PURPOSE

The purpose of these Standards is to establish minimum requirements for the training of the Land Surveyor Apprentice in accordance with the regulations of the Architects, Professional Engineers, Land Surveyors, Certified Interior Designers and Landscape Architects (APELSCIDLA Board).

FORWARD

To insure the development of highly skilled Land Surveyors throughout the Commonwealth, these Standards were developed in conjunction with the APELSCIDLA Board, the Virginia Apprenticeship Council, and the Virginia Department of Labor and Industry (DOLI).

To assure that the intent of these Standards is implemented, each Apprentice should be encouraged to develop his skills to the highest level of his ability. The training should be thorough, well planned and designed to enhance the profession.
II. OVERVIEW / DEFINITIONS

ABOUT THE VIRGINIA SURVEYOR REGISTERED APPRENTICESHIP STANDARDS –

This program was initially developed in conjunction with the Board for Architects, Professional Engineers, Land Surveyors & Landscape Architects-APELSLA (now APELSCIDLA), the Virginia Department of Transportation (VDOT), the Woodson Related Instruction Team, and the Apprenticeship Training Division, as approved July 25, 1996.

The Apprenticeship Standards are comprised of the work of the apprentice, the leadership of the sponsor, the supervising land surveyor, classroom education, verified RTI, and on the job training components all under the auspices of Department of Occupational and Labor Industry (DOLI). Any apprenticeship candidate seeking sponsorship should approach a licensed land surveyor regarding an apprenticeship agreement with DOLI.

THE LAND SURVEYOR (PROFESSIONAL) –

"Land surveyor" means a person who, by reason of his knowledge of the several sciences and of the principles of land surveying, and of the planning and design of land developments acquired by practical experience and formal education, is qualified to engage in the practice of land surveying, and whose competence has been attested by the Board through licensure as a land surveyor. §54.1-400 of the Code of Virginia

The "practice of land surveying" includes surveying of areas for a determination or correction, a description, the establishment or reestablishment of internal and external land boundaries, or the determination of topography, contours or location of physical improvements, and also includes the planning of land and subdivisions thereof. The term "planning of land and subdivisions thereof" shall include, but not be limited to, the preparation of incidental plans and profiles for roads, streets and sidewalks, grading, drainage on the surface, culverts and erosion control measures, with reference to existing state or local standards. §54.1-400 of the Code of Virginia

WHAT IS REGISTERED APPRENTICESHIP?

Registered Apprenticeship is a learning program in those industrial and craft occupations that require a wide and diverse range of skills and knowledge. As practiced by modern industry, apprenticeship is a business oriented system in which the employee entering a certain industry is given intensive instruction and applied work experience in all of the theoretical and practical aspects of the given skilled occupation, craft or trade.
WHO IS THE SPONSOR?

The sponsor can be an employer that has an approved apprenticeship program registered with the DOLI, operated by the sponsor, and registered in the sponsor's name.

WHO IS A SUPERVISOR?

A supervisor shall be a Virginia licensed land surveyor, and shall have responsible charge for the apprentice's work. The supervisor is responsible for verification of on-the-job training and related technical instruction (RTI). The supervisor may also be the sponsor.

WHO IS A REGISTERED APPRENTICE?

An apprentice is a person at least 16 years of age who, as a principal occupation, is engaged in learning and working in an occupation as stated in the Standards, and who is covered by a written agreement with a Sponsor providing for the employment in accordance with the rules and regulations governing Apprenticeship in Virginia and who is registered with the Virginia Department of Labor and Industry.

§ 40.1-120. Definitions.
As used in this chapter, the following terms shall have the following meanings unless the context indicates otherwise:

"Apprenticeable occupation" means a skilled occupation having the following characteristics:
1. It is customarily learned in a practical way through a structured systematic program of on-the-job supervised work experience;
2. It is clearly identifiable and recognized throughout an industry;
3. It involves manual, mechanical or technical skills which require a minimum of 2,000 hours of on-the-job work experience of new apprenticeable trades not otherwise established; and
4. It requires related instruction to supplement the on-the-job work experience.

"Apprentice" means a person at least 16 years of age who is covered by a written agreement with an employer and approved by the Commissioner. The agreement shall provide for not less than 2,000 hours of reasonably continuous employment for such person, for his participation in an approved schedule of work experience through employment, and for the amount of related instruction required in the occupation.

ON-THE-JOB TRAINING FOR LAND SURVEYORS

Registered Apprenticeship is on the job training that allows individuals to prepare for a skilled profession through supervised on the job training combined with Land Surveyor related technical instruction.
RELATED TECHNICAL INSTRUCTION (RTI) FOR LAND SURVEYORS

A minimum of 120 hours of RTI is required and to be included by each employer (in addition to the 600 core curriculum hours) for a total of 720 hours. Employers may seek RTI that meets their industry needs. This information should be recorded on the RTI form which can be found at the end of this document.

This instruction in technical subjects may be accomplished through media such as classroom, occupation or industrial courses, electronic media, or other instruction approved by the DOLI and accepted by the APELSCIDLA Board.
APELSCIDLA BOARD

Board for Architects, Professional Engineers, Land Surveyors, Certified Interior Designers and Landscape Architects (APELSCIDLA). Formerly referred to as “APELSLA” in the original document.

The 15-member Board which examines, licenses and regulates the approximately 26,000 Architects, Professional Engineers, Land Surveyors, Certified Interior Designers, and related business entities in Virginia. The Board was established in 1920 for Architects, Engineers and Surveyors. Landscape Architects were added in 1980 Interior Designers joined in 1990, and Citizen members were added in 2018.

FROM THE APELSCIDLA REGULATIONS (JANUARY 1, 2016)—

The education and/or experience, and examination requirements for the designation are as follows:

18VAC10-20-300. Requirements for Surveyor-In-Training (Sit) Designation.
A. In order to be approved to sit for the Fundamentals of Land Surveying (FLS) exam, applicants must satisfy one of the following:
1. Be enrolled in a board-approved or ABET-accredited surveying or surveying technology curriculum, have 12 months or less remaining before completion of degree requirements, and provide a certificate of good standing from the dean of the school or his designee;
2. Have earned an undergraduate degree from a board-approved or ABET-accredited surveying or surveying technology curriculum;
3. Have earned a board-approved undergraduate degree related to surveying and possess a minimum of one year of approved land surveying experience;
4. Have earned a board-approved undergraduate degree in a field unrelated to surveying and possess a minimum of two years of approved land surveying experience;
5. Have earned a board-approved associate's degree related to surveying and possess a minimum of four years of approved land surveying experience;
6. Have successfully completed a board-approved survey apprenticeship program. The apprenticeship program shall include a minimum of 480 hours of surveying-related classroom instruction with a minimum of six years of approved land surveying experience; or
7. Have graduated from high school with evidence of successful completion of courses in algebra, geometry and trigonometry, and possess a minimum of eight years of approved land surveying experience.
B. Applicants seeking approval to sit for the FLS exam pursuant to subdivisions A 3 through 7 of this section may apply board-approved college credits to help meet the experience requirement. The maximum rate of college credit substitution for experience shall be one year of experience credit for each 40 hours of board-approved college credits completed. College credits applicable toward the completion of any degree used
to satisfy a requirement of subsection A of this section shall not be eligible for experience substitution.

C. An applicant who qualified for the FLS exam under subdivision A 1 of this section will be issued the SIT designation upon the board's receipt of the applicant's degree verification. All other applicants shall receive the SIT designation upon passing the FLS exam.

Important Note: The Registered Surveyor Apprenticeship Standards were developed to assist those applicants performing surveying or services to acquire the education and experience necessary to improve their eligibility for the Fundamentals of Surveying Examination. Completion of this program intends, but does not guarantee that the applicant will be approved by the APELSCIDLA Board to sit for the examination. The APELSCIDLA Board also evaluates each applicant's work experience to make the determination to allow individuals to sit for the examination. In order to receive credit for completing the surveyor apprenticeship program, all applicants must provide the APELSCIDLA Board with proper documentation indicating that the program (including related technical instruction and on the job training), has been successfully completed.

Everyone submitting an application to the APELSCIDLA Board is strongly encouraged to be thorough, complete, and accurate when filling out the education and experience sections of the application.
III. Special Inclusions to the "Minimum Standards for Registered Apprenticeship" as specifically related to the Virginia Surveyor Registered Apprenticeship Standards:

TERM OF REGISTERED APPRENTICESHIP

The minimum term of the Land Surveyor registered apprenticeship shall be 10,000 hours (five years) of work experience, which may include the 120 required RTI hours, as stipulated in the Work Processes Outline and shall consist of reasonably continuous employment, supplemented by required approved related technical instruction. When the apprentice is required to work overtime, these hours will not be credited to the term of apprenticeship.

SCHEDULE OF WORK PROCESSES

A condensed schedule of the major divisions of the profession based on approximate hours is recorded in the Work Processes Outline as adopted by the APELSCIDLA Board.

SCHEDULE OF RELATED TECHNICAL INSTRUCTION (RTI) PROCESSES

Separate from work processes, 120 hours to be documented on a separate form in identified categories as adopted by the APELSCIDLA Board; this form can be found at the end of this document.

SAFETY AND HEALTH TRAINING

Before starting in the profession at any site or in any facility, the Sponsor shall instruct the Apprentice in safe and healthful work practices and shall insure that the registered apprentice is trained in facilities and other environments that meet the Virginia Occupational Safety and Health Standards for General Industry and the Construction Industry developed pursuant to the Federal Occupational Safety and Health Act.
### APPRENTICESHIP RELATED TECHNICAL INSTRUCTION

Approved by the APELSLA (now APELSCIDLA) Board, July 25, 1996, and revised December 19, 2002; June 13, 2016, September 21, 2018

Please Note:
- All Math instruction as set forth by the APELSCIDLA Board, must be provided by a secondary or college or above teacher.
- All Surveying instruction as set forth by the APELSCIDLA Board, must be provided by a licensed Land Surveyor, or other professional.

### Project: CADD based preparation of site and subdivision type docs, plats, plans, etc.
Prerequisite CADD experience.

### MS4/Virginia Stormwater Management Program (VSMP)
- VPDES General Permit
- Chesapeake Bay TMDL
- Sediment and Erosion Control Certifications

### Local Ordinances
- Fairfax County Stormwater
- Chesapeake Bay

### Week 32
- Review & Test: Weeks (23-31)
- Project: Stormwater, BMP, water quality design – using structural and non-structural

### Survey 5 - 96 Hours + 30 hour Project

- **Weeks 1, 2, 3-Course Introduction/Syllabus/ Virginia Statutory Law related to the practice of Land Surveying, APELSCIDLA, Types of Surveys**
- **4, 5-Dillon Rule in VA, Subdivision and Zoning Ordinances**
- **6, 7-Byrd Act; Statute of Frauds, and Estoppel, Rights of Way, Discontinuance, Vacation, and Abandonment, Types of Deeds; Levels of Warranty; Quiet Title Action; Quitclaim Deeds**
- **8-Quarter Exam**
- **9, 10-Legal Descriptions**
- **11, 12-Reconstruction of Intent, Order of Construction; Weight of Evidence**
- **13-Conveyances; Sequential and Simultaneous**
- **14-Reconstruction of Intent Applications in Boundary Solutions: Sequential/Simultaneous**
- **15-Deed Research/CPAN and Project outline-kickoff**
- **16-Quarter Exam/Intro to Case Law Research**
- **17-Unwritten Rights: Boundary by Adverse Possession; Agreement; Acquiescence and Acceptance**
- **18-Review Deed Research Project and Q&A on Research Process (30 Hour Project)/Introduction of FINAL PAPER concept; requirements & topics**
- **19, 20-Littoral/Riparian Boundary & Rights, Case Study**
- **21, 22-Basements**
- **23-ALTA/NSPS Land Title Survey**
- **24-Quarter Exam**
- **25-Railway and Utility Plans**
- **26, 27-VDOT Plans and Alignments**
- **28- Project Management**
- **29-Virginia Condominium Act/Review of FLS and PLS Content areas**
- **30, 31- Due Diligence/Records Management, The Weight of Tax Assessment Maps, Informal Consolidations-NOT, Use of GIS, Ethics for the Surveyor**
- **32-Presentation of Legal Principle Research Papers and/or Final Examinations**

### Project: Land Records Research
V.

Work Processes (On-The-Job Training)
Surveyor (Land, Professional)
018.167-018
Approved by the APELSLA (now APELSCIDLA) Board, July 25, 1996, and revised December 19, 2003

The apprentice shall obtain practical supervised experience in the following areas of surveying procedures. The apprentice should progress through the different levels of responsibility and experience related to the procedures in both the field and office environments until a thorough knowledge of the procedures is attained. The hours indicated shall be the minimum hours required for advanced operations of the listed procedures. It is expected that the apprentice will have additional hours achieving competency in the advanced operations and procedures.

Please Note:
This program is five years in duration. Credit for previous experience towards these years must be given based on the procedures as set forth in the Standards.

1. Application, care and practices of proper steel and cloth tape measurement procedures with the understanding of obtainable precision and accuracy in determining horizontal distances. 200 Hours

2. Application, care, and adjustment of surveying equipment. 200 Hours

3. Recording of hand and electronic field notes, including the use of reference sketches, describing control points and other pertinent field data. 800 Hours

4. Application, care, use, operation, and adjustment procedures for vertical and horizontal angles when performing topographic contouring and open or closed traversing. 700 Hours

5. Application, care, and use of equipment for selecting turning points, identifying topographical features on site surveys. 800 Hours

6. Establishing observation points, performing interior angle and deflection angles, controls for R/W and boundary identification, determine error of closure and accuracy. 1,000 Hours

7. Observation for azimuth determination, establishing GPS control sites, HARN stations, identifying picture points of aerial photography. 500 Hours
8. Application and use of field and office equipment including software programming for the development of plans or plats from field surveys. 1,000 Hours

9. Interpret plans for establishment of: boundaries and R/W, drainage and utility layout, horizontal and vertical curves, slope and grade stakes. 1,000 Hours

10. Field and office procedures for area and volume determinations. 500 Hours

11. Application, care, and adjustment procedures for establishing elevation profiles and cross sections using differential, trigonometric, and GPS leveling procedures. 800 Hours

12. Application, care, and procedures for conducting research of land records, deeds, wills, and plats. Understanding, applying, and relating local or states codes, statutes, and regulations that influence or control surveying procedures. 400 Hours

13. Application, computation, and field procedures for establishing state plane coordinates. 400 Hours

14. Other general or advanced surveying operations that lead to the complete development of the surveying apprentice but does not clearly fit into the previous thirteen items. 1,200 Hours

15. Health and Safety Procedures. 500 Hours

TOTAL = 10,000 Hours

1. INTERPRETATIONS AND IMPLEMENTATION OF STANDARDS
   a. The Minimum Standards for Apprenticeship ("Standards") are based on, and contain:
      i. Regulations Governing the Administration of Apprenticeship Programs in the Commonwealth of Virginia, Chapter 20 of the Virginia Administrative Code. (Regulation 18VAC20-21-10 et seq.)
   b. Each registered apprenticeship program must comply, at a minimum, with all items in these Standards. (Regulation 18VAC20-21-30)
   c. Each apprenticeship agreement will be governed by the terms and conditions in these Standards. (Regulation 18VAC20-21-70; VA Code §40.1-121)
   d. If a sponsor and apprentice have a difference of opinion in the interpretation of the Standards which cannot be satisfactorily resolved, either of them may consult with the Commissioner through the Apprenticeship Director, for clarification of the matter in question. (Regulation 18VAC20-21-120)

2. DEFINITIONS
   a. Apprentices: A person at least 16 years old, (whose employment is currently in compliance with all State and Federal laws) who is learning and working in an apprenticeship occupation and is covered by a written Apprenticeship Agreement with an employer, registered with the Virginia Department of Labor and Industry (DOLI). (Regulation 18VAC20-21-30, VA Code §40.1-120)
   b. Apprenticeship Agreement - A written agreement which is customarily learned in a practical way through a structured systematic program of on-the-job supervised work experience; is clearly identifiable and recognized throughout an industry; involves manual, mechanical, or technical skills which require a minimum of 2,000 hours of on-the-job work experience; requires related instruction to supplement the on-the-job work experience. (Regulation 18VAC20-21-30, VA Code §40.1-120)
   c. Apprenticeship Program - An approved written agreement between a sponsor and apprentice (and guardian of apprentice under 18), as defined in Regulation 18VAC20-21-80. By signing the Agreement, all parties agree to accept all terms and requirements contained in the Standards, the sponsor's Program Registration, the Act and the Regulations. (Regulation 18VAC20-21-80, VA Code §40.1-121)
   d. Sponsor - An employer, association of employers, joint apprenticeship committee or organization of employees that has an approved apprenticeship program registered with the DOLI. A program shall be operated by the sponsor and registered in the sponsor's name. (Regulation 18VAC20-21-30, VA Code §40.1-120)
   e. Supervisor of Apprentices: The person designated by the sponsor to perform the duties outlined in the Standards and will be designated on the Program Registration.
   f. Program Registration - An approved written description of the terms and conditions of apprentices' employment, training, and supervision under a sponsor's apprenticeship program for a specific apprenticeship occupation, in accordance with the Act, Regulations, Standards, and any additional State Board Apprenticeship Standards which apply. The Program Registration shall incorporate a written Schedule of Work Processes. (Regulation 18VAC20-21-30)
   g. Virginia Apprenticeship Council (VAC) - Advisory organization which provides guidance on regulations and policies. Members are appointed by the Governor. The U.S. Department of Labor's Office of Apprenticeship has granted VAC authority to issue Certificates of Completion upon completion of the program. (Regulation 18VAC20-21-30, VA Code §40.1-117 & §40.1-118, Items 1, 3, 4, 5)
   h. Virginia Department of Labor and Industry (VDLI) - The agency which administers the Voluntary Apprenticeship Act and its related regulations in Virginia. DOLI acts as the official agent of the VAC. (Regulation 18VAC20-21-20, VA Code §40.1-125)
   i. Commissioner - The Commissioner of the Virginia Department of Labor and Industry as defined by VA Code §40.1-2.

3. APPRENTICESHIP PROGRAMS
   a. Program Approval - Sponsors must have written notice of registration before establishing any Apprenticeship Agreements to employ and train individual apprentices. (Regulation 18VAC20-21-30, Items A, B, C, D)
   b. Program Termination - Programs may be canceled by sponsor request or de-registered by the DOLI. Canceled programs may be reinstated upon sponsor request, if they meet registration requirements. Reinstated programs may be reinstated if the DOLI determines that there is adequate evidence that the program is being operated in accordance with the Act and Regulations. (Regulation 18VAC20-21-70 & 18VAC20-21-90)
   c. Program Evaluation - DOLI shall review and evaluate each sponsor's program as required. (Regulation 18VAC21-30, Item I)

4. APPRENTICESHIP AGREEMENTS
   a. Each Apprenticeship Agreement is a contract between, and must be signed by, the apprentice (and guardian if apprentice is under 18 years of age) and the sponsor's authorized representative, and registered with the DOLI. (Regulation 18VAC20-21-70 Item 1, VA Code §40.1-122)
   b. A signed Apprenticeship Agreement indicates that both apprentice (and guardian) and sponsor understand and agree to all apprenticeship requirements.
   c. To be valid, each Apprenticeship Agreement must:
      i. Comply with Regulation 18VAC20-21-70, VA Code §40.1-121.
      ii. Contain all required signatures. (Regulation 18VAC20-21-70 Item 1, VA Code §40.1-121)
      iii. Be approved by the DOLI. (Regulation 18VAC20-21-30, VA Code §40.1-122)
      iv. Be registered and filed by the sponsor. (Regulation 18VAC20-21-30, Items C.1 & 2)
   d. All required signatures must be a copy of the signed Apprenticeship Agreement and Standards.

5. EQUAL EMPLOYMENT OPPORTUNITY
   a. Sponsors and potential sponsors must not discriminate, on the basis of race, color, religion, national origin, sex or physical handicap, which is unrelated to the person's qualifications and ability to perform the job, in recruiting, selecting, employing, or training apprentices. (Regulation 18VAC20-21-90 Item B.2, and 18VAC20-21-50, Item 2.23)
   b. Sponsors must take affirmative action to provide equal opportunity in operating apprenticeship programs. Programs must operate as required under the Virginia State Plan, and they must comply with Title 20 of the Code of Federal Regulations, Part 30. (Regulation 18VAC20-21-30, Item B.2)

6. TERM OF APPRENTICESHIP
   a. The minimum term for any apprenticeship program shall be 2,000 hours of reasonably continuous employment, or if the Competency or Hybrid Program is proposed, DOLI will review on a case by case basis and may approve if requirements are addressed. (Regulation 18VAC20-21-90, Item B.2, a. VA Code §40.1-123)
   b. Employment must be supplemented by the amount of related instruction required in the occupation. A minimum of 144 hours of related instruction is required for each year of apprenticeship to be completed by the end of the term. (Regulation 18VAC20-21-90, Item B.4)
   c. When the apprentice is required to work overtime, these overtime hours WILL NOT be credited to the term of apprenticeship. (Regulation 18VAC20-21-90, Item B.5)
7. CREDIT FOR PREVIOUS EXPERIENCE
   a. An applicant for apprenticeship may be allowed credit on the term of
      apprenticeship documented for prior experience whether with the
      sponsor or elsewhere.
   b. The sponsor's Supervisor of Apprenticeship must review and approve
      the applicant's record of previous experience before such experience
      will be credited. (Regulation 16VAC20-21-50, Item B.14)

8. SUPERVISION OF APPRENTICES
   a. Each sponsor must designate a Supervisor of
      Apprenticeship. (Regulation 16VAC20-21-50)
   b. The Supervisor of Apprenticeship must assure that:
      i. All programs are registered with the DOLI.
      ii. All apprentices receive a company orientation that includes:
          Standards of Apprenticeship, any additional industry standards,
          company policies, safety rules and regulations.
      iii. All apprentices receive instruction in safe and healthful working
           methods in each operation as it is encountered throughout the
           term of apprenticeship.
      iv. All apprentices are adequately trained and supervised in all areas
          of the job in the program. (Regulation 16VAC20-21-50, Item B.11)
      v. Each apprentice's progress is reviewed and documented prior to
          moving to a new wage level. (Regulation 16VAC20-21-50,
          Items B.5, B.6)
      vi. Credit for previous experience is granted when appropriate.
          (Regulation 16VAC20-21-50, Item B.14)
   vii. Each apprentice is notified of related instruction requirements and
      the name and location of each approved related instruction
      provider. (Regulation 16VAC20-21-50, Item B.4)
   viii. Related Instruction Provider(s) is contacted to review each
      apprentice's educational progress before the expiration of each
      wage period. (Regulation 16VAC20-21-50, Item B.5)
   ix. Records are prepared and filed at specified intervals of
      apprentice's aptitude, skill and progress. Submit prompt and
      complete written notification to DOLI of any change in apprentice
      status. (Regulation 16VAC20-21-50, Item B.6)
   x. Any other duties needed to develop and maintain an
      effective apprenticeship program. (Regulation 16VAC20-
      21-50)

9. RESPONSIBILITIES OF APPRENTICES
   a. Apprentices are employees and have basic employee
      responsibilities. Each apprentice must make every effort to become a
      well-qualified journeyworker.
   b. Each apprentice must be on time for work, learn all work processes,
      complete all work assignments, and take initiative to ask appropriate
      questions.
   c. Each apprentice must be registered for related instruction, attend
      regularly and be on time.
   d. Each apprentice should review these Standards and the sponsor's
      Program Registration to ensure that he/she is trained and paid
      according to these documents.
   e. Each apprentice has the responsibility to consult with the Supervisor
      of Apprenticeship to assure that all accurate and appropriate records
      are updated and DOLI is notified promptly of any changes in status.
   f. Each apprentice must use appropriate conduct during related
      instruction process and on the job site.
   g. Each apprentice must obtain licensing applications following
      completion of the apprenticeship Program.

10. ON-THE-JOB TRAINING
    a. The apprentice shall be given instruction and work experience as
       established by industry practice and as listed in the work processes.
    b. The work experiences do not need to be in the precise order as listed
       in the work processes.
    c. The work processes must be recorded in the Program Registration.

11. RELATED INSTRUCTION
    a. Each apprentice shall receive related instruction and shall provide the
       Supervisor of Apprenticeship with evidence of satisfactory
       participation and progress following completion of each designated
       portion.
    b. A minimum of 144 hours of related instruction is recommended for
       each year of apprenticeship, to be completed during the full term.
       (Regulation 16VAC20-21-50, Items B.4, 16VAC20-21-70, Item B.3)
    c. The Apprenticeship Agreement can be suspended or cancelled when
       an apprentice does not satisfactorily complete either the on-the-job
       training or related instruction. Exceptions may be allowed for sickness
       or injury. (Regulation 16VAC20-21-70, Item B.6, 16VAC20-21-70).

12. INITIAL PROBATIONARY PERIOD
    a. Each apprentice must serve between 800 and 2,000 hours of the
       apprenticeship term as an initial probationary period. The specific
       number of hours is stated in each Program Registration. (Regulation
       16VAC20-21-50, Items B.5, B.10, 16VAC20-21-70, Item B.8)
    b. During the probationary period cancellation of the Apprenticeship
       Agreement may be requested by the sponsor or the apprentice.
       Notice of such actions must be given to the DOLI. (Regulation
       16VAC20-21-50, Items B.8, 16VAC20-21-70, Item B.26)
    c. Full credit will be given for the initial probationary period toward
       completion of the apprenticeship program. (Regulation 16VAC20-
       21-50, Item B.10)
    d. All apprentices registered under these Standards shall be subject to
       an initial probationary period of _______ hours of employment.

13. PERIODIC EVALUATION
    The progress of each apprentice's job performance and related instruction
    shall be subject to a periodic review prior to the expiration of each wage
    period. Should a review reveal a lack of interest or ability on the part of
    the apprentice, the apprenticeship will be in jeopardy of being terminated
    and may be placed on probation for a sufficient period to determine
    improvement or failure. At the end of the probationary period, if the
    apprentice has not shown acceptable improvement, the apprenticeship
    agreement may be suspended or cancelled. The sponsor must promptly
    notify the apprentice and the DOLI in writing of any suspension or
    cancellation. (Regulation 16VAC20-21-50, Items B.5, B.8, 16VAC20-21-70, Item B.8)

14. HOURS OF WORK
    a. Hours of work for apprentices shall be determined by the Sponsor
       and apprentice with full-time being the norm. Part-time schedules
       are permitted and must be recorded the same as for all other
       employees.
    b. Time spent at related instruction MAY OR MAY NOT be considered
       as hours of work. The sponsor's decision must be documented in
       the Program Registration. (Regulation 16VAC20-21-70, Item b.7)
    c. Sponsors shall not require apprentices to work hours that would
       interfere with attending related instruction except in emergencies.

15. APPRENTICE WAGES
    a. The term of each apprenticeship program shall be divided into
       periods, with wages that progressively increase as the apprentice
       progresses in skill and productivity. Wages will be established in
       accordance with federal and state wage laws. (Regulation 16VAC
       20-21-50, Items B.5 & B.14, 16VAC20-21-70, Item 7; 16VAC20-21-
       60, Item C.1.8)
    b. Wages are based on the basic rate paid to journeyworkers and
       must reflect any credit given for previous experience. Overtime
       shall be based on the same percentage as paid to comparable
       hourly employees. (Regulation 16VAC20-21-70, Item C.2.8)
c. The minimum wage paid all apprentices employed under these Standards must be recorded in the Program Registration. (18VAC20-21-50, item B.6)
d. Apprentices who are given credit for previous training or experience shall be paid the wage rate commensurate with the period to which such credit advances them. (18VAC20-21-50, items B.8 & B.14)

18. TRANSFER, LAYOFF, RESIGNATION, SUSPENSION OR CANCELLATION

a. Transfer - If a sponsor is no longer able to fulfill his obligation for training of an apprentice, the apprentice may be transferred or registered with credit for previous training to another sponsor. DOLI must be notified in writing and must approve all transfers. (Regulation 18VAC20-21-30 & 18VAC20-21-50, item B.16; 18VAC20-21-50, item B.8)

b. Layoff/Resignation - Apprentices may be laid-off in the commensurate ratio of apprentices to journeymen. Apprentices laid-off under these Standards shall be entitled to seniority privileges and shall be reinstated in the seniority standing before any new apprentices are registered. DOLI must be notified in writing of all apprentices laid-off and/or reinstated.

c. Suspension and Cancellation - Apprenticeship agreements may be suspended or canceled at any time for appropriate reason. The sponsor must notify DOLI in writing within 45 days stating the reason for the suspension or cancellation. (18VAC20-21-70, item B.8; 18VAC20-21-30, item E; 18VAC20-21-50, item B.26)

17. CERTIFICATE OF COMPLETION

Upon the completion of the term of apprenticeship and having met the requirements of the program, the VAC shall be requested by the sponsor to prepare a Certificate of Completion, to be issued in the name of the apprentice who has successfully completed training and the term of apprenticeship. (Regulation 18VAC20-21-30, item E; 18VAC20-21-50, item B.17)

18. STUDENT APPRENTICES

a. Student apprentices are defined as a high school student participating in Registered Apprenticeship.

b. Youth Registered Apprentices are defined as a high school student participating in Registered Apprenticeship where the related instruction is provided in large part by the Career and Technical Education division within the School division.

c. All apprenticeships requirements and restrictions described in the Standards shall apply to student apprentices, except the following:
   i. For high school students, a letter of permission from their principal is required.
   ii. Student status must be maintained. If a student leaves school prior to graduation his/her student apprenticeship will be canceled.
   iii. Work hours and related instruction requirements may be different for student apprentices than non-student apprentices.

19. NUMBER OF APPRENTICES TO BE TRAINED IN THE PROGRAM

The number of apprentices shall be determined by the adequacy of facilities, the need of journeymen in the community and reasonable assurance of employment in the occupation establishment upon completion of training. To ensure adequate training the ratio of apprentices to journeymen shall not exceed: one (1) apprentice to ______ journeymen(s). The default ratio is 1 apprentice to 1 journeymen. A variance may be requested of the Director of Registered Apprenticeship and will be evaluated on a case by case basis. (Regulation 18VAC20-21-50, items B.8 & B.9) All variances must also be approved by the Commissioner of the DOLI.

20. ADDITIONAL SPONSOR APPRENTICE QUALIFICATIONS (optional)

a. Age Minimum

b. Education
1. Apprentice - Full Legal Name

(Same name as used on other applications with the department)

2. Company Name

3. Log Entry: Document your Related Technical Instruction (RTI) hours below.
   Must be a minimum of 15 training hours in each of the following categories:
   Health and Safety, Drainage, Research, Use of Instruments, GPS/Geodetic Surveys, Computations, Photogrammetry, and Utilities
