CHPG members will increase their knowledge regarding HIV testing technologies.</i></li> <li><i>2. CHPG members will provide input on expanding HIV testing using new technologies in Virginia.</i></li> <li><i>3. DDP and CHPG will address gaps in testing services in Virginia.</i></li> <li><i>4. DDP will record gaps and create next steps for addressing gaps and report back to CHPG in future meetings.</i></li> </ol>	
11:30 AM	<b>Demonstration of Testing Technologies</b> <b><i>Meeting Objectives:</i></b> CHPG members will gain knowledge of how several rapid HIV tests are administered and the benefits of each test.	
12:00 PM	<b>Lunch</b> <b><i>Working Lunch Assignment:</i></b> Construct a list of at least five (5) community-based organizations in your region that work with men that may be good HIV testing sites.	
1:00 PM	<b>Rural Health in Virginia - An Overview</b>	<b>Office of Health Equity</b>
	<p><b><i>Relates to Goal 3 of NHAS and Virginia Integrated Plan:</i></b> Reducing health disparities among communities</p> <p><b><i>Principles Objective from Guidance:</i></b> CHPG should identify, encourage, and facilitate the participation of key stakeholders to inform and support the goals of the HIV planning process.</p>	

**Meeting Objectives:**

1. CHPG members will increase their knowledge on VDH efforts in rural communities.
2. CHPG members will increase their understanding on health care delivery methods in rural communities in Virginia.
3. CHPG members will gain knowledge on rural health disparities that will inform the planning process.

2:00 PM

**An Overview of HIV in Rural Virginia**

**Amanda Saia**  
**HIV Epidemiologist**

**Relates to Goals 1-3 of NHAS and Virginia Integrated Plan:** Reducing New HIV infections, increasing the number of individuals living with HIV who achieve viral suppression, reducing health disparities in marginalized communities.

**Principle Objective from Guidance:** Health Department Responsibilities: Ensure that CHPG has access to current HIV prevention information and analysis of data which may have potential implications for HIV prevention in the jurisdiction. Provide the CHPG with information on high-risk populations identified in the Integrated Plan.

**Meeting Objectives:**

1. CHPG will gain knowledge on HIV prevalence and incidence in rural communities of Virginia.
2. CHPG will gain knowledge on populations at risk in rural communities.
3. CHPG will gain knowledge on the differences in HIV trends in rural communities compared to urban communities of Virginia.

2:30 PM

**Break**

2:45 PM

**CDC's Designation of Vulnerable Counties for HIV Outbreak, with Emphasis on Virginia Counties**

**Sahithi Boggavarapu**  
**VDH-DDP Surveillance**

**Relates to Goals 1 and 3 of NHAS and Virginia Integrated Plan:** Reducing new HIV infections, reducing health disparities in marginalized communities.

**Principle Objective from Guidance:** Health Department Responsibilities: Ensure that CHPG has access to current HIV prevention information and analysis of data which may have potential implications for HIV prevention in the jurisdiction. Provide the CHPG with information on high-risk populations identified in the Integrated Plan.

**Meeting Objectives:**

1. CHPG will understand the ranking processes used to determine vulnerability for HIV outbreaks in the US.
2. CHPG will be informed on which counties in Virginia are included in the CDC's ranking.

3:30 PM

**Feedback from CHPG members on Rural Health Issues**

3:55 PM

**Meeting Wrap-Up and Announcements of Election Results**

**Jerome Cuffee**  
**Elaine Martin**

4:00 PM

**Adjourn**
