

VOSH PROGRAM DIRECTIVE: 02-003X

ISSUED: May 29, 2024

Subject **VOSH Procedures to comply with OSHA Enforcement Exemptions and Limitations under the Federal Appropriations Act, OSHA Instruction CPL 02-00-051 (formerly CPL 2-0.51J); Appendix "A" Revision**

Purpose

- This Directive transmits to field personnel the annual exemptions and limitations for VOSH enforcement activity under the federal Appropriations Act. Attached as Appendix "A" is the **annual listing** of the North American Industrial Classification System (NAICS) codes for industries with a Days Away, Restricted, or Transferred (DART) occupational injury and illness rate below the most recent available national private sector rate from BLS. **This rate is 1.7 for 2022.**
- This Directive also includes a memorandum which clarifies OSHA's longstanding position on the limits of its authority to conduct enforcement activities on small farms.

This Program Directive is an internal guideline, not a statutory or regulatory rule, and is intended to provide instructions to VOSH personnel regarding internal operation of the Virginia Occupational Safety and Health Program.

Certification

This Program Directive is considered to meet the definition of "guidance document" contained in a §2.2-4101 of the Code of Virginia: "any document developed by a state agency or staff that provides information or guidance of general applicability to the staff or public to interpret or implement statutes or the agency's rules or regulations, excluding agency minutes or documents that pertain only to the internal management of agencies."

Notwithstanding the issuance date of this Program Directive, and in accordance with §2.2-4002.1.B of the Code of Virginia, this Program Directive **has been or will be** subject to a 30-day public comment period, to include public comment through the Virginia Regulatory Town Hall website, after publication in the Virginia Register of Regulations and prior to its effective date.

Notwithstanding the issuance date of this Program Directive, and in accordance with §2.2-4002.1.C of the Code of Virginia, if a written comment is received during a public comment period asserting that the guidance document is contrary to state law or regulation, or that the document should not be exempted from the provisions of this chapter, the effective date of the guidance document by the agency shall be delayed for an additional 30-day period. During this additional period, the agency shall respond to any such comments in writing by certified mail to the commenter or by posting the response electronically in a manner consistent with the provisions for publication of comments on regulations provided in this chapter. Any person who remains aggrieved after the effective date of the final guidance document may avail himself of the remedies articulated in Article 5 (§ 2.2-4025 et seq.).

Scope This Directive applies to all VOSH personnel.

Summary

Each year, Congress passes the federal Appropriations Act or a Continuing Resolution that provides the funding for the operation of federal OSHA. In providing funding for OSHA and the related dependent 23g grant federal funding utilized by VOSH, Congress has placed significant restrictions on enforcement activities regarding two categories of employers: small farming operations and small employers in low-hazard industries.

This funding measure restriction focuses on limiting the inspection of those employers who employ ten or fewer employees. Since these 23g grant funds are passed through from OSHA to the State Program, VOSH is held to the same restrictions and limits imposed on federal OSHA for use of federal funds. However, these annual Appropriations Act limitations do not apply to activities that are funded with 100% state money.

This new Appendix "A" to CPL 02-00-051, Enforcement Exemptions and Limitations under the Appropriations Act (**January 16, 2024**) contains the latest BLS occupational injury and illness rate data at the most precise industrial classification code. OSHA updates the list annually to meet the requirements of federal budget riders prohibiting OSHA from conducting planned safety inspections of small employers in low-hazard industries.

From the effective date of this Directive, this Appendix "A" will be effective **for any inspection opened on that date or thereafter, until the next annual revision becomes effective**. This Directive includes a revised Appendix "A" for CPL 02-00-051, formerly CPL 2-0.51J, Enforcement Exemptions and Limitations under the federal Appropriations Act, which was forwarded by memorandum dated **January 16, 2024**.

Implementation

To the extent that this Directive limits or prohibits the use of 50 percent federal matching 23g grant funding for certain VOSH activities normally covered under the grant for compliance efforts, VOSH reserves the right to conduct activities limited or prohibited under the federal Appropriations Act, should it choose to do so, and will pay for those activities with 100 percent 23g grant state matching funds, e.g., VOSH will conduct and pay for, with 100% state funds, fatal accident investigations on farms with 10 or fewer employees and no temporary labor camp activity within the previous 12 months. **However, approval to conduct and pay for such 100% state funded activities must be received in advance from the applicable VOSH program director.**

Please note that VOSH will issue penalties for any serious, repeat, willful or failure to abate notice that is identified during the inspection of an employer with 10 or fewer employees in a low hazard NAICS. VOSH will also issue penalties for any other-than-serious violation in the same manner as would be done for an inspection not covered by this directive (e.g., employer failure to report a fatal accident with 8 hours). **This will necessitate the use of 100% state funds on those inspections as well.** In such cases, please contact the applicable Compliance Director and assure that the CSHO follows the time keeping procedures outlined in the directive. *REFERENCE: Va. Code §40.1-49.4.H provides that "serious" violations "shall be assessed a civil penalty for each such violation."* (Emphasis added).

Compliance officers, who are approved to perform such inspections, shall keep a record of their time spent on such activities. To record the hours in fund 807, input the work hours under correct day of the week. Go to the right on the timesheet to "ChartFields" and click it. Then beside "Speed Types", click "Search". Then click the magnifying glass beside "SpeedType Key". Type in 807. Click Search. When 807 appears, click the blue highlighted "807". (That should populate Fund, Program, Department, Cost Center.) Click "Select" at the bottom on the page. That will revert to ChartField Detail page. Click "Ok"

*****NOTE*****

After following the above procedures, all time entered for that specific row will be identified for the 807 fund. For "Time Reporting Code", select "REG – Regular Hours". Your hours will be based off of a 40 hour work week. If you are approved for overtime, you will select "UOS – Uncompensated Overtime" for the "Time Reporting Code".

Be sure to add any regular work hours to a different row.

When the guidelines, as set forth in this Program Directive, are applied to the Commissioner of the Department of Labor and Industry and/or to Virginia employers, the following federal terms if, and where they are used, shall be considered to read as below:

[INDEX](#)

I. Purpose.

This instruction explains the limits (exemptions and limitations) for the Occupational Safety and Health Administration's (OSHA) enforcement activity under the Appropriations Act. This funding measure's riders and this instruction focus on limiting the inspection of those employers who employ ten or fewer employees.

II. Scope.

This instruction applies OSHA-wide and where applicable, to those Employment Standards Administration (ESA) offices enforcing OSHA's Field Sanitation and Temporary Labor Camp standards in agricultural settings. The restrictions to OSHA's enforcement activity apply to places of employment (farms and establishments who's Standard Industrial Classification code is listed in Appendix A) who employ 10 or fewer employees.

III. References.

- C. Secretary's Orders 5-96 and 6-96, December 27, 1996, Delegation of Authority and Assignment of Responsibility to the Assistant Secretary for Employment Standards and Other Officials in the Employment Standards Administration and the Assistant Secretary for Occupational Safety and Health.
- D. OSHA Instruction CPL 2.115, June 14, 1996, Complaint Policies and Procedures

IV. Cancellation.

OSHA Instruction CPL 2.51I, October 15, 1997, is canceled.

V. Action.

OSHA Regional Administrators and Area Directors are to ensure that they schedule and conduct enforcement activities following the guidelines set forth in this instruction. They shall insure distribution of these guidelines to Employment Standards Administration, Wage and Hour Division District offices who are responsible for enforcing the OSHA field sanitation and temporary labor camp standards pursuant to Secretary's Orders 5-96 and 6-96. These guidelines are in effect until superseded or amended.

The Directorate of Administrative Programs will ensure that the updated Appendix A appears on the OSHA Internet site as soon as possible after receiving it from the Directorate of Compliance Programs. The version of Appendix A which appears on OSHA's Internet Web Page is the one currently being applied. The date Appendix A is updated will be noted on the Abstract.

VI. Federal Program Change.

This instruction describes a Federal program change which affects State programs. Under OSHA's Appropriations Act, States cannot be reimbursed for any share of funds expended for activities prohibited by these exemptions and limitations and must be able to demonstrate that

no Federal funds have been used for prohibited activities. The States shall respond via the two-way memorandum to the Regional Office as soon as the State's intention regarding the enforcement activity limitations and exemptions is known, but no later than 60 calendar days after the date of transmittal from the Directorate of Federal-State Operations. If a State plans to fund the prohibited activities, it shall provide a brief description of its alternative funding approach in the Comment Section of the two-way memorandum and maintain appropriate accounting procedures for assuring that no 23(c) funds are expended for these activities.

VII. **Background.**

In providing funding for OSHA, Congress has placed restrictions on enforcement activities regarding two categories of employers: small farming operations and small employers in low-hazard industries. The Appropriations Act contains limits for OSH Act activities on a year-by-year basis.

VIII. **Key Terms.**

Definitions pertinent to this Directive are the following: A **"farming operation"** means any operation involved in the growing or harvesting of crops, the raising of livestock or poultry, or related activities conducted by a farmer on sites such as farms, ranches, orchards, dairy farms or similar farming operations. These are employers engaged in businesses that have a two digit Standard Industrial Classification (SIC) of 01 (Agricultural Production - Crops), 02 (Agricultural Production - Livestock and Animal Specialties), and four digit SIC 0711 (Soil Preparation Services), 0721 (Crop Planting, Cultivating, and Protecting), 0722 (Crop Harvesting, Primarily by Machine), 0761 (Farm Labor Contractors and Crew Leaders), and 0762 Farm Management Services).

A **"temporary labor camp"** means farm housing directly related to the seasonal or temporary employment of farm workers.

"Housing" includes both permanent and temporary structures located on or off the property of any employer who meets the above definition.

"Lost Workday Injury Rate Below the National Average" is an occupational lost workday injury (LWDI) rate which is lower than the national average rate for the private industry sector, as most recently published by the Bureau of Labor Statistics, at the most precise (SIC) code for which such data is published, using the 1987 manual.

IX. **General Enforcement Guidelines.**

Before initiating enforcement activities OSHA will decide whether the appropriation rider prohibits OSHA enforcement. Where this determination cannot be made beforehand, the CSHO will determine the status of the small farming operation or a small employer in a low-hazard industry upon arrival at the workplace. If the prohibition applies, the inspector must

immediately discontinue the inspection activities and leave the premises as soon as possible. Table No. 1 provides an at-a-glance reference to our activities under the funding measure.

Table 1

(Exceptions and limitations)

TLC= Temporary Labor Camp EES= Employees ERS= Employer

OSHA Activity	Farm with 10 or fewer EES and no TLC activity within 12 mo.	Farm with more than 10 EES or a farm with an active TLC within 12 Mo.	Non-farm ERS with 10 or fewer EES in a SIC listed in Appendix A

Conduct Surveys & Studies	Not Permitted	Permitted	Permitted

X. Enforcement Guidance for Small Farming Operations. The Appropriations Act exempts small farming operations from enforcement of all rules, regulations, standards or orders under the Occupational Safety and Health Act.

- A. A farming operation is **exempt** from **all** OSHA activities if it:
1. Employs 10 or fewer employees currently and at all times during the last 12 months; and
 2. Has not had an active temporary labor camp during the proceeding 12 months.

Note: Family members of farm employers are not counted when determining the number of employees.

- B. A farming operation with 10 or fewer employees that maintains a temporary labor camp or has maintained a temporary labor camp within the last twelve months **is not** exempt from inspection. For OSHA, the inspection may include all working conditions covered by OSHA standards except for Field Sanitation, 29 CFR 1928.110, and except as noted, Temporary Labor Camps, 29 CFR 1910.142, which are being enforced by the Wage and Hour Division under Secretary of Labor Order 6-96.
 - 1. OSHA, however, retains inspection responsibility for those camps of employees engaged in eggs or poultry production (SIC 025) or red meat production (SIC 021) or engaged in the post-harvest processing of agricultural or horticultural commodities. Generally, post-harvest processing can be thought of as changing the character of the product (canning, making cider or sauces, etc.) or a higher degree of packaging (washing, bundling and bagging carrots) versus field sorting in a shed for size.
- C. The Wage and Hour Division, ESA, will also exercise responsibility for enforcement in agriculture of OSHA field sanitation and temporary labor camp standards, except as noted in "b" above, in nine States operating OSHA-approved State plans which have elected to follow the jurisdictional transfer of authority as effected by Secretary's Orders 5-96 and 6-96. These States are: Alaska, Indiana, Iowa, Kentucky, Minnesota, South Carolina, Utah, Virgin Islands, and Wyoming.

In the fourteen (14) other States operating OSHA-approved State plans, enforcement of field sanitation and temporary labor camp standards in agriculture will not transfer to ESA and will continue as a State responsibility. These States are: Arizona, California, Hawaii, Maryland, Michigan, Nevada, New Mexico, North Carolina, Oregon, Puerto Rico, Tennessee, Vermont, Virginia, and Washington.

XI. **Enforcement Guidance for Small Employers in low-hazard industries.**

The Appropriations Act exempts small employers in low-hazard industries from **programmed safety inspections**.

- A. No programmed safety inspections are permitted of a small employer if:
 - 1. It employs 10 or fewer employees currently and at all times during the last 12 months; and
 - 2. The lost workday case rate for its primary SIC work activity is below the all-industry national average. (See Appendix A for listings.)
- B. The Appropriations Act **allows** several OSHA activities in establishments of small (10 or fewer employees) low-hazard rate employers that are exempt from programmed safety inspections. All OSHA Offices are allowed to:
 - 1. Provide consultation and technical assistance as well as educational and training services. It can also conduct surveys and studies authorized by the OSHA.

2. Investigate or schedule inspections in response to an employee complaint in accordance with current complaint procedures in CPL 2.115. The only complaint inspections which are permitted under the rider are those from current employees.
 - a. Citations may be issued for any violation found during a complaint inspection whether or not the violative condition is a subject of the complaint. But:
 - b. Penalties may **only** be assessed when the violations are classified as willful violations or failure to abate notifications and when such violations and failure to abate notifications are related to the original complaint.
3. Take any action authorized by the Act with respect to alleged imminent danger situations.
4. Take any action authorized by the Act with respect to **health hazards**.
 - a. Health inspections are to be scheduled, observed health hazards cited, and penalties assessed for all classifications of violations in accordance with current procedures.
 - b. Apparent safety violations noted during a health inspection of an establishment exempted from programmed safety inspections shall not be cited or referred for later inspection unless such violations create an imminent danger.
 - c. If this inspection is a health-related complaint, the procedures in paragraph XI. B. 4. take precedence over the procedures in paragraph XI. B. 2.

Note: A Compliance Officer can discuss non-citable violations during the closing conference and provide information relating to consultation services.

5. Take any action authorized by the Act with respect to employment accidents involving a fatality of one or more employees or **hospitalization** of *two or more employees*. All apparent violative conditions involving safety or health may be cited and penalties proposed related to the accident.

Note: The reporting requirements of 29 CFR 1904.39 changed effective January 1, 2015. Employers are obligated to report to OSHA incidents involving a fatality, the in-patient hospitalization of one or more employees, an amputation, or the loss of an eye. OSHA is allowed to inspect or investigate an incident involving a fatality of one or more employees or the hospitalization of two or more employees of a small, non-farming employer once we become aware of the incident. Employer reports of a hospitalization, amputation, or loss of an eye involving one employee are considered Employer Reported Referrals and may not be inspected if the employer is a small, non-farm employer classified in an industry listed in Appendix A.

6. Take any action authorized by the Act with respect to alleged discrimination against employees.

XII. Late Discovery of Exemption.

If it becomes clear after an inspection that the employer was exempt from inspection at the time of the inspection, the Area Director shall ensure that no citations are issued or penalties proposed contrary to the provisions of this instruction.

- A. If already issued, but not yet contested, any such citation or proposed penalty shall be withdrawn.
- B. If the employer has already filed a notice of intent to contest, the Area Director shall inform the Regional Solicitor who shall take appropriate action to ensure that the case is not pursued before the Occupational Safety and Health Review Commission.
- C. If such citations and penalties have become a final order, the Area Director shall ensure that no penalties are collected.

XIII. IMIS.

If an inspection is not conducted because of an Appropriations Act rider exemption, the CSHO shall complete an OSHA-1 Form according to current IMIS instructions. Also where the scope of an inspection has been limited, due to restrictions imposed by a rider to the Appropriations Act, it can be so noted in block 42 - Optional Information.

Reply to the attention of:

DEP/CPSEI/SMK

JUL 28 2011

MEMORANDUM FOR: REGIONAL ADMINISTRATORS

THROUGH: *Dorothy Dougherty*
DOROTHY DOUGHERTY
Deputy Assistant Secretary

FROM: *Thomas Galassi*
THOMAS GALASSI, Director
Directorate of Enforcement Programs

SUBJECT: Policy Clarification on OSHA's Enforcement Authority at Small Farms

The purpose of this memorandum is to clarify OSHA's longstanding position on the limits of its authority to conduct enforcement activities on small farms. This memorandum supersedes OSHA's June 28, 2011, memorandum on this subject.

Since 1976, an appropriations rider has precluded OSHA from expending appropriated funds to conduct enforcement activities with respect to any person engaged in a farming operation with ten or fewer non-family employees that has not maintained a temporary labor camp within the preceding twelve months.¹

OSHA defines a "farming operation" as "any operation involved in the growing or harvesting of crops or the raising of livestock or poultry, or related activities conducted by a farmer on sites such as farms, ranches, orchards, dairy farms or similar farming operations."² Crop farming operation activities include preparing the ground, sowing seeds, watering, weeding, spraying, harvesting, and all related activities necessary for these operations, such as storing, fumigating, and drying crops grown on the farm. An exempt small³ farm would not become subject to

¹ See Consolidated Appropriations Act, 2014, Pub. L. No. 113-76 (2014).

² These are employers engaged in businesses that have a two digit Standard Industrial Classification (SIC) of 01 and three digit North American Industry Classification System (NAICS) of 111 (Agricultural Production – Crops), two digit SIC 02 and NAICS 112 (Agricultural Production – Livestock and Animal Specialties), four digit SIC 0711 and Six digit NAICS 115112 (Soil Preparation Services), SIC 0721 and NAICS 115112 (Crop Planting, Cultivating, and Protecting), SIC 0722 and NAICS 115113 (Crop Harvesting, Primarily by Machine), and SIC 0761 and NAICS 115115 (Farm Management Services). See OSHA Compliance Directive CPL 02-00-051, *Enforcement Exemptions and Limitations under the Appropriation Act*.

³ In this memorandum, the term "small" means that the employer has ten or fewer non-family employees and does not maintain a temporary labor camp.

OSHA enforcement simply because, for example, it stores its own grain on the farm or sells that grain from the farm. Onsite storage or sale of grain grown on the farm would constitute a “related activity” under OSHA's interpretation of “farming operation” because it is necessary to gain economic value from grain grown on the farm. Similarly, a small farm that grows grain to feed its own livestock, and stores and grinds that grain on the farm would not become subject to OSHA enforcement because of those activities.

However, if an employer performs activities on a small farm that are not related to farming operations and are not necessary to gain economic value from products produced on the farm, those activities are not exempt from OSHA enforcement. For example, if an exempt small farm maintains a grain handling operation storing and selling grain grown on other farms, the grain handling operation would not be exempt from OSHA enforcement under the appropriations rider. If a small farm employer maintains a food processing facility for making cider from apples grown on the farm or for processing large carrots into "baby" carrots, or if the employer mills its grain into flour and then uses the flour to make baked goods, those food processing operations would be food manufacturing, not farming. Food manufacturing operations are not exempt from OSHA enforcement activities under the appropriations rider, even if they take place on a small farm.

To ensure consistent compliance with the appropriations rider, please consult with Art Buchanan of the Office of General Industry and Agriculture Enforcement, at 202-693-1850, when the applicability of the appropriations rider to a particular activity or employer is unclear. To avoid inadvertently conducting enforcement activity on an exempt small farming operation, this consultation should occur before OSHA initiates the inspection.

Assistant Secretary for
Occupational Safety and Health
Washington, D.C. 20210

U.S. Department of Labor

January 16, 2024

REGIONAL ADMINISTRATORS
STATE DESIGNEES

MEMORANDUM FOR:

FROM:

DOUGLAS L. PARKER
Assistant
Secretary

A handwritten signature in blue ink, appearing to read "Douglas L. Parker", is written over the typed name and title.

SUBJECT:

Appropriations Act: Replacement of
Appendix A for CPL 02-00-051, Enforcement
Exemptions and Limitations under the
Appropriations Act

Attached is the most recent listing of the North American Industry Classification System (NAICS) codes for industries with a days away, restricted, or transferred (DART) occupational injury and illness rate below the national private sector average rate of 1.7 for 2022.

This new Appendix A to CPL 02-00-051, *Enforcement Exemptions and Limitations under the Appropriations Act*, contains the latest BLS occupational injury and illness rate data of the most accurate industrial classification codes. The appendix will be added to the electronic version of CPL 02-00-051 on the OSHA Website and becomes effective on the date of this memorandum for all inspections opened on this date or thereafter.

Compliance safety and health officers (CSHO) must verify if an employer's NAICS code is on the Appendix A list and may not conduct a programmed safety inspection if the employer currently, and at all times during the previous 12 months, has 10 or fewer employees and the DART rate for the employer's primary NAICS is below the national private sector average.

CSHOs must ensure the primary NAICS designation is the most applicable to the employer's operations prior to conducting inspections.

For construction inspections, upon arrival at a worksite to conduct any programmed safety inspection, the compliance officer should determine whether the appropriations rider exempts a particular contractor. Any exempt contractor shall not be inspected. However, CSHOs shall proceed to inspect other non-exempt contractors on the worksite.

If you have any questions regarding the above, please contact the Office of General Industry and Agricultural Enforcement at (202) 693-1850. In addition, for questions concerning the construction industry, please contact the Directorate of Construction at (202) 693-2020.
