# Office of Regulatory Management

### Economic Review Form

Agency name	Virginia Department of Energy
Virginia Administrative Code (VAC) Chapter citation(s)	4VAC25-31
VAC Chapter title(s)	Reclamation Regulations for Mineral Mining
Action title	Regulatory action to reflect updated Code of Virginia related to Mineral Mines Farm Pond Construction or Expansion
Date this document prepared	9/30/24
Regulatory Stage (including Issuance of Guidance Documents)	Final

#### Cost Benefit Analysis

Complete Tables 1a and 1b for all regulatory actions. You do not need to complete Table 1c if the regulatory action is required by state statute or federal statute or regulation and leaves no discretion in its implementation.

Table 1a should provide analysis for the regulatory approach you are taking. Table 1b should provide analysis for the approach of leaving the current regulations intact (i.e., no further change is implemented). Table 1c should provide analysis for at least one alternative approach. You should not limit yourself to one alternative, however, and can add additional charts as needed.

Report both direct and indirect costs and benefits that can be monetized in Boxes 1 and 2. Report direct and indirect costs and benefits that cannot be monetized in Box 4. See the ORM Regulatory Economic Analysis Manual for additional guidance.

Table 1a: Costs and	Benefits of the Proposed Cl	nanges (Frimary Option)		
(1) Direct & Indirect Costs &	Direct Costs: Changes to this regulation will likely have no direct costs to the regulated community.			
Benefits				
(Monetized)	Indirect Costs: Changes to this regulation will likely have no indirect costs to the regulated community.			
	Direct Benefits: Changing this regulation will provide potential additional revenue streams for farm pond owners (less than three acres) partaking in activities related to the construction or expansion of a farm pond for agricultural irrigation or provision of water for livestock to beneficially reuse of the soil or sand. Indirect Benefits: Changing this regulation will have no indirect benefits.			
(2) Present

(**D**/**R**):

### **Changes to Number of Regulatory Requirements**

### Table 5: Regulatory Reduction

For each individual action, please fill out the appropriate chart to reflect any change in regulatory requirements, costs, regulatory stringency, or the overall length of any guidance documents.

Change in Regulatory Requirements

VAC Section(s) Involved*	Authority of Change	Initial Count	Additions	Subtractions	Total Net Change in Requirements
	(M/A):				
	( <b>D</b> /A):				
	(M/R):				
	( <b>D</b> / <b>R</b> ):				
				Grand Total of	(M/A):
				Changes in	(D/A):
				<b>Requirements:</b>	(M/R):

### Key:

Please use the following coding if change is mandatory or discretionary and whether it affects externally regulated parties or only the agency itself:

(M/A): Mandatory requirements mandated by federal and/or state statute affecting the agency itself

(**D**/**A**): Discretionary requirements affecting agency itself

(**M/R**): Mandatory requirements mandated by federal and/or state statute affecting external parties, including other agencies

(D/R): Discretionary requirements affecting external parties, including other agencies

Cost Reductions or Increases (if applicable)

VAC Section(s) Involved*	Description of Regulatory Requirement	Initial Cost	New Cost	Overall Cost Savings/Increases

*Other Decreases or Increases in Regulatory Stringency (if applicable)* 

VAC Section(s) Involved*	Description of Regulatory Change	Overview of How It Reduces or Increases Regulatory Burden

Title of Guidance Document	Original Word Count	New Word Count	Net Change in Word Count

*Length of Guidance Documents (only applicable if guidance document is being revised)* 

\*If the agency is modifying a guidance document that has regulatory requirements, it should report any change in requirements in the appropriate chart(s).
