<b>Date this document prepared</b>	September 14, 2010

### Brief summary

*In a short paragraph, please summarize all substantive provisions of new regulations or changes to existing regulations that are being proposed in this regulatory action.*

The Department of Forestry is submitting its second proposed regulation amendment to allow the lawful carry of open and concealed firearms on Virginia's State Forests. The difference between the initial proposed regulation amendment and this reproposed amendment is the lifting of the prohibition against the lawful open carry firearms. The intent of this amendment is to insure this State Forest regulation is in synchronization with laws.

Current State Forest regulations prohibit individuals from carrying any firearms onto State Forest properties unless exempted because of lawful hunting seasons. The proposed amendment would allow persons to carry lawful open and concealed firearms onto State Forest properties under the ownership and management of the Department of Forestry.

Based on the volume of comments from the first Public Comment stage (February 15, 2010 through April 16, 2010) supporting the lawful carrying of both open and concealed firearms on State Forests and a review of Virginia statutes, DOF is proposing a second public comment stage and a new proposed regulation to allow the lawful carrying of open and concealed firearms on State Forests.
