This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Order 19 (2022) (EO 19), any instructions or procedures issued by the Office of Regulatory Management (ORM) or the Department of Planning and Budget (DPB) pursuant to EO 19, the Regulations for Filing and Publishing Agency Regulations (1 VAC 7-10), and the *Form and Style Requirements for the Virginia Register of Regulations and Virginia Administrative Code*.

Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

The Regulations Governing Special Education Programs for Students with Disabilities in Virginia provide the requirements for special education programs within the Commonwealth. Pursuant to Chapter 502 of the 2024 Acts of the Assembly, this action will amend 8VAC20-81-10 to include a definition for “short term objectives” and amend 8VAC20-81-110 to include parent and student input as required content in an IEP for all relevant students.

Acronyms and Definitions

Define all acronyms used in this form, and any technical terms that are not also defined in the “Definitions” section of the regulation.

“Board” means the State Board of Education
 “VAC” means the Virginia Administrative Code
 “VDOE” means the Virginia Department of Education

Statement of Final Agency Action

Provide a statement of the final action taken by the agency including: 1) the date the action was taken; 2) the name of the agency taking the action; and 3) the title of the regulation.

The State Board of Education adopted the action “Fast-Track Action to Align 8VAC20-81 with Chapter 502 of the 2024 Acts of the Assembly” on July 25, 2024.

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, “mandate” has the same meaning as defined in the ORM procedures, “a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part.”

Consistent with Virginia Code § 2.2-4012.1, also explain why this rulemaking is expected to be noncontroversial and therefore appropriate for the fast-track rulemaking process.

Chapter 502 of the 2024 Acts of the Assembly directs the VDOE to amend its regulations to include a definition of “short term objectives” and to include parent and student input as required content in an IEP for all relevant students. However, the legislation did not include a definition of “short-term objectives,” so the Board has approved one.

This regulatory action is expected to be noncontroversial because it is required to keep the regulation in line with changes in the law. The definition of “short-term objective” proposed by the Board is not expected to be controversial.

Legal Basis

Identify (1) the promulgating agency, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia and Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating agency to regulate this specific subject or program, as well as a reference to the agency’s overall regulatory authority.

The Board’s overall regulatory authority is found in § 22.1-16 of the Code of Virginia, which states that “[t]he Board of Education may adopt bylaws for its own government and promulgate such regulations as may be necessary to carry out its powers and duties and the provisions of this title.”

The Board’s specific regulatory authority over Special Education Programs is found in § 22.1-214 of the Code of Virginia.

Purpose

Explain the need for the regulatory change, including a description of: (1) the rationale or justification, (2) the specific reasons the regulatory change is essential to protect the health, safety or welfare of citizens, and (3) the goals of the regulatory change and the problems it is intended to solve.

The rationale or justification for the regulatory change is to align 8VAC20-81 with Chapter 502 of the 2024 Acts of the Assembly.

The regulatory change is essential to protect the health, safety, or welfare of citizens by aligning with Chapter 502 of the 2024 Acts of the Assembly.

The goal of the regulatory change is to align with Chapter 502 of the 2024 Acts of the Assembly. The problem the regulatory change is intended to solve is that the Board’s current regulations do not align with Chapter 502 of the 2024 Acts of the Assembly.

Substance

Briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the “Detail of Changes” section below.

The regulatory change will add a definition for “short term objectives” as well as require parent and student input as part of the IEP for all relevant students.

Issues

Identify the issues associated with the regulatory change, including: 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions; 2) the primary advantages and disadvantages to the agency or the Commonwealth; and 3) other pertinent matters of interest to the regulated community, government officials, and the public. If there are no disadvantages to the public or the Commonwealth, include a specific statement to that effect.

The advantage to this regulatory change is that it ensures that the VDOE’s regulations stay in conformity with the Code of Virginia. There are no disadvantages to the regulatory change.

Requirements More Restrictive than Federal

Identify and describe any requirement of the regulatory change which is more restrictive than applicable federal requirements. Include a specific citation for each applicable federal requirement, and a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements, or no requirements that exceed applicable federal requirements, include a specific statement to that effect.

The requirements at issue do not exceed the applicable federal requirements.

Agencies, Localities, and Other Entities Particularly Affected

Consistent with § 2.2-4007.04 of the Code of Virginia, identify any other state agencies, localities, or other entities particularly affected by the regulatory change. Other entities could include local partners such as tribal governments, school boards, community services boards, and similar regional organizations. "Particularly affected" are those that are likely to bear any identified disproportionate material impact which would not be experienced by other agencies, localities, or entities. "Locality" can refer to either local governments or the locations in the Commonwealth where the activities relevant to the regulation or regulatory change are most likely to occur. If no agency, locality, or entity is particularly affected, include a specific statement to that effect.

Other State Agencies Particularly Affected

There are no other state agencies who are particularly affected.

Localities Particularly Affected

There are no localities which are particularly affected.

Other Entities Particularly Affected

There are no other entities who are particularly affected.

Economic Impact

Consistent with § 2.2-4007.04 of the Code of Virginia, identify all specific economic impacts (costs and/or benefits), anticipated to result from the regulatory change. When describing a particular economic impact, specify which new requirement or change in requirement creates the anticipated economic impact. Keep in mind that this is the proposed change versus the status quo.

Alternative regulatory methods include, at a minimum: 1) establishing less stringent compliance or reporting requirements; 2) establishing less stringent schedules or deadlines for compliance or reporting requirements; 3) consolidation or simplification of compliance or reporting requirements; 4) establishing performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the regulatory change.

No alternative regulatory methods were considered. The regulatory change is the result of a legislative mandate. The regulatory change does not concern small businesses.

Detail of Changes

List all regulatory changes and the consequences of the changes. Explain the new requirements and what they mean rather than merely quoting the text of the regulation. For example, describe the intent of

the language and the expected impact. Describe the difference between existing requirement(s) and/or agency practice(s) and what is being proposed in this regulatory change. Use all tables that apply, but delete inapplicable tables.

If an existing VAC Chapter(s) is being amended or repealed, use Table 1 to describe the changes between existing VAC Chapter(s) and the proposed regulation. If existing VAC Chapter(s) or sections are being repealed and replaced, ensure Table 1 clearly shows both the current number and the new number for each repealed section and the replacement section.

Table 1: Changes to Existing VAC Chapter(s)

Current chapter-section number	New chapter-section number, if applicable	Current requirements in VAC	Change, intent, rationale, and likely impact of new requirements
8VAC20-80-10	N/A	The section contains a list of definitions, which currently does not include “short term	A definition for “short term objectives” was added to the section. The intent of this change is to clarify terminology used throughout the chapter. The rationale behind the regulatory change is to conform with changes in Virginia Law, specifically Chapter 502, enactment clause 8. The likely impact of the new definition is that “short term objectives” as used throughout the chapter will now have a clear meaning.
