**17 VAC 10-20 Evaluation Criteria and Procedures for Nominations of Property to the National Register or for Designation as a National Historic Landmark**  
**Department of Historic Resources**  
**Town Hall Action/Stage: 4306/7377**  
December 17, 2015

---

### **Summary of the Proposed Amendments to Regulation**

The proposed changes will clarify the owner objection process when their real property is nominated to be included in the National Register of Historic Places.

### **Result of Analysis**

The benefits likely exceed the costs for all proposed changes.

### **Estimated Economic Impact**

This regulation establishes the owner objection process when their real property is nominated to be included in the National Register of Historic Places, which is the official list of structures, sites, objects, and districts that has historical and cultural significance for the nation. The National Register is a part of a national program to coordinate and support public and private efforts to identify, evaluate, and protect America's historic and archeological resources. Participation is voluntary and registration itself does not limit the owner's rights in any way. However, owners of registered properties may donate historic preservation easements, participate in federal historic rehabilitation tax credit programs, or accept grants which may place certain restrictions on alterations or demolitions.

In most cases, owners nominate their own properties. However, in cases where there are multiple owners or a property is located in a district nominated to be listed in the register, an owner has a right to object according to the procedures set out in this regulation. The proposed changes merely clarify the objection process. Specifically, the Department of Historic Resources (DHR) proposes to 1) clarify that the ownership information be obtained from official land records or tax records for public hearing notifications sent to owners; 2) require that formal letters of objection be submitted at least seven days prior to the State Review Board meeting; and 3) require owners to state the subject property address or parcel number in a formal objection letter and require that the letter be attested.

The proposed changes are expected to improve the clarity of the formal objection process requirements to prevent any confusion by the property owners and the staff and are not expected to create any significant economic effects.

### **Businesses and Entities Affected**

The proposed regulation applies to property owners who may wish to object to the nomination of their property for listing in the National Register. Between September 2014 and December 2015, DHR received 58 nominations to either the Virginia Landmarks Register or the National Register, sent out 1673 notifications to the property owners, and received 6 objection letters. Separate statistics for the National Register alone is not available at this time.

### **Localities Particularly Affected**

The proposed changes apply throughout the Commonwealth.

### **Projected Impact on Employment**

The proposed amendments are unlikely to affect employment.

### **Effects on the Use and Value of Private Property**

No impact on the use and value of private property is expected.

### **Real Estate Development Costs**

No impact on real estate development costs is expected.

**Small Businesses:****Definition**

Pursuant to § 2.2-4007.04 of the Code of Virginia, small business is defined as “a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than 500 full-time employees or has gross annual sales of less than \$6 million.”

**Costs and Other Effects**

The proposed regulation will not affect small businesses unless a property they own is nominated for listing in the National Register, in which case the effects would be the same as discussed above.

**Alternative Method that Minimizes Adverse Impact**

No adverse impact on small businesses is expected.

**Adverse Impacts:****Businesses:**

The proposed regulation will not adversely affect non-small businesses.

**Localities:**

The proposed regulation will not adversely affect localities.

**Other Entities:**

The proposed regulation will not adversely affect other entities.

**Legal Mandates**

**General:** The Department of Planning and Budget has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007.04 of the Code of Virginia (Code) and Executive Order Number 17 (2014). Code § 2.2-4007.04 requires that such economic impact analyses determine the public benefits and costs of the proposed amendments. Further the report should include but not be limited to: (1) the projected number of businesses or other entities to whom the proposed regulatory action would apply, (2) the identity of any localities and types of businesses or other entities particularly affected, (3) the projected number of persons and employment positions to be affected, (4) the projected costs to affected businesses or entities to implement or comply with the regulation, and (5) the impact on the use and value of private property.

**Adverse impacts:** Pursuant to Code § 2.2-4007.04(C): In the event this economic impact analysis reveals that the proposed regulation would have an adverse economic impact on businesses or would impose a significant adverse economic impact on a locality, business, or entity particularly affected, the Department of Planning and Budget shall advise the Joint Commission on Administrative Rules, the House Committee on Appropriations, and the Senate Committee on Finance within the 45-day period.

If the proposed regulatory action may have an adverse effect on small businesses, Code § 2.2-4007.04 requires that such economic impact analyses include: (1) an identification and estimate of the number of small businesses subject to the proposed regulation, (2) the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the proposed regulation, including the type of professional skills necessary for preparing required reports and other documents, (3) a statement of the probable effect of the proposed regulation on affected small businesses, and (4) a description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation. Additionally, pursuant to Code § 2.2-4007.1, if there is a finding that a proposed regulation may have an adverse impact on small business, the Joint Commission on Administrative Rules shall be notified.
