### **Summary of the Proposed Amendments to Regulation**

The Board of Nursing (Board) proposes to eliminate the provision that requires the executive director to maintain a list of appropriately qualified persons who may act as an agency subordinate.

### **Result of Analysis**

The benefits likely exceed the costs for all proposed changes.

### **Estimated Economic Impact**

According to the Department of Health Professions (DHP), in the past individuals were contracted to act as agency subordinates to do informal conferences. Back then, the executive director kept a list of who had such a contract and was available to be scheduled. Now part-time DHP employees conduct the informal conferences. Consequently, the list is no longer relevant or maintained in practice. The proposed amendment would produce a net benefit in that there would be increased clarity for readers of the regulation.
