Examination Exemption Agreement – Louisiana State Licensing Board for Contractors

VA Underground Utility Damage Prevention Act

The Board reviewed the recommendation of the Committee and decided not to require pre-license education provide a certain amount of time be set aside to cover subjects mandated by the Board. The Board does not want to get to the point where the Board, acting on requests from outside agencies and interest, ends up “mandating” the entire course, with providers having no input into areas that should be covered. The current requirement that all individual course syllabi are reviewed by the Board for approval has been very successful and has resulted in a diverse choice of courses and methods of instruction.

There was no old business.

Adrienne Mayo, Regulatory Boards Administrator provided the required COIA training to the Board members.

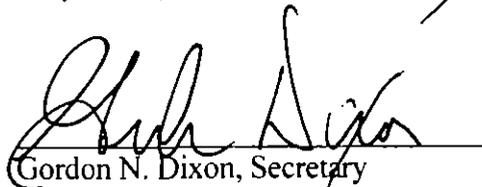

The next Board meeting will be January 24th, 2012.

The Board Chair asked all members to be certain to complete and turn in their paperwork for processing to Karen Bullock prior to leaving the meeting. Mr. Olson reminded the members to send in their Financial Disclosure Statements as soon as possible to meet the state’s deadline of January 15th, 2012.
