Actions

I make the following recommendations in the form of a Motion by Chairman Garland:

The Jail Review Committee investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Jail Review Committee further finds that investigation did

not reveal any evidence indicating that the facility was out of compliance with the regulations promulgated by the Board. **NOW THEREFORE, I MOVE** that the following cases be recommended to the Full Board for closure as a result of the following cases:

Case	Location	Date of Death
20-0013	Riverside Regional Jail	4/16/2020
20-0041	Riverside Regional Jail	12/28/2020

The Jail Review Committee makes the preliminary finding that the Riverside Regional Jails or any employee or agent thereof that may have directly or indirectly contributed to the death of the three inmates. The Jail Review Committee therefore will recommend that the Board of Local and Regional Jails find as follows:

Case #19-0021 Date of Death 7/24/19

Based on facts revealed upon investigation as outlined above, the Jail Review Committee recommends that the Board of Local and Regional Jails find that the Riverside Regional Jail failed to meet the minimum acceptable level of compliance within the Minimum Standards required for:

Case #20-0008 Date of Death 2/17/2020

Based on facts revealed upon investigation as outlined above, the Jail Review Committee recommends that the Board of Local and Regional Jails find that the Riverside Regional Jail failed to meet the minimum acceptable level of compliance within the Minimum Standards required for:

- 6VAC15-40-370 : Receiving and Medical Screening of Inmate**

Board of Local & Regional Jails
Jail Review Committee
April 21, 2021

The Jail Review Committee *FINDS* that one inmate repeatedly sought help from jail administration and correctional officers. Some of the pleas were responded to with callous indifference by staff with two notable exceptions. There was a correctional officer who did her best to assist the inmate by bringing her concerns to a supervisor and trying to bring the issue to the attention of the classification department for the inmate's cell assignment. Another correctional officer displayed great compassion in trying to save this inmate's life. However, due to confusion and delay throughout the facility, she was not successful.

Now, therefore, with respect to the above cases, the committee *Will RECOMMEND* that the Board of Local and Regional Jails **IMPOSE THE FOLLOWING PENALTIES:**

Pursuant to 6VAC15-20-100 – From the findings found here, the Jail Review Committee will **RECOMMEND that the Board of Local and Regional Jails **DECERTIFY** the Riverside Regional Jail**

And

Pursuant to Virginia Code §53.1-69, **ORDER inmates held henceforth be **TRANSFERRED** to the jurisdiction of origin.**

Motion seconded by Mr. Vassar.

Upon a *Motion* by Chairman Garland and duly seconded, the attending members voted unanimously to *Approve* the above recommendations. Dr. Masters *Abstained* from the vote on Case #20-0011.
