

# Emergency regulation

An emergency regulation is:

--Promulgated if there is an "emergency situation" or legislation states that a regulation must be promulgated within 280 days.

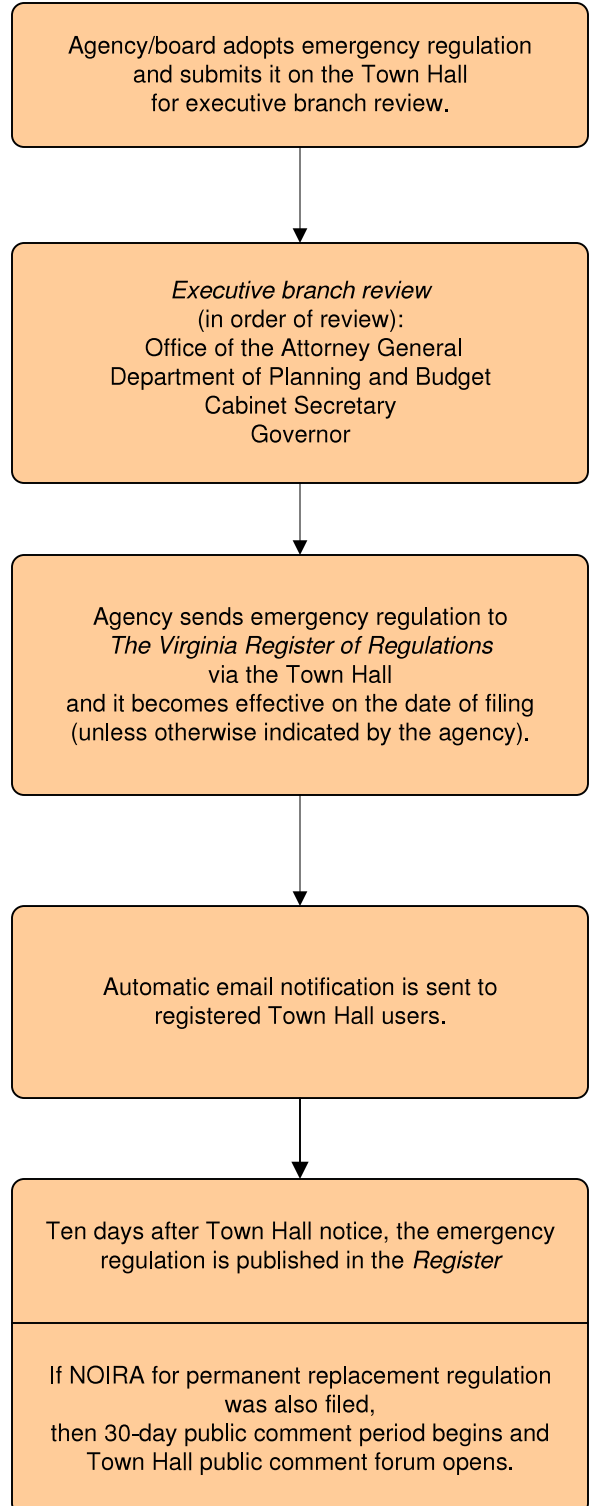

--Effective upon filing with the *Registrar of Regulations*.

--Effective for up to 18 months, and this period may be extended up to 6 months if the Governor approves.

--Usually replaced with a permanent regulation; if so, a Notice of Intended Regulatory Action (NOIRA) to promulgate the permanent replacement regulation must be filed at the same time as the emergency regulation.

Source: Section 2.2-4011 of the Code of Virginia

## How it is promulgated:
