Mary Wilson and Rita Katzman provided welcome and introductions.

- Reviewed the History of the Out-of-Family Advisory Committee and provided handout.
- Provided overview of CPS process.
- Reviewed Regulation 22VAC 40-730: Investigation of Child Abuse and Neglect in Out-of-Family complaints.

Changes to draft regulation captured and submitted to DSS staff.

- Ensure that there is a reference at the beginning of this regulation that states 22VAC40-705 applies as well as 22VAC40-730—make it the first sentence under definitions.
- Strike entire definition on page two.

Confirmed there was no public comment received in November 2010. Draft language will be taken to the April State Board meeting for review and another opportunity for public input. Reminded that it takes 18 months for a regulation to become effective from start to finish dates.

Future Meeting
