Quarterly Performance Measurement, Q3 2011 - Q3 2015

David E. Brown, D.C.
Director

"To ensure safe and competent patient care by licensing health professionals, enforcing standards of practice, and providing information to health care practitioners and the public."
DHP Mission Statement

In order to uphold its mission relating to discipline, DHP continually assesses and reports on performance. Extensive trend information is provided on the DHP website, in biennial reports, and, most recently, on Virginia Performs through Key Performance Measures (KPMs). KPMs offer a concise, balanced, and data-based way to measure disciplinary case processing. These three measures, taken together, enable staff to identify and focus on areas of greatest importance in managing the disciplinary caseload: Clearance Rate, Age of Pending Caseload and Time to Disposition uphold the objectives of the DHP mission statement. The following pages show the KPMs by board, listed in order by caseload volume; volume is defined as the number of cases received during the previous 4 quarters. In addition, readers should be aware that vertical scales on the line charts change, both across boards and measures, in order to accommodate varying degrees of data fluctuation.

Clearance Rate - the number of closed cases as a percentage of the number of received cases. A 100% clearance rate means that the agency is closing the same number of cases as it receives each quarter. DHP's goal is to maintain a 100% clearance rate of allegations of misconduct through the end of FY 2016. The current quarter's clearance rate is 88%, with 906 patient care cases received and 800 closed.

Age of Pending Caseload - the percent of open patient care cases over 250 business days old. This measure tracks the backlog of patient care cases older than 250 business days to aid management in providing specific closure targets. The goal is to maintain the percentage of open patient care cases older than 250 business days at no more than 20% through the end of FY 2016. That goal continues to be achieved with 19% percent of patient care cases pending over 250 business days. For the last quarter shown, there were 2,591 patient care cases pending, with 487 pending over 250 business days.

Time to Disposition - the percent of patient care cases closed within 250 business days for cases received within the preceding eight quarters. This moving eight-quarter window approach captures the vast majority of cases closed in a given quarter and effectively removes any undue influence of the oldest cases on the measure. The goal is to resolve 90% of patient care cases within 250 business days through the end of FY 2016. The current quarter shows 91% percent of patient care cases being resolved within 250 business days with 787 cases closed and 712 closed within 250 business days.

MEMORANDUM

TO: Members of Boards at the Department of Health Professions

FROM: David E. Brown, D.C., Director *DB*

DATE: April 3, 2015

RE: Board Member Development Day – September 28, 2015

As a former member of the Board of Medicine, I am well aware of the commitment of time and energy you devote to serving as a member of one of our regulatory boards at the Department. We are incredibly grateful for the time you take from your professional and personal lives to serve the Commonwealth in this capacity.

We offer new board member training as an orientation to the work of boards and the Department. However, I believe as you actually experience the policy and disciplinary workload, additional training would be beneficial in helping you become more effective in conducting and participating in meetings and hearings. For this reason, we are having a Board Member Development Day to provide more in-depth training, especially on conflicts of interests, conducting disciplinary proceedings, deliberations, making findings of facts and conclusions of law.

With this advance notice, I hope you will set aside September 28, 2015 on your calendar to participate in board member development. All of the attorneys general who provide counsel to the Boards will be involved in the training, as will our Executive Directors and others in the agency. More information and a detailed schedule will follow.

If any of you have topics or questions you would like to have addressed in the training, please send them directly to me at: david.brown@dhp.virginia.gov. We want to enhance your experience as a board member, so we would appreciate hearing any of your suggestions.

Thank you again for all you do for our boards and for the Commonwealth. I hope to see you on the 28th
