Summary

Please provide a brief summary of all regulatory changes, including the rationale behind such changes. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

House Bill 1222 of the 2008 General Assembly amended § [54.1-3301](#) of the Code of Virginia, which sets out exemptions for which the requirement for licensure as a pharmacist does not apply. That includes (changes to Code section noted):

12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization ~~with no paid employees~~ that sponsors the provision of health care to populations of underserved people ~~throughout the world~~, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least ~~15~~ *five business* days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges,

in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. *However, the board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.*

The amendments to section 75 of the regulations are promulgated as an exempt action because they are: “*Necessary to conform to changes in Virginia statutory law or the appropriation act where no agency discretion is involved.*” (§ 2.2-4006. 4 A 4)
