There was no public comment.

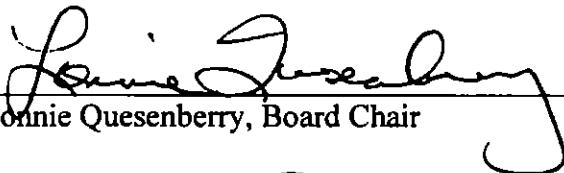

Public Comment

The committee discussed the plasma tightening procedure and viewed a short video on the practice. The committee concurred that the procedure fell under the definition of esthetics, but also agreed that due to the nature of the procedure, it would be better if it were limited to master estheticians. Staff will prepare a Guidance Document for the Board to consider for approval at the March 11, 2019 meeting of the full Board.
