

**VIRGINIA DEPARTMENT OF SOCIAL SERVICES (VDSS)
NEIGHBORHOOD ASSISTANCE PROGRAM (NAP)
DONOR FACT SHEET**

Overview:

- The Virginia Department of Social Services (VDSS) administers a program allowing individuals and businesses to receive state tax credits for donations to approved non-profit organizations that provides assistance to low-income persons. Approved neighborhood assistance program (NAP) organizations for the current program year (i.e., July 1 – June 30), and the current Contribution Notification Forms (CNF) are available at the following Web address: <http://dss.virginia.gov/community/nap.cgi>.
- Prior to making a donation, the donor is responsible for consulting with the NAP organization to ensure the availability of NAP tax credits. NAP tax credits are limited, and availability is based on the annual allocation of credits to a NAP organization.
- Qualified donations are eligible for NAP tax credits of not more than 65 percent of the value of the donation.
- A donor may receive tax credits based on a reduced percentage. The donor should complete a Tax Credit Percentage Agreement Form if accepting tax credits for less than 65 percent of the value of the donation. This form is available on the VDSS website at <http://dss.virginia.gov/community/nap.cgi>.
- Determining the effect of making a donation for tax credits on a donor's tax liability is the sole responsibility of the donor. Donors are encouraged to seek advice from their tax account or other tax advisor before making a donation, or when tax-related questions occur.

Making a Qualified Donation:

- Donations **must** be made directly to the NAP organization without any conditions or expectations of compensation or other benefits. Discounted property, a partial donation or bargain sales are not allowable donations for NAP tax credits.
- At the discretion of the NAP organization, administrative fees associated with using a third-party payment processor should either be covered by the organization or removed from the donation amount. If the NAP organization does not cover these costs, the tax credit certificate will reflect the donation amount minus the administrative fee.
- A donation made from a Deferred Charitable Contribution Plan is not considered a donation made directly to a NAP organization and, therefore, is not eligible for NAP tax credits. A donation made through a charitable giving fund/donor advised fund is not eligible for NAP tax credits.

Value, Date of Donation, and Required Documentation:

- The reported value of the donation should be net of any goods or services received. If the organization provided the donor any goods or services in return for the amount received, the Fair Market Value (FMV) of the goods or services provided to the donor, including any items purchased through an auction, should be deducted from the total amount received by the organization. Example: A donor purchases an item, with a FMV of \$3,000, during a silent auction event for \$3,600. The value of the donation that is eligible for tax credits is \$600. The organization should attach documentation that shows the FMV of the item, amount of proceeds received, and the date the auction item was sold, and the proceeds were received.

Requirements for monetary and marketable securities/stock donations are listed below.

- **Monetary:** A copy of the check(s), charge card transaction(s), or payroll deduction records, and the Credit Card Authorization Form, if applicable should be submitted with the CNF.
- **Marketable Securities/Stock:** A letter from the brokerage firm listing the name of the donor, the name of the NAP organization receiving the gift, the number of shares, the high and low or mean price per share on the transfer date of the stock. The value is the fair market value (the number of shares times the average of the high and low prices, or the mean price per share) on the date of transfer. The date of the donation is the date the stock was transferred from the donor's account to the NAP organization's account.
- Refer to the business section for additional categories for donations not covered in this section.
