

Virginia Department of Planning and Budget **Economic Impact Analysis**

9 VAC 20-15 Regulation for Dispute Resolution
Department of Environmental Quality
July 14, 2014

Summary of the Proposed Amendments to Regulation

This regulation has not been changed since it was first promulgated in 2001. Since then the statutory requirements for dispute resolution and mediation under Chapter 20.2 and Chapter 21.2 of Title 8.01 of the Code of Virginia have been amended. Therefore the Virginia Waste Management Board (Board) proposes several amendments to this regulation in order to reflect changes made to Title 8.01 of the Code of Virginia. In addition, the Board proposes to update the reference to the Virginia Supreme Court, Judicial Council of Virginia, "Standards of Ethics and Professional Responsibility for Certified Mediators" to reflect the latest version.

Result of Analysis

The benefits likely exceed the costs for all proposed changes.

Estimated Economic Impact

The proposed amendments to this regulation will make the regulation consistent with statutes and will not change effective law. Amending the regulation to reflect the law in effect will be beneficial in that it will reduce the likelihood that readers of the regulation (who do not also read the relevant statutes) will be misled as toward the actual law in effect.

Businesses and Entities Affected

This regulation potentially affects individuals, businesses or other entities that have a significant disagreement with the Board over a regulation development or permit issuance. The regulation was first promulgated in 2001 and thus far the mediation and alternative dispute

resolution proceedings of this chapter have not been utilized. Approximately 270 entities currently have full permits through the Board's solid and hazardous waste programs.¹

Localities Particularly Affected

The proposed amendments do not disproportionately affect particular localities.

Projected Impact on Employment

The proposed amendments are unlikely to significantly affect employment.

Effects on the Use and Value of Private Property

The proposed amendments are unlikely to significantly affect the use and value of private property.

Small Businesses: Costs and Other Effects

The proposed amendments are unlikely to significantly affect small businesses.

Small Businesses: Alternative Method that Minimizes Adverse Impact

The proposed amendments will not create an adverse impact for small businesses.

Real Estate Development Costs

The proposed amendments are unlikely to significantly affect real estate development costs.

Legal Mandate

General: The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007.04 of the Code of Virginia and Executive Order Number 17 (2014). Section 2.2-4007.04 requires that such economic impact analyses determine the public benefits and costs of the proposed amendments. Further the report should include but not be limited to:

- the projected number of businesses or other entities to whom the proposed regulatory action would apply,
- the identity of any localities and types of businesses or other entities particularly affected,
- the projected number of persons and employment positions to be affected,
- the projected costs to affected businesses or entities to implement or comply with the regulation, and
- the impact on the use and value of private property.

¹ Data source: Department of Environmental Quality

Small Businesses: If the proposed regulatory action will have an adverse effect on small businesses, § 2.2-4007.04 requires that such economic impact analyses include:

- an identification and estimate of the number of small businesses subject to the proposed regulation,
- the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the proposed regulation, including the type of professional skills necessary for preparing required reports and other documents,
- a statement of the probable effect of the proposed regulation on affected small businesses, and
- a description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

Additionally, pursuant to § 2.2-4007.1, if there is a finding that a proposed regulation may have an adverse impact on small business, the Joint Commission on Administrative Rules (JCAR) is notified at the time the proposed regulation is submitted to the *Virginia Register of Regulations* for publication. This analysis shall represent DPB's best estimate for the purposes of public review and comment on the proposed regulation.
