Proposed Regulation Agency Background Document

Agency name	Department of Agriculture and Consumer Services
Virginia Administrative Code (VAC) Chapter citation(s)	11 VAC 20-20
VAC Chapter title(s)	Charitable Gaming Regulations
Action title	Amendments to reflect changes made to the Charitable Gaming Law in 2021, 2022, 2023, and 2024
Date this document prepared	September 10, 2026

This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Order 17 (2026) (EO 17), any instructions or procedures issued by the Department of Planning and Budget (DPB) pursuant to EO 17, the Regulations for Filing and Publishing Agency Regulations (1 VAC 7-10), and the *Form and Style Requirements for the Virginia Register of Regulations and Virginia Administrative Code*.

Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

This regulatory action will amend the existing Charitable Gaming Regulations, 11 VAC 20-20 et seq., to conform the regulations with amendments made to the Charitable Gaming Law by the 2023 and 2024 Sessions of the General Assembly, including (i) establish registration requirements for landlords, and (ii) establish requirements by which organizations that generate or anticipate generating \$40,000 or less in charitable gaming gross receipts may obtain a permit and sell instant bingo, pull tabs, or seal cards exclusively to their members and guests.

Acronyms and Definitions

Define all acronyms used in this form, and any technical terms that are not also defined in the "Definitions" section of the regulation.

“Commissioner” means the Commissioner of the Department of Agriculture and Consumer Services.

“Department” means the Department of Agriculture and Consumer Services.

“Law” means Article 1.1:1 of Chapter 8 of Title 18.2 of the Code of Virginia.

“Qualified organization” means any organization, as defined in § 18.2-340.16 of the Code, to which a valid permit has been issued by the Department to conduct charitable gaming or any organization that is exempt pursuant to § 18.2-340.23 of the Code.

“Regulations” means 11 VAC 20-20, Charitable Gaming Regulations.

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, “mandate” has the same meaning as defined in EO 17, “a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part.”

Chapters 592 and 593 of the 2023 Acts of Assembly require the Department to (i) issue registrations for those organizations that generate or anticipate generating \$40,000 or less in charitable gaming gross receipts for no more than seven calendar days per year and (ii) allow the sale of instant bingo, pull tabs, and seal cards dispensed by mechanical equipment during certain annual fundraising events.

Chapters 755 and 787 of the 2023 Acts of Assembly require the Department to issue temporary permits to certain qualified organizations during their respective convention, conference, or event.

Chapters 445 and 504 of the 2024 Acts of Assembly allow qualified organizations to count certain expenses related to rental of real property towards meeting their predetermined percentage of receipts for those lawful religious, charitable, community, or educational purposes.

Chapters 445 and 504 of the 2024 Acts of Assembly prohibit the Department from prescribing regulations that (i) prohibit devices that display spinning, rotating, or rolling reels or animation or flashing lights; (ii) prohibit devices that accept vouchers; or (iii) prohibit the purchase and play of an electronic pull tab with a single press or touch of a button.

Chapter 593 of the 2024 Acts of Assembly requires a qualified organization to post a sign that bears the number and website for the illegal gaming tip line.

Chapter 612 of the 2022 Acts of Assembly amended Section 18.2-340.18 of the *Code of Virginia* to provide the Department with authority to promulgate regulations that require a landlord of a premises where charitable gaming is conducted by a qualified organization to register with the Department. The Department has already done so for Texas Hold'em Poker Tournaments and must do so for all other forms of charitable gaming for consistency.

Chapter 520 of the 2021 Special Session I Acts of Assembly related to organizations that (i) generate or anticipate generating \$40,000 or less in charitable gaming gross receipts to obtain a permit and (ii) sell instant bingo, pull tabs, or seal cards exclusively to their members and guests.

Legal Basis

Identify (1) the promulgating agency, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia and Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating agency to regulate this specific subject or program, as well as a reference to the agency's overall regulatory authority.

Section 3.2-102 of the Law directs the Commissioner to promulgate regulations necessary to carry out the provisions of Article 1.1:1 of Chapter 8 of Title 18.2 of the Code.

Section 18.2-340.18 of the Law authorizes the Department to promulgate regulations that require a landlord that leases to a qualified organization any premises devoted in whole or in part to the conduct of charitable gaming to register with the Department.

Section 18.2-340.19 of the Law requires that the Department promulgate regulations that establish requirements for the audit of all reports required by §§ 18.2-340.30 and 18.2-340.30:2 of the Law.

Purpose

Explain the need for the regulatory change, including a description of: (1) the rationale or justification, (2) the specific reasons the regulatory change is essential to protect the health, safety or welfare of citizens, and (3) the goals of the regulatory change and the problems it is intended to solve.

The Regulations are essential to adequately regulate an approved form of legalized gambling in the Commonwealth and these amendments are necessary to align the Regulations with the Law, which has been amended to, in part, support qualified organizations that conduct charitable gaming and that provide programs that often benefit and promote the welfare of the citizens of the Commonwealth. The majority of the amendments that are proposed through this regulatory action are required due to changes in the Law made by the General Assembly from 2021 to 2024. The Department is also amending the Regulations to include the registration of landlords that leases their premises to a qualified organization to conduct charitable gaming. The proposed amendments are similar to those in the Texas Hold'em Poker Tournament Regulations, 11 VAC 20-30, thereby establishing consistent requirements for the registration of landlords who lease to qualified organizations conducting any form of charitable gaming.

Substance

Briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the "Detail of Changes" section below.

The Department is proposing the following amendments:

Align the Regulations with provisions of Chapters 592 and 593 of the 2023 Acts of Assembly related to organizations that (i) generate or anticipate generating gross receipts of \$40,000 or less from all charitable gaming other than raffles conducted on a total of no more than seven days per calendar year and (ii) sell instant bingo, pull-tabs, and seal cards dispensed by mechanical equipment during certain annual fundraising events.

Align the Regulations with provisions of Chapters 755 and 787 of the 2023 Acts of Assembly related to the issuance of temporary permits to any qualified organization described in subdivision 4 or 5 of the definition of "organization" in § 18.2-340.16 of the Law to allow such organizations to sell instant bingo, pull tabs, or seal cards during a convention, conference, or related event.

Amend the Regulations in accordance with Chapters 445 and 504 of the 2024 Acts of Assembly to (i) allow the use of certain expenses related to the rental of real property in calculating whether certain charitable organizations have used the prescribed percentage of its charitable gaming revenue towards the organization's lawful religious, charitable, community, or educational purposes (use of proceeds), as required by § 18.2-340.19 of the Law and prescribed in subsection D of 11 VAC 20-20-20 of the Regulations, and establish additional requirements regarding the criteria a qualified organization must meet for such rental expenses to qualify; and (ii) remove any prohibitions on devices that display spinning, rotating, or rolling reels or animations or flashing lights; devices that accept vouchers; or the purchase and play of an electronic pull tab with a single press or touch of a button.

Amend the Regulations in accordance with Chapter 593 of the 2024 Acts of Assembly to require qualified organizations to post a sign that bears the toll-free telephone number and website for the illegal gaming tip line established and administered by the Office of the Gaming Enforcement Coordinator in the Department of State Police.

Amend the Regulations in accordance with Chapter 612 of the 2022 Acts of Assembly to establish registration requirements for any landlord that leases to a qualified organization any premises devoted in whole and in part to the conduct of charitable gaming.

Amend the Regulations in accordance with Chapter 520 of the 2021 Special Session I Acts of Assembly related to organizations that (i) generate or anticipate generating \$40,000 or less in charitable gaming gross receipts to obtain a permit and (ii) sell instant bingo, pull tabs, or seal cards exclusively to their members and guests.

Issues

Identify the issues associated with the regulatory change, including: 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions; 2) the primary advantages and disadvantages to the agency or the Commonwealth; and 3) other pertinent matters of interest to the regulated community, government officials, and the public. If there are no disadvantages to the public or the Commonwealth, include a specific statement to that effect.

The primary advantage to the public from these proposed regulations is that the changes will align the Regulations with the Law and related regulations thereby minimizing confusion for charitable gaming organizations. In addition, the proposed regulations will (i) clarify the requirements for a qualified organization's eligibility for a temporary permit, (ii) provide an allowance for a registration that simplifies the application process for certain organizations to conduct charitable gaming activities, (iii) allow certain organizations to count certain expenses toward their mandatory obligations to use charitable gaming receipts for a charitable, religious, community, or educational purpose, which is otherwise known as "use of proceeds," (iv) remove any prohibitions on devices that display spinning, rotating or rolling wheels and flashing lights thereby providing manufacturers of electronic gaming/pull-tab devices with greater flexibility, and (v) allow vouchers in electronic gaming/pull-tab devices. The primary disadvantage is likely to be experienced by landlords, who will be required to register with the department, as is currently required of landlords involved with Texas Hold'em Poker Tournaments.

The proposed regulations have no disadvantages to the Department or Commonwealth. There may be a minimal cost to the Department to review and process registrations; however, that cost can be absorbed with current Department resources.

Requirements More Restrictive than Federal

Identify and describe any requirement of the regulatory change which is more restrictive than applicable federal requirements. Include a specific citation for each applicable federal requirement, and a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements, or no requirements that exceed applicable federal requirements, include a specific statement to that effect.

There are no requirements more restrictive than federal requirements.

Agencies, Localities, and Other Entities Particularly Affected

Consistent with § 2.2-4007.04 of the Code of Virginia, identify any other state agencies, localities, or other entities particularly affected by the regulatory change. Other entities could include local partners such as tribal governments, school boards, community services boards, and similar regional organizations. "Particularly affected" are those that are likely to bear any identified disproportionate material impact which would not be experienced by other agencies, localities, or entities. "Locality" can refer to either local governments or the locations in the Commonwealth where the activities relevant to the regulation or regulatory change are most likely to occur. If no agency, locality, or entity is particularly affected, include a specific statement to that effect.

No agency, locality, or other entity is particularly affected by the proposed amendments.

Economic Impact

Consistent with § 2.2-4007.04 of the Code of Virginia, identify all specific economic impacts (costs and/or benefits) anticipated to result from the regulatory change. When describing a particular economic impact, specify which new requirement or change in requirement creates the anticipated economic impact. Keep in mind that this is the proposed change versus the status quo.

Impact on State Agencies

<i>For your agency:</i> Projected costs, savings, fees, or revenues resulting from the regulatory change, including: a) fund source / fund detail; b) delineation of one-time versus on-going expenditures; and c) whether any costs or revenue loss can be absorbed within existing resources.	There are no anticipated savings, fees, or revenues resulting from the proposed amendments. The cost to the Department is expected to be minimal and absorbed using current appropriations.
<i>For other state agencies:</i> Projected costs, savings, fees, or revenues resulting from the regulatory change, including a delineation of one-time versus on-going expenditures.	There are no anticipated costs, savings, fees, or revenue for other state agencies resulting from the proposed amendments.
<i>For all agencies:</i> Benefits the regulatory change is designed to produce.	The proposed amendments will align the regulation with the Law.

Impact on Localities

Projected costs, savings, fees, or revenues resulting from the regulatory change.	There are no anticipated costs, savings, fees, or revenues for localities resulting from this regulatory action.
Benefits the regulatory change is designed to produce.	There are no anticipated benefits for localities resulting from this regulatory action.

Impact on Other Entities

Description of the individuals, businesses, or other entities likely to be affected by the regulatory change. If no other entities will be affected, include a specific statement to that effect.	This regulatory action will affect qualified organizations that are or intend to conduct charitable gaming activities in the Commonwealth.
Agency's best estimate of the number of such entities that will be affected. Include an estimate of the number of small businesses affected. Small business means a business entity, including its affiliates, that: a) is independently owned and operated, and; b) employs fewer than 500 full-time employees or has gross annual sales of less than \$6 million.	There are approximately 408 permitted or registered charitable gaming organizations in Virginia. Charitable gaming organizations do not meet the definition of small business. There are 11 charitable gaming suppliers and seven manufacturers of electronic gaming/pull-tab devices. Although the Department does not collect information regarding these entities' national gross annual sales, the Department estimates that none of these entities meet the definition of small business. The Department is unable to estimate how many landlords lease to charitable gaming organizations.
All projected costs for affected individuals, businesses, or other entities resulting from the regulatory change. Be specific and include all costs including, but not limited to: a) projected reporting, recordkeeping, and other administrative costs required for compliance by small businesses; b) specify any costs related to the development of real estate for commercial or residential purposes that are a consequence of the regulatory change; c) fees; d) purchases of equipment or services; and e) time required to comply with the requirements.	The Department estimates that there will be administrative costs to charitable gaming organizations to maintain additional records in order to document that certain expenses qualify for use of proceeds. This cost is estimated to be minimal. There will also be an administrative time cost for landlords to register with the department. The agency anticipates this should be minimal. There will be a fee of \$200 for qualified organizations to apply for a temporary permit with the department. The fee is the same as those organizations seeking a regular permit, and the fee is required by Law. The Department does not have an estimate of how many organizations will apply for a temporary permit.
Benefits the regulatory change is designed to produce.	These regulatory changes will ensure consistency in the Regulations and continue to allow the Department to maintain the integrity of charitable gaming in the Commonwealth.

Alternatives to Regulation

Describe any viable alternatives to the regulatory change that were considered, and the rationale used by the agency to select the least burdensome or intrusive alternative that meets the essential purpose of the regulatory change. Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in § 2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulatory change.

The majority of the amendments proposed in this action are required by Law; therefore, there are no alternatives available. The Department considered not requiring registration by certain landlords. However, this would lead to inconsistent and disparate regulations for qualified organizations conducting various forms of charitable gaming, as those landlords that lease to qualified organizations conducting Texas Hold'em Poker Tournaments are currently required to register in accordance with 11 VAC 20-30, Texas Hold'em Poker Tournament Regulations. The Department is required to charge a fee for a temporary permit, and the processing time is the same for a regular permit, thus necessitating a similar fee.

Regulatory Flexibility Analysis

Consistent with § 2.2-4007.1 B of the Code of Virginia, describe the agency's analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) establishing less stringent compliance or reporting requirements; 2) establishing less stringent schedules or deadlines for compliance or reporting requirements; 3) consolidation or simplification of compliance or reporting requirements; 4) establishing performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the regulatory change.

The majority of the amendments proposed in this action are required by Law; therefore, there are no alternatives available. The Department considered not requiring registration by certain landlords. However, this would lead to inconsistent and disparate regulations for qualified organizations conducting various forms of charitable gaming, as those landlords that lease to qualified organizations conducting Texas Hold'em Poker Tournaments are currently required to register in accordance with 11 VAC 20-30, Texas Hold'em Poker Tournament Regulations. Accordingly, the department determined an exemption for landlords that are small businesses is not appropriate.

The registration requirements that the Department proposes are the minimum necessary to ensure the required information is obtained prior to allowing an organization to conduct charitable gaming. Charitable organizations are not classified as small businesses under the *Code of Virginia*. The compliance reporting requirements are necessary to ensure that the integrity of charitable gaming in the Commonwealth is maintained.

Periodic Review and Small Business Impact Review Report of Findings

If you are using this form to report the result of a periodic review/small business impact review that is being conducted as part of this regulatory action, and was announced during the NOIRA stage, indicate whether the regulatory change meets the criteria set out in EO 17, e.g., is necessary for the protection of public health, safety, and welfare; minimizes the economic impact on small businesses consistent with

the stated objectives of applicable law; and is clearly written and easily understandable. In addition, as required by § 2.2-4007.1 E and F of the Code of Virginia, discuss the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Also, discuss why the agency's decision, consistent with applicable law, will minimize the economic impact of regulations on small businesses.

This regulatory action does not include a periodic review.

The department determined this regulation and the proposed amendments thereto are necessary to ensure the integrity of charitable gaming in the Commonwealth. The department did not receive any complaints or comments regarding the regulation during the public comment period of the NOIRA stage. The department determined that the regulation is not overly complex. The regulation does not duplicate or conflict with federal law or regulation. The proposed amendments will align the regulation with existing state law. The Regulation was last amended in May 2024 to include provisions pertaining to Texas Hold'Em Poker Tournaments. Subsequent to these amendments, while the amendments to the Law necessitate the proposed amendments to the Regulation, there have been no other changes in the charitable gaming industry that necessitate additional amendments to the regulation.

Public Comment

Summarize all comments received during the public comment period following the publication of the previous stage, and provide the agency's response. Include all comments submitted: including those received on Town Hall, in a public hearing, or submitted directly to the agency. If no comment was received, enter a specific statement to that effect.

The Department did not receive any comments during the public comment period following the publication of the notice of intended regulatory action.

Public Participation

Indicate how the public should contact the agency to submit comments on this regulation, and whether a public hearing will be held, by completing the text below.

The Department of Agriculture and Consumer Services is providing an opportunity for comments on this regulatory proposal, including but not limited to (i) the costs and benefits of the regulatory proposal, (ii) any alternative approaches, (iii) the potential impacts of the regulation, and (iv) the Department's regulatory flexibility analysis stated in that section of this background document.

Anyone wishing to submit written comments for the public comment file may do so through the Public Comment Forums feature of the Virginia Regulatory Town Hall web site at: <https://townhall.virginia.gov>. Comments may also be submitted by mail, email or fax to

Joel Maddux
Director, Division of Consumer Protection
PO Box 1163
Richmond, Virginia 23218
Fax: (804) 371-7479
Joel.Maddux@vdacs.virginia.gov

In order to be considered, comments must be received by 11:59 pm on the last day of the public comment period.

A public hearing will be held following the publication of this stage, and notice of the hearing will be posted on the Virginia Regulatory Town Hall website (<https://townhall.virginia.gov>) and on the Commonwealth Calendar website (<https://commonwealthcalendar.virginia.gov/>). Both oral and written comments may be submitted at that time.

Detail of Changes

List all regulatory changes and the consequences of the changes. Explain the new requirements and what they mean rather than merely quoting the text of the regulation. For example, describe the intent of the language and the expected impact. Describe the difference between existing requirement(s) and/or agency practice(s) and what is being proposed in this regulatory change. Use all tables that apply, but delete inapplicable tables.

If an existing VAC Chapter(s) is being amended or repealed, use Table 1 to describe the changes between the existing VAC Chapter(s) and the proposed regulation. If the existing VAC Chapter(s) or sections are being repealed and replaced, ensure Table 1 clearly shows both the current number and the new number for each repealed section and the replacement section.

Table 1: Changes to Existing VAC Chapter(s)

Current chapter-section number	New chapter-section number, if applicable	Current requirements in VAC	Change, intent, rationale, and likely impact of new requirements
Throughout 11 VAC 20-20	N/A		Added “registration” throughout the regulation wherever permit is mentioned to ensure current permit requirements apply to an organization that applies for and receives a registration instead of a permit. Additionally, technical amendments are proposed to ensure the requirements for charitable gaming applicable to organizations with a regular permit or temporary permit are applied equally to those organizations issued a registration to conduct limited charitable gaming activities.
Throughout 11 VAC 20-20	N/A		Added “temporary permit” throughout the regulation wherever a regular permit is mentioned to ensure current permit requirements apply to a qualified organization that applies for and receives a temporary permit instead of a regular permit. Additionally, technical amendments are proposed to ensure the requirements for charitable gaming applicable to

			organizations with a regular permit are applied equally to those organizations issued a temporary permit to sell paper instant bingo, seal cards, or pull-tabs at a convention, conference, or related event lasting no more than seven consecutive days held by the organization's affiliated state, regional, or national organization up to once per quarter.
20-10	N/A	Definitions	Add definition of "landlord" that mirrors the one in 11VAC20-30 for the registration of landlords, who leases their facility to a qualified organization wishing to conduct Texas Hold'em Poker Tournaments.
20-20	N/A	N/A	Add reference to number of playing days to align with Ch X of the 202X Acts of Assembly
N/A	20-35	N/A	Requirements for organizations possessing a temporary permit to sell paper instant bingo, seal cards, or pull-tabs at a convention, conference, or related event lasting no more than seven consecutive days held by the organization's affiliated state, regional, or national organization up to once per quarter. The proposed requirements are intended to ensure that an organization that obtains a temporary permit must meet the same requirements as those charitable gaming organizations with a regular permit.
N/A	20-36	N/A	Application process for temporary permits. The proposed amendments establish the information and documentation an organization must submit to the department with its application for a temporary permit. The proposed requirements mirror the requirements for an organization applying for a regular permit to maintain consistency in the processing of applications.
N/A	20-45	N/A	The proposed amendments establish requirements for an organization that possesses a charitable gaming registration. Section 18.2-340.23 of the

			Law requires this registration for any organization that expects to realize gross receipts of \$40,000 or less from all charitable gaming other than raffles on a total of no more than seven days per calendar year.
20-50 H	N/A		The department proposes to eliminate a redundant subsection (i.e., subsection H).
20-60	N/A		In addition to amendments that will ensure consistent application of requirements for organizations with a permit and for those with a temporary permit or registration, the proposed amendments add a new requirement that prohibits a qualified organization from leasing a premises for the purpose of charitable gaming from a person not registered as a landlord with the Department. This restriction currently exists for qualified organizations that lease a premise from a person in order to conduct Texas Hold'Em Poker Tournaments, one of the authorized forms of charitable gaming.
20-80	N/A	A qualified organization that possesses a permit is currently required to maintain a charitable gaming bank account that is separate from other bank accounts. A qualified organization that possesses a permit is currently required to deposit all receipts from each session by the second business day following the session.	The proposed amendment requires a qualified organization that possesses a registration to maintain a bank account and deposit its gaming receipts into this bank account. The proposed amendment requires a qualified organization that possesses a temporary permit to deposit all receipts from instant bingo, pull-tabs, or seal cards sold during its affiliated organization's convention, conference, or related event by the second business day following the last session conducted at the event.
20-110	N/A	Establishes criteria and documentation required for permissible use of proceeds payments	Section 18.2-340.19(A)(1) of the Law requires the Department to adopt regulations allowing certain real property expenses to qualify as use of proceeds payments. The proposed amendments establish new record keeping requirements for permitted organizations that wish to count leased or rental of real property towards meeting the minimum use of proceeds requirement. This is necessary to ensure the Department can properly audit or review such expenses.
20-120	N/A	Establishes requirements for a qualified organization that	The proposed amendments establish that a qualified organization may not

		rents a premise to conduct charitable gaming.	sell instant bingo, pull-tabs, or seal cards at a convention, conference, or related event before its affiliated organization obtains a written agreement with the event venue. The proposed amendments also establish a new registration requirement for a landlord that leases its facility to a qualified organization wishing to conduct charitable gaming activities. The related requirements in Section 120 mirror the landlord registration requirements established in the Texas Hold'em Poker Tournament Regulations. Section 8.2-340.18 of the Law authorizes the Department to establish this registration.
20-140		Prohibits mechanical dispensing machines for paper instant bingo, seal cards, and pull-tabs from simulating rolling or spinning reels.	The proposed amendments remove the prohibition on mechanical dispensing machines for paper instant bingo, seal cards, and pull-tabs simulating rolling or spinning reels.
20-300		Prohibits an electronic gaming/pull-tab device from allowing a voucher to be inserted into it.	The proposed amendments remove the prohibition on vouchers being inserted into an electronic gaming/pull-tab device.
20-310		Establishes the reports that a point-of-sale or validation terminal must generate on demand, including a voucher redemption report.	The proposed amendments add additional data that must be included in a voucher redemption report.
20-330		Prohibits an electronic gaming/pull-tab device from displaying spinning, rotating or rolling reels or animation or flashing lights.	The proposed amendments remove the prohibition on electronic gaming/pull-tab devices displaying spinning, rotating or rolling reels or animation or flashing lights.
20-420		Establishes requirements for electronic gaming/pull-tab devices with printers	The proposed amendments allow for an electronic gaming device to print a voucher with the value of the remaining balance.
20-440		Prohibits an electronic gaming/pull-tab device from displaying spinning, rotating, or rolling reels or animation or flashing lights. Electronic gaming/pull-tab devices do not allow a player to purchase and play an electronic ticket by a single press of a button.	The proposed amendments remove the prohibition on electronic gaming/pull-tab devices displaying spinning, rotating, or rolling reels or animation or flashing lights. The proposed amendments allow for electronic gaming/pull-tab devices to allow the purchase and play of an electronic pull-tab through the single press of a button.
20-610		Establishes certain reporting requirements.	The proposed amendments reflect § 18.2-340.19 of the Law, which requires

			that all charitable gaming organizations post the toll-free illegal gaming tip line number operated by the Virginia State Police.
