[Chapter 845](#) amends § 22.1-298.1 of the Code of Virginia. The chapter allows the Board to authorize each school board, upon recommendation of the division superintendent or the school board and in accordance with the criteria set forth in the bill, to issue a one-year, nonrenewable local eligibility license that is only valid within the issuing school division to any individual who (i) received a baccalaureate degree from a regionally accredited institution of higher education, (ii) has experience or training in a subject or content area as the school board and division superintendent may deem appropriate for the applicable teaching position or endorsement area, and (iii) is not seeking to provide instruction in special education or eligible for collegiate professional or postgraduate professional licensure. The bill establishes several requirements, criteria, and conditions relating to a local eligibility license. The bill has an expiration date of July 1, 2030.

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, internal staff review, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, “mandate” has the same meaning as defined in the ORM procedures, “a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part.”

This regulatory action results from a legislative mandate. [Chapter 845](#) directs the board to amend its regulations.
