

Agency Response to Economic Impact Analysis

The Lottery concurs with the economic impact analysis prepared by the Department of Planning and Budget. However, the Lottery wishes to make the following comment:

As noted in the analysis, several requirements have been removed from regulations since they are already contained in the game rules that are written for each game. Game rules are readily available to players. Players may request copies from the Lottery via phone, mail or email. Copies also are available for review at each of the six Lottery regional offices across the state.
