## What's New

A provision in the new Patient Protection and Affordable Care Act (PPACA) allows for an employee's adult child to be covered under the employee's health care plan through age 25 (through the day before their 26th birthday). There is no requirement to cover children of dependent children. For the full definition of an eligible child for your health plan, please see your plan's Member Handbook.

You may use your FRA to cover the expenses of an eligible adult child through age 26 (through the day before their 27th birthday). For the full definition of an eligible child for your medical flexible reimbursement account, see the information later in this booklet or view the FSA FAQs at [www.myFBMC.com](http://www.myFBMC.com).

# Flexible Benefits Program

## Your Flexible Benefits

The Commonwealth of Virginia's Flexible Benefits Program includes Premium Conversion and Flexible Reimbursement Accounts.

- Premium Conversion allows your payroll contribution to your health benefits premium to be deducted pre-tax. All participants enrolled in a state health benefits plan are automatically enrolled in Premium Conversion.
- FRAs allow you to set aside part of your salary each pay period on a pre-tax basis for one or both of the following accounts:
  - Medical FRA provides reimbursement for eligible medical, dental and vision care expenses not covered by your health benefits plan.
  - Dependent Care FRA provides reimbursement for eligible expenses for the care of your child, disabled spouse, elderly parent or other dependent incapable of self-care.

Because the Flexible Benefits Program has tax advantages, there are tax laws and Internal Revenue Service regulations governing how the program operates. For more detailed information or clarification, see your agency's Benefits Administrator or visit the DHRM website at: [www.dhrm.virginia.gov](http://www.dhrm.virginia.gov).

## Your FRA Plan Year Enrollment

Open Enrollment for FRAs is held in conjunction with Open Enrollment for health benefits from April 15 - May 16, 2011.

## Important Information

1. To enroll in a Flexible Reimbursement Account, visit EmployeeDirect or contact your agency's Benefits Administrator. Visit the DHRM website at [www.dhrm.virginia.gov](http://www.dhrm.virginia.gov) for more information.
2. Enrollment in your FRA(s) must be done each plan year, even if your total contribution for the new plan year remains the same.

3. Employees who enroll through EmployeeDirect will receive a confirmation advising them that the request has been successfully processed. Employees should review their election profile for accuracy.
4. You will receive a confirmation letter for your FRA election(s) from Fringe Benefits Management Company, a Division of WageWorks. Please review the letter to verify the type and amount of the election(s). If you discover an error, you must notify your agency's Benefits Administrator immediately.
5. If you have questions about FRAs, call Customer Care at 1-800-342-8017, Monday - Friday, 7 a.m. to 10 p.m. ET, 1-800-955-8771 (TDD). You may also visit [www.myFBMC.com](http://www.myFBMC.com) for more information.

## Medical FRA:

Minimum: \$10 per pay period  
Maximum for the plan year:  
up to \$5,000

## Dependent Care FRA:

Minimum: \$10 per pay period  
Maximum for the plan year:  
up to \$5,000

The annual maximum contribution for a Dependent Care FRA depends on your tax filing status. Participants should review the information on this page regarding the IRS calendar year limits for the Dependent Care FRA.

## Administration Fee

There is a monthly administration fee to participate in the Flexible Reimbursement Accounts. The administrative fee of \$3.67 will be deducted from your salary on a pre-tax basis. (Note: if you are not paid on a semi-monthly basis, please see your Benefits Administrator for the applicable administrative fees).

## IRS Calendar Year Limit for Dependent Care FRAs

The maximum amount you can set aside each year in a Dependent Care FRA is determined by the Internal Revenue Service (IRS) and based on:

- a calendar year (January through December) for tax purposes and
- your tax filing status.

If you enrolled in a Dependent Care FRA with a qualifying mid-year event (QME), and then decide to enroll at Open Enrollment in a Dependent Care FRA for the July 2011 – June 2012 plan year, carefully evaluate your elections to ensure they remain within the IRS limits. See this page for Dependent Care FRA maximums.

Mid-year changes to your election are not allowed unless you experience a qualifying event as outlined in the *Changing Your Coverage* section of this Flexible Benefits Sourcebook. Any amount over your allowable dependent care maximum will be subject to all applicable taxes.

## "Use It or Lose It"

Be conservative when estimating your medical and/or dependent care expenses for the plan year. IRS regulations state that any unused funds which remain in an FRA after your plan year and run-out period ends, and all reimbursable requests have been submitted and processed, cannot be returned to you nor carried forward to the next plan year.

## Plan Year Closeout

You have a three-month run-out period (until September 30, 2012) at the end of the plan year for reimbursement of eligible FRA expenses incurred during your period of coverage within the 2011-2012 Plan Year.

## FRA Eligibility

All employees who are eligible to participate in the State Health Benefits Program are eligible to participate in Medical and Dependent Care FRAs. Changes to your employment status could affect your eligibility. For more information, you can check with your agency Benefits Administrator.

# Flexible Benefits Program

## New Hires

The initial election period is within 30 days following the date of eligible employment. If enrolled, coverage will be effective the first of the month coinciding with or following the date of employment.

## Qualifying Mid-Year Events

If you do not enroll during your initial election period, you must wait until the next Open Enrollment or until you experience an event that permits a mid-year election change under your plan. If you experience a qualifying mid-year event (QME) you will have 60 calendar days to make a prospective consistent election change.

## Special Enrollments

There is an exception to prospective changes in health plan coverage for newborns, adopted children and those children placed for adoption. In these events, coverage will be retroactive to the date of birth, adoption or placement for adoption.

## Termination or Retirement Medical Expense FRAs

If you experience an event affecting your active employment status, such as termination of employment, unpaid leave or retirement, you can continue to contribute to your Medical Expense FRA on an after-tax basis by notifying your Agency Benefits Administrator within 60 days of the event to apply for continuation of your Medical Expense FRA through Extended Coverage. If you do not elect to continue your participation in the Medical FRA through Extended Coverage, your participation in the program will end the last day of the month pre-tax contributions are received. As long as you make full after-tax contributions to your Medical Expense FRA, you can receive reimbursements on eligible health care expenses incurred during your period of coverage. Your Medical Expense FRA coverage will not be continued beyond the plan year in which the Extended Coverage qualifying event occurred.

## Dependent Care FRAs

You cannot continue contributing to your Dependent Care FRA under Extended Coverage. You can, however, continue to request reimbursement for eligible expenses (which were incurred while you were actively at work) until you exhaust your account balance or the plan year ends.

## Information on Your FRA Benefits

Information regarding your FRAs is right at your fingertips! You may either:

- visit [www.myFBMC.com](http://www.myFBMC.com) to check your account status, review frequently asked questions, download forms or complete a tax savings analysis to see how much enrolling in an FRA may benefit you, or
- call the Interactive Benefits Information line at 1-800-865-3262 to review your FRA benefit information and request claim forms.

To access your personal account information, you will need your Social Security number and Personal Identification Number (PIN). (See Page 14 of this Flexible Benefits Plan Sourcebook for more details).

## Enrollment Requests

To enroll in or make a change to a Medical or Dependent Care FRA, you must submit an enrollment request within the specified time period. For Open Enrollment, the request must be received by the end of the Open Enrollment period for the plan year. If you are making an allowable change as a result of a qualifying mid-year event, you must submit the request within 60 days of the event (See the *Changing Your Coverage* section of this Flexible Benefits Plan Sourcebook).

The enrollment request can be submitted in one of the following ways:

- Use EmployeeDirect on the Web. Visit the DHRM website at [www.dhrm.virginia.gov](http://www.dhrm.virginia.gov), and click on the EmployeeDirect link. Then follow the online instructions.

- Complete the FRA section on the Health Benefits Enrollment Form for Active Employees and submit it to your Benefits Administrator. You may find the forms on the Department of Human Resource Management (DHRM) website at [www.dhrm.virginia.gov](http://www.dhrm.virginia.gov). Forms are also available from your agency Benefits Administrator.

## Appeal Process

If your FRA reimbursement claim or other similar request is denied, in full or in part, you have the right to appeal the decision by sending a written request within 30 days of the denial for review to:

Fringe Benefits Management Company,  
a Division of Wageworks  
(Attn: Appeals Process)  
P. O. Box 1878  
Tallahassee, FL, 32302-1878

Your appeal must include:

- the name of your employer
- the date of the services for which your request was denied
- a copy of the denied request
- the denial letter you received
- why you think your request should not have been denied and
- any additional documents, information or comments you think may have a bearing on your appeal.

Your appeal will be reviewed upon receipt of your request and the supporting documentation. You will be notified of the results of this review within 30 business days from receipt of your appeal. In unusual cases, such as when appeals require additional documentation, the review may take longer than 30 business days. If your appeal is approved, additional processing time is required to modify your benefit elections.

**Note:** Appeals are considered only if the extenuating circumstances and supporting documentation are within your employer's, claim administrator's and IRS regulations governing the plan.

# Flexible Reimbursement Accounts

## What is a Flexible Reimbursement Account?

Flexible Reimbursement Accounts (FRAs) are IRS tax-favored accounts to save money on your medical and dependent care expenses.

Flexible Reimbursement Accounts feature:

- IRS-approved reimbursement of eligible expenses tax-free
- per-pay-period deposits from your pre-tax salary
- savings on income and Social Security taxes and
- security of paying anticipated expenses with your FRA.

## Is an FRA Right for Me?

If you spend \$10 or more per pay period on recurring eligible expenses during your plan year, you may save money by paying for them with an FRA. A portion of your salary is deposited into your FRA each pay period.

- You decide the amount you want deposited.
- You are reimbursed for eligible expenses before income and Social Security taxes are deducted.
- Determine your potential savings with a Tax Savings Analysis by visiting the "Tax Calculators" link at [www.myFBMC.com](http://www.myFBMC.com).

## What Types of FRAs Are Available?

Your employer offers you a Medical FRA as well as a Dependent Care FRA. If you incur both types of expenses during a plan year, you can establish both types of FRAs.

### Medical FRAs

Medical expenses not covered or paid by your health plan may be eligible for reimbursement using your Medical FRA, including:

- coinsurance
- copayments
- deductibles
- eyeglasses
- orthodontia and
- certain over-the-counter items.

### Dependent Care FRAs

Dependent care expenses, whether for a child or an elder, include any expense that allows you to work, such as:

- day care services
- in-home care
- nursery and preschool and
- summer day camps.

Refer to the Medical FRA and Dependent Care FRA sections of this sourcebook for specifics on each type of FRA.

## Where Can I Get Information About FRAs?

If you have specific questions about FRAs, contact Customer Care.

- Visit [www.myFBMC.com](http://www.myFBMC.com).
- Call **1-800-342-8017** (Monday - Friday, 7 a.m. - 10 p.m. ET).

Please note, we will not discuss your account information with others without your verbal or written authorization.

## FRA Guidelines:

1. The IRS does not allow you to pay your medical or other insurance premiums through either type of FRA.
2. You cannot transfer money between FRAs or pay a dependent care expense from your Medical FRA or vice versa.
3. You have a 90-day run-out period (until September 30, 2012) at the end of the plan year for reimbursement of eligible FRA expenses incurred during your period of coverage within the 2011-2012 Plan Year.
4. You may not receive insurance benefits or any other compensation for expenses which are reimbursed through your FRAs.
5. You cannot deduct reimbursed expenses for income tax purposes.
6. You may not be reimbursed for a service which you have not yet received.
7. Be conservative when estimating your medical and/or dependent care expenses for the 2011-2012 Plan Year. IRS regulations state that any unused funds which remain in your FRA after a plan year, and all reimbursable requests have been submitted and processed, cannot be returned to you nor carried forward to the next plan year.
8. When enrolling in either or both FRAs, written notice of agreement with the following will be required.
  - I will only use my FRA to pay for IRS-qualified expenses eligible under my employer's plan, and only for me and my IRS-eligible dependents
  - I will exhaust all other sources of reimbursement, including those provided under my

# Flexible Reimbursement Accounts

employer's plan(s) before seeking reimbursement from my FRA

- I will not seek reimbursement through any additional source and
- I will collect and maintain sufficient documentation to validate the foregoing.

## Will Contributions Affect My Income Taxes?

Salary reductions made under a cafeteria plan, including contributions to one or both FRAs, will lower your taxable income and taxes. These reductions are one of the money-saving aspects of starting an FRA. Depending on the state, additional state income tax savings or credits may also be available. Your salary reductions will reduce earned income for purposes of the federal Earned Income Tax Credit (EITC).

Please note that contributions may also reduce the amount of money that you and your employer contribute to Social Security on your account, and may ultimately reduce the amount of your SSA benefit.

To help you choose between the available taxable and tax-free benefits, or a combination of both, consult your tax advisor and/or the IRS for additional information.

## What Documentation of Expenses Do I Need to Keep?

The IRS requires FRA participants to maintain complete documentation, including keeping copies of statements, invoices or bills for reimbursed expenses, for a minimum of one year.

## How Do I Get the Forms I Need?

To obtain forms you will need after enrolling in either a Medical or Dependent Care FRA, such as a new Claim Form, Letter of Medical Need or Direct Deposit Form, you can visit [www.myFBMC.com](http://www.myFBMC.com), or call the Customer Care Center at 1-800-342-8017. For more information, refer to the *Getting Answers* section of this Sourcebook.

## Receiving Reimbursement

Your reimbursement will be processed within five business days from the time your properly completed and signed FRA Claim Form, and supporting documentation, are received. To avoid delays, follow the instructions for submitting your requests located in the FRA materials you will receive following enrollment. Claims may be submitted via fax, postal mail or online at [www.myFBMC.com](http://www.myFBMC.com).

## Direct Deposit

Enroll in Direct Deposit to expedite the time of your reimbursement.

- FRA reimbursement funds are automatically deposited into your checking or savings account.
- There is no fee for this service.
- You don't have to wait for postal service delivery of your reimbursement (however, you will receive notification that the claim has been processed).
- Enrollment is one-time; unless there is a change to your deposit information you do not need to enroll again.

To apply, complete the Direct Deposit Enrollment Form provided in your confirmation kit, visit [www.myFBMC.com](http://www.myFBMC.com) or call Customer Care at 1-800-342-8017. Please note that processing your Direct Deposit enrollment may take between four and six weeks.

## When Completing Your Claim Form, Be Aware of "Payment Type"

- designates that you paid out-of-pocket and need to be reimbursed and
- represents Substitute documentation submitted for a participant to submit in place of an outstanding card transaction.

Claim Forms are available for download at [www.myFBMC.com](http://www.myFBMC.com). If you have any questions on completing the Claim Form, contact Customer Care at 1-800-342-8017.

Claims can be submitting via fax, postal mail or online at [www.myFBMC.com](http://www.myFBMC.com). See the "How Do I Request Reimbursement?" section on Page 9 for more information.

# Medical FRA

## Minimum Election:

\$10 per pay period

## Maximum Election:

up to \$5,000 annually

**Elections are in whole dollar amounts.**

## What Is a Medical FRA?

A Medical FRA is an IRS tax-favored account you can use to pay for your eligible medical expenses not covered by your insurance or any other plan. These funds are set aside from your salary before taxes are deducted, allowing you to pay your eligible expenses tax-free. A partial list of these eligible expenses can be found on the next page. If you have questions regarding the eligibility of an expense, please visit [www.myFBMC.com](http://www.myFBMC.com) or call 1-800-342-8017.

## Whose Expenses Are Eligible?

Your Medical FRA may be used to reimburse eligible expenses incurred by:

- yourself
- your spouse
- your qualifying child or
- your qualifying relative.

An individual is a **qualifying adult child** if they do not attain age 27 during your taxable year and they have the following relationship to you:

- son/daughter or stepson/daughter
- eligible foster child
- legally adopted child or legally placed with taxpayer for adoption

An individual is a **qualifying child** if they are not someone else's qualifying child and:

- are a U.S. citizen, national or a resident of the U.S., Mexico or Canada
- have a specified family-type relationship to you

- live in your household for more than half of the taxable year
- are 19 years old or younger (24 years, if a full-time student) at the end of the taxable year and
- have not provided more than one-half of their own support during the taxable year.

An individual is a **qualifying relative** if they are a U.S. citizen, national or a resident of the U.S., Mexico or Canada and:

- have a specified family-type relationship to you, are not someone else's qualifying child and receive more than one-half of their support from you during the taxable year **or**
- if no specified family-type relationship to you exists, are a member of and live in your household (without violating local law) for the entire taxable year and receive more than one-half of their support from you during the taxable year.

**Note:** There is no age requirement for a qualifying child if they are physically and/or mentally incapable of self-care. An eligible child of divorced parents is treated as a dependent of both, so either or both parents can establish a Medical FRA.

## When Are My Funds Available?

Once you decide how much to contribute and sign up for a Medical FRA, the maximum annual amount of reimbursement for eligible health care expenses will be available throughout your period of coverage.

Since you don't have to wait for the cash to accumulate in your account, you can use it to pay for your eligible health care expenses at the start of your deductions.

## Are Prescriptions Eligible for Reimbursement?

Yes, most filled prescriptions are eligible for Medical FRA reimbursement, as long as you properly substantiate the expense. Proper submission of the reimbursement request is needed to ensure that the drug is eligible for reimbursement. The IRS requires the complete name of all medicines and drugs be obtained and documented on pharmacy invoices (including prescription number, date(s) of service and total dollar amount). This information must be included when requesting reimbursement.

## Over-the-Counter Expenses

Your over-the-counter (OTC) items, medicines and drugs may be reimbursable through your Medical FRA. To save valuable tax dollars on certain OTC items, view a more comprehensive list of eligible OTC items at [www.myFBMC.com](http://www.myFBMC.com). Effective January 1, 2011, OTC drugs and medicines are no longer eligible for reimbursement without a prescription from your physician.

You may be reimbursed for OTCs through your Medical FRA if:

- the item, medicine or drug was used for a specific medical condition for you, your spouse and/or your dependent(s)
- the submitted receipt clearly states the purchase date and name of the item, medicine or drug
- the reimbursement request is for an expense allowed by your employer's Medical FRA plan and IRS regulations and
- you submit your reimbursement request in a timely and complete manner already described in your benefits enrollment information.

**Note:** OTC items, medicines and drugs, including bulk purchases, must be used in the same plan year you claim reimbursement for their cost. It is your responsibility to remain informed of updates to this listing, which can be found at [www.myFBMC.com](http://www.myFBMC.com). As soon as an OTC item, medicine or drug becomes eligible

Visit [www.myFBMC.com](http://www.myFBMC.com) for a list of frequently asked questions.

You must keep your documentation for a minimum of one year to submit upon request.

# Medical FRA

under any of the categories, it will be reimbursable retroactively to the start of the then current plan year.

Newly eligible OTC items, medicines and drugs are not considered a valid change in status event that would allow you to change your annual Medical FRA election or salary reduction amount. Be sure to maintain sufficient documentation to submit receipts for reimbursement. You may resubmit a copy of your receipt from your records if a rejected OTC expense becomes eligible for reimbursement later in the same plan year.

## Can Travel Expenses for Medical Care Be Reimbursed?

Travel expenses primarily for, and essential to, receiving medical care, including health care provider and pharmacy visits, may be reimbursable through your Medical FRA. With proper substantiation, eligible expenses can include:

- actual round-trip mileage
- parking fees
- tolls and
- transportation to another city.

For current mileage information, please visit [www.myFBMC.com](http://www.myFBMC.com).

## Is Orthodontic Treatment Reimbursable?

Orthodontic treatment designed to treat a specific medical condition is reimbursable through your Medical FRA if the proper documentation is provided:

- a written statement, bill or invoice from the treating dentist/orthodontist showing the type and date the service was incurred, the name of the eligible individual receiving the service, the cost for the service and
- a copy of the patient's contract with the dentist/orthodontist for the orthodontia treatment (only required if a participant requests reimbursement for the total program cost spread over a period of time).

Reimbursement of the full or initial payment amount may only occur during the plan year in which the braces are first installed. For reimbursement options available under your employer's plan, including care that extends beyond one or more plan years, refer to the information provided following your enrollment, or call Customer Care at 1-800-342-8017.

## Weight-Loss Programs and the IRS

Simply being overweight and needing to lose weight is not in itself considered by the IRS to be a specific, diagnosable medical condition. Though the IRS reversed its position on smoking cessation programs and allows prescribed smoking cessation programs to be reimbursable under a Medical Expense FRA, even if there is no specific illness, it is significant to note that **the IRS did not reverse its position on weight-loss programs**. Expenses incurred for weight-loss programs and special foods may **only** be reimbursable if the treatment is prescribed by a physician as medically necessary to prevent, treat, mitigate or alleviate a specific, objectively diagnosable medical defect or illness (for example, hypertension, arteriosclerosis or diabetes). If the special food is a substitute for the patient's normal diet, it is reimbursable only to the extent that the cost **exceeds** the cost of a normal diet.

## Should I Claim Expenses on IRS Form 1040?

With a Medical FRA, the money you set aside for health care expenses is deducted from your salary before taxes. It is always tax-free, regardless of the amount. By enrolling in a Medical FRA, you guarantee your savings.

Itemizing your health care expenses on your IRS Form 1040 may give you a different tax advantage, depending on the percentage of your adjusted gross income. You should consult a tax professional to determine which avenue is right for you.

† Effective January 1, 2011, over-the-counter (OTC) drugs and medicines are no longer eligible for reimbursement without a prescription from your physician.

## Are Some Expenses Ineligible?

Expenses not eligible for reimbursement through your Medical FRA include:

- insurance premiums
- vision warranties and service contracts and
- cosmetic surgery not deemed medically necessary to alleviate, mitigate or prevent a medical condition.

## When Do I Request Reimbursement?

You may use your Medical FRA to reimburse eligible expenses after you have sought (and exhausted) all means of reimbursement provided by your employer and any other appropriate resource. Also keep in mind that some eligible expenses are reimbursable on the date available, not the date ordered.

## How Do I Request Reimbursement?

Requesting reimbursement from your Medical FRA is easy. Simply fax or mail a correctly completed FRA Claim Form along with the following:

- an invoice or bill from your health care provider listing the date you received the service, the cost of the service, the specific type of service and the person for whom the service was provided and
- an Explanation of Benefits (EOB)\* from your health insurance provider that shows the specific type of service you received, the date and cost of the service and any uninsured portion of the cost or
- a written statement from your health care provider indicating the service was medically necessary if those services could be deemed cosmetic in nature, accompanied by the invoice or bill for the service.

Please note that cancelled checks or credit card receipts (or copies) listing the cost of eligible expenses are **not** valid documentation for Medical FRA reimbursement.

Two cards will be sent to you in the mail; one for you and one for your spouse or eligible dependent. You should keep your cards to use each plan year until their expiration date. If you already have the myFBMC Card®, you will need to re-enroll in an MRA during Open Enrollment to continue using the card. You will not be issued a new card; continue using the same card(s) you have.

Remember, visit [www.myFBMC.com](http://www.myFBMC.com) to activate your card, see your account information and check for any outstanding Card transactions.

## When Do I Send in Documentation for a myFBMC Card® Expense?

You must send in documentation for certain myFBMC Card® transactions, such as those that are **not** a known office visit or prescription copayment (as outlined in your health plan's Schedule of Benefits). When requested, you must send in documentation for these transactions. Documentation for a card expense is a statement, explanation of benefits (EOB) or bill showing:

- name of the patient
- name of the service provider
- date of service
- type of service (including prescription name) and
- total amount of service.

**Note:** This documentation must be sent with a **Claim Form** and cannot be processed without it. Like all other FRA documentation, you must keep your myFBMC Card® expense documentation for a minimum of one year, and submit it when requested.

Remember, effective January 1, 2011, all medicinal OTC items require a prescription for FRA reimbursement and myFBMC Card® use.

## If you fail to send in the requested documentation for a myFBMC Card® expense, you will be subject to:

- withholding of payment for an eligible paper claim to offset any outstanding myFBMC Card® transaction
- suspension of myFBMC Card® privileges
- the reporting of any outstanding myFBMC Card® transaction amounts as income on your W-2 at the end of the tax year.

**Note:** Card transaction disputes must be filed within 60 days of the transaction date.

## What Does It Cost to Use the myFBMC Card®?

There is no fee to the employee for using the card.

## What Agreement Am I Making When I Use the myFBMC Card®?

For more information about the myFBMC Card®, see the Cardholder Agreement that accompanies it.

# Dependent Care FRA

## Minimum Election:

\$10 per pay period

## Maximum Election:

Up to \$5,000 annually depending on your tax filing status as the list at right indicates.

**Elections are in whole dollar amounts.**

## What is a Dependent Care FRA?

A Dependent Care FRA is an IRS tax-favored account you can use to pay for your eligible dependent care expenses to ensure your dependents (child or elder) are taken care of while you and your spouse (if married) are working. These funds are set aside from your salary before taxes are deducted, allowing you to pay your eligible expenses tax-free. A partial list of these eligible expenses can be found on this page. If you have questions regarding the eligibility of an expense, please contact Customer Care at 1-800-342-8017 or visit [www.myFBMC.com](http://www.myFBMC.com).

## Whose Expenses Are Eligible?

You may use your Dependent Care FRA to receive reimbursement for eligible dependent care expenses for qualifying individuals.

A qualifying individual includes a **qualifying child**, if they:

- are a U.S. citizen, national or a resident of the U.S., Mexico or Canada
- have a specified family-type relationship to you
- live in your household for more than half of the taxable year
- are 13 years old or younger and
- have not provided more than one-half of their own support during the taxable year.

A qualifying individual includes your **spouse**, if they:

- are physically and/or mentally incapable of self care
- live in your household for more than half of the taxable year and
- spend at least eight hours per day in your home.

A qualifying individual includes your **qualifying relative**, if they:

- are a U.S. citizen, national or a resident of the U.S., Mexico or Canada
- are physically and/or mentally incapable of self-care
- are not someone else's qualifying child
- live in your household for more than half of the taxable year
- spend at least eight hours per day in your home and
- receive more than one-half of their support from you during the taxable year.

**Note:** Only the custodial parent of divorced or legally-separated parents can be reimbursed using the Dependent Care FRA.

## What is My Maximum Annual Election?

The maximum amount for the Dependent Care FRA is determined by the IRS and is based on a calendar year (January through December) for tax purposes and your tax filing status as outlined below.

- If you are married and filing separately, your annual maximum is \$2,500.
- If you are single and head of household, your annual maximum is \$5,000.
- If you are married and filing jointly, your annual maximum is \$5,000.
- If either you or your spouse earn less than \$5,000 a year, your annual maximum is equal to the lower of the two incomes.
- If your spouse is a full-time student or incapable of self-care, your annual maximum is \$3,000 a year for one dependent and \$5,000 a year for two or more dependents.

## Partial List of Eligible Expenses\*

After school care  
Baby-sitting fees  
Day care services  
In-home care/au pair services  
Nursery and preschool  
Summer day camps

**Note:** Budget conservatively. No reimbursement or refund of Dependent Care FRA funds is available for services that do not occur within your plan year.

\* IRS-qualified expenses are subject to federal regulatory change at any time during a tax year. Certain other substantiation requirements and restrictions may apply, and will be supplied to you following enrollment.

## When Are My Funds Available?

Once you decide how much to contribute and sign up for a Dependent Care FRA, the funds available to you depend on the actual funds in your account. Unlike a Medical FRA, the entire maximum annual election is not available during the plan year, but rather after your payroll deductions are received.

## Should I Claim Tax Credits or Exclusions?

Since money set aside in your Dependent Care FRA is always tax free, you are guaranteed savings by paying for your eligible expenses through your IRS tax-favored account. Depending on the amount of income taxes you are required to pay, participation in a Dependent Care FRA may produce a greater tax benefit than claiming tax credits or exclusions alone.

Remember, you cannot use the dependent care tax credit if you are married and filing separately. Further, any dependent care expenses reimbursed through your Dependent Care FRA cannot be filed for the dependent care tax credit, and vice versa.

# Dependent Care FRA

To help you choose between the available taxable and tax-free benefits, or a combination of both, consult your tax advisor and/or the IRS for additional information. You may also visit [www.myFBMC.com](http://www.myFBMC.com) to complete a Tax Savings Analysis.

## Are Some Expenses Ineligible?

Expenses not eligible for reimbursement through your Dependent Care FRA include:

- books and supplies
- child support payments or child care if you are a non-custodial parent
- health care or educational tuition costs and
- services provided by your dependent, your spouse's dependent or your child who is under age 19.

## When Do I Request Reimbursement?

You can request reimbursement from your Dependent Care FRA as often as you like. However, your approved expense will not be reimbursed until the last date of service for which you are requesting reimbursement has passed. Also, remember that for timely processing of your reimbursement, your payroll contributions must be current.

## How Do I Request Reimbursement?

Requesting reimbursement from your Dependent Care FRA is easy. Simply fax or mail a correctly completed FRA Claim Form along with documentation showing the following:

- the name, age and grade of the dependent receiving the service
- the cost of the service
- the name and address of the provider and
- the beginning and ending dates of the service.

**Be certain you obtain and submit all needed information when requesting reimbursement from your Dependent Care FRA. This information is required with each request for reimbursement.**

**A properly completed request will help speed along the process of your reimbursement, allowing you to receive your check or Direct Deposit promptly.**

Be certain you obtain and submit the above information when requesting reimbursement from your Dependent Care FRA. This information is required with each request for reimbursement. Cancelled checks or credit card receipts (or copies) listing the cost of eligible expenses are not valid documentation for Dependent Care FRA reimbursement.

**You may also submit claims online at [www.myFBMC.com](http://www.myFBMC.com).** Simply log in to your account, click on the "Online Claims Submission" option under the Claims tab and follow the instructions.

**Note:** If you elect to participate in the Dependent Care FRA, or if you file for the Dependent Care Tax Credit, you must attach IRS Form 2441, reflecting the information above, to your 1040 income tax return. Failure to do this may result in the IRS denying your pre-tax exclusion.

## Will I Need to Keep Any Additional Documentation?

To claim the income exclusion for dependent care expenses on IRS Form 2441 (Child and Dependent Care Expenses), you must be able to identify your dependent care provider. If your dependent care is provided by an individual, you will need their Social Security number for identification, unless he or she is a resident or non-resident alien who does not have a Social Security number. If your dependent care is provided by an establishment, you will need its Taxpayer Identification number.

If you are unable to obtain a dependent care provider's information, you must compose a written statement that explains the circumstances and states that you made a serious and earnest effort to get the information. This statement must accompany your IRS Form 2441.

# Changing Your Coverage

## What is My Period of Coverage?

Your period of coverage for incurring expenses is based on your participation in the program. If you make a permitted mid-plan year election change it may affect your period of coverage. For a Medical FRA, a mid-plan year election change will result in split periods of coverage, creating more than one period of coverage within a plan year with expenses reimbursed from the appropriate period of coverage. Money from a previous period of coverage can be combined with amounts after a permitted mid-plan year election change. However, expenses incurred before the permitted election change can only be reimbursed from the amount of the balance present in the Medical FRA prior to the change.

Mid-plan year election changes are approved only if the extenuating circumstances and supporting documentation are within your employer's Medical FRA plan and the IRS regulations governing the plan.

Split periods of coverage do not apply to Dependent Care FRAs.

## Am I Permitted to Make Mid-Plan Year Election Changes?

You can change your Flexible Reimbursement Account (FRA) election(s), or vary your salary reduction amounts you have selected during the plan year, only under limited circumstances as provided by your State health plan and established IRS guidelines. Partial lists of permitted qualifying events under the Commonwealth's plan(s) appear on the following page. Additional information on permitted changes can be found on the DHRM Web site. Election changes must be consistent with the event. Your employer will in its sole discretion, review on a uniform and consistent basis, the facts and circumstances of each properly completed and timely submitted mid-plan year election change form.

**To Make a Change:** Within 60 days of an event that is consistent with one of the events on the following page, you must complete and submit an Election Request to your Benefits Administrator. Documentation supporting your election change request is required. Upon the approval and completion of processing your election change request, your existing elections will be stopped or modified (as appropriate). Generally, mid-plan year, pre-tax election changes can only be made prospectively, no earlier than the first of the month after your election change request has been received by your employer.

## Termination or Retirement Medical Expense FRAs

If you experience an event affecting your active employment status, such as termination of employment, unpaid leave or retirement, you can continue to contribute to your Medical Expense FRA on an after-tax basis by notifying your Agency Benefits Administrator within 60 days of the event to apply for continuation of your Medical Expense FRA through Extended Coverage. If you do not elect to continue your participation in the Medical FRA through Extended Coverage, your participation in the program will end the last day of the month pre-tax contributions are received. As long as you make full after-tax contributions to your Medical Expense FRA, you can receive reimbursements on eligible health care expenses incurred during your period of coverage. Your Medical Expense FRA coverage will not be continued beyond the plan year in which the Extended Coverage qualifying event occurred.

### Dependent Care FRAs

You cannot continue contributing to your Dependent Care FRA under Extended Coverage. You can, however, continue to request reimbursement for eligible expenses (which were incurred while you were actively at work) until you exhaust your account balance or the plan year ends.

## What Are the IRS Special Consistency Rules Governing Changes in Status?

1. **Loss of Dependent Eligibility** – If a change in your marital or employment status involves a decrease or cessation of your spouse's or dependent's eligibility requirements for coverage due to: your divorce, your spouse's or dependent's death or a dependent ceasing to satisfy eligibility requirements, you may decrease or cancel coverage only for the individual involved. You cannot decrease or cancel any other individual's coverage under these circumstances.
2. **Gain Coverage Eligibility Under Another Employer's Plan** – If you, your spouse or your dependent gains eligibility for coverage under another employer's plan as a result of a change in marital or employment status, you may cease or decrease that individual's coverage if that individual gains coverage, or has coverage increased under the other employer's plan.
3. **Dependent Care Expenses** – You may change or terminate your Dependent Care FRA election when a Change in Status (CIS) event affects (i) eligibility for coverage under an employer's plan, or (ii) eligibility of dependent care expenses for the tax exclusion available under IRC § 129.

# Changing Your Coverage

## Changing Your Elections During the Plan Year

Certain qualifying mid-year events permit specific election changes. Your enrollment or election change request must be submitted *within 60 days* of the qualifying mid-year event. The request can be submitted through EmployeeDirect or you can complete and return an Enrollment Form to your benefits office. You will also need to submit the supporting documentation for the request. Upon the approval of your request, your existing elections will be modified as appropriate. For more information on Enrolling or Making Changes to your benefits, visit [www.dhrm.virginia.gov](http://www.dhrm.virginia.gov) or see your agency's Benefits Administrator. Below is a summary listing of the qualifying events under the program.

### Changes in Status (CIS):

<b>Marital Status</b>	A change in marital status includes marriage, death of a spouse, divorce or annulment (legal separation is not recognized in the Commonwealth of Virginia).
<b>Change in Number of Tax Dependents</b>	A change in number of dependents includes the following: birth, death, adoption and placement for adoption. You can add existing dependents not previously enrolled whenever a dependent gains eligibility as a result of a valid CIS event.
<b>Change in Status of Employment Affecting Coverage Eligibility</b>	Change in employment status of the employee, or a spouse or dependent of the employee, that affects the individual's eligibility under an employer's plan includes commencement or termination of employment.
<b>Gain or Loss of Dependents' Eligibility Status</b>	An event that causes an employee's dependent to satisfy or cease to satisfy coverage requirements under an employer's plan.
<b>Change in Residence*</b>	A change in the place of residence of the employee, spouse or dependent that affects eligibility to be covered under an employer's plan includes moving in or out of a plan service area.

### Some Other Permitted Changes:

<b>Coverage and Cost Changes*</b>	Your employer's plans may permit election changes due to cost or coverage changes. You may make a corresponding election change to your Dependent Care FRA benefit whenever you actually switch dependent care providers. However, if a relative (who is related by blood or marriage) provides custodial care for your eligible dependent, you cannot change your salary reduction amount solely on a desire to increase or decrease the amount being paid to that relative.
<b>Open Enrollment Under Other Employer's Plan*</b>	You may make an election change when your spouse or dependent makes an Open Enrollment Change in coverage under their employer's plan if they participate in their employer's plan and: <ul style="list-style-type: none"> <li>• the other employer's plan has a different plan year or</li> <li>• the other employer's plan permits mid-plan year election changes under this event.</li> </ul>
<b>Judgment/Decree/Order†</b>	If a judgment, decree or order from a divorce, legal separation (if recognized by state law), annulment or change in legal custody requires that you provide accident or health coverage for your dependent child (including a foster child who is your dependent), you may change your election to provide coverage for the dependent child. If the order requires that another individual (including your spouse or former spouse) covers the dependent child and provides coverage under that individual's plan, you may change your election to revoke coverage only for that dependent child and only if the other individual actually provides the coverage.
<b>Medicare/Medicaid†</b>	Gain or loss of Medicare/Medicaid coverage may trigger a permitted election change.
<b>Health Insurance Portability and Accountability Act of 1996 (HIPAA)</b>	Your employer's plan may permit election changes when you, your spouse or your dependent loses other group health care coverage.
<b>Family and Medical Leave Act (FMLA) Leave of Absence</b>	Election changes may be made under the special rules relating to changes in elections by employees taking FMLA leave. Contact your employer for additional information.

\* Does not apply to a Medical Expense FRA plan.

† Does not apply to a Dependent Care FRA plan.

# Extended Coverage

## Important Information About Your Extended Coverage Rights

### What is Continuation Coverage?

According to federal and state law in the case of group health plans (including a Medical FRA Plan), if you are a covered employee who has lost group health plan coverage due to a triggering event governed by the Public Health Service Act (PHSA), you (as a participating employee), your spouse and dependents are each entitled to continue, as a qualified beneficiary, the group health plans (and Medical FRA coverage with the level of coverage and elected annual limit reduced by reimbursable expenses) that were in effect at the time of the qualifying event. Contact your agency's Benefits Administrator to apply for Extended Coverage of your health insurance and/or Medical FRA.

To the extent that Extended Coverage applies, you will be referred by your agency's Benefits Administrator to contact the Contract Administrator, Fringe Benefits Management Company, a Division of WageWorks, P.O. Box 1878, Tallahassee, FL 32302-1878, at 1-800-342-8017, to apply for continuation, on an after-tax basis, of your Medical FRA.

Continuation coverage is the same coverage that the Plan gives to other participants or beneficiaries under the Plan who are not receiving continuation coverage. Each qualified beneficiary who elects continuation coverage will have the same rights under the Plan as other participants or beneficiaries covered under the Plan, including special enrollment rights. Specific information describing continuation coverage can be found in the Commonwealth of Virginia's Plan Document, which can be obtained from your employer.

### How Long Will Continuation Coverage Last?

Since you fund your Medical FRA entirely, you may continue your Medical FRA (on a post-tax basis) only for the remainder of the plan year in which your qualifying event occurs, if you have not already received, as reimbursement, the maximum benefit available under the Medical FRA for the year. For example, if you elected a maximum Medical FRA benefit of \$1,000 for the plan year and have received only \$200 in reimbursement, you may continue your Medical FRA for the remainder of the plan year or until such time that you receive the maximum Medical FRA benefit of \$1,000.

Continuation coverage will be terminated before the end of the maximum period if any required premium is not paid on time.

### How Much Does Continuation Coverage Cost?

Generally, each qualified beneficiary may be required to pay the entire cost of continuation coverage. For Medical FRAs, the cost for continuation of coverage is a monthly amount calculated and based on the amount you were paying via pre-tax salary reductions before the qualifying event. Administrative fees may apply.

### When and How Must Payment for Continuation Coverage Be Made?

#### First Payment for Continuation Coverage

If you elect continuation coverage, you do not have to send any payment for continuation coverage with the Extended Coverage Election Form. However, you must make your first payment for continuation coverage within 45 days after the date of your election. (This is the date the Election Notice is post-marked, if mailed.) If you do not make your first payment for continuation coverage within that 45 days, you will lose all continuation coverage rights under the Plan.

Your first payment must cover the cost of continuation coverage from the time your coverage under the Plan would have otherwise terminated up to the time you make the first payment. You are responsible for making sure that the amount of your first payment is enough to cover this entire period. You may contact Customer Care to confirm the correct amount of your first payment.

#### Periodic Payments for Continuation Coverage:

After you make your first payment for continuation coverage, you will be required to pay for continuation coverage for each subsequent month of coverage. Under the Plan, these periodic payments for continuation coverage are due on the first day of each month. If you make a periodic payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

#### Grace Periods for Periodic Payments:

Although periodic payments are due on the dates shown above, you will be given a grace period of 30 days to make each periodic payment. Your continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. If you pay a periodic payment later than its due date but during its grace period, your coverage under the Plan will be suspended as of the due date and then retroactively reinstated (going back to the due date) when the periodic payment is made. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated.

If you fail to make a periodic payment before the end of the grace period for that payment, you will lose all rights to continuation coverage under the Plan.

### For More Information

This section does not fully describe continuation coverage or other rights under the Plan. More information about continuation coverage and your rights under the Plan is available in your summary plan description or from your employer. You can get a copy of your plan document from: The **Commonwealth of Virginia – Department of Human Resource Management website**.

### Keep Your Address Updated

In order to protect your family's rights, you should keep your employer informed of any changes in the addresses of family members.

## Social Security

Social Security consists of two tax components: the FICA or OASDI component (the tax for old-age, survivors' and disability insurance) and the Medicare component. A separate maximum wage to which the tax is assessed applies to both tax components. There is no maximum taxable annual wage for Medicare. The maximum taxable annual wage for FICA is subject to federal regulatory change. If your annual salary after salary reduction is below the maximum wage cap for FICA, you are reducing the amount of taxes you pay and your Social Security benefits may be reduced at retirement time.

However, the tax savings realized through the Flexible Benefits Plan generally outweigh the Social Security reduction. Call Customer Care at 1-800-342-8017 for an approximation.

## Notice of Administrator's Capacity
