In addition, this information is required by the Virginia Registrar of Regulations pursuant to the Virginia Register Act (§ 2.2-4100 et seq. of the Code of Virginia). Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

The amendments to 1VAC20-50, Candidate Qualification, update statutory references and clarify the standards governing material omissions from candidate petitions and the appeal of findings that a candidate submitted insufficient valid signatures. The amendments also add a procedure allowing a political party chair to identify a vice-presidential nominee as unknown when the statutory presidential-election certification must be submitted, subject to subsequent identification within the applicable deadline. A new provision specifies when candidates may begin filing ballot-access documents other than candidate petitions, including a separate rule for special elections. An outdated petition-form reference is removed.

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, "mandate" has the same meaning as defined in Executive Order 17 (2026), "a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part." For changes in response to federal mandates, indicate the extent of discretion related to the proposed regulatory changes, the rationale for the changes, and briefly indicate how the federal mandate aligns with the best interest of public welfare.

The State Board of Elections is authorized to promulgate regulations pursuant to § 24.2-103 of the Code of Virginia, which grants the Board authority to supervise and coordinate the work of local electoral boards and general registrars and to make rules and regulations to promote the proper administration of elections in the Commonwealth. This periodic review is conducted in accordance with § 2.2-4007.1 and § 2.2-4017 of the Code of Virginia, and the procedures of the Office of Regulatory Management.

Statement of Final Agency Action

Provide a statement of the final action taken by the agency including: 1) the date the action was taken; 2) that the agency has "adopted final amendments" to the regulation; 3) the name of the agency taking the action; and 4) the title of the regulation.
