WELCOME: Dr. Doyle welcomed the Board members, staff and the general-public in attendance. Members of the public included former Board member Dr. Benjamin Keyes, representatives from Hampton University, Regent University, Virginia Commonwealth University, Virginia Tech, the Virginia Chapter of International Association Rehabilitation Professionals (IARP, VA).

ORDERING OF AGENDA: The agenda was accepted as presented.

APPROVAL OF MINUTES: A motion was made by Ms. Malawer, and seconded by Ms. Sanchez-Jones, to approve the minutes of the September 11, 2015 meeting. The motion passed unanimously to approve the minutes.

PUBLIC COMMENT: Dr. Doyle advised the public that the Board would not accept comments related to the pending regulatory action, as that comment period has closed. No public comments were made.

DHP DIRECTOR'S REPORT: **Announcement**
In Dr. Brown's absence, Ms. Hoyle announced that her former position has been filled. Governor McAuliffe has appointed Lisa R. Hahn to the position of Chief Deputy Director of the agency, effective immediately. Ms. Hahn has close to 30 years of state government experience. She has served in the position of Executive Director for 6 of DHP's regulatory boards and has also held the position of Deputy Director of Enforcement. Prior to DHP, she has served as the Section Chief for the Department of Criminal Justice Services and was formerly a Richmond City Police officer. She holds a Master's Degree in Public Administration from VCU and a Bachelor's Degree in Criminal Justice from the University of Maryland.

REGULATORY/LEGISLATIVE UPDATE: **Regulatory Actions**
A detailed chart of the current pending Regulatory actions, as of November 2, 2015, was provided listing the status of Chapter 18VAC115-20-10 Regulations Governing the Practice of Professional Counseling and Chapter 18VAC115-30-10 Regulations Governing the Certification of Substance Abuse Counselors and Substance Abuse Counseling Assistants.

Requirement for CACREP accreditation for educational programs (Action 4259) – NOIRA – Register Date of 6/1/15 and Comment ended on 7/1/15.

Fee Increase (Action 4443) – NOIRA – at Governor's Office for 18 days.

Periodic review of Regulations (Action 4182) Proposed – at Governor's Office for 1 day.

Periodic review recommendations (Action 4366) – Fast-Track at Governor's Office for 1 day.

Action on Draft Guidance Document

115-1.4 Guidance on Technology-Assisted Counseling and Technology-Assisted Supervision: The Regulatory Committee revised the wording of each subsection number one to read as listed below respectively.

1. Counseling is most commonly offered in a *face-to-face relationship*. *Counseling that from the outset is delivered in a technology-assisted manner may be problematic in that the counseling relationship, client identity and other issues may be compromised.*

1. Supervision is most commonly offered in a *face-to-face relationship*. *Supervision that from the outset is delivered in a technology-assisted manner may be problematic in that the supervisory relationship, client identity and other issues may be compromised.*

Motion was made to accept the changes by Mr. Scislowicz, second by Mr. Brendel and passed unanimously.

115-2.2 Guidance on Planned Intervention Process: The Regulatory Committee revised the wording to read as listed below to clarify the intent.

Facilitation or participation in “planned interventions” by Certified Substance Abuse Counselors is within the scope of their practice as long as they are practicing under supervision as required by law and regulation. Motion was made to accept the changes by Ms. Normandy-Dolberg, second by Ms. Caiella and passed unanimously.

115-7 Guidance on Supervised Experience Requirements for the Delivery of Clinical Services for a Professional Counselor: The Regulatory Committee recommended that the definitions be revised to match the information in Chapter 35 of Title 54.1 of the Code of Virginia for Professional Counseling. Motion was made to accept the changes and passed unanimously.

BOARD OF HEALTH PROFESSIONS REPORT

Dr. Doyle informed the Board that he was reappointed for another term on the Board of Health Professions and that voting for the Chairperson position would take place at the next meeting.

EXECUTIVE DIRECTOR'S REPORT:

Executive Director, Ms. Hoyle, thanked the Board members and welcomed the new Board members and thanked staff for continuing the workload while she was still in the acting Executive Director roll. She is excited about her new position as the full-time Executive Director for the Behavior Science Unit (Board of Counseling, Board of Social Work and Board of Psychology). Ms. Hoyle emphasized the use of the laptops during meetings and bringing the Board to the modern age of technology and improving the process of getting information to the Board members faster by utilizing email to send secure documentation for them to review.

Questions: How are applications processed/handled? Why does it take months for some applicants to get a response?

Answers: After an application has been received:

- It is date stamped and the payment is processed.
- An administrative review will be completed on the file.

- The applicant is notified of any deficiencies found in the application. (The applicant may have not completely answered all of the required questions or did not submit a complete application –missing transcripts, verification of internship and/or documentation that their proposed supervisor meets the supervisor qualifications.)
- Upon receipt of corrections and/or additional required documentation, the file then receives another administrative review. This process continues until it appears that the file is complete.
- When the file appears to be complete, it is presented to the Credentials Reviewer for review towards approval for licensure (endorsement applicants), approval to sit for the exam (examination applicants) or residency (approved clinical supervision). If the reviewer cannot determine eligibility, then the applicant is contacted to provide the additional information.
- The amount of time to complete a credentials review varies, depending on the complexity and volume of files. All applications are reviewed on a case-by-case basis and in the order in which they were received.

The process time for the Board of Counseling applications is different from other boards due to the fact that every application for licensure by examination or initial registration of supervision must be reviewed in detail per the regulations requirements for education, supervisor qualification and clinical experience. The endorsement applications sometimes require just as much time to review as well if the applicant does not meet the required years of post-licensure clinical experience. An on-line application process is still in the works (6 or more months until completed) that should eliminate a majority of the application process issues.

Ms. Hoyle welcomed members of the Board to review the applications and to submit their input to the staff for changes to consider. Dr. Doyle requested a motion to create a committee to review the application forms. Members voted and it passed unanimously –the members would consist of Ms. Nevins, Ms. Tracy, Ms. Normandy-Dolberg and Ms. Hunt with the other Board members receiving drafts of the proposed changes.

The agency processing standard for most boards is 30 to 45 business days if a complete application is received. Currently staff is working below the agency standard due to the volume of applications received and the time it takes to complete the detailed review process. Board members would like to receive a monthly report with the number of applications received and processed.

The approved supervisors' registry for the Virginia Board Counseling is now available online from the Board of Counseling website <http://www.dhp.virginia.gov/counseling/>. The registry is in the form of an Excel spreadsheet that will be updated every quarter, and license statuses may change between updates. It is the responsibility of the applicant to ensure that the licensee has an active, unrestricted license.

Website information: In accordance with § 54.1-3505(8), the Board of Counseling has posted this registry of persons (MS Excel) who meet the requirements for supervision of residents. This list should only be used as a tool to assist with an applicant's search for a supervisor. Using a supervisor from this list does not guarantee that the applicant meets requirements for residency, nor shall it be interpreted as board-approval to begin a residency.

Staff Update

Ms. Hoyle announced that she accepted the Executive Director position for the three behavioral boards. She also noted that two additional staff positions have been filled. The Discipline Case Specialist position for the three Behavioral Science Boards was filled with Christy Evans, and the Licensing Specialist for the Board of Counseling was filled with Tracey Arrington-Edmonds.

DEPUTY EXECUTIVE DIRECTOR'S REPORT:

Discipline Report

Ms. Lang provided detailed discipline report's (Attachment A) and noted that IFC's have been scheduled through April 2016.

A new process for probable cause review has already been implemented and the laptops are an addition to this process. Board members receive an electronic copy of the case files to review which saves time and money.

Board members would like a report listing the type and status of the open discipline cases. Ms. Lang recommended putting together a spreadsheet of the cases signed by Dr. Brown. The other discipline cases will be monitored by staff and updated as needed. The type of open cases consist of probable cause review, an active Enforcement Department investigation, IFC, FH or Consent Order being processed by APD or compliance monitoring for licensees following a Board order. The current average per days to close a Board of Counseling discipline case is 284 days and the agency standard is 250 days. With the hiring of additional staff (Ms. Evans), the days should be reduced within the agency standards.

LICENSING MAMAGER'S REPORT

Licensing Report

Ms. Hyman provided detailed report (Attachment B) with license and

application statistics.

OLD BUSINESS

Proposed Regulations – CACREP Accreditation

New Board members were asked to voice their opinion prior to voting. Dr. Brendel supports the proposed regulations because it would protect the client seeking services from a professional counselor on a certain level. Other members does not fully support the proposed regulations because multiple counseling related tracks may not be a CACREP program but the coursework would meet the requirements for a counseling related program. Dr. Doyle supports the proposed regulations change because it would assist in not having to review education in detail as it is currently being done. Other Boards has a standard so why is it that the Board of Counseling does not have a standard. The access to CACREP programs is available in many states.

Ms. Yeatts informed the member that a decision would need to be made either, to accept or oppose the change. If opposed then it would need to go back through the process again. Motion was made to accept the proposed regulations and it was passed with 8 yea's and 5 nay's (1 member was absent).

NEW BUSINESS

Discussion - Clinical Counseling Services During Residency

Dr. Doyle wants to know does the Board approved supervisor have to continue supervision after an applicant has been approved to sit for the licensure examination. Ms. Malawer believes that there is a need for some level of supervision in order to protect the client, resident and licensed supervisor. The Regulatory Committee will discuss at their next scheduled meeting.

Addition questions: What happens when a resident stops obtaining supervision? What happens when a resident never starts supervision? When and how should it be reported? How can a resident eliminate the hardship that supervision may be causing them? All questions will be discussed at the next scheduled Regulatory Committee.

Reciprocity Agreement Review

Dr. Doyle suggested that rather than waiting for a national level the Board of Counseling should create their own process that would relieve some of the credential review process in order to license someone that has an equivalent license from another jurisdiction. Ms. Yeatts informed the Board that they are allowed to make an agreement with other jurisdictions. The Board of Psychology and other boards have compacts. Dr. Brendel would like the Board of Counseling to take the lead on making a compact with other jurisdictions. The Regulatory Committee will discuss at their next scheduled meeting.

ADJOURN: The meeting adjourned at 12:30 p.m.

This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Orders 17 (2014) and 58 (1999), and the *Virginia Register Form, Style, and Procedure Manual*.

Subject matter and intent

Please describe briefly the subject matter, intent, and goals of the planned regulatory action.

The issue to be addressed is the need of the Board of Counseling to increase their fees to cover expenses for essential functions of review of applications, licensing, investigation of complaints

against licensees, and adjudication and monitoring of disciplinary cases required for public health and safety in the Commonwealth.

§ 54.1-113 of the *Code of Virginia* requires that at the end of each biennium, an analysis of revenues and expenditures of each regulatory board shall be performed. It is necessary that each board have sufficient revenue to cover its expenditures. Since the fees from licensees will no longer generate sufficient funds to pay operating expenses for the Board, consideration of a fee increase is essential. In order to have sufficient funding for the operation of the Board by fiscal year 2018, it is necessary to begin the process of promulgating amendments to regulations.

Legal basis

Please identify the (1) the agency (includes any type of promulgating entity) and (2) the state and/or federal legal authority for the proposed regulatory action, including the most relevant citations to the Code of Virginia or General Assembly chapter number(s), if applicable. Your citation should include a specific provision, if any, authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency's overall regulatory authority.

Regulations of the Board of Counseling are promulgated under the general authority of Title 54.1, Chapter 24 of the Code of Virginia.

Chapter 24 establishes the general powers and duties of health regulatory boards including the responsibility to promulgate regulations in accordance with the Administrative Process Act which are reasonable and necessary and the authority to **levy and collect fees** that are **sufficient to cover all expenses** for the administration of a regulatory program.

§ 54.1-2400. General powers and duties of health regulatory boards.--The general powers and duties of health regulatory boards shall be:

5. To levy and collect fees for application processing, examination, registration, certification or licensure and renewal that are sufficient to cover all expenses for the administration and operation of the Department of Health Professions, the Board of Health Professions and the health regulatory boards.
6. To promulgate regulations in accordance with the Administrative Process Act (§ 9-6.14:1 et seq.) which are reasonable and necessary to administer effectively the regulatory system. Such regulations shall not conflict with the purposes and intent of this chapter or of Chapter 1 (§ 54.1-100 et seq.) and Chapter 25 (§ 54.1-2500 et seq.) of this title.

The **contemplated regulation is mandated by § 54.1-113**; however the board must exercise some discretion in the amount and type of fees that will be increased in order to comply with the statute.

§ 54.1-113. Regulatory boards to adjust fees.--Following the close of any biennium, when the account for any regulatory board within the Department of Professional and Occupational Regulation or the Department of Health Professions maintained under § 54.1-308 or § 54.1-2505 shows expenses allocated to it for the past biennium to be more than ten percent greater or less than moneys collected on behalf of the board, it shall revise the fees levied by it for certification or licensure and renewal thereof so that the fees are sufficient but not excessive to cover expenses.

Purpose

Please describe the specific reasons why the agency has determined that the proposed regulatory action is essential to protect the health, safety, or welfare of citizens. In addition, please explain any potential issues that may need to be addressed as the regulation is developed.

Fees charged to applicants and licensees of the Board of Counseling **have not been increased in over 15 years**. During that time period, there have been **four reductions in renewal fees**. Expenditures of the Board were not as great as projected largely because the Board has been substantially under-staffed. As staffing issues have been addressed, expenditures have increased and now exceed revenues. While the Board has maintained a positive cash balance due to carry-over revenue, expenditures exceeded revenue in FY15. The imbalance will continue to grow in the next biennium and beyond. Therefore, the Board will have a shortfall in its budget by 2018. Since it has taken in excess of four years to promulgate regulations for a fee increase for other boards, Counseling must begin the process of amending regulations to avoid the additional fee assessments that other boards had to adopt.

Without adequate revenue to support licensing and discipline functions, applicants cannot be approved for licensure in a timely manner thus depriving the citizens of the Commonwealth with some of the mental health services that are needed. Additionally, if there is a substantial backlog of disciplinary cases, public health and safety may be at risk by allowing practitioners guilty of unprofessional conduct to continue in practice for several months awaiting a review and adjudication of an investigative report.

Substance

Please briefly identify and explain the new substantive provisions that are being considered, the substantive changes to existing sections that are being considered, or both.

At this time, no specific regulatory language has been developed; the agency will develop alternative fee structures that will address the deficit in funding for the board to consider in its adoption of proposed regulations. The board will apply the Principles for Fee Development adopted by the agency in 1999 and amended in 2010 to ensure equitable distribution of costs and fees that are proportional to the activities they support.

Alternatives

The Department of Health Professions could consider two possible solutions to the anticipated deficit of the Board; they are as follows:

1. Increase fees through the promulgation of regulations.

As required by law, the board is obligated to establish and collect fees that are necessary to fund operations of the board and the Department. An alternative is to seek the revenue from licensees and applicants to fully fund appropriated expenditures. Costs of services will be paid by consumers who use the services of providers, but licensure fees represent a miniscule percentage of the over-all costs of health care. The cost of operation of regulatory boards does not significantly affect the cost or access to health care. However, failure to fully fund the licensing and disciplinary services through fees will have a detrimental effect on quality and availability of services.

2. Reduce department/board operations and staff and remain at current fee level.

In order to prevent deficit spending, the department would need to lay off staff to reduce expenses associated with operations. The net result being a delay in the performance of or the elimination of the following responsibilities:

- Investigations and discipline
- Examinations leading to license
- License renewals
- Regulation

Delays in licensing and investigation could place the public at risk as victims of unscrupulous practitioners and could increase costs as new licensees would not be available. It is believed that these consequences would not be acceptable to the administration, the General Assembly, or to the general public.

The Board of Counseling has been understaffed for several years; any further reduction would be extremely detrimental to the public. The consequence of understaffing has been substantial delays in licensing decisions and adjudication of disciplinary cases. To address the backlog of applications and cases, positions are being filled and expenditures of the Board are increasing and will continue to increase in the next several years. Therefore, the option of reductions in board operations and staffing is unacceptable and cannot be chosen.

Public participation

The agency is seeking comments on this regulatory action, including but not limited to: ideas to be considered in the development of this proposal, the costs and benefits of the alternatives stated in this background document or other alternatives, and the potential impacts of the regulation.

The agency is also seeking information on impacts on small businesses as defined in § 2.2-4007.1 of the Code of Virginia. Information may include: projected reporting, recordkeeping, and other administrative costs; the probable effect of the regulation on affected small businesses; and the description of less intrusive or costly alternatives for achieving the purpose of the regulation.

Anyone wishing to submit comments may do so via the Regulatory Townhall website , www.townhall.virginia.gov, or by mail, email or fax to Elaine Yeatts, Agency Regulatory Coordinator, 9960 Mayland Drive, Henrico, VA 23233 or elaine.yeatts@dhp.virginia.gov or by fax to (804) 527-4434. Written comments must include the name and address of the commenter. In order to be considered comments must be received by the last day of the public comment period.

A public hearing will be held following the publication of the proposed stage of this regulatory action and notice of the hearing will be posted on the Virginia Regulatory Town Hall website (<http://www.townhall.virginia.gov>) and on the Commonwealth Calendar website (<https://www.virginia.gov/connect/commonwealth-calendar>). Both oral and written comments may be submitted at that time.

A regulatory panel will not be used to develop proposed regulations.

Comment on Counseling review of regulations plan to limit supervisor availability

Thank you to the Board of Counseling for reviewing this consideration of planned regulation changes.

I noticed that the Board of Counseling Periodic Review draft regulations include changes to limit all hours of LPC supervision to only LPC's and LMFT's, and no longer accept hours from LCSW's or LCP's (as well as for LMFT supervision, but the change to LPC regulations will affect a larger number of individuals).

I did not see listed in the draft regulation a proposed effective date for when this change would take place, and how much notice would be given in the regulations for allowing existing and planned Residents to identify a new supervisor with the new limitations, if their current or planned LCSW supervisor will no longer be an option for any of the future hours after the change.

This will require many people to change supervisors earlier than the 100 hours limit currently in place, if not allowed to continue under regulations already registered under, as well as more burdens for new applications if needing to change, with more limited options for supervisors, and more burden on the Board to review the registrations of all of the people needing to change earlier than planned and all at once.

I hope that staff already approved for a registration under an LCSW supervisor would not have a gap in supervision due to the delay of finding and waiting for the Board to go through the process of so many people needing to make changes all at the same time. They could also experience a gap if needing to identify and register a new LPC supervisor earlier than planned if not permitted to continue with the 100 hours allowance currently in place.

Is there a plan for how the Board would accommodate those already registered, and the increased burden for the Board of Counseling of many Residents needing to change supervisors all at the same time, to avoid delays due to increased volume of Board reviews due to the change? If this change is made effective, giving advance notice, such as allowing those already registered with an LCSW to finish their eligible hours with them, and a year's notice past the effective date for more planning of those needing a change in the future, would help reduce this burden. As well as allowing staff adequate time to identify a new supervisor, and employers currently able to offer internal supervision time to look at alternative options when LCSW supervisors are no longer

available.

I am writing on behalf of those LPC Residents currently registered under myself as an LCSW, and those at our agency planning to register for licensure supervision in the future, where our agency is able to offer free supervision internally, but have more limited LPC qualified supervisors available as resources in addition to LCSW qualified supervisors (i.e. needing 2yrs post-licensed experience in addition to the 20hrs supervision training).

Thank you for your consideration of looking to plan for a smooth transition for the numerous current and potential LPC Residents who will be affected by this change, and our agency's wanting to plan our best to support for them to be able to continue the Resident in Counseling status without a gap due to a regulation change, and quickly allow new qualified Residents to register as qualified supervisors are available.

Lisa Iervolino, LCSW

Building into the regulation a plan for grandfathering existing residents, and a future date for implementation if this change is approved to allow for planning of available working with more limited resources in the future, as well as the Board allowing time for the increased volume it will encounter with more registration changes earlier than planned, will allow for a smoother transition and support for Residents to remain in compliance with regulations during a possible period of change in regulations.

Comment on Proposed Changes in LMFT Regulations

Thank you to the Board for the periodic review of the regulations covering the professions over which the Board has jurisdiction. As an MFT educator, I am particularly happy to see clarification of the relationship between residency hours and master's level internship hours and the resolution of what has been a confusing situation. At the same time, I am writing to ask that the Board reconsider the language in 18VAC-115-50-55 Section 10 (LMFT Regulations) that requires that Master's "internship hours shall not begin until completion of 30 semester hours toward the Master's degree." This specification of when students may begin the internship is likely to impose difficulty on MFT programs where COAMFTE accreditation criteria require 500 client contact hours. That is more than twice the number of client contact hours required by the revised regulations.

Not allowing students to begin the internship hours until after the completion of 30 credit hours means that students will not be able to finish their degrees in as timely a fashion as they are now, creating a burden for them when they are meeting twice the required number of client contact hours. I would ask that the Board not specify when the internship should begin and leave this to the discretion of the program. MFT education has historically been based on an apprenticeship model in which students begin closely supervised clinical work - usually in a clinic operated by the program - earlier in their program than is true in other disciplines. This model has been very successful in training competent practitioners in the past and I believe we can continue to rely on it. A similar change could also be made in the LPC regulations to preserve the alignment of regulations across disciplines that has been an on-going concern for the Board. I believe that one genesis of this proposed change in the internship is to make Master's internship hours equivalent to the residency hours for which they are in essence being substituted. If the Board members believe that this is an important provision to preserve, I would ask that the language be changed to state that applicants for licensure must have completed an internship and that at least 600 of the internship hours (including 240 hours of client contact of which 200 are with couples and families) occur after the completion of 30 credit hours. This does not limit when students can begin the internship but insures that at least 600 of their hours meet the requirement for internship hours applied toward residency in the current regulations.

If the Board proposes to accept the proposed change to the internship as well as the other changes to course requirements in the proposed revision, I would also ask that the Board make some provision for delayed implementation of the regulations in order to give programs time to meet them. It is possible that a student who is currently enrolled in a program like ours that satisfies all of the current regulations could apply under the new regulations and not meet the educational requirements.

Thank you for your consideration of my request.

"Face-to-face" means the in-person delivery of clinical counseling services for a client.

"Group supervision" means the process of clinical supervision of no more than six persons in a group setting provided by a qualified supervisor.

"Internship" means a formal academic course from a regionally accredited college or university in which supervised, practical experience is obtained in a clinical setting in the application of counseling principles, methods, and techniques.

"Jurisdiction" means a state, territory, district, province, or country that has granted a professional certificate or license to practice a profession, use a professional title, or hold oneself out as a practitioner of that profession.

"Nonexempt setting" means a setting that does not meet the conditions of exemption from the requirements of licensure to engage in the practice of counseling as set forth in § 54.1-3501 of the Code of Virginia.

"Regional accrediting agency" means one of the regional accreditation agencies recognized by the United States Secretary of Education responsible for accrediting senior postsecondary institutions.

"Residency" means a post-graduate, supervised, clinical experience registered with the board.

"Resident" means an individual who has submitted a supervisory contract and has received board approval to provide clinical services in professional counseling under supervision.

"Supervision" means the ongoing process performed by a supervisor who monitors the performance of the person supervised and provides regular, documented individual or group consultation, guidance, and instruction that is specific to the clinical counseling services being performed with respect to the clinical skills and competencies of the person supervised.

Part II

Requirements for Licensure

18VAC115-20-40. Prerequisites for licensure by examination.

Every applicant for licensure examination by the board shall:

1. Meet the degree program requirements prescribed in 18VAC115-20-49, the course work requirements prescribed in 18VAC115-20-51, and the experience requirements prescribed in 18VAC115-20-52;
2. Pass the licensure examination specified by the board;
3. Submit the following to the board:
 - a. A completed application;
 - b. Official transcripts documenting the applicant's completion of the degree program and coursework requirements prescribed in 18VAC115-20-49 and 18VAC115-20-51. Transcripts previously submitted for registration of supervision do not have to be resubmitted unless additional coursework was subsequently obtained;
 - c. Verification of Supervision forms documenting fulfillment of the residency requirements of 18VAC115-20-52 and copies of all required evaluation forms, including verification of current licensure of the supervisor if any portion of the residency occurred in another jurisdiction;
 - d. Verification of any other mental health or health professional license or certificate ever held in another jurisdiction; and
 - e. The application processing and initial licensure fee as prescribed in 18VAC115-20-20; and
 - f. A current report from the U. S. Department of Health and Human Services Data Bank (NPDB); and
4. Have no unresolved disciplinary action against a mental health or health professional license or certificate held in Virginia or in another jurisdiction. The board will consider history of disciplinary action on a case-by-case basis.

18VAC115-20-45. Prerequisites for licensure by endorsement.

A. Every applicant for licensure by endorsement shall hold or have held a professional counselor license in another jurisdiction of the United States and shall submit the following:

1. A completed application;
2. The application processing fee and initial licensure fee as prescribed in 18VAC115-20-20;
3. Verification of all mental health or health professional licenses or certificates ever held in any other jurisdiction. In order to qualify for endorsement the applicant shall have no

unresolved action against a license or certificate. The board will consider history of disciplinary action on a case-by-case basis;

4. Documentation of having completed education and experience requirements as specified in subsection B of this section;

5. Verification of a passing score on an examination required for counseling licensure in the jurisdiction in which licensure was obtained;

6. A current report from the U. S. Department of Health and Human Services Data Bank (NPDB); and

7. An affidavit of having read and understood the regulations and laws governing the practice of professional counseling in Virginia.

B. Every applicant for licensure by endorsement shall meet one of the following:

1. Educational requirements consistent with those specified in 18VAC115-20-49 and 18VAC115-20-51 and experience requirements consistent with those specified in 18VAC115-20-52; or

2. If an applicant does not have educational and experience credentials consistent with those required by this chapter, he shall provide:

a. Documentation of education and supervised experience that met the requirements of the jurisdiction in which he was initially licensed as verified by an official transcript and a certified copy of the original application materials; and

b. Evidence of post-licensure clinical practice in counseling, as defined in § 54.1-3500 of the Code of Virginia, for 24 of the last 60 months immediately preceding his licensure application in Virginia. Clinical practice shall mean the rendering of direct clinical counseling services or clinical supervision of counseling services.

3. In lieu of transcripts verifying education and documentation verifying supervised experience, the board may accept verification from the credentials registry of the American Association of State Counseling Boards or any other board-recognized entity.

18VAC115-20-49. Degree program requirements.

A. The applicant shall have completed a graduate degree from a program that prepares individuals to practice counseling, as defined in § 54.1-3500 of the Code of Virginia, which is offered by a college or university accredited by a regional accrediting agency and which meets the following criteria:

1. There must be a sequence of academic study with the expressed intent to prepare counselors as documented by the institution;

2. There must be an identifiable counselor training faculty and an identifiable body of students who complete that sequence of academic study; and

3. The academic unit must have clear authority and primary responsibility for the core and specialty areas.

B. Programs that are approved by CACREP or CORE are recognized as meeting the requirements of subsection A of this section.

18VAC115-20-51. Coursework requirements.

A. The applicant shall have successfully completed 60 semester hours or 90 quarter hours of graduate study in the following core coursework with a minimum of three semester hours or 4.0 quarter hours in each of subdivisions 1 through 12 of this subsection:

1. Professional counseling identity, function, and ethics;

2. Theories of counseling and psychotherapy;

3. Counseling and psychotherapy techniques;

4. Human growth and development;
5. Group counseling and psychotherapy theories and techniques;
6. Career counseling and development theories and techniques;
7. Appraisal, evaluation, and diagnostic procedures;
8. Abnormal behavior and psychopathology;
9. Multicultural counseling theories and techniques;
10. Research;
11. Diagnosis and treatment of addictive disorders;
12. Marriage and family systems theory; and
13. Supervised internship of at least 600 hours to include 240 hours of face-to-face client contact. Internship hours shall not begin until completion of 30 semester hours toward the graduate degree.

B. If 60 graduate hours in counseling were completed prior to April 12, 2000, the board may accept those hours if they meet the regulations in effect at the time the 60 hours were completed.

18VAC115-20-52. Residency.

A. Registration. Applicants who render counseling services shall:

1. With their supervisor, register their supervisory contract on the appropriate forms for board approval before starting to practice under supervision;
2. Have submitted an official transcript documenting a graduate degree as specified in 18VAC115-20-49 to include completion of the coursework and internship requirement specified in 18VAC115-20-51; and
3. Pay the registration fee.

B. Residency requirements.

1. The applicant for licensure shall have completed a 3,400-hour supervised residency in the role of a professional counselor working with various populations, clinical problems, and theoretical approaches in the following areas:
 - a. Assessment and diagnosis using psychotherapy techniques;
 - b. Appraisal, evaluation, and diagnostic procedures;
 - c. Treatment planning and implementation;
 - d. Case management and recordkeeping;
 - e. Professional counselor identity and function; and
 - f. Professional ethics and standards of practice.
2. The residency shall include a minimum of 200 hours of in-person supervision between supervisor and resident in the consultation and review of clinical counseling services provided by the resident. Supervision shall occur at a minimum of one hour and a maximum of four hours per 40 hours of work experience during the period of the residency. For the purpose of meeting the 200-hour supervision requirement, in-person may include the use of secured technology that maintains client confidentiality and provides real-time, visual contact between the supervisor and the resident. Up to 20 hours of the supervision received during the supervised internship may be counted towards the 200 hours of in-person supervision, if the supervision was provided by a licensed professional counselor.
3. No more than half of the 200 hours may be satisfied with group supervision. One hour of group supervision will be deemed equivalent to one hour of individual supervision.

4. Supervision that is not concurrent with a residency will not be accepted, nor will residency hours be accrued in the absence of approved supervision.

5. The residency shall include at least 2,000 hours of face-to-face client contact in providing clinical counseling services. The remaining hours may be spent in the performance of ancillary counseling services.

6. A graduate-level internship in excess of 600 hours, which was completed in a program that meets the requirements set forth in 18VAC115-20-49, may count for up to an additional 300 hours towards the requirements of a residency.

7. The residency shall be completed in not less than 18 months or more than four years. Residents who began a residency before (effective date of the regulation) shall complete the residency by (four years after the effective date). An individual who does not complete the residency after four years shall submit evidence to the board showing why the supervised experience should be allowed to continue.

8. The board may consider special requests in the event that the regulations create an undue burden in regard to geography or disability that limits the resident's access to qualified supervision.

9. Residents may not call themselves professional counselors, directly bill for services rendered, or in any way represent themselves as independent, autonomous practitioners or professional counselors. During the residency, residents shall use their names and the initials of their degree, and the title "Resident in Counseling" in all written communications. Clients shall be informed in writing of the resident's status and the supervisor's name, professional address, and phone number.

10. Residents shall not engage in practice under supervision in any areas for which they have not had appropriate education.

11. Residency hours approved by the licensing board in another U. S. jurisdiction, which meet the requirements of this section, shall be accepted.

C. Supervisory qualifications. A person who provides supervision for a resident in professional counseling shall:

1. Document two years of post-licensure clinical experience;

2. Have received professional training in supervision, consisting of three credit hours or 4.0 quarter hours in graduate-level coursework in supervision or at least 20 hours of continuing education in supervision offered by a provider approved under 18VAC115-20-106; and

3. Shall hold an active, unrestricted license as a professional counselor or a marriage and family therapist in the jurisdiction where the supervision is being provided. At least 100 hours of the supervision shall be rendered by a licensed professional counselor.

D. Supervisory responsibilities.

1. Supervision by any individual whose relationship to the resident compromises the objectivity of the supervisor is prohibited.

2. The supervisor of a resident shall assume full responsibility for the clinical activities of that resident specified within the supervisory contract for the duration of the residency.

3. The supervisor shall complete evaluation forms to be given to the resident at the end of each three-month period.

4. The supervisor shall report the total hours of residency and shall evaluate the applicant's competency in the six areas stated in subdivision B 1 of this section.

5. The supervisor shall provide supervision as defined in 18VAC115-20-10.

Part III
Examinations

18VAC115-20-70. General examination requirements; schedules; time limits.

- A. Every applicant for initial licensure by examination by the board as a professional counselor shall pass a written examination as prescribed by the board.
- B. Every applicant for licensure by endorsement shall have passed a licensure examination in the jurisdiction in which licensure was obtained.
- C. A candidate approved to sit for the examination shall pass the examination within two years from the date of such initial approval. If the candidate has not passed the examination by the end of the two-year period here prescribed:
 - 1. The initial approval to sit for the examination shall then become invalid; and
 - 2. The applicant shall file a new application with the board, meet the requirements in effect at that time, and provide evidence of why the board should approve the re-application for examination. If approved by the board, the applicant shall pass the examination within two years of such approval. If the examination is not passed within the additional two-year period, a new application will not be accepted.
- D. The board shall establish a passing score on the written examination.
- E. A candidate for examination or an applicant shall not provide clinical counseling services unless he is under supervision approved by the board.

Part V

Standards of Practice; Unprofessional Conduct; Disciplinary Actions; Reinstatement

18VAC115-20-130. Standards of practice.

- A. The protection of the public health, safety, and welfare and the best interest of the public shall be the primary guide in determining the appropriate professional conduct of all persons whose activities are regulated by the board. Regardless of the delivery method, whether in person, by phone, or electronically, these standards shall apply to the practice of counseling.
- B. Persons licensed or registered by the board shall:
 - 1. Practice in a manner that is in the best interest of the public and does not endanger the public health, safety, or welfare;
 - 2. Practice only within the boundaries of their competence, based on their education, training, supervised experience, and appropriate professional experience and represent their education, training, and experience accurately to clients;
 - 3. Stay abreast of new counseling information, concepts, applications, and practices that are necessary to providing appropriate, effective professional services;
 - 4. Be able to justify all services rendered to clients as necessary and appropriate for diagnostic or therapeutic purposes;
 - 5. Document the need for and steps taken to terminate a counseling relationship when it becomes clear that the client is not benefiting from the relationship. Document the assistance provided in making appropriate arrangements for the continuation of treatment for clients, when necessary, following termination of a counseling relationship;
 - 6. Make appropriate arrangements for continuation of services, when necessary, during interruptions such as vacations, unavailability, relocation, illness, and disability;
 - 7. Disclose to clients all experimental methods of treatment and inform clients of the risks and benefits of any such treatment. Ensure that the welfare of the clients is in no way compromised in any experimentation or research involving those clients;

8. Neither accept nor give commissions, rebates, or other forms of remuneration for referral of clients for professional services;

9. Inform clients of the purposes, goals, techniques, procedures, limitations, potential risks, and benefits of services to be performed; the limitations of confidentiality; and other pertinent information when counseling is initiated and throughout the counseling process as necessary. Provide clients with accurate information regarding the implications of diagnosis, the intended use of tests and reports, fees, and billing arrangements;

10. Select tests for use with clients that are valid, reliable, and appropriate and carefully interpret the performance of individuals not represented in standardized norms;

11. Determine whether a client is receiving services from another mental health service provider, and if so, refrain from providing services to the client without having an informed consent discussion with the client and having been granted communication privileges with the other professional;

12. Use only in connection with one's practice as a mental health professional those educational and professional degrees or titles that have been earned at a college or university accredited by an accrediting agency recognized by the United States Department of Education, or credentials granted by a national certifying agency, and that are counseling in nature; and

13. Advertise professional services fairly and accurately in a manner that is not false, misleading, or deceptive.

C. In regard to patient records, persons licensed by the board shall:

1. Maintain written or electronic clinical records for each client to include treatment dates and identifying information to substantiate diagnosis and treatment plan, client progress, and termination;

2. Maintain client records securely, inform all employees of the requirements of confidentiality, and provide for the destruction of records that are no longer useful in a manner that ensures client confidentiality;

3. Disclose or release records to others only with the client's expressed written consent or that of the client's legally authorized representative in accordance with § 32.1-127.1:03 of the Code of Virginia;

4. Ensure confidentiality in the usage of client records and clinical materials by obtaining informed consent from the client or the client's legally authorized representative before (i) videotaping, (ii) audio recording, (iii) permitting third party observation, or (iv) using identifiable client records and clinical materials in teaching, writing, or public presentations; and

5. Maintain client records for a minimum of five years or as otherwise required by law from the date of termination of the counseling relationship with the following exceptions:

a. At minimum, records of a minor child shall be maintained for five years after attaining the age of majority (18) or 10 years following termination, whichever comes later;

b. Records that are required by contractual obligation or federal law to be maintained for a longer period of time; or

c. Records that have been transferred to another mental health service provider or given to the client or his legally authorized representative.

D. In regard to dual relationships, persons licensed by the board shall:

1. Avoid dual relationships with clients that could impair professional judgment or increase the risk of harm to clients. Examples of such relationships include, but are not limited to, familial, social, financial, business, bartering, or close personal relationships with clients. Counselors shall take appropriate professional precautions when a dual relationship cannot be avoided, such as informed consent, consultation, supervision, and documentation to ensure that judgment is not impaired and no exploitation occurs;

2. Not engage in any type of romantic relationships or sexual intimacies with clients or those included in a collateral relationship with the client and not counsel persons with whom they have had a romantic relationship or sexual intimacy. Counselors shall not engage in romantic relationships or sexual intimacies with former clients within a minimum of five years after terminating the counseling relationship. Counselors who engage in such relationship or intimacy after five years following termination shall have the responsibility to examine and document thoroughly that such relations do not have an exploitive nature, based on factors such as duration of counseling, amount of time since counseling, termination circumstances, client's personal history and mental status, or adverse impact on the client. A client's consent to, initiation of, or participation in sexual behavior or involvement with a counselor does not change the nature of the conduct nor lift the regulatory prohibition;

3. Not engage in any romantic relationship or sexual intimacy or establish a counseling or psychotherapeutic relationship with a supervisee or student. Counselors shall avoid any nonsexual dual relationship with a supervisee or student in which there is a risk of exploitation or potential harm to the supervisee or student or the potential for interference with the supervisor's professional judgment; and

4. Recognize conflicts of interest and inform all parties of the nature and directions of loyalties and responsibilities involved.

E. Persons licensed by this board shall report to the board known or suspected violations of the laws and regulations governing the practice of professional counseling.

F. Persons licensed by the board shall advise their clients of their right to report to the Department of Health Professions any information of which the licensee may become aware in his professional capacity indicating that there is a reasonable probability that a person licensed or certified as a mental health service provider, as defined in § 54.1-2400.1 of the Code of Virginia, may have engaged in unethical, fraudulent, or unprofessional conduct as defined by the pertinent licensing statutes and regulations.

3. Pay the registration fee.

B. Residency requirements.

1. The applicant shall have completed no fewer than 3,400 hours of supervised residency in the role of a marriage and family therapist, to include 200 hours of in-person supervision with the supervisor in the in the consultation and review of marriage and family services provided by the resident. For the purpose of meeting the 200 hours of supervision required for a residency, in-person may also include the use of technology that maintains client confidentiality and provides real-time, visual contact between the supervisor and the resident. At least one-half of the 200 hours of supervision shall be rendered by a licensed marriage and family therapist.

a. Residents shall receive a minimum of one hour and a maximum of four hours of supervision for every 40 hours of supervised work experience.

b. No more than 100 hours of the supervision may be acquired through group supervision, with the group consisting of no more than six residents. One hour of group supervision will be deemed equivalent to one hour of individual supervision.

c. Up to 20 hours of the supervision received during the supervised internship may be counted towards the 200 hours of in-person supervision, if the supervision was provided by a licensed marriage and family therapist or a licensed professional counselor.

2. The residency shall include documentation of at least 2,000 hours in clinical marriage and family services of which 1,000 hours shall be face-to-face client contact with couples or families or both. The remaining hours may be spent in the performance of ancillary counseling services. For applicants who hold current, unrestricted licensure as a professional counselor, clinical psychologist or clinical social worker, the remaining hours may be waived.

3. The residency shall consist of practice in the core areas set forth in 18VAC115-50-55.

4. The residency shall begin after the completion of a master's degree in marriage and family therapy or a related discipline as set forth in 18VAC115-50-50.

5. A graduate-level internship in excess of 600 hours, which was completed in a program that meets the requirements set forth in 18VAC115-50-50, may count for up to an additional 300 hours towards the requirements of a residency.

6. The board may consider special requests in the event that the regulations create an undue burden in regard to geography or disability which limits the resident's access to qualified supervision.

7.

Residents shall not call themselves marriage and family therapists, directly bill for services rendered or in any way represent themselves as marriage and family therapists. During the residency, they may use their names, the initials of their degree and the title

"Resident in Marriage and Family Therapy." Clients shall be informed in writing of the resident's status, along with the name, address and telephone number of the resident's supervisor.

8. Residents shall not engage in practice under supervision in any areas for which they do not have appropriate education.

9. The residency shall be completed in not less than 18 months or more than four years. Residents who began a residency before (effective date of the regulation) shall complete the residency by (four years after the effective date). An individual who does not complete the residency after four years shall submit evidence to the board showing why the supervised experience should be allowed to continue.

10. Residency hours which are approved by the licensing board in another U. S. jurisdiction and which meet the requirements of this section shall be accepted.

C. Supervisory qualifications. A person who provides supervision for a resident in marriage and family therapy shall:

1. Hold an active, unrestricted license as a marriage and family therapist or professional counselor in the jurisdiction where the supervision is being provided;

2. Document two years post-licensure marriage and family therapy experience;

3. Have received professional training in supervision, consisting of three credit hours or 4.0 quarter hours in graduate-level coursework in supervision or at least 20 hours of continuing education in supervision offered by a provider approved under 18VAC115-50-96. At least one-half of the 200 hours of supervision shall be rendered by a licensed marriage and family therapist.

D. Supervisory responsibilities.

1. The supervisor shall complete evaluation forms to be given to the resident at the end of each three-month period. The supervisor shall report the total hours of residency and evaluate the applicant's competency to the board.

2. Supervision by an individual whose relationship to the resident is deemed by the board to compromise the objectivity of the supervisor is prohibited.

3. The supervisor shall provide supervision as defined in 18VAC115-50-10 and shall assume full responsibility for the clinical activities of residents as specified within the supervisory contract, for the duration of the residency.

18VAC115-50-70. General examination requirements.

A. All applicants for initial licensure shall pass an examination, with a passing score as determined by the board. The examination is waived for an applicant who holds a current and unrestricted license as a professional counselor issued by the board.

B. The examination shall concentrate on the core areas of marriage and family therapy set forth in subsection A of 18VAC115-50-55.

C. A candidate approved to sit for the examination shall pass the examination within two years from the initial notification date of approval. If the candidate has not passed the examination within two years from the date of initial approval:

1. The initial approval to sit for the examination shall then become invalid; and

2. The applicant shall file a new application with the board, meet the requirements in effect at that time, and provide evidence of why the board should approve the re-application for examination. If approved by the board, the candidate shall pass the examination within two years of such approval. If the examination is not passed within the additional two-year period, a new application will not be accepted.

D. Applicants or candidates for examination shall not provide marriage and family services unless they are under supervision approved by the board.

18VAC115-50-90. Annual renewal of license.

A. All licensees shall renew licenses on or before June 30 of each year.

B. All licensees who intend to continue an active practice shall submit to the board on or before June 30 of each year:

1. A completed form for renewal of the license on which the licensee attests to compliance with the continuing competency requirements prescribed in this chapter; and
2. The renewal fee prescribed in 18VAC115-50-20.

C. A licensee who wishes to place his license in an inactive status may do so upon payment of the inactive renewal fee as established in 18VAC115-50-20. No person shall practice marriage and family therapy in Virginia unless he holds a current active license. A licensee who has placed himself in inactive status may become active by fulfilling the reactivation requirements set forth in 18VAC115-50-100 C.

D. Licensees shall notify the board of a change in the address of record or the public address, if different from the address of record within 60 days. Failure to receive a renewal notice from the board shall not relieve the license holder from the renewal requirement.

E. After the renewal date, the license is expired; practice with an expired license is prohibited and may constitute grounds for disciplinary action.

18VAC115-50-95. Continued competency requirements for renewal of a license.

A. Marriage and family therapists shall be required to have completed a minimum of 20 hours of continuing competency for each annual licensure renewal. A minimum of two of these hours shall be in courses that emphasize the ethics, standards of practice or laws governing behavioral science professions in Virginia.

B. The board may grant an extension for good cause of up to one year for the completion of continuing competency requirements upon written request from the licensee prior to the renewal date. Such extension shall not relieve the licensee of the continuing competency requirement.

C. The board may grant an exemption for all or part of the continuing competency requirements due to circumstances beyond the control of the licensee such as temporary disability, mandatory military service, or officially declared disasters.

D. Those individuals dually licensed by this board will not be required to obtain continuing competency for each license. Dually licensed individual will only be required to provide the hours set out in subsection A of this section or subsection A of 18VAC115-20-105 in the Regulations Governing the Practice of Professional Counseling, or subsection A of 18VAC115-60-115 in the Regulations Governing the Practice of Licensed Substance Abuse Treatment Practitioners.

 - (2) Publication of books. Activity will count for a maximum of 18 hours.

(3) Presentations. Activity will count for a maximum of eight hours. The same presentations may be used only once in a two-year period. Only actual presentation time may be counted.

(4) New program development activity will count for a maximum of eight hours. New program development includes a new course, seminar, or workshop. New courses shall be graduate or undergraduate level college or university courses.

b. Dissertation. Activity will count for a maximum of 18 hours. Dissertation credit may only be counted once.

c. Clinical supervision/consultation. Activity will count for a maximum of ten hours. Continuing competency can only be granted for clinical supervision/consultation received on a regular basis with a set agenda. Continuing competency cannot be granted for supervision that you provide to others.

d. Leadership. Activity will count for a maximum of eight hours. The following leadership positions are acceptable for continuing competency credit: officers of state or national counseling organization; editor and/or reviewer of professional counseling journals; member of state counseling licensure/certification board; member of a national counselor certification board; member of a national ethics disciplinary review committee rendering licenses; active member of a counseling committee producing a substantial written product; chair of a major counseling conference or convention; other leadership positions with justifiable professional learning experiences. The leadership positions must take place for a minimum of one year after the date of first licensure.

e. Practice related programs. Activity will count up to a maximum of eight hours. The board may allow up to eight contact hours of continuing competency as long as the regulant submits proof of attendance plus a written justification of how the activity assists him in his direct service of his clients. Examples include language courses, software training, medical topics, etc.

18VAC115-50-100. Late renewal, reinstatement.

A. A person whose license has expired may renew it within one year after its expiration date by paying the late fee prescribed in 18VAC115-50-20 as well as the license fee prescribed for the period the license was not renewed and providing evidence of having met all applicable continuing competency requirements.

B. A person seeking reinstatement of a license one year or more after its expiration date must:

1. Apply for reinstatement and pay the reinstatement fee;
2. Submit documentation of any mental health license he holds or has held in another jurisdiction, if applicable;
3. Submit evidence regarding the continued ability to perform the functions within the scope of practice of the license, if required by the board to demonstrate competency; and
4. Provide evidence of having met all applicable continuing competency requirements not to exceed a maximum of 80 hours, obtained within the four years immediately preceding application for reinstatement.

C. A person wishing to reactivate an inactive license shall submit (i) the renewal fee for active licensure minus any fee already paid for inactive licensure renewal and (ii) documentation of continued competency hours equal to the number of years the license has been inactive, not to exceed a maximum of 80 hours, obtained within the four years immediately preceding

application for reinstatement. The board may require additional evidence regarding the person's continued ability to perform the functions within the scope of practice of the license.

18VAC115-50-110. Standards of practice.

A. The protection of the public's health, safety and welfare and the best interest of the public shall be the primary guide in determining the appropriate professional conduct of all persons whose activities are regulated by the board. Regardless of the delivery method, whether in person, by phone or electronically, these standards shall apply to the practice of marriage and family therapy.

B. Persons licensed or registered by the board shall:

1. Practice in a manner that is in the best interest of the public and does not endanger the public health, safety, or welfare;
2. Practice only within the boundaries of their competence, based on their education, training, supervised experience and appropriate professional experience and represent their education, training, and experience accurately to clients;
3. Stay abreast of new marriage and family therapy information, concepts, applications and practices that are necessary to providing appropriate, effective professional services;
4. Be able to justify all services rendered to clients as necessary and appropriate for diagnostic or therapeutic purposes;
5. Document the need for and steps taken to terminate a counseling relationship when it becomes clear that the client is not benefiting from the relationship. Document the assistance provided in making appropriate arrangements for the continuation of treatment for clients, when necessary, following termination of a counseling relationship;
6. Make appropriate arrangements for continuation of services, when necessary, during interruptions such as vacations, unavailability, relocation, illness, and disability;
7. Disclose to clients all experimental methods of treatment and inform client of the risks and benefits of any such treatment. Ensure that the welfare of the client is not compromised in any experimentation or research involving those clients;
8. Neither accept nor give commissions, rebates or other forms of remuneration for referral of clients for professional services;
9. Inform clients of the purposes, goals, techniques, procedures, limitations, potential risks, and benefits of services to be performed; the limitations of confidentiality; and other pertinent information when counseling is initiated and throughout the counseling process as necessary. Provide clients with accurate information regarding the implications of diagnosis, the intended use of tests and reports, fees, and billing arrangements;
10. Select tests for use with clients that are valid, reliable and appropriate and carefully interpret the performance of individuals not represented in standardized norms;
11. Determine whether a client is receiving services from another mental health service provider, and if so, refrain from providing services to the client without having an informed consent discussion with the client and having been granted communication privileges with the other professional;
12. Use only in connection with one's practice as a mental health professional those educational and professional degrees or titles that have been earned at a college or university accredited by an accrediting agency recognized by the United States Department of Education, or credentials granted by a national certifying agency, and that are counseling in nature; and

13. Advertise professional services fairly and accurately in a manner that is not false, misleading or deceptive.

C. In regard to patient records, persons licensed by the board shall:

1. Maintain written or electronic clinical records for each client to include treatment dates and identifying information to substantiate diagnosis and treatment plan, client progress, and termination;

2. Maintain client records securely, inform all employees of the requirements of confidentiality and provide for the destruction of records that are no longer useful in a manner that ensures client confidentiality;

3. Disclose or release client records to others only with clients' expressed written consent or that of their legally authorized representative in accordance with § 32.1-127.1:03 of the Code of Virginia;

4. Ensure confidentiality in the usage of client records and clinical materials by obtaining informed consent from clients or their legally authorized representative before (i) videotaping, (ii) audio recording, (iii) permitting third party observation, or (iv) using identifiable client records and clinical materials in teaching, writing, or public presentations; and

5. Maintain client records for a minimum of five years or as otherwise required by law from the date of termination of the counseling relationship with the following exceptions:

a. At minimum, records of a minor child shall be maintained for five years after attaining the age of majority (18) or 10 years following termination, whichever comes later;

b. Records that are required by contractual obligation or federal law to be maintained for a longer period of time; or

c. Records that have transferred to another mental health service provider or given to the client or his legally authorized representative.

D. In regard to dual relationships, persons licensed by the board shall:

1. Avoid dual relationships with clients that could impair professional judgment or increase the risk of harm to clients. Examples of such relationships include, but are not limited to, familial, social, financial, business, bartering, or close personal relationships with clients. Marriage and family therapists shall take appropriate professional precautions when a dual relationship cannot be avoided, such as informed consent, consultation, supervision, and documentation to ensure that judgment is not impaired and no exploitation occurs;

2. Not engage in any type of romantic relationships or sexual intimacies with clients or those included in a collateral relationship with the client and also not counsel persons with whom they have had a sexual intimacy or romantic relationship. Marriage and family therapists shall not engage in romantic relationships or sexual intimacies with former clients within a minimum of five years after terminating the counseling relationship. Marriage and family therapists who engage in such relationship or intimacy after five years following termination shall have the responsibility to examine and document thoroughly that such relations do not have an exploitive nature, based on factors such as duration of counseling, amount of time since counseling, termination circumstances, client's personal history and mental status, or adverse impact on the client. A client's consent to, initiation of or participation in sexual behavior or involvement with a marriage and family therapist does not change the nature of the conduct nor lift the regulatory prohibition;

3. Not engage in any romantic relationships or sexual relationship or establish a counseling or psychotherapeutic relationship with a supervisee or student. Marriage and family therapists shall avoid any nonsexual dual relationship with a supervisee or student in which there is a risk of exploitation or potential harm to the supervisee or student or the potential for interference with the supervisor's professional judgment; and

4. Recognize conflicts of interest and inform all parties of the nature and directions of loyalties and responsibilities involved.

E. Persons licensed by this board shall report to the board known or suspected violations of the laws and regulations governing the practice of marriage and family therapy.

F. Persons licensed by the board shall advise their clients of their right to report to the Department of Health Professions any information of which the licensee may become aware in his professional capacity indicating that there is a reasonable probability that a person licensed or certified as a mental health service provider, as defined in § 54.1-2400.1 of the Code of Virginia, may have engaged in unethical, fraudulent or unprofessional conduct as defined by the pertinent licensing statutes and regulations.

18VAC115-50-120. Disciplinary action.

A. Action by the board to revoke, suspend, deny issuance or removal of a license, or take other disciplinary action may be taken in accordance with the following:

1. Conviction of a felony, or of a misdemeanor involving moral turpitude, or violation of or aid to another in violating any provision of Chapter 35 (§ 54.1-3500 et seq.) of Title 54.1 of the Code of Virginia, any other statute applicable to the practice of marriage and family therapy, or any provision of this chapter;

2. Procurement of a license, including submission of an application or supervisory forms, by fraud or misrepresentation;

3. Conducting one's practice in such a manner as to make it a danger to the health and welfare of one's clients or the general public or if one is unable to practice marriage and family therapy with reasonable skill and safety to clients by reason of illness, abusive use of alcohol, drugs, narcotics, chemicals, or other type of material or result of any mental or physical condition;

4. Intentional or negligent conduct that causes or is likely to cause injury to a client or clients;

5. Performance of functions outside the demonstrable areas of competency;

6. Violating or abetting another person in the violation of any provision of any statute applicable to the practice of marriage and family therapy, or any part or portion of this chapter;

7. Failure to comply with the continued competency requirements set forth in this chapter; or

8. Performance of an act likely to deceive, defraud, or harm the public.

B. Following the revocation or suspension of a license, the licensee may petition the board for reinstatement upon good cause shown or as a result of substantial new evidence having been obtained that would alter the determination reached.

Part II

Requirements for Licensure

18VAC115-60-40. Application for licensure by examination.

Every applicant for licensure by examination by the board shall:

1. Meet the degree program, course work and experience requirements prescribed in 18VAC115-60-60, 18VAC115-60-70 and 18VAC115-60-80;
2. Pass the examination required for initial licensure as prescribed in 18VAC115-60-90;
3. Submit the following items to the board:
 - a. A completed application;
 - b. Official transcripts documenting the applicant's completion of the degree program and course work requirements prescribed in 18VAC115-60-60 and 18VAC115-60-70. Transcripts previously submitted for registration of supervision do not have to be resubmitted unless additional coursework was subsequently obtained;
 - c. Verification of supervision forms documenting fulfillment of the residency requirements of 18VAC115-60-80 and copies of all required evaluation forms, including verification of current licensure of the supervisor of any portion of the residency occurred in another jurisdiction;

- d. Documentation of any other mental health or health professional license or certificate ever held in another jurisdiction;
 - e. The application processing and initial licensure fee as prescribed in 18VAC115-60-20; and
 - f. A current report from the U. S. Department of Health and Human Services Data Bank (NPDB); and
4. Have no unresolved disciplinary action against a mental health or health professional license or certificate held in Virginia or in another jurisdiction. The board will consider history of disciplinary action on a case-by-case basis.

18VAC115-60-50. Prerequisites for licensure by endorsement.

- A. Every applicant for licensure by endorsement shall submit:
- 1. A completed application;
 - 2. The application processing and initial licensure fee as prescribed in 18VAC115-60-20;
 - 3. Verification of all mental health or health professional licenses or certificates ever held in any other jurisdiction. In order to qualify for endorsement, the applicant shall have no unresolved disciplinary action against a license or certificate. The board will consider history of disciplinary action on a case-by-case basis;
 - 4. Further documentation of one of the following:
 - a. A current substance abuse treatment license in good standing in another jurisdiction obtained by meeting requirements substantially equivalent to those set forth in this chapter; or
 - b. A mental health license in good standing in a category acceptable to the board which required completion of a master's degree in mental health to include 60 graduate semester hours in mental health; and
 - (1) Board-recognized national certification in substance abuse treatment;
 - (2) If the master's degree was in substance abuse treatment, two years of post-licensure experience in providing substance abuse treatment;
 - (3) If the master's degree was not in substance abuse treatment, five years of post-licensure experience in substance abuse treatment plus 12 credit hours of didactic training in the substance abuse treatment competencies set forth in 18VAC115-60-70 C; or
 - (4) Current substance abuse counselor certification in Virginia in good standing or a Virginia substance abuse treatment specialty licensure designation with two years of post-licensure or certification substance abuse treatment experience;
 - c. Documentation of education and supervised experience that met the requirements of the jurisdiction in which he was initially licensed as verified by an official transcript and a certified copy of the original application materials and evidence of post-licensure clinical practice for twenty-four of the last 60 months immediately preceding his licensure application in Virginia. Clinical practice shall mean the rendering of direct clinical substance abuse treatment services or clinical supervision of such services.
 - 5. Verification of a passing score on a substance abuse licensure examination as established by the jurisdiction in which licensure was obtained. The examination is waived for an applicant who holds a current and unrestricted license as a professional counselor within the Commonwealth of Virginia;

6. Official transcripts documenting the applicant's completion of the education requirements prescribed in 18VAC115-60-60 and 18VAC115-60-70;
7. An affidavit of having read and understood the regulations and laws governing the practice of substance abuse treatment in Virginia; and
8. A current report from the U. S. Department of Health and Human Services Data Bank (NPDB).

B. In lieu of transcripts verifying education and documentation verifying supervised experience, the board may accept verification from the credentials registry of the American Association of State Counseling Boards or any other board-recognized entity.

18VAC115-60-55. (Repealed.)

18VAC115-60-60. Degree program requirements.

A. The applicant shall have completed a graduate degree from a program that prepares individuals to practice substance abuse treatment or a related counseling discipline as defined in § 54.1-3500 of the Code of Virginia from a college or university accredited by a regional accrediting agency that meets the following criteria:

1. There must be a sequence of academic study with the expressed intent to prepare counselors as documented by the institution;
2. There must be an identifiable counselor training faculty and an identifiable body of students who complete that sequence of academic study; and
3. The academic unit must have clear authority and primary responsibility for the core and specialty areas.

Programs that are approved by CACREP as programs in addictions counseling are recognized as meeting the requirements of subsection A of this section.

18VAC115-60-70. Course work requirements.

A. The applicant shall have successfully completed 60 semester hours or 90 quarter hours of graduate study.

B. The applicant shall have completed a general core curriculum containing a minimum of three semester hours or 4.0 quarter hours in each of the areas identified in this section:

1. Professional identity, function and ethics;
2. Theories of counseling and psychotherapy;
3. Counseling and psychotherapy techniques;
4. Group counseling and psychotherapy, theories and techniques;
5. Appraisal, evaluation and diagnostic procedures;
6. Abnormal behavior and psychopathology;
7. Multicultural counseling, theories and techniques;
8. Research; and
9. Marriage and family systems theory.

C. The applicant shall also have completed 12 graduate semester credit hours or 18 graduate quarter hours in the following substance abuse treatment competencies.

1. Assessment, appraisal, evaluation and diagnosis specific to substance abuse;
2. Treatment planning models, client case management, interventions and treatments to include relapse prevention, referral process, step models and documentation process;
3. Understanding addictions: The biochemical, sociocultural and psychological factors of substance use and abuse;

4. Addictions and special populations including, but not limited to, adolescents, women, ethnic groups and the elderly; and

5. Client and community education.

D. The applicant shall have completed a supervised internship of 600 hours to include 240 hours of direct client contact, of which 200 hours shall be in treating substance abuse-specific treatment problems. Internship hours shall not begin until completion of 30 semester hours toward the graduate degree.

E. One course may satisfy study in more than one content area set forth in subsections B and C of this section.

F. If the applicant who holds a current, unrestricted license as a professional counselor, clinical psychologist, or clinical social worker, the board may accept evidence of successful completion of 60 semester hours or 90 quarter hours of graduate study, including the hours specified in subsection C of this section.

18VAC115-60-80. Residency.

A. Registration. Applicants who render substance abuse treatment services shall:

1. With their supervisor, register their supervisory contract on the appropriate forms for board approval before starting to practice under supervision;

2. Have submitted an official transcript documenting a graduate degree as specified in 18VAC115-60-60 to include completion of the coursework and internship requirement specified in 18VAC115-60-70; and

3. Pay the registration fee.

B. Applicants who are beginning their residencies in exempt settings shall register supervision with the board to assure acceptability at the time of application.

C. Residency requirements.

1. The applicant for licensure shall have completed no fewer than 3,400 hours in a supervised residency in substance abuse treatment with various populations, clinical problems and theoretical approaches in the following areas:

a. Clinical evaluation;

b. Treatment planning, documentation and implementation;

c. Referral and service coordination;

d. Individual and group counseling and case management;

e. Client family and community education; and

f. Professional and ethical responsibility.

2. The residency shall include a minimum of 200 hours of in-person supervision between supervisor and resident occurring at a minimum of one hour and a maximum of four hours per 40 hours of work experience during the period of the residency.

a. No more than half of these hours may be satisfied with group supervision.

b. One hour of group supervision will be deemed equivalent to one hour of individual supervision.

c. Supervision that is not concurrent with a residency will not be accepted, nor will residency hours be accrued in the absence of approved supervision.

d. For the purpose of meeting the 200-hour supervision requirement, in-person may include the use of technology that maintains client confidentiality and provides real-time, visual contact between the supervisor and the resident.

e. Up to 20 hours of the supervision received during the supervised internship may be counted towards the 200 hours of in-person supervision, if the supervision was provided by a licensed professional counselor.

3. The residency shall include at least 2,000 hours of face-to-face client contact in providing clinical substance abuse treatment services with individuals, families or groups of individuals suffering from the effects of substance abuse or dependence. The remaining hours may be spent in the performance of ancillary services.

4. A graduate level degree internship in excess of 600 hours, which is completed in a program that meets the requirements set forth in 18VAC115-60-70, may count for up to an additional 300 hours towards the requirements of a residency.

5. The residency shall be completed in not less than 18 months or more than four years. Residents who began a residency before (effective date of the regulation) shall complete the residency by (four years after the effective date). An individual who does not complete the residency after four years shall submit evidence to the board showing why the supervised experience should be allowed to continue.

6.

The board may consider special requests in the event that the regulations create an undue burden in regard to geography or disability which limits the resident's access to qualified supervision.

7. Residents may not call themselves substance abuse treatment practitioners, directly bill for services rendered, or in any way represent themselves as independent, autonomous practitioners or substance abuse treatment practitioners. During the residency, residents shall use their names and the initials of their degree, and the title "Resident in Substance Abuse Treatment" in all written communications. Clients shall be informed in writing of the resident's status, the supervisor's name, professional address, and telephone number.

8. Residents shall not engage in practice under supervision in any areas for which they have not had appropriate education.

9. Residency hours which are approved by the licensing board in another U. S. jurisdiction and which meet the requirements of this section shall be accepted.

D. Supervisory qualifications.

1. A person who provides supervision for a resident in substance abuse treatment shall hold an active, unrestricted license as a professional counselor or substance abuse treatment practitioner in the jurisdiction where the supervision is being provided.

2. All supervisors shall document two years post-licensure substance abuse treatment experience and at least 100 hours of didactic instruction in substance abuse treatment. Supervisors must document a three-credit-hour course in supervision, a 4.0-quarter-hour course in supervision, or at least 20 hours of continuing education in supervision offered by a provider approved under 18VAC115-60-116.

E. Supervisory responsibilities.

1. Supervision by any individual whose relationship to the resident compromises the objectivity of the supervisor is prohibited.

2. The supervisor of a resident shall assume full responsibility for the clinical activities of that resident specified within the supervisory contract for the duration of the residency.

3. The supervisor shall complete evaluation forms to be given to the resident at the end of each three-month period.

4. The supervisor shall report the total hours of residency and shall evaluate the applicant's competency in the six areas stated in subdivision C 1 of this section.

F. Documentation of supervision. Applicants shall document successful completion of their residency on the Verification of Supervision form at the time of application. Applicants must receive a satisfactory competency evaluation on each item on the evaluation sheet.

Part III Examinations

18VAC115-60-90. General examination requirements; schedules; time limits.

A. Every applicant for initial licensure as a substance abuse treatment practitioner by examination shall pass a written examination as prescribed by the board.

B. Every applicant for licensure as a substance abuse treatment practitioner by endorsement shall have passed a substance abuse examination deemed by the board to be substantially equivalent to the Virginia examination.

C. The examination is waived for an applicant who holds a current and unrestricted license as a professional counselor issued by the Board.

D. A candidate approved by the board to sit for the examination shall pass the examination within two years from the date of such initial board approval. If the candidate has not passed the examination within two years from the date of initial approval:

1. The initial board approval to sit for the examination shall then become invalid; and
2. The applicant shall file a new application with the board, meet the requirements in effect at that time, and provide evidence of why the board should approve the re-application for examination. If approved by the board, the applicant shall pass the examination within two years of such approval. If the examination is not passed within the additional two-year period, a new application will not be accepted.

E. The board shall establish a passing score on the written examination.

F. A candidate for examination or an applicant shall not provide clinical services unless he is under supervision approved by the board.

Part IV Licensure Renewal; Reinstatement

18VAC115-60-110. Renewal of licensure.

A. All licensees shall renew licenses on or before June 30 of each year.

B. Every license holder who intends to continue an active practice shall submit to the board on or before June 30 of each year:

1. A completed form for renewal of the license on which the licensee attests to compliance with the continuing competency requirements prescribed in this chapter; and
2. The renewal fee prescribed in 18VAC115-60-20.

C. A licensee who wishes to place his license in an inactive status may do so upon payment of the inactive renewal fee as established in 18VAC115-60-20. No person shall practice substance abuse treatment in Virginia unless he holds a current active license. A licensee who has placed himself in inactive status may become active by fulfilling the reactivation requirements set forth in 18VAC115-60-120 C.

D. Licensees shall notify the board of a change in the address of record or the public address, if different from the address of record within 60 days. Failure to receive a renewal notice from the board shall not relieve the license holder from the renewal requirement.

E. After the renewal date, the license is expired; practice with an expired license is prohibited and may constitute grounds for disciplinary action.

18VAC115-60-115. Continued competency requirements for renewal of a license.

A. Licensed substance abuse treatment practitioners shall be required to have completed a minimum of 20 hours of continuing competency for each annual licensure renewal. A minimum of two of these hours shall be in courses that emphasize the ethics, standard of practice or laws governing behavioral science professions in Virginia.

B. The board may grant an extension for good cause of up to one year for the completion of continuing competency requirements upon written request from the licensee prior to the renewal date. Such extension shall not relieve the licensee of the continuing competency requirement.

C. The board may grant an exemption for all or part of the continuing competency requirements due to circumstances beyond the control of the licensee, such as temporary disability, mandatory military service, or officially declared disasters.

D. Those individuals dually licensed by this board will not be required to obtain continuing competency for each license. Dually licensed individuals will only be required to provide the hours set out in subsection A of this section or subsection A of 18VAC115-50-95 in the Regulations Governing the Practice of Marriage and Family Therapy, or subsection A of 18VAC115-20-105 in the Regulations Governing the Practice of Professional Counseling.

18VAC115-60-116. Continuing competency activity criteria.

A. Continuing competency activities must focus on increasing knowledge or skills in one or more of the following areas:

1. Ethics, standards of practice or laws governing behavioral science professions;
2. Counseling theory;
3. Human growth and development;
4. Social and cultural foundations;
5. The helping relationship;
6. Group dynamics, processing and counseling;
7. Lifestyle and career development;
8. Appraisal of individuals;
9. Research and evaluation;
10. Professional orientation;
11. Clinical supervision;
12. Marriage and family therapy; or
13. Addictions.

B. Approved hours of continuing competency activity shall be one of the following types:

1. Formally organized learning activities or home study. Activities may be counted at their full hour value. Hours shall be obtained from one or a combination of the following board-approved, mental health-related activities:

- a. Regionally accredited university-or college-level academic courses in a behavioral health discipline.
- b. Continuing education programs offered by universities or colleges.
- c. Workshops, seminars, conferences, or courses in the behavioral health field offered by federal, state or local governmental agencies or licensed health facilities and licensed hospitals.
- d. Workshops, seminars, conferences or courses in the behavioral health field offered by an individual or organization that has been certified or approved by one of the following:

- (1) The International Association of Marriage and Family Counselors and its state affiliates.
- (2) The American Association for Marriage and Family Therapy and its state affiliates.
- (3) The American Association of State Counseling Boards.
- (4) The American Counseling Association and its state and local affiliates.
- (5) The American Psychological Association and its state affiliates.
- (6) The Commission on Rehabilitation Counselor Certification.
- (7) NAADAC, The Association for Addiction Professionals, and its state and local affiliates.
- (8) National Association of Social Workers.
- (9) The National Board for Certified Counselors.
- (10) A national behavioral health organization or certification body.
- (11) Individuals or organizations that have been approved as continuing competency sponsors by the American Association of State Counseling Boards or a counseling board in another state.

2. Individual professional activities.

a. Publication/presentation/new program development.

(1) Publication of articles. Activity will count for a maximum of eight hours. Publication activities are limited to articles in refereed journals or a chapter in an edited book.

(2) Publication of books. Activity will count for a maximum of 18 hours.

(3) Presentations. Activity will count for a maximum of eight hours. The same presentations may be used only once in a two-year period. Only actual presentation time may be counted.

(4) New program development. Activity will count for a maximum of eight hours. New program development includes a new course, seminar, or workshop. New courses shall be graduate or undergraduate level college or university courses.

b. Dissertation. Activity will count for a maximum of 18 hours. Dissertation credit may only be counted once.

c. Clinical supervision/consultation. Activity will count for a maximum of 10 hours. Continuing competency can only be granted for clinical supervision/consultation received on a regular basis with a set agenda. Continuing competency cannot be granted for supervision that you provide to others.

d. Leadership. Activity will count for a maximum of eight hours. The following leadership positions are acceptable for continuing competency credit: officers of state or national counseling organization; editor and/or reviewer of professional counseling journals; member of state counseling licensure/certification board; member of a national counselor certification board; member of a national ethics disciplinary review committee rendering licenses; active member of a counseling committee producing a substantial written product; chair of a major counseling conference or convention; other leadership positions with justifiable professional learning experiences. The leadership positions must take place for a minimum of one year after the date of first licensure.

e. Practice related programs. Activity will count up to a maximum of eight hours. The board may allow up to eight contact hours of continuing competency as long as the

regulant submits proof of attendance plus a written justification of how the activity assists him in his direct service of his clients. Examples include language courses, software training, medical topics, etc.

18VAC115-60-120. Late renewal; reinstatement.

A. A person whose license has expired may renew it within one year after its expiration date by paying the late renewal fee prescribed in 18VAC115-60-20, as well as the license fee prescribed for the year the license was not renewed and providing evidence of having met all applicable continuing competency requirements.

B. A person who fails to renew a license after one year or more and wishes to resume practice shall apply for reinstatement, pay the reinstatement fee for a lapsed license, submit verification of any mental health license he holds or has held in another jurisdiction, if applicable, and provide evidence of having met all applicable continuing competency requirements not to exceed a maximum of 80 hours, obtained within the four years immediately preceding application for reinstatement. The board may require the applicant for reinstatement to submit evidence regarding the continued ability to perform the functions within the scope of practice of the license.

C. A person wishing to reactivate an inactive license shall submit (i) the renewal fee for active licensure minus any fee already paid for inactive licensure renewal; (ii) documentation of continued competency hours equal to the number of years the license has been inactive not to exceed a maximum of 80 hours, obtained within the four years immediately preceding application for reactivation; and (iii) verification of any mental health license he holds or has held in another jurisdiction, if applicable. The board may require the applicant for reactivation to submit evidence regarding the continued ability to perform the functions within the scope of practice of the license.

Part V

Standards of Practice; Unprofessional Conduct; Disciplinary Actions; Reinstatement

18VAC115-60-130. Standards of practice.

A. The protection of the public health, safety, and welfare and the best interest of the public shall be the primary guide in determining the appropriate professional conduct of all persons whose activities are regulated by the board. Regardless of the delivery method, whether in person, by phone or electronically, these standards shall apply to the practice of substance abuse treatment.

B. Persons licensed or registered by the board shall:

1. Practice in a manner that is in the best interest of the public and does not endanger the public health, safety, or welfare;
2. Practice only within the boundaries of their competence, based on their education, training, supervised experience and appropriate professional experience and represent their education, training and experience accurately to clients;
3. Stay abreast of new substance abuse treatment information, concepts, application and practices that are necessary to providing appropriate, effective professional services;
4. Be able to justify all services rendered to clients as necessary and appropriate for diagnostic or therapeutic purposes;
5. Document the need for and steps taken to terminate a counseling relationship when it becomes clear that the client is not benefiting from the relationship. Document the assistance provided in making appropriate arrangements for the continuation of treatment for clients, when necessary, following termination of a counseling relationship;

6. Make appropriate arrangements for continuation of services, when necessary, during interruptions such as vacations, unavailability, relocation, illness, and disability;
7. Disclose to clients all experimental methods of treatment and inform clients of the risks and benefits of any such treatment. Ensure that the welfare of the clients is in no way compromised in any experimentation or research involving those clients;
8. Neither accept nor give commissions, rebates, or other forms of remuneration for referral of clients for professional services;
9. Inform clients of the purposes, goals, techniques, procedures, limitations, potential risks, and benefits of services to be performed; the limitations of confidentiality; and other pertinent information when counseling is initiated and throughout the counseling process as necessary. Provide clients with accurate information regarding the implications of diagnosis, the intended use of tests and reports, fees, and billing arrangements;
10. Select tests for use with clients that are valid, reliable and appropriate and carefully interpret the performance of individuals not represented in standardized norms;
11. Determine whether a client is receiving services from another mental health service provider, and if so, refrain from providing services to the client without having an informed consent discussion with the client and having been granted communication privileges with the other professional;
12. Use only in connection with one's practice as a mental health professional those educational and professional degrees or titles that have been earned at a college or university accredited by an accrediting agency recognized by the United States Department of Education, or credentials granted by a national certifying agency, and that are counseling in nature; and
13. Advertise professional services fairly and accurately in a manner that is not false, misleading or deceptive.

C. In regard to patient records, persons licensed by the board shall:

1. Maintain written or electronic clinical records for each client to include treatment dates and identifying information to substantiate diagnosis and treatment plan, client progress, and termination;
2. Maintain client records securely, inform all employees of the requirements of confidentiality and provide for the destruction of records that are no longer useful in a manner that ensures client confidentiality;
3. Disclose or release records to others only with clients' expressed written consent or that of their legally authorized representative in accordance with § 32.1-127.1:03 of the Code of Virginia;
4. Maintain client records for a minimum of five years or as otherwise required by law from the date of termination of the substance abuse treatment relationship with the following exceptions:
 - a. At minimum, records of a minor child shall be maintained for five years after attaining the age of majority (18) or 10 years following termination, whichever comes later;
 - b. Records that are required by contractual obligation or federal law to be maintained for a longer period of time; or
 - c. Records that have been transferred to another mental health service provider or given to the client; and

5. Ensure confidentiality in the usage of client records and clinical materials by obtaining informed consent from clients or their legally authorized representative before (i) videotaping, (ii) audio recording, (iii) permitting third party observation, or (iv) using identifiable client records and clinical materials in teaching, writing or public presentations.

D. In regard to dual relationships, persons licensed by the board shall:

1. Avoid dual relationships with clients that could impair professional judgment or increase the risk of harm to clients. Examples of such relationships include, but are not limited to, familial, social, financial, business, bartering, or close personal relationships with clients. Counselors shall take appropriate professional precautions when a dual relationship cannot be avoided, such as informed consent, consultation, supervision, and documentation to ensure that judgment is not impaired and no exploitation occurs;

2. Not engage in any type of romantic relationships or sexual intimacies with clients or those included in a collateral relationship with the client and not counsel persons with whom they have had a romantic relationship or sexual intimacy. Licensed substance abuse treatment practitioners shall not engage in romantic relationships or sexual intimacies with former clients within a minimum of five years after terminating the counseling relationship. Licensed substance abuse treatment practitioners who engage in such relationship or intimacy after five years following termination shall have the responsibility to examine and document thoroughly that such relations do not have an exploitive nature, based on factors such as duration of counseling, amount of time since counseling, termination circumstances, client's personal history and mental status, or adverse impact on the client. A client's consent to, initiation of or participation in sexual behavior or involvement with a licensed substance abuse treatment practitioner does not change the nature of the conduct nor lift the regulatory prohibition;

3. Not engage in any sexual intimacy or romantic relationship or establish a counseling or psychotherapeutic relationship with a supervisee or student. Licensed substance abuse treatment practitioners shall avoid any nonsexual dual relationship with a supervisee or student in which there is a risk of exploitation or potential harm to the supervisee or the potential for interference with the supervisor's professional judgment; and

4. Recognize conflicts of interest and inform all parties of the nature and directions of loyalties and responsibilities involved.

E. Persons licensed by this board shall report to the board known or suspected violations of the laws and regulations governing the practice of substance abuse treatment.

F. Persons licensed by the board shall advise their clients of their right to report to the Department of Health Professions any information of which the licensee may become aware in his professional capacity indicating that there is a reasonable probability that a person licensed or certified as a mental health service provider, as defined in § 54.1-2400.1 of the Code of Virginia, may have engaged in unethical, fraudulent or unprofessional conduct as defined by the pertinent licensing statutes and regulations.

18VAC115-60-140. Grounds for revocation, suspension, probation, reprimand, censure, or denial of renewal of license.

A. Action by the board to revoke, suspend, deny issuance or renewal of a license, or take other disciplinary action may be taken in accord with the following:

1. Conviction of a felony, or of a misdemeanor involving moral turpitude, or violation of or aid to another in violating any provision of Chapter 35 (§ 54.1-3500 et seq.) of Title 54.1

of the Code of Virginia, any other statute applicable to the practice of substance abuse treatment, or any provision of this chapter;

2. Procurement of a license, including submission of an application or supervisory forms, by fraud or misrepresentation;

3. Conducting one's practice in such a manner as to make it a danger to the health and welfare of one's clients or to the public, or if one is unable to practice substance abuse treatment with reasonable skill and safety to clients by reason of illness, abusive use of alcohol, drugs, narcotics, chemicals, or other type of material or result of any mental or physical condition;

4. Intentional or negligent conduct that causes or is likely to cause injury to a client;

5. Performance of functions outside the demonstrable areas of competency;

6. Failure to comply with the continued competency requirements set forth in this chapter;

7. Violating or abetting another person in the violation of any provision of any statute applicable to the practice of licensed substance abuse therapy, or any part or portion of this chapter; or

8. Performance of an act likely to deceive, defraud, or harm the public.

B. Following the revocation or suspension of a license the licensee may petition the board for reinstatement upon good cause shown or as a result of substantial new evidence having been obtained that would alter the determination reached.

Subject: Question

Good Afternoon,

Does the Board have a guidance in place regarding the below commentary? I read this a few months ago and the authors reference is mainly for the state of Florida. Does Virginia follow suit as well?

Sincerely,

If you are working in an agency or group practice, please be aware that it is unethical for your supervisor to bill insurance companies for your counseling sessions under his or her license. Put simply, this is lying. Essentially, the supervisor is stating to the insurance company that the counseling session was performed by him or herself, when in reality it was performed by the intern. Although it is technically the supervisor who is in violation, if you are aware of the practice you have an ethical obligation to stop it; and if you cannot stop it you must report it.
