

Virginia Board of Veterinary Medicine

Mobile facilities – Change of Location without Inspection

**Excerpt from Minutes of Full Board Meeting of December 19, 1995
Revised November 14, 2007**

The Board will officially interpret the regulation which states that applications must be made to the Board 45 days in advance of a change of location to mean that the Board will allow mobile facilities to change location without an inspection, but the facility must inform the Board within 30 days if there is any change in the address of record.
