This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Order 19 (2022) (EO 19), any instructions or procedures issued by the Office of Regulatory Management (ORM) or the Department of Planning and Budget (DPB) pursuant to EO 19, the Regulations for Filing and Publishing Agency Regulations (1 VAC 7-10), and the *Form and Style Requirements for the Virginia Register of Regulations and Virginia Administrative Code.*

Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

In accordance with Governor Youngkin's Executive Order #19, DMAS completed an internal review of 12VAC30-60 and determined that all of the documents incorporated by reference are either outdated or already exist on the DMAS Medicaid Enterprise System (MES) Web Portal or via other sources that are not owned by DMAS (e.g., the DSM). Therefore, referencing them in the Virginia Administrative Code is unnecessary and they should be repealed.

Acronyms and Definitions

Define all acronyms used in this form, and any technical terms that are not also defined in the "Definitions" section of the regulation.

DMAS = Department of Medical Assistance Services
MES = Medicaid Enterprise System

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, "mandate" has the same meaning as defined in the ORM procedures, "a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part."

Consistent with Virginia Code § 2.2-4012.1, also explain why this rulemaking is expected to be noncontroversial and therefore appropriate for the fast-track rulemaking process.

The Code of Virginia § 32.1 325, grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance and to promulgate regulations. The Code of Virginia § 32.1-324, grants the Director of the Department of Medical Assistance Services the authority of the Board when it is not in session.

This action is being conducted in accordance with Executive Order #19. This rulemaking is expected to be non-controversial because it will remove outdated and unnecessary documents incorporated by reference in the VAC. The relevant information can be accessed on DMAS' MES Web Portal or via other sources, which offer more up-to-date documents than what is referenced in 12VAC-30-60.

Legal Basis

Identify (1) the promulgating agency, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia and Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating

agency to regulate this specific subject or program, as well as a reference to the agency's overall regulatory authority.

Substance

Briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the "Detail of Changes" section below.

DMAS has conducted a review of the contents of the regulations to ensure that all of the content in the regulations is already addressed in MES. The results of that comparison are shown below.
