## Acronyms and Definitions

*Define all acronyms used in this Report, and any technical terms that are not also defined in the "Definitions" section of the regulation.*

DMAS = Department of Medical Assistance Services

## Legal Basis

*Identify (1) the promulgating agency, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia or Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating agency to regulate this specific subject or program, as well as a reference to the agency's overall regulatory authority.*

The Code of Virginia § 32.1-325, grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance and to promulgate regulations. The Code of Virginia § 32.1-324, grants the Director of the Department of Medical Assistance Services the authority of the Board when it is not in session.

### Alternatives to Regulation

*Describe any viable alternatives for achieving the purpose of the regulation that were considered as part of the periodic review. Include an explanation of why such alternatives were rejected and why this regulation is the least burdensome alternative available for achieving its purpose.*

---

This periodic review focuses on the DMAS regulations related to public participation. The DMAS public participation regulations state that when formulating any regulation, the agency affords interested persons an opportunity to (i) submit data, views, and arguments, either orally or in writing, to the agency, to include an online public comment forum on the Virginia Regulatory Town Hall, or other specially designated subordinate and (ii) be accompanied by and represented by counsel or other representative. However, the agency may begin drafting the proposed regulation prior to or during any opportunities it provides to the public to submit comments.

These regulations are essential because they ensure that individuals have the right to participate publicly in the regulatory process, as required by the Virginia Administrative Process Act. There are no viable alternatives for achieving the purpose of the regulation.

### Public Comment

*Summarize all comments received during the public comment period following the publication of the Notice of Periodic Review, and provide the agency response. Be sure to include all comments submitted: including those received on Town Hall, in a public hearing, or submitted directly to the agency. Indicate if an informal advisory group was formed for purposes of assisting in the periodic review.*

---

DMAS submitted its Periodic Review Report of Findings to the Town Hall on February 1, 2022. The comment period began on February 28, 2022 and ended on March 21, 2022. No public comments were received.

### Effectiveness

*Pursuant to § 2.2-4017 of the Code of Virginia, indicate whether the regulation meets the criteria set out in Executive Order 14 (as amended, July 16, 2018), including why the regulation is (a) necessary for the protection of public health, safety, and welfare, and (b) is clearly written and easily understandable.*

---

The primary advantage of the Public Participation Guidelines is to promote public involvement in the development, amendment, or repeal of DMAS regulations. The regulation is necessary for the protection of public health, safety, and welfare in that it allows public participation in the process of Medicaid regulations. The regulation is clearly written and easily understandable.

### Decision

*Explain the basis for the promulgating agency's decision (retain the regulation as is without making changes, amend the regulation, or repeal the regulation).*

---

DMAS is recommending no changes in these regulations because they remain essential, and have no negative impact.

### **Small Business Impact**

*As required by § 2.2-4007.1 E and F of the Code of Virginia, discuss the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Also, discuss why the agency's decision, consistent with applicable law, will minimize the economic impact of regulations on small businesses.*

---

The regulations are not anticipated to have an adverse impact on small businesses.
