Trauma System Plan Task Force

Mission Statement

- To reduce the burden of preventable injury and to deliver the highest quality, evidence-based care for all within the Commonwealth along the continuum of care from the pre-hospital setting, through definitive acute care and rehabilitation with data analysis, quality improvement and ongoing funding.

Vision Statement

- The Commonwealth of Virginia trauma system will be a high quality, cost effective, accessible state wide system of injury prevention and trauma care for all.

Values

- **Effective**: Successful in producing the intended results in terms of injury prevention & optimal care to the injured in Virginia.
- **Efficiency**: The ability to perform a defined task or deliver a specific outcome with a minimum amount of waste, expense or unnecessary effort.
- **Timely**: Patients should experience no waits or delays in receiving care and service. Critical access facilities should experience no delay in consults or transferring injured patients.
- **Safety**: Avoiding harm to patients in the process of providing care for the medical condition needing treatment.
- **Equitable**: All citizens of and visitors to the Commonwealth of Virginia should have equal access to high quality care.
- **Patient Centered/Focused**: Care that is respectful of and responsive to individual patient preference, needs and values and ensures that patient values guide all clinical decisions.

Code of Conduct

- **Accountability**: The obligation of one party to provide justification and be held responsible for their actions/results by another interested party.
- **Commitment**: Being bound emotionally or intellectually to a course of action.
- **Compassion**: Sympathetic consciousness of the suffering of the injured patients and concern for their loved ones, together with a desire to alleviate the suffering and its source.
- **Collaboration**: Health providers from different professions providing comprehensive services by working with people, their families, car providers, and communities to deliver the highest quality of care across settings.
- **Honesty**: We will not condone or engage in any behavior which would provide false or misleading statements to patients, their families and healthcare organizations related to the care of the patient.
- **Transparency**: Readily understood, honest and open; not secretive.
- **Respectful Communication**: Opinions, feelings and attitudes will be expressed honestly and in a way that respects the rights of others.
