this community. Additionally, we hold the ideal of Honor as an important element of the Christopher Newport University experience. Accordingly, the University has implemented policies that reinforce these values and ideals. As an educational institution, the University is concerned with the formal, in-class education of its students as well as their growth into mature men and women who conduct themselves as responsible, honorable citizens.

The uniqueness of the academic community requires particular sensitivity to the individual rights of students and the rights of the University community. Rules and regulations are imperative as a basis for the orderly conduct of University activities and for maintaining an environment conducive to study, recreation and personal growth. Regulations are intended to create sound living and learning conditions for all members of the campus community and to promote an atmosphere that encourages personal integrity.

Student Life policies are based upon the assumption that students and groups have the capacity to assume responsibility for their own behavior and that the University has the authority to establish an internal structure for enforcement of its policies and procedures which students have agreed to accept by enrolling at the University. Conversely, students have the right to expect the University to fulfill its educational responsibilities as effectively as its capacity and resources permit.

Since rights carry with them certain responsibilities, the following rights and responsibilities - institutional as well as student - are set forth.

B. Basic Rights

The following list of basic rights is not intended to deny or limit the rights of students in any way. Rather, it is intended to focus special attention on these rights because of their importance in the educational process. Christopher Newport University students may freely and openly exercise the

following freedoms as long as their actions do not interfere with the regular operation of the University:

1. *Campus Expression* - Free inquiry, expression, and assembly are guaranteed to all students subject to the limitations of this document and other University regulations and policies, which are consistent with the provisions of the Constitutions and laws of the Commonwealth of Virginia and the United States of America. Public statements and demonstrations by individual members of the University community or organizations shall be clearly identified as representative only of those individuals or organizations and not of the University. Sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed either by the sponsoring group or the institution.
2. *Pursuit of Goals* - Students are free to pursue their educational goals; appropriate opportunities for learning shall be provided by the University.
3. *Equal Protection* - No student shall be subject to any regulations that discriminate on the basis of race, sex, color, age, religion, national origin, disability, sexual orientation or political affiliation. Any individual living in a community must respect the rights of others in that community. Students are responsible for their actions. They are obligated to respect authority, to be truthful, to maintain standards of academic performance, to respect the rights of others and to protect private and public property. Students must uphold federal, state and local laws, as well as University regulations.

C. Equal Opportunity

CNU does not discriminate in admission, employment or any other activity on the basis of race, gender, color, age, religion, veteran status, national origin, disability, sexual orientation or political affiliation.

The University Catalog.

The Residence Hall Handbook.

The CNU Housing Contract, specifically for those students residing in University housing.

The University Policies for Student Affairs serve as a guide to current information about the University. The University reserves the right to change the published policies during the academic year and notification is hereby given of that possibility. Any changes to this document will be publicized with copies of the changes available through the Dean of Students. Students are expected to keep themselves informed of the policies affecting them. SECTION II – PART III

The University Judicial System

A. Preamble

The purpose of the University Judicial System is to involve the University community in the administration of the discipline system, to provide any student the right to due process, to help provide corrective and educative action in response to behavior deemed unacceptable and to help foster a fair, just, safe, disciplined, and honorable University community.

B. Jurisdiction

The President of Christopher Newport University is ultimately responsible for the discipline of all students at the University. Administrative authority and responsibility for judicial policies and procedures is delegated to the Dean of Students who will determine if an alleged violation is a violation of the Honor System or the Student Code of Conduct. The decision of the Dean of Students is final. Within the Division of Student Affairs, the Director of the Center for Honor Enrichment & Community Standards (CHECS) assumes the direct supervisory jurisdiction of disciplinary matters involving violation of University policy. The Director of CHECS serves as the Chief Judicial Officer for the University.

Members of the University community will be considered for disciplinary action whenever violations are committed on University property. For violations not occurring on University property, action will be considered when University officials determine that University interests are involved. Students and student organizations may be held accountable for conduct off-campus. Members of the University community are expected to adhere to all community standards regardless of their location or where they choose to reside. Disciplinary action may be taken by the University for any act constituting a violation of the law when the act is contrary to the University community's pursuit of its educational and other legitimate objectives. Whenever conduct violates both the law and University policies, the University may take disciplinary action irrespective of and separate from action taken by civil authorities. The University will proceed with disciplinary action according to its regular timeline, unless directed otherwise by University counsel. The policies and procedures of the University Judicial System are designed to provide a fair and equitable resolution concerning involvement in alleged misconduct.

C. Procedure

Any member of the University community may bring an alleged violation of University policy to the attention of the Director of CHECS or a designated judicial officer for review. Formal action requires evidence and/or testimony by the person referring the case.

Allegations must be filed with Director of CHECS or a designated judicial officer in writing, within ten (10) business days of the occurrence or the discovery of the alleged infraction(s) excluding weekends, official University holidays, and Winter and Spring Breaks. The complaint should contain a clear, concise and complete written statement of the allegations of infractions(s).

Individuals filing cases that cite physical abuse, conduct that threatens or endangers members of the community, harassment, intimidation or hazing may file a written appeal for an extension of the ten-day filing period. Such appeals should be submitted to the Director of CHECS. Appeals may be made up to one major semester (fall or spring) after the date of discovery of the alleged incident.

The University Judicial System is supported by a network of University community representatives who comprise the University Committee for Student Discipline and are appointed as members of Hearing Panels, Honor Councils, Honor Councils/Hearing Panels and Sexual Misconduct Hearing Panels, as necessary. These individuals have been trained in judicial procedures and are knowledgeable about university policies and judicial system precedent.

D. Academic Violations of the Honor Code

For specific information regarding academic violations of the Honor Code, please refer to the Honor System section of this handbook.

E. Student Code of Conduct/Non-Academic Honor Code Violations

Should an alleged violation of University policy occur, an incident report will be completed and submitted to CHECS. These violations may include, but are not limited to, violations of the Student Code of Conduct, violations of residence life policy, violations of sections of the Student Handbook (for example, the Computer Usage Policy or the Hazing Policy) and violations of the Honor Code. Students listed on the incident report and alleged to have violated policy will be notified in writing of the charges stemming from the allegation(s). This form of notification is typically referred to as a *Charge Notice*.

Students notified of an allegation of wrongdoing must contact CHECS to schedule an Initial Conference to discuss the allegation(s). The Initial Conference is an informal, preliminary step conducted by a designated judicial officer which will provide the student with the opportunity to respond to the allegation(s). During this Initial Conference students are invited to discuss and review the alleged misconduct, and are encouraged to ask questions concerning the University judicial process. At the Initial Conference, which is a conversation between the designated judicial officer(s) and the responding student, the student is expected to present their perspective regarding the incident in question.

The student may accept responsibility for the allegation(s) outlined in the Charge Notice. If this occurs, the judicial officer may, after talking with all necessary parties, assign appropriate sanctions based on the information received and judicial history, if any.

The student may also deny the allegation(s) outlined in the Charge Notice and provide any information he/she deems appropriate. Sanction decisions, if appropriate, will not be rendered until the judicial officer has completed an investigation of the incident, to include talking with all necessary parties. At the conclusion of the investigation the judicial officer will determine if a violation has occurred and will make sanction decisions, if necessary.

Whether a student admits responsibility or is believed to be responsible for the allegation(s) outlined in the Charge Notice, should the appropriate sanction, based on the severity of the violation and/or the student's judicial history, be suspension or dismissal from the University, an Honor Council or Hearing Panel may be convened to hear the case. The judicial officer may choose to forward a case to the Honor Council or Hearing Panel to determine if a violation of policy has occurred and for this body to recommend sanctions.

If a student fails to respond to the Charge Notice and/or appear at the Initial Conference, all charges will be considered true, an additional charge of Failure to Comply may be added and the appropriate sanctions will apply.

Should a student be found responsible for a violation, he/she may appeal the decision, in writing, to the Director of CHECS within five business days of the initial decision. This appeal must

demonstrate a violation of due process occurred or new information exists that was not available at the time of the initial conference which should be considered.

F. University Committee for Student Discipline (UCSD)

The University Committee for Student Discipline (UCSD) will be comprised of members of the University community to include faculty and students.

Faculty: Faculty from the College of Arts & Humanities, the College of Natural & Behavioral Science, and the College of Social Sciences will be appointed by the respective Academic Dean in consultation with the Dean of Students and the Faculty Senate.

Students: Representatives from the student body will be nominated by appropriate university constituencies, to include students, faculty, and staff, and will be appointed by the Dean of Students in consultation with the Academic Deans. Additionally, students from computer science and computer engineering may be appointed to help address issues related to computer violations.

The UCSD consists of three subcommittees, which are Honor Councils, Hearing Panels, and the Honor Council/Hearing Panels.

Honor Councils will be convened as necessary to hear allegations of Honor System violations that are independent of Student Code of Conduct violations. When convened, this body will be called an Honor Council. Honor Councils hearing non-academic allegations of the Honor System will be comprised of students from the UCSD. Honor Councils hearing academic violations of the Honor System will be comprised of faculty and students from the UCSD.

Hearing Panels will be convened as necessary to hear allegations of Student Code of Conduct violations. When convened, this body of students will be called a Hearing Panel. When convened to hear allegations of sexual misconduct, this body will be called a Sexual Misconduct Hearing Panel (SMHP). SMHP will be comprised of students and faculty from the UCSD.

Honor Council/Hearing Panels will be convened when an alleged violation of community standards occurs in the Honor System and the Student Code of Conduct during the same incident. Honor Council/Hearing Panels involving non-academic honor code violations will be comprised of students from the UCSD.

Any UCSD subcommittee convened because of allegations of computer misuse may include at least one computer science or computer engineering student. A faculty member from the College of Natural & Behavioral Sciences and/or a staff member having a significant technical background in computing may be called in for consultation.

Composition of the UCSD subcommittees shall be no less than five members drawn from the UCSD, with the exception of the Sexual Misconduct Review Panel (SMRP) or the Sexual Misconduct Hearing Panel. If the situation warrants, a subcommittee may contain less than five members when the student respondent waives his/her right to a five-member panel. The Chair, who is appointed by the Chief Judicial Officer, has the authority to conduct the hearing and will

subsequently notify the Chief Judicial Officer of any decisions. All members have voting privileges except as noted for Sexual Misconduct Hearing Panels. An advisor to the UCSD may also be present in the room during the Hearing Panel or Honor Council as a non-voting member. The role of the UCSD advisor is to ensure fairness and due process for all parties. The UCSD advisor may answer any questions from the respondent, the judicial officer, or the board about the judicial process. The UCSD advisor will keep the proceedings and deliberations focused on issues relevant to the judicial process. This UCSD advisor is separate from the advisor for the accused student.

The final decision of findings of fact by a Hearing Panel will be determined by a simple majority vote. The final decision of findings of fact by an Honor Council must be unanimous. A Panel/Council decision will be determined by a majority for the Student Code of Conduct violation and unanimity for the Honor System violation.

UCSD subcommittees will usually only convene during the Fall and Spring semester. During summer or inter-session written appeals resulting from an Initial Conference will typically be reviewed and decided upon by the Director of the CHECS. During summer or inter-session, a Special Panel may be convened to hear serious allegations that should be addressed prior to the start of the upcoming semester. The Special Panel will consist of one faculty member from the UCSD, one student from the UCSD, and one administrator trained in judicial procedures. When an administrator is unavailable, a member of the Center for Honor Enrichment & Community Standards not directly involved in the investigation may assume this role.

G. UCSD Subcommittee Procedure

UCSD Subcommittees will be convened at the request of a designated judicial officer. They may also be requested by the respondent as a review of findings of fact or sanction decision, when the sanctioning decision is suspension or dismissal. Review requests are submitted in writing to a designated judicial officer.

1. A date, time and place of the hearing shall be determined with notification given to all parties. Every effort shall be made to schedule this hearing within two weeks of the date of notification, although it shall not be scheduled less than five (5) days from the date of notification, except by mutual agreement of the judicial officer and the respondent.
2. The judicial officer must notify the respondent in writing of the complaint and the allegations that have been filed along with the information outlined in number one above.
3. All hearings will be closed to the public unless both parties agree in writing not less than 24 hours in advance that a hearing will be open. The UCSD subcommittee reserves the right to limit the number of observers at an open hearing.
4. In a hearing the standard of proof shall be preponderance of the evidence.

5. Witnesses may be called by the parties and/or by members of the UCSD. Witnesses must be an event witness. Clarification of an event witness can be directed to the Director of the Center for Honor Enrichment and Community Standards. The UCSD subcommittee may, by majority vote, limit the number of witnesses for reasons of redundancy or irrelevancy.
6. Character references may only be reviewed or heard, if applicable, during the sanctioning phase of the hearing. The UCSD subcommittee may, by majority vote, limit the number of character references for reasons of redundancy and/or relevancy.
7. Both parties and UCSD members will have the right to question witnesses as necessary.
8. All hearings shall be recorded and the notice, exhibits, taped or stenographic records, and findings of fact shall be filed with the Director of CHECS. Unauthorized recording in any medium is not permitted without prior written permission.
9. In cases involving more than one student, the UCSD subcommittee may hear the case as one, but shall make separate findings of fact for each student.
10. In closed session, the UCSD subcommittee, after deliberation, will decide by the preponderance of the evidence standard, whether the respondent has or has not violated the University policy defined.
11. If a respondent is found to have violated University policy, the UCSD subcommittee will decide on appropriate sanctions. This determination, in the form of a recommendation, will be forwarded to the Director of CHECS, along with their findings of fact.
12. Final determination of the sanctions rests with the Director of CHECS. Respondents will be notified in writing of the decision within ten (10) business days of the proceedings.
13. Individuals wishing to appeal the decision may do so only if there has been a violation of due process or if there is new evidence, not available at the time the decision was rendered, to be presented.
14. A request for an appeal from a UCSD subcommittee decision must be made in writing to the Dean of Students within five (5) business days of notification.

H. Sexual Misconduct Hearing Panel Procedure

Upon receipt of an incident report alleging a form of sexual misconduct, the following process will be utilized.

1. A University judicial officer from CHECS will investigate the allegations and collect pertinent information. The investigation may include interviews with different parties as well as reviewing physical evidence, if any.

2. Upon completion of the investigation the judicial officer will present his/her findings to a Sexual Misconduct Review Panel (SMRP) for consideration. The SMRP will consist of three members, two of whom are UCSD faculty and one of whom is a UCSD student. One of the faculty members will coordinate the SMRP meeting. Each member of the SMRP must have participated in training specific to sexual misconduct issues.
3. The SMRP will make decisions by a majority vote.
 - a) Upon hearing the presentation of the evidence collected by the judicial officer, using the preponderance of evidence standard, the SMRP will determine if the evidence presented warrants a Sexual Misconduct Hearing Panel (SMHP). Based on this preponderance of evidence standard the SMRP will make a recommendation, in writing, to the judicial officer to convene an SMHP or pursue other judicial actions.
 - b) The SMRP must consider each charge presented to the accused student and decide which charges, if any, warrant further review. Included in their recommendation will be the specific charges to be reviewed by the SMHP or other hearing panels. If the SMRP does not believe a violation of the sexual misconduct policy has occurred but other violations have occurred, they may recommend to the judicial officer that a Hearing Panel, Honor Council or Honor Council/Hearing Panel be convened or that the judicial officer resolve the issues.
 - c) Should the SMRP recommend a sexual misconduct hearing is warranted, they may include in their written recommendation a list of witnesses they believe the SMHP should hear. The respondent and/or the alleged victim may appeal to the Director of CHECS for the admittance of additional witnesses. This appeal must be in writing and should be received in CHECS within 72 hours of the notification of the witness list. The appeal must articulate why a particular witness is pertinent to the case being heard.
 - d) Should the SMRP recommend a hearing is not warranted, they will communicate this decision, in writing, to the judicial officer. The judicial officer will notify the respondent and the alleged victim of the SMRP's decision within three (3) business days of receipt of the decision. The respondent and alleged victim may appeal this SMRP decision to the Director of CHECS within five (5) business days. The appeal should include, at a minimum, any new information to be considered. Additionally, if the respondent or alleged victim believes a procedural error occurred, this should be included in the appeal.
 - e) The Director of CHECS may elect to review the appeal or remand the case to the SMRP for further study. The Director of CHECS must make a decision regarding the appeal within five (5) business days of receipt of the appeal letter.
4. The judicial officer must act on the recommendation of the SMRP within three (3) business days of receipt of the recommendation. Action must include one of the following:
 - a) Initiate the convening of the SMHP or
 - b) Pursue other judicial action, including the convening of a UCSD Hearing Panel or Honor Council/Hearing Panel, if necessary or
 - c) Determine that insufficient evidence exists to pursue further judicial action.
5. The members serving on the SMRP are ineligible to serve on the SMHP for the case they have reviewed.

6. Members serving on an SMHP must have participated in training specific to sexual misconduct issues.
7. SMHPs will consist of four members, one of whom is a UCSD faculty member and two of whom are UCSD students. The SMHP will be managed by the fourth member, either a specially trained university administrator or a non-investigating judicial officer from CHECS.
8. The role of the investigating judicial officer, who is present throughout the hearing, is to present the evidence he/she has shared with the SMRP. He/she may also share additional information uncovered since the SMRP was convened. He/she may respond to questions from any of the participants in the process with the exception of the advisor, who is ineligible to pose questions.
9. During an SMHP, the respondent and the alleged victim may select an assistant from a group of students who have been trained for this role. Assistants serve as guides through the judicial process and may help their student prepare for the hearing, present information, develop and/or ask questions and help articulate their responses. Assistants do not assume prosecutorial or defense roles and as such do not argue for or against the student with whom they work.
10. Students electing not to utilize an assistant may choose another individual to serve as an advisor during the hearing. The role of the advisor is to counsel their advisee. As a result, they may not present information, ask questions, or speak on behalf of their advisee.
11. The student filing the accusation may choose to be present throughout the entire hearing or to be present for a portion of the hearing. The student may elect to present opening and closing statements and ask questions in addition to providing testimony. If the alleged victim prefers to participate from behind a screen, the institution will provide one.
12. The format for a sexual misconduct hearing will reflect all other hearing formats except as outlined within this document. This means opening and closing statements should be given, respondents and witnesses are expected to share their perspective on the events in question, and panel members are expected to ask questions and review the information received.
13. Upon hearing all of the evidence, the three-member SMHP will privately deliberate. The managing administrator or non-investigative judicial officer will not participate in deliberations but may serve as a resource to the SMHP. A majority of the remaining three panelists must decide the facts of the case based on the preponderance of the evidence standard.
14. The findings of the SMHP, and any associated recommended sanctions, must be communicated to the Director of CHECS within five (5) business days of the conclusion of the hearing.

15. The Director of CHECS will communicate the results of the SMHP to the respondent and the alleged victim within five (5) business days of receipt of the SMHP decisions.
16. Should the respondent be found responsible for a violation of University policy, he or she may appeal to the Dean of Students, in writing, no later than five (5) days from the date of the finding letter from the Director of CHECS. This appeal must be based on due process violations or new information unavailable to the SMHP at the time their decision was rendered.
17. Should the alleged victim wish to appeal the decisions of the SMHP, he or she may appeal to the Dean of Students, in writing, no later than five (5) days from receipt of the finding letter from the Director of CHECS. This appeal must be based on procedural errors or new information unavailable to the SMHP at the time their decision was rendered.
18. The Dean of Students may elect to review the case and render alternative decisions, remand the case to the SMHP or decline a review of the case at which point the decisions of the SMHP will stand.

The decision of the Dean of Students is final.

The Title IX Coordinator will be presented information about the case so that Title IX guidelines are maintained.

I. Provisions for Due Process

Within the formal UCSD hearing process, a student who is alleged to have violated University policy is entitled to certain procedural guarantees to insure a fair resolution. These procedural guarantees also apply to student organizations engaged in the formal UCSD hearing process.

1. The student will be provided with a written statement of charges in advance of the hearing so as to allow the student time to prepare a response. In addition, the student, upon written request will be given the opportunity for advance inspection of any statements or exhibits the judicial officer intends to submit at the hearing. Students may also request, in writing, the anticipated list of witnesses.
2. Students are expected to present an explanation of their situation at the hearing and may ask individuals to present information on their behalf (e.g. witnesses). Should the respondent fail to appear at the scheduled time and place, the hearing will be held in his/her absence.
3. To assist in preparation for the UCSD, a student may choose an advisor to be present during the hearing. The role of the advisor is to "advise" and as such is limited to conferring with the advisee only. Advisors shall not participate orally at any point during the hearing.
4. Prior to a hearing, the student may challenge the objectivity of any one panel member assigned to their case given reasonable cause to believe that the member may be biased or have a conflict of interest. This challenge must be presented to the Director of CHECS, in writing, at least 48 hours prior to the scheduled hearing date. The student must articulate the reason for

potential bias or conflict of interest in order for the Director to consider the challenge. Should the Director uphold the challenge, replacements to the board may only be made when time permits.

5. The findings of the hearing will be based solely on information provided during the hearing.
6. Receipt of written notification of the findings of the hearing will be within ten (10) business days of the proceedings, unless otherwise specified.
7. Following the proceedings, the student may appeal the decision only if there is an alleged violation of due process or new evidence to be presented. Appeals must be submitted within five (5) business days of receipt of notification.

J. Judicial Appeals

An *appeal* is defined as a request for review of the original case. This may involve a review of the judicial decision as recorded on paper, a new hearing, or other procedures such as those described below. The burden is on the appealing student to demonstrate why the findings should be altered.

Students who violate the Student Code of Conduct or the Honor System may appeal their case to the Dean of Students. Appeals may be based only on the following grounds: (1) denial of due process; (2) significant and relevant new evidence that was not available at the time of the hearing. Appeal requests will be denied in cases not having sufficient grounds.

A written request for an appeal, stating the specific grounds upon which the appeal is based, must be received from the student by the end of the fifth business day following written notification of the original decision regarding the case. Appeals submitted after the fifth day may not be accepted.

The Dean of Students will review the appeal request and may choose to review the entire record of the case. The Dean of Students may also meet with the student, panel members and/or members of the CHECS staff to discuss the appeal. After reviewing the appeal request and, if necessary, the entire record of the case, the Dean of Students may take any of the following actions:

1. Alter or sustain the original finding or sanction.
2. Refer the case to the Director of CHECS and request that a hearing be convened.

The action of the Dean of Students will be communicated to the student in writing. This decision is the final step in the formal appeal process.

SECTION III

University Sanctions

A. University Sanctions

The sanctions listed below may be imposed upon a student or student organization for a violation of University policy. Generally speaking, judicial sanctions and academic remedies are cumulative in nature. In situations where multiple incidents occur over a short period of time, judicial hearings are generally scheduled in chronological order according to the date of the incident and all judicial records are considered when determining an appropriate sanction.

1. *Academic Dismissal*: Separation of the student from the University with the expectation that the separation is permanent. Academic Dismissal will be noted on the transcript.
2. *Academic Suspension*: Separation of the student from the University for a defined period of time, after which the student is eligible to return. Conditions for readmission may be specified. Academic Suspension will be noted on the transcript. Students on academic suspension are not allowed on campus during the suspension period without permission. Those needing resources to assist in their academic success are encouraged to seek out that permission. Academic credits for courses taken at other institutions while on suspension are not transferrable to Christopher Newport University.
3. *Deferred Housing Registration and Selection*: Students found in violation of University policy may have their housing registration and selection privilege restricted. Such a sanction means that the student will not be permitted to participate in the housing registration and selection process until all other returning residential students have made their selections.
4. *Deferred Sanction*: In some cases, a sanction of suspension or dismissal may be held in abeyance for a specified period. This means that, should the student be found in violation of any University policies during the stated period, he or she may be subject to the deferred sanction without further review in addition to the disciplinary action appropriate to the new violation.
5. *Disciplinary Dismissal*: Separation of the student from the University with the expectation that the separation will be permanent. Disciplinary Dismissal will be noted on the transcript.
6. *Disciplinary Suspension*: Separation of the student from the University for a defined period of time, after which the student is eligible to return. Conditions for readmission may be specified. Disciplinary Suspension will be noted on the transcript. During the period of suspension the student is not allowed on property owned or operated by the University or at University sponsored events without permission. Those needing resources to assist in their academic success are encouraged to seek out that permission. Academic credits for courses taken at other institutions while on suspension are not transferrable to Christopher Newport University.
7. *Disciplinary Probation*: This action is given for a stated period of time. A student's further misconduct during this period of time may lead to suspension or dismissal. A student on such

probation may remain at the University only upon condition that the student complies with regulations imposed as a condition of the student's probation.

During the period of interim suspension the student may be denied access to the campus and/or be excluded from a class or all classes and denied all other University activities or privileges for which the student might normally be eligible.

The University also retains the authority to impose an immediate restriction from campus pending medical intervention, should a student be deemed a threat to him/herself or if the student's behavior disrupts the health and welfare of those in the community. A return to the University community may be contingent upon a medical release. For specific policies related to medical interventions please contact the Dean of Students.

C. University Judicial Records

Disciplinary sanctions other than suspension or dismissal shall not be made a part of the student's academic record but shall become part of the student's personal record. Cases involving suspension or dismissal shall permanently remain in a student's personal record and a permanent notation may be made on the student's academic record. Cases involving the imposition of all other sanctions may be expunged from the student's personal record three (3) years after the file is closed, upon request of the student. In very limited instances, a student's personal record that does not include a suspension or dismissal may be expunged at the discretion of the Dean of Students upon graduation of the student.

SECTION IV CAMPUS LIFE

Campus life is an integral part of any student's college experience. Students can get involved throughout the campus in numerous activities, pursuing their interests and developing relationships with their classmates, the faculty and staff as well as other members of the campus community. Students are encouraged to seek out opportunities that complement and enhance their academic pursuits. These co-curricular opportunities connect classroom learning to out of classroom experiences, promote growth and development, and facilitate greater involvement with the community at large. Student Affairs, comprised of professionals in the areas of Orientation, Student Engagement, the Center for Honor Enrichment & Community Standard (CHECS), Residence Life, Student Activities (which includes Greek Life and Diversity Initiatives), and Disability Support Services, works collaboratively to support and promote campus life by providing enrichment, excitement, and involvement activities.

SECTION IV – PART I Student Group Recognition, Privileges and Guidelines

A. University Recognition of Student Organizations

Recognition of an organization implies neither University approval nor disapproval of the aims, objectives and policies of the organization. Membership in recognized student organizations shall be open to all qualified matriculated students. The University will not recognize organizations that deny membership on the basis of race, color, age, religion, national origin, veteran status, handicap, sexual orientation or gender except as permitted by law (e.g. social fraternities and sororities). Honorary and professional organizations may restrict their membership on the basis of clearly established and published criteria that have been approved as a part of the recognition process.

Requests for University recognition are accepted on a rolling basis throughout the year beginning on/after September 1. A group seeking recognition as an established student organization will submit the following to the Office of Student Activities:

1. a recognition application
2. an organization constitution meeting University standards
3. an advisor contract signed by a member of the faculty or administrative staff at CNU
4. an initial list of ten CNU students interested in membership.¹

A requesting group will be given temporary status (up to one semester) while it completes the required elements of recognition. While completing the recognition requirements, a student organization may be granted meeting and posting privileges upon approval of the Director of Student Activities.

Organizations requesting recognition must attend 1) a new student organization orientation program, 2) a session on student organization financial guidelines, and 3) an organization review meeting with the Student Assembly. The program schedule is available in the Office of Student Activities.

¹ The membership interest number requirement is reviewable if special conditions are present.

Failure to attend the recognition programs/sessions will result in the request being removed from consideration. Request may be re-submitted the following semester under the same requirements. Information and forms about the student organization recognition process can be found online at www.cnu.edu/studentactivities/clubs/cstudents.asp.

All recognized organizations are required to have a full-time member of the faculty or administrative staff serve as an advisor. If the advisor resigns, the organization is responsible for locating a new advisor within a reasonable period of time. By special permission, an organization may secure an advisor from outside the University.

All changes and amendments to any organization's constitution or by-laws must be submitted to the Office of Student Activities. Where there is affiliation with an external organization, that organization's constitution and bylaws should be on file with the Office of Student Activities in addition to any local governing documents.

An updated Club and Organization Registration Form should be submitted annually to the Office of Student Activities and anytime there is a change in officer(s) or advisor(s). For communication purposes, make sure a current form, with accurate officer contact information, is on file at the beginning of each semester.

Information regarding student organizations (including an updated list of all student organizations) is maintained by the Office of Student Activities and may be found at <http://studentactivities.cnu.edu>. Questions can be directed to the Office of Student Activities, DSU 330, osa@cnu.edu, 594-7260.

The following guidelines are established to help ensure meaningful experiences for members of the CNU Greek community as well as the entire campus population. These policies and guidelines apply to the Greek letter organizations affiliated with the North American Interfraternity Conference (NIC), the National Panhellenic Conference (NPC), the National Pan-Hellenic Council (NPHC), and similar nationally recognized representative bodies. **NOTE:** All recognized student organizations that utilize Greek letters for name and/or designation are expected to adhere to all student organization and University guidelines and policies. Chapter advisors will work closely with the Associate Director of Student Activities to assist in the growth and development of the Greek community.
4. Students interested in establishing a new Greek letter organizations must contact the Associate Director of Student Activities. Recognition will only be granted to new fraternities and sororities that follow the prescribed expansion process as outlined by the governing bodies and the Office Student Activities.

E. Organization Funding

Allocating student money is an important task undertaken by many different members of the university community. In some way, the Board of Visitors, key administrators, and the Student Assembly leaders all play a role in this process. Each of these groups operates under guiding principles as they determine how to allocate money collected from the students' activities fees. The allocation of student activities funds is an important role undertaken by and granted to select students and some administrators who work directly with clubs and organizations to foster a vibrant student life on campus. Funding decisions are made in an effort to positively impact the entire campus community. Each year the Student Assembly Appropriations Committee establishes funds from which student organizations and clubs may request financial support. Each fund has distinct guidelines that the allocating bodies will follow to disperse monies appropriately. These funds are the *Front End Budgeted Fund (FEB)* and the *Small Grant Fund (SGF)*.

NOTE: Students attending professional and academic conferences are able to request funding through the *Conference Fund (CF)*.

Additional information about funding for student clubs and organizations, the Student Assembly Appropriations Committee, and the format, timelines and eligibility for requesting financial support from the different funds can be found in the *Student Organization Handbook* and *Guide for Managing Campus Accounts Handbook*.

Intoxication or ignorance of the law does not release an individual from that responsibility. Violations of University policy occurring under such circumstances will be treated as any other violation. Violations of state law also may be referred to the University Police. All referrals are investigated by University Police. The investigation may result in the arrest or the issuance of a

criminal uniform summons and require the student to appear in criminal court. Any student found in violation of State law or University policy related to alcohol or alcohol consumption may be subject to parental notification.

F. Controlled Substances

Christopher Newport University is committed to protecting the health, safety and welfare of the citizens it serves by assuring that a drug-free culture is maintained, enabling the mission and goals of the University to be obtained in a drug-free environment. In compliance with this commitment, the federal Drug-Free Work-Place Act of 1988 and the Drug-Free Schools and Communities Act of 1989, every member of the University community is encouraged to be familiar with the Code of Virginia and University policies as they relate to controlled substances.

G. Summary of Virginia Controlled Substance Laws, Regulations and Penalties

The following is a summation of statutes governing the Commonwealth of Virginia relative to controlled substances. The Code of Virginia classifies criminal offenses in §18.2-9, for the purpose of punishment and sentencing. The Code identifies six classes of felonies, which are the most serious criminal acts and which result in the most severe sanctions. The punishment for a felony violation can range from a term of imprisonment no less than one year (class 6) up to death (class 1). Misdemeanor violations are categorized into four classes. The most serious misdemeanor (class 1) is punishable by a term in jail of up to one year and a fine of up to \$2,500. Class 1 misdemeanor offenses include general assault, driving under the influence of alcohol or drugs (first offense), shoplifting, disorderly conduct, manufacture of a false identification, hazing, larceny under \$200, stalking, receiving stolen property, placing threatening telephone calls, trespassing and others.

Manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give or distribute a controlled substance or imitation controlled substance is a class 6 felony and is prohibited by the Code of Virginia and University policy. Persons in violation of this statute where the controlled substance is classified as Schedule I or Schedule II, upon conviction, may face imprisonment for not less than five years nor more than 40 years and may be fined not more than \$500,000. Second or subsequent convictions may lead to imprisonment for not less than five years up to life and a fine of not more than \$500,000. Persons in violation of this statute where the substance is classified in Schedules III, IV, or V or is an imitation controlled substance, if convicted, shall be guilty of a Class 1 misdemeanor.

It is unlawful for any person to sell, give, distribute, or possess with intent to sell, give, or distribute marijuana. Those persons convicted of violating this statute with not more than one-half ounce of marijuana are guilty of a Class 1 misdemeanor. Those with more than one-half ounce, but not more than five pounds, if convicted, are guilty of a class 5 felony punishable by imprisonment of not less than five years no more than 30 years. Any person who manufactures or possesses marijuana with the intent to manufacture such substance not for his own use, if convicted, is guilty of a felony punishable by imprisonment of not less than five or more than 30 years and a fine of not more than \$10,000.

It is illegal for any person to knowingly or intentionally possess marijuana unless the substance is obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in

the course of his/her professional practice or except as otherwise authorized by the Drug Control Act. Persons in violation of this statute shall be guilty of a misdemeanor and be confined to jail not more than thirty days and a fine of not more than \$500, either or both. Persons, upon second or subsequent violations, shall be guilty of a Class 1 misdemeanor.

It is illegal to operate a motor vehicle, engine, or train while under the influence of alcohol, controlled substance, or other intoxicants. Persons suspected of being under the influence may be required to submit to tests to determine the alcohol and/or drug level of his/her blood. Failure to submit to the test may result in revocation of driving privileges.

Personal property used in the commission of a crime related to possession, use, sale, distribution, or manufacture of controlled substances might be confiscated by law enforcement officials.

H. Policy

The unlawful manufacture, possession, use or distribution of illicit drugs and controlled substance and the unlawful possession, use, or distribution of alcohol on Christopher Newport University property is prohibited. Students found responsible for possessing, using, distributing, or selling controlled substances will face serious disciplinary action, which may include suspension or dismissal from the University for a first offense.

I. Education

Throughout the year, CNU provides a variety of educational programs designed to increase student, staff and faculty awareness and knowledge about alcohol and other controlled substances. Most of these programs are offered free of charge and are open to members of the University community as well as the greater community.

J. Accountability

Members of the University community who decide to manufacture, possess, distribute or use illicit drugs and controlled substances are reminded that they are personally responsible for their conduct under all circumstances. Ignorance of the law does not release an individual from that responsibility. Violations of University policy occurring under such circumstances will be treated as any other violation. Violations of state law will be referred to the University Police.

University Police will conduct a criminal investigation. In the event that probable cause exists, the student may be arrested or issued a criminal uniform summons. Any student found in violation of State or University policy related to controlled substances may be subject to parental notification.

SECTION IV – PART VII

Freedom of Expression

Universities occupy a unique place in our society. They are institutions of higher learning dedicated to the discovery and dissemination of knowledge and, in that capacity, they assign a high priority to the freedom of speech. At the same time, public colleges are governmental entities and they must balance that important freedom with other legitimate goals and objectives, including the maintenance of a safe, lawful, and orderly environment.

As an instrumentality of the Commonwealth of Virginia, Christopher Newport University is committed to its constitutional obligations to respect rights of expression. As an institution of higher learning, the University embraces academic freedom and the open exchange of diverse ideas, and is committed to its priority educational objectives of teaching, learning, and student success. Finally, as an institution accessible to the public, the University does not intend to restrict the exercise of these rights by members of the University Community (currently registered and enrolled students, University faculty, and University staff members). However, all members of the University community share a responsibility to respect conditions that preserve the freedom to learn.

1. Unlawful Expression

The University does not permit expression that is not protected by law. Such expression includes, but is not limited to, defamation, incitement to unlawful conduct, imminent threats of actual violence or harm, obscenity, fighting words, copyright or trademark violation, criminal or civil harassment, sexual harassment, trespass, and false advertising.

2. Maintaining Orderly Operations

No person may engage in expressive conduct that has the effect of disrupting or preventing the orderly conduct of the University mission, program, function, or activity. This includes, but is not limited to, the following: (1) blocking the legitimate activity of any person on the University campus or in any University building; (2) constituting or inciting a violation of law; (3) impeding; (4) blocking the flow of pedestrian or vehicular traffic; and (5) conduct likely leading to an unsafe or unhealthy condition.

3. Distribution of Literature

Persons wishing to arrange booths or tables for distribution of literature explaining their point of view may do so in areas designated for those purposes. Reservation of booths or tables may be arranged with the Scheduling Office by calling (757) 594-7018.

4. **Speech and Assembly**

Individuals and organizations wishing to exercise their freedom of speech or “the right of the People peaceably to assemble,” must register with the Dean of Students at least 24 hours in advance. Standard space reservation procedures must be followed. If notice is given less than 24 hours in advance, the university will make every effort to grant such a request provided that safety and security issues and logistical concerns can be appropriately addressed.

The location of the assembly will be determined by University Officials in consultation with the organizers and will be based on safety and security concerns.

It is not the intent of this policy to censor or otherwise limit free expression. However, assemblies should be peaceable, orderly and comply with University standards of conduct.

SECTION IV – PART VIII Harassment

Harassment of all kinds that is directed at an individual is reprehensible and will not be tolerated by the University. Such behavior subverts the mission of the University and threatens the careers, educational experiences, and well being of all members of the community. When, through fear of reprisal, a student, faculty member, or staff member tolerates such behaviors, the University’s ability to carry out its mission is undermined. For more specific information, please see Section II, 15 of the University Handbook.

SECTION IV – IX Hazing

Hazing is a criminal offense in the Commonwealth of Virginia. Hazing is a serious violation of University policy and is prohibited in all forms. This policy is based upon the proposition that students are entitled to be treated with consideration and respect at all times. It applies to all student organizations and individuals. Concurrently, the NCAA, North American Interfraternity Conference, the National Panhellenic Conference and the National Pan-Hellenic Council state unequivocally that hazing has no place in the collegiate organizations they govern. In determining whether a specific behavior violates the hazing policy, consideration will be given to the behavior’s relationship to the University’s mission and purpose.

Hazing is defined as any mental or physical requirement, request, or obligation placed upon any person which could cause discomfort, pain, fright, disgrace, injury, or which is personally degrading, or which violates any federal, state, local statute or University policy, the willingness of an individual to participate in such activity notwithstanding. Examples include, but are not limited to, tests of endurance, any brutality of a physical nature, such as whipping, beating, branding, forced or encouraged calisthenics, exposure to the elements, forced or encouraged consumption of any food, liquor, drug, or other substance; exposure of members or prospective members to potentially dangerous or hazardous circumstances; activities that have a foreseeable potential for resulting in personal injury, such as drop-offs, or any activity which by its nature is so profound that it would have

a potential to cause severe mental anxiety or distress, such as sleep deprivation, forced or encouraged exclusion from social contact, forced or encouraged conduct which could result in extreme embarrassment, panic, degradation, or any other forced or encouraged activity which could adversely affect the mental health or dignity of the student.

The officers, principally the president or chairperson of each organization, are responsible for informing members and prospective members of this hazing policy each semester. The Office of Student Activities and the Center for Honor Enrichment & Community Standards are excellent resources regarding hazing behavior and prevention. Violations of the hazing policy should be reported to the Center for Honor Enrichment & Community Standards.

SECTION IV – PART X

Sexual Misconduct

Christopher Newport University is a community of trust and respect whose existence depends on strict adherence to standards of conduct set by and for its members. CNU recognizes its obligation to uphold the laws and standards of the community of which it is a part. Sexual misconduct is a serious violation of these standards and will not be tolerated. Punishable by both civil and criminal legal action, sexual misconduct is a serious violation of University policy. The University Judicial System adjudicates, typically at the request of the complainant, all cases involving sexual misconduct where the accused is a Christopher Newport University student. CNU encourages all complainants to prosecute to the full extent of the law.

Sexual misconduct in the Student Code of Conduct is defined as a violation of the abusive conduct policy (*refer to Section II-PART II, A. 1.*). Depending on the circumstances of the case, students who are found in violation of the abusive conduct policy may receive sanctions, which include suspension or dismissal from the University.

A. Resources

The following are available to complainants:

1. University Health and Wellness Services
2. The Office of Counseling Services
3. The Center for Honor Enrichment & Community Standards
4. Director of Equal Opportunity and Faculty Recruitment
5. Dean of Students
6. University Police

Students who feel they have been a victim of a sexual assault should first seek appropriate medical attention as soon as possible. Every effort should be made to find the emotional support necessary. Physical and other medical evidence should be collected even if the student has not yet decided what, if any, course of action will be taken against the alleged assailant. Students can go to Riverside Hospital, located on J. Clyde Morris Boulevard, for medical assistance.

B. Judicial Action

Students who feel they have been sexually assaulted have several legal options to explore. Within the University community, survivors are encouraged to complete an incident report. The student filing the complaint should be willing to testify at all judicial proceedings. A complete review of the University judicial process can be found in Section II under the heading “The University Judicial System.” Specific information can be found under the heading “Sexual Misconduct Hearing Panel.”

Civil and criminal action may also be taken through the appropriate court system. Initiating criminal or civil action against the accused does not preclude the complainant from pursuing University judicial action.

SECTION IV – PART XI Wheeled Transportation

It is Christopher Newport University’s goal to provide regulations for a safe and convenient environment for bicycles and other wheeled transportation, including but not limited to, skateboards, in-line skates, scooters and motorized carts, while at the same time providing for the safety of all members of the campus community.

Operators are required to operate at speeds that are prudent and reasonable under existing conditions. No person is allowed to operate any wheeled transportation (excluding assistive devices) inside any building or on any pedestrian ramp. In any circumstance, anyone using a form of wheeled transportation must yield the right of way to pedestrians. In addition, the use of skateboards and in-line skates may be restricted in certain areas. Furthermore, no bicycle or other form of wheeled transportation shall be parked, stored or left standing inside stairwells, hallways, foyers or any other location that violates federal, state or local fire and safety regulations. Use of motorized scooters of any kind are prohibited on the CNU campus. Assistive devices are permitted.

SECTION IV – PART XII Movies and Television Copyrights

The purpose of this statement is to educate and outline options for CNU students and student organizations regarding the use of movies and television in programming events. Any showing of movies or television programs at CNU must abide by copyright laws and the following guidelines:

What is the law?

- The Federal Copyright Act (Title 17, U.S. Code) governs the use of copyrighted material, especially how that material is used publicly.
- It is illegal to *publicly* display movies and other copyrighted materials without permission (in the form of a license) from the copyright owners, who are usually the movie studios.
- **What is a “public performance”?** To perform copyrighted materials publicly is “to perform or display it at a place open to the public or *at any place where a substantial number of persons outside of a normal circle of a family and its social acquaintances is gathered.*” (1 Residence

Life Cinema. *Film and Copyright Infringement: An RA's Guide to Legal Movie Usage*. Swank Motion Pictures. St. Louis. 2005)

What is illegal according to copyright law?

- Playing a movie on DVD as part of a program, event or meeting, or playing it in a public place so that it fits the legal definition above, is illegal without a purchased license.
- This restriction also applies to programs recorded from a television to be shown later.

What is NOT illegal according to copyright law?

- Events that involve the viewing of television programs are fine.
- Other programs involving movies, so long as a license for public showing has been purchased.
- Showing the video in “face-to-face teaching activities” (section 110.1 of The Copyright Law) where the video is directly related to the class and an instructor is present.

Other Questions/Information

- **Can I watch DVDs and movies in my room?** Of course. Any movies owned by students (either purchased or recorded) are theirs for *private* viewing. It is perfectly acceptable to watch movies inside rooms/apartments alone or with friends. However, if a student or student organization have a large number of people, invite the entire membership of the club or promote the event on campus through any form of advertising it becomes a public performance.
- **Are the lounges in the residence halls “public” areas?** Yes, any movies shown in hall lobbies, floor study lounges, or areas like this are considered “public” areas. Even though many students still consider these areas part of their “home” while at CNU, only the individual rooms/apartments are considered “private” for the purposes of copyright law.
- **Is there an educational exception to copyright law?** Yes, but it is very narrow. In order to qualify for the exception, the material must be:
 - From a legitimate copy
 - Part of the course curriculum/syllabus
 - Shown by the instructor or the students
 - Shown in a classroom or place reserved for academic instruction
 - Shown at a non-profit institution
 - Shown only to teachers, students or relevant guests

ALL of the conditions mentioned above must be met to claim this exception.

If I advertise the movies without using the movie titles, do I violate copyright law? How a movie program is advertised does not affect whether or not a showing is “public” or provide protection from copyright law. Advertising a program as, for example, “Tom Cruise Night,” does not provide protection from copyright laws.

How to Obtain a Public Performance License

You can obtain a license by contacting the Office of Student Activities. A license does require a fee and those fees vary based on the particular video and the nature of your event.

SECTION IV – PART XIII

Medical Transportation

Emergency transportation to Riverside Hospital or a military hospital (for students with military benefits) should be via ambulance for safety reasons. Students without their own mode of transportation and unwilling to be transported by ambulance can request taxi service.

Students seeking transportation to or from a medical appointment or pharmacy are encouraged to use their own transportation, seek assistance from a roommate, suitemate or friend, or take a local bus or taxi service.

It is not usual or customary for employees of the University to provide transportation for students in need of medical assistance.

SECTION V

Academic Regulations Pertaining to Students with Disabilities

A. Introduction

1. Christopher Newport University's commitment to provide an environment where all students can pursue their educational goals includes students with disabilities. The Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and the Virginians with Disabilities Act make this commitment a legal imperative. In order to comply with these Acts, educational programs and services offered to other students must be accessible to students with disabilities.
2. A person meets the definition of disabled if the person has a physical or mental condition that substantially limits one or more major life activities. Conditions that may meet the criteria include but are not limited to the following: AIDS, arrested addictions, cancer, diabetes, dyslexia, epilepsy, emotional disorders, gastrointestinal disorders, head injury, hearing impairments, heart disease, learning disabilities, mobility impairments, muscular disorders, orthopedic impairments, visual impairments, neurological disorders, perceptual impairments, psychological disorders and speech impairments.
3. Reasonable accommodations must be made in instructional delivery and evaluation methods to ensure full educational opportunities. The means of achieving this goal are not simply a matter of individual faculty judgment. There is a body of knowledge related to the educational needs of students with disabilities that must be applied to individual cases. While students with disabilities may need special accommodations or learn in different ways, their differences do not imply inferior capacities. Students with disabilities must qualify on the same standards for admission, the same placement tests, and meet the same prerequisites as any other student. However, they may need reasonable accommodation in facilities, methods of presentation, and methods of testing and evaluation. Because individual majors, courses, and teaching styles interact differently with the strengths, disabilities, and compensating strategies of individual students, each situation may require a different approach.
4. Students with disabilities should contact the Dean of Students at 594-7160, well before the beginning of the semester. The disabling condition and accommodations are determined by a review of appropriate information. A student has the right to withhold disclosure, but the requirement for reasonable accommodation by the University begins at the time the student's need for accommodation is determined and is not retroactive.
5. In order to provide reasonable accommodation in the classroom, students are obligated to make their faculty members aware of their needs and the faculty members are obligated to accommodate reasonable needs. In order to enhance student awareness about services to students with disabilities, verbal announcements by instructors and statements in their syllabi are desirable means of encouraging students to reveal their disabilities. A statement such as the following is recommended:
If you believe that you have a disability, you should make an appointment to see the Dean of Students to discuss your needs. In order to receive an accommodation, your disability must be on record with the Dean of Students, who is located in the Student Affairs Suite on the 3rd

floor of the David Student Union (Telephone 594-7160).

Faculty members should not speculate about a disability or imply a belief that a disability is responsible for any aspect of the student's performance or behavior. The diagnosis of a student's disability will be clarified by the Dean through the process of determining needs and reasonable accommodations.

B. Rights and Responsibilities of Christopher Newport University

1. CNU has the right to identify the abilities, skills and knowledge necessary for success in its programs and to evaluate program participants on this basis.
2. CNU has the right to evaluate student performance against standards that are fundamental to its academic programs and courses.
3. CNU has the right to request and receive appropriate documentation supporting requests for accommodations. CNU has the right to require additional testing or other information to clarify or corroborate the information identifying a disability and suggested accommodations. CNU has no responsibility under the law to provide reasonable accommodation for a disability until the student has provided evidence of the existence of that disability and requested reasonable accommodation.
4. CNU has the right to refuse an accommodation that would fundamentally alter the quality of a student's academic program.
5. CNU has the responsibility to maintain academic standards that are fundamental to providing quality programs while ensuring the rights of individuals with disabilities.
6. CNU has the responsibility to make recruitment information and activities accessible (in both formats and facilities).
7. CNU has the responsibility to evaluate a student's performance in ways that accurately reflect his/her abilities, not the impact of a disability. However, in a limited number of cases, a disability may impact a student's performance in such a way that alternate evaluation will not overcome the disability. For example, a student may be required to perform an emergency medical procedure within a certain time period. A disability that would prevent students from meeting the time requirement would mean that the student should not be in the course.
8. CNU has the responsibility to adjust, substitute, or waive any academic requirements that unfairly discriminate against a student with a disability if they are not essential to the integrity of the student's academic program. The University does not waive the essential degree requirements of a liberal arts education.
9. CNU has the responsibility to ensure the privacy rights of students regarding their disabilities.

10. CNU has the responsibility to make reasonable accommodations for a student with a disability in the delivery, instructional method, and evaluation system of a course and should inform both its applicants and students about availability of services and accommodations.

C. Rights and Responsibilities of Students with Disabilities

1. Students with disabilities that substantially limit one or more major life activities have the right to reasonable accommodations. Accommodations may include, but are not limited to, modifications in course locations, testing procedures, instructional methodology, evaluation and access to University facilities, programs and services.
2. Students have a right to information. Information concerning procedures, facilities, possible accommodations, services or other aids should be readily available to students.
3. Students have a right to privacy. Students have a right to have the details concerning their disabilities maintained in a confidential manner. Documentation regarding the details of a disability will be maintained with the Dean of Students. Details of a disability will be provided to faculty only in rare circumstances.
4. Students have a right to participate in all University activities provided they can perform what are considered essential aspects of the activity or program.
5. Students with disabilities have the responsibility to maintain academic standards and follow procedures established by the University.
6. Students have the responsibility to make their needs known to the Dean of Students in order to be considered for reasonable accommodations. Students must follow established procedures to determine their needs and the type(s) of accommodations needed. After their needs are determined, students are expected to communicate with administrators and faculty any accommodations that are needed to participate in University activities.
7. Students have a responsibility to provide recent and accurate documentation. Students are responsible for providing the University with evaluative documentation describing the status of their disabilities and the nature of needed accommodations. Such evaluative documentation should come from an appropriate professional or qualified individual and should be dated no earlier than three years prior to enrollment.
8. Students have a responsibility to make accommodation requests in a timely fashion. When possible, it is imperative that students initiate the process well before the beginning of the semester in which services are requested. Failure to do so may result in unfortunate delays.
9. Students have a right to be informed of procedures for initiating an internal appeal of a decision by the institution regarding accommodations; and have the responsibility to follow published procedures for filing an appeal.

SECTION VI

Policies Regarding the Use of the University's Computing and Communications Systems

A. Statement of Policy

This is a statement of policy regarding the use of CNU computer and communication facilities, including voice, data and video. It relates to the use of telecommunications equipment (including using computer networks internally and using the Internet) as well as mainframe, midrange, minicomputer, workstation and personal computer systems.

All CNU students should clearly understand and follow university policy related to use of these systems. The only activities not covered are those solely involving personal property—property that does not in any manner make use of access to internal networks or to the Internet or to any other equipment owned by the University.

B. General Purpose

University communication and computing resources are intended to support the educational, research and public service missions of the University. All acceptable use of these resources must be in accordance with the University Honor Code, with the policies outlined in this Student Handbook as well as with relevant local, state, federal and international laws and regulations.

1. Acceptable use must demonstrate respect for:

- the rights of others, including the right of privacy;
- intellectual property rights (e.g., as reflected in licenses and copyrights);
- ownership of data;
- system mechanisms designed to limit access; and
- individuals' rights to be free of intimidation, harassment and unwarranted annoyance.

2. Policy toward Violations

- CNU regards any violation of this policy as a serious offense
(See Enforcement Regulations below).

C. General Principles for Use of Information Systems at CNU

1. Access to Computer Systems and Networks

Access to computer systems and networks owned or operated by CNU impose certain responsibilities and obligations and granted subject to University policies, and local, state and federal laws. Acceptable use is always ethical, reflects academic honesty, and shows restraint in the consumption of shared resources. It demonstrates respect for individuals, intellectual property, ownership of information, system security mechanisms, and individuals' rights to privacy and to freedom from intimidation and harassment.

2. Specific Guidelines for Acceptable Use

In making acceptable use of resources, you must:

- use resources only for authorized purposes;
- protect your user ID and the system from unauthorized use. You are responsible for all activities taking place under your user ID or that originate from your system;

- access only information that is your own, that is publicly available, or to which you have been given authorized access;
- use only legal versions of copyrighted software in compliance with vendor license requirements;
- be considerate in your use of shared resources--refraining from monopolizing systems, overloading networks, degrading services, or wasting computer time, connect time, disk space, printer paper, manuals or other resources.

3. Unacceptable Use

In making acceptable use of resources you must NOT:

- Installing, copying, distributing, sharing or otherwise making available or using software, files or content of any kind in violation of any local, state or federal law, copyright law and/or End User Licensing Agreement.
- Altering system software or hardware or disrupting or interfering with the delivery or administration of system resources.
- Accessing or attempting to access or facilitating access to another user's account, server, workstation, computing device, files, voice mail or e-mail without the owner's permission.
- Sharing personal information, including but not limited to account information, user credentials and/or access to university systems.
- Misrepresentation of identity in electronic communication.
- Engaging in conduct or the use of computing resources which interferes with others' use of IT systems, the activities of other users or otherwise impedes workplace productivity.
- Acts of vandalism, theft or tampering with computer resources.
- Use computer programs to decode passwords or to access control information.
- Attempt to circumvent or subvert security measures.
- Engage in any activity that might be harmful to systems or to any information stored therein, such as creating or propagating viruses, disrupting services, or damaging files.
- Use University systems for commercial or for partisan political purposes.
- Make or use illegal copies of copyrighted software, store such copies on University systems, or transmit them over University networks.
- Use mail or messaging services to harass or to intimidate another person, for example, by broadcasting unsolicited messages, by sending unwanted mail, or by using someone else's name or User ID.
- Waste computing resources, by intentionally placing a program in an endless loop, by using excessive amounts of paper through printing needlessly, frivolously, or for amusement, or by sending chain letters.
- Use the University's systems or networks for personal gain, by selling access to your User ID or to University systems or networks, or by performing work for profit with University resources in a manner not authorized by the University.
- Publish Web pages that use or attach the University name to material that is not appropriate to the University's educational, research or service mission.
- Engage in any activity that does not conform to the General Principles statement above.
- Attempt to conduct a scan of network or computer systems to determine vulnerability of those systems.

This applies to CNU systems as well as personal computers within the residence halls or in use on other areas of campus, regardless of intent.

D. Protecting Electronic Access Privileges

1. General Policy Statement

The University is responsible for assuring the integrity of its computing systems. At the same time, the University strives to provide an open, accessible communications network in order to maximize the functionality and usefulness of these resources. The integrity of shared computing resources depends upon responsible behavior on the part of the users.

2. The Password or PIN; the User name or User ID

Computing systems are protected by a system of electronic authentication and authorization procedures that rely on user passwords (PINs) and user names (user IDs) for validation. It is the responsibility of all computing and network users in the University community to safeguard the access privileges granted to them.

- a. The owner of a user password (PIN) and user name (user ID) is accountable for its use. It is the owner's responsibility to protect the integrity of accessible systems and to preserve the confidentiality of accessible information as appropriate.
- b. Unauthorized electronic access is prohibited.
- c. Guidelines for managing your password
 - Passwords should be managed solely by the owner.
 - Passwords should remain confidential.
 - Passwords should be changed periodically (at least once every 3 months is required) and at any time there is a reason to suspect a password has been compromised.
 - Passwords should follow guidelines issued by the granting agency of the University.
 - Passwords should never be displayed, printed, or otherwise recorded in an unsecured manner.
- d. Reporting Suspected Security Breaches
Anyone who has reason to suspect a breach of established security policy or procedure should promptly report it to the appropriate Dean, Director, Department Head, or the Information Technology Services Department.

E. Enforcement Regulations

1. User Responsibility

All users of University computing resources are responsible for being aware of University policies governing computing and communications resources.

2. Minor Infractions

Violations of these regulations will be referred to the University Committee on Student Discipline (UCSD), with a recommendation for disciplinary action subject to review and final action by the Dean of Students and a representative of either the Information Technology Services Department or the Department of Physics, Computer Science and Engineering. If it is appropriate, cases may be referred to the Honor Council. Disciplinary action may range from University sanctions to recommendations for legal action. If the UCSD finds that an offense

may be in violation of the law, offenders may be prosecuted under the laws and regulations of the City of Newport News, the Commonwealth of Virginia, and the United States of America.

ACADEMIC ADVISING

Admin 406C

Executive Assistant to the President for Student Success: Nicole R. Guajardo

Academic advising is a hallmark of our liberal arts academic community. Advising students is a critical responsibility of CNU faculty and staff and is highly valued by the academy. Advisors work with students in their transition from high school to college, throughout their college career, and as they plan post-graduate lives.

Faculty and students work closely together in the advising process, and share the common goal of fostering student success within our university environment.

Responsibilities of Academic Advisors

Academic advising is critical to a liberal arts education at Christopher Newport University. The academic advising system must:

1. Encourage students to take responsibility for their own education planning.
2. Recognize the unique nature and interests of each student.
3. Provide timely, accurate advising that serves all constituents.
4. Offer resources for students that includes what they need to meet major and graduation requirements and information on enrichment to their education; this will include advice regarding internships, service learning and research that will enhance their liberal arts education.
5. Foster professional relationships among students and faculty beyond the classroom.
6. Help students explore and serve within and beyond the University through study abroad, civic engagement, postgraduate education, and career planning.

Responsibilities of Students

Students at Christopher Newport University shall recognize the advising process as an essential aspect of their liberal arts education. During the advising process students must:

1. Take responsibility for their own education planning by actively engaging in the advising process.
2. Maintain an open line of communication with their advisor.
3. Be knowledgeable about Christopher Newport University's academic policies, procedures, and requirements.
4. Arrive at each advising appointment promptly and prepared with questions and thoughts about what is to be discussed during the appointment.
5. Recognize that advisors provide guidance and support throughout the advising process, however, the final decisions ultimately belong to the student.
6. Engage in the contemplation and clarification of honor, personal values, and goals; this includes reflecting on what they aspire to accomplish with their liberal arts education within and beyond the University.

Faculty Core Advisor

First-year freshmen at Christopher Newport University work with a Faculty Core Advisor (FCA) who will remain a student's advisor for the first two years (while the student pursues the University Core Requirements and major prerequisites). This means that all students will be guaranteed a stable faculty advisor to support them during the first two years of study. FCAs will assist students in their transition from high school to college, facilitate and encourage students' intellectual exploration, assist students in curricular decisions, and encourage students to become active members of the University community.

Major Advisor

In the second semester of their sophomore year students will declare their major, and at that time, a major advisor from the department of the major will be assigned to the student. Major advisors engage students in the selection of courses, long range academic planning, potential graduate study and career opportunities, research experiences, summer institutes and study abroad possibilities. Major Advisors assist students in achieving successful completion of their CNU experience and transitioning into their post-graduate endeavors, including graduate school and/or career opportunities.

Pre-Law or Pre-Health Advising

Like most colleges and universities, Christopher Newport University does not offer a "pre-law" or "pre-med" major, but specialized advising is in place that can help students in planning their curricular and co-curricular experiences in preparation for a competitive application to law school, medical school or other health professional programs. Please consult the following websites for additional information:

- Pre-Law at <http://prelaw.cnu.edu>
- Pre-Health at <http://prehealth.cnu.edu>

OFFICE OF ADMISSION

Administration Building, Room 125
757/ 594-7015 [Toll Free: 800/ 333-4268]
Fax: 757/ 594-7333
Email: admit@cnu.edu

The admission policies of Christopher Newport University (CNU) are affirmed annually by the Board of Visitors. The Office of Admission provides the following services: markets to and recruits prospective students through a comprehensive mail, electronic mail and social media communication plan, represents CNU at high school private visits and college fair recruitment programs, reviews freshman applications for admission and commits the university to final decisions, provides general counseling related to the admission and enrollment processes to prospective students, their families and secondary school officials, provides two daily information presentations and guided tours of the campus Monday through Friday and one each Saturday as well as guided group tours of the campus by appointment, and determines eligibility for in-state tuition privileges.

It is the policy of CNU to admit students whose ability and preparation indicate potential for success in the programs of study offered. CNU is committed to equal access and opportunity for all persons.

Admission to CNU is selective and reserved for the best-qualified applicants on a space available basis. Students may be admitted to the University beginning in the fall or spring semesters. Applicants are encouraged to apply well in advance of the term they wish to attend, especially first-year students and transfers who plan to live on campus.

Summer Session

The Summer Session consists of several terms, beginning in early May and ending in early August, and is not a part of the University's regular academic year. Those interested in attending the summer session should review the *Summer Schedule of Classes*, available on our website (www.cnu.edu).

Freshman Admission Requirements

Admission to Christopher Newport University is selective and increasingly competitive. Space is limited in each entering class and admission is reserved for the best-qualified applicants. General requirements for freshman admission are:

1. Since Christopher Newport University emphasizes strong academic preparation, freshman applicants are expected to have completed a rigorous college preparatory curriculum, such as Virginia's 24-unit Advanced Studies Diploma program, or its equivalent. This program requires four units of English, three units in the social sciences, four units in mathematics, three units in science, and either three units in one foreign language or two years of two foreign languages. (Three years in one foreign language is preferred.) The middle 50% range for successful applicants is a 3-3.9 GPA and a 1080-1230 critical reading and mathematics SAT subscore. Each applicant is reviewed holistically.
2. The University requires either SAT or ACT scores and will accept the highest equivalent and best combination of sub scores from multiple SAT test dates.
3. Test Optional admission is available to qualified applicants who have achieved a 3.5 GPA or high school class rank in the top 10%. Since these applicants do not submit standardized test, they must provide a personal statement and a recommendation. Only applicants who demonstrate high achievement in the most rigorous academic curriculum are considered without standardized test scores.
4. Applicants must submit a non-refundable \$50 application fee.

Transfer Admission Requirements

Admission to Christopher Newport University is selective and competitive. Space in each class is reserved for the best-qualified applicants. Selection for admission is also dependent on a student's preparation for their intended field of study. Applicants must demonstrate acceptable achievement in college level math and English composition. Transfer applicants must be in good academic and disciplinary standing and eligible to return to the last college or university attended.

Documentation Requirements for Transfer Applicants

The following documentation must be submitted in addition to the application for admission:

1. Submit a \$50 CNU application fee.
2. Applicants must send an official copy of their secondary school record and SAT or ACT scores sent to the Office of the Registrar. SAT or ACT scores are considered only if the applicant graduated from high school within the last five (5) years. Applicants in the first semester of

- college work also should have mid-semester grades sent to the Office of the Registrar, if available.
3. Applicants must also request that all colleges attended submit official transcripts to the Office of the Registrar. Transfer applicants who are enrolled elsewhere when they apply may be admitted upon review of a partial transcript, but a final offer of full admission will not be made without an official transcript.
 4. Concealment of previous attendance at another college or university is cause for cancellation of the student's admission and registration. New or readmission applicants who have been suspended or placed on probation from Christopher Newport University or any college or university for non-academic, social or disciplinary reasons may be denied admission to the University.

Please note: New transfer students will be required to complete at least 45 semester hours at CNU.

Readmission to the University

Students must apply for readmission if they do not enroll for two consecutive regular semesters (fall and spring). All academic records are considered, including work completed during the student's absence from CNU. Competitive admission standards in effect at the time of readmission are used. Students who left the University while not in good standing are referred to the Suspension and Reinstatement Procedure section of the university catalog. Please note that reinstatement does not guarantee readmission.

CNU Welcomes Visitors!

Freshman admission information sessions are available Monday through Friday at 10 a.m. and 2 p.m., followed by campus tours led by one of our students. Saturday visitors should plan to join us at 11 a.m. The office is closed for major holidays.

If a prospective student wishes to meet with a professor in his/her particular area of interest they may request an appointment when they call for a tour time. CNU Admission may be reached at 800-333-4268 or 757-594-7334 for campus visits or at 757-594-7015 for general information.

The department promotes the development of student leadership, team work, health and well-being. Moreover, the department directly supports student recruitment and builds positive recognition of CNU. To accomplish its mission, the Department offers a program of 23 varsity intercollegiate sports and a variety of recreational activities.

Philosophy

CNU is a member of the National Collegiate Athletic Association (NCAA), participating in Division III and adhering to the philosophy of Division III, which states that no financial aid shall be awarded to student athletes on the basis of athletic ability. Financial aid is available to student athletes on the same basis as that offered to any other student at the University.

Participation

Prospective student athletes must enroll in at least 12 credit hours and be a degree seeking student to be considered eligible to participate in varsity sports and must meet all eligibility requirements of the NCAA. For further information about the University's athletics program or about a particular sport, contact the Department of Athletics.

The Office of Recreational Services

The Office of Recreational Services (CNUREC) was founded in the fall of 2005 and is comprised of the program areas of Intramural Sports, Sports Clubs and Outdoor Adventure & Recreation (O.A.R.). Intramural Sports and Sport Clubs have grown tremendously over the years with approximately 1700 students per semester engaging in various activities on campus. O.A.R. is the newest component of the department and has had several successful trips.

Some of the intramural sports offered include: badminton, basketball, dodge ball, flag football, kickball, soccer, softball and volleyball. In addition, CNURec provides special tournaments for students to play in, such as billiards, sand volleyball, and cornhole.

The Intramural program employs dozens of students each year as officials and supervisors. Through employment, students learn transferable skills that prepare them for future challenges. At the same time, these positions of leadership enhance the student's social experience on campus and solidify CNU at the forefront of student development in the field of collegiate athletics and recreation.

Currently, there are 27 (16 competitive and 11 recreational) sport clubs on campus. These include: crew, dressage, equestrian, croquet, cycling, field hockey, fishing, men's ice hockey, men's lacrosse, martial arts, quidditch, rock climbing, running, men's rugby, scuba diving, men's soccer, women's soccer, swimming, table tennis, co-ed tennis, women's volleyball, women's lacrosse, ultimate Frisbee, triathlon, hiking and men's volleyball. The competitive clubs aim to compete for CNU at the collegiate level against other sport clubs in the area. The recreational clubs are open to all skill levels and are more fun in nature; however, some may compete against local colleges and universities.

O.A.R. provides adventure trips for students, faculty and staff to attend. Additionally there is an O.A.R. club for students to join, which involves them in assisting with the planning and advertising for trips. O.A.R. aims to provide fun through physical and mental challenges; provide leadership and learning opportunities; and further the interest and passion of outdoor recreation and environmental awareness.

Philosophy

CNURec aims to provide balance of one's mind, body and spirit outside of the classroom through teamwork, fitness and friendship!

Each of the program areas strives to fulfill the campus recreation needs of the current CNU students, faculty and staff. Through engagement in the various activities and events sponsored by CNURec, it is hoped that participants will learn and begin to practice life-long health habits. In addition, through engagement in these activities, the department provides an opportunity for leadership and learning; opportunities to develop social contacts and lasting relationships; and opportunities for individual development through various recreational activities.

Participation in Intramural Sports

Participation in intramural sports is open to currently enrolled CNU students. In addition, faculty, and staff employed by the University (full-time and/or part-time; volunteers not accepted), shall be eligible to participate in intramural sports. CNU alumni and spouses of CNU students, faculty or staff are not allowed to participate in intramural sports.

Participation in Sport Clubs

Sport clubs are open to all fully enrolled students. Faculty and staff may participate on a sport club during practices but not during competition. Previous experience is not a prerequisite for membership.

The competitive sport club teams may hold tryouts. Members will be required to attend practice, travel to competition against other colleges and universities and pay dues. Most of the recreational teams are open to everyone, may have to travel to take part in the activity, dues are minimal,

Unlike varsity sports, sport clubs are student lead organizations.

OFFICE OF COUNSELING SERVICES

[757/594-7047](tel:7575947047)

The Office of Counseling Services (OCS) serves and supports students in their academic and personal development at CNU. As part of the University experience, the OCS provides a range of professional services and referrals, when needed, to aid students in their transition into the University, in successfully navigating the many challenges they may face and supports the student's goals in reaching graduation. Individual and group counseling are available to assist students in addressing personal issues. 24 hour crisis intervention services are available when school is in session, to include summer classes. Consulting services are available to students concerned about another currently enrolled CNU

student. Additionally, consulting services are also available to faculty and staff of the University community.

Counseling Support Services

Individual Appointments and Group Sessions

Students find it helpful to discuss personal concerns with one of the OCS's professional counselors or psychologists. Concerns may arise from academic challenges, roommate interactions, emotional concerns, relationship or other personal issues. Counselors provide a caring, non-judgmental brief therapy model to help students identify issues and find ways to deal with their concerns effectively. Also, our counselors help students explore personal and academic goals and develop and maintain the necessary support systems to help them achieve those goals. Counseling sessions are confidential; and no information will be released without the written permission of the student, except as required by law. Exceptions may include situations in which a student clearly represents a danger to self or others. Group counseling is available upon request and based on student needs.

Consulting

Counseling staff are also available to help when various consulting needs arise. There are certain times when students, faculty, staff and others might have a desire to discuss specific situations with our staff based upon an array of psychological concerns. We value the opportunity to consult and help people find whatever solutions, resources and professional services that might be needed. Consulting services are for students, faculty, staff and the university community and are intended to assist with academic, interpersonal or work-related problem solving.

Workshops and Other Outreach

Counselors offer workshops on topics such as: decision-making, test anxiety, general anxiety/depression management, college survival skills, healthy relationships and other content as requested. Counselors also provide outreach programming through a variety of Awareness Weeks such as National Collegiate Alcohol Awareness, Sexual Assault/Sexual Responsibility, Eating Disorders and Depression/Anxiety.

OFFICE OF FINANCIAL AID

Administration Building, Room 201

757/ 594-7170

Associate Director: Clara Johnson

CNU offers a variety of federal state and university financial aid programs to students who qualify to

help meet the cost of their education through the Office of Financial Aid. Types of aid include: scholarships, grants, loans, and student employment.

Students receiving financial aid must be admitted to the University as degree-seeking students. Virginia state grants are limited to Virginia residents, while federal and university programs are accessible for all students.

Most forms of financial aid through the Financial Aid Office are based on financial need as determined by completing the Free Application for Federal Student Aid (FAFSA). Financial need can be defined as the difference between the average cost of attendance at CNU and the Expected Family Contribution (EFC), which is determined by the FAFSA.

Application Requirements

To be eligible for most financial aid programs, a student must:

- be enrolled as a classified student;
- be enrolled on at least a half-time basis; (some programs require full-time enrollment)
- be in good academic standing;
- not be in default on a federal student loan or owe a refund to a federal program;
- be making satisfactory academic progress; and
- be a U.S. citizen or permanent resident.

Financial aid is awarded for one academic year only but may be renewed for subsequent years through reapplication and continued eligibility. The priority filing date for applying for financial aid administered by CNU is March 1 for consideration for the following academic year. You may file your FAFSA on line at www.fafsa.ed.gov. We suggest you file your FAFSA no later than February 15th to ensure your results are received in the Office of Financial Aid no later than March 1st for priority consideration. Entering students must be admitted to the University before receiving a decision letter regarding financial aid. Award Letters for new freshmen who meet the priority filing date will be mailed no later than April 15th. Returning students who have met the priority date should receive their Award Letters no later than June 1st. Applicants for financial aid will be notified of their status in writing by the Office of Financial Aid.

Satisfactory Academic Progress (SAP): Students must be making Satisfactory Academic Progress in order to continue receiving financial aid, including student loans.

In order to be considered as making SAP, students must:

- Complete 75 percent of all courses attempted.
- Demonstrate a minimum cumulative GPA of 1.61 at the conclusion of two academic semesters
OR
- Demonstrate a minimum cumulative GPA of 2.00 at the conclusion of four academic semesters and from that point forward.
- Attempt no more than 180 credits, including transfer credits.

This is a synopsis of the complete policy that is on file in the Office of Financial Aid.

Return of Title IV Funds: When the Higher Education Act was reauthorized in 1998, Congress provided for a new provision commonly referred to as the Return of Title IV Funds. Under this provision, students who **completely** withdraw from the University **for any reason**, including medical and administrative withdrawals, may be required to return part or all of their Title IV funding to the Department of Education. Funds which fall into this category are:

- Federal Pell Grant
- Federal Direct Student Loan (Subsidized or Unsubsidized)
- Federal Supplemental Education Opportunity Grant (SEOG)
- Federal Direct Parent Loans (PLUS)
- Federal TEACH Grant
- State Grants (VGAP, CSAP, Commonwealth)

Please check with the Office of Financial Aid before withdrawing from classes.

Financial Aid Available at Christopher Newport University

For specific information concerning application procedures and eligibility procedures for federal, state, and private programs, please consult the *CNU Financial Aid Guide*, available in the Office of Financial Aid or on the CNU Financial Aid website at <http://financialaid.cnu.edu/>.

To avoid an extended wait time, appointments are required and given priority. However, walk-ins are welcomed and same day appointments are usually available. Students can fill out the paperwork required for appointments prior to visiting UHWS by downloading the forms from the UHWS website.

myHealth eLink:

Students have the opportunity to use Riverside's highly secure, web-based information system that helps students and the UHWS team communicate 24 hours a day, 7 days a week. This free internet resource allows students to use the internet to request non-emergency services including appointments, prescription refills, and to have access to their electronic medical record. Information about myHealth eLink is available on the UHWS website and students may enroll when they are seen in UHWS.

Laboratory Tests:

Some laboratory tests are performed in the clinic. If a student's insurance will be used to pay for off campus lab work, it is helpful for students to know what laboratories participate with their insurance company.

Insurance Cards:

Students should have an insurance card or copy of the front and back of their card. Without it, the student may be required to pay for services rendered completely out of pocket when seen at off campus medical facilities and laboratories. Insurance information is also required when UHWS sends specimens to Quest and Lab Corp laboratories.

Required Health Forms and Immunizations:

The code of Virginia requires that all first time, full time students provide a completed CNU Certificate of Immunization signed by a health care professional.

The completed CNU Certificate of Immunization should be sent to the *Office of the Registrar*. UHWS staff can assist with questions or concerns regarding this form. Additionally, TB screenings, PPD skin testing; Gardasil and meningococcal vaccines are all available in the clinic.

Unless students are participating in a class or sport that requires a pre participation physical, no general health physical is required for freshmen, transfer and graduate students.

Health Education Opportunities:

UHWS staff participates in and support various health and wellness education opportunities through presentations in the classroom and residence halls. They also participate in campus wide screenings such as eating disorders, depression, anxiety, and alcohol use. Students are also welcomed to the wide array of free educational materials in UHWS both for individual use and presentations on such topics as nutrition, fitness, stress resistance, tobacco and substance abuse and sleep.

Policy Regarding Immunizations

The Commonwealth of Virginia requires, per Section 23-7.5 of the Code of Virginia, that all first-time, full-time, students must provide documented evidence, provided by a licensed health professional or health facility, of the diseases for which the student has been immunized, the number of doses given,

the dates when administered and any further immunizations indicated. Students shall be immunized by vaccine against tetanus-diphtheria, poliomyelitis, measles (rubella), German measles (rubella), and mumps, hepatitis B according to guidelines of the American College Health Association. This is known as a pre-matriculation immunization requirement (PIR). Students shall also be screened for Tuberculosis (PPD). In addition to the above, CNU requires a meningococcal vaccine for all new students. Because some students choose not to receive the meningococcal vaccine, a Meningococcal Vaccine Waiver Form is available to accommodate the wishes of these students. The Code further requires that any student who fails to provide this information will not be eligible for registration for the second semester.

Any student shall be exempt from the immunization requirements who (a) objects on the grounds that administration of immunizing agents conflicts with the student's religious tenets or practices, unless an emergency or epidemic disease has been declared by the Board of Health, or (b) presents a signed statement from a licensed physician which states that the student's physical condition is such that administration of one or more of the required immunizing agents would be detrimental to the student's health. Certificate of Immunization and Certificate of Religious Exemption forms can be obtained from the Office of the Registrar.

Policy Regarding Graduation and Participation in Commencement

Commencement exercises are held once each year in May. Students who complete degree requirements in August and December are eligible to participate in the *following* Spring Commencement ceremony as a candidate for graduation. Diplomas for August graduates will be available on the first business day after the end of the last summer term. Diplomas for December graduates will be available approximately 21 calendar days after the semester ends. For August and December graduates who do not pick up their diplomas as designated, diplomas will be mailed to the student's address on file with the Office of the Registrar.) After a degree has been conferred, students will be changed to non-degree seeking to facilitate possible future registration unless the student has filed *Intent to Graduate* form for an additional degree.

All prospective graduates will be contacted before the Spring Commencement ceremony by the Office of the Registrar and/or University Events concerning rehearsal and attendance. Those students planning to attend Commencement must notify the University by the announced deadline so that seating arrangements can be finalized for all who plan to participate. Students who plan to attend Commencement must keep the Office of the Registrar informed of any address and/or phone number changes so that they can receive important information concerning graduation.

Degrees will not be conferred for students unless all graduation requirements, including courses, degree requirements, GPAs, credits, and financial obligations have been satisfied. NOTE: Degrees will not be conferred for students with a missing grade or grade(s) of Incomplete, I, on his/her academic record. In the case of a missing or incomplete grade, the student's anticipated semester of graduation will be moved to the following term. Students must be enrolled the semester/term of graduation.

To participate in the Commencement ceremony, undergraduate candidates for graduation must have completed all remaining degree requirements or be enrolled in courses to complete all degree requirements no later than the beginning of finals week, to be eligible to participate. If

after spring semester final grades have been submitted, a May candidate does not successfully complete one spring semester course of three or less credits, and has earned a minimum GPA of 2.00 (overall and in the major), he/she may be eligible to participate as a ‘candidate pending completion’ (see Policy on ‘Walking’ on the Office of the Registrar website). To be eligible to participate, all degree candidates must be on track to complete all degree requirements as of the second week of spring semester and continue to be on track to complete all degree requirements as of the beginning of final exams.

Spring semester degree candidates must be enrolled for courses and successfully complete all University and major requirements no later than the May conferral date in order to participate in the ceremony. Students who have remaining degree or University requirements going into spring semester, or intending to finish their requirements in the summer or fall semester, are not eligible to participate in the spring Commencement ceremony. Please note that May term, or any of the summer terms are not part of the regular spring semester; therefore, enrollment in the summer terms cannot be considered for students to be reviewed as a spring degree candidate, or to participate in the spring Commencement ceremony. Students who plan to complete degree requirements after the spring semester conferral date will have their anticipated semester/term of graduation deferred to August or December.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) (Annual Notification to Students)

The Family Educational Rights and Privacy Act of 1974 (U.S. Public Law 93-579), FERPA, provides clarification and guidance on the administration of student records. Further, FERPA guarantees individuals’ rights to the access of his/her educational records, provides guidelines regarding third party access to the record(s), and addresses the appropriate security of the education record.

Student Rights: Students have the right to 1) inspect and review their education records, 2) control disclosure and/or designate confidentiality, and 3) request amendment to the education record.

Education Record: Christopher Newport University defines the education record as any portion of the academic record (paper or electronic) maintained by the University for the purpose of sharing (or potential sharing) by other educational officials. An example is the academic folder maintained in a department or university administrative office.

Sole Possession Records: Notes and/or records maintained only by the faculty member regarding his/her students and not shared with any other educational official is a sole possession record. Notes retained in the ‘sole possession record’ are not subject to the guarantees of FERPA.

Educational Officials: Persons employed by Christopher Newport University in an administrative, supervisory, academic, or support capacity with a legitimate educational need to view student records to perform his or her job are classified as educational officials.

Educational Interest: Before an individual is granted access to a student record, FERPA requires that educational officials have an educational interest. Instructors have an educational right to know directory information regardless of the confidentiality of the record. Examples of directory information include name, address, and telephone number. (A full list of directory information is detailed in the

next section.)

Email Addresses: CNU addresses are considered directory information. If a student does not wish his/her CNU email address to be released, s/he may 'opt out' and request that his/her information be classified as confidential.

Student Reference Request: Students may waive their rights under FERPA to request letters of recommendation or professional references from a faculty member(s). Students should complete and return an original signed *Student Reference Request and FERPA Release* form, available online or from the Office of the Registrar, to the faculty member prior to obtaining the reference.

Grade Posting: Faculty may not post grades in a listing format that includes any portion of the student identification number, Social Security Number, or student name. It is critical that instructors maintain the nondisclosure of these numbers.

If you have questions about student records and privacy restrictions, please contact Lisa Duncan Raines, Dean of Enrollment Services, duncanl@cnu.edu. Students who wish to 'opt out' and request that all of their education record be classified as confidential should contact Lisa Duncan Raines for more information. Directory information is provided for all students unless s/he officially requests to 'opt out.'

Listed below is the notification of the Family Educational Rights and Privacy Act of 1974 (FERPA). The University is required to inform enrolled students annually of their rights under the terms of FERPA. The act does not apply to students admitted to the University who have not officially enrolled. Note: Access www.cnu.edu for the latest changes to the Family Educational Rights and Privacy Act of 1974 (FERPA).

A. Policy Intent

1. The University student record policy is intended to conform with all state and federal statutes dealing with access to information held by an educational institution on present and former students.
2. The CNU student record policy is formulated to protect the privacy of student information that is maintained and yet provide access to student records for those having a legitimate educational interest in viewing such records. Regulations and procedures to ensure adequate protection of the student are provided in this policy.

B. Student Rights under FERPA:

1. Enrolled students have the right to inspect their education record within 45 days of the request for inspection and are entitled to an explanation of any information therein. "Record" refers to those files and their contents that are maintained by official units of the University. Generally, students have the right to review any official record that the University maintains on that student. When access is permitted, documents will be examined only under conditions that will prevent unauthorized removal, alteration, or mutilation. Students must submit to the Office of the Registrar written requests that identify the record(s) they wish to inspect. A University official

will make arrangements for access and notify the student of the time and place where the record(s) may be inspected. If the University official to whom the request was submitted does not maintain the requested record(s), that official shall advise the student of the correct official to whom the request should be addressed.

2. Information to which the student does not have access is limited to the following:
 - a) Confidential letters and recommendations placed in the student's files before January 1, 1975, and those letters for which the student has signed a waiver of his or her right of access.
 - b) Parents' confidential financial statements.
 - c) Personal files and records of members of faculty or administrative personnel, which are in sole possession of the maker thereof.
 - d) Education records, which contain information about more than one student; in such cases, CNU will allow the inquiring student access to the part of the record, which pertains only to the inquiring student.
 - e) Records of the Admissions Office concerning students admitted but not yet enrolled at the University.
 - f) Medical/psychological records used in connection with treatment of the student. A physician or psychologist of the student's choice may view such records.
 - g) University Police Department records, when utilized for internal purposes by this office in its official capacities.
3. Documents submitted to the University by or for the student will not be returned to the student. Normally, academic records received from other institutions will not be sent to third parties external to the University, nor will copies of such documents be given to the student. The student should request such records from the originating institution.
4. Students have the right to request an amendment of the education record that the student believes is inaccurate or misleading. Should a student believe his or her record is incorrect, s/he should write the University official responsible for the record, clearly identify the part of the record s/he wants changed, and specify the information s/he feels is inaccurate or misleading. The official will respond within a reasonable period concerning his or her action. Should the student not be satisfied, a hearing may be requested of the Dean of Enrollment Services.
5. Students have the right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure without consent (see C3 below).
6. Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by CNU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

C. Access to Student Records by Others:

1. Disclosure of General Directory Information: Certain information may be released by the University without prior consent of the student if considered appropriate by designated school officials. Such information is defined as the following:
 - a) Student's name, address (including the student's CNU email address), telephone number (permanent and local)

 - c) Dates of attendance at the University, field of concentration, degrees, honors and awards
 - d) Enrollment status – full-time or part-time
 - e) Height and weight of members of athletic teams
 - f) Participation in officially recognized activities

Directory information is provided for all students unless s/he officially requests to 'opt out.' Students who wish to 'opt out' and request that all of their education record be classified as confidential should contact Lisa Duncan Raines, Dean of Enrollment Services, for more information.

2. Directory information will not be released for commercial purposes by administrative offices of the University under any circumstances. Students may request that directory information not be released by written request to the Office of the Registrar. Students should complete and return an original signed *Request for Privacy Restriction* form, available online or from the Office of the Registrar. All other student information will be released only upon written request of the student, excepting those instances cited below.
3. Disclosure to members of the University community:
 - a) "School Official" is defined as a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including university law enforcement personnel and health staff); a person or company with whom the University has contracted (such as attorney, auditor, or collection agent); or a person serving on the Board of Visitors.
 - b) A school official must have a legitimate educational interest in order to review an education record. A legitimate educational interest is the demonstrated 'need to know' and is further defined in the following manner: the information requested must be within the context of the responsibilities assigned to the School Official; the information sought must be used within the context of official University business and not for purposes extraneous to the officials area of responsibility or the University; information requested must be relevant and necessary to the accomplishment of some task or to making some determination within the scope of University employment. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - c) Information requested by student organizations of any kind will be provided only when authorized by the Dean of Students.

4. Disclosure to parents and organizations providing financial support to a student: It is the University's policy to release the academic transcript to parents and/or organizations only upon the student's written request or authorization. Parents may also provide documentation showing the student as a financial dependent according to the definition provided in section 152 of the IRS Code. Otherwise, the academic transcript will be sent only to the student or at the student's written instruction, a policy consistent with the University's interpretation of FERPA.
5. Disclosure to other educational agencies and organizations: Information may be released to another institution of learning, research organization, or accrediting body for legitimate educational reasons, provided that any data shall be protected in a manner that will not permit the personal identification of the student by a third party.
6. Disclosure to local, state, and federal governmental agencies: Government agencies are permitted access to student records only when auditing, enforcing, and/or evaluating sponsored programs. In such instances, such data may not be given to a third party and will be destroyed when no longer needed for audit, enforcement, and/or evaluative purposes.

Services for Students with Disabilities

Student Affairs Suite, DSU # 3127
757/ 594-7160

CNU provides reasonable accommodations to make education accessible to students with disabilities. The Dean of Students assists students with disabilities by connecting them to appropriate resources to help the student achieve academic goals. Our aim is to provide students with disabilities equal access to the programs, opportunities and benefits of the University. Students with disabilities may consult with the Dean of Students before enrolling or during their academic career at CNU. New students will want to contact the Dean well before the start of their first semester if special services will be required.

Students who request accommodation by the University must formally declare their disability by completing a *Request for Services/Accommodations Form* found at:

http://www.cnu.edu/reslife/pdf/ops_request_for_services_accommodations.pdf

In order to determine needs and provide appropriate services, students must submit recent (within the last 3 years) documentation concerning their disability. Such documentation should include evaluation information (explanation of test and assessment instruments utilized to determine disability), a diagnosis of the disability and suggestions for possible accommodations to enhance student access and/or success in the programs and activities of the University.

This documentation should be provided in writing from a qualified professional source and mailed to: **Dean of Students, Christopher Newport University, 1 Avenue of the Arts, Newport News, VA 23606-2998.**

Evaluative information concerning a student's disability is private. Such information will be provided to instructional or staff members only when they have a legitimate "need to know." Questions concerning reasonable accommodation of a student's disability should be directed to the Dean by mail or by calling (757) 594-7160.

Getting Started: How to Request Services & Determine Needs

A. Admissions Information & Resources

Applicants with special needs are strongly encouraged to visit campus early in the year in which admission is sought. The Admissions Office and the Dean of Students are available for appointments with prospective applicants.

All applicants, including applicants with disabilities, follow regular University admission procedures. Please refer to the [CNU Catalog](#) or contact the Admissions Office (757) 594-7015 for more information on admissions procedures.

B. Requesting Services/Accommodations

Currently enrolled students with disabilities may request services through the Dean of Students by doing the following:

1. Complete a *Request for Services/Accommodations Form*.
2. Provide appropriate documentation. Appropriate documentation of a disability is required before services can be rendered. CNU **does not** provide testing or documentation.

NOTE: The University will take appropriate steps to provide necessary accommodations to students with disabilities. The University does not waive the essential degree requirements of a liberal arts education.

Documentation Guidelines

Appropriate documentation will assist the student and the University in determining reasonable accommodations as stipulated under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and other pertinent state and federal regulations. For individuals who have recently

been receiving services from a public school system, the information requested would most likely be contained in the Psycho-Educational Evaluation from your most recent Triennial Review. Some of the information may also be contained in an IEP, 504 Plan, or Transition Plan. **However, IEPs, 504 Plans, and Transition Plans alone are insufficient documentation.**

The provision of all reasonable accommodations and services is based upon assessment of the impact of the student's disabilities on his or her academic performance at a given time in the student's life. Therefore the University requires, and it is in the student's best interest to provide, recent (within 3 years) and appropriate documentation relevant to the student's learning environment. As appropriate to the disability, documentation should include:

- A diagnostic statement identifying the disability, date of the current diagnostic evaluation, and the date of the original diagnosis;
- A description of the diagnostic criteria and or diagnostic test used;
- A description of the current functional impact of the disability;
- Treatments, medications, assistive devices/services currently prescribed or in use;
- Detailed and specific recommendations to be considered for university-level academic accommodations and;
- The credentials of the diagnosing professional(s).

In some instances, documentation may be outdated or inadequate in scope or content. It may not address the student's current level of functioning or need for accommodations because observed changes may have occurred in the student's performance since the previous assessment was conducted. In such cases, it is appropriate to update the evaluation report. Since the purpose of the update is to determine the student's current need for accommodations, the update, conducted by a qualified professional, should include a rationale for ongoing services and accommodations.

NOTE: It is recommended that you request accommodation at least 4 weeks prior to the time accommodations are desired to avoid unfortunate delays. Certain accommodations, such as those requiring special equipment, tapes, etc., may require even more time to arrange and implement.

Appeal Process

Christopher Newport University recognizes both the wide variation in the needs of students with disabilities and the variation in course contexts as students' progress through their programs. When needs arise, the Dean of Students will review the process by which the current modifications were determined and seek to revise the modifications. Students, faculty or staff can make the request.

Procedure for Resolution of Differences Regarding Academic Accommodations:

- STEP 1:** The student may discuss the difference with the professor in an attempt to establish a satisfactory resolution.
- STEP 2:** If Step 1 fails, the student has the responsibility of making an appointment with the Dean of Students to discuss the matter.
- STEP 3:** After discussing the issue with the student, if the Dean feels it is appropriate, the Dean

will, at the student's request, contact the professor to set up an appointment for the student, the professor and the Dean to meet.

STEP 4: If Step 3 fails to establish mutually acceptable modifications an appeal may be filed as described below:

Internal Appeals

Students wishing to appeal must file a petition in writing with the Equal Employment Officer (EEO) within ten working days of failing to establish mutually acceptable modifications. Petitioners may, at their own expense, submit additional documentation, evidence, or expert opinion to support their appeals. Such evidence may be in the form of oral testimony or written or taped reports.

Petitioners should include the following in their appeal:

- The modifications that have been refused or required that are being appealed;
- The rationale for the appeal and;
- Documentation that supports the appeal.

Basis for Appeal

Students may appeal on one of these bases:

- A. The accommodation letter does not represent a reasonable accommodation for their disability. The basis for such an appeal should be that their disability, in the absence of the requested alternative or additional modifications, limits their full participation or their accurate evaluation in a specific activity, service, program or course. The appeal must include a rationale for the requested additions or alternatives.
- B. A particular course or requirement is not essential to the integrity of the program of instruction being pursued. The basis for such an appeal should be that their disability, in the absence of the requested substitution, limits their full participation in the academic program. The appeal must include a rationale for the requested waiver or substitution.

Following the filing of a petition, the Equal Employment Officer (EEO) will conduct a thorough investigation to determine if the complaint is justified. A written determination of the validity of the complaint and the resolution, if any, shall be issued by the EEO and forwarded to the complainant no later than (30) thirty working days after the filing date.

While individuals have the right to pursue appeals through external channels, they are first encouraged to use internal mechanisms to resolve issues.
