D. History of Previous Violations

In determining the amount of a civil penalty, the history of previous violations of the pesticide business or natural person shall be considered.

For current violations resulting from actions of a pesticide business, one point shall be assigned for each previous violation found that resulted from the actions of the pesticide business. Each physical business location shall be treated as a separate entity.

For current violations resulting from the actions of a natural person, one point shall be assigned for each previous violation found that is attributable to the same natural person cited in the current violation.

Previous violations overturned through the appeal process shall not be counted.

In instances where both the pesticide business and a natural person have been cited in the current case, and both have previous violations, points may be assigned for both.

The demonstrated good faith of the natural person or pesticide business in attempting to achieve rapid compliance after notification of the violation shall be taken into consideration in determining penalty points. The resulting total penalty point amount is converted to a dollar amount, according to Table A.
