Small business impact

In order to minimize the economic impact of regulations on small business, please include, pursuant to § 2.2-4007.1 E and F, a discussion of the agency’s consideration of: 1) the continued need for the regulation; 2) the nature of complaints or comments received concerning the regulation from the public; 3) the complexity of the regulation; 4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and 5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Also, include a discussion of the basis for the agency’s determination to retain the regulation as is, consistent with the stated objectives of applicable law, to minimize the economic impact of regulations on small businesses.

Code of Virginia § 2.2-4007.02 mandates the agency to solicit the input of interested parties in the formation and development of its regulations. Therefore, the continued need for the regulation is

established in statute. The regulation is necessary to protect public health, safety, and welfare by establishing Public Participation Guidelines which promote public involvement in the development, amendment, or repeal of an agency's regulation. By soliciting the input of interested parties, the agency is better equipped to effectively regulate the occupation or profession. Since no complaints or comments were received during the public comment period, there does not appear to be a reason to amend or repeal the regulation. The regulation is clearly written and easily understandable. The regulation does not overlap, duplicate, or contravene federal or state law or regulation. The regulation was last reviewed in 2011. On December 10, 2015, the Board reviewed the regulation and, for reasons stated in this section, determined that the regulation should not be amended or repealed, but should be retained in its current form.
