#### **Cost Benefit Analysis**

Complete Tables 1a and 1b for all regulatory actions. You do not need to complete Table 1c if the regulatory action is required by state statute or federal statute or regulation and leaves no discretion in its implementation.

Table 1a should provide analysis for the regulatory approach you are taking. Table 1b should provide analysis for the approach of leaving the current regulations intact (i.e., no further change is implemented). Table 1c should provide analysis for at least one alternative approach. You should not limit yourself to one alternative, however, and can add additional charts as needed.

Report both direct and indirect costs and benefits that can be monetized in Boxes 1 and 2. Report direct and indirect costs and benefits that cannot be monetized in Box 4. See the ORM Regulatory Economic Analysis Manual for additional guidance.

(3) Other Costs & Benefits (Non- Monetized)	As noted in the ABD, branch pilot licenses are issued to individuals. Licensed branch pilots are self-employed. To the extent licensed branch pilots are independent contractors, and considered to be business entities, these entities may fall within the meaning of "small business" as defined in § 2.2-4007.1 of the Code of Virginia.  The costs and benefits of this regulatory change are identified in Table 1(a). To the extent that any additional costs are assumed by a small business entities, this regulatory change would impact small businesses.
