OTHER BUSINESS

Mr. Mitchel inquired if there was to be an update to the Secondary Roads Subdivision Street Design Requirements. Mr. Givens responded yes, an update is being prepared following the Administrative Process Act with a statewide committee of private and public representation to include public hearings and a posting to the Virginia Register of the revised document. The process would take one year for final approval.

Mr. Shucet reported on a successful meeting with representatives of Fairfax County regarding the administration of bus shelters. The prior process required a VDOT approval process of 600 days. The new agreement with the FHWA and Fairfax County was signed on February 5, 2003, and makes the County accountable and responsible for the administration of the bus shelters with only an annual audit by VDOT required.
