House Bill 1222 of the 2008 General Assembly amended § 54.1-2901 of the Code of Virginia, which sets out exemptions for which the requirement for licensure in the healing arts does not apply. The legislation deleted the requirement that the volunteer, nonprofit organization have no paid employees and the requirement that it sponsor of health care to populations of underserved
people throughout the world. It also changed the notification requirement from 15 days to five business days. The regulations are amended accordingly.

Changes to Code section are noted:

27. Any practitioner of the healing arts or other profession regulated by the Board from rendering free health care to an underserved population of Virginia who (i) does not regularly practice his profession in Virginia, (ii) holds a current valid license or certificate to practice his profession in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization with no paid employees that sponsors the provision of health care to populations of underserved people throughout the world, (iv) files a copy of the license or certification issued in such other jurisdiction with the Board, (v) notifies the Board at least 15-five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any practitioner of the healing arts whose license or certificate has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the board shall allow a practitioner of the healing arts who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state; The amendments to regulations are promulgated as an exempt action because they are:

“Necessary to conform to changes in Virginia statutory law or the appropriation act where no agency discretion is involved.” (§ 2.2-4006. 4 A 4)
