

Proposed Board for Architects, Professional Engineers,
Land Surveyors, Certified Interior Designers,
and Landscape Architects Rules and Regulations

18 VAC 10-20-420. Requirements for certification.

The education or experience, or both, and examination requirements for certification as a landscape architect are as follows:

1. An applicant who has graduated from an accredited landscape architecture curriculum approved by the Landscape Architectural Accreditation Board ~~shall be admitted to a CLARB prepared examination or equivalent approved by the board. Upon passing such examination, the applicant shall be certified as a landscape architect, if otherwise qualified; or (LAAB) must meet the following requirements for certification as a landscape architect:~~
 - a. passed a CLARB-prepared examination; and
 - b. obtained 36 months of experience/training with a minimum of 12 months under the direct control and personal supervision of a licensed or certified landscape architect and the other 24 months under the direct control and personal supervision of either a licensed or certified landscape architect, architect, professional engineer, or land surveyor, in

 and Landscape Architects Rules and Regulations

accordance with the experience credits portion of the Landscape Architect Equivalency Table. An applicant who has graduated from an accredited landscape architecture curriculum approved by the Landscape Architectural Accreditation Board shall be admitted to a CLARB-prepared examination prior to completing the 36-month experience requirement, if the applicant is otherwise qualified.

2. An applicant who has obtained eight years of combined education and experience, evaluated in accordance with the Landscape Architect Equivalency Table, shall be admitted to a CLARB prepared examination or equivalent approved by the board. Upon passing such examination, the applicant shall be certified as a landscape architect, if otherwise qualified.

Proposed Board for Architects, Professional Engineers,
Land Surveyors, Certified Interior Designers,
and Landscape Architects Rules and Regulations

<p><u>B-1.1. Applicants with a degree specified in A-1 through A-45 will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program.</u></p> <p><u>.2. With a passing grade, 32 semester credit hours or 48 quarter hours is considered to be one year. Fractions greater than one-half year will be counted one-half year and smaller fractions will not be counted.</u></p>
<p><u>B-2 Experience Credits. Experience credits shall be subject to the following conditions:</u></p> <p><u>B-2.1. Every applicant without an LAAB accredited degree must earn at least two years of experience credit under category A-6. Every applicant with an LAAB-accredited degree must earn at least one year of experience credit under category A-6.</u></p>

18 VAC 10-20-450. Certification by comity.

A person holding a current license to engage in the practice of landscape architecture, issued to the applicant by other states, the District of Columbia, or any territory or possession of the United States based on requirements that do not conflict with and are at least as rigorous as these regulations and supporting statutes of this board that were in effect at the time of original licensure, may be licensed without further examination. No person shall be so licensed, however, who has not passed an examination in another jurisdiction that was substantially equivalent to that approved by the board at that time. If the applicant does not meet the requirements for licensure in Virginia that were in effect at the time of original licensure, the applicant shall be required to meet the entry requirements current at the time the completed application for comity is received in the board's office or shall hold a CLARB certificate.
