 - 2) May be a felony under the Internal Revenue Code and
 - 3) The employee can incur a personal liability to the injured party
- 3. IRS disclosure restrictions and penalties apply even after employment with the Division ends.
- 4. Agencies that receive FTI directly from either the IRS or from secondary sources (e.g., the Social Security Administration) must have adequate programs in place to protect the data received from unauthorized disclosure and [unauthorized access](#).
- 5. All Division staff with access to the Virginia Department of Taxation's Integrated Revenue Management System (IRMS) are required to protect the confidentiality of all information contained within the IRMS.
- 6. All tax information available to Division staff is confidential information.
- 7. FTI cannot be accessed or stored on any personal equipment or device.
- 8. Allowable Disclosures

Although all tax information is confidential, certain information may be disclosed under specific circumstances. Listed below are examples of permissible and non-permissible disclosures. This list is not all-inclusive. If you are uncertain about what is and is not a permissible disclosure, discuss with management and, if necessary, contact the Program Guidance Team (PGT) at pgt@dss.virginia.gov for assistance.

 - a. In a child support case, the CP asks if the NCP's taxes have been intercepted. After verifying the CP's identity
 - 1) You are allowed to disclose that a tax intercept payment has been received once the Division receives it. You may also provide the amount and date of the refund offset, including the source of the payment. You cannot use any reference to tax intercept if

[Table of Contents](#)

another party is present with the CP other than the NCP; you can use the terms “involuntary enforcement action” or “involuntary payment.”

- 2) You cannot disclose the intercept information to any authorized representative of the CP, including legal counsel or an individual with a Power of Attorney.
 - 3) You are allowed to provide the CP with the certification criteria for submission for the state and federal intercept programs.
 - 4) You are allowed to indicate that a payment is being held for possible adjustments to the amount of the intercept and will be released within 180 days if an intercept is being held as a joint return intercept or as a possible fraudulent return. You cannot disclose the reason (i.e. joint return or possible fraudulent return) for the hold.
 - 5) No other FTI other than what is listed in 1-4 above can be disclosed to the CP.
- b. If a local or state law enforcement official calls and asks you to verify that a certain person has a certain SSN, you cannot provide this information. Under limited circumstances, FTI may be disclosed to federal law enforcement officials. If you are contacted by federal law enforcement for information that is FTI, contact PGT at pgt@dss.virginia.gov for assistance.
 - c. Explaining a notice or other document in a taxpayer’s possession is not disclosure. You may not, however, reveal any additional tax information unless the person has been properly identified as the taxpayer.
 - d. FTI can be disclosed to another state’s child support agency in intergovernmental IV-D child support cases on a case-by-case basis. The disclosure, however, is only to accurately record and administer collections and distributions in IV-D cases in common. This disclosure only applies to other state IV-D agencies and not to Tribal IV-D or international child support agencies.
 - e. FTI payments may only be disclosed in court proceedings if all payment sources are removed from the child support payment record. The Division is not allowed to use more than 2 designations (such as voluntary and involuntary or administrative and non-administrative) to distinguish payment amounts. Except as described here, FTI cannot otherwise be disclosed during court proceedings.
 - f. Any of the FTI received on an NCP may be disclosed to that NCP, once you have verified the NCP’s identity.

[Table of Contents](#)

- g. FTI data received because of the joint return may be disclosed to the joint filer if the joint filer requests that information. You must verify the identity of the person making the request (joint filer) and should ask the person to submit the request in writing.
- h. The NCP's FTI may not be disclosed to an authorized representative of the NCP, including the NCP's legal counsel or someone with a Power of Attorney. If there is someone else present during a discussion with the NCP other than the joint filer, you cannot use any reference to tax intercept. You may use the terms "involuntary enforcement action" or "involuntary payment."

9. Physical Security for Federal and State Tax Information

All physical security requirements listed below must be adhered to by all Division offices that house the information.

- a. All case records or hard copy data containing FTI must be kept secure.
 - 1) Division staff do not print out FTI information from the automated system except Division employees conducting fiscal audits, and those employees only print out the information when necessary.
 - 2) Employees authorized to printout FTI must strictly adhere to all the provisions regarding the handling of FTI printouts. [IRS Publication 1075](#) (1075) section 2.0 Physical Security Requirements provides detailed information regarding security of FTI data including maintaining a log for any FTI data that is printed. The District Office maintains 1 log for all staff to use. This section of the 1075 provides the data elements that need to be included in the log as well as a sample log.
 - 3) Once the printout is no longer needed, it must be destroyed. Refer to 1075 section 2.F.3 Destruction and Disposal for destruction requirements.
 - 4) The District Manager designates the person responsible for maintaining the log and where it is housed. The log must be kept secure.
- b. Security during Business Hours
 - 1) Separate restricted areas from non-restricted areas with controlled-access physical barriers. "Restricted Area - Authorized Personnel Only" signs must be posted on or immediately adjacent to the barrier.

[Table of Contents](#)

- 2) Keep all tax information within an identified restricted area with access limited to authorized staff only. Maintain written instructions and procedures that identify authorized staff that have access to tax files.
 - 3) Computers must be in a secure area with restricted access. If authorized staff serve as the second barrier between FTI and unauthorized individuals, authorized staff must wear picture ID badges.
- c. Security after Business Hours
- 1) Lock all doors to areas containing FTI. Exercise strict key or combination control. Give combinations and keys only to those who frequently need access to the area. Do not write combinations on a sticky-note, calendar pad or any other item.
 - 2) All file cabinets and desk drawers storing FTI must be kept locked.
- d. Alternate Worksites (including Telework sites)

Because FTI is interspersed throughout the automated system, the whole automated system, Ctrl-D, Data Warehouse and Power BI application database must be secured with the same attention as securing hardcopy FTI. To ensure the security of IRS data at alternate work sites

- 1) Division staff cannot use personal equipment to log into the automated system, data bases or applications. A disc with FTI or the automated system information saved on it shall not be loaded onto personal equipment.
- 2) If Division staff are co-located with staff from other agencies, their work areas must have sufficient privacy to prevent others from viewing or accessing the Division's information.
- 3) Division staff working at an alternate worksite must have a way to communicate with Division managers or other personnel in the event of a security issue. Division staff may use a landline, cell phone, email or other method of communication as agreed upon with management to report security issues to the Division.
- 4) If Division staff have case files, screen prints or other hard copy data at the alternate work site, the Division must certify that the employee's personal storage is secure. No hard copy data can be kept permanently at an alternate work site.
- 5) Desktop computers must be secured to a piece of furniture or something else heavy with locking hardware. Laptop computers must be locked in a drawer or cabinet when not being used.

[Table of Contents](#)

- 6) Typically, in alternate work site locations the requirements of a secure area with restricted access cannot be maintained, therefore,
 - a) Computer equipment must receive the highest level of protection practical, including full disk encryption.
 - b) FTI should be protected with a minimum of 2 barriers: full disk encryption serves as one of the barriers. Keeping equipment locked up when not in use serves as a second barrier.
 - e. FTI may not be stored on thumb drives or other removable media.
 10. Maintain all tax return information obtained from the federal and the state tax agencies separate from the Division's case records.
 11. Management must periodically review the tax information security safeguards for their effectiveness and compliance with the Division's security procedures.
 12. FTI does not include information provided by the taxpayer or third parties. If the Division gets returns, return information or PII from a taxpayer or third party independently, the information is not considered FTI.

While most DV victims are women and children, men are also victims of DV. Children in homes where DV is present are more likely to be abused or neglected.
 3. Many VDSS programs, including the Division, provide services to DV victims. When providing services, Division staff must take additional precautions to ensure the safety of DV victims.
 4. Extensive DV prevention information and resources from OCSS can be found at this [link](#).

B. Release of Information- Family Violence (05/2024)

(12/2012) (07/2014)

E. Case Workable Status (07/2021)

1. All cases are classified as either workable or unworkable. All cases automatically default to a workable status. Division staff change the case workable status when appropriate.
2. If a case is workable, the code is WORK.
3. There are several types of unworkable cases, each with its own code(s). Coding a case unworkable indicates that the Division has taken all applicable actions it can based on the case processing status.
4. Cases requiring paternity determination cannot be unworkable. Once paternity has been resolved, cases that have or need a support order can be coded unworkable in the following situations.

4. The Division notifies the LDSS when a putative father (PUTF) is excluded as the father on TANF, IV-E FC and non-IV-E FC cases.
5. When a TANF or foster care case closes, the family is entitled to continue to receive Division services without needing to complete the *Child Support Enforcement Services Application*. When a TANF case closes or is suspended, the *Transition Letter* is issued to notify the CP of his or her right to continue to receive the Division's services. The *Transition Letter* also provides the CP a description of the Division's services.
6. When IV-E FC cases close, the automated system notifies the specialist of closure, but does not change the case type. Contact the LDSS to determine who has custody of the child.

- 3) If the CP only names 1 PUTF and that person is excluded by genetic testing, the Division notifies DSS as the CP must be given the opportunity to name any and all other PUTFs for the child. If the named individual(s) is/are excluded, DSS requires that the CP complete the *Attesting to the Lack of Information Form*. Noncooperation exists if the CP fails or refuses to sign the form.
 - 4) If the mother of the child was married at the time of the child's birth, but names someone other than her husband as the child's biological father, DSS must refer both men to the Division.
- b. Along with the parent's name, the CP is required to provide at least 3 additional identifying pieces of information.
- 1) If the CP is unable to provide this information to DSS at the time of application, the CP must complete the *Attesting to the Lack of Information Form*.
 - 2) If more than 1 parent is named that the CP cannot provide sufficient information for, the CP is required to complete a form for each. When a CP has completed this form, the LDSS updates the information in VaCMS with a Good Cause code of 75, which prevents the referral to the Division.
 - 3) If the CP is a grandparent of the child, he or she must provide at least 3 additional pieces of information in addition to the first and last name for the NCP who is his or her own child.
- c. Appear at an office of the LDSS or the Division, as requested, to provide
- 1) Verbal or written information about the NCP
 - 2) Documentary evidence known to, possessed by, or reasonably obtainable by the CP about the NCP
- d. Appear as a witness at judicial or administrative hearings or proceedings.
- e. Appear for a scheduled appointment to have a genetic test done to establish paternity.
- f. Forward to the Division any money received directly from the NCP after assignment of support rights.
- g. Pay for all additional genetic testing after the first 5 PUTFs have been tested and excluded as the father of the child.

(07/2014)

[Table of Contents](#)

D. Reporting Noncooperation (08/2017)

1. Noncooperation exists when the TANF CP
 - a. Fails to forward to the Division payment(s) received directly from the NCP after assignment of support rights
 - b. Fails to respond by telephone or in writing to 2 consecutive requests to provide information
 - c. Fails to appear in court for a scheduled paternity hearing, establishment of support or enforcement hearing
 - d. Misses a scheduled appointment for a genetic testing and does not contact the Division to reschedule
 - e. Misses 2 consecutive scheduled appointments other than genetic testing or court appearance and does not contact the Division to reschedule them
 - f. Fails to provide the name of another individual who may be the father after the only man named as the putative father (PUTF) is excluded
 - g. Does not designate in writing the men most likely to be the father of the child. If all men are excluded, the CP is considered to be non-cooperating.
 - 1) The Division pays for genetic testing for up to 5 PUTFs; after 5 exclusions, the CP will be responsible for paying for any additional testing.
 - 2) If the CP does not pay for the testing or refuses to pay for testing, this is considered noncooperation and the Division must notify the LDSS
 - h. Refuses or fails to sign the *Attesting to Lack of Information Form* at the LDSS, after stating that she is unable to provide the name any other identifying information about the NCP. The LDSS will notify the Division in this situation. The LDSS will also document the noncooperation in the notes section of the Absent Parent Demographic screens in VaCMS.
2. Division staff notify the LDSS when the CP is non-cooperative. Document Case Events to detail the reason for reporting the CP for noncooperation.
 - a. Generate the *Cooperation/Noncooperation Notification (Notification)* with “X” in appropriate blocks and the dates filled in as needed. Generating the *Notification*
 - 1) Creates the NCLT Participant Event with notes documenting the noncooperation reason(s)

[Table of Contents](#)

- 2) Creates the NCRF event with notes documenting the client is referred for Noncooperation (for TANF cases)
 - 3) Updates the “CP Cooperative” indicator in the Additional Information field on the Case Detail Page with a “N”
 - 4) Sends an automated referral to VaCMS to notify the LDSS in active TANF cases.
- b. Mail a copy of the *Notification* to the CP when the referral is made. Document Case Events to reflect that the copy was sent to the CP.
 - c. Continue to work the case without cooperation from the CP if possible.
- ### 3. LDSS Noncooperation Sanctions for TANF Cases
- Sanctions are imposed on the CP by the LDSS when the Division reports noncooperation.
- a. If the LDSS imposes as the result of a Division *Notification* and the CP appeals the sanction, DSS eligibility staff may contact the Division and request supporting documentation to include in their appeal summary.
 - b. Such documentation may include
 - 1) A court summons copy
 - 2) An *Administrative Summons* copy
 - 3) Motions, petitions and other legal and administrative correspondence that reflect the CP’s failure to cooperate
 - c. Provide this information immediately to the LDSS when requested. This information may also be requested by the Hearing Officer.
 - d. Division staff attend the hearing or participate in a telephonic hearing when requested to testify about the CP's failure to cooperate.
- ### 4. Change in Cooperation Status
- a. If a CP starts cooperating or information not previously provided is obtained from another source after noncooperation has been reported, generate the *Notification* with an “X” in the appropriate block indicating the CP is now cooperating. Generating the *Notification*
 - 1) Creates the NCRM Case Event and

[Table of Contents](#)

- 2) Updates the CP Cooperative indicator to “Y” in the Additional Information field on the Case Detail page
- b. Mail a copy of the *Notification* to the LDSS. If the case is still active to TANF, the automated system will send an automated referral with the cooperation information to VaCMS which will notify the LDSS.
- c. Mail a copy of the *Notification* to the CP when the referral is made in regarding his or her change in cooperation status. Document Case Events to reflect that the copy was sent to the CP.

(07/2014) (12/2014)

E. Alleged Fraud (08/2017)

1. Notify the LDSS if the Division has reason to believe that
 - a. The NCP is living in the home with the CP.
 - b. The CP is retaining or has retained assigned support payments.
2. Continue to establish and enforce the obligation. The LDSS investigates the alleged fraud.

2.5 Worklists

A. Overview (08/2017)

1. Generating certain documents, scheduling appointments and hearings, and updating certain items on the automated system create worklists to prompt Division staff to take follow up actions.
2. The [Document Matrix](#) indicates which documents create a worklist as well as the timeframe for and the purpose of the worklist.
3. Take follow up actions within established timeframes as some worklists generate to ensure the Division’s compliance with federal and state regulations and laws.

(12/2015) (01/2017)

2.6 Statement of Payments Procedures

A. Overview (XX/2024)

[Table of Contents](#)

1. Refer to the [Statement of Payments Process Guide](#)
2. Send the applicant a *Statement of Payments (SOP)*.
 - a. Upon receipt of the completed *SOP*, ensure that all entries are legible and all time periods when the applicant was payee or payor are covered by this or another statement from the applicant.
 - b. If the applicant does not provide a *SOP*, do not add any arrearages to the case for the period that the parties were not receiving IV-D services (this includes any arrearages that were removed when the case closed).
3. Send the non-applicant a copy of the applicant's completed *SOP*. Advise the non-applicant to review the *SOP*, and if he or she disagrees with the information provided by the applicant, to respond within 10 calendar days with proof of payments.
 - a. If the non-applicant does not respond within 10 calendar days, add the arrearages to the automated system unless the NCP is an active duty service member.
 - 1) Use the Service Members Civil Relief Act (SCRA) [website](#) to determine whether or not the NCP is an active duty service member.
 - 2) Update Case Events with the search results.
 - 3) If the NCP is an active duty service member, refer the case to court for a judicial determination of the arrearages.
 - 4) For Virginia court orders, file the *Motion to Amend or Review Order*.
 - a) For an *Administrative Support Order (ASO)* with current support still due, file the *Petition for Support (Civil) (Petition)*.
 - b) Check the second box under #2 of the Petition indicating "That an order concerning the support of the person(s) for whom support is sought in the petition has been entered."
 - c) Under #5 of the Petition type in

THE EXISTING ORDER IS AN ADMINISTRATIVE SUPPORT ORDER. ENTER A COURT ORDER TO SUPERSEDE THE ADMINISTRATIVE SUPPORT ORDER AND SET ARREARAGES, IF ANY, AND A PAYMENT TOWARD ARREARAGES, IF APPLICABLE.
- 5) Update the automated system as appropriate once the court makes a ruling.

[Table of Contents](#)

- 6) If the order on the case is an *ASO* and current support is no longer due, refer the case to Legal Counsel.
4. If the **non-applicant** contacts the Division and disputes the arrearages and cannot provide proof the debt is incorrect,
 - a. Add the arrearages to the automated system according to the *SOP*.
5. If the **non-applicant** provides proof of payments that appears to be valid,
 - a. Attempt to resolve the dispute by contacting the **applicant**.
 - b. If the **applicant** agrees with the information provided by the **non-applicant**, have the **applicant** complete a new *SOP*.
 - c. If the dispute cannot be resolved, refer the matter to court and do not add the arrearages until the court determines whether there is an arrearage and the amount.
6. Provide both parties with the *Payment Record* and initiate enforcement actions.
7. Calculate the arrearages
 - a. For a new IV-D case based on the support obligation for the period before the case was open and reduce it by the amount of the payments received during that period per the *SOP*, taking into consideration any court orders establishing arrearages.
 - b. For the period when the case was closed and reopened, calculate the arrearages based on the support obligation and reduce this figure by the amount of the payments received during that period per the *SOP*. Make a separate adjustment in the automated system to add these arrearages. Refer to Receivables Maintenance for guidance on direct payments. If, in the meantime, a court order was issued addressing the arrearages, use the court ordered amount.

2.7 Adding Orders to the Automated System

A. Overview (05/2024)

1. Division staff must ensure the accuracy of order information updated in the automated system. To meet documentation requirements, order notes must be included when adding a support order to the automated system.

[Table of Contents](#)

2. Do not add an order to the automated system without a copy of the order in the case record.
3. Virginia support orders issued on or after July 1, 2006, usually have a first of the month start date.
4. District Office establishment, enforcement, locate, court, review and adjustment, family engagement, and intake staff can add support orders to the automated system.
5. Do not adjust subaccounts when entering subsequent orders or updating extensions in the automated system. Refer cases to fiscal to complete adjustments in the automated system. The automated system creates financial events to maintain a record of adjustments.
6. Fiscal staff adjust arrearages to add the amount of support that accrued between the effective date and the first of the month when charging begins. Fiscal staff determine the partial month's obligation by pro-rating the monthly obligation by the number of days from the effective date through the end of the month to determine the adjustment amount.
7. Effective Date
 - a. Effective July 1, 2006, a Virginia court order from an initial proceeding is effective the date of the filing of the petition. For a modification proceeding, the effective date is the date of the notice from the court to the responding party. However, in either proceeding, the court may establish a different effective date.
 - b. An initial *ASO* is effective the date of service or the date the NCP signs the *Waiver of Formal Service*.
 - c. A modified *ASO* based on a review and adjustment is effective the date the *Notice of Proposed Review (NOPR)* is served on the non-requesting party. If both parties are nonrequesting, it is the date of service of the last party served. If the modification is not due to a review and adjustment, the effective date is the date the *ASO* is served on the NCP or the date the NCP signs the *Waiver of Formal Service*.
 - d. A modified *ASO* based on a review and adjustment is effective the date the *NOPR* is generated on an *ARRP* case when the CP is deceased or cannot be located.
 - e. The first payment is due the first of the month following the effective date of the order and on the first of the month each month thereafter.
8. Start Date
 - a. In most cases, the start date for Virginia orders issued after July 1, 2006, will be the first of the month.

[Table of Contents](#)

- b. A Virginia Court Order's start date is the first day of the month following the court date, unless otherwise ordered by the court. For example, if the court hearing date is March 3, 2014, the order start date is April 1, 2014, unless the court orders a different start date.
- c. An initial *ASO's* start date is the first day of the month following the effective date. The order is effective the date of service of the *ASO* or the date the NCP signs the *Waiver of Formal Service*. For example, if the NCP is served with an initial *ASO* on March 2, 2014, the order start date is April 1, 2014.
- d. A modified *ASO's* start date is the first day of the month following the effective date. The order is effective the date the *NOPR* is served on the nonrequesting party. For example, when the NCP requests a review and the CP is served with the *NOPR* on January 24, 2014, the order start date is February 1, 2014.

9. Charge Date

The date the automated system charges the support obligation for the month.

10. Order Date

The date a judge signs the court order or the date printed on the *ASO*.

11. Debt Assessment

- a. An initial *ASO* for debt to the state is assessed from the date of receipt of TANF, IV-E FC, or SLFC.
- b. An initial *ASO*, established prior to 7/1/2021, for debt to DJJ was assessed from the date DJJ received the dependent.
- c. For administrative orders, the debt cannot be assessed prior to the date that paternity is established.

For more information, refer to [Establishment of a Debt for Reimbursement to the State](#).

(07/2018) (07/2021) (09/2022)

B. Adding the Initial Support Order to the Automated System (07/2018)

- 1. When an initial support order is established, create an order record in the automated system.
 - a. Enter the effective date, order date, and start date for the initial support order.

[Table of Contents](#)

- b. Enter the terms of the order and add detailed order notes to the automated system.
 - c. Create current support extension(s) if applicable.
 - 1) If the order is added after the order start date, the monthly current support obligation charges on the day the order is added to the automated system.
 - 2) If the order is added before the order start date, the monthly current support obligation charges on the first day of the next month.
 - d. Create arrears extension(s) when arrearages are addressed in the initial support order. If arrearages are not included in the initial support order, the automated system will create the appropriate arrears subaccount(s) when support becomes delinquent as part of the charging cycle.
 - e. Update the Charge Interest Indicator and Interest Rate, if appropriate. Refer to [Interest](#).
 - f. Update the intercept and consumer reporting indicators when an arrearage is not be certified or referred.
2. Refer the case to fiscal staff to complete any required adjustments, including assessing the amount due for the partial month between the order effective date and the date the first monthly payment is due plus any full month's obligation due prior to the automated system charging the support obligation. Refer to [Fiscal Responsibilities- New Orders](#).
 3. For more detailed instructions, refer to 2.3 Adding the Initial Order in the iAPECS User Guide [Chapter 5, Order Management](#).

C. Adding Subsequent Support Orders (07/2018)

1. Before a modified support order is added to the automated system, the existing order must be updated with an end date. Update the end date of the existing order to be 1 day before the start date of the modified order.

Example: The start date of the modified order is August 1, 2016. Update the end date on the existing order to July 31, 2016, before adding the modified order to the automated system.

2. Once the end date has been updated on the previous order record, add the modified order to the automated system.
 - a. Enter the effective date, order date, and start date for the modified order.
 - b. Enter the terms of the order and detailed order notes to the automated system.

[Table of Contents](#)

- c. Update the Modification Reason on the Update Support Order page by selecting the code the best describes the reason for the creation of the modified order record.
- d. Update the intercept and consumer reporting indicators when an arrearage is not to be certified or referred.
- e. Update the current support extension to the modified amount.
 - 1) If the new current support obligation is updated after the start date of the modified order, the automated system automatically adjusts the current support subaccount to the modified current support obligation.
 - 2) If the order start date is a future date that is greater than the next charge date for the case, the automated system will not allow entry of the modified order. When the worker enters the future dated order information, an error message displays and the attempted order entry causes the automated system to create the FORD FUTURE ORDER ADD PRIOR NEXT CHRG DT worklist to remind the worker to enter the future dated order.
3. Refer the case to fiscal to complete any required adjustments based upon the change to the current support obligation or if arrearages are addressed in the order. Do not adjust subaccounts in the automated system when entering a subsequent support order or updating support extensions. Only fiscal staff complete adjustments to subaccounts. The automated system creates financial events to maintain a record of adjustments. For more information, refer to [Fiscal Responsibilities- Modified Orders](#).
4. If the previous order did not charge on the first of the month, refer the case to fiscal to reset the order charge date when the new order changes the charge date to the first of the month. For more information, refer to 5.1 Reset Order Charge Date in the iAPECS User Guide [Chapter 5, Order Management](#).
5. Do not create an order record in the automated system if the only change to the order is to establish or adjudicate arrears or the judge sets a dollar amount to be paid on arrearages.
6. For more detailed instructions, refer to 2.5 Adding a Modified Order Record in the iAPECS User Guide [Chapter 5, Order Management](#).

D. Closing Support Extensions (7/2020)

1. There are situations that require the closure of current support extensions, including
 - a. Emancipation

[Table of Contents](#)

- b. Change in physical custody
 - c. Case closure or
 - d. The case becomes an arrears only case.
2. Current support extensions must be closed correctly and timely to avoid continued charging, contributing to possible overpayments or case reopening issues.
 3. When a case type changes to ARRN or ARRP or a case closes due to emancipation of the last child on the case, allow current support to charge one more time before closing current support.

Example: If the case charges on the first of the month and the last child on the case emancipates on May 5, 2018, do not close current support until after the case charges on June 1, 2018.
 4. To close the current support extension, add a new order record to the automated system and take the following actions
 - a. Update the Modification Reason to MCOR CORRECT/UPDATE ORIGINAL ORDER
 - b. Add order notes to the automated system that explain the reason for closing the extension(s).
 - c. Complete the 2 separate edits for each current support extension that must be closed.
 - 1) Change the Frequency Amount to \$0.00 on the Update Support Order Extensions page.
 - 2) After saving this change, return to the Update Support Order Extensions page and update the Extension Status to Closed.
 5. Update the case type, if appropriate.
 6. Review the case accounting to ensure the extension closed correctly.
 7. Do not adjust subaccounts when entering subsequent orders or updating extensions in the automated system. Refer the case to fiscal to complete any required adjustments, including zeroing out any existing balances. The automated system creates financial events to maintain a record of adjustments.
 8. To prevent a credit balance in the current support extension, do not close the current support extension in the same charge cycle in which support payments were received.

[Table of Contents](#)

- a. Place a hold on the case and allow one more charge before closing the current support extension. Refer to [Holds](#).
 - b. After the current support extension is closed, release the case level hold.
 - c. The automated system automatically places a hold at the case level when it is necessary to close current support due to emancipation.
9. For more detailed instructions, refer to 2.6 Closing a Current Support Extension in the iAPECS User Guide [Chapter 5, Order Management](#).
10. A Job Aid for Correcting Closed Current Support Extensions with a Credit Balance is located on [Fusion](#).
- (7/2018)

E. Reopening Support Extensions (7/2018)

1. When current support is due, it may be necessary to reopen a current support extension if circumstances in the case change or a customer reapplies for services after a case has closed.
2. To reopen a current support extension, add a new support order record to the automated system.
3. Update the following for each current support extensions that needs to be reopened
 - a. Change the Extension Status from Closed to Open
 - b. Update the Frequency Amount to the monthly support obligation.
4. For more detailed instructions, refer to 2.7 Reopening a Current Support Extension in the iAPECS User Guide [Chapter 5, Order Management](#).

2.8 Adding an Uncapped Child to a TANF Case

A. Overview (07/2020)

1. Effective 7/1/2020, a CP TANF recipient has the option to keep a Cap child capped or uncapped them.
 - a. An uncapped child is immediately added to the TANF benefit case by the LDSS and an AF50 Worklist is generated.

[Table of Contents](#)

- b. Any children that remain capped will remain in the Cap status until the TANF benefit case closes.
2. Refer to the [Adding an Uncapped Child to a TANF Case Procedure Guide](#) for procedures on adding a Cap child to a TANF case.
3. Refer to [TANF Cap Cases](#) for TANF Family Cap definition and historical requirements.

Chapter 3: Family Engagement

3.1 Family Engagement Services

A. Overview (XX/2024)

1. The Division takes appropriate steps to ensure compliance with support obligations. However, some parents face obstacles that hinder their ability to comply with their support obligations.
2. The Division's Family Engagement Services (FES) programs provide these parents with assistance in addressing and overcoming these obstacles.
3. Administrative FES programs provide services offered in conjunction with, but not as a substitute for, applicable state and federal enforcement remedies.
4. Administrative FES program participation is voluntary.
 - a. Division staff identify potential participants during the interview or customer service processes.
 - b. Once identified, Division staff refer interested NCPs to the FES Team as appropriate.
 - c. The FES program assignment is based on the parent's needs. Refer to [FES Case Management](#) and the Family Engagement Services Case Processing Guide.
5. Judicial FES program participation is court ordered. The court may order an NCP to participate in FES as an alternative to or a result of a finding of contempt in a civil contempt proceeding.
6. The Division's FES Team is responsible for managing the judicial and most administrative FES programs that can assist NCPs with identifying, addressing and overcoming obstacles. Refer to [FES Team Case Referral](#).
7. Enforcement Specialists manage the administrative FES program for participants whose only obstacle to complying with their support obligation involves a suspended or a pending suspension driver's license. Refer to [Pre-Court Monitoring](#).
8. FES Team administered programs, both judicial and administrative, and the Pre-Court Monitoring services are all intensive case monitoring programs.

[Table of Contents](#)

9. For the administrative FES programs, parents who decline to participate or who indicate interest but fail to substantially comply with the program requirements can be referred for civil contempt proceedings as applicable. Refer to [Civil Contempt Proceedings and Referral Process](#) and [FES Case Management](#).
10. The Division offers additional family engagement services programs that assist in strengthening Virginia families.
 - a. The Division oversees the [Virginia Paternity Establishment Program](#), which provides an opportunity for unmarried parents to establish paternity shortly after their child's birth.
 - b. The Division actively seeks out grant opportunities that support existing programs as well as programs that test and implement new approaches to help parents support their children. Refer to [Grants](#).
11. The Division provides Family Engagement Services in all programmatic areas. The primary focus of this chapter is the Family Engagement Services offered through the Division's FES Team.

(08/2017) (09/2022)

B. FES Team Case Referral (XX/2024) (NEW TOPIC)

1. Cases are referred to the FES Team either by court order or Division staff.
2. Division staff case referrals require the NCP to have at least one non-employment related barrier, or employment challenges plus an additional barrier that hinder the NCP's ability to comply with the support obligation.
3. Barriers hindering support order compliance can include, but are not limited to:
 - a. Unemployment or underemployment
 - b. Limited work experience or job skills and/or unstable employment
 - c. Limited education and/or literacy challenges
 - d. Substance misuse or dependency
 - e. Physical and/or mental disability
 - f. Housing instability
 - g. Justice involvement

[Table of Contents](#)

- h. Limited connection with the child
 - i. Limited parenting skills
 - j. Strained relationship with the other parent
 - k. Suspended driver's license or pending driver's license suspension
4. Division staff refer an NCP's case(s) to the FES Team for administrative FES programs after identifying potential barriers and documented completion of current referral criteria. Refer to the Family Engagement Case Processing Guide for referral criteria and requirements.
 5. Court Specialists refer an NCP to the FES Team when the court orders the NCP to participate in FES as an alternative to or result of a finding of contempt.
 6. All referrals for FES Team services must be appropriately documented.
 - a. Create a SELF event in Case Events with the event description FES REFERRAL SENT.
 - b. Document the SELF event Notes with any relevant information. For court ordered FES participation include the order compliance requirements.
 7. Some NCPs have potential barriers to support order compliance, but do not meet the FES Team services referral criteria. Do not refer the case if
 - a. The NCP does not reside in Virginia. Review the case for intergovernmental referral. Refer to [Division Responsibilities](#) and [Support Enforcement](#).
 - b. The NCP alleges an inability to work due to illness or disability. Refer to [Case Workable Status](#) and [Enforcement and Special Circumstances NCPs](#).
 - c. The NCP's only barrier is unemployment. Refer the NCP to the Virginia Employment Commission if the NCP resides in Virginia.
 - d. The NCP's only barrier is Division-related license suspension. Refer to [Driver's License Suspension](#) and [Pre-Court Monitoring Program](#).
 - e. The NCP's inability to comply with the child support obligation is only related to enforcement of health care coverage. Refer to [Medical Support](#) and [Judicial Enforcement](#).
- c. FES Case Management (XX/2024) (NEW TOPIC)**

[Table of Contents](#)

1. The FES Team manages all family engagement services FES programs for NCPs with obstacles hindering their ability to pay support except those NCPs eligible for the [PreCourt Monitoring Program](#). The FES Team Case Managers administer the case management services.
2. Within 30 days of referral for FES Team services, the Case Manager will
 - a. Conduct an orientation session with the NCP and
 - b. Create a services plan using the *Case Action Plan*. The services plan must
 - 1) Identify services, programs and requirements necessary to comply with the administrative or court referral. For court referrals, ensure the services plan allows the NCP to meet the ordered compliance criteria.
 - 2) Provided services include
 - a) Employment services, to include employment assessment, employment search and employment training
 - b) Educational services, including GED preparation and GED testing
 - c) Social services, health and mental health services and substance abuse services
 - d) Housing services, including referrals to organizations that operate shelters and provide subsidies
 - e) Family services, including parenting and coparenting skills and relationship-building activities for parents and children
 - f) Document assistance, including referrals to organizations and assistance in securing vital records, driver's licenses, commercial driver's licenses or other documents
 - g) Any other services that would assist the NCP to pay support owed
 - 3) Include a provision for monthly status updates of program compliance to the custodial parent.
3. Once the *Case Action Plan* is completed, the Case Manager works with the NCP to meet the requirements of the services plan. The Case Manager will
 - a. Assist the NCP as needed with contacting and making appointments with the organizations offering the required services and programs.
 - b. Provide the NCP with appointment reminders.

[Table of Contents](#)

- c. Follow up with the NCP and/or the service provider(s) to determine next steps.
- d. Use the *Family Engagement Services Compliance Report (Compliance Report)* to track the NCP's compliance with
 - 1) The *Case Action Plan* requirements
 - 2) The support order
 - 3) The terms of the administrative or court referral program. For court referrals, the Case Manager will provide the court with timely and regular reports of the NCP's compliance with the services plan and the support order.
4. For administrative referrals, for the initial 90 days from the date of referral, for any NCP who is substantially compliant with the *Case Action Plan*
 - a. Do not refer the NCP for civil contempt.
 - b. Take appropriate enforcement actions, including issuing the IWO and submission for federal and state tax refund offset.
5. For administrative referrals, after 90 days from the date of referral, any NCP who is substantially compliant with the *Case Action Plan* but not paying support as ordered, the NCP may remain in the FES program, but must be referred for civil contempt.
6. For administrative referrals, any NCP who is not substantially compliant with the *Case Action Plan* at any time must be referred for civil contempt; do not wait 90 days from referral for FES Team Services. Instances of noncompliance include but are not limited to
 - a. The NCP routinely fails to keep Division and/or community partners appointments.
 - b. The NCP fails to submit job search information and is unemployed.
 - c. The NCP is working but not making support payments, and the Division is unable to issue an IWO.
 - d. The NCP becomes incarcerated, or unable to participate due to non-Division legal problems.
 - e. The Division loses contact with the NCP and is unable to re-establish contact.
7. When the Case Manager determines administrative FES program noncompliance or ineligibility

[Table of Contents](#)

- a. Create the SELF Event Case Event using the event descriptor FES SERVICES DISCONTINUED on each of the NCP's cases.
 - b. Document the event Notes explaining the reason the reason FES services were terminated and/or the circumstances of noncompliance.
 - c. If the NCP meets criteria for civil contempt, the case(s) must be referred for civil contempt. Refer to [Civil Contempt Proceedings and Referral Process](#).
8. For court referrals, if the NCP is uncooperative or continually noncompliant with the requirements of the court order, support order and/or *Case Action Plan*, notify the Court Specialist, who notifies the Division's Special Counsel involved with the case.
 9. Because the Division is required to establish a services plan within 30 days of referral for FES Team services, for administrative FES Team referrals, cases that do not meet the criteria for referral should be returned to the referring District Office as soon as it is determined the case does not meet the criteria.

D. Grants (XX/2024)

1. The Division's Program Initiatives Team in Home Office seeks and applies for grants funds to provide services to Virginia families, particularly those in the Division caseload. The Division uses grant funding to research and improve the child support program and strengthen families.
2. The OCSS funds the Virginia Access and Visitation (AV) Program grant.
 - a. The AV Program goal is to facilitate access to and visitation with children. Program services' success is measured by if the parent can spend more time with his or her child.
 - b. Participants must be parents of minor children, the majority of whom must have an active Division case.
 - c. The Division does not refer either party for AV services when there is an FVI on the case.
 - d. The FES Case Manager can include AV services as part of the *Case Action Plan* or can refer either party to AV services.
 - e. District Office staff should ask every parent about their interest in parent education, establishing a parenting agreement or participating in mediation to resolve visitation issues.

3.2 Family Engagement Procedures

A. TANF Debt Compromise for Family Engagement Services Participants (12/2020)

1. Family Engagement Services (FES) participants with TANF debt may enroll in the TANF Debt Compromise (TDC) Program (the Program). Refer to the [TANF DEBT Compromise Program](#) and [Case Management](#).
2. In addition to the FES enrollment forms, the participant must complete the *Case Action Plan* and the *TANF Debt Compromise Payment Agreement (Agreement)*.
 - a. When completing the *Case Action Plan*, identify a minimum of 4 goals the participant must achieve to receive the 5% debt reduction.
 - b. Provide a copy of the *Case Action Plan* and the *Agreement* to the participant. Image a copy of the documents for the case record.
3. Calculate the required minimum payment for eligibility in the TANF Debt Compromise Program using all of the participant's cases.
 - a. When current support is due, add the current support amount plus the ordered arrears payment or \$65.00, whichever is less.
 - b. When current support is not owed, use \$65.00 per month for each arrear only case or the court ordered arrears payment, whichever is less.
 - c. The NCP is still responsible for their ordered current support and the ordered arrears amount. a. and b. above are the required minimum payments that must be made to be eligible to participate in the program.
4. Once the *Agreement* is complete, place a checkmark in the Debt Compromise Eligible Indicator (Indicator) on the NCP Participant Detail page, When the indicator is updated, the automated system:

[Table of Contents](#)

- a. Updates the Indicator Effective Date:
 - b. Creates the NCP Participant Event type TDCE, with the Event Description, TANF DEBT COMPROMISE ELIGIBLE.

EXAMPLE: The NCP has an annual income of \$24,000. The NCP has signed up to participate in FES. The NCP has two cases and has a required payment of \$175.00 on one case and \$65.00 on another case. The NCP owes \$3,140 TANF debt on one case and there is no TANF debt on the other case.

Document the TDCE Participant Event with the following notes:

TIER 1, TOTAL TANF DEBT OWED \$3,140 REQUIRED PAYMENT \$240.

7. Monitor the NCP's compliance with the *Case Action Plan*. When the NCP meets 2 of the required goals:
- a. Worklist fiscal (Priority 7) to apply the 5% debt reduction and
 - b. Create a SELF-GENERATED event on the NCP's Participant Events with the Event Description REFERRAL TO FISCAL UNIT PAP2. Add Event Notes to document the request for the 5% reduction.

EXAMPLE: THE NCP COMPLETED TWO PARENT ACTION PLAN GOALS, 5% REDUCTION TO BE GIVEN.

8. Continue to monitor the NCP's compliance with the *Case Action Plan*. Once the NCP has completed all required goals:
- a. Worklist fiscal (Priority 7) to apply the 5% debt reduction and

[Table of Contents](#)

- b. Create a SELF-GENERATED event on the NCP's Participant Events with the Event Description REFERRAL TO FISCAL UNIT PAPC. Add Event Notes to document the request for the 5% reduction.

EXAMPLE, THE NCP COMPLETED ALL *PARENT ACTION PLAN* GOALS, 5% REDUCTION TO BE GIVEN.

- 9. Monitor for the NCP's completion of the FES Program. Once the NCP graduates from FES:

 - b. Create a SELF-GENERATED event on the NCP's Participant Events with the Event Description REFERRAL TO FISCAL UNIT GRAD. Add Event Notes to document the request for the 5% reduction.

EXAMPLE: NCP HAS GRADUATED FROM FES, 5% REDUCTION TO BE GIVEN.

- 10. When there is a change to the tier that the NCP qualifies for, create a SELF-GENERATED event on the NCP's Participant Events with the Event Description DEBT COMPROMISE TIER CHANGE. Changes include when the NCP enrolls, leaves, or graduates from FES. Add Event Notes to document the following:
 - a. Reason for the change,
 - b. New tier the NCP qualifies for,
 - c. Required monthly payment and
 - d. Total TANF debt owed at the time of application.

EXAMPLE: THE NCP IS NO LONGER IN FES. NCP IS NOW IN TIER II OF THE DEBT COMPROMISE PROGRAM. REQUIRED PAYMENT IS \$240. TOTAL TANF DEBT OWED IS \$3,140.

Chapter 4: Intake

A. Overview (04/2021)

1. As a Title IV-D agency, the Division provides child support services for nearly 1 out of every 5 children in the Commonwealth.
2. TANF cases, Title IV-E foster care cases and cases that are closing to TANF are referred to the Division and established automatically in the automated system by the VaCMS system.
3. All other cases come to the Division by application and must be manually set up, including applications from individuals and non-IV-E foster care referrals from LDSS.
4. Other written requests received by the Division that are considered applications are IV-D to IV-D referrals and UIFSA petitions from other states and locate only requests from courts and individuals.

(08/2017)

B. Services Provided (08/2017)

1. The Division provides the following services in full IV-D service cases:
 - a. Locating NCPs and their employers, income and assets
 - b. Paternity establishment
 - c. Child support order establishment, including provisions for medical support
 - d. Child and medical support order modification
 - e. Enforcement of child and medical support orders and
 - f. Collection and disbursement of child support payments including court ordered medical support payments for a specific dollar amount
2. Exceptions to Full IV-D Child Support Services

[Table of Contents](#)

- 2) A court
 - 3) A IV-D agency in another state and/or
 - 4) An authorized person for the following reasons
 - a) To enforce state or federal kidnapping laws and
 - b) To enforce a child custody or visitation determination
 - 5) “Authorized persons” include Commonwealth Attorneys, District Attorneys and agents of the court. For this purpose, private attorneys are not considered agents of the court and cannot be designated as authorized persons. The authorized person or entity applies to the State Parent Locator Service (SPLS) in the Division’s Home Office, which provides the locate-only services.
3. Non-IV-D (NIVD) Services
- a. The Division provides NIVD services to persons who have not applied for or are ineligible for IV-D services:
 - 1) NIVD Income Withholding for Support or
 - 2) Incoming or outgoing UIFSA petitions identified as NIVD.
 - b. Central Registry staff in Home Office handles these cases. Refer to [Non-IV-D Cases](#).

C. Provisions for Child Support Services (07/2021)

1. The Division provides IV-D services for these applicants
 - a. A parent, guardian, or an agency having legal custody of a child
 - b. A caretaker with physical custody of a child
 - c. A legal parent having neither legal nor physical custody of a child or
 - d. A putative father (PUTF) who asserts that he is the child’s biological father and wants to establish status as the child’s legal father
2. Service recipients receiving TANF or IV-E FC benefits are automatically eligible for child support enforcement services. A separate child support application is not required.
3. Child support services may be requested for children under 18 years of age.
4. Child support services may be requested for a child over 18 years of age when

[Table of Contents](#)

- a. There is a support order specifying that current support continues until a later age and the child lives with the CP
 - b. A support order existed before the child's 18th birthday and arrearages exist. The child does not have to live with the CP to whom the money is owed or
 - c. The child is severely and permanently mentally or physically disabled, unable to live independently and living in the home of the CP. The disability must have existed prior to the child reaching the age of majority. The Division may file to seek support even if an order was not previously established. See [Establishing and Modifying Orders Due to Child's Disability](#).
5. An applicant who is a minor is not eligible to receive support for himself or herself when either current support or accrued arrearages for the minor child is owed to the child's parent as payee in the case.
- a. Court action is required to determine whether the parents are legally responsible for the minor, and if so, the amount of their support obligation(s), and whether or not a payee other than the child should be set up.
 - b. If the court changes the order to make the applicant (former child or dependent) the payee, then the Division sets the case up with the applicant shown as both "client" and "child."
6. When a court orders child support payments be paid to a Special Needs Trust or an Achieving a Better Life Experience Act of 2014 (ABLE) account, the following applies
- a. Payment cannot be made to the Division's State Disbursement Unit for a Special Needs Trust or ABLE account. Payments must be paid directly to the trust or account.
 - b. The Division cannot judicially or administratively enforce an order paid to a Special Needs Trust or ABLE account.
 - c. The parties are responsible for petitioning the court for enforcement or modification of the order.
 - d. There is currently no closure reason or unworkable status for this situation. The case must remain open unless it meets a closure reason. Refer to [Reasons for Case Closure](#).
7. If the Division is enforcing a case and learns that the payee no longer has physical custody of the child, attempt to contact the former CP by using all means available. Send the CP a

[Table of Contents](#)

Notification of Action Taken requesting that contact be made with the Division immediately. If no response is received from the CP,

a. Court Orders

When a *Child Support Enforcement Services Application* or a referral from LDSS has not been received from anyone else, and there is a court order on the case, refer to [Change of Physical Custody of a Child When Support is Ordered by a Virginia Court](#) for guidance.

b. *Administrative Support Order (ASO)*

When a *Child Support Enforcement Services Application* or a referral from LDSS has not been received from anyone else, and there is an ASO on the case, refer to [Change of Physical Custody when a Current Support Order Exists](#).

8. A CP may request that support payments be temporarily forwarded to another person when the CP is on active duty in the military or needs a short-term temporary change of payee for other reasons (such as incarceration). In this situation, the CP can complete and submit the *Change of Payee Temporary Request* form.
 - a. This form should be used when the redirection of payments is anticipated to be no more than 6 months. Explain this time limitation to the original and temporary payees at the time the form is submitted.
 - b. Initiate contact with both the original and temporary CPs, if neither has contacted the Division at the end of the 6-month time frame. Re-evaluate the case at that time and determine if the temporary payee needs to apply for services if there is an extenuating circumstance which would result in the temporary payee receiving funds for a longer period.
 - c. The current CP must execute one form per case if multiple cases are involved.
 - d. The completed form must be notarized.
9. If an out-of-state order does not specify that the order continues past age 18, the Division continues to enforce the order according to the age of emancipation in the other state. Refer to the [Intergovernmental Reference Guide](#) to determine the age of majority for termination of support.
10. Upon receipt of an application, the Division pursues all legally responsible NCPs as well as PUTFs of each child for whom the application was received. Non-TANF caretaker applicants are not required to pursue both legal parents when both are noncustodial. The exception to

[Table of Contents](#)

this is TANF, IV-E FC and Non-IV-E FC recipients cannot choose to have the Division pursue one legal parent or PUTF (if applicable) but not the other when both are noncustodial unless Good Cause exists. Refer to [Public Assistance Cases](#).

11. If a Division CP or NCP needs language translation services, refer to the [Language Interpretation and Translation Services Contract](#).

(04/2013) (07/2014) (05/2016) (08/2017) (12/2018) (01/2019) (01/2020) (04/2021)

D. Instate and Intergovernmental Cases (XX/2024)

1. Public Assistance Cases

- a. Unless [Good Cause](#) exists, a CP must receive Division services to receive TANF or IV-E FC. The LDSS refers these cases to the Division.
- b. When the TANF or IV-E case closes, Division services continue without the CP completing a *Child Support Enforcement Services Application*.
- c. The case remains open until the CP submits a written closure request. Refer to [Reasons for Case Closure](#).
- d. When an applicant is receiving public assistance in another state for the same participants on the application, do not open the case. The IV-D agency in the state where the applicant receives public assistance provides IV-D services to the applicant.

2. Non-IV-E Foster Care Cases

- a. The Division receives referrals directly from the LDSS for Non-IV-E foster care cases.
- b. Non-IV-E cases funded through the Child Services Act (CSA) are also eligible for services.
 - 1) The LDSS may not have physical custody of the child or may have joint physical custody of the child with the parents.
 - 2) The LDSS will notate on the Child Support Enforcement Application for Services if the case is a CSA funded case.
 - 3) The case type for CSA cases is SLFC.

3. Any party not receiving TANF or IV-E foster care must apply for Division services.

4. The LDSS and private agencies with custody of a child may apply for Division services.

5. Intergovernmental Cases

[Table of Contents](#)

- a. Applicants may apply for services through the child support agency in the state where they live.
- b. The IV-D agency in the state where the applicant lives may request Division services for the applicant. Refer to [Central Registry Responsibilities](#) and Intergovernmental [Overview](#).

6. Nonresident Cases

- a. Individuals or custodial agencies may apply directly for Division services without going through the IV-D agency in the state where they are located.
- b. The Division must provide services to nonresident applicants on the same basis that services are provided to resident applicants unless:
 - 1) The applicant is receiving child support services in another state or
 - 2) The applicant is receiving public assistance in another state.
- c. If the nonresident applicant is not eligible for Virginia IV-D services, send a *Nonresident Status Letter* to the nonresident applicant explaining that the applicant is not eligible for Virginia IV-D services.
- d. Refer to [Nonresident Cases](#).

7. International Cases

An international child support case is a case where one parent lives with the child in a foreign country and the other parent lives in Virginia or one parent lives in Virginia with the child and the other parent lives in a foreign country.

- a. An individual who lives in a foreign country is eligible to receive IV-D services if:
 - 1) The individual submits the *Application for Child Support Enforcement Services* directly to Virginia, or
 - 2) The foreign child support agency submits a child support services request to Virginia.
- b. The services request serves as an application when it comes from a foreign child support agency.
- c. Treat a services request from a foreign child support agency the same as a request received from a child support agency in another state.

[Table of Contents](#)

d. An individual is not eligible for IV-D services if the services request is sent by anyone other than that country's child support agency. These cases are NIVD and are forwarded to the court for action.

e. Refer [Intergovernmental Services](#).

8. Spousal Support

a. The Division does not establish or initiate court action to establish spousal support orders.

b. The Division enforces a IV-D spousal support order when a current child support order or child support arrearage is being enforced. This includes cases in which the current child support obligation is \$0 (because a social security or other disability payment satisfies the child support obligation).

c. The Division does not collect or enforce orders that are for spousal support only.

1) If previously provided, IV-D spousal support enforcement services end when a current child support obligation is terminated by the appropriate court or the youngest child's emancipation and there are no child support arrearages.

2) Generate a *Change in Payee Notice* to the NCP directing that future payments be made to the payee directly and release any enforcement action(s) for the collection of spousal support.

d. If the case meets case closure criteria, see [Reasons for Case Closure](#).

- a. The LDSS provides public assistance applicants a copy of the *Every Child Needs Support* brochure when they apply for TANF.
- b. TANF and IV-E FC recipients residing in Virginia are not required to complete an application for child support services. - c. For non-IV-E foster care cases, including those funded through the Children's Services Act, the LDSS foster care service worker submits the *Interim Application for Child Support Enforcement Services (Foster Care Only) or Application*. - b. Access and Visitation sub-grantees provide potential Division customers with the *Application*.

4. The Court

Courts provide the *Child Support Services in 7 Simple Steps* brochure and the *Request for Child Support Services in 7 Simple Steps*, if available. If not, the court directs the customer to call the Division's Customer Service Center (CSC) to request a *Child Support Enforcement Services Application*. The CSC mails the application package.

[Table of Contents](#)

7. In cases where there are 2 children with the same parents and 1 child is on TANF and 1 child is not on TANF, the child not on TANF will not receive Division services unless the CP applies for services. Set up the case for the child not on TANF as a non-TANF case.

- e) Assign or transfer the case to the Central Registry if the NCP does not live in Virginia or have assets here and the order was not established in Virginia.
- f) For case transfer procedures, refer to [Case Transfer](#).

12. NCP Applications

- a. Use the same application handling procedures as with any other application for the same services.
 - 1) For obligated cases, the NCP completes the *Statement of Payments*.
 - 2) For unobligated cases, if the noncustodial PUTF applies for IV-D services, the time periods and procedures for establishing paternity are the same as when the custodial mother or caretaker applies for services.
- b. For obligated cases, provide the CP with the *Direct Deposit Authorization* form.
- c. For unobligated cases, provide the CP with the *Every Child Needs Support* brochure.

 - 4) If the application was submitted in error, the applicant may withdraw the application verbally or in writing and case events must be documented in detail explaining the reason for withdrawal.
- e. A NCP's application for services does not override a finding of [Good Cause](#) in a TANF related case. In Good Cause cases, the NCP does not receive services.
 - 1) Take the *Application* and contact the LDSS.
 - 2) If the LDSS says that Good Cause still exists, explain to the NCP that services cannot be provided at this time.

[Table of Contents](#)

- f. If it is suspected that there is potential for family violence in a non-TANF case, have the at-risk party complete the *Affidavit of Nondisclosure*.

 - b. Do not charge the reapplication fee if the case type was changed to ARRP when the applicant requested closure due to an assignment of arrearages to the Commonwealth.
Refer to [Reasons for Case Closure](#).
 - c. If the other party requests the case to be reopened within 6 months of the applicant requesting closure, no reapplication fee is due.
 - d. No \$25 reapplication fee is charged on non-IV-E Foster Care cases. All state agencies are exempt from the reapplication fee.

G. Case Initiation (09/2020)

1. Child support cases are initiated in different ways depending on the case type. A case is initiated through applications or LDSS referral.
2. Case initiation ends when sufficient information is obtained to refer the case for the next processing status- locate, establishment, collection, enforcement or closure.
3. Document Case Events immediately if a party indicates on the *Child Support Enforcement Services Application (Application)* or the *Request Child Support Services in 7 Simple Steps (Request)* or *Online Application* that he or she has a protective order or if another state has checked the box for “Nondisclosure Finding Attached” on the *Child Support Enforcement Transmittal #1 – Initial Request* or the *General Testimony*.
4. If a party indicates that he or she is at risk of physical or emotional harm from the other party, but does not have a protective order, or indicated on the *Application* that he or she has a protective order but did not attach a copy, provide the at-risk party an *Affidavit of Nondisclosure*. The at-risk party does not need to provide documents or evidence in support of an *Affidavit of Nondisclosure*.

5. Case Types

Case types as indicated the current case code as it appears in the automated system.

- a. ADC - the CP or dependent is active to TANF in VaCMS category 215. The LDSS refers these cases across the IV-A/IV-D interface, which the automated system builds, or comes from a hard copy 501 *Absent Parent/ Paternity Information (501)* form.
- b. FC - the child meets the eligibility requirements for TANF but receives IV-E foster care payments instead of a TANF grant because the child is separated from his or her parents. The LDSS refers these cases to the Division via the IV-A/IV-D interface.

[Table of Contents](#)

- c. ADCU - the CP is active to TANF in VaCMS category 17. The LDSS refers these cases across the IV-A/IV-D interface, which the automated system builds and changes all the CP's existing related cases to ADCU.
- 1) The Division will not receive the referral for the case with the NCP in the home; however, there may already be an existing open case with the Division.
 - 2) If there is already an open case with the Division, the existing case must be reviewed. If TANF arrearages exist, the case type should be changed to ARRP and the case coded unworkable.
- d. SLFC - the child receives non-IV-E foster care services, including Child Service Act (CSA) cases. The CP is the LDSS with custody of the child. Application for this case type is made by LDSS using an application or hard copy 501.
- e. NADC - the CP is not actively receiving TANF (case type ADC or ADCU). The CP may be a parent or other caretaker, a public or private agency or another IV-D intergovernmental agency seeking services. The application is for full child support services.
- f. ARRP - the IV-D case is open for the establishment or collection of arrearages owed to the Commonwealth of Virginia and the Division is not collecting current support. This case type included fee only cases which had a case type of ADC or ADCU before the case only had fees as the remaining arrearage.
- g. ARRN - the IV-D case is open for the establishment or collection of arrearages owed to the CP and there is no current support obligation payable to the CP for the child on the case. If both ADC and NADC arrears subaccount types exist, and there is no current order, use case type ARRN. This case type includes fee only cases which had a case type of NADC before the case only had fees as the remaining arrearage.
- h. LOCO - the case was submitted by another state requesting locate-only services. Only the Central Registry uses this case type. The State Parent Locator Service sets up and handles these cases.
- i. NIVD - the case does not have or is ineligible for the Division's IV-D services. Generally non-IV-D cases are sent from the court for the purpose of distributing and disbursing payments.
- 1) These cases are processed by Central Registry staff.
 - 2) These may be child support, spousal-only (instate or intergovernmental) or non-UIFSA interstate cases.

[Table of Contents](#)

a) Intrastate cases are cases in which the CP and NCP are within the jurisdiction of the Commonwealth of Virginia.

b) Intergovernmental cases are cases in which the CP, NCP, or NCP's source of income resides outside the jurisdiction of the Commonwealth of Virginia. Refer to [Central Registry Responsibilities](#) and Intergovernmental [Overview](#).

H. Automated Referrals of TANF and IV-E Foster Care Cases (05/2024)

1. The automated system builds TANF and IV-E FC cases if sufficient and accurate information is received via the IV-A/IV-D interface.
 - a. Eligibility staff in the LDSS automatically refer NCPs information on TANF cases to the Division using the Absent Parent Demographic screens in VaCMS.
 - b. IV-E FC cases are sent automatically using the FC referral screen in VaCMS.
 - c. Division staff will
 - 1) Set up a case within 20 calendar days of receipt of the referral.
 - 2) Review all worklists daily. Pay attention to ADC CASE STATUS ASSIGNED, FC CASE STATUS ASSIGNED and ADCU CASE STATUS ASSIGNED as these worklists identify cases successfully built.
2. Review the participant and case related pages in the automated system for completeness.
 - a. Review each case and participant record built through the interface.
 - b. Determine if participants are linked to other cases.
 - c. Confirm that participants and cases are built appropriately.
 - d. Review and update the Born Out of Wedlock (BOW) Indicator and Paternity Disposition on the Participant Detail page for each child on the case.
 - 1) Use available resources to attempt to verify each child's paternity status, such as VPEP and requesting a search through the Electronic Birth Query System (EBQS) from the Office of Vital Records (OVR) certifiable database when the child was born in Virginia.
 - 2) If the child was born in Virginia and the paternity disposition status is determined to be Established Prior to IV-D or Never an Issue, then the EBQS response is sufficient to

[Table of Contents](#)

verify the paternity status. Retain a copy of the EBQS response in the document repository for the case record. Refer to Section 2.4, Participant Detail Page, in the iAPECS User Guide [Chapter 4, Participant Management](#).

- 3) If the child was born in another state and the paternity disposition status is determined to be Established Prior to IV-D or Never an Issue, will verify on the IRG that the father's name on the birth certificate is sufficient verification that paternity has been established for that state. Refer to Section 2.4, Participant Detail Page, in the iAPECS User Guide [Chapter 4, Participant Management](#).
 - 4) If the IRG is unable to verify the sufficiency of the paternity for the child born out of state and for audit purposes, Division staff will contact the other state and request a copy of the paternity establishment documents.
 - 5) If the child's paternity status cannot be verified, paternity is considered contested until determined to be otherwise.
- e. Enter a request for a search through the EBQS from the OVR certifiable database to obtain a copy of a birth certificate for a child born in Virginia, if the birth certificate is needed and cannot be obtained any other way.
 - f. Update the NCP's information in the automated system with the information passed from IV-A when appropriate.
 - g. If the number provided for either party as the SSN is determined to be a pseudo-SSN or an Individual Taxpayer Identification Number (ITIN), remove the number from the SSN field in the automated system. Only true Social Security Numbers should be recorded in the SSN field in the automated system.
 - h. If a court order exists and a copy is not provided, request a copy of the order from the court.
 - 1) Do not add the order to the automated system without a copy of the order in the case record.
 - 2) Create a self-generated worklist for the next worker assigned to the case. In the Worklist Description field, type CT ORDER DETAILS UNKNOWN, COPY REQUESTED ON (DATE).
3. Initiate automated locate activities if there is no NCP address or employment information.

[Table of Contents](#)

4. Update the NCP address in the automated system if an address is found. Document the Event Notes section to indicate the address source.
5. Check "Referral Supplement" data provided by the IV-A agency. If order information is provided, contact the CP and/ or the court for a copy of the order so that the order can be added to the system.
6. The LDSS also provides the Division with information to help locate the NCP or PUTF. Transfer this information manually from the NCP 501 Notes screens (UNA and UNB), to the NCP Supplemental page in the automated system.
7. Contact the LDSS to clarify errors, omissions or to get additional information.
8. If a case opening/reopening fails an interface, the automated system generates an error report.
 - a. Review the cases on the TANF Opening Error Report (D623) and the Update Error Report (D622) daily to determine the appropriate action needed. It may be necessary to create the participant record or the case record as it is possible for the participant record to be successfully created via the interface but not the case record.
 - b. Update the automated system to make corrections and to document actions taken to resolve the errors.
9. When a TANF case close with a general discontinuance closure code the automated system transitions the case type from ADC to NADC. The automated system generates the *Transition Letter*. This letter provides the CP with information about the Division's services and gives the CP a choice to discontinue services with the Division.
 - a. If a CP elects to receive services or does not contact the Division, the case type remains NADC.
 - b. If a CP elects not to receive services, review the case for arrearages.
 - 1) If no debt is owed to the Commonwealth, close the case. Refer to [Reasons for Case Closure](#).
 - 2) If no debt is owed to the Commonwealth, close current support and adjust debt due to the CP to zero. Update the case type to the correct case type.
10. When a TANF case closes with a non-general discontinuance closure code (AF20), the automated system generates the AF20 worklist.

[Table of Contents](#)

- a. Review the case and IV-A closure reason to determine whether the case should be closed to IV-D services or transitioned to another case type. It may be necessary to contact the LDSS for clarification.
 - b. If it is a valid IV-D closure reason and no debt is owed to the Commonwealth, close the case. Refer to [Reasons for Case Closure](#).
 - c. If the case should not be closed, change the case type from ADC to the correct case type.
11. When IV-E FC cases close, the automated system notifies the specialist of closure, but does not change the case type. Contact the LDSS to determine who has custody of the child.
- (08/2017) (12/2018) (05/2019)

I. TANF Cap Cases (07/2020)

1. The “TANF Family Cap” provision has been eliminated by the TANF program effective 7/1/2020 for any TANF benefit case opened or reopened on or after this date.
2. Ongoing TANF benefit cases that were opened prior to 7/1/2020, have the option to uncap a current capped child or to keep the child capped.
 - a. An uncapped child will immediately be added to the TANF benefit case by the LDSS. Refer to the [Adding an Uncapped Child to a TANF Case Procedure Guide](#).
 - b. Any children that remain capped will remain in that status until the TANF benefit case closes.
3. TANF Family Cap Definition and Historical Requirements

The “TANF Family Cap” provision prevented any child from being added to the TANF grant if they were born ten months after the date the initial TANF benefit payment was issued.

 - a. This provision did not apply to a child born or adopted during the 10 months following the month in which the initial TANF payment was issued.
 - b. A new 10-month period applied at each reapplication for TANF benefits.
 - c. A child born after the 10-month period is referred to as a “TANF Cap child” (Cap child).
4. The TANF Cap provision did not apply to caretakers who were not the biological or adoptive parents of the child. If a “TANF Family Cap” child goes to live with another relative other than a parent, the child may be eligible to receive TANF benefits.

[Table of Contents](#)

5. The CP is entitled to all child support due and collected for a Cap child.
6. Information for a Cap child does not come across the IV-A/IV-D interface. The CP completed a *Child Support Enforcement Services Application (Application)* to receive services for a Cap child.

J. Establishing a Non-TANF Case (05/2024)

1. To set-up a non-TANF case

Review the application package to ensure it is complete and has been signed by the applicant.
2. When applicable, ensure that there is a complete and legible *Statement of Payments (SOP)* covering any period that the case was obligated and not open for IV-D services.
 - a. Image the *SOP* and retain in the case record.
 - b. Send the *SOP* to the applicant when one was not received with the application.
3. Set up the case, but do not add any arrearages to the case for the period that would be covered by the *SOP*.
4. For cases previously open to IV-D, updates may be required to the Update Support Order Extensions page when reopening a case. Refer to the iAPECS User Guide [Chapter 5, Order Management](#) for detailed instructions for reopening current support extensions.
5. Contact the applicant (if the applicant is the CP) to clarify errors and omissions.
6. Contact the caretaker applicant when they apply for services for only one noncustodial parent.
 - a. Inquire if they want to pursue support for both noncustodial parents.
 - b. Provide the benefits of establishing paternity, if paternity has not been established and encourage them to pursue the establishment of paternity.
 - c. Ask for identifying information and income information about the other parent that is not being pursued for support.
 - 1) Name
 - 2) Address

[Table of Contents](#)

- 3) Date of birth
 - 4) Social Security Number
 - 5) Employer
 - 6) Income verification
 - d. Update the Caretaker Indicator in the automated system when the caretaker chooses to pursue only one parent or PUTF. Refer to the iAPECS User Guide [Chapter 3, Case Management](#). Document any information gathered and any attempts made to contact the applicant in the Notes under the CTCE CARETAKER CASE EVENT Case Event.
7. Image court orders and retain in the case record. If copies of the order are not attached to the application or are not in the case record, contact the applicant and/or the court for copies of the orders. Refer to [Support Order Information](#).
 8. Intake staff determines if a case already exists in the automated system.
 - a. If an open case exists
 - 1) Update the case information and
 - 2) Ensure the correct locality code is assigned to the case.
 - b. If a closed case exists for the same CP and NCP
 - 1) Open the case and
 - 2) Assign the case to the locality where the applicant resides
 - c. If a case does not exist for the same CP and NCP
 - 1) Establish the case and
 - 2) Assign the case to the locality where the applicant resides
 - d. Provide the CP and NCP with the Division case number.
 9. Enter all available information on the automated system. If the SSN of a parent is not known or the parent does not have a SSN, leave the field blank in the automated system. Only true Social Security Numbers should be recorded in the SSN field in the automated system.
 - a. Do not enter a pseudo-SSN or an Individual Taxpayer Identification Number (ITIN).

[Table of Contents](#)

- b. If the number provided by either party as the SSN is determined to be a pseudo-SSN or Individual Taxpayer Identified Number (ITIN), remove the number from the SSN field in the automated system.
10. Update the following on the child's Participant Detail page for every active child on the case.
- a. Emancipation date
 - 1) The date must be based on the age of majority for that child according to the law of the state that entered the order and/or the specific terms of the order. If the order is not from Virginia, consult the [Intergovernmental Reference Guide](#) (IRG) for information about the emancipation age in the state that issued the order.
 - 2) If the order is from Virginia and does not include any unusual provisions regarding emancipation, the automated system will automatically enter the child's 18th birthday as the emancipation date, and no further action is required.
 - b. Born Out of Wedlock (BOW) Indicator and Paternity Disposition
 - 1) Use available resources to attempt to verify each child's paternity status, such as VPEP and requesting a search through EBQS from the Office of Vital Records (OVR) certifiable database when the child was born in Virginia.
 - 2) If the child was born in Virginia and the paternity disposition status is determined to be Established Prior to IV-D or Never an Issue, then the EBQS response is sufficient to verify the paternity status. Retain a copy of the EBQS response in the document repository for the case record. Refer to Section 2.4, Participant Detail Page of the iAPECS User Guide [Chapter 4, Participant Management](#).
 - 3) If the child was born in another state and the paternity disposition status is determined to be Established Prior to IV-D or Never an Issue, Division staff will verify on the IRG that the father's name on the birth certificate is sufficient verification that paternity has been established for that state. Refer to Section 2.4, Participant Detail Page, in the iAPECS User Guide [Chapter 4, Participant Management](#).
 - 4) If the IRG is unable to verify the sufficiency of the paternity for the child born out of state and for audit purposes, Division staff will contact the other state and request a copy of the paternity establishment documents.
 - 5) If the child's paternity status cannot be verified, paternity is considered contested until determined to be otherwise.

[Table of Contents](#)

11. Enter a request for a search through EBQS from the OVR certifiable database to obtain a copy of a birth certificate for a child who was born in Virginia, if the birth certificate is needed and cannot be obtained any other way.
12. The automated system automatically sets the Charge Interest Indicator to YES and the interest rate at 6% (current judgment rate) based on Virginia law.
 - a. If a Virginia support order specifies an interest rate different from the judgment rate, change the interest rate in the automated system by entering the interest rate specified in the support order or
 - b. If the support order was issued by another state
 - 1) The system automatically sets the Charge Interest Indicator and Interest Rate based upon the Interest Indicator and Rate Table information for the state. The Charge Interest Indicator updates to
 - a) Y (YES) when the other state charges interest at a specified rate
 - b) N (NO) when the other state does not charge interest
 - c) V (VARIABLE) when the other state charges interest at a variable rate. When the rate is variable, the worker enters the correct Interest Rate in the automated system.
 - 2) If the order issued by another state specifies a different interest rate, change the interest rate in the automated system by entering the interest rate specified in the support order.
 - c. Refer to the iAPECS User Guide [Chapter 5, Order Management](#) for more information.
13. When the NCP is the applicant, follow the same procedures outlined for setting up a NTANF case and document the automated system that the NCP has applied for services.

K. Department of Juvenile Justice Cases (07/2021)

1. The requirement for the Department of Juvenile Justice (DJJ) to apply for child support services when a child is placed in the custody of the DJJ, was eliminated effective 07/01/2021.

[Table of Contents](#)

2. Arrearages due prior to 7/1/2021, remain due and the Division will continue to collect these arrearages.
3. The FIPS code assigned to a DJJ case should not be changed by the District Office based on the NCP's address and DJJ cases are not to be transferred between District Offices.

(11/2015) (08/2017)

L. Childcare Subsidy Cases (04/2021)

The requirement for NADC clients who receive Childcare Subsidy benefits to cooperate with the Division in the establishment of paternity and collection of support payments has been eliminated effective 03/19/2021.

(05/2016) (04/2018) (12/2018) (01/2020)

M. Supplemental Security Income Cases (09/2022)

1. A TANF CP who receives Supplemental Security Income (SSI) benefits assigns their support rights to the state. When the CP no longer receives TANF and is no longer included on the grant, the assignment of rights for that CP no longer applies, except for any arrearages that accrued while he or she received TANF. Once the CP receiving SSI no longer receives TANF, the CP is entitled to receive any support collected on his or her behalf.
2. Establish a case for NCPs who receive or are eligible to receive for SSI or concurrent SSI and Social Security Disability Insurance (SSDI)/Social Security Retirement (SSR) benefits. The NCP's eligibility for benefits is determined by the SSA.
 - a. Establish paternity for these cases, but do not establish an obligation. Once paternity is established, review the case for closure. Refer to [Reasons for Case Closure](#).
 - b. If a current support order exists on the case prior to the NCP's eligibility for SSI or concurrent SSI and SSDI/SSR benefits, initiate a review of the order. Refer to [NCP is Receiving Social Security Benefits](#). Once the review is completed, review the case for closure.
 - c. Review arrears only cases for closure. Refer to [Reasons for Case Closure](#).
3. When a child receives SSI, review the circumstances to determine when to set up a non-TANF case.

[Table of Contents](#)

- a. If the child is active to TANF and becomes ineligible for TANF due to receipt of SSI, transition the case to a non-TANF case if the child is the only child on the TANF grant. If there are other children still active to TANF on the grant, set up a new non-TANF case for the child receiving SSI.
- b. For the above scenarios, there is no need for the *Child Support Enforcement Services Application (Application)*; the Division is required to continue providing services for the child unless the CP requests case closure.
 - 1) Send the *Notification of Action Taken* to notify the CP of the new case for the child receiving SSI.
 - 2) Add the following language to the *Notification of Action Taken*, “The Division of Child Support Enforcement will continue to provide full child support enforcement services to you for <CHILD’S NAME> unless you notify us to stop these services.”
- c. For a child that is part of the Standard Filing Unit (Eligibility Determination Group) but not included in the Assistance Unit, the CP is not required to open a IV-D case.
- d. If the CP wants services for the child, the CP must submit an *Application* for the Division to set up the non-TANF case. Send the *Application* to the CP to notify her/ him that the Division needs an application to provide services for the child receiving SSI.

(08/2017) (12/2018) (06/2019)

N. Referrals from Virginia Courts (08/2017)

1. Handle properly completed *Child Support Enforcement Services Applications* that were provided to applicants by the court like any other application.
2. Send all court orders and income withholding orders for NIVD cases to the Central Registry. The Central Registry sets up cases on the automated system and sets up paper files for orders and correspondence. Various NIVD services are available. Refer to [NIVD Cases](#).

O. Family Violence Indicator (05/2024)

1. Have the applicant complete the *Affidavit of Nondisclosure* when the *Child Support Enforcement Services Application* indicates
 - a. A protective order exists but the applicant cannot or did not provide the Division with a copy.

[Table of Contents](#)

- b. The applicant feels that he or she and/or the child or children are at risk of emotional or physical harm.
2. Update the Family Violence Indicator (FVI) on the Participant Detail page when a party
 - a. Submits a signed *Affidavit of Nondisclosure* or
 - b. A copy of a protective order
3. If a child is on a case with a CP that has an FVI attached to him or her and the Division receives an application for the child with a new CP, refer to [Release of Information- Family Violence](#).
(09/2012) (07/2014) (01/2017)

P. Support Order Information (XX/2024)

1. If there is an existing court order and a copy is not provided by the applicant, intake staff
 - a. Request a copy of the order from the court
 - b. Do not add the order to the automated system without a copy of the order in the case record
 - c. Create a self-generated worklist
 - 1) To check that the order is received and imaged and
 - 2) To verify the order information
 - d. Refer the case to establishment if information is not received and
 - e. Create a self-generated worklist to establishment staff. In the Worklist Description field, type CT. ORDER DETAILS UNKNOWN, COPY REQUESTED ON (DATE). Monitor and enter order information when received.
2. If an ASO was established in the past
 - a. Verify that the ASO is still valid. If the ASO is still valid, follow steps below. If it is not valid, process the case as a new unobligated case.
 - b. Obtain the order details from the paper file, Perceptive or contact with the appropriate District Office.

[Table of Contents](#)

- c. Enter the order information. Use the case number under which the *ASO* was established in the File Number field.
- d. Refer to collection status or delinquent status if the **applicant** has completed a *Statement of Payments* and the calculations indicate that arrearages exist.

(08/2017) (12/2018) (05/2019)

Q. Redirecting Support Payments (05/2019)

1. Redirect support to the Division when following an assignment of rights for an opening TANF case or receipt of a CP's *Child Support Enforcement Services Application*, and the Virginia support order is not payable to the Division. Attempts are also made to change the payee from the Division to the CP when the case closes to IV-D services and NIVD services are not requested. Refer to [Reasons for Case Closure](#).
2. Generate the *Change in Payee Notice (Notice)*.
 - a. Serve the *Notice* via
 - 1) The sheriff or other process server or
 - 2) Certified mail, return receipt requested
 - b. Refer to [Service of Process](#).
3. Upon receipt of the proof of service of the *Notice* on the NCP, send a copy of the *Notice* with the proof of service and the *Notice to Court of Change in Payee* cover letter to the court with jurisdiction over enforcement of the order and to the payee.
 - a. This guidance only applies to Virginia court orders.
 - b. This information should be sent to the court when the case opens and when the case closes.
4. If efforts to serve the NCP with the *Notice* are unsuccessful, the case is still workable under the following circumstances:
 - a. Attempts to serve the *Notice* must be documented as this information may be needed to support enforcement efforts at a later time, when the NCP can be served with the *Notice*. Repeat efforts must be made periodically to locate the NCP and his or her income or resources. Attempt service of the *Notice* if the NCP is located. Refer to [Locate](#).

[Table of Contents](#)

- b. If assets or income are located for the NCP, initiate enforcement activity and attempt to serve the *Notice*. If the *Notice* still cannot be served, secure another *Statement of Payments* from the CP covering the period back to the date the last *Statement of Payments* was signed.
 - c. Continue efforts to get the *Notice* served. If the NCP challenges the amount of arrearage the CP claims, the matter may end up in court to resolve the arrearages.
5. After the NCP has been served with a *Change in Payee Notice* directing the NCP to make payments to the Division, the NCP does not receive credit for payments paid to anyone other than the Division, or as otherwise directed by a court or another state's IV-D agency having jurisdiction in the matter. Refer to [Receivables Maintenance](#).

(07/2013) (08/2017)

R. Inactivating Participants (08/2017)

Case participants can be inactivated when

1. The participant linked to the case in error.
2. The participant has multiple incorrect Participant ID numbers. Only the correct participant with the correct Participant ID should be active.
3. A child on a case with no current support and/or arrearages or unassessed debt for the child and the child is now active on another Division case.
4. A child is on a case with other active children and paternity cannot be established for that child or paternity was excluded for that child/NCP combination.
5. A child is on a case with other children and the child is deceased and no arrearages or unassessed debt are owed for that child.
6. An emancipated child meets the emancipation criteria on a case with other children and no arrearages or unassessed debt are owed on the case for the emancipated child.

(01/2017)

Chapter 5: Locate

A. Overview (10/2019)

1. Locate activity means obtaining information about a party's whereabouts and related information needed to take the next appropriate action on a child support case. The Division attempts to obtain
 - a. A residential or mailing address
 - b. Name and address of the employer and/or
 - c. Sources of income or assets
2. Locate information is considered accurate until it is proven to be inaccurate.
3. The automated system assigns a case to the locate processing status if the automated system records indicate
 - a. There is no mail or residential address for the NCP and
 - b. There is no current employer information
4. If the conditions in 3 above do not exist, the automated system will not assign locate processing status to the case. However, a case does not have to be in locate status to initiate locate activity.
5. When the NCP's whereabouts are unknown, federal regulations establish timeframe requirements for locate activities. The Division must
 - a. Use all locate sources within 75 calendar days of determining that locate is needed or of obtaining new information.
 - 1) For new cases, the beginning date is the date of receipt of the *Child Support Enforcement Services Application* or the date of the receipt of the case through the IV-A/IV-D interface
 - 2) For ongoing cases, the beginning date is the date that it was determined that additional locate is needed
 - b. Initiate quarterly locate attempts in cases in which previous locate attempts have failed, but adequate identifying and other information exists to meet requirements for submittal

[Table of Contents](#)

for location. Continue quarterly attempts or immediately upon receipt of new information, whichever occurs first.

- 1) Quarterly attempts may be limited to automated sources, provided that state workforce files are included. When an NCP is accepted to the Federal Case Registry (FCR), proactive matching automatically occurs with the National Directory of New Hires (NDNH), which includes state workforce file information, automatically occurs.

B. When to Establish Paternity (01/2017)

1. Establish paternity when

- a. The mother was not married at the time of the child's birth and paternity has not been established. - c. The mother is married and names someone other than the presumed father to be the biological father. Refer to [Presumed and Putative Father Situations](#).
- d. The father acknowledged paternity as a minor and is still a minor. Refer the case to court to establish paternity and support.

- b. The Division has determined that it would not be in the best interest of the child to establish paternity.
- c. The case involves incest or rape.
- d. Legal proceedings for adoptions are pending

3. Petition the appropriate juvenile and domestic relations district court if unable to establish paternity administratively.

(03/2015)

D. Presumed and Putative Father Situations (09/2020)

1. Do not take action to establish paternity if paternity has already been determined by acknowledgment or court order.
2. For Children Born in Virginia
 - a. In cases where a presumed father exists (husband of the mother) and a putative father (PUTF) is named, it is not assumed that the presumed father is obligated to support the child or children.
 - b. Do not administratively establish paternity for the PUTF when there is a presumed father.
 - c. In most cases, when there is a presumed father, pursue the PUTF instead of the presumed father by
 - 1) Completing genetic testing or having the mother complete the *Affidavit Regarding Paternity* if the parties will not consent to genetic testing and
 - 2) Filing a petition with the court once genetic test results verify the PUTF is the biological father or upon completion of the *Affidavit Regarding Paternity*.
 - d. Do not pursue the PUTF if
 - 1) The presumed father and mother are divorced. Refer the divorce decree to Legal Counsel for review and determination of the appropriate steps to take. Refer all decrees when there is both a presumed father and PUTF, including those that list a child as being born of the marriage, those that state that no children were born of the marriage and those that do not mention children.

[Table of Contents](#)

- 2) The presumed father and mother have a *Pendente lite* order. Pursue the presumed father.
 - 3) The presumed father and mother are still married and living together. Pursue the presumed father.
 - e. If a case for both the presumed father and PUTF is open, close the case against the presumed father using the CDUP closure reason once the court determines the PUTF is the biological father.
 - f. To add the biological father's name to the birth certificate, send the following to the Office of Vital Records
 - 1) An *Order Determining Parentage (ODP)* signed by the court or
 - 2) If the court has determined the presumed father is not the biological father of the child, the biological father's *Voluntary Agreement*, the mother's *Acknowledgment of Paternity* and the genetic test results showing 98% or greater.
 - g. Tell the parents there is a \$10 fee at the Office of Vital Records for an amended birth certificate.
3. For Children Born Outside of Virginia
- Do not take action to establish paternity for a PUTF when another state has established the presumption of paternity.

E. Putative Father Applicant Situations (04/2017)

2. Explain to the applicant PUTF that
 - a. He may be required to submit to a genetic test to provide evidence of paternity
 - b. Support payments are based on the child support guideline of the state where the child resides
 - c. If he closes the case, the CP may apply for services. If the CP applies for services, the Division continues all efforts to establish paternity and a child support order.

[Table of Contents](#)

3. When the CP does not agree that the applicant is the father of the child,
 - a. Inform the CP that she can request genetic testing to determine if the applicant is the biological father of the child
 - b. Explain to the non-TANF CP that failure to voluntarily submit to genetic testing will result in the Division petitioning the court for a paternity determination and
 - c. Refer TANF cases for court action if the CP is uncooperative with efforts to establish paternity and cooperation is required. Refer to [Reporting Noncooperation](#).
4. If the CP already has a case with another PUTF for the child, pursue paternity establishment for all PUTFs of the child simultaneously.

(07/2014)

F. Incarcerated Putative Father Situations (04/2017)

1. If the putative father (PUTF) is incarcerated on a misdemeanor charge, attempt to establish paternity voluntarily by sending the incarcerated PUTF the *Acknowledgment of Paternity* and *Voluntary Agreement for Genetic Testing* to be signed and notarized. The incarcerated PUTF may complete and return either document.
2. If the PUTF incarcerated on a misdemeanor charge does not acknowledge paternity or will not consent to genetic testing, petition the court to establish paternity.
3. If the PUTF is incarcerated on a felony charge, petition the court to establish paternity so a Guardian ad litem can be appointed.

(07/2014)

G. Preliminary Procedures to Establish Paternity (04/2023)

1. Review the case record and case file to determine what documentation is present.
2. If there is more than one putative father (PUTF) named by the CP, pursue all named PUTFs simultaneously.
3. If the PUTF is also the PUTF on other cases needing paternity established, take action on all cases as appropriate.
4. If the CP is a PUTF referred by the local Department of Social Services (LDSS), establish paternity by genetic testing.

[Table of Contents](#)

5. If there is both a presumed father and a PUTF, refer to [Presumed and Putative Father Situations](#).
6. Send the *Administrative Summons* to the PUTF and/or the CP to require them to appear in person at the Division office or the *Virtual Administrative Summons* to the PUTF and/or the CP to require them to appear virtually.
7. The CP does not have to be summoned if
 - a. The CP's signed and notarized *Acknowledgment of Paternity (AOP)* is in the case file, and
 - b. Genetic testing will not be conducted on the day of the PUTF's interview.
8. If the CP is a minor, send a copy of the *Administrative Summons* or *Virtual Administrative Summons* to a parent of the minor. Attempt all reasonable efforts to obtain a parent's address, including contacting the LDSS and the CP. Document all attempts in Case Events. Proceed with administrative action if a parent's address cannot be obtained or a parent does not appear.
9. Document unsuccessful service of the *Administrative Summons* on the EORA ADMINISTRATIVE SUMMONS Case Event and the *Virtual Administrative Summons* on the EORV VIRTUAL ADMINISTRATIVE SUMMONS Case Event.
 - a. If the PUTF's *Administrative Summons* or *Virtual Administrative Summons* is returned as undeliverable, update the PUTF's address information in the automated system.
 - b. If there is no mail or residential address and current employment information for the PUTF, refer the case to [Locate](#). Referring the case to locate stops the clock for the required 90-day federal timeframe.
10. If the CP does not appear and does not reschedule,
 - a. For TANF cases

 - 2) If the CP's cooperation is needed to establish paternity,
 - a) Refer the case for court action and
 - b) Report the CP's noncooperation. Refer to [Reporting Noncooperation](#).
 - b. For non-TANF cases, review to determine if case closure for noncooperation is appropriate.

H. Voluntary Statements of Paternity (XX/2024)

1. If the putative father (PUTF) agrees to voluntarily acknowledge paternity, print the *Acknowledgment of Paternity (AOP)*.
2. Give the PUTF and the mother a copy of the *AOP* and *Paternity Acknowledgment Rights and Responsibilities Statement*.
3. Allow the parties time to read the *Paternity Acknowledgment Rights and Responsibilities Statement*.
4. Read the *Paternity Acknowledgment Rights and Responsibilities Statement* to the PUTF and mother.
5. Ask the parties to sign the statement in the presence of a notary. Signatures must be original and not photocopied.
6. Parents may sign a voluntary acknowledgment of paternity on 2 different documents on different dates as long as the child's information is accurate and matches on both documents.
7. Paternity statements signed and sworn to at another agency, at a hospital, or at a court proceeding other than a paternity hearing, are also valid.
8. An *AOP* becomes binding and conclusive the earlier of
 - a. 60 calendar days after its signing or
 - b. The date an administrative or judicial order for the child is entered.
9. Either party has the right to rescind the *AOP* before the *AOP* is binding and conclusive. If either party notifies the Division that they want to rescind the *AOP*, inform the party to contact the local health department or the Office of Vital Records (OVR).

[Table of Contents](#)

10. The party should provide the Division with a copy of the Rescission form or a copy of the form may be viewed on the [Virginia Paternity Establishment Program \(VPEP\) database](#). Upon confirmation of a valid rescission from OVR, proceed immediately with genetic testing procedures. If the results show that the PUTF is not the biological father and another PUTF has been named, file a petition to judicially establish paternity to ensure that Vital Records will amend the birth record to add the legal father.
11. A parent wishing to set aside an *AOP* after the rescission period must file a court petition to disestablish paternity. Refer the case and a copy of the *AOP* to Legal Counsel if the individual files a court petition to disestablish paternity.
12. Within 2 weeks after the completion of the acknowledgment, send the original *AOP(s)* or other sworn statement(s) to Veritas, Virginia Paternity Establishment Program, PO Box 8270, Richmond, VA 23226 to add the father's name to the birth certificate.
13. Provide a copy of the *AOP(s)* to the father and the mother.
14. Maintain a copy of the document(s) sent to Veritas in the case record.
15. Verification of how paternity was established must be in the case record. Verification includes
 - a. An *AOP* signed by both parents
 - b. A court order
 - c. A genetic test packet for paternity administratively established in Virginia. The genetic test packet includes:
 - 1) The original genetic testing results
 - 2) The original sworn *AOP* from the mother (unless it is a motherless paternity test) and
 - 3) The original *Voluntary Agreement for Genetic Testing*
16. Search the [VPEP database](#) for an *AOP* or other paternity document for a child born in Virginia. Place a copy of the document(s) in the case record.
17. Request a search through the Electronic Birth Query System (EBQS) from the Office of Vital Records (OVR) of its certifiable database for children born in Virginia when paternity documentation was not found in the VPEP database.
18. The EBQS information can be retrieved from the EBQS Returned Data page after the "EBQR-Retrieval VR Paternity Verification" worklist is received.

[Table of Contents](#)

19. When a review of an obligated case shows that paternity was established administratively but copies of the acknowledgment(s) from the CP and/or NCP are not in the case record.
 - a. Search all available records to locate the acknowledgment(s) including, as applicable, the [VPEP database](#), requesting a search through EBQS from OVR of its certifiable database and other states' records. If found, upload a copy to the case record.
 - b. If copies cannot be located
 - 1) Generate the *Acknowledgment of Paternity*
 - 2) Mail it to the appropriate parent(s) explaining that the Division needs to replace its copy of this document and
 - 3) If the document is not returned, generate the *Administrative Summons* or the *Virtual Administrative Summons* to the appropriate parent(s).
 - c. If unable to obtain the sworn statements of paternity from the CP and the NCP, refer the case for court action.

I. Genetic Testing (XX/2024)

1. Generate the *Voluntary Agreement for Genetic Testing* when
 - a. The putative father (PUTF) will not acknowledge paternity but will submit to genetic testing
 - b. The mother of the child is deceased; her whereabouts are unknown or she is a TANF CP who is not cooperating with the Division or
 - c. A valid rescission of the *Acknowledgment of Paternity (AOP)* is received from Office of Vital Records (OVR).
2. Obtain the PUTF's notarized signature on the *Voluntary Agreement for Genetic Testing*.
3. Obtain the mother's notarized signature on the *AOP*.
4. If the mother is deceased or her whereabouts are unknown, have the legal guardian provide a copy of the court order awarding guardianship (if custody was awarded by a court).
5. Complete the test request form required by the testing lab.
6. Laboratory Corporation of America (LabCorp) collects, processes and tests all specimens.

[Table of Contents](#)

7. Follow up through LabCorp to ensure that the test results are returned within 12 days from the date that the last person had genetic testing. For intergovernmental cases, results may be checked using the [IdentiLink website](#).
8. Review the genetic testing results.
9. LabCorp provides one certified original and one copy (not certified) of paternity test results on administrative genetic testing cases and one certified original and one certified copy of paternity test results on all court genetic testing cases. LabCorp will return all copies to the District Office unless the LabCorp *Client Authorization* form directs the lab to send the original directly to the court or elsewhere and contains the complete address of the court or other entity. If additional copies of the paternity test results are needed, obtain electronically via IdentiLink.
10. Contact the genetic testing lab if there appears to be a discrepancy in the chain of custody, lack of identifying information or other genetic testing issues.
11. For administrative genetic testing, update the automated system with the results of the genetic testing. If the genetic testing was court ordered, do not indicate the results in the automated system until after the court hearing.
12. For administrative genetic testing, on the day the genetic testing results are received, send a copy of the test results to
 - a. The PUTF along with the *Paternity Certification Notice* and
 - b. The CP along with the *Notification of Action Taken or Closure Intent Notice or Contact Letter to CP*, as appropriate.
13. If the original genetic test is contested and an additional test is requested by either party, advance payment for the test from the contesting party is required before scheduling the genetic test.
14. The price is \$38 per individual tested.
15. When the CP is a PUTF referred by the local Department of Social Services (LDSS) for genetic testing, the CP PUTF must provide a referral form at the time of application that states a TANF application is pending for the Division to pay the genetic testing fee. In these situations
 - a. Set up the case in the automated system as a non-TANF case. The NCP may need to be listed as Unknown, depending on the information provided by the CP PUTF.
 - b. Follow District Office procedures for scheduling a motherless genetic test.

[Table of Contents](#)

- c. An *AOP* is not needed in these situations.
 - d. Have the CP PUTF sign the *Putative Father Consent* form to allow the Division to send the genetic test results to the LDSS.
 - e. On the day the genetic test results are received
 - 1) Update the automated system with the genetic testing results
 - 2) Send a copy of the test results and the *Paternity Certification Notice* to the CP PUTF and
 - 3) Send the genetic test results to the eligibility worker listed on the LDSS referral.
 - f. If the CP PUTF is found to be the biological father and the Division has not received the TANF case through the interface, send him a notice requesting that he contact the Specialist if he wishes to continue services with the Division.
 - 1) If he does not respond, follow case closure procedures for loss of contact. Refer to [Case Closure](#).
 - 2) If the case remains open and the Division receives a referral through the interface, change the case type to ADC.
 - g. If the CP PUTF is found not to be the biological father, follow case closure procedures for CPAT. Refer to [Case Closure](#).
16. Within 2 weeks of receiving the genetic testing results, send the following to Veritas, Virginia Paternity Establishment Program, PO Box 8270, Richmond, VA 23226, to add the biological father's name to the birth certificate.

 - 1) The NCP can be located and personally served in Virginia, including a nonresident who is temporarily in Virginia.
 - 2) The NCP voluntarily gives Virginia jurisdiction. The *Jurisdiction Consent Form* must be completed and signed by the NCP, notarized and returned along with the *Acknowledgment of Paternity (AOP)*.
 - 3) The NCP lived in Virginia with the child.
 - 4) The NCP lived in Virginia and paid prenatal expenses or provided support for the child.
 - 5) The child lives in Virginia as a result of an act or directive of the NCP (e.g., the NCP buys the CP a one-way bus ticket to Virginia and tells her he will join her in a few days, but never comes.)
 - 6) The NCP engaged in sexual intercourse in Virginia and the child may have been conceived by this act of intercourse.

[Table of Contents](#)

- 7) The NCP and CP maintained a matrimonial domicile within Virginia.
 - 8) The NCP asserted parentage of a child in the putative father (PUTF) registry maintained in Virginia by the DSS.

 - 2) The responding state's acknowledgment of paternity with appropriate signature(s) and/or
 - 3) The full genetic testing package
 - h. When a child is born in Virginia and another state establishes paternity judicially, the foreign paternity order must be domesticated for the father's name to be added to the Virginia birth certificate. To domesticate the foreign paternity order, forward the *Legal Services Case Referral* along with the applicable documentation to the Division's Legal Counsel. Refer to [Domestication of a Foreign Paternity Court Order](#).
 - i. Update the automated system with the date the judge signed the foreign paternity court order as the paternity establishment date and use the paternity disposition code JDPa for a judicial paternity establishment.
 - j. Maintain a copy of all paternity documents, including UIFSA documents, in the case record.
 - k. The responding state is responsible for payment of any genetic testing costs.

M. Virginia Paternity Establishment Program (09/2022)

1. The Virginia Paternity Establishment Program (VPEP) allows hospitals and state-licensed maternity services' clinics and health care providers to give unmarried parents the opportunity to establish their child's paternity by signing the *Acknowledgment of Paternity (AOP)* shortly after the child's birth.
 - a. The Division provides oversight of the VPEP process through the Division's VPEP contractor (currently Veritas), who works directly with Virginia's birthing hospitals to offer and promote the voluntary establishment of paternity for newborns.
 - b. The Division promotes the VPEP as a family engagement service that provides the child with two legally responsible parents and fosters parental involvement early in the child's life.
 - c. The VPEP is not limited to Division customers and provides services statewide.
 - d. The goal of the VPEP is to establish paternity for at least 90% of children born to unwed parents in Virginia.
 - e. Additional information can be found on the [Virginia Paternity Establishment Program "Add the Dad"](#) website.

[Table of Contents](#)

2. The hospital, clinic or health care provider

6.2 Support Order Establishment

A. Overview (04/2023)

[Table of Contents](#)

1. A child support order creates a legal obligation for a legally responsible NCP to provide child support and medical support. The support order also may establish arrearages due, the period in which they accrued, and a periodic payment due for the arrearages.
 - a. Use administrative methods rather than judicial methods to establish the order whenever possible.
 - b. Virginia law requires that the child support orders entered after July 1, 1988, include a provision for income withholding. Legally responsible parents include
 - 1) Both parents when a child is born of their marriage if the mother does not allege a putative father
 - 2) A parent of a legally adopted child
 - 3) A mother at the birth of a child when she completes information for filing a birth certificate with the Department of Health and
 - 4) A biological father when his paternity of a child is established (through one of several methods including acknowledgment, genetic testing and court establishment). Refer to [When to Establish Paternity](#).
2. Establish a child support obligation for all legally responsible parents except as described in [When Obligations Are Not Established](#) . The Division does not establish spousal support orders or initiate court action to establish spousal support orders.
3. Within 90 days of locating the NCP or the putative father, the Division must
 - a. Establish an order for support
 - b. Complete the service of process necessary for establishment of the court order and, if necessary, paternity
 - c. Document unsuccessful attempts to serve process. Refer to [Service of Process](#).
4. Service of process is accomplished by
 - a. Sending an *Administrative Summons* or *Virtual Administrative Summons*
 - b. Filing a petition with the court to establish paternity and/or a support order
5. Expedited Process: The Division must complete actions to establish paternity and/or a support order from the date of service of process or filing a petition with the court to the

[Table of Contents](#)

time of disposition (i.e., the date on which a support order is established, or the action is dismissed) within

- a. 75% of all cases in 6 months and
 - b. 90% of all cases in 12 months
6. Administratively established child support orders have the same force and effect as support orders entered by a court. A court order, however, supersedes an *Administrative Support Order (ASO)*.
- a. Do not establish an *ASO* if any court order exists that sets an amount of child support.
 - b. An administrative order may be established if there has been an order, such as a divorce decree, that does not set an amount of child support.
 - c. If in doubt about the effect of an existing order, refer the matter to Legal Counsel.
7. Enter an *ASO* as a temporary measure whenever a court has assumed jurisdiction over a matter but has, for any reason, delayed a determination of child support.
8. When meeting with the parent or parents face-to-face, the Establishment Specialist will
- a. Upon obligating an NCP facing barriers, explain the Division's [Family Engagement Services](#).
 - b. Refer NCPs interested in participating to the Family Engagement Team.
9. Establish a child support order separately for each parent when both parents are noncustodial.
- a. Use one worksheet for each case to determine each parent's obligation amount based on his or her respective share of the combined income.
 - b. The presumptive minimum child support obligation is the statutory minimum, even if a parent's respective share of the combined income determines a lesser amount.
 - c. If a caretaker applicant did not apply for services to pursue support against both parents, only establish an obligation against the parent with an open case.
10. If there is only one legally responsible parent, that parent's support obligation is based only on his or her income.
11. An *ASO* is enforceable after the 10-day appeal period for the order has lapsed or immediately upon entry of a decision sustaining or amending the obligation amount

[Table of Contents](#)

following an administrative hearing. Refer to [Administrative Appeals](#) and [Administrative Support Order](#).

(08/2017) (12/2018) (01/2020) (07/2021)

B. Child Support Orders (04/2023)

Both ASOs and Virginia court support orders require certain information to be included in the support order. These provisions are

 - b. Each parent's name, home address (and mailing address, if different) and telephone number
 - c. If known, the date of birth and last 4 digits of the SSN of each parent
 - d. Each parent's driver's license number and
 - e. Each parent's employer name, address and telephone number
 - f. When a protective order has been issued or the Department otherwise finds reason to believe that a parent is at risk of physical or emotional harm from the other parent, information other than the name of the parent at risk shall not be included in the order
2. A child support order stating (when applicable) the
 - a. Current support amount
 - b. Arrearages owed and the time period the arrearages accrued
 - c. Frequency of support payments
 - d. Date the first payment is due and
 - e. A statement that if child support arrearages, including interest and fees, exist when the youngest child subject to the order emancipates, payments will continue to be collected in the total amount due (current support plus amount applied toward arrearages) at the time of emancipation until all arrearages are paid
3. If the child support amount deviates from the child support guideline, the order must state the guideline amount and include the deviation reason. ASOs incorporate the *Child Support*

[Table of Contents](#)

Guidelines Worksheet and court orders incorporate the *Supplement to Support Order* to explain guideline deviations. If there is a deviation due to an agreement of the parents, attach a copy of the agreement to the order. Refer to [Virginia's Child Support Guidelines](#) and [Deviation from the Child Support Guidelines](#).

4. A provision for income withholding; refer to [Income Withholding for Support](#)
5. A provision for health insurance; refer to [Medical Support Establishment](#)
6. A provision for unreimbursed medical and dental expenses; refer to [Determining the Monthly Child Support Obligation](#)
7. A provision for any reasonable and necessary unpaid expenses of the mother's pregnancy and delivery of a child born during the 6 months prior to the date of application for applications dated on or after 7/1/2020. Refer to [Determining the Monthly Child Support Obligation](#).
8. *Administrative Support Orders*
 - a. An initial ASO for current support is effective on the date it is served, or the date service is waived.
 - 1) The first payment is due on the first of the month following the date of service and on the first of each month thereafter.
 - 2) Assess the amount due for the partial month between the effective date of the order and the date that the first monthly payment is due. The amount assessed for the partial month is prorated from the effective date through the end of the month based on the monthly obligation.
 - b. An initial ASO for debt to the State is assessed from the date that paternity was established or the first date of receipt of TANF or IV-E FC, whichever was later. Refer to [Establishment of a Debt for Reimbursement to the State](#).
 - c. For modified ASOs, refer to Chapter 8, [Adjusting Administrative Support Orders](#).
9. Virginia Court Orders
 - a. An initial judicial child support order is effective on the date specified in the order by the court.
 - 1) The first payment is due on the first of the month following the hearing date and on the first of each month thereafter.

[Table of Contents](#)

2) Assess the amount due for the partial month between the effective date of the order and the date that the first monthly payment is due. The amount assessed for the partial month is prorated from the effective date through the end of the month based on the monthly obligation.

b. For modified court orders, refer to Chapter 8, [Modifying Court Support Orders](#).

C. Virginia's Child Support Guidelines (04/2023)

All new or modified administrative and court orders must use the [Virginia Child Support Guidelines](#) to determine child support amounts.

1. The Virginia Child Support Guidelines (Guidelines) include

a. The state's formula for calculating combined gross income of both parents. Refer to [Determining Income](#) and [Determining the Monthly Child Support Obligation](#).

b. A [Schedule of Monthly Basic Child Support Obligations](#) that identifies the amount of child support to which the child or children for whom the parents are jointly responsible are entitled, based on the combined gross income of the parents

c. Adjustments to the basic child support award amount from the "schedule" by adding the monthly expenses for dependent care and health, vision and/or dental insurance. Refer to [Determining the Monthly Child Support Obligation](#).

d. The state's formula for calculating each parent's percentage of their combined gross income. The support order directs that each parent pay that percentage of the cost of any

1) unreimbursed medical or dental expenses

2) reasonable and necessary unpaid expenses of the mother's pregnancy and delivery of a child born during the 6 months prior to the date of application.

2. Once the appropriate income and expense amounts are entered on the *Obligation Calculation Worksheet (Worksheet)*, the automated system calculates the NCP's monthly child support amount based on his or her share of the parents' combined income.

3. The obligation amount calculated using the guidelines is presumed to be the correct amount of child support, but this presumption is rebuttable when

[Table of Contents](#)

- a. A judge decides the use of the guidelines amount is unjust or inappropriate in a particular case based on factors defined in state law.
- b. Imputing income to a parent based on that parent's failure to provide verification of income upon request (for ASOs only) or voluntary unemployment or under-employment (for ASOs and court orders). Refer to [Deviation from the Child Support Guidelines](#).
- c. A written statement of why the order deviates from the guidelines is completed by either the judge (for a court order) or Division staff (for an ASO) when deviation is appropriate. This written statement includes
 - 1) The amount of support that would have been required had the guideline been followed and
 - 2) The reason for the deviation.
- d. The Division's written statement is contained in the *Worksheet* given to each parent when the obligation is established.

(08/2017) (07/2020)

D. When Obligations Are Not Established (07/2021)

There is no legal basis to establish an order either administratively or through court action in some situations.

1. Do not administratively or judicially establish an obligation for current support or arrearages for any period when
 - a. The NCP's parental rights have been terminated for adoption or emancipation unless there is state debt owed for a period prior to the parental rights being terminated.
 - b. [Good cause](#) is in effect.
 - c. A court has found the NCP not responsible for support of the child. Refer these cases to Legal Counsel to determine appropriate action.
 - d. The NCP has received TANF benefits, whether the NCP is in the Standard Filing Unit (SFU), referred to as the Eligibility Determination Group (EDG) in VaCMS, or the Assistance Unit (AU), TANF-UP benefits, and/or General Relief benefits.
 - e. The NCP has received or was eligible to receive SSI, concurrent SSI and SSDI, or concurrent SSI and SSR benefits. The NCP's eligibility for benefits is determined by the SSA.

[Table of Contents](#)

f. The NCP has received public assistance for the benefit of minor dependent children and an obligation is sought in a foster care case (IV-E or non-IV-E) for the period the NCP received such public assistance.

Public assistance includes:

- 1) TANF
- 2) auxiliary grants to the aged, blind and disabled
- 3) medical assistance
- 4) energy assistance
- 5) SNAP (food stamps)
- 6) employment services
- 7) childcare
- 8) general relief

g. There is no child under age 18 for whom support is sought; except when establishing a debt for reimbursement to the state. Dependent children over the age of 18 that were included in the public assistance grant are included in the debt to state obligation calculation.

h. The NCP has no identifiable assets and is institutionalized in a psychiatric facility, is incarcerated or is medically verified to be totally and permanently disabled with no evidence of potential of paying support.

- 1) To determine if the NCP has any identifiable assets, refer to [Determining Income](#).
- 2) The NCP must provide verification that he or she is institutionalized in a psychiatric facility or totally and permanently disabled.
- 3) Verify the NCP is incarcerated using the Department of Corrections match or other resources.
- 4) Monitor these cases and seek to establish an obligation against the NCP immediately upon discharge from a psychiatric facility or release from incarceration.

i. Review to determine if the case is unworkable. Refer to [Case Workable Status](#).

[Table of Contents](#)

2. Do not administratively establish an obligation, and refer the case to court for establishment of an obligation when
 - a. The NCP resides in an adult home or a facility that provides care to residents with mental or physical disabilities.
 - b. The NCP exhibits indications of overriding long-term physiological, mental or economic hardship that appears to materially affect the NCP's ability to earn income or otherwise provide support for the child or children.
 - c. The NCP shows signs of mental deficiencies that impair his/her understanding of the administrative process.
 - d. The NCP is less than 18 years of age, or a retroactive support obligation needs to be established for a period of time prior to the NCP turning 18.
 - 1) Refer these cases to Legal Counsel to have a Guardian ad litem appointed to represent the NCP.
 - 2) The petition must be filed with the NCP's parent as next friend and both the NCP and his parent must be served with notice of the hearing.
 - e. The NCP signed the *Acknowledgement of Paternity* as a minor but is no longer a minor.
 - f. There are both a presumed father and a putative father. Refer to [Presumed and Putative Father Situations](#).
 - g. The parties have more than 6 children for whom the obligation needs to be established.
 - h. A new obligation needs to be established for an additional child with the same CP and NCP listed on the original court order. Refer to [Adding a Child to an Existing Child Support Order](#).
 - i. Both parents have physical custody of the child for more than 90 days each year.
 - j. Caretaker applicant cannot or will not provide information about the parent they are not pursuing support against.
 - k. No income information can be found for the parent that is not being pursued for support by the caretaker applicant.
 - l. There is no child under age 18 for whom support is sought but the child is severely and permanently mentally or physically disabled, unable to live independently and living in the

home of the CP. The disability must have existed prior to reaching the age of majority. Refer to [Establishing and Modifying Orders Due to Child's Disability](#).

- m. The NCP and/or the CP receive VA educational benefits.
- n. The NCP is an incarcerated felon with identifiable assets. Refer these cases to Legal Counsel to have a Guardian ad litem appointed to represent the NCP.

3. Document these circumstances in Case Events.

E. Determining Income (04/2023)

1. The *Financial Statement* is used to secure financial and other information from both parents to establish a child support obligation, including current and previous monthly income from all sources, number of dependents for whom support is provided, dependent care expenses, health insurance, and other information.
 - a. Proof of expenses such as day care or health care must be provided to receive credit.
 - 1) Proof of day care would include items such as a letter or verbal statement from the day care facility or a verbal or written statement from a private provider, or receipts or printouts provided by the same.
 - 2) Proof of health care expense would include items such as check stubs showing the deduction (breakdown of expense amount may need further verification), verbal or written statement or a listing of the plan costs from an employer or a private insurance provider.
 - b. A parent's signature on the *Financial Statement* certifies that the information on the form is correct. Tax returns accompanying *Financial Statements* are subject to the same IRS requirements for safeguarding information as outlined in [Security of IRS and State Tax Information](#).
2. *Financial Statements* provided by each parent are the basis for determining income and allowable expenses for calculating a child support obligation.
3. Obtain a *Financial Statement* from both parents with the following exceptions
 - a. Do not obtain *Financial Statements* from CPs receiving TANF.

[Table of Contents](#)

- b. Do not attempt to secure or use financial information from CP caretakers who are not legal parents of the child to establish a child support obligation for the child or children for whom they are providing care. Only use the legal parents' incomes in establishing an obligation. However, if the caretaker pays day care and/or health, vision and/or dental insurance expenses for the child, include the monthly amounts of any such expenses on the *Child Support Guidelines Worksheet (Worksheet)* to be prorated between the legal parents according to their income shares.
 - c. Do not obtain a *Financial Statement* from the other parent when the caretaker applicant is not pursuing support against both parents. Only the parent on the open case is required to complete the *Financial Statement*.
4. To obtain financial information from the parents
- a. Generate an *Administrative Summons* or *Virtual Administrative Summons* and the *Financial Statement* to schedule an interview(s) with the parents. If the CP is a minor, send a copy of the summons to the parent(s)/ caretaker of the minor at the address on file for the minor as a notification only.
 - b. Document unsuccessful service of the *Administrative Summons* on the EORA ADMINISTRATIVE SUMMONS Case Event and the *Virtual Administrative Summons* on the EORV VIRTUAL ADMINISTRATIVE SUMMONS Case Event.
 - 1) If the NCP's *Administrative Summons* or *Virtual Administrative Summons* is returned as undeliverable, update the NCP's address information in the automated system.
 - 2) If there is no address and current employment information for the NCP, refer the case to [Locate](#). Referring the case to locate stops the clock for the required 90-day federal timeframe.
 - c. Obtain information from employers by telephone or generate the *Employer Information Request*.
 - d. Obtain financial information from employers' wage reports sent to VEC.
 - e. Obtain financial information from the LDSS when either parent has applied for SNAP, Medicaid or fuel assistance.
 - f. Use information provided by either parent if appropriate documentation is provided.
 - g. If income or expense information needed to calculate the obligation cannot be secured by other means, refer the matter to Legal Counsel to evaluate whether a *Subpoena Duces*

[Table of Contents](#)

Tecum should be issued to secure the information. Proceed as instructed by Legal Counsel.

- h. Do not access financial information from consumer reporting agencies for unobligated NCPs.
- i. Obtain identifying information and/ or income verification about the parent that is not being pursued for support by a caretaker applicant from the applicant, the parent that is being pursued for support, the Division's automated system or VaCMS. Refer the case to court if no income information is available.
 - 1) Income verification provided by the caretaker applicant or parent being pursued for support may be used on the *Worksheet*.
 - 2) Income information available through the Division and the Division's automated system can be used on the *Worksheet* if the parent that is not being pursued for support has an open or closed Division case by using an average of any earning information on file for the last year.
 - 3) Income information in VaCMS can be used on the *Worksheet* if the parent that is not being pursued for support has an open or closed VaCMS case by using an average of any earning information on file for the last year.
 - 4) Income information available in any federal and state information system can be used on the guideline *Worksheet* if the parent that is not being pursued for support has an open or closed case with the Division and/or VaCMS by using an average of any earning information on file for the last year. Only information systems with income verification may be accessed.
- 5. Monthly gross income includes income from all sources, except
 - a. SSI
 - b. Child support received
 - c. Benefits from public assistance and social services programs including TANF benefits, auxiliary grants to the aged, blind or disabled, medical assistance, energy assistance, SNAP, employment services, childcare subsidy and general relief
 - d. Income received by the NCP from secondary employment income not previously included as gross income in the establishment of an order of support.

[Table of Contents](#)

- 1) The NCP must be earning the income to discharge a child support arrearage established by a court or administrative order, and the NCP must be paying the arrearage pursuant to the order.
 - 2) The secondary employment includes, but is not limited to, an additional job, self-employment or overtime employment.
6. Gross monthly income derived from self-employment, rental property, a partnership, or a closely held business is subject to reasonable business expenses.
- a. Self-employed parents are instructed on the financial statement to provide the most recent tax return to determine the self-employment tax paid. Review the tax return to determine if the parent, in addition to paying self-employment tax, claimed business expenses.
 - 1) If business expenses were claimed or if the self-employed parent does not provide the most recent tax return, refer the case to Legal Counsel.
 - 2) If the self-employed parent provides the most recent tax return and business expenses were not claimed, proceed to establish an ASO.
 - b. Refer the case to Legal Counsel when either parent's *Financial Statement* reflects income from rental property, a partnership or closely held business.
7. The amount of disability benefits paid for a child on account of, or in the name of either parent (including SSA or VA benefits), must be counted as income to either parent in determining a support obligation. After the obligation is calculated on the *Worksheet*, the automated system subtracts the benefit amount paid to the child from the NCP's share of the child support obligation. Refer to [Determining the Monthly Support Obligation](#).
8. For all military service members, housing and subsistence allowances are included in the calculation of income as well as any educational benefits, specifically G.I. bill money, which is administered through the Department of Veteran Affairs.
- a. The service member's Leave and Earnings Statement (LES) must be reviewed to verify the information provided. For assistance with questions about military pay, refer to the OCSS publication [Working with the Military on Child Support Matters](#).
 - b. On an initial support order or modification, if the NCP and/or CP are receiving educational benefits, the case should be referred to court to determine income.

[Table of Contents](#)

9. Convert income and expenses to a monthly amount by using the following conversion factors and round to the nearest whole cent.

Weekly $\times 52 \div 12$

Biweekly (every other week) $\times 26 \div 12$

Semi-monthly (twice monthly) $\times 2$

Annually $\div 12$

10. Verify the parents' incomes listed on the Financial Statements using any or all of the following

- a. Pay stubs (for the last 3 pay periods)
- b. Income tax returns or W-2 forms
- c. Statements of income from an employer
- d. Information obtained in a telephone conversation with a parent's employer
- e. VEC wage reports
- f. LES (for military service members only)

11. Document the verification of income on the case event for the *Financial Statement*. Note the verification source utilized unless the income was verified through the VEC wage report. In this instance, document the NDNH Quarterly Wage Report as the source utilized to verify the income.

F. Determining the Monthly Child Support Obligation (04/2023)

1. Review the case record to determine if sufficient financial and other necessary information are available for both parents to establish an obligation.
2. Determine if the matter involves split or shared custody. Refer to [Split Custody](#) or [Shared Custody](#) for steps to establish current support.
3. Use information obtained from both parties to establish a current support obligation.
4. Convert all dollar figures to monthly amounts. Refer to [Determining Income](#).

[Table of Contents](#)

5. Complete the *Child Support Guidelines Worksheet (Worksheet)*. The information to be entered includes
 - a. The number of children for whom support is being sought and for whom the NCP and CP share joint legal responsibility
 - b. The gross monthly income (GMI) from any source, including all spousal support received
 - c. The monthly spousal support paid by either parent pursuant to an order or written agreement (i.e., a Separation Agreement not yet incorporated into a divorce decree)
 - d. One-half of self-employment tax paid by either parent as reflected on the most recent income tax return if business expenses were not claimed.
 - 1) The 1040 U.S. Individual Income Tax Return reflects one-half of the amount of self-employment tax paid by the parent on line 27, which reads, "Deductible part of self-employment tax."
 - 2) Determine a monthly amount of the self-employment tax by averaging the amount on the tax return over a 12-month period.
 - 3) Deduct this amount from the parent's GMI.
 - e. The number of other children either parent is legally responsible for as determined by the existence of a current child support order or written agreement, or by having a natural or adopted child residing in their household. For cases where both parents are being obligated, and they are living in the same household, and are legally responsible for other children, allow both parents a deduction for each such child.
 - 1) When additional dependents reside with a legal parent, determine the amount to be deducted from the GMI based on the number of dependents and the sole income of the parent applied to the [Schedule of Monthly Basic Child Support Obligations](#). The Obligation Calculation automatically computes the deduction using the Schedule.
 - 2) When the deduction is based on an existing order, override the automated deduction amount by entering the amount paid pursuant to the order.
 - a) Give the NCP credit for current support paid (not arrears payments) up to the amount stated in the order or agreement.
 - b) Include the average of the past 6 months of payments on the *Worksheet*. If the NCP has only paid for a few months, average those payments to include on the *Worksheet* based on available information.

[Table of Contents](#)

- c) Obtain the payment information from the automated system if the case is with the Division.
- 3) The NCP must provide satisfactory proof of payments (pay stubs, receipts from the CP, or other documents that appear to be legitimate) if the case is not with the Division. Do not give the NCP credit for payments if the NCP cannot provide satisfactory proof of payments.
- f. Verified monthly costs of the CP's work-related monthly dependent care expense, which
 - 1) Does not exceed the cost of quality care provided by a state regulated center or individual
 - 2) Includes dependent care costs incurred for the child due to the CP's employment and
 - 3) Is paid by the CP or his or her spouse
- g. The Division does not consider the NCP's willingness and availability to personally provide childcare when determining whether childcare costs are necessary or excessive. In addition, the Division does not consider the tax savings a party derives from childcare cost deductions or credits. However, a party may request the court consider both.
- h. Verified monthly costs for health, vision and/or dental insurance paid by either parent (or his or her spouse) for the child or children subject to the order.
 - 1) Use the cost per person for the child or children. If the per child cost is not provided by the insurer, determine the cost per person by subtracting the cost of individual coverage for the policy holder from the total cost of the coverage, and divide the remaining amount by the number of remaining covered persons.
 - 2) When completing guidelines in the automated system, enter costs for vision and dental insurance together. The cost of health insurance is separate as only the cost of health insurance is used to determine if health care coverage is available at a reasonable cost and should be ordered.
- i. The monthly amount of a disability benefit paid to a child, in the name of or on account of either parent. This amount is included as income to that parent. If the NCP is responsible for the disability payment to the child, this amount is subtracted from the NCP's portion of the obligation. The ordered amount may be less than the statutory minimum after this deduction.

[Table of Contents](#)

- 1) In some cases, lump sum payments are received by the child or children to cover months of entitlement prior to the date of the first ongoing check. If the NCP is responsible for the lump sum payment to the child or children, the arrearages may need to be established or adjusted. Calculate a retroactive adjustment, if applicable.
 - a) For SSA disability benefits, verify the months covered by the lump sum payment using SVES.
 - b) Submit a written request to the Department of Veterans Affairs on Division letterhead to verify VA benefits.
 - 2) Any credit from this procedure may reduce arrearages that have accrued but cannot reduce any future arrearages, cause a credit balance or contribute to the basis for a refund to the NCP.
 - 3) Adjust the arrearages when requested by the NCP or when the District Office takes action to enforce or review the obligation.
- j. Information regarding split custody if applicable
6. The automated system displays the obligation of each parent, by percentage and actual total.
 - a. Check for accuracy before saving the *Worksheet*. The Obligation Calculation can be used as a scratch pad before saving.
 - b. Print the *Worksheet* after saving. The *Worksheet* is a part of the order as it explains how the obligation was determined, including the reason(s) for deviation.
 - c. Document in the case record how all figures on the *Worksheet* other than those from the [Schedule of Monthly Child Support Obligations](#) were determined.
 - d. The current support obligation will be at least the statutory minimum unless the NCP's disability benefit paid on behalf of the child or children creates a lesser or \$0 obligation, even if the application of the guidelines shows an amount less than the statutory minimum.
 - e. The *Worksheet* identifies the percent obligation of each party which is each party's share of all
 - 1) unreimbursed medical and dental expenses
 - 2) reasonable and necessary unpaid expenses of the mother's pregnancy and delivery of a child born during the 6 months before the date of application.

[Table of Contents](#)

7. Complete a second *Worksheet* based upon the prior guidelines, if appropriate, using the same financial information listed above.
 - a. With the initial *ASO*, use the prior guidelines to determine debt to state that accrued through 6/30/14.
8. Generate the *ASO*.
 - a. The monthly current support obligation amount and the unreimbursed medical/dental expense percentages calculated on the *Worksheet* transfer to the *ASO*.
 - b. Establish the reasonable and necessary unpaid expense percentages of the mother's pregnancy and delivery of a child born during the 6 months before the date of application, if applicable.
 - c. Establish arrearages, as appropriate. Refer to [Establishment of a Debt for Reimbursement to the State](#) for an initial *ASO*. Refer to [Adjusting Administrative Support Orders](#) for a modified *ASO*.
 - d. If an arrears balance is established in the *ASO*, establish a monthly payment towards arrearages. The monthly amount should be 25% of current support or \$65, whichever is greater.
 - e. Establish a medical support provision.
9. Serve the *ASO*

Serve the NCP with the *ASO* and the *Worksheet*. The NCP can be served by

 - a. Signing the *Waiver of Formal Process of Service*
 - b. MCS portal
 - c. Sheriff or private process server or
 - d. Certified mail, restricted delivery
10. Provide a copy of the served *ASO* and the *Worksheet* to the CP when the NCP waives service, accepts service via the MCS portal or immediately after the *ASO* is received back with successful service.
11. The appeal period for the *ASO* is 10 calendar days. For NCPs this is 10 calendar days from the date of service. For CPs this is 10 calendar days from date of receipt. Please allow at least 5 calendar days for mail delivery. A request for administrative appeal received after this

[Table of Contents](#)

time should be considered if the CP can show that the request was made within 10 calendar days of receipt, regardless of mailing time.

12. Document the Case Event created when the *ASO* was generated with the date of service and type of service upon receipt of the served *ASO*.
13. Enter the support order on the automated system within 2 days after the expiration of the CP and NCP appeal periods unless an appeal is pending. Ensure that arrearages, if any, are added to the system at this time.
14. Maintain a copy of the *ASO*, the proof of service and the printed *Worksheet(s)* in the case record.
15. If the Division is unable to administratively establish an obligation, refer the case to court.
(03/2015) (06/2015) (06/2016) (01/2017) (08/2017) (01/2018) (07/2018) (05/2019)

G. Deviation from the Child Support Guidelines (04/2023)

1. The Division may administratively deviate from the guideline under the following circumstances.
 - a. When either parent is found to be voluntarily unemployed or fails to provide financial information upon request, it may be appropriate to impute income to that parent.
 - 1) Imputing income to a parent is determining what that parent reasonably could be expected to earn. The Division deems a parent voluntarily unemployed when he or she quits a job without good cause or is fired for cause.
 - 2) When either parent fails to provide financial information upon request, impute income to establish current support for an ongoing obligation by using an average of any earning information on file for the last year (all earnings on file for the last 12 months divided by 12). If there is no earning information on file for the last year, count zero income for the parent when computing the obligation.
 - b. For an unemployed parent, use unemployment benefits.
 - 1) If the parent is not receiving unemployment benefits and is voluntarily unemployed, impute income to establish current support for an ongoing obligation by using an average of any earning information on file for the last year (all earnings on file for the last 12 months divided by 12).

[Table of Contents](#)

- 2) If the parent is not receiving unemployment benefits and there is no earning information on file for the last year or the parent is involuntarily unemployed, count zero income for that parent when computing the obligation.
 - 3) If it is documented in the case file that the parent is voluntarily unemployed and it is believed that the resulting obligation would be unjust, consult with management to determine if court referral would be appropriate. Earnings for the last year may be determined by requesting the parent's last several months' pay stubs, last W-2 forms or last income tax return or by using VEC wage information.
- c. For an incarcerated parent, the length of incarceration is a factor when determining appropriate income.
- 1) If the parent's current period of incarceration is less than 180 consecutive days, impute income by using an average of any earning information on file for the last year. If there is no earning information on file for the last year, count zero income for the parent when computing the obligation.
 - 2) If the parent's current period of incarceration has reached 180 or more consecutive days and there is no evidence of actual income or other ability to pay, use zero income for the income when computing the obligation.
- d. The Division may base the child support obligation on an agreement of the parties (legal parents and/or caretakers/guardians) if no state debt is owed.
- 1) This option is unavailable if one parent has FVI set in relation to the other parent.
 - a) Staff may meet privately with a party who has FVI set to inquire whether the FVI is in relation to the other party.
 - b) For other situations in which an agreement should not be accepted, refer to [When Obligations Are Not Established](#).
 - 2) The parties may use the *Child Support Agreement* form to enter into an agreement.
 - a) If one of the parties is not present, the signature of the absent party on the *Child Support Agreement* form must be notarized.
 - b) If the parties provide an agreement using another form, refer the form to Legal Counsel for review.
 - 3) If the parties want to use the *Child Support Agreement* form, take the following steps:

[Table of Contents](#)

- a) Complete the *Child Support Guidelines Worksheet (Worksheet)* as normal. Provide each party with a copy of the *Worksheet*. This will inform the parties as to what the support obligation would be in the absence of an agreement.
 - b) Provide the parties with a copy of the *Child Support Agreement*.
 - c) Do not mediate, make recommendations or discuss legal rights. Staff can provide generic instructions, such as how to file the form.
 - d) Provide the parties with privacy while they are completing the form.
- 4) Reject the agreement of the parties if
- a) There is clear evidence of fraud or duress or
 - b) Either party wants to withdraw the agreement before issuance of the *ASO*.
 - c) Staff are not required to probe for fraud or duress prior to accepting an agreement.
- 5) If the agreement is accepted,
- a) Upload the agreement document to Perceptive.
 - b) Enter a SELF event with the description “DEVIATION PER PARENT AGREEMENT.” Refer to [SELF Event Documentation Table](#).
 - c) Continue as below at item 3 and use the parents’ agreement as the basis for deviation.
- 6) When an *ASO* is already in place:
- a) The parties may replace a prior order based on the Child Support Guidelines with an agreement.
 - b) The parties may replace a prior agreement with a new one or with an order based on the Child Support Guidelines if the parties otherwise qualify for review and adjustment of the *ASO*. Refer to [Deciding Whether to Conduct the Review](#).
 - c) The parties may submit a request to the court for a review at any time, and a court order supersedes the agreement.
- 7) If the CP is approved for TANF after the *ASO* has been established, initiate a review and adjustment, as the agreement cannot be used as a basis for an administrative deviation.

[Table of Contents](#)

2. Do not impute income to
 - a. A CP when one or more of the children on the order is under the age of 13 or is age 13 or older and needs dependent care.
 - 1) Imputing income to a CP with dependent care expenses usually increases the NCP's obligation amount, and the CP is awarded additional support for not working.
 - 2) If the NCP feels that the CP could or should be employed, despite the dependent care costs, the *ASO* may be appealed, and the Hearings Officer's decision may be appealed, with a judge ultimately determining whether the CP is justified in not working.
 - b. An unemployed parent, without first considering the good faith and reasonableness of the employment decision made by the parent
 - 1) For example, the pursuit of additional training or education may be reasonable considering a parent's obligation to support his or her children.
 - 2) Do not impute income if the training, education, or other employment change may ultimately benefit the child by increasing the parent's level of support for that child or those children in the future.
3. Complete the *Child Support Guidelines Worksheet (Worksheet)* and confirm it, indicating if there is a deviation due to imputed income or an agreement by the parties.
4. Print and document the *Worksheet* listing the factor(s) used to rebut the presumptive amount, including how income imputed to the party was determined if applicable. Retain a copy of the PDF version of the *Worksheet*.
5. Give each party a copy of the *Worksheet*. After the *ASO* is served and the order is entered on the automated system, enter the appropriate rebuttable reason for the deviation on the Update Support Order page.
6. When deviation is due to an agreement of the parties, attach a copy of the agreement and the *Worksheet* to the *ASO* prior to service. Refer to [Child Support Orders](#).

H. Split Custody (04/2023)

1. Split custody exists when each parent has physical custody of a child or children

[Table of Contents](#)

- a. Born of their relationship
 - b. Born of 1 parent and adopted by the other parent or
 - c. Adopted by both parents
2. Each parent is a CP to the children they share in that parent's family unit and an NCP to the children they share in the other parent's family unit.
 3. It is not necessary for both parents to apply for child support services for split custody to be considered in calculating the obligation.
 4. Split custody cases require the completion of 2 Sole/Split Custody worksheets.
 - a. Show the father as the CP of the children for whom he has custody on one worksheet.
 - b. Show the mother as the CP of the children for whom she has custody on a separate worksheet.
 - c. Neither parent is given a deduction for children that live in their family unit or for whom they pay support that are the subject of the present split proceeding.
 - d. The automated system calculates the obligation for each parent.
 - e. After completing both worksheets, subtract the lesser obligation amount on one worksheet from the greater obligation amount on the other.
 - f. The difference is the support obligation to be paid by the parent with the greater obligation to the parent with the lesser obligation. This difference may be less than the statutory minimum.
 5. Generate the *ASO* for the parent owing the amount determined in steps 4a - e above. Refer to [Determining the Monthly Child Support Obligation](#) for instructions on completing the *ASO*.
(08/2017)

I. Shared Custody (04/2023)

1. Shared custody exists when each parent of a child has physical custody of that child for more than 90 days of the year. The child is
 - a. Born of the parents
 - b. Born of 1 parent and adopted by the other

[Table of Contents](#)

- c. Adopted by both parents
2. Cases involving shared custody must be referred to court. Prior to making the referral, case workers are required to
 - a. Gather any necessary information from the CP and NCP to generate shared custody guidelines
 - b. If filing a *Motion to Amend or Review Order*, draft guidelines must be prepared and placed in the file that show a minimum 10% and \$25 change. Prepare guidelines using the Cardinal Guidelines Calculator and prepare in consultation with Legal Counsel as needed.
3. Document the Case Event notes on the *Petition for Support (Civil)* or *Motion to Amend or Review Order* with the reasons why the determination was made to pursue a shared custody order. Refer to [Judicial Actions](#).

(07/2014) (08/2017)

J. Support Orders for Foster Care Cases (04/2023)

1. In foster care situations, Division staff may be involved in calculating the support obligation during a court proceeding before receiving a foster care case referral from the local Department of Social Services (LDSS). Refer to [Foster Care Cases](#).
2. All child support orders must be established using the child support guideline described in [Determining the Monthly Child Support Obligation](#). This requires the use of both parent's incomes in calculating their respective shares of the support to which the child is entitled.
 - a. Complete separate guidelines and separate orders for each case.
 - b. If there is only one legal parent, calculate the support obligation for that parent using only that parent's financial information.
 - c. If a case is referred to the Division after an order was established against one parent where the other parent's income was not considered, attempts must be made to locate the other parent to both pursue establishment of a support order for the other parent and use that parent's income to review and adjust the other parent's order as well.
3. When the court enters a support order, the order may retroactively establish support effective from the date the custody was awarded. Debt should not be established for any period during which [Good Cause](#) existed.

[Table of Contents](#)

4. Once an order has been established for either a IV-E or non-IV-E foster care case, it is not necessary to terminate the support obligation and establish a new obligation when the foster care case type changes, i.e. the child goes from non-IV-E foster care to IV-E foster care or the reverse. The order payable on the IV-E or non-IV-E case is valid until the child is no longer in foster care.

(12/2014) (08/2017)

K. Assessing Obligations for Parents Whose Children Are in Foster Care or Live in Different Homes (08/2017)

1. Assess each NCP for all of the children by completing separate guidelines for each case. Use 1 *Child Support Guidelines Worksheet (Worksheet)* for each case to determine each parent's obligation amount based on his or her share of their combined income.
2. The *ASO* includes each child, applicable to a case, for whom a child support obligation is due when the children have the same parents, but the children reside in different homes with different caretakers.
3. Complete a separate *ASO* for each parent, and each case.
4. Document Case Events for each case.

(12/2014)

L. Establishment of a Debt for Reimbursement to the State (04/2023)

1. Payment of TANF and IV-E FC benefits creates a debt for the NCP to the Commonwealth of Virginia.
2. Payments in connection with non-IV-E FC cases create a debt for the NCP to the Commonwealth of Virginia.
3. When to Establish a Debt for Reimbursement to the State
 - a. If an order to pay child support existed at the time that the CP received TANF or the child was in foster care, no separate obligation for debt to the state is established. If the order is payable to someone other than the CP receiving TANF or the foster care agency, immediately begin change of physical custody procedures. Refer to [Change of Physical Custody when a Current Support Order Exists](#).

[Table of Contents](#)

b. If an order to pay child support did not exist at the time that the CP received TANF or the child was in foster care, obligate the NCP for the period using the child support guidelines, without exceeding the amount of TANF paid. Dependent children over the age of 18 that are included in the TANF grant are included in the obligation.

4. How to Establish a Debt for Reimbursement to the State

a. If both parents are noncustodial, each parent is assessed a debt based on each NCP's ability to pay without exceeding the total amount of TANF paid for each NCP. In these cases, one *Child Support Guidelines Worksheet (Worksheet)* is used to determine both obligations based on each parent's share of the combined income. Use the percent obligation of each party from the *Worksheet* to establish each parent's share of the debt owed.

b. If the NCP's obligation pursuant to the child support guideline is less than the amount of TANF paid, establish the debt based on the NCP's ability to pay pursuant to the child support guidelines.

c. If the NCP's obligation pursuant to the child support guidelines is greater than the amount of TANF paid, establish a debt for the total amount of TANF paid.

d. In computing the debt, the Division may use the gross monthly income of the parents averaged over the period of time that TANF was paid or the child was in foster care.

1) If no evidence of income exists for the period to be assessed, establish the debt based upon the statutory minimum.

2) Use the appropriate set of guidelines in effect at the time that the TANF was paid or that the child was in foster care which may result in the use of multiple guidelines.

e. Assess arrearages for the entire month in TANF and IV-E cases, even if TANF or IV-E benefits were not paid for the entire month, for all prior months. If both a non-IV-E and IV-E case are open, debt should not be prorated between the 2 cases but should be assessed in full to the IV-E case for that month.

f. When establishing a debt for reimbursement to the state in an initial *ASO*,

1) If current support is not being established, establish the debt through the last day of the month for the last month in which the TANF was paid, the child was in foster care. The per month payment toward the arrearages amount ordered should be

[Table of Contents](#)

- a) the current support amount from the *Worksheet* when there is no current support due for the same child on any other support order.
 - b) 25% of current support from the *Worksheet* or \$65, whichever is greater when there is current support due for the same child on another support order.
- 2) If current support is being established, establish the debt through the day prior to the date of generation of the *ASO*, prorating the debt for the current month.

Example: The TANF grant for March is \$274.00. The current support amount from the *Worksheet* is \$200.00 per month. Multiply the monthly order amount by 12 months ($\$200.00 \times 12 = \2400.00) and then divide by 365 days ($\$2400.00$ divided by 365 = \$6.58 per day). The prorated TANF debt is \$26.32 ($\6.58×4 days) for March 1-4.

g. When establishing a debt for reimbursement to the state in an initial judicial child support order

1) If paternity is an issue for one or more children on the petition

- a) do not seek reimbursement for periods prior to the filing date of the petition for any child or children for whom paternity has not been established.
- b) establish the TANF arrearages from the filing date forward based on the NCP's ability to pay.

2) When paternity is not an issue for any child or children on the petition, establish the total TANF arrearages as follows:

- a) For the period prior to the filing date, establish TANF arrearages for all time periods that the CP received TANF for the child(ren) through the filing date of the petition as indicated in 3b above.
- b) Establish the TANF arrearages from the filing date forward based on the NCP's ability to pay.
- c) Establish the total amount of TANF arrearages as the addition of 2a plus 2b.

h. Petition the court to decide whether to establish a debt when a case in which TANF or IV-E FC was paid before the month in which the NCP reached the age of 18.

5. Do Not Establish a Debt for Reimbursement to the State

a. When no TANF was paid or the child was not in foster care

[Table of Contents](#)

- b. For TANF paid or periods the child was in foster care prior to the month that paternity was established
 - c. When a court has specifically ordered that no arrearages exists or that arrearages may not be collected for a particular period addressed by the court
 - d. For any period before July 1, 1988
 - e. For any period before July 1, 1995 for non-IV-E FC
 - f. On a TANF case, for any period that the NCP is the recipient of TANF benefits for a minor dependent child, whether he or she is in the Standard Filing Unit (SFU), referred to as the Eligibility Determination Group (EDG) in VaCMS, or the Assistance Unit (AU), TANF/UP, SSI, or GR
 - g. On a foster care case, for any period that the NCP received any form of public assistance (including TANF, Medicaid, SNAP, or energy assistance) for the benefit of minor dependent children. This is applicable whether the NCP is in the SFU or the AU
 - h. For any period that the NCP had no verified identifiable assets and was institutionalized, incarcerated, or medically verified to be totally and permanently disabled with no evidence of the ability to pay support
 - i. For any period that Good Cause existed in TANF and foster care cases
6. Document Case Events indicating what prior period(s) the NCP is responsible for support (e.g., TANF grant history).
- (06/2014) (12/2014) (08/2016) (08/2017) (09/2020) (07/2021) (03/2022) (09/2022)

M. Retroactive Liability for Support (07/2021)

When to Establish Retroactive Liability for Support

In establishing an initial order in non-TANF cases where no public assistance has been paid to the family, arrearages are calculated retroactively to the effective date of the initial ASO.

Note that unsuccessful service by certified mail of an initial ASO does not preserve a period for which the Division may establish retroactive child support. Refer to [Adding Orders to the Automated System](#).

(08/2017) (05/2019)

N. Termination of the ASO (04/2023)

[Table of Contents](#)

1. The ASO remains in effect when the case is closed (i.e., CP requested direct pay) unless terminated because
 - a. The CP and NCP have reconciled.
 - b. The NCP has physical custody of the child.
 - c. The child has been adopted.
 - d. Parental rights have been terminated.
 - e. The NCP is deceased and there are no assets.
 - f. Physical custody changes and an ASO needs to be established payable to the new CP.
 - g. The LDSS has determined [Good Cause](#).
 - h. The court has issued an *Order Determining Parentage* reflecting that the NCP is not the father of the child.
 - i. The child has been added to the TANF case and the support order because of becoming uncapped due to the TANF Family Cap Provision being eliminated.
2. No current support is due and no arrearages accrue from the date the ASO is terminated.
 - a. Stop all action to collect or enforce current support.
 - b. When applicable, continue collect and enforce any a debt owed to the Commonwealth of Virginia and/or to the CP, until all arrearages are paid.
3. If the CP reapplies for child support services or the Division receives a TANF referral for the child listed on the terminated order
 - a. Issue a new ASO.
 - b. The CP can only claim arrearages that accrued before the termination of the ASO. Additional TANF arrearages can be established at the time the new ASO is issued.
4. Obtain the District Manager's approval to terminate an ASO.
5. Complete the *Termination of Administrative Support Order*. The signature of the District Manager or his or her designee is required for the *Termination of Administrative Support Order*.
6. Mail a copy of the *Termination of Administrative Support Order* to the CP and NCP by first class mail.

[Table of Contents](#)

7. Image a copy of the *Termination of Administrative Support Order* for the case record.
8. Document the termination of the *ASO* as indicated in [Manual Documents](#).

O. Emancipation and the Child Support Obligation (04/2023)

1. The automated system defaults a participant's emancipation date to the participant's eighteenth birthday when the participant is identified as CHILD on a case.
2. The automated system automatically produces the *Notice of Emancipation of Dependent (Notice)* approximately 60 calendar days before the dependent's emancipation date.
 - a. A case with a per-child order produces the *Notice* as each child approaches his or her emancipation date.
 - b. A case with an order that does not specify an amount per child produces the *Notice* when the youngest child approaches their emancipation date.
 - c. The *Notice* will not be produced for any dependent whose emancipation date is past their 18th birthday, or if the CP does not have a mail or residential address.
3. When the *Notice* is Generated
 - a. The automated system creates a Case Event that contains the child's name and date of birth.
 - b. The automated system generates a worklist for 20 calendar days after the document is mailed to check for a response from the CP and to take any necessary court action.
 - c. If the CP returns the information requested and indicates the child is still attending school full-time, not self-supporting, and continues to live in the CP's home, update the Emancipation Date field on the Participant Data screen with the child's emancipation date.
 - d. If the CP does not return the information requested, support terminates for the child on the eighteenth birthday.
4. When the youngest child emancipates, determine if arrearages accrued more than 10 years ago, have not been set by the court within the last 10 years and will not be paid in full within 10 years, based upon recent payment history. If the case meets these criteria and does not otherwise qualify for closure (i.e. long-term incarceration) or meet the requirements for a Review and Adjustment when requested by either party, then

[Table of Contents](#)

- a. For *ASOs*, issue a new *ASO* to establish the arrearages and a payment towards the arrearages.
 - b. For court orders, file a *Motion to Amend or Review Order* using the pleading option Adjudicate Arrears and/or Set Arrears Payment requesting the court set the total arrears balance and an ongoing payment towards arrears which should include both the prior current support amount and arrearages. However, if the NCP is not making regular payments, a *Motion for Show Cause Summons* to enforce and establish arrearages may be appropriate instead of a *Motion to Amend*.
5. When a dependent in a child support order emancipates, review the terms of the order to determine if the order is for one dependent or multiple dependents. A multiple dependent order can be a per-child order or a unitary order. A per-child order specifies each dependent's portion of the total support obligation, and a unitary order does not.
- a. An order may be payable monthly, semi-monthly, bi-weekly, or weekly (payment cycle). Do not prorate the support owed at the time a dependent emancipates. Support is due until the end of the payment cycle during which the child emancipates, whether monthly, semi-monthly, bi-weekly or weekly.
 - b. If a per-child order or a one-child order exists at the time a dependent emancipates, determine the payment terms of the order.
 - c. If a unitary order exists at the time a dependent emancipates, no change to the support obligation occurs until the youngest dependent emancipates, unless the order is modified by the court or by the Division (for an *ASO*).
6. A hold is placed at the case account level to prevent the disbursement of money when
- a. An order exists with only one dependent and the dependent emancipates
 - b. A per-child order exists and a dependent emancipates
 - c. The youngest dependent on a unitary order emancipates
7. If the emancipation of a dependent terminates the current support order, close and zero out the current support extension. Refer to [Closing Support Extensions](#).
8. If current support is reduced or terminated due to the emancipation of a dependent, review the case to determine if the *Income Withholding for Support (IWO)* should be modified or released. Refer to [Modifying and Releasing the IWO](#).

[Table of Contents](#)

9. Initiate case closure if the emancipation of a child terminates the current support order, and no arrearages exist. Refer to [Case Closure](#).
10. In some cases, support may be ordered to continue past the age of 18 (or age 19 and graduation from high school, or whichever comes first) for a child who is disabled. If a CP makes that request, refer to [Establishment and Modification of Orders Due to Child's Disability](#).

(11/2014) (03/2015) (06/2015) (08/2017) (09/2020) (12/2020) (07/2021)

P. Lost Administrative Support Orders (04/2023)

1. The ASO, along with proof of service, should always be maintained in the case record. When discovered that the current ASO (and/or proof of service) is lost
 - a. Notify a supervisor once it is confirmed that the ASO is missing.
 - b. Use due diligence to locate a copy of the ASO. Determine if
 - 1) The ASO has ever been registered with any court.
 - 2) The case file has ever been transferred from another District Office.
 - 3) A Hearing Officer has ever reviewed the ASO.
 - 4) The case file has ever been archived at the State Library.
 - 5) Either party has a copy.
 - c. The Field Supervisor shall document all efforts to locate the missing ASO in Case Events.
2. If the ASO is not located,
 - a. If the case is closed or set to close, do not take any additional action.
 - b. If the case will remain open, issue and serve a new ASO.
 - 1) Serve the *Notice of Proposed Review* on both parties and use the latter date of service as the effective date of the new ASO.
 - 2) Establish, as appropriate, current support per guidelines, the arrearages that accrued under the missing order, and a payment towards arrearages.

(04/2016) (08/2017)

Q. Errors in Administrative Support Orders (04/2021)

[Table of Contents](#)

If a served *ASO* contains an error

1. If the error is a matter that can be verified independently of the *ASO*, such as the spelling of a person's name or a person's date of birth, the correct information can be entered into the automated system. No action needs to be taken with respect to the *ASO* itself.
2. If the error is about the actual terms or substance of the *ASO*, such as the amount of an order or the inclusion of a child on the order, the Division must issue a new *ASO* and serve it on the parties in the same manner as the original *ASO*. Include language in the modified *ASO* stating that it is being issued in order to correct a clerical error in the original *ASO*. Once the new *ASO* has been served on the obligor, make any necessary adjustments in the automated system to reflect the provisions of the modified *ASO*. Those provisions should be considered to have been effective as of the date the original *ASO* became effective.
3. If an *ASO* is established and the Division later learns of information that would have led to a different outcome when the *ASO* was originally established, such as the NCP was receiving TANF or SSI at the time the order was established, initiate a review and issue a modified order.
4. If an *ASO* cannot be corrected by issuing a modified *ASO*, refer the case to Legal Counsel. There is no administrative process for invalidating an *ASO*.

(08/2017)

6.3 Medical Support Establishment

A. Overview (08/2017)

1. Establishment of a health care coverage order is part of the medical support services that falls under the full range of child support services provided to service recipients.
2. Establish a health care coverage order when the child support order is established. When either party requests a review of an existing order, add a provision for health care coverage if health care coverage was not addressed in the original order.

B. Establishing Health Care Coverage Orders (04/2023)

1. Provide medical support services on all cases.
2. Include a provision for health care coverage on all *ASOs*. Medicaid and FAMIS are considered health care coverage. Order the applicant (or spouse of the applicant) on the Medicaid or

[Table of Contents](#)

FAMIS case covering the child or children to provide coverage, unless the other parent is already providing health care coverage for the child or children which is accessible to the child or children and available at a reasonable cost.

- a. Order the CP to provide health care coverage unless one of the below circumstances (in b and c) applies.
 - 1) The CP must complete and return the *Health Insurance Verification Notice* and provide requested documentation prior to the ASO being completed.
 - 2) If the CP fails to return the form and provide the required documentation, review the case for closure based upon noncooperation if the Division cannot otherwise obtain the information needed to proceed.
 - b. Order the NCP to provide health care coverage if
 - 1) The NCP claims the child or children as a tax deduction
 - 2) The NCP already carries insurance for the child or children which is accessible to the child or children and available at a reasonable cost or
 - 3) Insurance is not available to the CP at a reasonable cost but is available to the NCP at a reasonable cost.
 - c. Do not order either parent to provide insurance if
 - 1) Health care coverage is not available to the NCP or CP at a reasonable cost unless parties have both signed an *Agreement to Provide Health Care Coverage Waiver of Cost Requirement* or
 - 2) It is known that the reasonably available insurance would be inaccessible to the child or children.
3. Include a request for health care coverage on all petitions to establish a support order.
 - a. The court may order the NCP, the CP, both or neither to provide health care coverage.
 - b. The review and adjustment process on any court order not already including a provision for health care coverage will include a petition to the court to include health care coverage in the modified order.
 4. Update the automated system to reflect the ordered health care coverage information.

[Table of Contents](#)

- a. Update the HCC Ordered field, indicating both parties are to provide, the CP only, the NCP only or neither party is ordered to provide health care coverage
- b. Add the appropriate percentage to the Uninsured Medical Expenses field
- c. Enter notes on the order to explain the health care coverage provision as ordered by the court. It should read similar to the following

HEALTH INSURANCE COVERAGE IS ORDERED BY THE COURT/ ASO TO BE PROVIDED BY THE (NCP, CP, BOTH-AS APPLICABLE) WHEN IT BECOMES AVAILABLE AT A REASONABLE COST.

5. If there is no order for health care coverage, initiate action to establish a health care coverage order when coverage becomes available to either party at a reasonable cost.
 - a. The cost of health insurance only (do not include vision and dental) for the child or children must not be greater than 5% of the gross income of the parent providing the health insurance.
 - b. To determine the cost of the health insurance, refer to [Determining the Monthly Child Support Obligation](#). If the cost for the health care coverage exceeds 5% of the gross income of the parent providing the health insurance, order if both parties have signed an *Agreement to Provide Health Care Coverage Waiver of Cost Requirement*.

Chapter 7: Enforcement

7.1 Enforcement Rules

A. Overview (xx/2024)

1. Federal laws and regulations establish enforcement requirements for IV-D and tribal IV-D agencies. Virginia's state laws and regulations establish the authority for the Division's enforcement remedies. These collective federal and state laws and regulations dictate enforcement activities including
 - a. Required enforcement actions
 - b. Allowable enforcement actions
 - c. Enforcement action timeframes and
 - d. Due process provisions
2. Use **applicable** administrative enforcement actions to enforce child support orders, unless judicial action is more appropriate. Refer to [Enforcement Program Standards](#).
3. Administrative enforcement remedies include:
 - a. [Income Withholding for Support](#)
 - b. [National Medical Support Notice](#)
 - c. [Driver's License Suspension](#)
 - d. [Order to Withhold and Order to Deliver](#)
 - e. [Federal and State Offset Programs](#)
 - f. [Passport Denial](#)
 - g. [FES Team Case Referral](#)
 - h. [Pre-Court Monitoring Program](#)
 - i. [Consumer Credit Agency Reporting](#)
 - j. [IRS Full Collection](#)

[Table of Contents](#)

4. The Division also initiates federal and state judicial enforcement actions as applicable to obtain support order compliance. Refer to [Judicial Enforcement Remedies](#).
5. Virginia has the authority to use Long Arm against an NCP who lives out-of-state to enforce an administrative or court order. Any enforcement action that requires service of process still applies when the NCP resides out-of-state.
6. The federally required Administrative Enforcement for Interstate cases (AEI) allows for other states to request the Division to search state databases for delinquent NCPs and their assets. The Division uses the same techniques used in intrastate cases to seize the assets. AEI cases are set up and processed as limited services cases by the NIVD Unit in Home Office.
7. Thoroughly document the case record any time there is an exception to enforcement on a case.
8. The *Important Notice about Child Support*
 - a. The *Important Notice about Child Support* (the *Notice*) is batch-generated monthly to NCPs who
 - 1) Have a current support order or an arrears- only case with a balance
 - 2) Have a workable case type
 - 3) Have a mail address on the automated system and
 - 4) Have not received the document previously
 - b. Division staff can generate the *Notice*.
 - c. The *Notice* tells NCPs
 - 1) That the Division charges interest on arrearages
 - 2) That the Division may charge fees
 - 3) That the Division takes enforcement actions
 - 4) How to request a review of their current support order
 - 5) Where to submit payment and
 - 6) The requirement to keep contact information current
 - d. Division must send the *Notice* before

[Table of Contents](#)

- 1) Charging a fee other than for genetic testing or private service of process to the NCP or
 - 2) Suspending an occupational, professional or driver's license
- e. When the automated system generates the *Notice*, it creates a Participant Event and updates the NCP Supplemental page.
- f. If the *Notice* is returned by the post office, update the Event Information Disposition field on the Case/Participant Event Detail page.
- 1) Use RTNU if the *Notice* is returned as undeliverable.
 - 2) Use RTNA if the *Notice* returned with a new address. Update the NCP's address information and generate a new Notice to the new address.
 - 3) The automated system will update the Disposition Effective Date field with the date that the Disposition field is updated.
- g. If the *Notice* was successfully sent at any time at least 30 calendar days before attempting to serve the *Notice of Intent to Petition the Court to Suspend Occupational, Professional or Trade Licenses, Certificate, Registration or Other Authority*, or the *Notice of Intent to Suspend Driver's License*, proceed with the action. If not, wait until 30 calendar days have elapsed before proceeding.

(12/2012) (07/2014) (10/2014) (04/2017) (09/2020)

B. Enforcement Program Standards (XX/2024)

1. Unless service of process is needed, take enforcement action within 30 calendar days of identifying arrearages or locating the NCP, whichever occurs later. Exceptions are
 - a. The federal and state tax refund offset, which have weekly certification and
 - b. The *Income Withholding for Support (IWO)*, which does not require arrearages
2. When service of process is necessary before taking an enforcement action, make diligent efforts to complete service. When process is served, take enforcement action within 60 calendar days of identifying arrearages or locating the NCP, whichever occurs later, or document unsuccessful attempts to serve process.
3. When enforcing of an out-of-state order and both parties live in Virginia, use all available enforcement actions. If administrative enforcement of the order fails, register the order with

[Table of Contents](#)

the appropriate Juvenile and Domestic Relations District Court for enforcement. Refer to [Support Enforcement](#).

4. Issue the *IWO* when a new *ASO* is entered unless
 - a. The CP and NCP, on a non-TANF case, sign an *Alternative Payment Arrangement Agreement* or
 - b. The **Division determines good cause exists to not issue the *IWO***. Refer to [Exceptions to Issuing the *IWO*](#).
5. When an enforcement attempt is unsuccessful, review the facts to determine the reason for failure and decide when to take an enforcement action in the future.
6. Case documentation must show that all applicable administrative enforcement actions have been exhausted prior to referring a case for judicial enforcement.

(04/2013) (07/2014) (04/2017)

C. **Determining Enforcement Actions (XX/2024)**

1. Federal regulations require the Division to take actions to enforce support obligations. Refer to [Enforcement Program Standards](#).
2. When a parent is delinquent in an amount equal to at least 1 month's support obligation and has not made a payment within the last 30 days, excluding intercept payments, initiate actions to determine why the Division is not receiving payments and document the actions taken.
3. Verify employment and *IWO* status.
 - a. Check the Employer History page for the last 18 months to see if there is an active *IWO*.
 - b. Verify there is no unworked new hire information.
 - c. Verify that the *IWO* has not been returned by employer.
 - d. Contact the employer to determine **why there was no response to the *IWO***.
 - e. If the *IWO* was in place with another source such as the jail, the Social Security Administration (SSA), etc., contact that source.
4. If there was no *IWO* in place, attempt to determine the source of the most recent payment(s).

[Table of Contents](#)

5. Ensure that the case is workable. Refer to [Case Workable Status](#).
6. Contact the CP and see if the CP has information about the NCP's current circumstances (e.g. new address, employer, incarceration, etc.)
7. Verify the Division has a current RES or MAIL address for the NCP.
 - a. If the address is located outside of Virginia, and the case is not an intergovernmental case, it may be appropriate to seek intergovernmental services. Refer to [Intergovernmental Services](#).
 - b. If there is no RES or MAIL address for the NCP but there are address types listed that are not OLD (such as FIDM), attempt to verify those addresses.
 - c. If all addresses are disproven, use available resources to locate the NCP; refer to [Locate](#).
8. Check for assets.
9. Check current licenses.
10. If there is case information indicating that the NCP may be self-employed, or owns or partly owns a business, check the [Department of Professional and Occupational Regulation](#) and/or the [State Corporation Commission](#).
11. Verify the arrears balance.
12. Once the appropriate actions in [items 3-11](#) above are complete, when applicable (e.g., case is still workable, NCP not incarcerated, etc.), promptly call the NCP. If phone contact is unsuccessful, send the *Administrative Summons*, *Virtual Administrative Summons* or *Contact Letter to NCP* through the fastest means, i.e. email, mail, MCS portal.
13. If contact is successful, interview the NCP and request payment.
 - a. Document all information collected during the interview. Refer to [Case and Participant Events](#) and [Interviewing Participants](#).
 - b. [Determine if the NCP has barriers that hinder his or her ability to pay support. Refer to FES Team Case Referral.](#)
 - 1) If the NCP has at least one [non-employment related barrier](#), [or employment challenges plus an additional barrier that hinder the NCP's ability to comply with the support obligation](#), refer the NCP to the Family Engagement Services Team for further assistance [unless the only barrier relates to driver's license suspension](#).

[Table of Contents](#)

- 2) Use the current referral process as per the FES Case Processing Guide.
 - c. If the NCP's only barrier is Division initiated driver's license suspension, review the case for enrollment in [Pre-Court Monitoring](#).
 - d. Have the NCP complete the *Financial Statement*. If the NCP's income has decreased since the order was entered and the order is not a minimum order, tell the NCP of the right to request a review of the support obligation.
14. If contact attempts are unsuccessful, the NCP is noncooperative or the NCP does not appear to have any barriers, and it has been more than 90 days since the Division received a payment other than an involuntary payment and the arrearages are at least \$500, review the case for civil contempt referral. Refer to [Civil Contempt Proceedings and Referral Process](#).

- 1) An NCP whose current incarceration has reached 180 or more consecutive days may be eligible for a Review and Adjustment.
- 2) Within 10 business days of becoming aware that an NCP is incarcerated
 - a) Verify the NCP's obligation exceeds the minimum amount.
 - b) Contact the correctional facility to verify the timeframe of the incarceration to determine if the NCP's incarceration period meets the minimum timeframe of 180 or more consecutive days.
 - c) Send the [Notice of Right to Request a Review of Your Child Support Due to Incarceration - NCP](#) and [Notice of Right to Request a Review of Your Child Support Due to Incarceration - CP](#) if the NCP meets the minimum timeframe and the NCP's obligation exceeds the minimum amount. Refer to [Manual Documents](#).
 - d) Document the correctional facility contact information and the length of incarceration in Case Events.

2. Incarcerated Felons

[Table of Contents](#)

- a. A Guardian ad Litem may need to be appointed when an enforcement action is initiated in court against an NCP who is an incarcerated felon.
 - b. Generate the *Legal Services Case Referral* and attach supporting documentation to refer the case to Legal Counsel before filing a petition with the court.
 - c. The appointment of a Guardian ad Litem is not required for administrative enforcement actions. If the action is appealed to court after the administrative hearing is complete, then the court determines whether a Guardian ad Litem is needed.
 - d. Enforcement actions initiated with successful service of process prior to the NCP's incarceration may remain in place.
 - e. In certain circumstances, a NCP's incarceration may qualify a case for closure. Refer to [Reasons for Case Closure](#).

- a. The Division exempts from withholding the first \$1,000 in an inmate's Personal Savings Account (Personal Trust Account). Any amount in excess of \$1,000 is subject to withholding.
 - b. Because the Department of Corrections will honor withholding up to the entirety of the inmate's account, if issuing an *Order to Deliver*, indicate that the withholding is requested only for any amount in excess of \$1,000.
4. Minor NCPs
- a. Minor NCPs are required to pay child support once a support obligation is established.
 - b. Do not use these enforcement actions against a minor NCP who attends school as required
 - 1) License suspension
 - 2) Seizure and sale of property and
 - 3) Judicial enforcement remedies
 - c. Use all appropriate administrative and judicial enforcement actions when a minor NCP does not attend school as required.

 - g. Change the case workable status to “UADC” while the NCP is actively receiving benefits and the circumstances in a or b apply.
6. Supplemental Security Income (SSI) payment Recipients

[Table of Contents](#)

- b. If the Division collects funds via an *Order to Withhold (OW)* or *Income Withholding for Support (IWO)*, and the NCP receives SSI or a combination of SSI/SSDI benefits or SSI/SSR benefits, the Division must refund the NCP the funds collected within 5 business days of discovering the error.
 - 1) Upon becoming aware of an error, review the case to determine if a refund is appropriate.
 - 2) For payments received from an *OW*, determine the refund calculation period beginning from the date the first payment is received on or after 12/01/2017, through the date the last payment is received from the *OW*. Do not begin the calculation period prior to 12/01/2017.
 - 3) For payments received from an *IWO*, determine the refund calculation period beginning from the date the first payment is received on or after 09/01/2022, through the date the last payment is received from the *IWO*. Do not begin the refund calculation period prior to 09/01/2022.
 - 4) Document Case Events with detailed case review findings and the refund calculation period.

- e. Update the case workable status to "USSI" when the NCP receives or is eligible to receive SSI benefits, a combination of SSI and SSDI benefits or a combination of SSI and SSR benefits. Coding the case USSI prevents the automated system from initiating enforcement actions, including issuing the *IWO*, the *Notice of Intent to Suspend Driver's License* or the *OW*, and certifying the NCP for State Tax/ Vendor Debt Offset and federal tax intercept.
- f. The case may also qualify for closure. Refer to [Reasons for Case Closure](#).

[Table of Contents](#)

7. Do not administratively enforce an order if an NCP resides in a facility that cares for residents with mental and/or physical disabilities and is not receiving SSI, SSDI or a combination of SSI and SSDI or a combination of SSI and SSR benefits. Refer the case to court for determination of enforceability.
8. If the NCP appears to have a long-term economic hardship, refer the NCP to the Family Engagement Services Case Manager to screen the NCP for enrollment in a [Family Engagement Services program](#). If the NCP does not qualify for or want to participate in a Family Engagement Services program, refer the case to the District Manager for review and determination regarding enforcement of the case.
9. If the NCP appears to have a long-term physiological or mental hardship, refer the case to the District Manager for review and determination regarding enforcement of the case.
10. Release any pending enforcement actions and do not initiate any new enforcement actions against a parent as long as he or she is enrolled in a Family Engagement Program except for

 - c) A needed modification to an existing *Income Withholding for Support (IWO)* because the arrearages are satisfied or current support is no longer due.

[Table of Contents](#)

e) Direct contact by the NCP and/or his or her attorney contesting any DCSE actions based on the bankruptcy filing.

8) Before issuing a refund to an NCP for an overpayment in an open bankruptcy case, check with the Bankruptcy Unit and provide them with the relevant case information, including the source of the overpayment. f. Chapter 7

1) The Division may continue to take most enforcement actions. The Bankruptcy Unit provides the Specialist with the appropriate information needed to take enforcement actions consistent with the bankruptcy laws.

4) The automated system resumes all usual automated collection measures.

g. Chapter 13 (includes Chapter 11 and 12 cases)

1) Modifications of the *IWO* to only collect current support should be processed only by the automated system. The Specialist should verify that the *IWO* has been modified.

2) In certain cases, the Bankruptcy Unit may determine that an *IWO* for current support and arrearages is appropriate. In these situations, the Bankruptcy Unit will notify the Specialist to send.

[Table of Contents](#)

- 3) Send a copy of the support order for each of the NCP's cases to the Bankruptcy Unit so that they can file a proof of claim.
 - 4) If arrears amounts are changed because of a court hearing after proof of a claim has been filed, immediately notify the Bankruptcy Unit so that an amended proof of claim or other documents can be submitted if needed.
 - 5) The Bankruptcy Unit monitors and maintains electronic files for all Chapter 13 bankruptcy cases.

 - 8) The assigned Specialists and District Managers receive email notification of the discharge/dismissal and that all enforcement actions may resume.
- h. The automated system reverses all actions taken and generates modified *IWOs* for arrearages if appropriate. The Specialist should verify that the *IWO* has been modified.
3. Department of Juvenile Justice (DJJ) Cases
- a. The Division takes all appropriate administrative and judicial enforcement actions for arrears only cases with DJJ as the CP.
 - b. Refer to [Closure of Department of Juvenile Justice Cases](#).
4. Spousal Support Cases
- a. Enforce spousal support when enforcing current child support or child support arrearages. This includes cases in which the current child support amount is \$0 because a Social Security or other disability payment satisfies the child support obligation.
 - 1) When the current child support charge is \$0, do not close the current child support extension.
 - 2) The charge amount for current child support is entered as \$0 and the extension remains open to allow the case to continue to be referred for offset programs.
 - b. In a TANF case, spousal support does not have to be included in the same order as the child support to qualify for federal income tax refund intercept.

[Table of Contents](#)

- c. In a non-TANF case, the spousal support has to be included in the same order as the child support to qualify for federal income tax refund intercept. Other enforcement actions do not require the spousal support and child support to be in the same order.
- d. Spousal support arrearages are eligible for all enforcement actions except for
 - 1) Passport Denial
 - 2) License Suspension
- e. The Division does not collect or enforce orders that are for spousal support only.
 - 1) Spousal support enforcement services end when a current child support obligation is terminated and there are no child support arrearages.
 - 2) Serve a *Change in Payee Notice* to the NCP directing that future spousal support payments be made to the payee directly.

[Table of Contents](#)

 - f. Child support payments
 - g. Amounts that exceed the Consumer Credit Protection Act (CCPA) limits

 - i. Any other funds exempt from withholding by federal or state law
4. The NCP does not have to have arrearages in order to issue the *IWO*. Refer to [Enforcement Program Standards](#).
5. The NCP cannot stop an *IWO* by paying arrearages.
 - a. If there is no current support obligation and all arrearages are paid, release the *IWO*. Refer to [Modifying and Releasing the IWO](#) and [Reasons for Case Closure](#).
6. When appropriate, issue an *IWO* within 2 business days when there is a new hire data match or an employer is found or provided.

8. To contest the *IWO*, the NCP must submit a written appeal request within 10 days from receipt of the *IWO*. Refer to [Income Withholding for Support](#).
9. If the NCP has more than 1 employer, serve the *IWO* on the employer that provides sufficient income to meet the total amount to be withheld. When the income from 1 employer is not sufficient to meet the total amount to be withheld, serve *IWOs* on other employers as necessary to withhold the total amount.
10. Serve the *IWO* on the NCP's new employer if the NCP changes employers.
11. *IWOs* issued by the Division can only be released by the Division.

[Table of Contents](#)

12. *IWOs* take priority over other liens created by state law against an employee's income, except for prior income withholding orders.
 - a. IRS levies take priority over *IWOs* when the underlying child support order was entered after the date of the levy. An *IWO* takes priority over IRS levies when the underlying child support order was entered prior to the date of the levy. In most cases the employer implements the child support exemption as directed by the IRS.
13. The *IWO* informs the employer about the child support order and the dollar amount needed to comply with the order.
14. Contact the Social Security Administration (SSA) to address any issues with *IWOs*, payments and *IWO* terminations. Refer to the [SSA Resolution Process Job Aid](#) for additional information.

(04/2017) (08/2018) (05/2019)

B. Consumer Credit Protection Act (CCPA) Limitations (05/2019)

1. The total amount withheld from disposable earnings for the insurance premium, the support payment or the total of the 2 may not be more than the amount allowed under the CCPA. In Virginia, child support is the priority when the NCP does not earn enough to cover both the child support and insurance premium deductions. Under the CCPA
 - a. If the NCP is not delinquent or has had a delinquency for a period of less than 12 weeks and
 - 1) if the NCP has biological or adopted children or a spouse residing in his or her home, 50% is the maximum of disposable earnings that may be withheld or
 - 2) if the NCP has no dependents other than those on the withholding, 60% is the maximum of disposable earnings that may be withheld.
 - b. If the NCP has had a delinquency for a period of 12 weeks or more and
 - 1) if the NCP has biological or adopted children or a spouse residing in his or her home, 55% is the maximum of disposable earnings that may be withheld or
 - 2) if the NCP has no dependents other than those on the withholding, 65% is the maximum of disposable earnings that may be withheld.
 - c. The period of delinquency, not the amount of arrearage, determines which percentage applies.

[Table of Contents](#)

- d. Determine the CCPA maximum based on dependent information on the most recent financial statement completed by the NCP. If there is no evidence of the existence of other dependents, assume the NCP does not have other dependents.
- e. For employees, disposable earnings are the remaining earnings after an employer makes legally required deductions. For independent contractors, disposable earnings are the remaining compensation paid for personal services after the payer makes legally required deductions.
- f. Required deductions can include federal, state, and local taxes, as well as withholdings for employee retirement systems required by law.

C. Exceptions to Issuing the IWO (XX/2024)

1. Do not issue an *IWO* when
 - a. The non-TANF parties agree to an alternative payment arrangement.

 - 2) Update the Alternative Payment Agreement field on the Update Support Order page to “Y- alternative payment arrangement is in place.”
 - 3) Retain the *Agreement* in the case file.
 - b. The Division determines good cause exists and issuing the *IWO* is not in the best interest of the child.
 - 1) The CP's agreement is not required.
 - 2) If the *IWO* is already in place and the NCP requests an exemption, do not release the *IWO* until the Division determines good cause exists.
 - 3) Have the NCP provide supporting documentation for exemption and sign the completed *Agreement*.
 - 4) Supporting documentation may include, but is not limited to
 - a) An employer letter indicating the NCP cannot obtain an employment security clearance.
 - b) Verified employer policy indicating restricted or limited advancement opportunity.
 - 5) For cases involving support order modification, proof of timely payments on previously ordered support is required.

c) In the event Notes, document the supporting evidence information, its date of receipt and the Division's determination that good cause exists.

7) Retain the *Agreement* in the case record.

2. If the NCP is unemployed at the time the order is established, an *Agreement* cannot be granted.

(04/2017) (08/2018)

D. Issuing the IWO (05/2024)

1. Issue an *IWO* when:

- a. The support order includes a provision for immediate income withholding.
- b. Support payments are past due in an amount equal to one month's support payment
- c. The employer becomes known and either a or b above applies.
- d. The NCP misses a payment after signing the *Alternative Payment Arrangement Agreement (Agreement)*. A notice is not required.
 - 1) Update the Alternative Payment Arrangement Agreement field on the Order Management > Update Support Order page to N- No alternative payment arrangement is in place.
 - 2) Document Case Events to indicate the NCP defaulted on the *Agreement*.

2. Determining the Arrears Payment

- a. If the support order specifies an arrears payment, record this information in the Ordered Arrears Amount field on the Order Management > Update Support Order page in the automated system.
- b. When current support is due, the income withholding amount for the arrears payment is
 - 1) The ordered amount when the order specifies an arrears payment or
 - 2) 25% of current support or \$65, whichever is greater, when the order does not specify an arrears payment and all arrearages are payable to the Division.

Example: If current support is \$200, the withholding amount is \$65 because \$65 is greater than \$50 (25% of \$200).

[Table of Contents](#)

- c. Current support is due if at least 1 child on the support order has not emancipated and the order has not been abated or terminated, unless the order specifies a different duration.
- d. When current support is no longer due, the income withholding amount for the arrears payment is

- 1) For Virginia orders,

- a) The current support plus arrears amount from the most recent order or

Example – Court Order: most recent support order ordered the NCP to pay \$200 towards current support and \$50 towards arrearages = \$250 is the withholding amount

Example –ASO: most recent support order ordered the NCP to pay \$200 towards current support plus the provision that includes the statement, “Even if a monthly arrears payment is not ordered at this time, an amount equal to 25% of the current support obligation or \$65 per month, whichever is greater, will be withheld if arrears are due in the future”, was checked = \$265 is the withholding amount (\$65 because \$65 is greater than \$50 (25% of \$200))

Example – ASO: most recent support order ordered the NCP to pay \$200 towards current support and \$50 towards arrearages = \$250 is the withholding amount

- b) The current support amount from the most recent order if the order does not specify an arrears payment

Example – Court Order and ASO: most recent support order ordered the NCP to pay \$200 towards current support and no amount was specified to be paid towards the arrears = \$200 is the withholding amount

- c) The ordered arrears payment from a new court order or adjusted ASO entered after all children on the order emancipate

Example – Court Order and ASO: arrears only amount ordered on most recent support order after all children emancipated is \$100 = \$100 is the withholding amount

- 2) For other states’ orders, the ordered arrears payment from the most recent support order. If there is no ordered arrears payment, use 25% of the former current support amount or \$65.00, whichever is greater.

- e. If a debt to the Commonwealth was established, but current support was never ordered, the income withholding amount for the arrears payment is

[Table of Contents](#)

- 1) \$65 per month when all children on the order have not emancipated or
 - 2) The ordered arrears amount on the most recent support order when all children have emancipated.
- f. If the Division is no longer collecting current support due to a change of physical custody and at least 1 child on the order has not emancipated, only collect the arrears payment for the arrears only case.
3. Generating the *IWO*
- a. *IWOs* are generated online or via batch processing.
 - b. Online *IWOs* are generated from the Document menu in the automated system. Refer to item 5 below.
 - c. Batch generation of the *IWO* is automated. However, the Specialist can generate an *IWO* through batch processing. Refer to item 6 below.
 - d. When the *IWO* is generated, the automated system
 - 1) Creates a “WWEA-Withholding of Income” Case Event and updates the Process Served Date and the Method of Service fields.
 - 2) Updates the NCP’s Participant Management > Participant Employment Detail page to show that an *IWO* is in place for that employer
 - e. Send a *Notification of Action Taken (Notice)* to notify the CP that the *IWO* has been issued.
 - 1) For online *IWOs*, the Specialist sends the *Notice*.
 - 2) For batch *IWOs*, the system generates the *Notice* on all cases except FC, SLFC and ARRP case types.
 - f. If the employer rejects the *IWO*, document Case Events, correct the *IWO* and re-serve the employer.
4. Service of Process
- a. For online *IWOs*, serve the NCP’s employer by first class mail or electronic means.
 - b. For batch *IWOs*, the Process Served Date is auto-populated as 5 days after the document generation date and the Method of Services indicates services by first class mail. Batch *IWOs* are sent by vendor using first class mail.

[Table of Contents](#)

- c. If the employer does not respond to the *IWO*, resend using a different method of service. Refer to [Service Methods](#).
- d. Employers are liable for failing to honor the *IWO* if the Division can show that the employer had actual notice of the *IWO*. Refer to [Employers' Responsibilities, Rights, and Reporting](#).

5. Online *IWOs*

- a. There are four options:

- c. Exceptions to the automatic generation of the *IWO* create the NHRM worklist for Division staff follow-up. The *IWO* will not generate if:
 - 1) The names do not match
 - 2) The case type is NIVD or LOCO
 - 3) The case has a UADC or USSI unworkable code
 - 4) The Alternative Payment Agreement field on the Update Support Order page indicates "Y- alternative payment arrangement is in place"
 - 5) The Interstate field on the Case Detail page indicates "I- VA Initiating State"
 - 6) The Income Withholding field on the Case Detail page is blank
 - 7) There is no active order and no open subaccounts

[Table of Contents](#)

- 8) The case never had a current extension built or
 - 9) The case has no frequency amount on an open current support extension or open arrears subaccounts with no balance due.

3. Medical support enforcement includes enforcement of a health care coverage order against an NCP and enforcement of court ordered medical/dental support payments that are a specific dollar amount.
4. Requirements for Health Care Providers
 - a. No coverage provider may refuse to enroll a child under a parent's coverage because
 - 1) The child was born out of wedlock
 - 2) The child is not claimed as a dependent on the parent's federal income tax return or
 - 3) The child does not reside with the parent or in the provider of coverage's service area.
 - b. Upon receipt of proof that a parent eligible for family coverage has been ordered to provide health care coverage for a child, the coverage provider will

[Table of Contents](#)

 - b. Part B of the *NMSN* is the *Medical Support Notice to the Plan Administrator*. The employer forwards Part B to the plan administrator to enroll the child when applicable. The plan administrator is required to return Part B to the Division within 40 days of the date of the *NMSN*.
6. While the NCP, the CP or both parties can be ordered to provide health care coverage, the Division does not issue the *NMSN* to the CP's employer when the CP is ordered to provide health care coverage. Only issue the *NMSN* when the NCP is ordered to provide health care coverage.

B. Issuing the National Medical Support Notice (09/2022)

1. Enforce the health care coverage order entered against an NCP within 30 calendar days of establishing an *ASO* or adding a court order to the automated system, or within 60 calendar days of identifying noncompliance with an order or of locating the NCP, whichever occurs later, if service of process is necessary to enforce.

[Table of Contents](#)

 - d. To issue the *ENMSN*, use the same process as issuing the EIWO. When generating the *EIWO*, an *ENMSN* will also generate for participating employers. Refer to [Electronic Income Withholding for Support](#).

[Table of Contents](#)

e. *ENMSN* employers send electronic notification of the *ENMSN* rejection, the NCP's termination date, the *Response to Part A* and/or *Response to Part B*. The notification creates a worklist. The worklist and descriptions are

When the employer contacts the Division and requests the CP and/or child's SSN(s) in order to enroll the child in health care coverage, advise the employer that the information is confidential and is not to be given to the NCP.
 - a. Provide the information to the employer
 - 1) Verbally via telephone if the employer calls the Division or

[Table of Contents](#)

13. The NCP may request a review of the amount of the child support obligation once the NCP is paying for health care coverage if the cost was not included in the order.
14. When the CP is ordered to provide the health care coverage, send the *Custodial Parent – Health Care Information Request* or send the *Employer Information Request* to the CP's employer to verify that the child or children is enrolled and to obtain policy information. 1. Active duty and retired military personnel receive military medical coverage benefits through TRICARE. TRICARE is an entitlement for military members and their dependents.
2. Because TRICARE is an entitlement and not health insurance, do not send the *National Medical Support Notice (NMSN)*.

[Table of Contents](#)

3. The Division receives quarterly DMDC/FCR matches, which reports children entitled to TRICARE but not currently enrolled. The automated system generates the *Notice of Eligibility for Enrollment* to notify the CP of enrollment eligibility.
4. If the NCP is unable or unwilling to enroll the child, the CP can initiate the process to enroll the child.
 - a. The CP will need to go to the nearest RAPIDS ID Card Center. Site location information is found at [RAPIDS Site Locator](#) or by contacting the DMDC/DEERS Support at 800-538-9552.

2. If an NCP owes at least \$5,000 in child support or has the child support arrearages totaling at least 90 days of the support obligation, then the NCP is eligible for license suspension.
3. Once the Division suspends the license, the Division will not notify DMV to cease suspension or reinstate the driver's license until the NCP
 - a. Pays the child support arrearages in full.
 - b. Enters into a payment agreement with the Division. Refer to item 11 below. Or,
 - c. Completes or successfully participates in an court or administrative intensive case monitoring program
4. The automated system identifies NCPs and generates the *Notice of Intent to Suspend Driver's License (NISD)* to NCPs that
 - a. Have a Virginia driver's license
 - b. Have child support arrearages on cases with current support that total
 - 1) At least \$5,000 or
 - 2) Are past due in an amount greater than or equal to 90 days' obligation and total at least \$500
 - c. Owe at least \$1,000 on arrears only cases. Although the automated system will generate the NISD with a \$1,000 balance, to proceed with the license suspension, the \$1,000 balance must be the equivalent of at least 90 days of the support obligation
 - d. Have not made a payment via income withholding, cash, check or money order in the last 90 days
 - e. Have an open workable case type.
 - f. A mail address
 - g. Have one or more of the following case types or a subaccount type of OSTA

- 4) NADC
 - 5) ARRP
 - 6) ARRN
 - h. Are not CPs on an open ADC or ADCU case type
 - i. Do not have an active appeal
 - j. Do not have a current *Income Withholding for Support* in place and one cannot be issued
 - k. Are at least 18 years' old
 - l. Received the *Important Notice about Child Support* at least 30 days earlier
 - m. Are not coded as active in the review and adjustment process for receipt or pending approval of Social Security benefits. Ensure that the Benefits field on the NCP Supplemental page is appropriately updated to prevent the *NISD* from generating.
 - n. Have a blank Action Type field on the DMV License Suspension page.
5. The *NISD* can be served on the NCP by
- a. The sheriff or process server. Refer to [Service Methods](#).
 - b. Using certified mail, return receipt requested. For the *NISD*, service by certified mail, return receipt requested, is considered to be successful when the mailing is sent unless returned indicating the address is invalid or the recipient has moved. It is not necessary to receive proof of service.
 - 1) When the *NISD* is generated during the batch process, the automated system updates the Service Method field with "SERVICE BY CERTIFIED MAIL" and updates the Served Date with a date allowing 3 days for delivery.
 - 2) If the *NISD* is returned as undeliverable, update the Unsuccessful Reason field on the *NISD* event with an unsuccessful service reason and the Returned Date field with the date that the document was returned to the Division.
 - 3) Updating the event for a return also updates the Action Type field on the DMV License Suspension page to "B" for Bad Service. Attempt to find a new address, and once a valid address is obtained, generate the *NISD* again if the NCP continues to meet the criteria for suspension.
 - c. Signing a *Waiver of Formal Service of Process*

6. The NCP must contact the Division within 33 calendar days from the date on the *NISD* to either pay his or her support in full or negotiate a payment agreement.
7. Review the NCP's case(s) to determine if he or she qualifies for license suspension based on the amount owed and the date of the last payment, as well as ensuring that the criteria listed in item 4.a-m above are met.
8. If the NCP qualifies for driver's license, the Specialist must diligently attempt to speak with the NCP to determine if the NCP's license should be suspended.
 - a. Attempt to call the NCP to discuss the case review results.
 - b. If the NCP cannot be reached by phone, contact the NCP using the *Contact Letter to NCP*, the *Administrative Summons*, *Virtual Administrative Summons* or email.
 - c. The *Driver's License Suspension Flyer* may be provided to the NCP.
 - d. After speaking with the NCP or documenting unsuccessful efforts to contact the NCP, if the NCP qualifies for driver's license suspension, continue as listed in items 10, 11, and 12 below as applicable.
9. If the NCP does not qualify for license suspension, see item 14 below.
10. Ask the NCP to pay the child support arrearages in full. Orally agree to a payment due date.
 - a. Create a self-generated worklist to see if the payment is made as agreed.
 - b. If the NCP does not make the payment as agreed, is unable to make payment in full or is unable to sign a *Payment Agreement*, determine if the NCP qualifies for participation in an **FES** program.
 - 1) If the NCP qualifies for participation in an **FES program**, refer the NCP to the **FES Team**. Refer to [FES Team Case Referral](#).
 - 2) If the NCP qualifies for participation in the Pre-Court Monitoring Program (PRCM), enroll the NCP in PRCM. Refer to [Pre-Court Monitoring Program](#).
 - 3) If the NCP does not qualify for an **FES program**, continue with the suspension process.
11. Payment Agreements
 - a. Negotiate a payment agreement with the NCP if the arrearages cannot be paid in full.

[Table of Contents](#)

- 1) The required payment towards arrearages may be made in installments as negotiated and agreed to by the Division.
 - 2) Use the *Payment Agreement- Pre-DMV Suspension- Driver's License Suspension* or *Payment Agreement- Post DMV Suspension- Driver's License Suspension* (both referred to as *Payment Agreement*) as appropriate.
 - 3) If current support is still due, the NCP must pay the full current support due each month in addition to the agreed upon arrearage payment to comply with the *Payment Agreement*.
 - 4) If an NCP defaults on a *Payment Agreement* and has his or her license suspended, the license cannot be reinstated unless the NCP pays the arrearages in full or meets the requirements for and signs a new *Payment Agreement*.
- b. The *Payment Agreement* must include at least one payment towards the required minimum payment.
- 1) For an initial *Payment Agreement*, the minimum payment is \$600 or 5% of the total past-due child support, whichever is less, with 10 years to satisfy the arrearages.
 - 2) If the NCP previously failed to comply with 1 *Payment Agreement*, the minimum payment is \$1200 or 7% of the total past-due child support, whichever is less, with 7 years to satisfy the arrearages.
 - 3) If the NCP previously failed to comply with 2 or more *Payment Agreements*, the minimum payment is \$1800 or 10% of the total past-due child support, whichever is less, with 7 years to satisfy the arrearages.
- c. The required lump sum payment may be made in installments as agreed to by the Division. Referral will not be made to DMV to reinstate the NCP's driver's license until the full minimum payment is received. The NCP must also pay the full current support due each month and the agreed upon arrearage payment in order to be compliant with the *Payment Agreement*.
- d. Any involuntary payment received within 12 months of the date of the signed *Payment Agreement* may be used to offset the required lump sum payment. The involuntary payment may only be used one time as a lump sum for a *Payment Agreement*. Document the use of the involuntary payment as a lump sum per the instructions in the [SELF Event Documentation Table](#).

[Table of Contents](#)

Example: Involuntary payment received on January 15, 2020, may be used for a lump sum payment for a *Payment Agreement* dated January 10, 2021.

Example: Involuntary payment received on January 15, 2020, may not be used for a lump sum payment for a *Payment Agreement* dated January 20, 2021.

- e. The *Payment Agreement's* terms must satisfy the delinquency, including all interest due and all interest that will accrue during the months after the agreement is signed, within a period of no more than 10 years for an initial agreement, and no more than 7 years if the NCP previously failed to comply with one or more *Payment Agreements*.
- f. To determine the monthly payment amount for the *Payment Agreement*, use the procedures below in conjunction with the [Driver's License Suspension Initial and Monthly Arrears Payment Calculation Worksheet](#).
 - 1) Take the total child support arrearages for all the NCP's cases with the Division plus accrued interest divided by 120 months for an initial agreement or 84 months for subsequent agreements.
 - 2) When current support is still due
 - a) Use 25% of current support or \$65.00, whichever is greater, when no arrears payment has been set or ordered, or
 - b) Use the court or *ASO* ordered monthly arrears payment.
 - 3) When current support is no longer due, for Virginia orders
 - a) Use the former monthly current support obligation amount from the most recent support order if the order does not specify an arrears payment, or
 - b) Use the figure which is the total of current support obligation amount plus arrears payment amount from the most recent support order if a court order or *ASO* includes a current support payment and a payment for arrearages.
 - c) Use the ordered arrears payment from a new court order or adjusted *ASO* entered after all children on the order emancipate.
 - 4) When current support is no longer due, for other states' orders
 - a) Use the ordered arrears payment from the most recent support order, or
 - b) Use 25% of the former current support obligation amount from the most recent support order or \$65.00, whichever is greater, if there is no ordered arrears payment.

[Table of Contents](#)

- 5) If a debt to the Commonwealth was established, but current support was never ordered
 - a) Use \$65.00 per month when all children on the order have not emancipated, or
 - b) Use the ordered arrears amount on the most recent support order when all children have emancipated.
- 6) Upon determining the monthly arrears payment amount for each of the NCP's cases, the Specialist will add each of the monthly amounts together to get one total monthly amount of arrearages due. Compare the results in 1 and 2 and use the calculation that results in the largest monthly arrears payment to complete the payment agreement.
- 7) A fourth method of calculation may be used if the NCP is acting in good faith and there is no reasonable possibility that he or she can pay the delinquency in the required time frame. The District Manager's approval is required to use this method.
 - a) Calculate the total amount of arrearages due, plus accrued interest, and multiply that total by 75%.
 - b) Divide the result of this calculation by 119 for an initial *Payment Agreement* and by 83 for each subsequent agreement. The resulting figure will be used for the monthly payment on the *Payment Agreement*.
 - c) The remaining 25% of the arrearages plus interest will be payable at the 120th or 84th month as a lump sum or balloon payment.
- 8) Complete and generate the *Payment Agreement*. Generating the *Payment Agreement* creates a Participant Event entry.
- 9) Have the NCP sign the *Payment Agreement* and provide him or her with a signed copy. Entering a *Payment Agreement* does not prevent the Division from taking other enforcement actions to collect the arrearages.
 - a) Issue an *IWO* if employment information is provided.
 - b) When issuing an *IWO*, the amount to withhold for the arrears payment may differ from the arrears payment in the *Payment Agreement*.
 - c) Issue the *IWO* as indicated in [Issuing the IWO](#). If the arrears payment for the *IWO* is less than the amount of the arrears payment for the *Payment Agreement*, the NCP must send in the difference.

[Table of Contents](#)

- 10) The signed *Payment Agreement* is a legal document. Give a copy to the NCP and retain a copy for Division records.
- 11) Suspend the driver's license if the NCP fails to pay the required amount due each month as provided in the *Payment Agreement*.
12. The automated system checks for payments on arrearages posted 31 calendar days after good service is received on the NISD. If a payment on arrearages has posted, the automated system creates a Participant Event entry; the event does not specify the amount of the payment, only that a payment was posted.
 - a. The Event Type is RPAY and the Event Description is DR LIC SUSP STOPPED DUE TO PAYMENT.
 - b. If no payments other than intercept payments have posted, a worklist generates to the Specialist.
 - c. The Specialist reviews the NCP's cases to decide if driver's license suspension is appropriate.
13. If the review reveals that the arrearages do not qualify for driver's license suspension, the Specialist
 - a. Notifies the NCP that the Division will not suspend his or her license now
 - b. Corrects the data that caused the notice to be issued in error
14. NCP Requests a Court Hearing

The NCP is entitled to a judicial hearing if he or she sends a written request for a hearing to the Division within 30 days after the service of the NISD. Within 2 business days of receiving the request, the Specialist generates the *Petition and Order to Suspend Driver's License - Failure to Pay Child Support (Petition and Order)*. The Division files the petition with the appropriate Circuit or Juvenile and Domestic Relations District (JDR) Court.

 - a. ASOs
 - 1) If both parties live in Virginia or only the NCP lives in Virginia, file the ASO and the *Petition and Order* with the JDR court where the NCP lives.
 - 2) If the NCP lives out-of-state and has an ASO and a driver's license issued by the Commonwealth, file the ASO and the *Petition and Order* with the JDR court where the CP lives.

[Table of Contents](#)

b. Court Orders

- 1) If both parties live in Virginia and have a Virginia court order, file the *Petition and Order* with the court enforcing the order with the highest arrearages.
- 2) If both parties live in Virginia and have an out-of-state court order, register the order in the appropriate jurisdiction, and file the *Petition and Order* with the same court.
- 3) If the CP resides out of state, the NCP resides in Virginia and there is a Virginia court order, file the *Petition and Order* with the court enforcing the order.
- 4) If the CP resides out of state, the NCP resides in Virginia and there is an out-of-state court order, register the order and file the *Petition and Order* in the jurisdiction in which the NCP resides.

c. Generating the *Petition and Order* creates a Participant Event entry and a worklist.

d. If the NCP has multiple cases, file the *Petition and Order* in one jurisdiction. Consult Legal Counsel to determine the appropriate jurisdiction to file when require further clarification is needed.

e. District Office staff

- 1) Update Schedule Maintenance when the court provides the hearing date.
- 2) Notify Legal Counsel of the hearing date.

f. After the hearing, the Court Specialist updates the hearing disposition code in Schedule Maintenance.

g. If the court orders the driver's license suspended, the authorized staff updates the DMV system to request driver's license suspension.

h. If the court orders the Division not to suspend the driver's license, wait 90 days before starting the process again.

i. Send the CP a *Notification of Action Taken* with the outcome of the court hearing if the CP was not present and any other relevant case information.

15. Staff authorized to use the DMV Driver's License Suspension Screen

a. Each District Office designates appropriate numbers and type of staff to update the DMV system for driver's license suspension.

b. When designated staff changes, the District Office Security Officer notifies DSS Security

[Table of Contents](#)

- 1) To deactivate the code for that staff member to be removed and
- 2) To activate the code for the new staff member (if applicable)

16. Suspension Notification to the DMV

The authorized staff member enters a code in the DMV system to suspend a driver's license.

- a. Access the suspension screen using
 - 1) The SSN or the DMV control number for the NCP or
 - 2) The name and date of birth, if the SSN or DMV control number is not available
- b. Enter the code for court ordered suspension or administrative ordered suspension as applicable.
- c. The participant identification number field requires 10 digits. This is the NCP's Participant ID number in the Division's automated system. If the number has less than 10 digits, use leading zeros to fill the field.
- d. Compare the Division's address for the NCP with the address on the DMV system. If they are different, enter the Division's address on the screen.
- e. Use the change function to correct the following data elements in the DMV system
 - 1) Participant Identification Number
 - 2) District Office
 - 3) Worker
 - 4) Address, if the need to change is identified on the day the NCP is added to the system.
- f. Use the delete function if the NCP needs to be removed from the DMV system when:
 - 1) The NCP referred is not the correct NCP.
 - 2) The wrong address was entered, and the error is not discovered until after the day the data is entered. If the correct address is available, add the NCP back to the DMV system.
 - 3) The arrearages do not qualify for driver's license suspension.
- g. When an NCP is deleted from the DMV system, the DMV generates an apology letter to the deleted NCP.

[Table of Contents](#)

h. Do not send a second suspension request to DMV if the Division has a driver's license suspension already in place.

17. The DMV automatically issues the suspension notice when staff enter the suspend code on the DMV system.

a. When an address is entered by a Division worker, the DMV mails the suspension notice to both the DMV's and the Division's addresses via certified mail.

b. The NCP has 15 calendar days to appeal the notice to the DMV.

c. The suspension goes into effect whether or not the NCP signed for the certified mail.

18. If a payment from the NCP posts after his or her license is suspended, the automated system worklists the Specialist with PYRR to indicate that a payment has posted. The payment must pay the arrearages in full or be in the amount pursuant to the payment agreement.

19. Reinstatement Notification to DMV

On the same workday that a payment is received according to the terms of a *Payment Agreement* that pays the arrearages in full or that a determination is made that the NCP has completed or is successfully participating in ICMP or AICMP, the authorized staff member must enter the appropriate code on the DMV system to reinstate the NCP's driver's license.

20. Reinstatement Fees

The DMV charges a fee to reinstate a suspended driver's license. The fee is paid directly to the DMV. If the NCP makes arrangements with the Division, and the suspension code is removed from the DMV system within the 15 calendar days before the suspension is effective, the NCP does not owe the fee.

21. Restricted Driver's License

a. The NCP may be unable or unwilling to comply with the requirements to reinstate his or her driver's license. In this instance, the NCP may file a *Petition for Restricted Driver's License-Failure to Pay Child Support* with the JDR court in the jurisdiction where he or she resides after the *NISD* is received.

b. The NCP may petition the court at any time after receiving service of the *NISD*. The court may grant the NCP a restricted license based on the child support suspension; however, DMV may still be unable to issue the restricted license if the NCP has other unresolved licensing matters.

[Table of Contents](#)

c. If the NCP does not comply with the child support order and he or she has a restricted driver's license, submit a *Legal Services Case Referral* to the District Office's Legal Counsel asking for guidance regarding court action to address suspension of the restricted license.

1) Proceed according to Legal Counsel's advice regarding this matter.

2) Do not send a suspension request to DMV if the NCP has a restricted driver's license. Submitting a suspension request to DMV when the NCP has a restricted driver's license will result in DMV suspending the restricted license.

2. Prior to petitioning the court ensure that

a. If current support is still due, the child support arrearages are

1) At least \$5,000 or

2) Greater than or equal to 90 days' obligation and at least \$500

b. For an arrears-only case, the child support arrearages are at least \$1000.

c. The Commonwealth of Virginia has issued the NCP a license, certificate, registration or other authority because

1) The NCP's occupation requires the credential or

2) The NCP engages in a recreational activity that requires the credential

d. The NCP has a mail or residence address.

e. The NCP is not a CP on another open case. If the NCP is a CP on a TANF case, do not take enforcement action. If the NCP is a CP on any case type other than TANF, discuss the case with office management before using this enforcement method.

 - b. By certified mail restricted delivery with return receipt requested. The NCP must personally sign for the mailing for service to be valid.

7. If the NCP contacts the Division at any point in the process, the Specialist
 - a. Reviews the NCP's case record(s) and decides if the NCP's case(s) qualify based on the amount owed and the date of the last payment. Refer to [Receivables Maintenance](#). Total the arrearages the NCP owes on all cases to see if the arrearages meet the criteria 2.a above.
 - b. Reviews the NCP's case records to decide if the other criteria in 2.a above are met. If all of the above conditions are met, the arrearages qualify for occupational or recreational license suspension.
 - c. Contacts the NCP to discuss the results of the review
 - d. Ask the NCP for payment in full. If the NCP is unable to pay the arrearages in full
 - 1) Request a lump sum payment for the arrearages. Verbally agree to a date by which the payment is to be made.
 - a) Create a self-generated worklist to see if the payment is made by the agreed to date.

 - 2) Ask the NCP if he or she is employed. If yes, obtain the employer's name and address and serve the employer with an *IWO*.
 - e. Negotiates a payment agreement if the NCP cannot pay the arrearages in full or does not have an employer that the Division can serve with an *IWO*
 - 1) The payment agreement must include an initial payment which is the greater of \$500 or 5% of the arrearages balance, and
 - 2) The payment agreement terms must satisfy the delinquency within a period not to exceed 10 years.
 - 3) Make 2 calculations to arrive at the monthly payment amount for the payment agreement.
 - a) Calculate the amount to be paid monthly using the total arrearages plus accrued interest divided by 120 months, and
 - b) Calculate the amount to be paid monthly using 25% of current support or \$65, whichever is greater.

[Table of Contents](#)

- 4) Compare the results of both calculations and use the calculation that results in the largest arrearages payment plus current support and complete the *Payment Agreement Occupational or Professional License Suspension (Payment Agreement)*.
 - 5) Have the NCP sign the *Payment Agreement*.
8. If the NCP does not contact the Division within 30 calendar days after the notice is served or make satisfactory payment arrangements, the Specialist

 - b. Review the Participant Account History for the NCP to verify that all payments received have been distributed.
 - 1) If all payments received have not been distributed, decide if payment(s) needs to be allocated to the case.
 - 2) If payment(s) need to be allocated to the case, allocate the payments and then decide if the case still qualifies for license suspension.
9. Generate the *Legal Services Case Referral* and forward it and supporting documentation to Legal Counsel.

15. If a *Motion for Show Cause Summons* is filed
- a. Send the CP the *Notification of Action Taken* and

- b. Notify Legal Counsel of the court date and that the NCP has not complied with court's order to surrender the license, certificate, registration or other authority.

7.5 Order to Withhold and Order to Deliver

A. Overview (05/2019)

1. Federal regulations require child support agencies to initiate enforcement actions against delinquent NCPs. State law allows the Division to issue *Orders to Withhold* (OW) and *Orders to Deliver* (OD) to any entity that the Division believes has property due, owing and belonging to the NCP.
2. The OW is typically issued to financial institutions but may be sent to other entities that have or will have financial assets belonging to the NCP.
3. Property Exempt from the OW/OD Process

Virginia law exempts certain property from the OW process. If District Office staff are uncertain if the property is exempt or not, consult with Legal Counsel. Major exemptions from the OW process include, but are not limited to:

- a. Supplemental Security Income (SSI)
- b. A combination of SSI and Social Security Disability Insurance (SSDI)
- c. A combination of SSI and Social Security Retirement (SSR)
- d. Veterans' benefits
- e. Group life insurance policy benefits except for the Virginia Retirement System group insurance policies
- f. Industrial sick benefits insurance proceeds
- g. Crime victims' benefits
- h. Burial contracts
- i. Public assistance payments
- j. Child support payments
- k. College work study
- l. Growing crops and

B. The Order to Withhold (04/2023)

- 1. General Criteria for Issuing the *OW*
 - a. Issue the *OW* on a case with current support if the NCP has child support arrearages in an amount greater than or equal to 90 days' obligation.
 - b. Do not issue an *OW* on cases if arrearages are created as a result of an order until 90 days have elapsed since the order entry date. This includes situations such as
 - 1) An initial support order that is retroactive
 - 2) An initial support order that assesses TANF debt
 - 3) A modified support order that increases current support and the NCP had no arrearages prior to the entry of the new order.
 - c. Issue the *OW* on an arrears only case.
 - d. Prior to issuing the *OW*, ensure that the NCP
 - 1) Is at least 18 years old. Refer to [Enforcement and Special Circumstances NCPs](#),
 - 2) Is not a CP on an open case
 - 3) Does not have arrearages held in abeyance and
 - 4) Does not have an outstanding bankruptcy. Refer to [Enforcement and Special Circumstances Cases](#).

[Table of Contents](#)

- c. The Division submits new cases to OCSS along with updates to the arrearage amounts on previously submitted cases weekly.
 - d. OCSS submits qualifying NCPs to the Department of State for passport denial or withdrawal daily.
 3. When the NCP qualifies for Federal Offset, the *Pre-Offset Notice (Notice)* tells the NCP the Secretary of State will refuse to issue a passport, and may revoke, restrict, or limit a previously issued passport when the NCP's child support arrearages exceed \$2,500. The NCP may contest the arrearages within 30 days from receipt of the *Notice* by requesting an administrative appeal. Refer to [Administrative Appeals](#).
 4. The certification to the Department of State remains active until
 - a. The NCP's child support arrearages are zero or
 - b. The Division excludes the NCP from the Passport Denial process using the Passport Denial Indicator on the Case Management > Enforcement > Update Offset Indicators page in the automated system.
 5. Criteria for removing referred NCPs
 - a. OCSS allows states to establish their own criteria for removing referred NCPs from the Passport Denial process. The Virginia Administrative Code establishes the Division's criteria for removal as
 - 1) The child support arrearages are paid in full or
 - 2) The IV-D agency director (Deputy Commissioner) or his or her designee has the discretion to grant an exception based on written documentation of
 - a) A life or death situation of an immediate family member.
 - b) Erroneous submittal resulting from mistaken identity or an incorrect SSN.
 - c) Current employment or an offer and acceptance of employment that requires the NCP to have a passport. For this exception, the Division must be able to implement an *Income Withholding Order for Support (IWO)* and the NCP must make a lump sum payment and sign a payment agreement.
 6. When an NCP contacts the Division because his or her application for a passport has been denied, take the following steps:

[Table of Contents](#)

- a. Verify that the correct person has been submitted. If the wrong person was referred (mistaken identity or incorrect SSN), refer to item 11 below.
 - b. Verify that Virginia is the state that referred the NCP for Passport Denial.
 - 1) If Virginia is not the referring state, tell the NCP that Virginia is not the submitting state and that he or she needs to contact the state that made the referral.
 - 2) If both Virginia and one or more other states have submitted the NCP for Passport Denial, the NCP will need to make separate arrangements with each state involved.
 - c. Verify the debt meets the threshold for Passport Denial.
 - 1) If the arrearages reported are a combination of child support and spousal support arrearages, refer to item 8 below.
 - 2) If the arrearages reported are the result of “instant debt” created by an initial or modified order, refer to item 9 below.
7. Upon verifying that the Division’s referral is correct, inform the NCP that the Passport Denial will remain in place until the child support arrearages are paid in full unless the NCP meets exception criteria.
- a. If the NCP alleges a life or death situation, refer to item 10 below.
 - b. If the NCP alleges that the passport is needed as a condition of continuing employment or a requirement for an accepted job offer, refer to item 12 below.
 - c. If the NCP has an imminent need for travel and payment is made in full, refer to item 13 below for the expedited withdrawal process.
8. Arrearages include a combination of child and spousal support arrearages.
- a. Determine what portion of the debt is attributable to child support and what portion is attributable to spousal support at the time of the initial referral.
 - 1) If it is determined that the child support arrearages met \$2,500 criteria at any point in time for Passport Denial, the NCP is not eligible to have the Passport Denial removed until the child support arrearages and interest are paid in full unless another exception is met (i.e. life or death situation).
 - 2) If the referral for Passport Denial occurred because the inclusion of spousal support arrearages met the \$2,500 criteria, thoroughly document Case Events and forward the case to the District Manager for review.

[Table of Contents](#)

- a) If the District Manager determines the NCP should not have been referred, update the Passport Denial Indicator on the Update Offset Indicators page in the automated system.
- b) Do not issue the *Emergency Notice of Withdrawal of Passport Denial*; the NCP will be removed via the weekly automated process. Refer to item 13.a below for information on the automated withdrawal process.

9. Arrearages include “Instant Debt”

For cases in which the NCP had “instant debt” created by an initial or modified child support order

- a. If the NCP pays the arrearages in full or has paid support consistently as ordered since the entry of the initial or modified support order, thoroughly document the automated system with this information, and forward the case to the District Manager for review.
- b. If the NCP does not pay the arrearages in full or has not complied with the initial or modified support obligation as ordered, the NCP is not eligible to have the passport denial removed until the child support arrearages and interest are paid in full unless another exception is met (i.e. life or death situation).
- c. If the NCP met the submission criteria at the time of the submittal and has since made a payment, the NCP is not eligible to have the Passport Denial removed until the child support arrearages are paid in full unless another exception is met.
- d. If the District Manager determines that the case meets the circumstances for withdrawal, update the Passport Denial Indicator on the Update Offset Indicators page in the automated system.
- e. Do not issue the *Emergency Notice of Withdrawal of Passport Denial*; the NCP will be removed via the weekly automated process. Refer to item 13.a. below for more information on the automated withdrawal process.

10. Life or Death Situation

When the NCP alleges a life or death situation involving a family member, tell the NCP

- a. The Department of State defines life or death situations as serious illness, dangerous operation, or imminent death or funeral. The Department of State requires a letter from a doctor or Red Cross notification. The NCP is responsible for providing verification of the life or death situation.

[Table of Contents](#)

- b. The Department of State defines an immediate family member as

- e. If the Deputy Commissioner (IV-D Director) or his or her designee approves the payment arrangement and all other requirements are met, release the Passport Denial via the emergency withdrawal process. Refer to 13.c. below.

11. Erroneous Referral

- a. The Department of State defines erroneous referral as
 - 1) Mistaken Identity- The wrong person is identified. This happens when a passport application partially matches information in the system used by the Department of State. Information used includes at least 2 matches from name, date of birth, place of birth, gender or SSN.
 - 2) The child support agency submitted the wrong SSN.
- b. When the NCP was referred erroneously, documentation in the automated system must clearly substantiate that the referral was in error.

[Table of Contents](#)

c. Release the Passport Denial via emergency withdrawal process. Refer to item 13.c. below.

12. Passport Needed as a Condition of Employment

a. If the NCP alleges that the passport is needed as a condition of continuing employment or as a requirement for an accepted job offer, request payment in full. If the NCP is unable to make payment in full, inform the NCP

- 1) He or she must provide written proof from the employer that the passport is needed for employment.
- 2) The Division requires verification from the employer that an *IWO* can be implemented.
- 3) Satisfactory payment arrangement must be made that includes a lump sum payment.
- 4) The decision to withdraw the NCP from the passport denial lies solely at the discretion of the Deputy Commissioner (IV-D Director) or his or her designee.

- 3) When expedited withdrawal criteria is met
 - a) Document the automated system when approval is received.

[Table of Contents](#)

- b) Update the Passport Denial Indicator on the Update Offset Indicators page in the automated system.
- c) Send an encrypted email to the regional Special Assistant that includes the NCP's name, date of birth, SSN, and reason for expedited withdrawal. The regional Special Assistant will notify OCSS of the expedited withdrawal via the Child Support Portal after verifying that the Passport Denial Indicator is updated correctly.
- d) Do not issue the *Notice of Emergency Withdrawal of Passport Denial* for an expedited withdrawal.

c. Emergency Withdrawal Process

- 1) The Department of State's regulations establish the exceptions to the automated process as life or death situations involving an immediate family member or the erroneous submittal of an individual.
 - 2) OCSS guidance indicates that the emergency withdrawal process may not be used for an NCP that was legitimately referred and has since met the Division's other requirements for release.

The regional Special Assistant will notify the Department of State of the emergency via fax after verifying that the Passport Denial Exclusion Indicator is updated correctly.
 - e) Do not instruct the NCP to give the *Notice of Emergency Withdrawal of Passport Denial* letter to the Passport Agency. The Department of State requires that all states strictly adhere to the procedures.
14. Once a passport is issued, it is valid for 10 years, even if the NCP's arrearages later exceed \$2,500. The passport can only be revoked during this period if it is submitted to the

[Table of Contents](#)

Department of State for revision, such as a change of name or to have pages added to a passport book.

7. Notification to the NCP

- a. Virginia Taxation mails the NCP a notice that the state tax refund is being held for the Division.
- b. The automated system generates a notice within 10 days of receiving notice from Virginia Taxation that the refund is being held. The NCP has 30 calendar days to file a written appeal. Refer to [State Tax and Lottery Winnings Intercept](#).

E. Department of Accounts Processing (08/2017)

[Table of Contents](#)

1. The Department of Accounts (DOA) decides if certain intercepted payments are eligible for intercept and computes the amount that may be intercepted.
2. Eligibility of educational loans and grants is determined by the source of the payment not by to whom the payment is made. If the check is payable to the student and it is a third party's money, the Division can intercept the payment and the third party must settle with the student.

When an NCP challenges the intercept, calculate the amount that may be retained before a hearing. If Division staff are uncertain if the payment is earnings, contact the Program Guidance Team via the appropriate channels.
4. The DOA issues a check to the NCP if any money remains after the certified amount is paid to the Division.

7.7 Other Administrative Enforcement Services

A. Overview (XX/2024)

This section provides guidance regarding additional administrative enforcement services that the Division uses that have not been previously covered in this Chapter.

(08/2017)

B. Pre-Court Monitoring Program (XX/2024)

1. The Pre-Court Monitoring Program (PRCM) is one of the Division's Family Engagement Services. The Enforcement Specialist (Specialist) administers the PRCM, which is an alternative enforcement method based on very select circumstances that present a barrier to the NCP's ability to comply with the support obligation. Program participation is voluntary.
2. Responsibility of the Specialist

[Table of Contents](#)

- a. During NCP interviews, if it appears that the NCP has barriers that hinder his or her ability to pay support, the NCP may be eligible for the Division's FES Team services. If the NCP meets eligibility criteria and is interested, provide the NCP with information regarding the Division's FES Team services. Refer to [FES Team Case Referral](#).
- b. If the NCP's only barrier to support order compliance is Division initiated driver's license concerns, enroll the NCP in PRCM if the NCP wants to participate.
- c. If the NCP is not interested in participating in FES Team services or PRCM, and it has been more than 90 days since the Division received a payment other than an involuntary payment and the arrearages are at least \$500, review the case for civil contempt referral. Refer to [Civil Contempt Proceedings and Referral Process](#).

3. Administering the PRCM

- a. PRCM participants are parents who have a valid VA driver's license and
 - 1) Have received the *Notice of Intent to Suspend Driver's License (NISD)* or
 - 2) Have a Division only driver's license suspension and are not currently subject to a *Payment Agreement- Pre-DMV Suspension- Driver's License Suspension or Payment Agreement- Post-DMV Suspension- Driver's License Suspension* (both referred to as *Payment Agreement*) or defaulted on a previous *Payment Agreement*.
- b. The PRCM program assists participants with eliminating license suspension as a barrier to employment.

4. Enrollment and Participation Requirements

- a. Explain to eligible parents that the driver's license suspension will be prevented or removed if he or she provides
 - 1) A job offer verification or
 - 2) Proof of registration with the Virginia Employment Commission or Virginia Workforce Connection and evidence of at least 2 weekly job search activities including submitted applications.
- b. Enroll the NCP in PRCM upon receipt of the required information in a.1 or a.2 above. Create the Case Event on each of the NCP's cases and a Participant Event all with the Event Description NCP ENROLLED IN PRCM.
- c. Advise the NCP that the PRCM program is limited to 90 days.

[Table of Contents](#)

- d. Upon enrollment in PRCM, initiate reinstatement of the driver's license if the license is already suspended.
 - 1) Obtain District Office management approval prior to initiating action to reinstate the driver's license.
 - 2) The PRCM participant does not need to make a payment or enter into a *Payment Agreement* to have the license reinstated.
- e. Review the case **periodically but no less than** every 30 days to verify that the parent is
 - 1) Providing evidence of 2 weekly job search activities or
 - 2) Making payments to satisfy current support, or the ordered arrears payment for arrears only cases. If there is no ordered amount for arrears only cases
 - a) **For Virginia orders**, use a minimum of \$65 per month or **the previous** current support **amount when** current support was previously due.
 - b) **For other state's order**, use \$65 per month or 25% of current support if current support was previously due, whichever is greater.
5. If the parent is **substantially compliant** the program requirements in **4.e** above, the parent can participate in in PRCM for up to 90 days.
6. If the parent is not meeting program requirements in **4.e** above **at any point in program enrollment**,
 - a. Remove the parent from the PRCM program and
 - 1) **Suspend the driver's license if enrollment in PRCM prevented license suspension and it has been at least 30 days since the NISD was served. If not, suspend the driver's license once 30 days has passed; no** further notice is required.
 - 2) Restart the suspension process by generating and serving the *NISD* if enrollment in PRCM reinstated the license.
 - b. **Review the case for civil contempt referral. Refer to** [Civil Contempt Proceedings and Referral Process](#).
7. **If 90 days has passed since the NCP's PRCM referral and the NCP is compliant with 4.e.1 above but is not compliant with the support obligation, review the case for civil contempt referral. Refer to** [Civil Contempt Proceedings and Referral Process](#).

C. TANF Debt Compromise Program (04/2021)

1. The TANF Debt Compromise Program (the Program) provides an incentive for NCPs to discharge a portion of TANF debt owed to the Commonwealth based upon criteria set by the Division and the NCP's ability to pay.
2. The Program has 3 tiers based on the participant's income. To qualify to participate in the Program, the following criteria must be met.
 - a. The NCP owes TANF debt to the Commonwealth of Virginia,
 - b. The NCP completes the *TANF Debt Compromise Payment Agreement (Agreement)* and
 - c. The order is a Virginia court or administrative support order.
3. If the NCP owes a TANF debt and the order on the case is a Virginia order but the NCP does not reside in Virginia, the NCP can still participate in the Program. Refer to [Division Responsibilities](#).
4. Each tier includes additional requirements the NCP must meet to qualify for the Program.
 - a. Tier 1
 - 1) The NCP's annual income is \$40,000 or less.
 - 2) The NCP agrees to participate in Family Engagement Services (FES).
 - 3) The FES Case Manager completes the *Case Action Plan*.
 - b. Tier 2
 - 1) The NCP's annual income is \$40,000 or less.
 - 2) The NCP does not meet the criteria or does not want to participate in FES.
 - c. Tier 3
The NCP's annual income is greater than \$40,000.
5. To participate in the Program, the NCP must enroll. Each enrollment is in effect for 1 year. After 1 year, the participant must re-enroll to continue in the Program.

[Table of Contents](#)

- a. For Program participants enrolled in FES, the FES Case Manager manages the participant's case. Refer to [Case Management](#), [Case Manager Responsibilities](#) and [TANF Debt Compromise for Family Engagement Services Participants](#).
 - b. For Program participants not enrolled in FES, the Enforcement Specialist manages the participant's case.
6. Do not refer the NCP for civil contempt when the NCP is participating in the Program and complying with the *Agreement*. Pursue all other enforcement actions as appropriate.
7. TANF Debt Reductions

The participant's TANF debt reduction is based on the qualifying Program Tier at the time of application.

a. Tier 1

- 1) A 5% reduction when the NCP successfully completes 2 of the *Case Action Plan* goals.
- 2) A 5% reduction when the NCP successfully completes the remaining *Case Action Plan* goals.
- 3) A 5% reduction when the NCP graduates from FES.
- 4) A 5% reduction when the NCP obtains employment and makes the required payment for 3 consecutive months. The NCP may receive this reduction until the *Agreement* expires.
- 5) A \$1 for \$1 reduction when the NCP makes the required payment for 3 consecutive months and makes a lump sum payment in the amount of \$50 or more.

b. Tier 2

- 1) A 5% reduction when the NCP makes the required payment for 3 consecutive months. The NCP may receive this reduction until the *Agreement* expires.
- 2) A \$1 for \$1 reduction when the NCP makes the required payment for 3 consecutive months and makes a lump sum payment in the amount of \$50 or more.

c. Tier 3

\$1 for \$1 reduction when the NCP makes the required payment for 3 consecutive months and makes a lump sum payment in the amount of \$100 or more.

[Table of Contents](#)

- d. When calculating the amount to apply for the \$1 for \$1 reduction, use the lump sum amount. Lump sum payments may include payments received from federal tax intercepts. Do not include state tax intercepts, purge payments or payments from the *Order to Withhold* process.
- e. The NCP can receive reductions up to the total amount of TANF debt owed on all cases.
- f. Once an NCP receives the 5% reduction or \$1 or \$1 reduction, the NCP does not qualify for another reduction until he or she makes required payments for 3 additional consecutive months or pays the equivalent of 3 monthly-required payments during a subsequent 3 consecutive months' time period.

EXAMPLE: The NCP makes his required monthly payments in March, April and May. The NCP receives a 5% reduction in June.

The NCP also makes his required June payment. The NCP will not qualify for a reduction in July due to making the required payment in April, May and June. The NCP will have to make payments in June, July and August before he or she receives another reduction.

8. Partially Compliant and Noncompliant Participants

- a. If a participant makes a lump sum payment but has not paid the required payment amount for 3 months, he or she can receive a \$1 for \$1 reduction for the lump sum payment. To calculate the amount to apply for the \$1 for \$1 reduction:
 - 1) Determine the required payment amount for all cases for the previous 3 months. Deduct the amount of the required payment amount from the lump sum amount.
 - 2) Apply the remainder as the lump sum payment for the \$1 for \$1 reduction.
- b. If an NCP fails to make a required monthly payment, the NCP can receive the reduction if he or she makes up the payment in the next month.

EXAMPLE: The NCP's required payment is \$150. The NCP makes a payment of \$150 in March but does not make a payment in April. In May, the NCP pays \$300. The NCP qualifies for a reduction.

9. Non-enrolled NCPs

If an NCP is not currently participating in the Program, owes TANF debt to the Commonwealth, and wants to make a lump sum payment to receive the \$1 for \$1 reduction

[Table of Contents](#)

- a. Determine the NCP's qualifying tier and calculate the required payment due for all cases for the previous 3 months. Deduct this amount from the lump sum payment.
- b. Apply the remainder as the lump sum payment for the \$1 for \$1 reduction.

- f. Review the Monthly Credit Bureau Removal Report, D398.

7. Notification and Referral Process

Automated Notification to NCP

- a. The automated system generates monthly the *Consumer Agency Reporting Notice* (the *Notice*) via batch processing. The *Notice* tells NCPs that their arrearages will be referred to the CRAs and the initial reporting amount.
- b. Criteria for generating the *Notice*
 - 1) Arrearages are owed to the Commonwealth and/ or the CP on an active IV-D case.
 - 2) On cases with current support due, arrearages are equal to or greater than 3 months of current support.
 - 3) On arrears only cases, arrearages are at least \$500.
 - 4) The Present Status field on the Credit Bureau Reporting Status page is either blank if the NCP has not been previously submitted or D if the NCP was previously deleted.
 - 5) The NCP lives in Virginia or, in long arm situations, the NCP resides out-of-state and no other states are enforcing the case. The Case Detail page shows the Interstate field as an R RESPONDING or blank.
 - 6) The arrearages are enforceable. Refer to [Enforcement Rules](#).
- c. The automated system creates a Participant Event when the *Consumer Reporting Agency Notice* generates. L-LETTER -10 DAYS TO CONTEST appears in the Present Status field on the Credit Bureau Reporting Status page indicating that a letter has been generated to notify the NCP of the Division's intent to refer the arrearages to consumer credit reporting agencies.

8. New Referrals

- a. When the automated system selects a NCP, it creates a Participant Event and changes the L-LETTER -10 DAYS TO CONTEST in the Present Status field to SUBMITTED-TO-AGENCIES to indicate the NCP's arrearages were referred to the CRAs.

[Table of Contents](#)

- b. The automated system refers the arrearages if the NCP does not contest the action within 10 calendar days. [Refer to Reporting the NCP to Consumer Credit Reporting Agencies.](#)
- c. The file is forwarded to the CRAs.
- d. The file includes new referrals and increases or decreases to arrearages previously reported.
- e. The automated system updates the L-LETTER -10 DAYS TO CONTEST with SUBMITTED-TO-AGENCIES in the Credit Bureau Reporting Status field to indicate arrearages have been reported to the CRAs.
- f. The automated system updates the SUBMITTED-TO-AGENCIES with E-YOUNGEST CHILD EMANCIPATED on the Credit Bureau Reporting Status screen when the participant is no longer being reported because the youngest child has emancipated and the delinquency date is 7 years or older. This reporting status change creates the Participant Event NCP REMOVED FROM CRA CHLD EMANCIP.

9. Cases Not Referred

- a. If the NCP has an L-LETTER -10 DAYS TO CONTEST in the Present Status field and his or her arrearages are less than 3 months of support or \$500 on an arrears only case, the automated system changes the L-LETTER -10 DAYS TO CONTEST to a blank and does not select the NCP for submission.
- b. If the Present Status field has an
 - 1) A-AP APPEAL FILED. The referral is delayed for 60 calendar days while an appeal hearing and result is pending.
 - 2) T- 60-DAY SUSPENSION. The referral is delayed for 60 days. Use this status when the NCP contests the arrearages and Division staff need to review information to determine if the case should be referred.
 - 3) P- PERMANENT EXCLUSION. This reason is used when the Division decides that the NCP needs to be permanently removed from CRA reporting.

10. Referral with no Confirmed Address

- a. If the NCP has an L-LETTER -10 DAYS TO CONTEST in the Present Status field and does not have a mail address or IRS address, *Notice* will still be generated and sent to the NCP automatically using batch processing. The notice will be sent to the last “old” address on the Participant Address History for the NCP.

[Table of Contents](#)

- b. Generating the *Notice* to an NCP with an old address will create the worklist CBLN: CRED BUREAU LTR TO NCP OLD ADDR.
- c. Upon receipt of the worklist the Specialist immediately initiates locate for the NCP.

E. IRS Full Collection (03/2022)

The IRS can enforce in all 50 states, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, and any foreign country with which the United States has a treaty to levy against assets. However, this enforcement method is exceptionally rare and requests for this enforcement method must go through the Federal Office of Child Support Enforcement for assistance. If the NCP is not paying his or her child support, the Division has exhausted typical enforcement methods, including intergovernmental referral and the District Office would like to initiate IRS full collection services, contact the Program Guidance Team at pgt@dss.virginia.gov for assistance.

7.8 Judicial Enforcement Remedies

A. Overview (XX/202X) (NEW SECTION)

1. The Division initiates judicial enforcement remedies to secure child support arrearages and/or to obtain support order compliance.
2. Judicial enforcement actions are used in conjunction with or in lieu of administrative enforcement actions.
3. Judicial enforcement actions include
 - a. [Liens](#)
 - b. [Suspension of Occupational, Professional or Trade License, Certificate, Registration or Other Authority](#)

[Table of Contents](#)

4. Use all appropriate enforcement remedies until the Division obtains support order compliance.

B. Liens (04/2023)

1. Overview

- a. If the NCP is delinquent in paying support on any court order or ASO, the arrearages create a judgment. A lien can be filed against and an attachment made on the NCP's property.
- b. A lien is an encumbrance on real or personal property based on support arrearages.
- c. A lien can be filed based on an ASO, a Virginia court order or another state's order.
- d. A filed lien preserves the debt for 20 years.
- e. A filed *Certificate of Extension of Limitation of Right to Enforce Judgment Lien (Certificate of Extension)* allows the Division to extend enforcement of liens filed in Virginia for an additional 10 years.
- f. A lien filed by the Division is subordinate to the lien of any prior mortgagee and certain other prior liens.
- g. A lien may be filed after the following has occurred
 - 1) an ASO is properly served and 10 days have elapsed, or
 - 2) after a court enters a support order,
 - 3) and the NCP is delinquent in payments (an amount equal to 3 months of current support or \$1000, whichever is greater).

Example: A court order was entered on 6/1/2020 for \$200 per month in current support, \$65 per month towards the arrearages of \$2000. The lien may be filed 6/2/2020.

- h. A lien may be filed, but is not required, when there is no evidence that the NCP owns real or personal property in Virginia.
- i. The Division may only file one lien per support order against the NCP (one per Division case number) in each city or county where the NCP may have assets or property.
 - 1) A lien based on child support debt is a continuing lien for any obligations between the parties and does not require any further filings.

[Table of Contents](#)

- 2) If the Division case number remains the same, any modifications of the order would not require a new lien to be filed.
 - j. File the lien in the circuit courts of counties and cities where the NCP has attachable assets, or may own property, or may inherit or have future interest in property.
 - 1) If the NCP has property in only one locality, file the lien(s) in that locality.
 - 2) If the NCP has property in multiple localities, it may be appropriate to file liens in each locality where the NCP has property because a lien filed in one locality cannot attach to property in another locality.
 - 3) If there is no evidence that the NCP has property in a locality, file the lien where the NCP works or resides.
 - k. If the NCP lives and works outside of Virginia, file the lien in the county or city where the NCP last resided, or where the CP resides, or where the NCP holds property or may be heir to property.
 - l. Virginia accords full faith and credit to liens arising in another State.
2. Filing a lien
 - a. When an *ASO* was properly served and 10 days have elapsed since service of the *ASO*, or when a court order for support has been entered, generate the *Lien for Support Debt*.
 - b. If the NCP appeals the *ASO*, after all appeal processes are resolved, generate the *Lien for Support Debt*.
 - c. When the court returns the recorded *Lien for Support Debt*, document the automated system to indicate the recorded filing information of the *Lien for Support Debt*.
 3. Filing a lien extension
 - a. When at least 19 years, but less than 20 years has passed since the lien filing date, file a *Certificate of Extension*.
 - b. Generate the *Certificate of Extension* and make a copy of the document.
 - c. Sign the *Certificate of Extension* in the presence of a notary. Signatures must be original and not photocopied.

[Table of Contents](#)

- d. Submit the *Certificate of Extension* at least 30 days prior to the expiration of the date of the original lien to extend enforcement of the lien for 10 years. The *Certificate of Extension* must be recorded with the court prior to the expiration of the original lien.
- e. Submit one additional *Certificate of Extension* at least 30 days prior to the expiration of the original 10-year extension to extend enforcement of the lien for 10 years from the date of the original 10-year extension. The second *Certificate of Extension* must be recorded with the court prior to the expiration of the original 10-year extension.
- f. Send the original and the copy of the *Certificate of Extension* to the same circuit court as the original lien.
- g. When the court returns the recorded *Certificate of Extension*, access the original lien record and edit the document to create a note on the lien record indicating the recorded date of the *Certificate of Extension* as follows: CERTIFICATE OF EXTENSION RECORDED ON DD/MM/YYYY.

4. Releasing a Lien

- a. After the debt on the lien is satisfied, generate the *Lien for Support Debt Release*. Provide a copy of the release to the obligor.
- b. When the case is closing, generate the *Lien for Support Debt Release*. Refer to [Case Closure Procedures](#).
- c. If a *Certificate of Extension* has been filed, select the original lien record to release the lien.
- d. If a *Certificate of Extension* has not been filed, release liens filed over 20 years ago. Enter a release date of 20 years from the filed date in the automated system, using the same book, page, item number on the filed lien. Document that the lien was released because it was over 20 years old and the court no longer has a record of it.
- e. When the court returns the recorded *Lien for Support Debt Release*, document the automated system indicating the recorded filing information of the *Lien for Support Debt Release*.

5. Interstate Lien

- a. A lien may be filed in another state to secure debts for past-due child support upon identifying, in another state, nonexempt real or personal property belonging to the obligor.

[Table of Contents](#)

- b. The laws and procedures of the state where the property is located or recorded determine which office or entity in that state is the appropriate one to receive the lien for filing.
 - c. Generate the *Notice of Lien* to file a lien in an interstate child support case.
 - 1) File the lien with the appropriate entity.
 - 2) Send a copy of the *Notice of Lien* to the obligor at the last known address.
 - d. The automated system creates a case event with notes, recording the name and address of the place of filing, the amount of the lien as well as the date of the lien amount, and the specific description of the NCP's property.
 - e. The automated system creates a 20-day worklist as a reminder to enter the lien recording information.
 - f. If enforcement of the lien is desired, request the enforcement of the lien from the IV-D agency in the state where the property is located.
 - g. If the debt on the lien is satisfied, release the interstate lien using the *Lien for Support Debt Release* document. Identify the lien to be released by including the recording information. Provide a copy of the release to obligor and, if appropriate, all interested IV-D agencies.
6. Calculating and Issuing the Lien
- a. The period in which the arrearages accrued should be 'from' the effective or start date of the order (whichever is first) 'to' the last day of the most recently completed charge cycle (the last day of the prior month, for cases with a charge date of the 1st).
 - b. Total support due for this period would equal total CSUP obligations, including any initially assessed debt, all interest charged in that period and fees.
 - c. Total payments made for the period would be calculated using the same period in item c above.
 - d. Remaining arrearages due for this period would result from subtracting the total payments made in the period from the total support due for the same period.
7. Foreclosure

[Table of Contents](#)

Foreclosure is a forced judicial sale of the NCP's real or personal property and is used when the NCP has property in Virginia and other enforcement efforts are exhausted. Proceeds from the sale are used to pay the NCP's arrearages.

- a. A lien must be in place prior to initiating foreclosure.
- b. The District Office consults with the District Office's Legal Counsel to determine the effectiveness of using foreclosure proceedings. The Field Supervisor, District Manager and Legal Counsel must approve this enforcement method.
- c. Legal Counsel files the foreclosure petition.
- d. Document Case Events to indicate
 - 1) Detailed information about the property
 - 2) Equity and balance owed and
 - 3) The date and results of the judicial hearing

8. Fraudulent Transfers

If the Division becomes aware of a situation where an NCP has transferred income or property to avoid paying child support, refer the case to the District Office's Legal Counsel to review and initiate any appropriate action.

(07/2013) (06/2017) (08/2017) (09/2020) (01/2021)

C. Bonds (08/2017)

A bond is a written instrument guaranteeing performance or payment under specified conditions.

1. The Division may request that the court order the NCP to post a bond to guarantee payment of support.
2. This request may be made either in an initial petition or in a subsequent show cause petition.
3. The judge sets the bond at an amount determined by the court to be appropriate.
4. The NCP posts the bond with the clerk of court.
5. If the NCP defaults in payment, the Division files a *Motion for Show Cause or Capias*. After the court hearing, the bond may be forfeited in part or in full.

(12/2012)

D. Civil Contempt Proceedings and Referral Process (XX/2024)

1. Federal regulations require the Division to determine an NCP's ability to comply with the support obligation before referring a case for civil contempt (show cause) proceedings. The Division must provide the court with information showing the NCP had the ability to pay support or otherwise comply with the order.
2. Screening the NCP's cases prior to referral for civil contempt ensures that the Division
 - a. Exhausts all appropriate administrative enforcement actions.
 - b. Investigates the NCP's current ability to pay support.
 - c. When applicable, attempts to address barriers that affect the NCP's ability to pay support.
3. Do not file the *Motion for Show Cause Summons or Capias (Motion)* when
 - a. An NCP is successfully complying with the requirements of an administrative FES Case Action Plan and
 - 1) It has been less than 90 days since the case was referred for FES Team services or
 - 2) It has been more than 90 days since the case was referred for FES Team services and the NCP is also complying with paying the support obligation.
 - b. An order review and adjustment has been initiated based on the NCP's approval or receipt of disability benefits or
 - c. The *Civil Contempt Case Referral Checklist (Checklist)* does not indicate that the NCP has an ability to pay or comply with the support obligation.
4. For cases assigned to the Enforcement Specialist, begin the process for civil contempt referral screening when the NCP has made no payments or only nominal payments in the last 90 days.
 - a. Ensure all case appropriate administrative actions are taken or not available. Refer to [Enforcement Rules](#) and [FES Team Case Referral](#).
 - b. If all appropriate administrative enforcement actions have been unsuccessful in obtaining the NCP's support order compliance, proceed to item 6 below.

[Table of Contents](#)

5. For cases assigned to the FES Team Case Manager, begin the screening process for civil contempt referral when
 - a. The NCP is not substantially compliant with the requirements of the *Case Action Plan* or
 - b. The NCP is substantially compliant with the *Case Action Plan* but is not paying support as ordered and 90 days have passed since the NCP was referred for FES Team services.
6. To determine the NCP's ability to pay or otherwise comply with the support obligation, complete the *Checklist*. To complete the *Checklist*
 - a. Use Case Events and Participant Events documentation, including information obtained during interviews.
 - b. Request a consumer credit report (credit report).
 - 1) Review Case Events for all the NCP's cases and the NCP's Participant Events for the previous 12 months to verify that a credit report has not been requested within the last 12 months. If the review shows that no credit report has been requested within the last 12 months, notify by worklist all the NCP's workers that may be reviewing the NCP's cases for civil contempt referral that a credit report has been requested.
 - 2) Do not request more than 1 credit report per 12-month period. A credit report request is a hard inquiry (shows up negatively on a credit report). Request the credit report only when the Division is reviewing the NCP's ability to pay for the civil contempt referral process.
 - 3) Review the credit report for assets and financial obligations, such as mortgage, credit card installment or loan payments, to determine if the NCP is currently meeting these obligations.
 - 4) Once the report is requested, document Participant Events.
 - a) Create a SELF event with the Event Description CREDIT REPORT RUN ON MM/DD/YY.
 - b) Detail the findings in Event Notes for the SELF event CREDIT REPORT RUN ON MM/DD/YY.
 - 5) Do not print or image the credit report.
 - c. Review FCR/Locate Match information, automated systems information and any other appropriate resources. Refer to [Locate Resources](#).

[Table of Contents](#)

- d. Complete the *Checklist* as thoroughly as possible. If the information requested is not found or not applicable, indicate such on the *Checklist*.
 - e. If the NCP meets the criteria as indicated on the *Checklist*, proceed to file the *Motion*, unless the District Office management or Legal Counsel determine that it would not be appropriate to file the *Motion*.
 - 1) It may not be appropriate to file the *Motion* if the court has demonstrated an unwillingness to enforce the child support order.
 - 2) The Field Supervisor makes the final determination about filing the *Motion* in these situations.
 - f. Document Case Events to indicate that the *Checklist* was completed. Image the *Checklist* and retain in the case record.
7. Upon referring a case to court for civil contempt, send the *Important Notice Regarding Court Action (Notice)* to the NCP. The *Notice* generates at the time the *Motion* is filed.
 8. The Division sends the *Notice* to the NCP as the NCP must be notified prior to the hearing. A payment card or the *Ways to Pay* flyer may be enclosed with the *Notice*.
 9. The *Notice* tells the NCP that
 - a. His or her case has been referred to court and the name of the court,
 - b. An attorney fee may be charged and
 - c. His or her ability to pay is the critical issue in the civil contempt action.
 10. Thoroughly document Case Events any time that administrative enforcement remedies are unsuccessful, and the Division makes an exception for initiating judicial enforcement action.
(12/2012) (08/2017) (03/2018) (09/2020) (03/2022) (09/2022)

E. Seizure and Sale (08/2017)

The Division can seize the NCP's assets and sell them at auction to pay child support arrearages. However, this enforcement method is rarely used. If the NCP is not paying his or her child support, the Division has exhausted typical enforcement remedies and the District Office would like to initiate seizure and sale of assets, contact the Program Guidance Team at pgt@ddd.virginia.gov for assistance.

F. Federal Criminal Prosecution (03/2022)

[Table of Contents](#)

1. The willful failure to pay past due support for a child living in another state is a federal crime.
 - a. The Federal Office of Child Support Services (OCSS) in cooperation with the United States Department of Health and Human Services Office of the Inspector General (OIG) and the United States Department of Justice established Project Save Our Children (PSOC) to enforce federal criminal child support laws.
 - b. Because all states have enacted the 2008 amendments to the Uniform Interstate Family Support Act (UIFSA 2008), the need for referral for federal prosecution is very rare. UIFSA 2008 establishes standards for personal, subject matter and long-arm jurisdiction as well as well as procedures for registering and enforcing foreign support orders.
 - c. The Division must show that all reasonable, applicable and available enforcement remedies have been unsuccessful before referring a case for PSOC.
2. Federal criteria for qualification for federal prosecution are
 - a. The NCP is not currently paying child support and has not paid for more than 1 year or is \$5000 in arrearages and
 - b. The NCP has willfully taken steps to avoid making payments, such as:
 - 1) Failing to report employment changes
 - 2) Concealing location and/or assets
 - 3) Using false identification and/or
 - 4) Relocating out of state to avoid paying child support
3. Penalties are:
 - a. For the first conviction, a fine of up to \$5000 or imprisonment for a maximum of 6 months or both
 - b. For the second or subsequent conviction, a fine of up to \$250,000 and imprisonment for a maximum of 2 years and
 - c. Upon any conviction, restitution by the NCP equal to the past due support amount.
4. Because the NCP is subject to criminal sanctions under this process, this remedy is used only for the most egregious cases.
5. Division criteria for selecting cases for referral

[Table of Contents](#)

6. The federal criteria for referral are met.
7. The case must be
8. An active IV-D Division case and
9. An interstate case with one parent residing in Virginia and the other parent residing in another state
10. For an NCP who resides in Virginia, whether or not and his/her specific location is known,
11. There must be evidence of a pattern of avoidance.
12. The Division must demonstrate that all appropriate administrative and judicial enforcement actions have been attempted or taken and proven unsuccessful with the exception of full IRS enforcement and intercept processes.
13. The CP and child must reside out of state.
14. For an NCP who resides out of state and his/her location is known, all appropriate administrative, long arm, and IV-D to IV-D enforcement actions have been attempted or taken and proven unsuccessful.
15. If enforcement was unsuccessful due to the noncooperation of the other state's IV-D agency rather than the action being unsuccessful, take steps to notify OCSS of the noncooperation.
16. Noncooperation by another IV-D agency is not a reason to refer a case for federal prosecution.
17. A current support order exists. This remedy is not used for arrearages only cases unless the Division can provide a compelling reason for the United States Attorney's Office (USAO) to pursue the case.
18. District Offices that already have procedures in place for direct referral to the OIG or the USAO may continue to use the processes they have in place; all other District Offices must refer their cases to the State PSOC Coordinator.

7.9 Enforcement Procedures

A. TANF Debt Compromise Procedures (04/2021)

1. Implementation and NCP Notification

a. The Division notifies NCPs about the TANF Debt Compromise Program (the Program).

1) Eligible NCPs with telephone numbers will receive an automated call that provides information about the Program.

2) NCPs not reached by telephone will receive a TANF Debt Compromise Postcard (Postcard) if there is a mailing address for the NCP in the automated system. The Postcard:

- a) Provides a brief introduction to the Program and
- b) Asks the NCP to visit a District Office to participate.

b. If the NCP contacts the Customer Service Center, tell the NCP that he or she must meet with the Enforcement Specialist (the Specialist) to apply for the Program. If the NCP requests an appointment, transfer the call to the District Office. For calls received after business hours, send a worklist to the Specialist and Administrative Assistant.

c. District Office Staff

1) Schedule the NCP for a meeting to discuss his or her case and to complete the TANF Debt Compromise Payment Agreement (the Agreement).

- a) When the Customer Care Center transfers the NCP's call, the Receptionist schedules the appointment and notifies the Specialist of the appointment.
- b) When the Customer Service Center worklists the Specialist, the Specialist returns the NCP's call the same or next business day and schedules the appointment.

2) Provide the Postcard to all NCPs with newly established Virginia orders that include TANF debt.

d. The Postcard and Agreement are available through the warehouse.

2. The NCP Interview

a. The NCP must meet with District Office staff. If the NCP is unable to meet in person, resides in Virginia, and wants to participate in the Program, the NCP may participate in the interview telephonically.

b. During the interview

[Table of Contents](#)

- 1) Determine the NCP's income by using information provided by the NCP. Review the NCP's quarterly income to ensure the accuracy of reported income.
 - 2) If the NCP is unemployed or has income of \$40,000 or less, provide the NCP with information about Family Engagement Services (FES). If the NCP wants to participate in FES, the NCP must meet in person with the FES Case Manager. Refer to [TANF Debt Compromise for Family Engagement Services Participants](#).
 - 3) If the NCP does not want to or is not eligible to participate in FES, determine the NCP's qualifying tier for the Program and provide the NCP with information about that tier. The NCP will only qualify to participate in Tier 2 and Tier 3 of the Program if he or she is not enrolled in FES.
- c. Ensure completion of the Agreement during the interview.
3. The TANF Debt Compromise Payment Agreement (the Agreement)
- a. The NCP completes the Agreement during an in person interview.
 - b. The Enforcement Specialist
 - 1) Completes both sides of the Agreement for telephonic interviews.
 - 2) For telephonic interviews, sends the NCP the Agreement with a letter requesting that the NCP sign the "Office Use Only" portion and return the completed document to the District Office.
 - 3) For all interviews
 - a) Provides the NCP with a copy of the completed payment agreement portion of the Agreement.
 - b) Images a copy of the completed and signed Agreement for the case record.
 - c. Once the NCP completes and/or returns the Agreement, update the NCP's Participant Detail page in the automated system.
 - 1) Place a checkmark in the Debt Compromise Eligible Indicator. A checkmark in the checkbox means the NCP is participating in the program.
 - 2) Update the Required Monthly Payment Amount.
 - 3) When the indicator is updated, the automated system
 - a) Updates the Indicator Effective Date.

[Table of Contents](#)

- b) Displays a message indicating that the NCP is participating in the program in the Notification Box.
- c) Creates the NCP Participant Event type TDCE, with the Event Description TANF DEBT COMPROMISE ELIGIBLE.
- d. Document the TDCE Participant Event with Event Notes that indicate the
 - 1) Tier the NCP qualifies for
 - 2) Total TANF debt owed at the time of the Agreement and
 - 3) Required monthly payment. The required monthly payment is the sum of all the NCP's cases regardless of case type.

EXAMPLE: The NCP has an annual income of \$24,000. The NCP has signed up to participate in FES. The NCP has two cases and has a required payment of \$175.00 on one case and \$65.00 on another case. The NCP owes \$3,140 TANF debt on one case and there is no TANF debt on the other case.

Document the TDCE Participant Event with the following Event Notes:

TIER 1, TOTAL TANF DEBT OWED \$3,140, REQUIRED PAYMENT \$240.

- 4. Calculate the required minimum payment for eligibility in the Program.
 - a. When current support is due, add the current support amount plus the ordered arrears payment or \$65.00, whichever is less.
 - b. When current support is not owed, use \$65.00 per month for each arrears only case or the court ordered arrears amount, whichever is less.
 - c. The NCP is still responsible for their ordered current support and the ordered arrears amount. a. and b. above are the required minimum payments that must be made to be eligible to participate in the program.

EXAMPLE 1

The NCP has a current support obligation of \$175 per month. There is no ordered arrears payment. The total required payment is \$175 plus an arrears payment of \$65. The required payment is \$240 per month.

EXAMPLE 2

[Table of Contents](#)

The NCP has 2 cases. The first case has a current support obligation of \$100 and an ordered arrears payment of \$50 per month. The second case is arrears only and has an ordered arrears payment of \$25 per month.

The required payment for case 1 is \$150 (\$100 CSUP plus \$50 arrears payment). The required payment for case 2 is \$25. The total required payment is \$175 per month.

EXAMPLE 3

The NCP has 2 cases. The first case has a current support obligation of \$65 per month and no ordered arrears payment. The second case is an arrears only case with an arrears payment of \$100 per month.

The required payment for case 1 is \$130 (\$65 CSUP plus \$65 arrears payment). The required payment for case 2 is \$65 (\$65 is less than \$100). The total required payment is \$195.00 per month.

5. Removal from the Program

- a. One year after the Agreement's enrollment effective date, District Offices will receive monthly reports listing participants whose annual agreements have expired. The enrollment effective date is the date the FES Case Manager or Enforcement Specialist receives the completed and signed TANF Debt Compromise Payment Agreement and updates the automated system. To remove the participant from the Program, District Office staff
 - 1) Update the NCP's Participant Detail page.
 - 2) Remove the checkmark from the Debt Compromise Eligible Indicator. When the checkmark is removed from the Indicator, the automated system
 - a) Updates the Indicator Effective Date
 - b) Creates the NCP Participant Event, TDCR, with the Event Description TANF DEBT COMPROMISE REMOVED.
- b. Send a letter to inform the NCP that he or she has been removed from the TANF Debt Compromise Program because his or her TANF Debt Compromise Payment Agreement has expired. The NCP must meet with a caseworker and reapply to continue participating in the Program.

[Table of Contents](#)

- c. Do not remove an NCP from the Program if he or she does not make payments as agreed.
Only remove NCPs when the enrollment expires and the NCP fails to reapply for the Program.

(04/2018) (12/2020)

Chapter 8: Review and Adjustment

8.1 Review and Adjustment Process

A. Overview (09/2022)

1. Current support owed cases and arrears only cases may be reviewed.
2. Either party in a IV-D case (including the TANF CP) or a IV-D agency may request a review of the child support obligation. Request may be submitted
 - a. Using the *Request for Review and Adjustment*,
 - b. Informally in writing,
 - c. Via email to dcserevaditeam@dss.virginia.gov, askdcse@dss.virginia.gov or directly to Division staff,
 - d. Via the [MCS portal](#) or
 - e. Verbally to Division staff, including the Division's Customer Service Center.
3. Active obligated TANF and IV-E FC cases must be reviewed every 36 months from the date the last support order was entered or the date the last review was completed. The automated system generates the CFRA worklist 34 months after the date a support order is established or a review is completed stating the case is in need of financial review.
4. When both parents are noncustodial and a review begins on a TANF, IV-E FC, Non-IV-E FC or arrears only DJJ case, conduct a review on both cases, if a review on both cases is appropriate. Both cases for non-TANF caretakers do not have to be reviewed if a review of the child support obligation is only received for one case.
5. The Division may conduct a review
 - a. Every 36 months at its option or when requested by either party or another child support agency.
 - b. When it has been less than 36 months since the last support order was entered or the last review was completed, if special circumstances exist and the requesting party provides the reason for the review and required documentation. Refer to [Special Circumstances Criteria for Earlier Review](#).

[Table of Contents](#)

6. Once the review is initiated, complete the review process unless there is a written or verbal request to stop the review from the requesting party, and not opposed by the non-requesting party, or the Division abandons the review because the requesting party fails to provide the necessary information and the Division is unable to verify independently. Refer to [Termination of a Review and Adjustment](#).
7. Complete the Review Process within 180 days of:
 - a. Receiving a review request and it has been 36 months or more since the last order was entered or the last review was completed.
 - b. Receiving a request that provides the reason and supporting documentation of special circumstances when it has been less than 36 months since the last support order was entered or the last review was completed. Refer to [Special Circumstances Criteria for Earlier Review](#).
 - c. Receiving notification that a 36 month review is required on an active obligated TANF or IV-E FC case.
8. The Review Process includes
 - a. Contacting the case participants by phone or email to obtain required information and determine the appropriate service of process.
 - b. Sending and serving the notice that a review will be conducted
 - c. Conducting the review
 - d. Adjusting or deciding not to adjust an ASO or referring or not referring a court order for modification in accordance with Virginia's Child Support Guideline
 - e. Sending the post-review notice, when applicable
 - f. Ensuring that a modified order is entered, when applicable and
 - g. Updating the automated system appropriately
9. The automated system generates the *Notice of Right to Request a Review and Adjustment* on obligated cases where the support order is at least 3 years old and current support is still due (charging on the automated system) to notify the NCP and the CP of their right to request a review of the support obligation.

(09/2012) (06/2014) (03/2015) (03/2016) (08/2017) (12/2018) (01/2020) (09/2020)
(02/2021) (04/2021) (07/2021)

B. Deciding Whether to Conduct the Review (09/2022)

1. When a review request is received, create a SELF event in Case Events to document receipt of the request. Refer to [Processing the Review Request](#) and the [SELF Events Documentation Table](#) for documentation requirements.
2. Make a decision whether to conduct the review within
 - a. 5 business days of receiving the CFRA worklist identifying that 34 months have elapsed since the last order was entered or the last review was completed in a TANF or IV-E FC case. If the worker does not disposition the CFRA worklist or generate the *Notice of Proposed Review (NOPR)* the day the worklist is received, the automated system starts the review process and issues the *NOPR* via overnight batch-processing.
 - b. 3 business days of receiving a request for a review if 36 months have elapsed since the last order was entered or the last review was completed.
 - c. 3 business days of receiving a request for a special circumstances review (less than 36 months since the last order was entered or reviewed) that provides the reason for the request. Refer to [Special Circumstances Criteria for Earlier Review](#).
3. Update the review Request Type on the Review and Adjust page in the automated system, unless the review is being handled by another Intergovernmental agency. Refer to [Jurisdiction Principles](#). When another Intergovernmental agency is responsible for the review, update Case Events as indicated in the [SELF Events Documentation Table](#). Refer to the iAPECS User Guide [Chapter 5, Order Management](#) for more information.
4. When both parents are noncustodial and a review begins on a TANF, IV-E FC, Non-IV-E FC, or arrears only DJJ case, conduct a review of both cases if a review on both cases is appropriate. Use RQDC REQUEST BY DCSE for the Request Type to start the review on the other case.
(06/2014) (06/2015) (08/2017) (12/2018) (03/2020) (02/2021) (04/2021) (07/2021)

C. When the Review is Not Conducted (03/2022)

1. Do not conduct the review if
 - a. Either party cannot be located.
 - b. The order was entered or a review was completed less than 36 months ago and special circumstances do not exist. Refer to [Special Circumstances Criteria for Earlier Review](#).

[Table of Contents](#)

- 1) If the requesting party provides the special circumstances documentation after the review is denied or terminated because the documentation was not timely, treat the receipt of the information as a new request.
 - 2) If the current order was established under prior guidelines and it is determined that the review should not be conducted and other special circumstances do not exist, do not conduct the review.
- c. The case has an active *Pendente lite* order. Refer the case to Legal Counsel to determine the status of the *Pendente lite* order, including whether there is a hearing date set to enter a final order and, if not, what steps need to be taken to schedule a hearing date.
- d. The case is a TANF or IV-E FC case, the review is not in the best interest of the child, and neither parent has requested a review.
- 1) The review is not in the best interest of the child if a Good Cause has been determined by the LDSS.
 - 2) If Good Cause is claimed by the CP during the review process, stop all action and refer the case to LDSS for a Good Cause determination. If the LDSS determines there is good cause, terminate the review and close the case. Refer to [Local Department of Social Services and Division Interactions](#) and [Reasons for Case Closure](#).
- e. The case is a NIVD case.
- f. A special circumstances review is requested due to a change in the NCP's income resulting from the ending of secondary employment obtained to discharge a child support arrearage. Refer to [Determining Income](#).
- g. A special circumstances review is requested due to a voluntary loss of employment of the parent making the request and imputation per [Deviation from the Child Support Guidelines](#) would be appropriate and show no change in income.
2. When a determination is made that the review will not be conducted, update the automated system.
- a. Use the appropriate Non-Review Reason code on the Order Management > Review and Adjust page.
 - 1) If the review is not conducted because either party cannot be located,
 - a) use the Non-Review Reason NOML NO MAIL ADDRESS or,

[Table of Contents](#)

b) if the case is referred to locate, LOCT CASE IN LOCATE.

2) The automated system will generate the RARS NEW ADDRESS RESTART REVIEW worklist when a mailing address is updated for the party. Upon receipt of the worklist, conduct the review.

3) If the order was established under prior guidelines and it is determined that the review should not be conducted, use the Non-Review Reason RD36 ORDER LESS THAN 36 MONTHS OLD or RDND REVIEWED LESS THAN 36 MONTHS AGO.

b. The *Review Request Denied* letter notifies the requesting party that the review will not be conducted. The automated system generates the *Review Request Denied* the same day the Non-Review Reason is updated on the Review and Adjust page. If the review is not conducted because the case is a NIVD case, send an application packet for IVD services the same day the Non-Review Reason is updated.

c. Add Event Notes to the RARD REVIEW REQUEST DENIED LETTER Case Event to document the factors considered in denying the review.

(08/2017) (12/2018) (05/2019) (01/2020) (09/2020) (02/2021)

D. Special Circumstances Criteria for Earlier Review (09/2022)

1. When it has been less than 36 months since the last order was entered or the last review was completed, conduct the review only when special circumstances exist and the requesting party provides required documentation or the Division verifies the information independently. Refer to [Corroborating Documentation](#) for detailed guidance for acceptable documentation to confirm the special circumstance.

A special circumstance is determined to exist when the following criteria are met

a. A child needs to be added to an order because of a birth or a physical change in custody when paternity is not an issue. The name and date of birth of the child and the reason the child needs to be added to an order should be provided.

b. A child needs to be added to an order because of becoming uncapped due to the TANF Family Cap Provision being eliminated.

c. A child is no longer eligible to receive continued current support (and other children are active on the order) due to a physical change in custody or emancipation. The child's name and the reason the child is no longer eligible to receive current support should be provided.

[Table of Contents](#)

- d. A health care coverage obligation needs to be added to the order. No documentation from a requesting party is necessary.
- e. The party ordered to provide health care coverage is not providing it as ordered and the other party would like to provide coverage.
- f. The health care coverage insurance premium increases or decreases by at least 25%. When possible, the Division should determine if the increase or decrease is at least 25%. If the *Child Support Guidelines Worksheet* is available, compare the change and determine if it meets the criteria. Conduct the review if a determination cannot be made.
- g. The existing child support order does not include the unreimbursed medical/dental provision. No documentation from a requesting party is necessary.
- h. The existing child support order does not include the reasonable and necessary unpaid expenses of the mother's pregnancy and delivery of a child born during the 6 months before the date of the application provision and the application was received on or after 7/1/2020. No documentation from a requesting party is necessary.
- i. The CP's work-related childcare expense increases or decreases by at least 25%. When possible, the Division should determine if the increase or decrease is at least 25%. If the *Child Support Guidelines Worksheet* is available, compare the change and determine if it meets the criteria. Conduct the review if a determination cannot be made.
- j. Either parent's income increases or decreases by at least 25%. Income verification should be provided.
 - 1) If a self-employed parent is unable to provide proof of loss of income, refer the case to Legal Counsel. If no response is received from Legal Counsel within 3 business days of receiving the review request, start the review.
 - 2) If the requesting party is unemployed, refer to [Deviation from the Child Support Guidelines](#) to determine if imputing income is appropriate.

Do not include secondary employment income obtained by the NCP if:

 - a) The NCP obtained the secondary employment to discharge a child support arrearage and
 - b) The NCP is paying the arrearage according to the terms of the order. Review the payment history in the automated system to make this determination. Refer to [Determining Income](#).

[Table of Contents](#)

- 3) When possible, determine if the increase or decrease is at least 25%. If the *Child Support Guidelines Worksheet* is available, compare the change and determine if it meets the criteria. Conduct the review if a determination cannot be made.
- k. Reserve or National Guard personnel have a change of income due to recall to active duty. Documentation that supports a return to active duty should be provided.
- l. The NCP begins receiving Social Security benefits. Refer to [NCP is Receiving Social Security Benefits](#).
- m. The parent who owes child support is incarcerated for 180 or more consecutive days.
- n. The existing order was entered under guidelines which have been amended and the updated guidelines show a significant change. No documentation from the requesting party is required.
 - 1) Using the *Child Support Guidelines Worksheet* completed at the time the order was established, determine the combined adjusted monthly gross income. Compare the Basic Child Support Obligation for the current support order with the Basic Child Support Obligation that would be due under the updated Child Support Guidelines based upon the combined adjusted monthly gross income.
 - a) If the amounts show a difference of at least 10% (higher or lower) and a change of at least \$25 per month, conduct the review. Granting the review may or may not result in a new order being issued. Proceed with the review and adjustment process.
 - b) If the amounts do not show a difference of at least 10% or \$25, do not conduct the review unless other special circumstances exist. Refer to [When the Review is Not Conducted](#).
2. Documentation may not be available to a party requesting a review because of alleged special circumstances of the other party. If the requesting party is unable to obtain documentation in support of the other party's special circumstances, a clear explanation of the alleged special circumstances is required.
 - a. When possible, the Division should attempt to verify the allegation. For example, if the requesting party alleges that the other party has received an increase in pay, contact the other party's employer to verify income.
 - b. If the Division disproves the allegation, deny the review. Proceed with the review if the allegation is proven or cannot be verified.

[Table of Contents](#)

c. Do not deny the review if the requesting party cannot prove the change in circumstances is a 25% increase or decrease.

3. When the review will not be conducted because special circumstances do not exist, refer to [When the Review is Not Conducted](#).

4. If special circumstances exist, proceed with the review and adjustment process. Refer to [Reviewing Administrative Support Orders](#) or [Modifying Court Support Orders](#).

(06/2014) (06/2015) (08/2017) (12/2018) (07/2020) (02/2021)

E. NCP is Receiving Social Security Benefits (09/2022)

1. The Division initiates a review and adjustment when an NCP begins receiving Social Security Disability Insurance (SSDI), Supplemental Security Income (SSI) or a combination of SSDI/SSI, or a combination of SSI/Social Security Retirement (SSR).

2. Conduct a review on SSI cases even when coded unworkable to ensure that the order is based upon the current financial situation of the parties prior to case closure.

3. If the NCP has multiple cases, a review will begin on all cases with a current support order.

4. If the order must be modified by another state, the other state determines whether a review is conducted. When the NCP receives SSI and the other agency will not conduct the review, the case may be closed.

5. The automated system

a. Updates the Review Request Type to RQSS REVIEW DUE TO RECEIPT OF SOCIAL SECURITY BENEFITS when the Benefit Indicator on the NCP Supplemental page is updated by a SVES match or by the worker.

b. Generates a *Notice of Proposed Review (NOPR)* to the NCP and CP, along with a *Financial Statement* for both parties to complete and return.

6. If an automated match is not received, the worker updates the automated system using RQSS as the review type.

7. Serve the *NOPR* on both parties, since the Division is the requesting party.

8. Follow procedures already in place for conducting a review for *ASOs* and court orders. Refer to [Determining Income \(12/2018\)](#), [Deviation from the Child Support Guidelines \(08/2017\)](#) and/or [Review and Adjustment Procedures](#).

[Table of Contents](#)

9. The outcome of a review conducted on a SSI and/or SSDI case may result in a current support order lower than the statutory minimum.
10. For a case with an *ASO*
 - a. SSI only cases and combination SSDI/SSI or SSR/SSI cases
 - 1) When completing the *Child Support Guidelines Worksheet* select Income Type as Sole SSI for the appropriate parent.
 - 2) The current support obligation will be \$0.
 - 3) Establish arrearages owed even though the Division cannot enforce the arrearages.
 - 4) Select the statement on the *ASO* indicating that the NCP is exempt from the presumptive minimum monthly child support obligation because he or she is a recipient of SSI.
 - 5) Review the case for closure based on CINS after a new order is entered, if warranted, and properly served. Refer to [Reasons for Case Closure](#).
 - b. SSDI or SSR only cases
 - 1) Complete the *Child Support Guidelines Worksheet*
 - a) Include the monthly derivative benefit the child receives based on the NCP's disability in the NCP's Monthly Gross Income.
 - b) List the monthly derivative benefit the child receives in the Statutory Benefits field. Giving the NCP credit for the monthly derivative payment the child receives will not result in a negative current support obligation. The lowest support obligation defaults to \$0 in the automated system.Refer to [Determining the Monthly Child Support Obligation](#).
 - 2) Select the statement on the *ASO* indicating that current support is reduced by the child or children's share of the parent's disability compensation.
 - 3) Establish arrearages owed and a payment towards arrearages, as applicable, even if current support is \$0.
 - c. The *ASO* is effective the date the *NOPR* is served on the second party (later date of service).
11. For a case with a Virginia court order:

[Table of Contents](#)

- a. Immediately file a *Motion to Amend or Review Order* with the appropriate court without waiting for the return of the *Financial Statement*. The fact that the NCP is now the beneficiary of SSI and/or SSDI benefits qualifies the case for review for modification.
 - b. Retain the completed *Financial Statements* in the case file for reference in court.
12. A credit may need to be applied against arrearages if the child received a lump sum payment due to the approval of retroactive benefits for the NCP.
- a. For ASOs, apply the credit if the benefit the child receives is more than the monthly support obligation calculated based upon the review.
 - 1) To calculate the credit, verify the months covered by the lump sum payment using SVES. The credit is applicable from the NCP's social security disability entitlement date until the modified order is entered.
 - 2) Any credit from this procedure may reduce arrearages that have accrued but cannot reduce future arrearage, cause a credit balance or contribute to the basis for a refund for the NCP.

Example: The NCP's social security entitlement date is July 1, 2017. In December 2017, the support obligation is modified to \$100 per month. The child receives \$150 per month as a derivative payment.

The difference between the child's derivative payment, \$150, and the new support obligation, \$100, is \$50 per month. The NCP receives a credit for \$50 per month multiplied by 5 months (July to November). Apply the credit against any arrearages due on the case if applicable. In this example, the credit given is \$250.

- b. For court orders, apply credit as ordered by the court.
- c. Refer the case to fiscal staff to complete any necessary adjustments.
(05/2013) (09/2013) (01/2017) (12/2018) (02/2021)

F. NCP is Incarcerated (04/2023)

1. If an NCP requests a review and the NCP's current period of incarceration will be less than 180 days when the request is made, take the following actions
 - a. If the existing order was entered under guidelines which have been amended and the updated guidelines show a significant change, conduct the review.

[Table of Contents](#)

- b. If the review is requested due to incarceration,
 - 1) Update the Non Review Reason field on the Review and Adjustment page to NRIN INCARCERATED NCP in the automated system. Refer to the iAPECS User Guide [Chapter 5, Order Management](#).
 - 2) Conduct the review by sending the *Review Results* to the NCP, advising there is no justification for a change in the current child support order because incarceration is considered voluntary unemployment. The automated system generates the *Review Results* via batch processing when the worker does not manually generate the *Review Results* after updating the Non Review Reason field.
 - 3) After the NCP is continuously incarcerated for 180 days, the NCP is eligible to have the support order reviewed. Refer to [Processing the Review Request](#).
 - c. If an incarcerated NCP requests a review for any of the reasons listed in [Deciding Whether to Conduct the Review](#), conduct the review if review criteria are met.
 - d. Impute income to the incarcerated NCP based upon voluntary unemployment. Refer to [Deviation from the Child Support Guidelines](#).
- 2. If a CP requests a review and the NCP is incarcerated at the time that the request is made, conduct the review if review criteria are met. Refer to [Deciding to Conduct the Review](#) and [Processing the Review Request](#).
 - 3. If the NCP's current period of incarceration has reached 180 or more consecutive days, use zero income for the incarcerated NCP when there is no evidence of actual income or other ability to pay. Refer to [Deviation from the Child Support Guidelines](#).
 - 4. If the review was initiated prior to the NCP's incarceration or before the Division was made aware of the NCP's incarceration, conduct the review if review criteria are met.
 - 5. If the NCP is incarcerated and the review is initiated to meet the 3 year review requirement for TANF and IV-E FC cases, conduct the review.
 - 6. File the appropriate court pleading when the review is conducted and the results show there should be a change in the child support obligation. Refer to [Reasons for Judicial Action](#).
 - a. If the existing order is an ASO, file a *Petition for Support* selecting the Replace an Existing Administrative Support Order option.
 - b. If the existing order is a court order, file a *Motion to Amend* using the applicable option. Refer to [Issuing the Motion to Amend](#).

[Table of Contents](#)

7. Refer to [Service of Process](#) for information on how to accomplish service when the NCP is incarcerated.

G. CP Loss of Contact on ARRP Case (05/2024)

1. If an NCP requests a review on an ARRP case type and the CP cannot be located or is deceased, proceed with the review process as the only parties necessary to conduct the review are the NCP and the Division. When these circumstances apply, take the following steps
 - a. Create a SELF Event in Case Events to document that the CP cannot be located or is deceased.
 - b. Except for not serving the *Notice of Proposed Review (NOPR)* on the CP, follow established procedures for conducting a review for the *Administrative Support Order (ASO)* or court order. Refer to [Determining Income](#) , [Deviation from the Child Support Guidelines](#) and [Review and Adjustment Procedure](#).
2. For cases with an *ASO*,
 - a. Once the review is completed and the *ASO* is modified, the *ASO* effective date is the date the *NOPR* is generated.
 - b. If the NCP appeals the *ASO*, only the NCP's appeal period is applicable.
3. For cases with a court order, complete the appropriate documents to file the *Motion to Amend or Review Order*, for the court to address the modification request.

H. Reviewing Administrative Support Orders (09/2022)

1. The automated system generates a *Notice of Proposed Review (NOPR)* with a *Financial Statement* to the NCP and CP, where applicable, if the worker does not manually generate the documents on the same day the Review Request Type is updated in the automated system. The *Financial Statement* is not sent to a CP who receives TANF or is a caretaker. If the TANF case closes and transitions to a non-TANF case during the review, the review continues. Request financial information from the CP at the time of transition.
2. Serve the *NOPR* on the nonrequesting party and send a copy to the requesting party. Refer to [Obtaining the Review Information](#) and [Issuing the Notice of Proposed Review](#) for requirements for serving and sending the *NOPR*.

[Table of Contents](#)

3. Use appropriate financial information obtained from both parties and other sources, when necessary, to conduct the review. Follow the procedures outlined in [Determining Income](#) and [Deviation from the Child Support Guidelines](#).
4. After reviewing the financial information provided by the parties and available from other resources, enter the information required to calculate the obligation onto the *Child Support Guidelines Worksheet (Worksheet)*. Refer to [Determining Income](#), [Deviation from the Child Support Guidelines](#) and [Completing the Child Support Guidelines Worksheet](#).
5. Compare the review results (the new obligation amount to the current obligation amount).
6. Determine if an adjustment to the obligation is needed.
 - a. An adjustment is needed if a material change in circumstances has occurred. If the obligation was calculated based upon both the prior and current guidelines, an adjustment is needed if a material change of circumstances has occurred on either set of guidelines. A material change in circumstances has occurred if
 - 1) The difference between the existing monthly child support obligation amount and the new obligation amount is at least 10% (higher or lower) of the existing obligation amount, and
 - 2) The change in the monthly child support obligation is at least \$25 per month.
 - b. Do not adjust the obligation if the above conditions do not exist unless:
 - 1) a child needs to be added to or removed from the order
 - 2) a provision for health care coverage needs to be added or changed
 - 3) a provision for unreimbursed medical needs to be added or
 - 4) a provision for reasonable and necessary unpaid expenses for the mother's pregnancy and delivery needs to be added.
7. If the review indicates no change is justified, update the Modification Reason to MDRR on the current order record in the automated system. This update resets the Last Review Date on the Review and Adjust page, which restarts the clock for the 3-year period. Add a note to the current order record stating UPDATED MDRR – REVIEW COMPLETED MM/DD/YY RESULTING IN NO MATERIAL CHANGE.
8. If the review indicates a change is justified, takes steps to adjust the ASO.
(06/2014) (04/2016) (06/2016) (08/2017) (12/2018) (09/2020) (02/2021)

I. Adjusting Administrative Support Orders (09/2022)

1. If the review indicates a change is justified, within 5 business days of receiving the served *Notice of Proposed Review (NOPR)* on the nonrequesting party/parties or receiving the signed *Waiver of Formal Service of Process*, issue the modified ASO. Refer to [Issuing Administrative Support Orders](#).
2. If the ASO is being issued based upon a *NOPR* served prior to 7/1/14 and 2 sets of guidelines were used (both the prior guidelines in effect through 6/30/14 and the current guidelines effective 7/1/14), manually enter the monthly obligation that resulted from the prior set of guidelines and is due through 6/30/14 on the ASO in the field for “prior current child support”. Create a case event indicating the guideline has been run.
3. Generate the ASO.
 - a. Ensure that the ASO reflects the total arrearage (principal, interest and fees) owed through the end of the month preceding the month that the *NOPR* was served on the nonrequesting party (or parties). Use the date that the arrearages first accrued as the beginning date of the arrearages. Confirm arrearage start dates with any existing Statements of Payment.
 - b. Example: The effective date of the original order is April 15, 2016. The arrearages began August 1, 2016. The arrearages were not paid off at the time of the modified ASOs generation. The modified ASO is effective June 6, 2019 and the arrearage beginning date is August 1, 2016.
 - c. Example: The effective date of the original order is December 12, 2014. TANF debt was established for the period August 1, 2014 through October 31, 2014. The arrearages were not paid off at the time of the modified ASOs generation. The modified ASO is effective February 2, 2019 and the arrearage beginning date is August 1, 2014.
 - d. Example: The effective date of the original order is January 2, 2011. The arrearages began October 1, 2012. The arrearages were not paid off when the second modified ASO was generated. The second modified ASO was effective April 3, 2015 and the arrearage beginning date was October 1, 2012. There was no arrearage balance in September 2017. The arrearages began again August 1, 2018. The arrearages were not paid off at the time of the third modified ASOs generation. The third modified ASO is effective April 25, 2019 and the arrearage beginning date is August 1, 2018.

[Table of Contents](#)

- e. For orders with arrearages only, the per month payment toward the arrearages amount ordered should be
 - 1) the current support amount from the *Child Support Guidelines Worksheet (Worksheet)* when there is no current support due for the same child on any other support order.
 - 2) 25% of current support from the *Worksheet* or \$65, whichever is greater when there is current support due for the same child on another support order.
4. Ensure that medical support is addressed in the order. Refer to [Establishing Health Care Coverage Orders](#).
5. Serve the modified *ASO* or have the NCP waive service; for service requirements, refer to [Issuing Administrative Support Orders](#).
6. Provide a copy of the served *ASO* and the printed *Worksheet* to the CP when the NCP waives service or immediately after the *ASO* is received back with successful service. Refer to [Issuing Administrative Support Orders](#).
7. The appeal period for the *ASO* is 10 calendar days. For NCPs this is 10 calendar days from the date of service. For CPs this is 10 calendar days from the date of receipt. Allow at least 5 calendar days for mail delivery. A request for administrative appeal received after this time should be considered if the CP can show that the request was made within 10 calendar days of receipt, regardless of mailing time. Refer to [Administrative Support Order](#).
8. The new obligation remains in effect until adjusted by a subsequent *ASO* or is superseded by a court order.
9. Add the modified order to the automated system within 2 business days after the expiration of the CP and NCP appeal periods or appeal decision. Use the most appropriate code to update the Modification Reason field when adding the new order. Do not use MCOR. Refer to [Adding Subsequent Support Orders](#).
10. Refer the case to fiscal to adjust the arrearages, as appropriate.

J. Reviewing Court Support Orders (09/2022)

1. Filing the *Motion to Approve Proposed Modified Order*

[Table of Contents](#)

If the court order does not specify that the award amount deviates from the guideline, and the court will accept the Division filing the *Motion to Approve Proposed Modified Order* (PMO)

- a. The automated system generates the *Notice of Proposed Review (NOPR)* with a *Financial Statement* to the NCP and CP, where applicable, if the worker does not manually generate the documents on the same day the Review Request Type is updated in the automated system. The *Financial Statement* is not sent to a CP who receives TANF or a caretaker.
- b. Serve the *NOPR* on the nonrequesting party and send a copy to the requesting party. Refer to [Obtaining the Review Information](#) and [Issuing the Notice of Proposed Review](#) for requirements for serving and sending the *NOPR*.
- c. Use financial information obtained from both parties and other sources, when necessary, to conduct the review. Follow the procedures outlined in [Determining Income, Deviation from the Child Support Guidelines](#) and [Obtaining the Review Information](#). In shared custody cases, prepare draft guidelines using the Cardinal Guidelines Calculator. Shared custody guidelines may need to be completed in consultation with Legal Counsel. Refer to [Completing the Child Support Guidelines Worksheet](#).
- d. Retain a copy of the *Worksheet* in the case record. Compare the results of the new obligation to the current obligation.
- e. Determine if an adjustment to the obligation is needed. An adjustment is needed if a material change of circumstance has occurred. A material change of circumstance has occurred when
 - 1) The difference between the existing child support obligation is at least 10% (higher or lower) of the existing obligation amount, and
 - 2) The change in the monthly obligation is at least \$25 per month.
- f. A referral to court is warranted even if no material change of circumstance has occurred if:
 - 1) a child needs to be added to or removed from the order
 - 2) a provision for health care coverage needs to be added or changed
 - 3) a provision for unreimbursed medical needs to be added or
 - 4) a provision for reasonable and necessary unpaid expenses for the mother's pregnancy and delivery needs to be added.

[Table of Contents](#)

- g. Send the *Review Results* to both parties. Send via the MCS portal or email if the parties agreed to receive documents with these methods; otherwise, send via first class mail.
 - h. If the review indicates no change is justified, update the Modification Reason to MDRR on the current order record in the automated system. This resets the Last Review Date on the Review and Adjust page, which restarts the clock for the 3-year period. Add a note to the current order record stating: UPDATED MDRR – REVIEW COMPLETED MM/DD/YY RESULTING IN NO MATERIAL CHANGE.
 - i. If the review indicates a change is justified, within 5 business days of receiving the *NOPR* served on the nonrequesting party or receiving the *Waiver of Formal Service of Process*, forward the PMO package to the Assistant Attorney General. Refer to [Issuing the Motion to Approve Proposed Modified Order](#).
 - j. The court serves copies of the motion on both parties and docket the case for entry of an order for 30 days after service on both parties is accomplished.
 - 1) If either party requests a hearing with the court within 30 days of receipt, the court notifies all parties of the hearing date.
 - 2) If a hearing is not requested within the 30-day period, the court enters the order without a hearing and forwards a copy of the order to both parties and the District Office.
 - k. Create a self-generated worklist for 40 days after the motion is sent to court to find out the status of the *Motion* and to send a follow-up request if necessary.
 - l. Enter the obligation information into the automated system within 2 business days of receipt of the order. Refer to [Adding Subsequent Support Orders](#).
2. Filing the *Motion to Amend or Review Order*

If the court order specifies that the award amount deviates from the guideline, if the court will not accept the Division filing the *Motion to Approve Proposed Modified Order*, or if the District Manager or designee determines it would be more expedient:

- a. The automated system generates a *NOPR* with a *Financial Statement* to the NCP and CP, where applicable, if the worker does not manually generate the documents on the same day the Review Request Type is updated in the automated system. The *Financial Statement* is not sent to a CP who receives TANF or a caretaker.

[Table of Contents](#)

- b. Serve the *NOPR* on the nonrequesting party and send a copy to the requesting party. Refer to [Issuing the Notice of Proposed Review](#).
- c. Use appropriate financial information obtained from both parties and other sources, when necessary, to conduct the review. Follow the procedures outlined in [Determining Income](#), [Deviation from the Child Support Guidelines](#) and [Obtaining the Review Information](#).
- d. Enter the required information on the *Child Support Guidelines Worksheet (Worksheet)*. In shared custody cases, prepare draft guidelines using the Cardinal Guidelines Calculator. Shared custody guidelines may need to be completed in consultation with Legal Counsel.
- e. Retain a copy of the *Worksheet* in the case record. Compare the results of the new obligation to the current obligation.
- f. Determine if an adjustment to the obligation is needed. An adjustment is needed if a material change in circumstances has occurred. A material change of circumstance has occurred if
 - 1) The difference between the existing child support amount is at least 10% (higher or lower) of the existing obligation amount, and
 - 2) The change in the monthly obligation is at least \$25 per month.
- g. If no material change of circumstance has occurred, a court referral is still appropriate if:
 - 1) a child needs to be added to or removed from the order
 - 2) a provision for health care coverage needs to be added or changed
 - 3) a provision for unreimbursed medical needs to be added or
 - 4) a provision for reasonable and necessary unpaid expenses for the mother's pregnancy and delivery needs to be added.
- h. Send the *Review Results* to both parties via the MCS portal or email if the parties agreed to receive documents with these methods; otherwise, send via first class mail.
- i. If the review indicates no change is justified, update the Modification Reason to MDRR ORDER DUE FOR REVIEW on the current order record in the automated system. Add a note to the current order record stating UPDATED MDRR – REVIEW COMPLETED MM/DD/YY RESULTING IN NO MATERIAL CHANGE. This update resets the last review date on the Review and Adjust page, which restarts the 3-year review period.

[Table of Contents](#)

- j. If the review indicates a change is justified, immediately prepare a *Motion to Amend or Review Order*. If neither party resides in the jurisdiction of the court which entered the most recent order, prepare a *Motion to Amend to Transfer Jurisdiction* and file simultaneously with the *Motion to Amend or Review Order*. Refer to [Issuing the Motion to Amend](#).
 - k. When a *Motion to Amend or Review Order* requesting venue transfer is filed simultaneously with the *Motion to Amend or Review Order* requesting order modification and the court only acted on the venue transfer and not the order modification, the Division should monitor the case to ensure that the order modification is either transferred to and heard by the new locality or refiled in the new locality.
 - l. Enter the obligation information into the automated system within 2 business days of receipt of a copy of the order. Refer to [Adding Subsequent Support Orders](#).
 - m. Refer the case to fiscal to adjust the arrearages, as appropriate.
3. If a review and adjustment request is dismissed, denied or withdrawn in court, this is considered a complete review of the court order. Update the Modification Reason to MDRR ORDER DUE FOR REVIEW on the current order record in the automated system; do not use MCOR. Add detailed order notes. This update resets the last review date on the Review and Adjust page, which restarts the 3-year review period.

(12/2012) (04/2013) (07/2014) (03/2015) (04/2016) (08/2017) (01/2018) (07/2018)

K. Termination of a Review and Adjustment (09/2022)

1. A review and adjustment that has been initiated can be terminated if
 - a. The requesting party does not complete and return the *Financial Statement* within 15 calendar days from the date the *Notice of Proposed Review* is generated and the Division is unable to obtain the information independently, including by phone interview with the requesting party or nonrequesting party as applicable, by email, text or the MCS portal, or
 - b. The requesting party requests to withdraw the review.
2. Send the *Review and Adjustment Termination Notice* to both parties.
 - a. If the review is being terminated by the Division, terminate all review and adjustment activities and update the automated system with the appropriate non-review code.

[Table of Contents](#)

b. If the review is being terminated by the requesting party, update the automated system with the non-review code, and then send the *Review and Adjustment Termination Notice*. The nonrequesting party may ask that the review continue. The nonrequesting party has 10 days from the date of the notice to request for the review to continue.

- 1) Create a worklist for 10 days after the *Review and Adjustment Termination Notice* has been sent. If no response has been received by the nonrequesting party at that time, terminate all review and adjustment activities, and update the automated system with the non-review code.
- 2) If the nonrequesting party requests the review continue, proceed to complete the review of the child support order. Notify the requesting party that the review will continue because the other party advised the Division to proceed with the review.

L. Registration for Modification of Interstate Support Orders (09/2022)

1. Intergovernmental cases have the same time periods for review and adjustment as intrastate cases.
2. Virginia as Initiating State
 - a. Virginia may request that another state register and modify an order if:
 - 1) The requesting party does not live in the state where the order will be registered
 - 2) Virginia does not have jurisdiction over the nonrequesting party and
 - 3) The original issuing state lacks CEJ either because the NCP, CP and child do not live there or the CP and NCP have agreed in writing for the registering tribunal to exercise jurisdiction to modify.
 - b. When the other state will determine if a review will be conducted
 - 1) Document the request for review and adjustment in case events.
 - 2) Send the review and adjustment request to the other state within 20 days of receipt of the review and adjustment request.
 - 3) Send any other information gathered from the requesting party to the other state. within 20 days of receipt. For example, send a *Financial Statement*.

[Table of Contents](#)

- c. Send all required UIFSA forms and attachments to the responding state. Refer to the [UIFSA Forms Matrix](#).
 - d. Within 30 days after receiving the modified order, send a certified copy of the modified order to
 - 1) The original issuing state which had CEJ over the earlier order and
 - 2) Each tribunal where the Division knows that the earlier order was registered
3. Virginia as Responding State
- a. Virginia may modify a support order issued by another state if
 - 1) The NCP and CP reside in Virginia and the child does not reside in the issuing state
 - 2) The NCP, CP and child do not live in the issuing state, the requesting party does not reside in Virginia and the nonrequesting party is subject to Virginia jurisdiction or
 - 3) The child lives in Virginia or the NCP or CP is subject to Virginia jurisdiction and the NCP and CP file a written agreement with the tribunal in the issuing state for Virginia to modify.
 - b. When a request to modify an order is received
 - 1) Determine if the case meets the criteria for review and adjustment.
 - 2) If the case does not meet the criteria for review and adjustment, send the case back to the initiating state. Indicate in the remarks section on page 3 of the *Transmittal #1-Acknowledgment* that the case does not meet Virginia's criteria for review and adjustment.
 - 3) If the case meets the criteria for review and adjustment, file the *Request for Virginia Registration of Non-Virginia Support Order* along with 2 copies (1 certified) of the support order and a sworn or certified arrears statement with the appropriate Juvenile and Domestic Relations District Court prior to conducting the review.
 - 4) Do not file the *Motion to Amend or Review Order* until you have conducted the review.
 - 5) Conduct the review following procedures for court orders that deviate from the guidelines.
 - c. After modifying a support order issued by another state, another state cannot modify the order until it can meet requirements consistent with UIFSA principles.

[Table of Contents](#)

d. The original issuing state must recognize the modification.

4. Controlling Order

a. New Controlling Order

- 1) A new controlling order determines the support obligation and prospective interest rate.
- 2) A new controlling order cannot retroactively modify prior orders. Arrearages accrued prior to the effective date of the new order remain valid, including interest arrearages.

b. Initial Controlling Order

- 1) The initial controlling order continues to control the duration of the obligation of support. The duration often depends on when the youngest child would emancipate under the laws of the state that issued the initial order.
- 2) If an out-of-state order does not specify that the order continues past age 18, the Division continues to enforce the order according to the age of emancipation in the other state. Refer to the [Intergovernmental Reference Guide](#) to determine the age of majority for termination of support.

5. Receiving a Modified Order

- a. When another state sends a copy of an order that was modified according to UIFSA principles, add the order to the automated system within 2 business days.
- b. Maintain a copy of the modified order in the case record.
- c. Do not add the order to the automated system if the order was not modified according to UIFSA principles.

M. Review and Adjustment under UIFSA (09/2022)

1. Under UIFSA, for purposes of review and adjustment, the initiating state is defined as the state with the assignment of rights or the state where the request has been made.
2. If the order was established by Virginia, send out the *Notice of Right to Review* to every state that has an order.

[Table of Contents](#)

3. If the order was established by Virginia, send out the *Notice of Right to Request a Review of Your Child Support Due to Incarceration* when applicable. Refer to [Enforcement and Special Circumstances NCPs](#).
4. If Virginia is only enforcing the order, do not send out the *Notice of Right to Review* or the *Notice of Right to Request a Review of Your Child Support Due to Incarceration*.
5. The initiating state decides whether the review will be conducted and where the review will take place.
6. Apply CEJ principles when looking at where you can request a review.
7. If a state requests a review in Virginia and Virginia does not have CEJ, do not conduct the review.
8. If a Virginia order has not been modified in another state, Virginia retains jurisdiction to modify an order issued by a Virginia tribunal if one party resides in another state and the other party resides outside the United States.
9. If Virginia cannot modify the order and registration in the other state is not necessary, Virginia is still considered the initiating state and should send all required UIFSA forms and attachments to the other state. Refer to the [UIFSA Forms Matrix](#).

(06/2015) (08/2017)

8.2 Review and Adjustment Procedure

A. Processing the Review Request (04/2023)

1. Either party in a IV-D case can submit a request for the review. The request can be submitted using the *Request for Review and Adjustment*, informally in writing, via email, via the MCS portal or verbally.
2. When the review request is received, the responsible Review and Adjustment (R&A) caseworker
 - a. Creates a SELF event in Case Events with the event descriptor REVIEW REQUEST RECEIVED.
 - b. Documents in the Event Notes which party requested the review, the date the review request was received, the manner in which the review was received (verbal, by email, etc.) and, when provided, the reason for the review request.
 - c. Reviews the request, the support order and the case facts.

[Table of Contents](#)

- 1) If the support order is not a Virginia order but Virginia is the appropriate state to modify, take action to have the support order registered in Virginia. Refer to [Registration for Modification of Interstate Support Orders](#).
 - 2) If the support order needs to be remanded from circuit court, complete a *Legal Services Referral*. Refer to [Referring Cases to Legal Counsel](#).
 - 3) If neither the CP nor NCP reside in the Virginia jurisdiction that issued the order, the prepare a *Motion to Amend or Review Order* selecting the Venue Transfer option and file simultaneously with the *Motion to Amend or Review Order* (Proposed Modified Order or Standard) with the issuing court.
 - 4) If the CP is deceased or cannot be located on an ARRP case when an NCP has requested a review, proceed with the review as the only two parties necessary to conduct the review are the NCP and the Division.
- d. Determines within 3 days of receiving the review request, or within 5 days of receiving the CFRA worklist, whether to conduct the review. If the caseworker does not disposition the CFRA worklist or generate the *Notice of Proposed Review (NOPR)* the day the worklist is received, the automated system starts the review process and issues the *Notice of Proposed Review* via overnight batch-processing.
- e. The Division only initiates reviews for incarcerated NCPs using RQDC when the review request received indicates incarceration as the reason for the request and the NCP has been incarcerated for less than 180 days. Within 15 calendar days of receiving a review request from an incarcerated NCP, the Review and Adjustment caseworker will verify that the NCP has been incarcerated 180 consecutive days. If the NCP has not been incarcerated at least 180 consecutive days, the Review and Adjustment caseworker will
- 1) Add the NCP's name to the Review and Adjustment tracker, including date the NCP will reach 180 days.
 - 2) Use the NRIN (Incarcerated NCP) code to disposition the Review and Adjust page to indicate the review was denied.
 - 3) Send the *Notice of Right to Request a Review of Your Child Support Due To Incarceration Status* to the NCP.
 - 4) When the review tracker indicates the NCP has been incarcerated 180 days, the Review and Adjustment caseworker will verify the NCP has been continuously incarcerated.

[Table of Contents](#)

- 5) The Review and Adjustment caseworker will initiate the review using the RQDC request type after incarceration verification.
- f. When Virginia does not have CEJ and it is determined that the other state will complete the review and adjustment, terminate the review using the RQWD code and document the case specifying that the other state will conduct the review. Send all required UIFSA forms and attachments to the other state. Refer to the [UIFSA forms Matrix](#).
3. When the review request is submitted via email to the askdcse@dss.virginia.gov, upon receipt of the email, the Resolution Specialist forwards the email to the Division's Review and Adjustment Team at dcsevadteam@dss.virginia.gov. The R&A Team images the email and the accompanying documents to Perceptive.
4. When the review request is submitted via direct email to Division staff other than the R&A Team, staff document case events, complete the [Review Request Form](#) and forward to the Review and Adjustment Team Perceptive queue within 3 business days. The email recipient images the email and any attachments to Perceptive. Refer to the [SELF Events Documentation Table](#) and [Electronic Communications](#) for documentation requirements.

(02/2021) (09/2022) (04/2023)

B. Obtaining the Review Information (05/2024)

1. Within 3 business days of receiving a review request or 5 business days of receiving the CFRA worklist, contact both parties, conduct an interview, explain the review process and provide direct contact information.
 - a. Because the determination whether or not to conduct the review must be made within 3 or 5 business days, staff should attempt phone contact within 1 business day of receiving the worklist or the request.
 - b. If the initial contact with either party is unsuccessful, within 1 business day there should be at least 1 additional attempt to contact the party by phone. Use all available phone numbers. If unable to contact a party by phone, if an email address is available, send an email requesting the party contact the review and adjust caseworker.
 - c. Refer to [Interviewing and Communications](#) for documentation requirements.
2. Requesting Party
 - a. If the review request was not submitted on the *Request for Review and Adjustment* and the reason was not provided in the informal request, obtain this information. If the

[Table of Contents](#)

Financial Statement and, when applicable, the *Health Insurance Verification Notice*, were not submitted with the review request, request the information needed over the phone.

- b. If the request is a special circumstances review request and supporting documentation was not submitted with the request, advise the party that the documentation must be submitted within 15 calendar days, or the review will be terminated.
- c. Request the party provide any needed documentation within 5 business days and submit it via
 - 1) The MCS portal
 - 2) Email to the R&A caseworker
 - 3) Mail to the District Office
 - 4) Fax to the District Office
- d. Verify if the party is willing to receive documents from the Division via the MCS portal or email and document this information in the Case Event notes.

3. Nonrequesting Party

- a. Advise the party that the other party has requested a review of the support order.
- b. Ask for information needed, including financial information. Do not obtain financial information from a TANF recipient or caretaker and do not send a *Financial Statement* to a TANF recipient or caretaker.
- c. If the nonrequesting party is deceased or cannot be located on an ARRP case, create a SELF event in Case Events, document your findings that the CP is deceased or cannot be located, and proceed with the review process.

A. General Provisions for Handling Intergovernmental Cases under UIFSA (01/2017)

2. The following definitions apply in this chapter:
 - a. “Agency” means a child support agency of any state, Tribe or country.
 - b. “Jurisdiction” means any state, Tribe, or country.
 - c. “Intergovernmental case” means a IV-D case in which the NCP lives and/or works in a different jurisdiction than the CP and child or children that has been referred by an initiating agency to a responding agency for services.
 - d. “Foreign country” means a country or its political subdivision, other than the United States, that authorizes the issuance of support orders and
 - 1) Has been declared under United States law to be a foreign reciprocating country
 - 2) Has established a reciprocal agreement for child support with the state of
 - 3) Has enacted a law or established procedures for the issuance and enforcement of support orders which are similar to those in the Code of Virginia; or
 - 4) Has ratified the Hague Convention
3. Under UIFSA, the guidance provided regarding interaction with another state also applies to foreign countries.
4. The full range of support enforcement services are provided on an intergovernmental case referred by another agency, including, but not limited to
 - a. Asserting jurisdiction over the NCP
 - b. Establishing a child support order in accordance with Virginia's child support guidelines

(11/2013) (06/2015)

B. Overview (07/2021)

The Uniform Interstate Family Support Act (UIFSA) was first adopted in 1992 by the National Conference of Commissioners on Uniform State Laws (now the Uniform Law Commission). Under UIFSA, the United States collaborates with other states, tribes and countries. The development of UIFSA resolved the problem of multiple conflicting orders. It established rules that restricted when a tribunal could establish a new order and limited the authority of a tribunal of one state to modify a valid support order entered by the tribunal of a sister state. UIFSA was amended in 1996, 2001, and 2008. The Virginia version of UIFSA is found in Virginia Code §§ 20-88.32 et seq.

Effective January 1, 2017, the Hague Child Support Convention became effective in the United States. The United States began processing cases with several countries that have ratified the Convention.

1. UIFSA contains a number of provisions that affect the processing of cases that involve 2 or more jurisdictions. For example, UIFSA contains
 - a. An expanded long-arm statute
 - b. Provisions that implement direct income withholding across state lines
 - c. Special rules in intergovernmental cases for
 - 1) The admissibility of verified petitions and affidavits

[Table of Contents](#)

- 2) Certified copies of records of child support payments
 - 3) Copies of bills for paternity testing, prenatal, and postnatal health care of the mother and child
 - 4) The use of faxed documents and telephonic hearings
 - 5) Communication between tribunals in different jurisdictions to obtain information about laws of other states or orders of other tribunals
 - 6) Assistance in discovery
- d. One of the major features of UIFSA is the adoption of the one order, one-time principle. Before UIFSA was enacted, several conflicting child support orders governing the same NCP, CP and child could exist at the same time. Under the Full Faith and Credit for Child Support Orders Act (FFCCSOA), a support order issued by one state is entitled to recognition by another state.
- e. Under UIFSA, an NCP or CP may file an initial child support action in any state with jurisdiction over the opposing party. If 2 states are both validly asserting jurisdiction, UIFSA establishes rules for determining which assertion has priority to establish a support order.
- f. The Federal Office of Child Support Enforcement created new intergovernmental forms in compliance with the provisions of UIFSA 2008. The revisions include safeguards for personal data, considerations for additional gender types and diverse family structures. There is no longer a requirement for forms to be notarized.

(06/2015) (08/2017) (05/2018)

C. Division Responsibilities (05/2024)

 - e. Review incoming EDE requests within 5 business days of the EDE document receipt date to download the document(s) and/or to view document requests. If the incoming request has an incorrect FIPS code, District Office staff update the request with the correct FIPS code to allow the EDE to automatically route the request to the appropriate locality.
 - f. Any state or tribe can request, in writing or verbally, information about the UIFSA laws of another state or tribe; the legal effect of a judgment, decree or order of that tribunal or the status of a proceeding in the other state. 3. Initiating State Responsibilities

- f. Within 20 calendar days of completing the actions required in paragraphs c through e above, and if appropriate, receipt of any information needed to process the case.
 - 1) If a determination of the controlling order and reconciliation of arrearages are needed, file a request for that determination and reconciliation within the appropriate Virginia court or refer the case to the appropriate agency in the responding jurisdiction to have that determination and reconciliation made; and
 - 2) If the use of long-arm jurisdiction is not appropriate, refer the case to the appropriate jurisdiction for action.
- g. Provide the responding agency with sufficient and accurate information to act on the case by submitting with the case any necessary documentation and intergovernmental forms.
- h. Within 30 calendar days of receipt of a request for information, provide the responding agency with requested additional information or notify the responding agency when that information will be provided.
- i. Notify the responding agency at least annually, and upon request in an individual case, of interest charges, if any, owed on overdue support under a Virginia order being enforced in the responding jurisdiction.
- j. In a case in which the support order was issued in a foreign currency, reconcile the arrearages every 12 months with the appropriate foreign country because the exchange rate is constantly changing. Provide the parties to the case a statement of the recalculated arrearages in U.S. dollars. Refer to [Receivables Maintenance](#).

4. Responding State Responsibilities

- a. Accept and process an intergovernmental request for services, regardless of whether the initiating agency elected not to use long-arm jurisdiction or other remedies that may be available under the law of that jurisdiction.
 - b. Within 75 calendar days of receipt of a request of an intergovernmental form and documentation from Virginia's Central Registry:

The Division cannot reject a request from another state or return it to that state. The case may be closed when the intergovernmental case closure criteria are met.
- c. Cases received by a District Office directly should be forwarded to the Central Registry within 1 business day.

 - 1) When a payment is received, the payee code will need to be added so that the payment can be processed to the other state.
 - 2) The payee code is immediately removed after the payment is processed and the case level hold added back. This process will need to occur every time that a payment is received. The Division may contact the CP about the option of applying for intergovernmental services for his or her other case; however, the CP is not required to do so.
 - e. When a UIFSA petition is received in the District Office in error, forward it to the appropriate Division Office or Central Registry in the other state. Notify the Initiating State where and when the UIFSA petition was sent.
 - f. Within 10 working days of locating the NCP in a different State, the Division must return the forms and documentation, including the new location, to the initiating agency, or if directed by the initiating agency, forward the forms and documentation to the Central Registry in the State where the NCP has been located and notify the Division Central Registry of that action.

12. File the petition with the court only when administrative action cannot be taken or in conjunction with an administrative action.
13. NCPs residing outside of Virginia who have a Virginia court or administrative support order may participate in the TANF Debt Compromise Program (the Program).
 - a. The NCP must speak directly with the Enforcement Specialist in person or telephonically.
 - 1) The Specialist determines the NCP's income and the tier of the Program for which the NCP qualifies.
 - 2) Non-resident NCPs only qualify for Tier 2 or Tier 3 of the Program.
 - b. For intergovernmental cases, use the *Transmittal #2* to notify the responding state when the NCP enrolls in the Program. Include a copy of the completed *TANF Debt Compromise Payment Agreement* and notify the responding agency that
 - 1) The Division will only compromise debt owed to the Commonwealth of Virginia and

D. Central Registry Responsibilities (05/2024)

1. The Division's Central Registry is responsible for receiving, distributing, and acknowledging receipt of all incoming intergovernmental cases, except when another state sends an income withholding order directly to a NCP's employer.
2. The Central Registry is responsible for forwarding non-IV-D cases to the appropriate court. Non-IV-D cases are generally
 - a. Spousal only
 - b. Cases received directly from an individual (e.g., an attorney), where there is no application for services included
 - c. Cases received directly from a Virginia court to be forwarded to the other state's court or
 - d. Cases received directly from another state's court to be forwarded to a Virginia court
3. The Central Registry receives new requests for IV-D services, UIFSA documents, and solicited and unsolicited documents without a local FIPS code via the Electronic Document Exchange (EDE). Central Registry staff
 - a. Receive incoming non-UIFSA requests for existing Division cases, update the request and route it to the appropriate locality in the EDE;
 - b. Upload the EDE UIFSA document to Perceptive and
 - c. Forwards certified and original UIFSA documents to District Offices via the Department's interoffice courier.
4. Inquiries from other states include initial requests for IV-D action, UIFSA petitions, locate only requests, requests for intergovernmental income withholding in IV-D cases and other services as specified in [Division Responsibilities](#).
5. All cases initiated by another IV-D child support agency or foreign country should pass through the Central Registry in Virginia, except when an income withholding request is sent directly to the NCP's employer.

[Table of Contents](#)

6. Cases initiated by a foreign country should be coded IV-D and forwarded to the appropriate District Office for processing. The UIFSA package serves as an application when it comes from the child support agency of a foreign country. Refer to the [OCSS website](#) for a list of countries declared by the U.S. government as foreign reciprocating countries.
7. If the payee code cannot be updated for the incoming UIFSA because the CP has a direct pay companion case in Virginia, proceed with timely processing of the UIFSA. Put detailed notes in case events about the payee code status, put a hold on the case, and forward the case to the appropriate District Office.
8. While Central Registry may receive a *Transmittal #1 – Initial Request* via the Child Support Enforcement Network (CSENeT), the Division requires a paper *Transmittal #1* to provide services. The paper *Transmittal #1* can be received via the Electronic Document Exchange (EDE). If received via EDE, it must be downloaded and scanned into Perceptive.
9. Within 10 business days of receiving an intergovernmental case, the Central Registry
 - a. Reviews the documentation submitted with the case to ensure that it is complete.
 - b. Requests any missing documents or information
 - c. Forwards the case to the SPLS, if the NCP's address information is insufficient
 - d. Determines whether Virginia is the correct state to modify the order when modification is requested
 - 1) If it is determined that Virginia is not the correct state to modify
 - a) Determine which is the correct state
 - b) Forward the request to the appropriate state
 - 2) Notify the Initiating State that, under UIFSA principles, Virginia would not be the correct state to modify the order and that its request has been forwarded to the appropriate state for modification.
 - 3) Indicate in the "Acknowledgments" section of the *Child Support Enforcement Transmittal #1 Initial Request – Acknowledgement (Acknowledgement)* or *Child Support Enforcement Transmittal #2- Subsequent Actions (Transmittal #2)* or the name of the state the case was forwarded to.
 - e. Adds the case to the automated system or updates the case if the case already exists.

[Table of Contents](#)

- f. Sets the FVI if the other state has checked the box for “Nondisclosure Finding/ Affidavit Attached” on any intergovernmental documents.
 - g. Sets up the case record
 - h. Forwards the case record along with the *Interstate Request for Provision of IV-D Services* to the appropriate District Office for action
 - i. Sends the completed *Transmittal #1- Initial Request/Acknowledgment* or *Transmittal #2* to the Initiating State giving the Initiating State the name of the District Office to which the case was assigned
 - j. Requests missing documentation or information from the Initiating State and processes the case to the extent possible pending receipt of that documentation or information
 - k. If the Initiating State fails to send documentation necessary for registration, forward the case to the appropriate District Office for enforcement anyway, as the Division is still able to take some enforcement actions without registration
 - l. Request the Initiating State to complete the *Acknowledgment of Paternity* when it has requested paternity establishment but has not provided a sworn statement from the mother
 - m. Do not ask the Initiating State to complete the *Acknowledgment of Paternity* when it has provided the mother's sworn statement
 - n. Respond to inquiries from other states within 5 business days of receipt of a request for a case status review
 - o. If the documentation received from the other jurisdiction is incomplete and cannot be remedied by the Central Registry without assistance from the initiating agency, forward the case for any action that can be taken while waiting for needed action by the initiating agency. The Division does not have the option of rejecting or returning intergovernmental requests whose documentation is incomplete or inadequate. Such cases may eventually be closed if the closure criteria are met. Refer to [Reasons for Case Closure](#).
10. Work incoming UIFSA requests for Limited Services cases.
- a. A Limited Services case results when an Initiating State asks another State to take 1 or 2 specific actions that will allow the case to still be worked as a one-state case (e.g., by long-arm jurisdiction). Generally, in a Limited Services case, the Initiating State just needs a small, but often crucial, part of the case processing activity completed by another IV-D

[Table of Contents](#)

agency. The idea is to help the Initiating State process its case by providing a one-time service. The Responding State is not involved for the life of the case.

- b. Virginia will act as a Responding State in response to an incoming *Child Support Enforcement Transmittal #3- Request for Assistance/Discovery (Transmittal #3)*. A few Limited Services request require a *Transmittal #1*. Virginia may also choose to ask another state IV-D agency for assistance with a case by sending a *Transmittal #3* request.
- c. The Initiating State can ask the Responding State to conduct or help secure one of the following:
 - 1) “Quick locates”
 - 2) Service of process

Directly contact via telephone, fax or other means, the sheriff or other appropriate official in another agency in another state to request personal service of process in the other jurisdiction. Send the request for assistance/discovery on the *Transmittal #3* only if attempts have been unsuccessful. Attach documentation as necessary for service of process.

- 3) Genetic testing
 - 4) Assistance with discovery for court or hearing purposes
 - 5) Certified payment records
 - 6) Seizure of assets
 - 7) Order copies
 - 8) Lien filings
 - 9) Teleconferencing hearings
 - 10) Administrative reviews
 - 11) Attachment of unemployment compensation benefits
 - 12) High-volume automated administrative enforcement (interstate FIDM); and
 - 13) Any other limited service that can appropriately be provided.
- d. When a *Transmittal #3* is received, it is handled by the Central Registry.

[Table of Contents](#)

- 1) The following *Transmittal #3* requests require that a case be set up on the automated system. These cases will be closed as soon as the action is completed and the Initiating State notified
 - a) Genetic testing
 - b) Lien filings
 - 2) The following *Transmittal #3* requests do not have a case set up on the automated system
 - a) "Quick locates"
 - b) Service of process
 - c) Assistance with discovery
 - d) Certified payment records
 - e) Order copies
 - 3) The following *Transmittal # 1* requests require a case to be set up on the automated system
 - a) Attachment of unemployment compensation benefits. These requests will require a closure request from the Initiating State in order to close the case.
 - b) Seizure of assets. These cases will close as soon as the action is completed and the Initiating State is notified.
- e. When building a Limited Services case on the automated system
- 1) Use the case type NIVD (non-IV-D)
 - 2) Use locality code 900 (Home Office/Central Registry)
 - 3) Create a Case Event using the Event Description "Limited Services Case". Update the Event Notes stating what action the Initiating State requested.
- f. Accepting the Limited Services Requests Requirements
- 1) Receipt of a *Transmittal #1* or *Transmittal #3*
 - 2) If the request is for assistance with lien filing or seizure of assets, a certified arrearages balance/payment history is necessary.

[Table of Contents](#)

- 3) If the request is for attachment of unemployment compensation benefits, a certified arrearages balance/pay history and certified court order are necessary. If the Initiating State does not provide the certified pay history, continue with case processing and notify the Initiating State to provide this information.
 - 4) If the request is for the seizure of a bank account, the other state must provide the FIDM financial institution and account information. In addition to the existing criteria for filing an *Order to Withhold*, Virginia will not process the request unless there is a minimum balance of \$500 in the account. Refer to [Order to Withhold](#).
 - 5) When filing an *Order to Withhold*, Central Registry staff will attach the *Order to Withhold Addendum Limited Services Case* to the document. The addendum provides the NCP with the appropriate contact information for the Initiating State in the event he or she wishes to file an appeal the *Order to Withhold*.
- g. Central Registry staff takes requested *Transmittal #3* actions according to existing procedures for working intrastate and intergovernmental full services cases. Refer to the appropriate section of the Program Manual for procedures on specific actions.

E. Paternity Establishment (05/2018)

1. Virginia as Initiating State

a. Long Arm Jurisdiction

- 1) UIFSA does not require the use of long arm.
- 2) District Offices attempt to use long arm whenever possible.
- 3) Long arm jurisdiction to establish paternity requires service on the putative father (PUTF) and sufficient minimum contacts between the PUTF and Virginia. Refer to [Establishing Paternity in Intergovernmental Cases](#).
- 4) UIFSA allows Virginia to seek stand-alone paternity establishment or paternity and support order establishment.
- 5) Assertion of long arm jurisdiction over an NCP results in a one-state proceeding.

b. UIFSA Petition to establish paternity

[Table of Contents](#)

- 1) If long arm is not available or feasible, forward the *Declaration in Support of Establishing Parentage, Personal Information Form* and supporting documentation to the Central Registry in the state where the other parent lives.
 - 2) Complete the *Child Support Enforcement Transmittal #1-Initial Request* and other forms as needed. Refer to [Establishing Paternity in Intergovernmental Cases](#).
2. Virginia as Responding State
- a. The presence of the petitioner is not required.
 - b. Refer a case to Legal Counsel if the PUTF denies paternity and presents a prior order of non-parentage.
 - c. If paternity has not been previously established, refer to [Establishing Paternity in Intergovernmental Cases](#).
 - d. Virginia paternity law applies regarding the admissibility of genetic testing when Virginia is asked to establish paternity and child support.
 - e. The Division establishes paternity without establishing a support order when it is requested by another IV-D agency.

(08/2016) (8/2017)

F. Support Order Establishment (04/2023)

1. Virginia as the Initiating State
 - a. Long Arm Jurisdiction
 - 1) Use Long Arm to establish a child support obligation when one or more of the following apply:
 - a) The NCP can be located and personally served in Virginia, including a nonresident who is temporarily in Virginia.
 - b) The NCP voluntarily gives Virginia jurisdiction by consent. The *Jurisdiction Consent Form* must be completed and signed by the NCP, notarized and returned.
 - c) The NCP lived in Virginia with the child.
 - d) The NCP lived in Virginia and paid prenatal expenses or provided support for the child.

[Table of Contents](#)

e) The child lives in Virginia because of an act or directive of the NCP (for example, the NCP tells the CP to go to Virginia and he or she will join them but never comes; the NCP helps the CP move to Virginia, etc.)

f) There is evidence that sexual intercourse occurred in Virginia that resulted in the conception/fathering of the child.

g) The NCP and CP maintained a matrimonial domicile (lived together as husband and wife) in Virginia at the time they separated, or at the time a cause of action arose or was commenced for divorced or separate maintenance, if one party to the marriage lives in Virginia.

2) Long Arm reasons c through g must be documented by having the CP complete the *Long-Arm Jurisdiction Affidavit*. The CP's notarized signature on this form alleges that Virginia has jurisdiction over the nonresident NCP.

3) Long Arm jurisdiction to establish a child support order requires service on the NCP and sufficient minimum contacts between the NCP and Virginia.

b. UIFSA Petition to Establish Child Support

1) If Long Arm is not available, send the *Transmittal #1- Initial Request*, the *Confidential Information Form* and other intergovernmental documents along with supporting documentation to the Central Registry in the state where the NCP lives.

2) Do not send a UIFSA petition to establish child support while the parties have a divorce pending in Virginia. This could result in having 2 orders entered with different amounts. If the divorce action is not resolved within 6 months, refer the matter to Legal Counsel.

2. Virginia as Responding State

a. Do not request the out-of-state party to appear for a hearing.

b. If paternity has previously been determined, a parent cannot raise paternity as a defense to a UIFSA proceeding.

c. Do not establish a new child support order if there is an existing child support order for the same NCP and child regardless of whether a URESA or UIFSA state issued the order unless no state can exercise CEJ.

d. If more than one state has issued a child support order and none of the states have CEJ, establish a new order.

[Table of Contents](#)

- e. A parent cannot raise visitation as a reason for not paying child support in a UIFSA proceeding.
- f. Issue a child support order if
 - 1) A child support order does not exist
 - 2) A divorce decree is silent on the issue of support
 - 3) A court order states that support is reserved because of lack of personal jurisdiction
 - 4) The petitioner lives in another state and/or
 - 5) There is a duty to support.
- g. If the order sets an obligation at zero (\$0.00) dollars (e.g., finding of inability to pay), modify the court order. Do not issue an *ASO*.
- h. If an intergovernmental referral is sent to Virginia and Virginia cannot acquire personal jurisdiction over the NCP, forward the intergovernmental referral to the state which has jurisdiction and provide updates to the Initiating State.
- i. When receiving a petition to establish a child support order
 - 1) Use Virginia's child support guideline to determine the obligation amount and duration of support.
 - 2) Attach a copy of the *Child Support Guidelines Worksheet* to the child support order to show how the obligation amount was calculated.
 - 3) Mail copies of the child support order by first class mail to the Initiating State and to the NCP.

(08/2017) (05/2018)

G. Support Enforcement (05/2018)

1. One Support Order

If there is only one child support order, enforce that order.

2. Multiple Child Support Orders

a. Determining the Controlling Current Support Order for Ongoing Enforcement

[Table of Contents](#)

- 1) For intergovernmental cases that existed prior to July 1, 1994, determine the controlling order for enforcement when a request for new action is made if the controlling order has not already been determined.
- 2) Apply the following rules to decide which order to enforce when one or more states have issued child support orders for the same NCP, CP, and child.
 - a) If more than 1 state has issued a child support order and only 1 has Continuing Exclusive Jurisdiction (CEJ), enforce the order of the CEJ state.

Example

VA Order	SC Order	TX
CP/ child		NCP

The Virginia order is the controlling order because only Virginia has CEJ.

- b) If more than 1 state has issued a child support order and more than 1 of them has CEJ, enforce the order issued by the state which is the current home state of the child (where the child has lived for at least 6 months).

Example

VA Order	SC Order
CP/ child (6 months)	NCP

The Virginia order is the controlling order because the child has lived in VA for 6 months.

- c) If more than 1 state has issued a child support order and more than 1 of them has CEJ, and there is no home state of the child, enforce the most recent order.

Example

VA	SC
CP/child (1 month)	NCP
2002 Order	2006 Order

The South Carolina order is the controlling order.

- d) If more than 1 state has issued a child support order and none of the states have CEJ, establish a new order.

Example

[Table of Contents](#)

WV	VA	SC	MT
CP/child	NCP	2006 Order	2002 Order

Virginia would issue a new order at West Virginia's request. The new Virginia order is the controlling order.

b. Determination of the controlling order is not necessary for enforcement of arrearages only.

c. Send the *Notice of Determination of Controlling Order* to

- 1) The NCP
- 2) The CP
- 3) The initiating IV-D agency if Virginia is the Responding State
- 4) Any tribunal that issued a child support order for the same parties
- 5) Any IV-D agency with an open or closed IV-D case for the same parties
- 6) The Central Registry in the state that is representing an NCP or CP, as appropriate

d. Do not continue to enforce a Virginia order when the Division is notified that the Virginia order is not the controlling order.

e. Arrearages

- 1) Arrearages are entitled to full faith and credit.
- 2) If a higher order was entered first, calculate arrearages based on the highest existing order up to the point that the controlling order is determined.

Example:	TX	VA
	1985 Order	1990 Order
	(500)	(200)
	NCP	CP/Child (6 months)

Calculate the arrearages using the TX order up to the point that the controlling order is determined (VA order). Use the VA order to calculate arrearages from that point on.

[Table of Contents](#)

- 3) If a lower order was entered first, calculate the arrearages on the lower order until the higher order was entered, then calculate from the higher order to the point that the controlling order was entered.

Example:	TX	VA
1985 Order	1993 Order	
(200)	(500)	
CP/Child (6 months)	NCP	

Calculate the arrearages using the TX order up to the point the VA order was entered. Use the VA order from 1993 up to the point the controlling order is determined (TX order). Use the TX order from that point on.

- 4) Once an arrears determination has been made, distribute collections in excess of the current support amount to Virginia first if arrearages are owed to Virginia, then to the Initiating State for distribution to other states.

3. Enforcement of Support Order without Registration

a. Virginia as the Initiating State

1) Direct Income Withholding

- a) Send a direct *Income Withholding for Support (IWO)* to the NCP's employer in another state if the employer does business in a state that has a direct income withholding provision.
- b) It is not necessary to file any pleading or register the order with the tribunal of the second state.
- c) If an intergovernmental case exists with a IV-D agency in another state, do not send an *IWO* without first notifying the Responding State and requesting that the existing intergovernmental case be closed.
- d) Employers are required to honor *IWOs* regardless of whether Virginia has jurisdiction over the employer.
- e) If the NCP contests the *IWO*, he or she notifies Virginia of the contest. The NCP whose employer is in another state has the same *IWO* appeal rights as an NCP whose employer does business in Virginia. Refer to [Income Withholding for Support](#).

[Table of Contents](#)

- 2) Utilize other administrative enforcement actions, as appropriate, to enforce the case long arm before referring the case to the other state for enforcement.
 - 3) Complete the *Child Support Enforcement Transmittal #1- Initial Request, Confidential Information Form* and other required documents to request that another state enforce the order when long arm administrative enforcement actions are unsuccessful.
 - 4) Send the intergovernmental forms to the Central Registry in the other state.
 - 5) Do not ask the Responding State to enforce current support under its own order if another state has modified the order.
- b. Virginia as the Responding State
- 1) Administratively enforce the order when responding to a request for enforcement before registering the order with the court.
 - 2) The Hearing Officer hears the case when there is an appeal of an administrative enforcement action.
 - 3) After the hearing, the Hearing Officer sends the *Administrative Hearing Decision (out-of-state)* to the parties.
 - 4) If either party disagrees with the decision of the hearing officer, he or she can send written notice to the Manager of Appeals and Fair Hearings.
 - 5) The Manager of Appeals & Fair Hearings & Civil Rights forwards the request for an appeal of the Administrative Hearing Officer's decision to the District Office responsible for the case.
 - 6) Within 5 business days of receipt of written notice of the request for an appeal of the administrative hearing decision, send to the Juvenile and Domestic Relations District (JDR) Court.
 - a) The *Registration Statement*, and
 - b) Any other court forms necessary to take enforcement action.
 - 7) The JDR court notifies both parties when the order is registered.
4. Registration for Enforcement
- a. Virginia as the Initiating State
- 1) Virginia may request registration for enforcement in the Responding State.

[Table of Contents](#)

- 2) Once an order is registered for enforcement in the Responding State, it is enforceable in the same manner as an in-state order, but it may not be modified.
 - 3) Send to the Responding State's Central Registry:
 - a) The *Child Support Enforcement Transmittal #1- Initial Request (Transmittal #1)* requesting registration for enforcement
 - b) The *Registration Statement*
 - c) Two copies, including 1 certified copy, of all orders to be registered
 - d) A certified statement of arrearages
 - e) Description and location of property subject to seizure and sale or any other source of income
 - 4) List the NCP's source of income not from the employer or description and location of property to be seized and sold on the *Transmittal #1* in section VI "Additional Case Information".
- b. Virginia as the Registering State
- 1) Court Registration
 - a) Register the order with the JDR court using the *Request for Virginia Registration of Non-Virginia Support Order* after exhausting all applicable administrative enforcement remedies.
 - b) Send 2 copies, including 1 certified copy, of all the orders to be registered and a certified pay history from the issuing state with the *Request for Virginia Registration of Non-Virginia Support Order*.
 - c) When a support order issued by another state is registered, the JDR court sends the notice of registration to the non-registering party.
 - d) The notice informs the non-registering party that he or she has 20 calendar days after the date of mailing or service of process of the notice to contest the validity or enforcement of the registered order; failure to timely contest the registration of the order results in confirmation of the order and enforcement of the order and arrearages; and a further appeal is precluded.
 - e) If either party contests the registration of the order, the JDR court notifies the parties and the Division of the date, time and location of the hearing.

[Table of Contents](#)

- 2) Virginia law applies except
 - a) The issuing state law governs interpretation of the order being enforced (including nature, extent, amount and duration of support obligation and payment arrearage).
 - b) If the issuing state and Virginia have different statutes of limitation, the longer time period applies.
 - c) The court may stay enforcement if the NCP presents evidence of full or partial defense.
 - d) The court may continue the proceeding to permit additional relevant evidence; and
 - e) The court may enforce any uncontested portion of the registered order during a stay or continuance.

3) Confirmation of a Registered Order

- a) An order is confirmed when a hearing is not requested in a timely manner by either party or
- b) A valid defense is not established by the contesting party.

(03/2016) (06/2016) (01/2017) (08/2017)

H. Jurisdiction Principles (08/2017)

Continuing, Exclusive Jurisdiction (CEJ)

1. CEJ exists in the state where there is a party (NCP, CP, or child) plus a child support order for those parties issued by that state (CEJ = Party + Order in issuing state).
2. Under UIFSA, if Virginia issued a support order first, Virginia retains CEJ over the order until 1 of the following occurs:
 - a. The CP, NCP and child all take up permanent residency in 1 or more other states, or
 - b. The CP and NCP file a written consent with the Division for another state to modify the order and assume CEJ. If the parents of a child agree that a state having personal jurisdiction over the other parent should modify the order and assume CEJ, the request to transfer jurisdiction must be signed by both parents and confirmed in the state which has CEJ over the order.
 - c. Virginia as Responding State (other state has CEJ)

[Table of Contents](#)

- 1) The agreement to allow Virginia to modify the order and assume CEJ must be signed by both parents and confirmed by the state with CEJ.
 - 2) Obtain a copy of the confirmation (not the agreement) from the parties or the other state which allows Virginia to modify the order and assume CEJ prior to modifying the order.
- d. Virginia as Initiating State (Virginia has CEJ)
- 1) For Virginia court orders
 - a) Send the *Agreement to Transfer Jurisdiction* form to the parents.
 - b) File a copy of the signed agreement with the appropriate court that issued the order.
 - c) Maintain a copy of the signed *Agreement to Transfer Jurisdiction* in the file until the court confirms the transfer of jurisdiction.
 - d) The court sends the *Confirmation to Transfer Jurisdiction* to the parties and the Division informing them that CEJ has been transferred to the state with jurisdiction over the other parent.
 - e) Document in Case Events that CEJ has been transferred to the state with personal jurisdiction over the other party
 - 2) For Virginia ASOs
 - a) Send the *Agreement to Transfer Jurisdiction* to the parents.
 - b) Do not file a copy of the *Agreement to Transfer Jurisdiction* form with the court.
 - c) The District Office worker will confirm that CEJ has been transferred to the state with jurisdiction over the other parent.
 - d) The District Office worker sends confirmation to both parties and the IV-D agency in the state that is to assume CEJ.
 - e) File a copy of the *Confirmation to Transfer Jurisdiction* form in the case file.
 - f) Document the automated system that jurisdiction has been transferred.
- e. When CEJ is lost, the support order continues to be enforceable and remains in effect until it is properly modified by another state with jurisdiction to do so.

[Table of Contents](#)

- f. If a Virginia order is modified by another state consistent with the provisions of UIFSA, Virginia loses its CEJ with regard to prospective enforcement of the Virginia order, and may only
 - 1) Enforce the order that was modified as to amounts accruing before the modification
 - 2) Enforce non-modifiable aspects of the order (e.g., contractual obligation to provide college education trust fund, etc.) and
 - 3) Provide appropriate relief for violations of the order that occurred prior to the modification.
- g. Virginia may not exercise its continuing jurisdiction to modify an order issued in Virginia if the order has been modified by a tribunal of another state pursuant to a law substantially similar to UIFSA.
- h. After losing CEJ, a state continues to have authority to enforce arrearages that accrued prior to the order being modified by another state.
- i. If another state, with jurisdiction to do so, modifies the support order, that state obtains CEJ over the support order. That state retains CEJ until the support order is again modified by another state with jurisdiction to do so.
- j. A temporary support order issued by another state pending resolution of a jurisdictional conflict does not create CEJ.

3. Recognition of Modified Order

Recognize a modification of a Virginia order when the modification was done by another state consistent with UIFSA principles.

4. Spousal Support

The issuing state of a spousal support order retains CEJ for the life of the spousal support obligation and is the only state that can modify the order.

I. Resolving Intergovernmental Communication Problems as the Initiating State (08/2017)

- 1. Ensure that the correct FIPS code is used so that correspondence goes to the appropriate locality. Refer to the [Intergovernmental Reference Guide](#) (IRG) for this information.

1. A legal conclusion is a proposition arrived at by the application of rules of law to the facts. Statements as to the admissibility of evidence, the sufficiency of evidence as measured against a burden of proof and the like constitute the practice of law. These actions are performed only by the Division's Legal Counsel.
2. Division staff are limited in their appearance in court to the presentation of facts. Staff may not draw legal conclusions, make legal arguments or examine witnesses. These activities constitute the practice of law by staff, and constitute a misdemeanor under [§54.1-3904](#) Code of Virginia.

[Table of Contents](#)

D. District Office Responsibilities (03/2022)

1. Virginia law permits designated non-attorney Division staff to complete and file petitions and motions for establishment, modification or enforcement of support on Supreme Court of Virginia approved forms. Division staff must complete the requirements for and receive the Division's Designation Certificate to file petitions and motions.
2. Non-attorney designated Division staff filing a pleading (and any automatically generated accompanying documents or supporting documentation) other than those indicated in [Court Forms](#) , or non-attorney, non-designated Division staff filing any pleading constitutes a misdemeanor under [§54.1-3904](#) Code of Virginia.

2. The Division also contracts with private attorneys for special counsel.

G. Legal Fees (08/2017)

1. Assess a legal fee when the Division prevails in a court action to enforce a child or medical support obligation. The fee is charged only to cases represented by the Division's Legal Counsel in court.

Example: Support ordered for a child born out of wedlock, but paternity has not been adjudicated or CP provided total cost of subsidized day care and not just his/her portion.
4. Most support orders entered by other states, tribal nations or foreign countries do not need legal review. When a foreign order has unclear terms,

1. Division staff who assist with Division cases in court have special restrictions.
 - a. Court Specialists and other Division staff who assist with preparing cases may not interview or otherwise communicate with a represented person before obtaining his or her attorney's consent.
 - b. This restriction applies in court or in the District Office and applies to the entire paternity or child support case, regardless of multiple pleadings heard in court at the same time or on multiple dates.

[Table of Contents](#)

Example: An NCP may have a *Motion to Amend or Review Order*, a *Show Cause*, and a *Petition for Support- Civil* before the court. If an attorney has been appointed or retained to represent the NCP on the *Show Cause*, the Division cannot interview the NCP on the *Motion to Amend or Review Order* or the *Petition for Support- Civil* without the NCP's attorney's consent, even if the other pleadings involve different CPs.

2. Division staff who do not assist with preparing cases in court may discuss general topics.
 - a. If a represented party wants to know what payments the Division has received, to confirm the court date or other information about the case, staff should provide that information.
 - b. Staff may discuss topics unrelated to an administrative or court hearing.

Example: There is an appeal in court next week for which the NCP has retained counsel; in the meantime, the NCP has questions about an IWO that is not the reason for the appeal. Staff may discuss the IWO.

10.4 Judicial Actions

A. Overview (09/2022)

Judicial action is the taking of court action in connection with a child support case. A judicial action is different from an administrative action, which is action the Division takes without the court involvement.

1. Juvenile and Domestic Relations (JDR) District Courts have primary jurisdiction for support orders.
2. Circuit Courts can retain jurisdiction of divorce decrees that order child support or transfer the support provisions to the appropriate JDR Court for further proceedings. Circuit court orders supersede JDR court orders.
3. Refer a case to Legal Counsel when a circuit court order has not previously been transferred to the JDR court.
 - a. Generate a *Legal Services Case Referral* to Legal Counsel.
 - b. Include case documents for attorney review, including all existing support orders for the parties.
4. Designated non-attorney Division staff file a petition or motion with the appropriate JDR District Court to initiate court action. Refer to [District Office Responsibilities](#).
5. The Division's Legal Counsel initiates court action by completing a petition or motion and filing it with the appropriate JDR District Court or Circuit Court.
6. File the *Petition for Support- Civil* in the locality where the CP, child or NCP lives.
7. File the *Request for Witness Subpoena* with petitions or motions when someone other than the parties on a case needs to appear in court. Consult with Legal Counsel prior to filing.
8. Only Legal Counsel may present petitions, motions or pleadings in Circuit Courts.

[Table of Contents](#)

9. Verify appropriate options are selected when e-filing pleadings to ensure the correct language populates in the document. Submitting the pleading certifies that the petition is being filed in good faith and that the information on the face of the document is correct.
10. Complete the *Case Referral Checklist for Court Pleadings* or *Civil Contempt Case Referral Checklist* as applicable, for every case before referring to court. If an item on the checklist does not apply to the case, enter “N/A” in the appropriate box. Retain the form in the case record.
11. Notify the parties of pending scheduled court dates.
12. Send a *Child Support Enforcement Transmittal #2- Subsequent Actions* to notify another state of pending scheduled court dates when the case is an intergovernmental case.
13. The JDR court is denied jurisdiction of cases when a party has filed for divorce in the Circuit Court, the issue of child support is involved and a hearing has been scheduled within 21 calendar days of the filing.
 - a. If the Circuit Court does not have a hearing within the 21 calendar days and a petition has already been filed with the JDR court, proceed with the hearing in that court.
 - b. If no petition has been filed with the JDR court, refer the case to Legal Counsel for filing in the appropriate court.
14. Refer all cases regarding minor putative fathers (PUTF) to court. The court appoints a Guardian ad Litem to represent the interests of the minor PUTF during the paternity hearing.
15. Serve one or both of the CP’s parents with notice of the court hearing when the CP is a minor.
16. The court may enter an order establishing paternity of a child based upon an admission of paternity by the PUTF made under oath before the court or upon other evidence presented in court. The standard of proof in a court action to establish paternity is by clear and convincing evidence.
17. Refer the case to Legal Counsel for possible court action when paternity has already been established but the accuracy of the paternity determination is questioned by either parent based on fraud, duress, material mistake of fact, or any other reason.
18. If there is a Family Violence Indicator (FVI) on a case and a court petition is generated, the at-risk party’s address does not appear on the petition. It does appear on the *Non-Disclosure Addendum (DC-621)* that generates along with the court petition.

[Table of Contents](#)

- a. The *Non-Disclosure Addendum* allows the court to have the at-risk party served for the hearing.
 - b. The *Non-Disclosure Addendum* notifies the process server that the at-risk party's information is to remain confidential.
 - c. For additional information regarding cases with a FVI, refer to [Family Violence Indicator](#) and [Release of Information- Family Violence](#).
 - d. OCSS provides information about additional [courtroom safeguards](#) for pursuing child support when domestic violence is a concern.
19. If an Address Confidentiality Program (ACP) case requires court action:
- a. Refer the appropriate documents to the court in the jurisdiction where the NCP lives.
 - 1) If a support order exists in a jurisdiction other than where the NCP lives, an intrastate request should be sent to the office that handles the jurisdiction where the order was issued.
 - 2) Request an exemption from the Office of the Attorney General for the purpose of obtaining the CP's actual home address to file the required petition in the appropriate jurisdiction if the NCP is out of state.
 - b. The *Address Confidentiality Notice* to the court must be attached to the petition advising:
 - 1) The case is an ACP case, and
 - 2) The address that the court must send the summons, petition and waiver of service form for the CP is: Office of the Attorney General, 202 N Ninth St, Richmond, VA 23219.
 - c. Staff should send a notice to the CP through the Office of the Attorney General advising that the case has been referred to the appropriate court for docketing. The Specialist's direct phone number is to be provided along with a request to the CP to contact the Division to discuss his/her appearance in court and the possibility of testifying by telephone.
- (09/2012) (07/2014) (12/2015) (03/2016) (01/2017) (08/2017)

B. Reasons for Judicial Action (08/2017)

Initiate judicial action when

[Table of Contents](#)

1. Administrative remedies have been unsuccessful in establishing paternity, a support obligation, a medical support order, or in enforcing an obligation,
2. There is an existing court order that needs to be modified or enforced, or
3. Court action is required because of a particular legal consideration, such as the fact that the putative father is a minor or is incarcerated for a felony conviction.

(07/2014)

C. Court Preparation Sheet (08/2017)

1. The *Court Preparation Sheet* is one document with most information needed for a court hearing.
2. The Summary Case Account Statement prints after the *Court Preparation Sheet* for each case. This statement provides arrearage information and it can be removed from the packet and given to the court.
3. Refer to [Testifying in Court to Arrearages](#).

(03/2016)

D. Case Referral Checklist for Court Pleadings (09/2022)

1. Use the [Case Referral Checklist for Court Pleadings](#) (*Checklist*) as a guide to review specific information, confirm accuracy and completeness of record information and to prepare pleadings in all Division offices. Use the *Civil Contempt Case Referral Checklist* (*Checklist*) if the pleading is a *Motion for Show Cause Summons or Capias*.
2. Non-attorney staff must complete a *Checklist* for each pleading on a case and ensure that all necessary information has been accurately researched and confirmed.
3. Complete all areas of the *Checklist*. The *Checklist* is reviewed both prior to filing with the court and prior to the court hearing.
4. Provide additional information that may be used by Division attorneys by attaching additional sheets to the *Checklist*.
5. Before preparing the *Checklist*, check the automated system to determine if the NCP has multiple cases.

[Table of Contents](#)

- a. If the NCP has multiple cases in one District Office, review all cases to determine which cases should be referred to court. Complete a separate *Checklist* for each case referred to court. Refer all of the NCP's cases requiring court action to court at the same time.
 - b. If the NCP has multiple cases that are located in different offices, notify the other office(s) to review all of the NCPs cases for possible court referral. All of the NCP's cases requiring court action must be referred to the court with jurisdiction of the order(s) within the same timeframe unless there is a clearly documented reason to not refer a specific case or specific cases.
6. Refer to [Imaging](#) for document retention information.
(04/2013) (01/2017) (08/2017)

E. Court Establishment of Paternity (09/2022)

Take court action to establish paternity when

1. The putative father (PUTF) will not voluntarily acknowledge paternity, will not consent to voluntary genetic testing and there is
 - a. A sworn statement of paternity from the mother or
 - b. A PUTF named on the automated referral from the LDSS.
2. The PUTF has signed a sworn acknowledgment of paternity and
 - a. Attempts have been unsuccessful in obtaining a sworn acknowledgment from the mother, and
 - b. There is a PUTF named on the automated referral from the LDSS.
3. The PUTF is a minor (less than 18 years of age). Refer these cases to Legal Counsel. File these petitions with the PUTF's parent as next friend and both the minor and his parent must be served with notice of the hearing. Counsel requests the court to appoint a Guardian ad Litem. Note: if the CP is a minor, one or both of her parents must also be served with notice of the hearing.
4. The PUTF displays indications of mental deficiencies that would impair his understanding of the administrative process. The District Manager determines whether to proceed with court action to establish paternity in this situation.

[Table of Contents](#)

5. There are both a presumed father and a PUTF. Refer to [Presumed and Putative Father Situations](#).
6. The PUTF is incarcerated on a misdemeanor charge and will not voluntarily acknowledge paternity or consent to genetic testing or the PUTF is an incarcerated felon. When this situation occurs, file a *Petition for Support (Civil)* (*Petition*) in the JDR court in the locality where the children reside. Refer to [Paternity Establishment for an Incarcerated Putative Father](#).
7. The *Parentage Supplement to Petition* (DC-641) automatically generates when e-filing the *Petition* in paternity cases. The *Parentage Supplement to Petition* provides the court with the information needed to complete the *Order Determining Parentage* (DC- 644).
8. If the PUTF (and/or presumed father in item 5 applies) is an active duty servicemember file the DC-418, *Affidavit- Default Judgment Servicemembers Civil Relief Act*. Refer to [Servicemembers Civil Relief Act](#).
(03/2016) (08/2017) (07/2021)

F. Servicemembers Civil Relief Act (09/2022)

1. The Servicemembers Civil Relief Act, or SCRA, is a federal law that provides active-duty military service members with certain procedural protections. For example, it provides certain protections involving residential leases, automobile leases and interest rates.
2. The law provides protections for both civil court proceedings and administrative proceedings. The law requires both tribunals to grant a 90-day stay of proceedings on request by the servicemember in certain circumstances, and it provides protections against the entry of default judgments.
3. Any correspondence from or on behalf of a military servicemember seeking to invoke rights under the SCRA with respect to a court proceeding should be immediately referred to the Division's Legal Counsel.
4. *Petition for Support (Civil)* and *Motion to Amend or Review Support*
 - a. When the Division (or the CP) files a petition seeking paternity and child support, it is critically important to determine whether the putative father or NCP is an active-duty military member.
 - b. Under the SCRA, if the court enters a default judgment against a party, the party may have a right to have the judgment vacated or set aside if it was entered while the defendant

[Table of Contents](#)

was on active duty, unless the court appointed an attorney to represent the service member's interests.

- c. In any case in which it appears the court is likely to enter a paternity, initial support and/or amended support order against a party without that party's appearance, the Division must determine if the party is an active-duty military servicemember. Use all available resources including talking to the CP and checking the NCP's military status using the DOD's website.
- d. If it is determined that the NCP is on active duty, the Division files the *Affidavit- Default Judgment Servicemembers Civil Relief Act (DC 418) (Affidavit)* with the *Petition for Support (Civil)*. For the *Motion to Amend or Review Support* requirements, refer to [Issuing the Motion to Approve Proposed Modified Support Order](#) and [Issuing the Motion to Amend](#).
- e. When appropriate, the Division's Legal Counsel takes steps, including asking the court to appoint an attorney to represent the NCP's interests.
- f. If it is determined that the NCP is not an active-duty military servicemember, the case can proceed according to normal procedures for default judgments.

5. Registration of Foreign Support Orders

- a. Virginia courts typically, upon notice of successful service, confirm the registration of foreign support orders without appearances by the parties. This procedure could be considered a default judgment against the party who did not request the registration.
- b. When the Division files a request to register a foreign support order in a Virginia court, and it appears that either party is an active-duty military servicemember, the Division files the *Affidavit*, which is required under the SCRA before a default judgment can be entered against a party.

6. Review and Modification Procedure

Refer to [Issuing the Motion to Approve Proposed Modified Support Order](#) and [Issuing the Motion to Amend](#).

7. Administrative Proceedings

- a. The SCRA is applicable to administrative proceedings, such as the establishment of paternity and child support. Division workers need to take the appropriate steps when working a case involving a PUTF or NCP who may be an active-duty military service member. In such situations

[Table of Contents](#)

- 1) Determine whether the NCP is an active-duty military servicemember by accessing the SCRA website.
- 2) Document the NCP's active-duty military status on the automated system.

(11/2015) (06/2016) (12/2016) (04/2017)

11.2 Allocation and Distribution

A. Overview (08/2017)

1. Federal law establishes the hierarchy for allocation and distribution for child support payments. Federal law also defines arrears types and the hierarchy in which they are paid.
2. Federal law established the hierarchy for payment distribution of federal income tax refund offset payments. The payment (and interest) is posted and distributed according to the Federal Tax Offset hierarchy.
3. Allocation refers to the process of deciding what portion of a payment is to be applied (allocated) to what part of an obligation.
4. Distribution refers to the actual application of the payment to where it is allocated.

B. Assignment of Support Rights (08/2017)

1. TANF applicants are required, as a condition of eligibility, to assign to the Commonwealth support rights that he or she may have from another person as well as any family member that he or she is applying for or receiving TANF.
 - a. For support rights assignments entered prior to 10/01/98, all arrearages accrued prior to receipt of assistance and all arrearages accrued during assistance are Permanently-Assigned to the Commonwealth.
 - b. For support rights assignments entered on or after 10/01/98 but prior to 10/01/09, all arrearages accrued prior to receipt of assistance are Temporarily-Assigned to the Commonwealth and all arrearages accrued during assistance are Permanently-Assigned to the Commonwealth.
 - c. For support rights assignments entered on or after 10/01/09, only arrearages accrued during assistance are Permanently-Assigned to the Commonwealth.
 - d. Refer to [Arrears Types](#).
2. Unreimbursed Assistance

[Table of Contents](#)

Unreimbursed Assistance (URPA) is the cumulative amount of unpaid TANF or IV-E foster care grants issued remaining from the assigned child support collected.

- a. The automated system automatically adjusts the URPA balance when payments are distributed.
- b. Manually adjust URPA balances only to correct URPA amounts that are incorrect, typically due to IV-A/IV-D interface information not reporting correctly.
- c. To calculate the correct URPA balance, use [TOTAL OF TANF OR IV-E FOSTER GRANT AMOUNTS] minus [TOTAL OF ASSIGNED COLLECTIONS]

3. When the family no longer receives TANF

- a. For cases with only Permanently-Assigned arrearages, if the sum of the Permanently-Assigned arrearages on all of the CP's cases equals or is less than the URPA balance, then all Permanently-Assigned arrearages remain Permanently-Assigned to the Commonwealth. Any Permanently-Assigned arrearages that exceed the URPA balance are assigned to Unassigned During-Assistance arrearages (UNDFA) in a prorated manner between all cases.
- b. For cases with Permanently-Assigned arrearages, if the sum of the Permanently-Assigned arrearages on all of the CP's cases is less than the URPA balance then a portion or all of the Temporarily-Assigned arrearages become Conditionally-Assigned arrearages (CTNFA) to the state. The amount of Temporarily-Assigned arrearages to be reserved as Conditionally-Assigned arrearages is determined by adding the Permanently-Assigned and Temporarily-Assigned arrearages (on all cases) and comparing this balance to URPA. The amount to be retained as Conditionally-Assigned arrearages (prorated among all cases) is the available amount up to the amount that will make the sum of the Permanently-Assigned and Conditionally-Assigned arrearages equal URPA. Conditionally-Assigned arrearages are called a conditional assignment because all payments go to the family except federal tax refund offsets, which are retained by the state.
- c. Any Temporarily-Assigned arrearages that exceed URPA are assigned to Unassigned During-Assistance arrearages.

C. Arrears Types (08/2017)

1. Federal law defines the categories of arrears types as well as the hierarchy in which they are paid. The arrears types are listed below with the automated system subaccount header next to each type.

[Table of Contents](#)

2. Permanently-Assigned Arrearages (AFDCA)

Arrearages which do not exceed the cumulative amount of Unreimbursed Assistance (URPA) paid to the family as of the date the family no longer receives TANF.

3. Conditionally-Assigned Arrearages (CTNFA)

Arrearages which do not exceed the cumulative amount of URPA as of the date the family no longer receives TANF and which are owed to the family unless they are collected through federal income tax refund offset

- a. These are arrearages which were Pre-Assistance Arrearages that were Temporarily-Assigned to the state and became Conditionally-Assigned to the state when the temporary assignment expired.
- b. If the payment collected and applied to Conditionally-Assigned Arrearages is a federal tax refund offset, the state retains the collection to reimburse the state and the federal government up to the cumulative amount of URPA.
- c. If the payment collected and applied to Conditionally-Assigned Arrearages is the result of any other enforcement method than the federal tax refund offset, the payment is paid to the CP, unless the CP has requested case closure. Refer to [Case Closure and Conditionally-Assigned Arrearages](#). If the CP subsequently reopens the case, payments applied to Conditionally-Assigned Arrearages are applied as indicated in a and b above.

4. Never-Assigned Arrearages (NPAAA)

Arrearages in Never Assistance cases or, in Former Assistance cases, arrearage that accrue after the family's most recent assistance period of ends

5. Temporarily-Assigned Arrearages (TTNFA)

Arrearages which do not exceed the cumulative amount of URPA as of the date the family no longer receives TANF accrued prior to the family receiving assistance and were assigned to the state after September 30, 1998 but prior to October 2009.

- a. These arrearages are not Permanently-Assigned and the temporary assignment expires when the family no longer receives TANF.
- b. This arrears type is no longer applied but remains on cases that had this extension type as of October 2009 until the family leaves assistance. At that time, the arrearages will be unassigned based on the guidance provided in [Assignment of Support Rights](#).

[Table of Contents](#)

6. Unassigned During-Assistance Arrearages (UNDFA)

Arrearages previously assigned which exceed the cumulative amount of URPA when the family no longer receives TANF and which accrued during the period of assistance.

7. Unassigned Pre-Assistance Arrearages (UNTFA)

Arrearages previously assigned which exceed the cumulative amount of URPA when the family no longer receives TANF and accrued prior to the receipt of assistance. This arrears type is no longer applied but remains on cases that had this extension type as of October 2009 until the balance of those arrearages are paid or otherwise disposed.

D. Payment Allocation (08/2017)

1. The automated system applies received support payments to cases using an allocation formula. The same formula applies to both IV-D and non-IV-D (NIVD) cases.

Allocation Formula

2. Current Support Payments

- a. Add all current child support order for all of the NCP's cases (including NIVD)
- b. Divide each obligation by the total current child support obligation for all cases to obtain the percent of the payment to apply to each case. The automated system calculates the percentage to 14 digits to the right of the decimal point.
- c. Multiply the payment by each percentage obtained in the above step. Each case is allocated this portion of the payment.

For example

$\$150 + \$200 = \$350$ (NCP's Total Support Obligations)

$150/350 = 0.4285714285714$ $200/350 = 0.5714285714286$

\$250 payment

$\$250 \times 0.4285714285714 = \107.14 $\$250 \times 0.5714285714286 = \142.86

- d. After current child support is paid for the month, the next type of current support, such as spousal or medical, is paid. The same formula is applied for each type of current support.

3. Arrears Payments

[Table of Contents](#)

- a. Add the balance for all non CSUP extensions for all open cases for which the NCP owes arrearages.
- b. Divide each case balance by the total balance for all cases to obtain the percent of the payment to apply to each case. The automated system calculates the percentage to 14 digits to the right of the decimal point.
- c. Multiply the payment by each percentage obtained in the above step. Each case is allocated this portion of the payment.

For example

$\$100 + \$200 = \$300$ (NCP's Total Arrearages)

$100/300 = .33333333333333$

$200/300 = .66666666666667$

\$100 payment

$100 \times .33333333333333 = \33.33

$100 \times .66666666666667 = \66.67

- d. Do not enter ordered arrears payment amounts under an arrears extension. This information is entered on the Update Support Order page in the appropriate field.

Refer the case to the Specialist if the *IWO* needs to be modified.
- d. If an enforcement remedy created the undistributed receipt and the NCP has overpaid and is due a refund, fiscal staff initiate the refund of the undistributed amount as appropriate.

 - a. Review the NCP's Participant Address List to ensure the Division has a mailing address for the NCP, prior to making an adjustment to process a refund.
 - b. If the Division has had no contact with an in-state NCP in the last year, fiscal staff attempt to phone the NCP to confirm his or her current address or review the Participant Events for updated information such as IRS or new hire address information prior to issuing the refund.
 - c. If the Division has had no contact with an in-state NCP in the last year and fiscal staff cannot confirm the NCP's current address, notify the Specialist that the NCP's current address needs to be confirmed so that a refund can be issued.
 - d. If the refund will be sent through another IV-D agency, ensure that the payee code '3' and the other agency's FIPS information is correct on the NCP's Participant Address List. This action ensures address validity and reduces the number of returned checks.

[Table of Contents](#)

- e. In general, do not issue a refund to the NCP when
 - 1) The total refund is \$20.00 or less on an open case. Exceptions include case closure or at the NCP's request.
 - 2) The overpayment is the result of a court issued *IWO*.
 - 3) The overpayment is the result of a modification that retroactively decreased current support.
- f. Review the NCP's Participant Account to ensure that payments were posted properly. Review check copies to verify inconsistent amounts.
- g. Monitor the modification or release of *IWOs* to ensure payments are modified or terminated timely. Employers should be contacted to confirm the wage release was received and processed to reduce the number of refund checks generated.

EPU Responsibilities

- h. The EPU updates the NCP or CP's Participant Address List to OLD based on information received from the USPS. If the USPS returns a check for an invalid address, Division staff initiate locate efforts to find an alternative address. Refer to [Locate](#).
- i. When the *Request* is received
 - 1) Document Case or Participant Events with the date the request is received.
 - 2) Process the *Request* and retain the *Request* and attachments.

5. IRS Refunds Disbursement

- a. FTAX offsets from Joint Federal Tax Returns are not disbursed to the CP until 6 months have passed since the payment was intercepted.
- b. If all arrearages have been paid, refund the IRS tax intercept excess money to the NCP immediately (and the joint tax return filer).
- c. FTAX offsets may not be applied to fees without the specific, documented permission of the NCP.
- d. District Office fiscal staff process refunds of joint tax payments when
 - 1) The payment to be refunded is identified as a joint federal tax payment.
 - 2) The amount has not been disbursed.

[Table of Contents](#)

- 3) Both names appear on the Participant Address List page.
- e. District Office fiscal staff
- 1) Access the Intercept Data page and verify that the payment was received from a joint federal tax return.
 - 2) Check the NCP's address on the Participant Address List page for the IRS address for the year of the intercept; verify that the IRS address has 2 names.
 - 3) Verify that the payment has not disbursed.
 - 4) When all 3 items above are true,
 - a) Verify that the payment posted as <FTAX>; the payment must be identified as <FTAX> on the Case Account Statement for these procedures to work.
 - b) Check to see if an IRS adjustment <FOIR> posted; if an IRS adjustment has posted, calculate the maximum refund amount by subtracting the adjustment from the payment.
 - c) If the spouse filed an injured spouse form with the tax return or if an adjustment is not posted on the automated system, worklist the Intercept Unit at <HQFIPAS1>
 - d) Follow normal refund procedures using the reason code <FOIR>; the code <FOIR> must be used for the deletion and modification program to report the refund to the IRS automatically.
 - e) Verify that both names appear on the warrant register. If both names appear, no other action is needed. If only one name is printed on the Warrant Register, worklist the Exception Processing Unit at <HQFOTFT1> to pull and cancel the check and request the Exceptions Processing Unit to process the refund.
 - 5) If all 3 conditions in items 1-3 above are not true, forward the refund request to the EPU.
- f. EPU Staff
- 1) Process refunds that do not meet the 3 conditions necessary for District Office staff to process the refunds
 - 2) Process refunds for which both names do not appear on the warrant register
- g. Invalid Payments

(04/2014) (03/2015)

H. IRS-issued Refunds (08/2017)

1. When appropriate, the IRS issues refunds of intercepted payments after the payments are disbursed to the Division.
2. The IRS deducts refunds from the next Collection and Address tape forwarded to the Division.
3. The automated system automatically adjusts the refund from the NCP's accounts receivable.
4. When the payment has been disbursed to the NTANF CP, a recoupment account is established.

 - a) A check was issued

[Table of Contents](#)

b) Ten or more (for in-state) and 15 or more (for out-of-state) working days have elapsed since the mailing of the check unless the District Manager approves a shorter waiting period if extenuating circumstances exist. Document Case Events with details of the extenuating circumstances.

b. If neither a.1 nor a.2 above exists, the request is invalid. For an invalid request

- 1) Notify the payee of the reason for not initiating a stop payment, and
- 2) Document the Case Events

c. If both a.1 and a.2 above exist,

- 1) Review the Case Events
- 2) Research the payee account to see if the check has been canceled
- 3) If the check has been canceled, find the reason for the cancellation and release the hold on the check if appropriate
- 4) If the check has not been canceled

a) Research the Account Reconciliation system of the appropriate bank, to determine if the check has been cashed. If the check has not been cashed, have the payee complete the *Stop Payment Request Affidavit*, which advises the payee not to cash the check if received, and to return it to the Division. Maintain the original *Stop Payment Request Affidavit* in the District Office.

b) If check has been cashed and fraud/forgery is alleged, have the payee complete the Affidavit of Check Fraud by Payee. Refer to [EPU Forgery Claims](#).

c) Initiate a request for stop payment after the *Stop Payment Request Affidavit* has been completed and signed by the payee.

d) Initiate the request by worklisting the designated SDU worker. Document the automated system. Provide the following information in the worklist notes to SDU: warrant (check) number, warrant date, check amount, posting date, payee name, event ID number, reason for request and statement verifying *Stop Payment Request Affidavit* on file.

d. Exceptions Processing Unit (EPU) Staff

- b. A due diligence letter is sent to the CP if a check has not been cashed 9 months after it was issued.
- c. To initiate replacement check requests,
 - 1) Receive the stale dated check
 - 2) Attach a cover letter to the check requesting a replacement check
 - 3) Forward the check and the cover letter to the Department of the Treasury, and
 - 4) Document Case Events
- d. The Department of Treasury sends the replacement check to the payee.

J. Statute of Limitations (08/2017)

1. In the statute of limitations, the liability of a bank arising out of checks with forged endorsements is determined largely by provisions in Articles 3 and 4 of the Uniform Commercial Code. The Uniform Commercial Code contains a statute of limitations of 3 years after the payment of a check bearing a forged endorsement.
2. District Office Staff
 - a. Contact the payee to appear in person to review the check copies and to sign necessary notarized documents.
 - b. Worklist the designated SDU staff to close the file and document case events if upon review of the endorsement on the back of the check, the payee acknowledges that it is his or her signature.
 - c. Generate the *Affidavit of Check Fraud by Payee* if the payee says that it is not his or her signature and the date the check was cashed does not exceed the statute of limitations.
 - 1) Make a photocopy of the document.
 - 2) Have the payee read and sign both copies of the *Affidavit of Check Fraud by Payee* before a notary and have both copies notarized.
 - 3) Photocopy the signed and notarized document.

[Table of Contents](#)

4) Send the notarized copies of the *Affidavit of Check Fraud by Payee* to EPU. Accounting staff should keep a copy of the signed and notarized document in the District Office.

3. EPU Staff

- a. Make a photocopy of the *Affidavit of Check Fraud Payee*.

- c. Document Case Events.
- d. File a copy of the *Affidavit of Check Fraud by Payee* and related documents.

4. Response to the *Affidavit of Check Fraud by Payee* document

- b. If the bank's investigation reveals that the payee cashed the check, the bank responds in writing to the Department of the Treasury.
- c. The Department of the Treasury forwards a copy of the bank's response to the SDU. Upon receipt of the bank's response from the Department of the Treasury, EPU staff will
 - 1) Worklist the appropriate Division staff to notify the payee; attach notes explaining the bank's response.
 - 2) Forward a copy of the bank's response to the appropriate Division staff.

11.5 Receivables

A. Overview (08/2017)

Division staff

1. Establish receivable subaccounts for arrearages owed to the CP or the Commonwealth.
2. Establish receivable subaccounts using the support order or adjustment module.

B. Types of Support Receivables (08/2017)

Each type of Support Receivables can have an extension for current support, arrearages and interest.

1. Child Support- A receivable that records obligations and payments for child support.
2. Medicaid Support- A receivable for medical support, established by court order for a specific dollar amount, and payments received. Payments are disbursed to the Medicaid agency.
3. Medical Support- A receivable for medical support, established by court order for a specific dollar amount, and payments received. Payments are disbursed to the CP.
4. Spousal Support- A receivable that records obligations and payments for spousal support.
5. Miscellaneous Support- A receivable that records payments received by the Division for a type of support other than the 4 types of support mentioned above.

C. Categories of Receivables (08/2017)

Each category has a receivable for current support and a receivable for arrearages, if owed.

1. TANF Instate and Out-of-State (OSTA)

[Table of Contents](#)

2. Aid to Families with Dependent Children in Foster Care (IV-E FC) Instate and Out-of-State (OSTA)
3. Medicaid-only
4. State and Local Foster Care (SLFC)
5. NTANF

D. Fees

Refer to [Fees](#).

E. Recovery and Recoupment Receivables (08/2017)

Recovery and Recoupment receivables for overpayments, IRS intercept adjustments, and interest are referenced in [Allocation and Distribution](#), [Disbursements](#), [Adjustments](#) and [Interest](#).

F. Fiscal Responsibilities- New Orders (08/2017)

When notified by the Specialist that a new *ASO* or court order has been added to the automated system, District Office fiscal staff use the adjustment module in the automated system to enter the arrears amount of support calculated for the period between the effective date of the order and the date that the first monthly payment is due using the adjustment module.

1. If the order is entered in a later month, a full month's obligation would need to be added for each month that has passed since the start date of the order.
2. The calculations may require the determination of a partial month's obligation owed from the effective date through the end of that month, plus any full month's obligation due prior to the automated system automatically charging on the first.
3. Determine, when necessary, the partial month's obligation amount by prorating the new monthly amount by the number of days from the effective date through the end of the month for the arrears adjustment.
4. To arrive at the daily rate to calculate the prorated amount, multiply
 - a. A monthly order by 12
 - b. A semi-monthly order by 24

[Table of Contents](#)

- c. A bi-weekly order by 26
- d. A weekly order by 52
- e. Take the appropriate amount from a-d above and divide that number by 365

G. Fiscal Responsibilities- Modified Orders (07/2018)

1. When notified by the Specialist that a modified *ASO* or court order has been added to the automated system, District Office fiscal staff use the adjustment module in the automated system to adjust the arrearages (pursuant to the modified order) through the end of the current month.
 - a. Calculations for the arrears adjustment may require the determination of the difference between the old order and the modified order for both the partial month from the effective date through the end of that month and any full month's obligation until the order begins charging on the automated system.
 - b. If the *ASO* contains 2 current support amounts ("current child support beginning 7/1/2014" and "prior current child support") consider the following when calculating the arrearages
 - 1) Arrearages established in the order
 - 2) The partial month owed under the old order from the arrears effective date through the effective date of the new order.
 - 3) The debt owed based upon the "prior current child support" amount which may include a partial month.
 - 4) The "current child support beginning 7/1/2014"
 - c. Reset the charge date field on the Reset Order Charge Date page. Reset the charge date to the first day of the following month (example: fiscal worker updates the case on 8/10/06, the charge date should be reset to charge on 9/1/06). It is not necessary to reset the charge date to the first of the month if the charge date in the automated system is already set to the first of the month based on the old order.
2. Adjust arrears subaccount balances on cases in which the only change the court makes to an order is to establish/adjudicate arrearages. Make this adjustment when you receive a worklist from the Specialist.

[Table of Contents](#)

3. The automated system will not allow the addition of an arrears frequency or amount when adding arrears extensions. The automated system will distribute payments according to the established distribution hierarchy.
4. Use the manual adjustment module to establish the following subaccounts
 - a. Attorney fee
 - b. Service process fee (verify)
 - c. IRS fee (verify)
 - d. Voluntary payment
 - e. The Specialist may add the Genetic Test Fee at the time of support order entry. If the Genetic Test Fee needs to be added before or after an order has been entered on the automated system, the fiscal worker adds the fee by creating an adjustment.
 - f. Do not adjust current support.

(08/2017)

H. Support Order Charging (08/2017)

1. Current month support order charging is an automated system function.
 - a. Orders charge on the effective date of the order if the order was initially established on the automated system. Virginia orders issued since July 1, 2006, charge on the first day of the month unless otherwise ordered by the court.
 - b. Orders charge on the first day of the month for cases converted from SUPE and ACSES (the Division's original legacy systems.)
 - c. The automated system converts order amounts that are not monthly to a monthly order amount using the following formula
 - 1) Weekly Orders
 - a) Determine the last charge date.
 - b) Determine how many full weeks are in the current charge cycle.
 - c) Multiply the order amount by the number of weeks in the current charge cycle.
 - 2) Biweekly Orders

[Table of Contents](#)

- a) Refer to steps a) and b) above.
 - b) Divide the ordered amount by 2 to determine the weekly equivalency amount.
 - c) Multiply the order amount by the number of weeks in the current charge cycle.
- 3) Semi Monthly Orders-Multiply the order amount by 2.
 - 4) Quarterly Orders- Divide the order amount by 3.
 - 5) Yearly Orders- Divide the order amount by 12.
2. If a modified support obligation is entered in the automated system during the charge cycle by a Specialist using the order module, the automated system automatically adjusts the current period's charge amount to the new support obligation amount. This occurs as soon as the modified support obligation is entered in the automated system.

I. Receivables Maintenance (XX/2024)

1. The receivables balance on a case is an automated function based on support order charging and payment application.
2. The receivables balance may require an adjustment for a variety of reasons. An adjustment to the receivables balance cannot be based only on a request by either party to change or forgive an arrearage.
3. Newly opened or reopened cases with a support order

Ensure there is a complete and legible *Statement of Payments (SOP)* for any period that the case was obligated and not open to IV-D services. Do not add arrearages for the period until the applicant provides a completed *SOP*. Refer to [Statement of Payments Procedures](#). If there are no arrears issues or the arrears issue is resolved,

- a. Calculate and add arrearages, and interest, if appropriate.
- b. Add arrearages and interest that were adjusted off at closure for a case that is reopening.
 - 1) Calculate the arrearages for the closed period by adding all the obligations due prior to the case opening or reopening and subtracting any payments made during that same period.
 - 2) Calculate the interest for the closed period.
 - 3) The monthly interest rate on Virginia orders is .005 beginning July 2004.

[Table of Contents](#)

- 4) Compute interest monthly, based on unpaid arrearages totaled at the end of the charge cycle.
 - 5) Interest for other state orders is computed the same way, using the other state's interest rate.
- c. If a court order addresses the prior period arrearages, use the court ordered amount to calculate the current arrearages and interest.

4. Foreign Currency Orders

- a. When the case is established on the automated system, notify the NCP that he or she is responsible for paying the amount ordered in foreign currency each month, even if the payment is made in U.S. dollars.
- b. Explain in the notification that yearly reconciliation will occur with the foreign country and based on the currency fluctuation, an arrearage could be owed.
- c. Perform a yearly reconciliation of the payment record by determining what was charged and what should have been charged based on the variable exchange rate of the foreign order compared to the funds actually paid.
- d. Create a self-generated worklist for cases with a foreign currency order as a reminder to reconcile the accounting every 12 months from the date the order was entered on the system.
- e. Request an updated accounting record from the foreign country every year to ensure the correct arrearages balance with the foreign country.
- f. Send the NCP, CP and the foreign country a *Child Support Enforcement Transmittal #2 – Subsequent Actions* and a certified payment record confirming the arrearage balance, if any, after the yearly reconciliation is complete.
- g. Set the arrearage as stated to the foreign country if no response (acceptance or revision of the yearly recalculated balance) is received from the foreign country within 60 days from mailing.
- h. Reconcile the accounting on the case 3 to 4 months prior to a child's emancipation. Take this action to reduce the effects of a large arrearage or credit balance occurring at the date of emancipation.

5. Proof of Payment

[Table of Contents](#)

- a. Copy of an endorsed check or money order
 - b. Receipt or statement signed by the CP
 - c. Leave and Earning Statement (LES) or other statements verifying voluntary allotment payments
 - d. Other documents at the discretion of the District Manager or their designee
6. Direct Payments Prior to Order Establishment
- a. Do not give credit for direct payments before the establishment of an order if the CP is not receiving TANF. These payments are not considered support payments.
 - b. If the NCP is being obligated for retroactive support and presents proof of payment for any period addressed in the retroactive support order and the CP is receiving TANF
 - 1) Give the NCP credit for the payments and
 - 2) Report direct payments made to the CP to the LDSS for possible fraud. Refer to [Alleged Fraud](#).
7. Direct Payments after Order Establishment
- a. Prior to the NCP being ordered by a court or administrative order to make payments to the Division or the NCP being served with a *Change in Payee Notice*, credit for direct payments made may be given based on the *Statement of Payments* or proof of payment.
 - b. After the NCP is ordered by a court or an administrative order to make payments to the Division or is served with a *Change in Payee Notice* directing payments through the Division, do not give the NCP credit for payments paid to anyone other than the Division, or a court, or IV-D agency in another state.
8. Adjust the receivable balance to the amount ordered by the court if court orders a reduction in arrearages based on payments made to someone other than the Division. Refer to [Adjustments](#).
9. The automated system will adjust current support for the month the system is updated when a child support obligation decreases due to the emancipation of a child on a case. If time has lapsed between the month of emancipation and the month the order is updated, an adjustment will need to be completed.
10. Voluntary Receivables

[Table of Contents](#)

- a. Allow voluntary payments to distribute to the CP until an order is established.
- b. Establish a voluntary receivable when the NCP or putative father (PUTF) pays before an order is established or received.
- c. Close the voluntary sub-account when an order is established.
- d. Establish a voluntary sub-account on a NIVD case when payments from a court issued withholding order continue to be received after all current support and arrears balances have been paid.
- e. Payments posted to voluntary accounts are reported on the federal OCSS 157 and the quarterly Accounts Receivable Report as voluntary payments.

11. Spousal Support Receivables

- a. Spousal only cases are NIVD cases.
- b. Cases with spousal support and child support are categorized according to the category of the child support.
- c. Spousal support that accrues after the child support order ends is categorized as NIVD.
- d. Refer to [Spousal Support](#).

12. Assignment of Support Rights to the Commonwealth

Effective October 1, 2009, the assignment of support rights to the Commonwealth is limited to the amount of support that accrues during the period that a family receives assistance, not to exceed the cumulative amounts of unreimbursed assistance paid to the family. Therefore, there will be no new Temporarily-Assigned arrearages. Arrearages that accumulate prior to receipt of public assistance will remain payable to the family for cases that open to TANF on or after October 1, 2009.

- a. On a new case, within 2 business days of receiving a *Statement of Payments*, establish a TANF receivable for support owed to the CP that accrued since assistance began and a Non-TANF receivable for support owed to the CP that accrued prior to assistance.
- b. On a NTANF case the automated system automatically redirects the current support receivable to TANF when the CP is approved for TANF. Arrearages that accumulate prior to receipt of public assistance will remain payable to the family for cases that open to TANF on or after October 1, 2009.

[Table of Contents](#)

- c. If the NCP is responsible for children receiving TANF and children on NTANF that reside with a single caretaker, the District Office staff will
 - 1) Prorate any arrearages that accumulated since assistance began between the children.
 - 2) Transfer the portion for the child or children receiving TANF to a TANF arrears receivable. Establish or adjust a NTANF receivable for the arrearages that accumulated prior to the child or children receiving TANF, plus any portion that accumulated since assistance began for a child or children not receiving TANF. Arrearages that accumulate prior to receipt of TANF remain payable to the family for cases that open to TANF on or after October 1, 2009.
 - 3) If the order is not a per child order, refer the case to court to have the order changed to a per child order and to have the arrearages adjudicated.

13. Discharge of Arrearages

- a. The Commissioner has the authority to discharge
 - 1) Uncollectible TANF and IV-E FC arrearages (typically ARRP or FC case types, but can also be ARRN case type once the Non-TANF arrearages are paid in full)
 - 2) Uncollectible fees owed to the Commonwealth. The uncollectible fees may exist on any case type in the automated system.
- b. District Office staff take the following actions to initiate the discharge of uncollectible TANF or IV-E FC arrearages, or any uncollectible fees owed.
 - 1) Verify that the case meets a case closure criterion.
 - 2) Verify that there are no conditionally assigned (CTNFA) arrearages.
 - 3) Verify that there has not been a payment posted on the case in the past 12 months.
 - 4) Review the Participant and Case Events to verify that there is no recent information which could result in a collection of the TANF or IV-E FC arrearages, or any fees owed.
- c. If the above conditions are met, release all liens or other enforcement actions pending on the case.
- d. Close the case as indicated in [Case Closure Procedures](#). Do not zero out the subaccount balances.

[Table of Contents](#)

- e. The uncollectible TANF or IV-E FC arrearages, or any uncollectible fees owed on a closed case will be transferred to a Doubtful Account when such an account is established on the automated system.

- b. Do not redistribute payments posted and disbursed before the TANF approval date.
- c. If the CP received support payments after the approval date.
 - 1) Report the amount received to the LDSS. Refer to [Recovery and Recoupment](#).
 - 2) Add a note to the transaction explaining the action taken.

2. Research the need for a cash adjustment.

11.8 Interest

A. Overview (06/2018)

1. The Division is required by law to charge interest on support arrearages accrued from July 1, 1995, forward, unless
 - a. The NCP is less than 18 years old. The automated system automatically changes the Charge Interest Indicator to NO if the NCP is under the age of 18
 - b. The NCP is under an ASO but is a CP on an active TANF case. Division staff update the Charge Interest Indicator to NO. If the NCP is under a court order as a CP on an active TANF case, interest continues to charge but the Division does not enforce the case.
 - c. The NTANF CP waives his or her right to interest, in writing, at the time the court order is entered and language in the order addresses that interest is not charged.
 - d. The order was issued by a state that does not charge interest.
2. Virginia's current interest rate for support arrearages is 6% annually or 0.5% monthly.
3. Interest is considered support. Use the same administrative and judicial actions to collect arrears and interest.
4. The Division charges interest on support arrearages accrued on out-of-state orders if the other state that issued the controlling order charges interest on support arrearages. The automated system automatically determines if another state charges interest and the amount based upon the Interest Indicator and Rate Table page in the automated system. When the other state charges a variable interest rate, the worker enters the correct Interest Rate in the automated system.
5. Refer to the iAPECS User Guide [Chapter 5, Order Management](#) for more information.

(01/2018)

B. Interest Charging and the Automated System (06/2018)

1. The automated system charges interest on arrears subaccount balances at the end of each charge period before the balances for the current month roll over to the arrears subaccount.

[Table of Contents](#)

2. The automated system adds interest to the receivable interest subaccount associated with the arrears subaccount.
3. Interest is not charged on a current obligation until the second charge cycle after the obligation becomes an arrears balance.
4. The automated system
 - a. Disburses interest earned on NTANF arrears to the CP.
 - b. Distributes interest earned on TANF and IV-E FC arrears to the Commonwealth (state debt).
 - c. Certifies interest on child support arrearages to the IRS and the Department of Taxation.
 - d. Includes interest in the arrears referred to consumer reporting agencies.
 - e. Rolls interest over from NTANF to TANF.
 - f. The automated system may charge interest on cases in which the employer is withholding support weekly or bi-weekly based upon pay frequency, however the amounts do not always equal the monthly obligation. This may result in arrears on a case for short periods, which are not true delinquencies since the arrearage is not due to nonpayment by the NCP but is due to the weekly and bi-weekly payments from an *Income Withholding for Support (IWO)*. When interest has erroneously charged on the case, the worker acts to
 - 1) No longer charge interest on the case. Update the Charge Interest Indicator to N (No) in the automated system.
 - 2) Remove any accrued interest due to the weekly or bi-weekly payments from an IWO.
 - 3) Do not take the steps above if a case has arrearage that accrued due to nonpayment by the NCP.
 - 4) If the IWO stops or arrearage accrues due to reasons other than a weekly or bi-weekly IWO, interest should be charged. Update the Charge Interest Indicator to Y (Yes) in the automated system.
 - 5) Each District Manager or District Administrator is responsible for establishing an interoffice procedure for monitoring these cases periodically to determine if the Charge Interest Indicator needs to be updated to charge interest.

2. The term 'recoupment' is used when the Division withholds monies from support payments to repay the Division.
3. Recovery and recoupment can apply to the CP or NCP.
4. A recovery and/or recoupment is appropriate when
 - a. A non-TANF CP is overpaid. Do not submit a recoupment referral when the CP's overpayment is the result of a support modification that retroactively decreased current support.
 - b. A TANF CP retains assigned support payments or is overpaid by the Division.
 - c. A payment to the Division is returned unpaid by the bank.
 - d. An NCP is sent a refund check in error.

[Table of Contents](#)

7. The *Notice of Fee Payment Due (Notice)* notifies the NCP and/or CP that they owe the Division an attorney fee, genetic test fee, or private service of process fee.
 - a. The automated system generates the *Notice* when a subaccount for one of these fees is added to the system.
 - b. The automated system automatically generates the *Notice* annually for any open case with one of these fee balances. The *Notice* is sent 12 months after the last generation.

13. EFT Outgoing Payments

- a. EFT outgoing payments allow the CP to have his or her child support payments deposited into a financial institution or on a state-issued debit card.
- b. There are 2 ways a CP can receive his or her support payments electronically.
 - 1) Direct deposit authorizes the Division's EFT Unit to electronically deposit the CP's child support payments directly into a checking or savings account.
 - 2) Way2Go Card allows a CP to receive child support payments electronically through a state-issued debit card by retrieving his or her child support funds through an ATM or from a participating retailer. CPs with a valid SSN and date of birth on the system can request a debit card.
- c. Direct Deposit
 - 1) To enroll in direct deposit, the CP sends the EFT Unit the *Direct Deposit Authorization* via fax, upload to the MyChildSupport (MCS) portal or through the mail, selecting the direct deposit option.
 - 2) The agreement must have 1 of 4 verifying documents attached to it before direct deposit can be established.
 - a) A voided check with the client's name, address and financial institution account number preprinted by their financial institution. Starter and counter checks are not accepted. The financial institution account must be in the CP's name.

[Table of Contents](#)

Participant Event is entered in the automated system under the CP's participant ID to document the letter to the CP. The rejected agreement is filed in the EFT Unit.

- 6) If the agreement has all the necessary information, EFT Unit staff enter the routing number, account number and type of account (checking or savings) into the automated system with the CP's Participant ID.
- 7) When the automated system is updated, the system automatically
 - a) Generates the pre-notification letter to the CP to inform him/her of the banking information set up for their direct deposit payments. The letter asks for verification of the account number and advises the CP to call the EFT Unit if the account number is incorrect; otherwise, payments will be sent to this account number after 15 days.
 - b) Creates a Participant Event that a direct deposit has been set up
 - c) Enters PRENOTIFICATION MAILED TO CLIENT FOR VERIFICATION in the EFT Indicator on the automated system
 - d) Changes the PRENOTIFICATION MAILED TO CLIENT FOR VERIFICATION to CLIENT/AGENCY IS PARTICIPATING IN DIRECT DEPOSIT after 15 days, unless EFT Unit staff manually change the information.
 - e) Creates a Participant Event note to indicate that the direct deposit has been activated
- 8) Within 48 hours of receipt into the EFT Unit, all agreements are rejected or entered into the automated system. Most requests are processed with 24 hours of receipt.
- 9) The EFT Unit maintains 2 files of the agreements
 - a) Rejected agreements are filed alphabetically.
 - b) Agreements are filed by the date the direct deposit was set up in the automated system.
- 10) The automated system generates a participant event every time a change is made to a direct deposit account. EFT Unit staff add any additional information to the event page in the automated system.
- 11) If a CP wishes to reactivate the direct deposit in the future, the CP must complete a new *Direct Deposit Authorization* form.

[Table of Contents](#)

12) The Commonwealth's bank generates a daily Return Item & Notification of Change Report, commonly known as the Bank Settlement Report. The EFT Unit receives the report by fax and uses it to update CPs' direct deposit records in the automated system. The Bank Settlement Report also lists the child support payments returned to the Division because the CP's account is closed or unable to be located. Staff must place each payment back on the CP's Participant Account in the automated system daily.

13) If a CP closes a case and opens a new one in the future, the direct deposit information submitted previously will be used for the new case unless a new *Direct Deposit Authorization* form is submitted or the CP selects a different disbursement option.

d. Way2Go Card

- 1) This option allows the CP to receive his or her child support payments electronically through a state-issued debit card. The CP can contact the CSC, the District Office or visit the Division's public website to request the form. The CP submits the request to the EFT Unit.
- 2) To receive a debit card, the CP sends the EFT Unit the *Debit Card Authorization* via fax or through the mail, selecting the debit card option.
- 3) When a CP does not request a debit card, the automated system generates a monthly file of CPs eligible for the Way2Go Card. The criteria for eligibility include
 - a) The CP has received a regular child support payment (no special collections) for 2 consecutive months.
 - b) The CP does not have direct deposit.
 - c) The CP does not receive payments collected by the Division through another state's SDU.
 - d) The CP is not incarcerated.
 - e) The CP resides in the United States.
- 4) The Division sends a letter to these CPs giving each a choice between direct deposit or the Way2Go Card. The letter includes the *Direct Deposit Authorization* and the *Debit Card Authorization*.
- 5) The EFT Unit manually enters the CP information online. A batch process sends the information to the debit card vendor for a bank card.

[Table of Contents](#)

- 6) The next day, the vendor sends the file back to the Division with the Way2Go Card account information for each CP. This information is uploaded into the automated system.
 - 7) Ten days later, the automated system activates all of the new debit card accounts and disburses the payments to the CPs' Way2Go Cards.
 - 8) A CP must send a written request to the EFT Unit to cancel the debit card account. EFT Unit staff update the system appropriately to exclude the CP from the debit card program.
 - 9) EFT Unit staff create a Participant Event in the automated system stating CP EXCLUDED FROM DEBIT CARD PROGRAM BY FAXED OR MAILED REQUEST and mail the CP a letter stating that his or her debit card account has been cancelled in the automated system.
 - 10) It is the CP's responsibility to notify the Commonwealth's vendor to cancel his or her debit card.
- e. Unpinned Report-The EFT Unit receives an Unpinned Report quarterly from the vendor. This report contains a list of CPs who have not pinned (activated) their Way2Go Cards, but payments have disbursed to their debit card account. The report is worked daily if there is a large volume of unpinned CPs. The EFT Unit staff must notify each CP on the report that they have funds on their Way2Go Card.
- 1) Staff access the vendor's administrative module (website) to verify that the Way2Go Card is still unpinned
 - 2) If the card is still not pinned, then the events for each of the CP's cases in the automated system are researched for any card or CP related notes.
 - 3) If the CP is deceased, incarcerated, or has an interstate case, a reversal of funds request is sent to request the money from the vendor.
 - 4) Letters are sent to the remaining CPs to inform them that they were issued an Way2Go Card, but it has not been pinned.
 - 5) If the letter is returned to the EFT Unit with a postal forwarding label, a second letter is sent to the forwarding address.
 - 6) If no forwarding address is provided, staff researches the address through CLEAR and check all cases in the automated system related to the CP for information to locate the CP. If an address is located, a new letter is mailed.

[Table of Contents](#)

- 7) If a telephone number is found, an attempt is made to call the CP.
 - 8) If either the mail or telephone contact is successful, document case events.
 - 9) If the CP never received the Way2Go Card, the CP must contact the vendor's call center and request a reissued Way2Go Card.
 - 10) If a CP appears on the new Unpinned Report and has previously been sent 2 letters, their name and participant ID is placed on the Research Address List.
 - 11) The Research Address List includes the CP's participant ID, name, dates of previous letters sent, old address, researched address1, research address2, new letter sent, and date letters were returned.
 - 12) If a CP cannot be found, EFT staff calls the Specialist and explains the situation. The Specialist also tries to locate the CP. If the CP is not found, the Specialist starts the procedures to close the case.

- c. District Office staff submit stop payment requests using a worklist to the appropriate Exceptions Processing Unit (EPU) staff person(s) if no record of the check being cashed is found. Provide the following information in the worklist to EPU:
 - 1) Check number
 - 2) Date of check

 - 4) If the check has been cashed
 - a) Return the worklist back to the District Office and document Case Events
 - b) Fiscal staff must check the two systems before submitting a forgery claim. The District Office notifies the payee and proceeds with alleged fraud/forgery claim.
 - 5) If the check is still outstanding, research the check to see if it
 - a) Was returned as undeliverable and subsequently re-mailed or canceled, or
 - b) Has not been returned to the Division.

[Table of Contents](#)

- e. If the check was re-mailed, worklist the requester with a note A STOP PAYMENT AND REISSUE REQUEST CANNOT BE PROCESSED ON THE CHECK, UNLESS AT LEAST <10 (FOR IN-STATE) OR 15 (FOR OUT-OF-STATE)> WORKING DAYS HAVE ELAPSED SINCE THE DATE OF MAILING. Document Case Events.
 - 1) If the check has been canceled, worklist the requester with a note explaining the action take and the cancellation reason. Document Case Events.
 - 2) If the check has not been cashed
 - a) Use the Wells Fargo CEO system or the Bank of America CashPro system to place an on-line stop payment on the check.
 - b) Document Case Events.
 - 3) On the next business day, verify through the Wells Fargo CEO system or the Bank of America CashPro system that the stops were placed correctly. Print and review the complete file adjusting the payments back to the payee account.
 - 4) Cancel adjustment back to the automated system. Cancel adjustment must be approved by the designated supervisor.
 - 5) Release hold for reissue if appropriate; the automated system will release the payment.
- f. Process all stop payment requests received by 1 p.m. daily

[Table of Contents](#)

- 1) Only 1 original is required.
 - 2) For Wells Fargo, form must be the “*Affidavit of Check Fraud by Payee*” located in Fusion. This is a 1-sided form.
 - 3) For Bank of America, the forms must be “*Fraud Statement of Claimant*” and the Bank of America “*Fraud Statement of Claimant Notary*” form located in Fusion. This is a 1-sided, 2-page form.

 - 2) Payee date of the Affidavit is the same date that the Payee signed the affidavit. The Uniform Commercial Code §4-208(e) provides that “unless notice of a claim for breach of warranty is given to the warrantor (Bank) within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss cause by the delay in giving notice.”

[Table of Contents](#)

- c. Recoup accounts are set up the same day notices from the bank are received. Letters to the maker of the check or phone calls are prepared the same day or the next, depending on the amount of returned items received that day.
- d. Generate the *Returned Check Letter* to the NCP, CP, another individual or employer.
- e. The District Offices are notified within 2 days if a check is returned for a purge clause or a driver's license suspension. Work lists are sent to the case worker for all returned checks, and a worklist is created to notify EPU worker in 15 days to check for payment.

7. Dual Disbursements

The exception Processing Unit supervisor distributes requests to staff and approves requests that require a dual disbursement. The approval certifies that:

- c. Enter a receipt date and control number in corresponding fields in DISH to bring up image and note for each payment item.
- d. Research the undistributed receipt report. Any identifying information of the payer found on the image of the payment is researched with specific staff access in the automated system, DMV, VEC data bases or at internet resources such as Accurant. Additional information can be compared to participant information in the automated system to determine a match.
- e. The payment images in DISH may indicate a court child support order that has not been established with the Division. Print and fax all images of court documents to Central Registry. Email Central Registry to notify them of undistributed receipt(s) pending Division

[Table of Contents](#)

establishment of a court order. Central Registry will contact the courts for the order, add case to the automated system, and notify the Exception Unit that the order has been added.

- f. When insufficient information is found to post a payment receipt, contact the payer for additional information or court documents.
- g. Undistributed receipts should be refunded when a payment is sent to the Division in error, when a payor is not identified in the automated system or when an order cannot be established in the automated system. If payment receipts are received with insufficient information, it is referred to Unclaimed Property.
- h. The automated system adjustments are completed on participant account levels upon positive identification of payers. The adjustment #, account #, and money amount are logged on a daily adjustment sheet and submitted for approval.
- i. To process unidentified receipts for Electronic Payments, use the DVAN report. Find the payment by either the data in the SSN field or the amount of the payment. If the payment is found but the information is insufficient for identifying the payer in the automated system, use the information found to contact the company or individual who sent the EDI payment. Internet resources such as Google and CLEAR are useful for identifying business and payees.

9. Updating Procedures for 3 Modules in the SMILE system

- a. Due Diligence Letters (Batch #8000) are used to track un-cashed child support checks. These checks are returned by the payee to SDU. Due diligence letters are also received by fax. The letters are imaged in the SMILE system, to monitor and track the status of all due diligence letters received. This is labeled as Batch 8000.
 - 1) Due Diligence letters are received from CPs because a child support check has been issued but not cashed in a 9-month period. Once the letter is received (signed by the CP that the check has not been received or cashed), a stop payment is placed on the check, and a new check is issued through the automated system.
 - 2) Once the adjustment is made in the automated system, the data is entered into SMILE. The "Adjustment Date" and "Adjust By" screens are completed in SMILE to make the record complete.

[Table of Contents](#)

- b. Returned Checks (Batch #8100) are received, imaged into the SMILE system, and deposited into the bank account. New checks are prepared and reissued from the automated system to the clients for various reasons. This is labeled as Batch #8100.

 - b) A deposit ticket is prepared using the “totals” of all types of return checks: NTANF, TANF, NIVD, Disregards, EFT, and Revenue Refunds.
 - c) The FAAS Distribution Sheet and FAAS batch header is prepared for the previous day’s deposit and submitted to the Payment Processing Unit (PPU).

[Table of Contents](#)

- c. Returned Checks –Batch #8200 (re-mail checks) are returned checks that have a new mailing address found in the automated system, or from post office on the envelope received. The Original check is re-mailed to client with new address. This is labeled as Batch #8200.
- 1) All checks are sorted into 2 categories: returns (deposits) and re-mails.
 - a) Post Office sends note of new address

- 4) Type of payment

- c. When a payment for one District Office's case is on another District Office's UDC report, fiscal staff email the Specialist in the other District Office. If no response is received, within 7 days, a second email is sent to the Fiscal Supervisor/District Manager in the other District Office to request assistance.

Chapter 12: Case Transitions and Closure

12.1 Case Transitions

A. Overview (8/2017)

Over the life of a child support case, circumstances change. Changes that may require the Division to change the case type or modify services include

1. Changes in physical custody
2. Applicants moving to another locality

B. Change of Physical Custody (08/2017)

1. When an application for the Division's services or a referral from LDSS is received from an individual with physical custody of a child, but who is not named as the obligee in an existing support order for the child, the Division can provide services to the individual.
2. If the original CP named in the order is the mother or father of the child and the new applicant is not the other parent, ensure that a case is set up for both the mother and the father as the noncustodial parent when applicable.
3. Document Case Events thoroughly on all new cases as well as all previous cases affected by the change in physical custody. Notify the assigned caseworker for any open cases involving the same child or children of the change of physical custody.

(11/2015)

C. Change of Physical Custody when a Current Support Order Exists (08/2017)

Take the following steps when the Division receives a referral from the LDSS or a *Child Support Enforcement Services Application* from an individual with physical custody of a child, but who is not named as the obligee in an existing support order for the child,

1. If the support order is a Virginia court order, refer to [Change of Physical Custody of a Child When Support is Ordered by a Virginia Court](#).
2. If the support order is an ASO, mail the *Change of Physical Custody* notice within 10 days of receiving information that physical custody of the child or children may have changed to

[Table of Contents](#)

both parties to the *ASO*. The *Change of Physical Custody* notifies the parties that the Division has received an application from a different caretaker and gives the parties an opportunity to dispute the new applicant's physical custody claim.

a. If 1 party or both parties challenge the applicant's physical custody claim

1) For a foster care or TANF case, refer the matter to the LDSS, and continue case handling (including review of the parents' financial and medical support obligations) with the current obligee as payee.

2) For a non-assistance case, contact all parties for clarification about the child or children's custody situation for the foreseeable future. If the obligee on the *ASO* and the new applicant both claim physical custody of the child or children, refer the matter to court.

a) File a *Petition for Support (Civil)* with the proper Juvenile and Domestic Relations (JDR) court to obtain a new current support order payable to the appropriate CP.

b) Continue to send payments to the obligee as shown on the *ASO* until the matter is resolved by the court.

b. If the court orders support to be paid to a new custodian, terminate the existing *ASO*. Complete the *Termination of Administrative Support Order*, setting the amount of arrearages, if any. Close the current support under the existing *ASO*. If arrearages exist, change the case type to ARRN or ARRP. Refer to [Termination of the ASO](#).

3. If the applicant's custody is uncontested after 10 days following the date the *Change of Physical Custody* is mailed, review the case situation to determine what is needed to establish support obligations for one or both parents as applicable.

a. Terminate the original *ASO(s)*, setting the arrearages as appropriate. Refer to [Termination of the ASO](#). If arrearages are owed, change the existing case type to

1) ARRN for collection of arrearages owed to the obligee, or to the obligee and the Commonwealth, or

2) ARRP for collection of arrearages owed to the Commonwealth only.

b. There should be new cases for both the mother and the father to pay support, unless the mother or the father is the new custodian.

[Table of Contents](#)

- c. If either parent's location cannot be determined, or it is unlikely that paternity can be established within 60 days, pursue the legal parent whose location is known to establish an obligation.
 - 1) Continue to attempt location and/or paternity establishment of the other parent as needed.
 - 2) When the other parent is located and his/her legal responsibility has been established, evaluate both parents' financial information to determine the support obligations. Both parents' financial circumstances must be evaluated in calculating the support obligation.
 - d. Determine each parent's obligation by completing the *Child Support Guidelines Worksheet* on each case. Impute income to either parent who has failed to provide financial information (including parents whose location is unknown) or who has been determined to be voluntarily unemployed. Refer to [Imputing Income](#).
 - e. Issue an ASO to each parent as appropriate. Upon proper service and expiration of the administrative appeal period, update the automated system with new obligation amounts.
4. When either NCP (the mother or the father) lives in another state, file a UIFSA action in the other state to establish an order against the out-of-state NCP. The Division may attempt to use Long Arm procedures, if appropriate, to attempt necessary case actions, which may include establishing paternity and reviewing each parent's liability for support.
 5. If the child's foster care case transitions from non-IV-E to IV-E or from IV-E to non-IV-E, the support remains due until the child is no longer in foster care and can be placed on either case type. It is not necessary to terminate the support order and establish a new order.

(11/2013) (09/2014) (11/2014) (12/2014) (06/2016)

D. Change of Physical Custody of a Child When Support Is Ordered by A Virginia Court (12/2020)

1. When the Division receives a referral from the LDSS or a *Child Support Enforcement Services Application* from an individual with physical custody of a child, but who is not the obligee or obligor on the existing court order, mail the *Change of Physical Custody* notice within 10 days of receiving information that physical custody of the child or children may have changed to both parties to the order.
2. If 1 of the parties or both parties challenge the applicant's physical custody claim

[Table of Contents](#)

- a. For a foster care or TANF case, refer the matter to the LDSS, and continue case handling with the current obligee as payee.
- b. For a non-assistance case, contact all parties for clarification about the child or children's custody situation for the foreseeable future. If the obligee on the court order and the new applicant both claim physical custody of the child or children
 - 1) Refer to [General Procedures for Juvenile Court Actions](#)
 - 2) File with the court that established the order a *Petition for Support (Civil)* using the pleading option Change in Physical Custody to obtain a new current support order payable to the new CP and a *Motion to Amend or Review Order* using the pleading option Change in Physical Custody to terminate the existing support order and to set the arrearages under that order, if any.
 - 3) Continue to send payments to the existing obligee as directed by the current court order until the matter is resolved by the court.
3. If custody allegedly has changed for all children listed in the order and no challenge to the statements on the *Change of Physical Custody* is received within 10 days after the *Change of Physical Custody* was mailed, take judicial action. Refer to [General Procedures for Juvenile Court Actions](#). The Specialist will also
 - a. File a *Petition for Support (Civil)* (or petitions if both parents should be obligated) using the pleading option Change in Physical Custody to pay the new custodian.
 - b. File a *Motion to Amend or Review Order* using the pleading option Change in Physical Custody to terminate the existing order and set arrearages on that order.
 - c. Redirect current support payments to the new CP.
4. If any of the children remain on the original case, do not redirect payments to the new CP. Take judicial action. Refer to [General Procedures for Juvenile Court Actions](#). The Specialist will also
 - a. File a *Petition for Support (Civil)* (or petitions, if both parents should be obligated) to pay the new custodian using the pleading option Change in Physical Custody.
 - b. File a *Motion to Amend or Review Order* using the pleading option Standard Motion to Amend to have the order modified based on the new number of children and to set the arrearages, if any, under the existing order.
5. For cases in which the NCP becomes the CP for all children in the order

[Table of Contents](#)

- a. Mail the *Change of Physical Custody* notice to the existing obligee of the court order within 10 days of the Division's receipt of a referral from the LDSS or the *Child Support Enforcement Services Application* from the original NCP, now claiming physical custody.
 - b. If the physical custody claim is challenged
 - 1) Refer the matter to the LDSS and continue handling the case with the current obligee as payee in a foster care or TANF case. Once the LDSS has resolved the factual dispute, take further action as appropriate.
 - 2) For non-TANF cases, contact the parties and attempt to determine the actual custody situation.
 - 3) Take judicial action. Refer to [General Procedures for Juvenile Court Actions](#). The Specialist will also
 - a) File a *Petition for Support (Civil)* using the pleading option Change in Physical Custody to obtain a new current support order payable to the new CP.
 - b) File a *Motion to Amend or Review Order* using the pleading option Change in Physical Custody to terminate the existing support order and to set the arrearages under that order, if any, when both the existing obligee and original NCP claim custody of the child or children.
 - 4) Continue to send payments to the existing obligee as directed by the court order until the matter is resolved by the court.
 - c. If no challenge is received after 10 days of mailing the *Change of Physical Custody*, take judicial action. Refer to [General Procedures for Juvenile Court Actions](#). The Specialist will also
 - 1) File a *Petition for Support (Civil)* using the pleading option Change in Physical Custody to obtain a new current support order payable to the new CP.
 - 2) File a *Motion to Amend or Review Order* using the pleading option Change in Physical Custody to terminate the existing support order and to set the arrearages under that order, if any.
 - 3) Close current support and release enforcement actions as applicable.
6. If not all children on the order are alleged to have changed custody, do not take any action to stop the payments unless and until a new order is entered.

[Table of Contents](#)

- a. Refer to [General Procedures for Juvenile Court Actions](#).
 - b. File a *Petition for Support (Civil)* using the pleading option Change in Physical Custody to obtain a new current support order payable to the new CP.
 - c. File a *Motion to Amend or Review Order* using the pleading option Standard Motion to Amend to have the existing order modified based on the number of children and set the arrearages under that order, if any.
7. If the Division receives allegations that the new CP illegally obtained custody, continue with the above actions. If the circumstances warrant, advise the person making the allegation to contact law enforcement authorities.
8. If the Division verifies that all children on the order have gone to a new custodian but the new custodian declines to apply for the Division's services or is unknown and the case does not involve public assistance
- a. Close current support
 - b. Release all enforcement actions, unless there are arrearages on the case and
 - c. File a *Motion to Amend or Review Order* using the pleading option Adjudicate Arrears and/or set Arrears Payment to terminate the existing support order and to set the arrearages under that order, if any.

(08/2017)

E. Redirecting Support Payments (04/2023)

1. Redirect support to the Division when the Division receives a *Child Support Enforcement Services Application* or an assignment of rights because a TANF case has opened, and the existing order for support is not currently payable to the Division. Change the payee from the CP to the Division. When the case closes, change the payee from the Division to the obligee, if applicable. Refer to [Reasons for Case Closure](#) and [Case Closure Procedures](#) .
2. Generate the *Change in Payee Notice (Notice)*. The *Notice* must be served. Refer to [Service Methods](#). Serve the *Notice* using
 - a. MCS portal
 - b. Sheriff or process server
 - c. Certified mail, return receipt requested

[Table of Contents](#)

3. For Virginia court orders, upon receipt of proof of service of the *Notice*, send a copy of the *Notice*, proof of service and the *Notice to Court of Change in Payee* cover letter to the court with jurisdiction over enforcement of the order and to the payee. Follow this procedure whenever a case opens and closes when support is redirected.
4. If efforts to serve the NCP with the *Change in Payee Notice* when the case opens are unsuccessful, the case is still workable when
 - a. Continued efforts to serve the *Notice* are documented. Periodically, repeat efforts to locate the NCP and his or her income and/or resources. Attempt service of the *Notice* if the NCP is located. Refer to [Locate](#).
 - b. Take appropriate enforcement actions when the NCP's assets or income is located and attempt to serve the *Notice*. If service attempts are still unsuccessful, obtain another *Statement of Payments* from the CP covering the period back to the date the last *Statement of Payments* was signed.
 - c. Continue efforts to get the notice served. If the NCP disputes the amount of arrearage claimed by the CP, the NCP should provide proof of payments. Refer to [Statement of Payments Procedures](#).
5. After the NCP is served with the *Notice* directing the NCP to submit payments to the Division, the NCP does not receive credit for payments paid to anyone other than the Division, or as otherwise directed by a court or another state's IV-D agency having jurisdiction in the matter. Refer to [Receivables Maintenance](#).

(07/2013) (08/2017)

F. Case Transfer (04/2023)

1. District Office and Home Office staff transfer a case from one office to another when
 - a. The applicant moves from a locality served by one District Office to a locality served by another District Office
 - b. The NCP in an intergovernmental case (in which the CP resides outside of Virginia) moves from a locality served by one District Office to a locality served by another District Office
 - c. The case type changes from NIVD to IV-D or from IV-D to NIVD
 - d. A *Child Support Enforcement Services Application* is received by a District Office that does not serve the locality of the applicant or

[Table of Contents](#)

e. A CP moves out of state and the NCP resides in Virginia

2. Case Transfer Procedures

Within 5 business days of determining that a case needs to be transferred, take the following steps.

a. Review the case record for completeness.

1) Update all case record information as appropriate.

2) Generate any needed documents such as *Notification of Action Taken, Child Support Enforcement Transmittal #2- Subsequent Actions, Contact Letter to Noncustodial Parent, etc.*

3) Enter the new locality code and confirm the referral in the automated system.

b. Document Case Events with the date of transfer and the reason for transfer.

c. Review the automated system to determine if related cases need to be transferred.

d. For intergovernmental cases, the District Office transferring the case must inform the other state as to which District Office is now responsible for the case and must provide any other pertinent information.

e. If the initiating District Office has not imaged its' records yet, the initiating office must image the case record before transferring the case.

f. The automated system automatically

1) Recommends assignment of the case to the appropriate staff in the receiving office.

2) Generates a worklist to the new staff.

3) Records a cross-locality transfer in Case Events when a case is transferred to another District Office or Home Office.

g. The receiving worker

1) Documents Case Events to acknowledge receipt of the case and that the case record is in the document repository (Perceptive).

2) Sends the *Welcome Letter* to both the CP and NCP on all cases transferred from NIVD to IV-D and all intergovernmental cases referred from Home Office.

3. Exceptions to Case Transfer

[Table of Contents](#)

Do not transfer a case record to another District Office when

- a. The case type is ARRP (TANF arrears only).
- b. The CP is incarcerated, unless a third party has custody of the child or children.
- c. The NCP is incarcerated on an intergovernmental case where Virginia is the responding state.
- d. The case is a DJJ case even if the child's commitment location changes.
- e. The case type is SLFC or FC.
- f. The Review and Adjustment Process that includes establishing paternity in addition to adding a child to an existing child support order is ongoing and has not been completed.
- g. The case has an administrative action pending such as an *ASO*, *Order to Withhold*, etc. This includes administrative actions that have not been completed and the appeal period has not expired.
- h. The case has a conflict-of-interest indicator unless a District Manager approves the case transfer.

(04/2016) (08/2017) (05/2020) (12/2020)

G. Intrastate Assistance Requests (05/2018)

1. To provide the most appropriate services for a case, a District Office may request assistance from another District Office.

- a. Initiating an *Intrastate Assistance Request*

The requesting District Office

- 1) Updates case and financial information as necessary prior to requesting assistance
- 2) Documents Case Events with the type of assistance requested and the date of the request
- 3) Generates an *Intrastate Request for Assistance* located on Fusion under DCSEP forms
- 4) Forwards the *Intrastate Request for Assistance* to the responding District Office

- b. Assistance Request Responsibilities

[Table of Contents](#)

- 1) The District Offices involved in the assistance requests must provide periodic status updates
 - 2) The responding District Office
 - a) Responds to status inquiries from the NCP or CP.
 - b) Updates the automated system and Case Events as appropriate.
 - c) Images any court documents received, including documents received after the required action is completed.
 - d) Returns the updated case record to the initiating District Office within 5 business days after the required action on the case is completed.
 - 3) The requesting District Office must review the returned case and retain necessary documents.
2. For intrastate assistance requests involving Family Engagement Services recipients, refer to [Cooperation between Localities](#).

(08/2017)

12.2 Case Closure

A. Overview (05/2018)

1. Federal regulations establish the basic criteria for case closure. A case does not have to be closed because it meets closure criteria.
2. Some case closure reasons require that the Division send the applicant or recipient of IV-D services a written notice of intent to close the case at least 60 calendar days prior to closure.
 - a. For intrastate cases, use the *Closure Intent Notice*. When the *Closure Intent Notice* is sent, the automated system
 - 1) Creates a Case Event and a worklist
 - 2) Keeps the case open for at least 65 days to ensure compliance with federal timeframe requirements
 - 3) Adjusts the appropriate financial subaccounts upon expiration of the 65 days and updates the case to a closed status unless the closure process is stopped.

[Table of Contents](#)

- b. For intergovernmental cases, notify the other state within 10 workdays of closing the case using the Child Support Enforcement Transmittal #2- *Subsequent Actions*.
- 3. Case Events must be thoroughly documented when a case is closed. Case documentation must specify the circumstances that exist that qualify the case for closure under the reason used.

(08/2017)

B. Reasons for Case Closure (04/2023)

Case closure reasons based on federal closure criteria are listed below. The description next to each reason is the descriptor that accompanies the closure reason in the automated system.

1. CNOA- NO CURRENT SUPPORT ORDERED/NO ARREARS DUE

- a. A case may be closed using the closure code CNOA without District Manager approval when one of the following applies
 - 1) There is no longer a current support order and arrearages are less than \$500 with all applicable enforcement actions, including certification for IRS and State Tax Intercept programs and consumer agency reporting, resulting in no collection over the most recent consecutive 12-month period. If the case is arrearages only, it may be closed without waiting the 12 months if the arrearages are under the minimum of \$25 for submission for state tax/lottery/vendor intercept and all other applicable enforcement actions have been unsuccessful.
 - 2) There is no longer a current support order, and the arrearages are unenforceable under Virginia law. Arrearages are deemed unenforceable under Virginia law when Legal Counsel has provided an opinion that they are unenforceable.
- b. When the criteria for item a do not apply, a District Manager may nevertheless approve closure using the closure code CNOA when all the following apply:
 - 1) There is no longer a current support order.
 - 2) All arrearages in the case are assigned to the State. Arrearages may be any amount.
 - 3) All applicable enforcement actions, including certification for IRS and State Tax Intercept programs and consumer agency reporting, have resulted in no collection

[Table of Contents](#)

over the most recent consecutive 12-month period. Certification and reporting must have been in place for at least 12 months prior to closure.

- c. The CNOA closure reason may not be used if a current support order never existed; however, cases with an order for “arrearages only” qualify for closure using CNOA.
- d. If an NCP is paying for multiple cases but a case is not receiving payments due to the payment hierarchy, the case does not qualify for closure under CNOA.
- e. If an NCP with multiple cases has a case where the only balance on the case is the federal tax intercept fee and no payment is being applied to this specific fee only case, the federal tax fee should be transferred to 1 of the NCP’s other cases with arrearages. The former federal tax only fee case can then be closed.
- f. A *Closure Intent Notice* is required.

2. CDIE- NCP DECEASED

- a. A case may be closed using the CDIE closure code when the Division has verified that the NCP or putative father (PUTF) is deceased and the Division can take no further action, including a levy against the estate.
- b. For NCPs, verify whether an estate exists by contacting the probate division of the circuit court in the county or city where the NCP resided prior to death. If the NCP had become a patient in a nursing home or similar institution due to advanced age or impaired health, residence is presumed to be the same as before the NCP became a patient. The worker may contact the circuit court of the NCP’s last known residence if it is unclear where the NCP resided at death.
- c. When paternity cannot be established because the PUTF is deceased, update the paternity disposition code to PNDE.
- d. A *Closure Intent Notice* is required.

3. CPAT- CANNOT ESTABLISH PATERNITY/ PARENTAL RIGHTS TERMINATED

- a. A case may be closed using the CPAT closure code when
 - 1) The child(ren) are at least 18 years old and there is not court action pending to establish paternity.
 - 2) Genetic testing excluded the PUTF as the father of the child. If the exclusion occurred on a TANF case and there are no other open cases for another PUTF for the child,

[Table of Contents](#)

notify the CP to provide another name to the Local Department of Social Services (LDSS) so that another PUTF can be named. Refer to [When the Putative Father is Excluded](#).

- 3) A court determined that the PUTF is not the father of the child
 - 4) A determination was made that it would not be in the best interests of the child to establish paternity because the child was conceived as a result of incest or rape
 - 5) Legal proceedings for adoption are pending
 - 6) The identity of the biological father is unknown and cannot be determined after diligent efforts, including at least one Division interview with the applicant/recipient
- b. A *Closure Intent Notice* is required.
4. CULO- UNABLE TO LOCATE NCP
- a. A case may be closed using the CULO closure code when the location of the NCP or PUTF is unknown, and the Division has made diligent efforts, using multiple sources, which have been unsuccessful in locating the NCP or PUTF:
 - 1) Over a 6-month period when there is insufficient information to initiate automated locate efforts
 - 2) Over a 1-year period when there is sufficient information to initiate an automated locate effort, but locate interfaces are unable to verify the NCP's or PUTF's Social Security Number (SSN)
 - 3) Over a 2-year period when there is sufficient information to initiate automated locate efforts
 - b. Sufficient information to initiate automated locate efforts is
 - 1) A name and SSN for the NCP or PUTF or
 - 2) The first and last name and a date of birth for the NCP or PUTF
 - c. To determine the verification status of the NCP's or PUTF's SSN
 - 1) Review the NCP's or PUTF's Federal Case Registry (FCR) Status on the Participant Management > Locate > FCR/Locate Match > FCR Information & Requests page in the automated system. The SSN is verified if the FCR Status is "Accepted" or "Matched."

[Table of Contents](#)

- 2) Review the NCP or PUTF's Verify Type in the FCR Query application on the Child Support Portal. The SSN is unverified if the Verify Type is "U."
 - d. Documentation must support the completion of required locate activities. Refer to [Locate](#) for location resources and use restrictions.
 - e. A *Closure Intent Notice* is required.
5. CINS- NCP INSTITUTIONALIZED/INCARCERATED/TOT&PERM DISBLT
- a. A case may be closed using the CINS closure code when the NCP cannot pay support and shows no evidence of potential to pay support throughout the duration of the child's minority or after the child has reached the age of majority.
 - b. This closure reason applies when the Division has verified that the NCP has no assets or income above the [federal poverty guidelines](#) that can be levied to pay support and the NCP
 - 1) The NCP is institutionalized in a psychiatric facility.
 - 2) The NCP has a medically verified total and permanent disability.
 - 3) The NCP is incarcerated for the duration of the children's minority.
 - 4) The NCP is incarcerated, all the children on the case have emancipated, and both items below apply.
 - a) There have been no payments on any of the NCP's cases within the last 12 consecutive months, including federal and state tax intercepts. If a case review reveals that the federal tax payment is fraudulent, the closure process can continue.
 - b) The NCP will remain incarcerated for a minimum of 12 additional months following the date the Division learns of the NCP's incarceration.
 - c. This closure reason applies when the Division has verified that the NCP's sole income is Supplemental Security Income (SSI), concurrent SSI and Social Security Disability Insurance (SSDI), or concurrent SSI and Social Security Retirement (SSR) benefits, if the NCP has made no payments on any case within the last 12 consecutive months, including federal and state tax intercepts.
 - 1) Use the State Verification Exchange System (SVES) to verify Social Security benefit status.

[Table of Contents](#)

- 2) If a current child support obligation exists, review for order modification prior to case closure. Refer to [NCP is Receiving Social Security Benefits](#).
 - d. If paternity is an issue for any child on the case, the Division must attempt to establish paternity prior to closing the case.
 - e. A *Closure Intent Notice* is required.
 - f. After closure, if closure was due to the NCP's incarceration and the NCP is eligible for release in the future, notify the CP that closure has occurred and that the CP may reapply for services upon release of the NCP.
6. CLTC- NCP ENTERING LONG-TERM CARE
- a. A case may be closed using the CLTC closure code when all the following apply:
 - 1) There is no longer a current support order.
 - 2) The children have reached the age of majority.
 - 3) The NCP is entering or has entered long-term care arrangements.
 - 4) The NCP has no income or assets available above the [federal poverty guidelines](#) that can be levied or attached for support.
 - b. The federal [Administration for Community Living](#) defines long-term care as "services and supports necessary to meet health or personal care needs over an extended period of time." Such services include assistance with "dressing, bathing, and using the bathroom."
 - 1) An NCP can prove a long-term care arrangement by demonstrating that he or she has been admitted into an assisted living community, a continuing care retirement community or a long-term care facility. The NCP must provide proof that the level of care reaches that noted in item b, such as by submitting a provider plan or a letter from the admitting facility.
 - 2) District managers may approve other arrangements on a case-by-case basis. An NCP can offer proof of long-term care arrangements by showing an executed contract with a service provider who assists the NCP with services such as bathing, dressing, using the toilet, eating, getting out of bed, or coping with incontinence. Such services may be provided at home as part of home health services.
 - c. Document the reason for case closure and detail how the case meets items a.1 through a.4 above.

[Table of Contents](#)

d. A *Closure Intent Notice* is required.

7. CNRE- NCP RESIDES IN NON-RECIPROCAL COUNTRY

a. A case may be closed using the CNRE closure code when the NCP is a citizen of and resides in another country, and

- 1) The NCP does not work for the United State government or a company with headquarters or offices in the United States
- 2) The NCP does not have any reachable income or assets in the United States for the Division to attach and
- 3) There is no federal or Virginia treaty or reciprocity with the country where the NCP lives.

b. The Division may forward a UIFSA petition to a country with no reciprocal agreement. If the Division forwards a UIFSA petition to a country in which there is no federal reciprocal agreement and the country will not accept or declines to act on the Division's petition, the case can be closed.

c. Document the reason for case closure and detail how the case meets the criteria for item a above.

d. Refer to the [OCSS website](#) for information about reciprocating foreign countries.

e. A *Closure Intent Notice* is required.

8. CUNC- CONTACT LOST WITH NON-TANF CP

a. A case may be closed using the CUNC closure code when the Division has been unable to contact the non-TANF applicant/recipient despite a good faith attempt to reach the individual. To close a case for loss of contact requires that at least 30 days have passed since the correspondence or notice in item b below was returned to the Division prior to the Division sending the *Closure Intent Notice*.

- 1) If the Division has lost contact with the individual but a debt is owed to the Commonwealth, the case cannot be closed but the Division discontinues providing services to the individual.
- 2) Notify the individual using the *Notification of Action Taken*. Detail the Division's actions, including an explanation of termination of enforcement or collection attempts on the applicant's behalf for current support and/or his or her arrearages. Direct the

[Table of Contents](#)

individual to contact the NCP or the court to pursue action regarding current support and/ or his or her arrearages.

- b. Loss of contact is determined in 1 of 2 ways.
 - 1) Any correspondence or notice sent to the individual's last known address that is returned by the U. S. Postal Service, sheriff's department, etc. indicating that the correspondence or notice cannot be delivered because the individual has moved.
 - a) If the returned correspondence is a check, the Division's State Disbursement Unit procedures require that locate efforts to find the CP must be initiated within 24 hours.
 - b) If unable to locate the CP, continue with case closure processing.
 - c) For income withholding processing procedures when the CP and/or child's whereabouts are unknown, refer to [Modifying and Releasing the IWO](#).
 - d) When the CP or child's whereabouts are unknown and the case has an assignment of arrearages owed to the Commonwealth (i.e., AFDCA, AFDCAI, CTNFA or CTNFAI arrears extensions with balances), do not close the case. Refer to [Case Closure and Conditionally-Assigned Arrearages](#).
 - 2) Any correspondence sent the individual requesting contact to which the individual fails to respond.
- c. If payments are being disbursed on the case and not being returned, review the case to determine if closure is appropriate.
- d. Prior to initiating closure for loss of contact, Division staff should document attempts to reach the CP using a minimum of two different contact methods. Returned correspondence counts as a first attempt.
 - 1) One attempt must be made by mail. The other attempt may be made by any other approved method, such as by phone, email, text messaging services or fax.
 - 2) If there is no valid contact information for the CP in the automated system, check VaCMS and the case record for contact information. If no valid information can be located, it is possible to proceed with closure by sending the *Closure Intent Notice* to the custodial parent's last known address. Document efforts to locate the information.

[Table of Contents](#)

e. A *Closure Intent Notice* is required. Case documentation must substantiate that at least 30 days passed between documenting 1 of the 2 reasons listed in item b above and the issuance of the *Closure Intent Notice*.

9. CNON- NON-TANF APPLICANT NOT COOPERATIVE

a. A case may be closed using the CNON closure code when the Division documents the non-TANF applicant or recipient's failure to cooperate with the Division and the individual's cooperation is essential for the Division to take the next step in providing services.

b. When the non-TANF applicant or recipient of IV-D services has a case that has an assignment of arrearages owed to the Commonwealth (i.e., AFDCA, AFDCAI, CTNFA or CTNFAL arrearages extensions with balances), do not close the case. However, the applicant's interests are removed from the case. Refer to [Case Closure and Conditionally-Assigned Arrearages](#).

c. A *Closure Intent Notice* is required.

10. CINT- INITIATING STATE NOT COOPERATIVE INTERSTATE CASE

a. A case may be closed using the CINT closure code when the Division documents that, in an intergovernmental case, the initiating agency failed to take a necessary action essential for the Division to take the next step in providing services.

b. Refer to [Closure of Intergovernmental Cases](#).

c. A written *Closure Intent Notice* is required. Send the *Child Support Enforcement Transmittal #2- Subsequent Actions (Transmittal #2)* advising the initiating agency that the Division will close the case in 60 days if the requested action is not taken.

1) After 60 full days have passed, if the initiating agency has still failed to take the necessary action, the case may be closed.

2) Send the *Transmittal #2* within 10 workdays of closing the case to notify the initiating agency that the Division has closed the case.

d. Cases identified as Hague Convention cases will be processed with respect to international case processing timeframes and procedures. Refer to the [Practical Handbook for Caseworkers under the 2007 Child Support Convention](#).

11. CGCA- GOOD CAUSE CLAIMED/ APPROVED BY IV-A

[Table of Contents](#)

- a. A case may be closed using the CGCA closure code when the LDSS makes a Good Cause finding in a TANF, Medicaid, SNAP or in a IV-E or Non-IV-E foster care case and notifies the Division of the Good Cause finding.
- b. The LDSS may assert Good Cause when
 - 1) The CP and/or the child or children are at risk for emotional and/or physical harm if the CP cooperates with the Division.
 - 2) The child or children were conceived because of rape or incest and pursuit of support is not in the child or children's best interest.
 - 3) The CP is working with a public or private agency to determine whether to place the child for adoption.
 - 4) The child has pending adoption proceedings in court.
 - 5) In a foster care case, the foster care plan is to return the child to one or both parents. If the child is being returned to just 1 parent, the Good Cause finding would only apply to that parent.
- c. If Good Cause is determined at the time of application for TANF or IV-E foster care the LDSS reviews that case to see if the CP previously received TANF or has an active Division case.
 - 1) If the CP previously received TANF or has an active Division case, the LDSS sends the Division notice using the *Good Cause Communication* (Benefit Programs) or *Good Cause Determination Form* (Foster Care). Alternatively, the LDSS social worker or caseworker may also send the Division notice by email.
 - 2) Document receipt of written notification in Case Events and image a copy of the notification for the case record.
 - 3) Upon receiving any written notification, review the automated system for any case involving the CP with the NCP against whom Good Cause is claimed. If a case is found, change the case type if necessary and close the case.
- d. If the LDSS notifies the Division that a Good Cause claim is pending, suspend all locate, establishment and/ or enforcement activities on the case while the claim is pending.
 - 1) Once Good Cause is claimed in a TANF or IV-E foster care case, the LDSS has 45 days to determine if Good Cause exists. While the Good Cause claim is pending, offer the *Affidavit of Nondisclosure*. Refer to [Domestic Violence](#).

[Table of Contents](#)

- 2) If the LDSS notifies the Division that Good Cause is not substantiated, resume case activities.
 - 3) If the LDSS notifies the Division that Good Cause is substantiated, close the case.
- e. When the LDSS reviews TANF and foster care for continued eligibility, the Good Cause determination is also reviewed to see if Good Cause circumstances still exist.
- 1) If there is a change in Good Cause circumstances
 - a) For TANF and IV-E foster care cases, changes in Good Cause determination are sent to the Division via the IV-A/IV-D interface. The Good Cause status changes on the automated system and the case worker receives a worklist notification of the status change.
 - b) For non-IV-E foster care cases, the LDSS uses the *Good Cause Determination Form* to notify the Division.
 - c) Review the case and take actions as appropriate based on the status change.
 - f. Prior to closing a case for Good Cause, if a support obligation exists, take action to terminate the support obligation. For ASOs, refer to [Termination of the ASO](#). For court orders, file a *Motion to Amend or Review Order*.
 - g. No *Closure Intent Notice* is sent.
12. CDIS- NON-TANF APPLICANT REQST CLOSURE/NO ARREARS TO COV
- a. A case may be closed using the CDIS closure code when the non-TANF applicant or recipient of IV-D services requests closure of his or her case and there is no assignment to the Commonwealth of medical support or arrearages accrued under a support order.
 - 1) This closure reason may be used in intergovernmental cases when the initiating agency notifies the Division that they have closed their case, or requests that the Division close the case.
 - 2) All case closure requests must be in writing, preferably using the *Request for Case Closure*, unless it is an intergovernmental case. For intergovernmental cases, request that the initiating agency use the *Transmittal#2*.
 - a) The *Request for Case Closure* provides the Division with additional information that assists with case processing.

[Table of Contents](#)

- b) If Division staff receive a written closure request and have reason to believe that the request for closure is fraudulent (i.e. submitted by someone other than the applicant/ recipient), staff must contact the individual by phone or mail to verify the validity of the request prior to releasing case actions, and to obtain any additional information necessary for the closure process. All actions to verify the validity of the request must be documented in Case Events.
- b. If both parents are case applicants and one requests case closure, notify the requestor that the case will remain open unless there is another allowable reason for closing the case, since the other parent is also an applicant. The Applicant Type on the Case Detail page should be updated from BOTH to the other parent (CP or NCP) as appropriate.
- c. Exceptions to CDIS closure
- 1) When a CP is under recoupment and payments are reimbursing the recoupment account on a regular basis, do not close the case if the Division is actively collecting the recoupment.
 - 2) When the NCP applicant is under a recoupment (e.g., to replace a bad check) and has no other cases where the Division is collecting support, do not close the case as long as the Division is actively collecting the recoupment.
 - 3) When the non-TANF applicant or recipient of IV-D services has a case that has an assignment of arrearages owed to the Commonwealth (i.e., AFDCA, AFDCAI, CTNFA and/or CTNFAI arrears extensions with balances), do not close the case. However, the applicant's interests are removed from the case. Refer to [Case Closure and Conditional Arrearages](#).
- d. No *Closure Intent Notice* is needed. However, when the case actually closes, Division staff must notify the former applicant or recipient of services that the case has been closed and that the Division will provide copies of certain legal documents, such as certified copies of orders or paternity establishment documents and payment records upon request. Case Events must be documented with the notification method.
- 1) For non-TANF former applicants, notify the individually orally (in person or by phone) or send the *Notification of Action Taken*.
 - 2) For the initiating agency, send the *Transmittal #2*.
13. CLOC- SUCCESSFUL LOCATE-ONLY

[Table of Contents](#)

- a. A case may be closed using the CLOC closure code when the Division has used all applicable locate services for a Locate Only case.
- b. For location services, refer to [State Parent Locator Service](#).
- c. This closure reason is only used by the State Parent Locator Services Unit.
- d. No *Closure Intent Notice* is sent.

(01/2020) (07/2020) (04/2021)

C. Circumstances that May Require Case Closure Actions (07/2020)

1. The Division may discontinue services on cases based on specific circumstances or situations not governed by [Reasons for Case Closure](#). For the items listing a closure code, the description next to each reason is the descriptor that accompanies the closure reason in the automated system.

2. CDUP- DUPLICATE CASE CLOSED (NOT FED CASE CLOSURE REASON)

A case may be closed using the CDUP closure code when

- a. A duplicate case was opened on the automated system for the same participants due to Division error.
- b. A court rules that the putative father is the biological father, and the case to be closed is that of the presumed father.
- c. A case is reopened to process a payment, complete a fiscal adjustment, close an extension, or release an enforcement action.
- d. A duplicate case is open for the same participants, except when the duplication is because of an inappropriate referral from a public assistance program.
 - 1) Cross reference the closed case to the active case and combine case information.
 - 2) If arrearages are due, transfer the subaccount balance to the active case before closing the duplicate case.
 - 3) Do not inactivate the participants. Continue efforts to work the case.
 - 4) No *Closure Intent Notice* is sent.

[Table of Contents](#)

3. COTH- WRONG REFERRAL FROM OTHER PROGRAM OR NO SUPPORT ORDER CAN BE ESTABLISHED

A case may be closed using COTH when

- a. A public assistance program, including but not limited to TANF, SNAP, Medicaid, Childcare Subsidy or General Relief has inappropriately referred a case to the Division and neither the CP nor the NCP has applied for services.

Example: LDSS referred a TANF case that should not have been referred to the Division because the CP completed the *Attesting to the Lack of Information* form.

- b. A public assistance program has referred a case and the case is identified as a duplicate because another case is already open for the same parties.
- c. The other state sees our referral request as an inappropriate referral and does not establish an order for support on all case types. This includes when the state will not enter an order for retro child support only or for retro child support for TANF or FC (IV-E) debt.
- d. DCSE has a former TANF or FC (IV E) debt on TANF/NTANF cases which the other state did not enter a retro child support order, and as a result of a prior request from Virginia. These cases are coded as ARRP. Jurisdiction over the NCP should still be initiated when applicable.
- e. DCSE was unsuccessful on a NTANF case in entering an administrative support order. A petition was filed to establish an order but was unsuccessful, and the child emancipated, or an interstate request for assistance was sent and the other state did not establish an order for support. Paternity is not an issue; the CP does not provide a case closure request.
- f. DCSE was unsuccessful in entering an administrative support order on all case type cases with fees, such as genetic test fees; a petition was filed to establish an order and was unsuccessful; or an interstate request for assistance was sent and the other state did not establish an order for support. There are no other cases for the same participant with a support order where the fees can be added to that case.
- g. For a definition of public assistance, refer to [Definitions of Program Terms](#).
- h. Create a SELF event to document the reason why the referral was inappropriate or the support order was not established. If the LDSS, out of state agency or other was contacted to confirm information, include the worker's name and contact information in the notes.

[Table of Contents](#)

Also include in the notes that all efforts were taken to establish an order. This is for audit and compliance purposes.

Example: If staff reviewed the IRG and see that a state has documented it does not establish a support order for prior debt, TANF or FC (IV-E) of another state, then staff should document case events that all efforts have been taken to get a support order established, but per IRG, the other state does not establish a support order for prior debt (TANF or FC (IV-E) of another state. Staff should not file a UIFSA to that state for assistance with establishing a support order for the debt.

i. No *Closure Intent Notice* is sent. A contact letter or *Notification of Action Taken* should be sent to the CP.

4. CNVD- NON IVD CASE

A non-IVD case may be closed using the CNVD closure code when

- a. The Division has not received a payment on the case in 3 years and
 - b. The NCP is not an active NCP on an open IV-D case
- c. Once closed, these cases shall be reopened if subsequent payments are received.

5. The Death of a CP or Payee

The death of a CP or payee in a case is not a reason to close a case. There may be an ongoing need for IV-D services based on the facts of the case. Once the Division verifies the death of the CP, place a hold on the case.

- a. Attempt to contact any known relatives or acquaintances of either parent.
- b. Send a contact letter to the CP's last known address in care of the CP's family and ask if there is an executor of the CP's estate. This person may have physical custody of the child or children or tell the Division who does have custody.
- c. If paternity has not been established for any child for whom support was to be pursued in the deceased CP's case, attempt to obtain a *Voluntary Agreement for Genetic Testing* from the PUTF or PUTFs for the child and proceed with initiating genetic testing as needed or refer the case to court for paternity establishment. Refer to [Paternity Establishment](#) and [Court Establishment of Paternity](#).
- d. Continue collecting support until the case meets a closure reason such as loss of contact or until advised differently by a court.

[Table of Contents](#)

- 1) Periodically review the case to determine if the hold should be released.
 - 2) If child support checks are returned that were sent to the deceased CP's last known address prior the hold, refer to [Exceptions Processing Unit](#).
- e. For a minor child or children, once custody is determined and Division services are requested, the new custodian must complete and submit the *Child Support Enforcement Services Application*, unless a referral is received from the LDSS.
- f. For an arrears only case involving adult children, the adult child(ren) for whom support was owed may, by providing copies of the appropriate documentation to the Division be set up as payee(s) on the case and collect the arrearages:
- 1) If parties qualify with the appropriate Circuit Court as executor or personal representative or
 - 2) Provide the Virginia Small Estate Act Affidavit. This affidavit can only be used for estates less than \$50,000.
- g. If the Division is unable to resolve these matters, or the new custodian declines the Division's services or is uncooperative, the case may be closed for any applicable reason indicated in [Reasons for Case Closure](#).
- h. If the Specialist is unable to contact the personal representative, executor or new custodian, close the case due to loss of contact. Refer to [Reasons for Case Closure](#). If there is debt owed to the Commonwealth, adjust the arrearages as necessary and keep the case open to collect the debt.

D. Closure of Indian Health Service Cases (11/2019)

1. CIHS- ELIGIBLE FOR INDIAN HEALTH SERVICES

- a. A case must be closed using the CIHS closure code when both of the following apply:
 - 1) The child(ren) are eligible for health care services from the Indian Health Service.
 - 2) The case was opened due to a Medicaid referral based solely upon health care services that will be provided through an Indian Health Program.
- b. The most common standard applied for eligibility for health services from the Indian Health Service is that the individual is an enrolled member of a federally recognized Tribe.

[Table of Contents](#)

For more information on eligibility requirements, refer to part 2 of the [Indian Health Manual](#).

- c. A *Closure Intent Notice* is not required. However, staff have the option to send a *Closure Intent Notice* informing the parent of the reason for closure and to invite otherwise eligible custodial parents to apply for services.

E. Closure of Department of Juvenile Justice Cases (07/2021)

1. Effective July 1, 2021, DJJ is no longer required to apply for child support services and parents are no longer required to pay support for children committed to the Department of Juvenile Justice (DJJ).
2. Any arrearages due prior to July 1, 2021, remain due and will continue to be collected by the Division.
3. A case with DJJ may be closed at any time if it meets one of the case closure criteria. Refer to [Reasons for Case Closure](#).

(11/2015) (08/2017)

F. Closure of Intergovernmental Cases (11/2019)

1. The Division may close an incoming intergovernmental request for services (but not "quick locate" requests) when Division staff document failure by the initiating agency to take an action which is essential for the next step in providing services.
 - a. Request action from the initiating agency in situations where action or additional information is needed from the initiating agency for the Division to take the next step in providing services.
 - b. Allow the initiating agency 30 calendar days to furnish additional information, or to notify the Division when they will provide the information.
 - c. If the initiating agency fails to provide additional information within 30 calendar days or notifies the Division that services are no longer needed or that they are closing the case, send the initiating agency a *Child Support Enforcement Transmittal #2- Subsequent Actions*, notifying them of the Division's intent to close the case in 60 days for their failure to cooperate. For serving the *Change in Payee Notice* for Virginia orders, refer to [Case Closure Procedures](#).
2. If the NCP is found living in another state

[Table of Contents](#)

- a. Within 10 business days of locating the NCP, return the form and documentation to the initiating state, or if directed by the initiating state, mail the information to the Central Registry in the NCP's new state. Include the NCP's new location.
 - b. Close the case after the initiating state or the NCP's new state acknowledges receipt of the transferred case.
3. Do not automatically close a case because the CP moves from one state to another state and the NCP lives in a third state.
- a. The CP's new IV-D agency must notify the CP's old IV-D agency that they have established an intergovernmental case with the responding state before the old IV-D agency may close the case.
 - b. Offer and continue to provide all appropriate services until notified that the new IV-D agency has established a case.
 - c. If an *Income Withholding for Support* is in place, redirect payments to the CP's new address.
 - d. Distribute payments to the CP at the CP's new address until the IV-D agency in the CP's new state notifies the Division that they are providing services.
 - e. The CP's new state sends the *Transmittal #2* to the CP's old state to request redirection of payments.

(08/2017)

G. Case Closure and Conditionally-Assigned Arrearages (08/2017)

1. There may be circumstances in which the Division is no longer providing full services to the applicant or recipient of IV-D services, but there are arrearages owed to the Commonwealth.
2. If there are no CTNFA and/or CTNFAI arrear types, adjust the accounting as indicated in [Case Closure Procedures](#).
3. If there are CTNFA and/or CTNFAI arrears types, at the time that the Division terminates services to the applicant or recipient of IV-D services,
 - a. Close the current support extension.
 - b. Send a request to fiscal to zero out all debt to the CP. Do not zero out any Conditionally-Assigned and Permanently-Assigned Arrearages and interest.

[Table of Contents](#)

- c. Once the accounting is adjusted, on the Case Detail page in the Case Information section, update the Case Type to ARRP and the Applicant Type to CREQ- Client Request.
- d. For additional actions that may be needed, refer to [Modifying and Releasing the IWO](#) and [Case Closure Procedures](#).

H. Case Closure Procedures (04/2023)

1. Once the Division worker selects a case to initiate case closure processing
 - a. Ensure that Case Events documentation supports the reason for closure.
 - b. Generate the *Closure Intent Notice (Notice)* for closure reasons that require the *Notice* to be sent. For intergovernmental cases, generate the *Child Support Enforcement Transmittal #2- Subsequent Actions*. For closure reasons requiring the *Notice*, refer to [Reasons for Case Closure](#).
 - c. Send the *Notice* or *Transmittal #2* by first class mail. Generating the *Transmittal #2* also creates a CSENet transaction.
2. The Specialist can prevent the automated system from automatically closing the case 65 days after the *Notice* has been sent by updating the Closure Reason field in the Case Information section of the Case Detail page.
3. Once the *Notice* is sent, keep the case open if the applicant or recipient
 - a. Reestablishes contact with the Division or
 - b. In response to the *Notice*, provides information that can lead to the establishment of paternity and/or a support order or enforcement of a support order
4. If the applicant or recipient does not contact the Division within 60 calendar days after the *Notice* is sent, close the case.
5. If the case is closing for Good Cause (CGCA) and there is an order for support, the order must be terminated. Refer to [Case Closure](#).
6. Release all applicable actions taken pending against the NCP on the case that is closing including
 - a. *Income Withholding for Support*
 - b. Driver's license suspension

[Table of Contents](#)

- c. *Orders to Withhold*
 - d. *Orders to Deliver*
 - e. Liens
 - f. IRS Full Collection
 - g. Seizure and Sale activity
 - h. Suspension of occupational or other license types
 - i. Judicial activity, including referring the case to legal when there is an outstanding *capias*. Consult with legal counsel to determine if legal activities must be completed before the case is closed.
7. Adjust Subaccount Balances
- a. Adjust subaccount balances to zero except any arrearages owed to the Commonwealth, including interest and fees. Do not zero out arrearages in subaccounts due the Commonwealth on TANF, IV-E FC and uncollectible fee cases. The automated system will transfer these arrearages to a doubtful account as part of required discharge procedures. Refer to [Receivables](#).
 - b. Remove any erroneously accrued arrearages in TANF, IV-E FC and non-IV-E cases.
 - c. Refund any overpayments to the NCP.
8. Upon zeroing out the arrearages, the automated system will automatically release certain enforcement actions, including
- a. Federal and State Tax Offset Certification programs, including Vendor Debt Set-Off
 - b. Consumer credit agency reporting
9. For Virginia orders, if the NCP is responsible for current support and /or arrears payments, redirection of support monies is necessary when there is a Virginia order and the case is being closed based upon the CP or initiating intergovernmental agency's request for case closure
- a. Generate the *Change in Payee Notice (Notice)* to the NCP.
 - b. Serve the *Notice* on the NCP using
 - 1) MCS portal

[Table of Contents](#)

- 2) Sheriff or process server or
 - 3) Certified mail, return receipt requested
 - c. Document the successful service and the type of service in Case Events.
 - d. For court orders, mail a copy of the served *Notice* and a copy of the proof of service to the CP and to the court having jurisdiction over enforcement of the order. Refer to [Redirecting Support Payments](#).
10. When it is necessary to redirect support payments on a case with a Virginia order that is being closed based upon the CP or intergovernmental agency's request for closure and the Division's efforts to serve the *Notice* on the NCP are unsuccessful, the Division continues to provide collection and disbursement services as a non-IV-D case.
- a. Update Case Events to indicate that service attempts on the *Notice* have been unsuccessful.
 - b. Update the case type on the Case Detail page to NIVD.
 - c. Send the CP the *Notification of Action Taken*.
11. For intergovernmental cases, notify the other state within 10 business days of closing the case using a *Transmittal #2 – Subsequent Actions*.
12. The *Closure Intent Notice* provides notification that copies of certain documents will be provided upon request. The *Closure Intent Notice* lists the available documents.
13. When a *Closure Intent Notice* is not sent to the applicant or recipient, provide the applicant or recipient with notification of his or her right to request copies of certain documents using one of the following methods
- a. Send a Contact Letter or *Notification of Action Taken*.
 - b. Provide the information orally (in person or by phone). Document the case record with the notification and method used.
14. Upon request, provide the former applicant or recipient copies of any of the documents listed as available on the *Closure Intent Notice*.
15. Retain closed case records for a minimum of 3 years. Refer to [Record Retention](#).
- (04/2017) (10/2017) (01/2018) (05/2018) (12/2018) (09/2020) (12/2020)

Chapter 13: Non-IV-D Cases

A. Overview (05/2024)

Federal regulations required support orders initially issued on or after January 1, 1994, that have a provision for income withholding be paid through a State Disbursement Unit (SDU), even if the case is not a IV-D case. A non-IV-D (NIVD) case is a support case where the parties have a support order with a provision for income withholding but do not have IV-D services.

1. The Division establishes these cases when the court issues an *Income Withholding for Support* (District Court form DC-645) that orders the employer to mail payments to the SDU, and the Division has not received an application for services or a referral from an LDSS.
 - a. SDU staff post payments to NIVD cases.
 - b. The automated system prorates, allocates, posts and distributes payments to all cases. The same hierarchy for current support and arrearages applies to IV-D and NIVD cases.
2. These cases are handled by the Division's Financial Response Team's NIVD staff only. Unless otherwise specified, all information provided in this chapter pertains to the NIVD staff.

(11/2017)

B. Instate Non-IV-D Cases (05/2024)

1. Financial Response Team
 - a. Receives a copy of the support order and court-issued *Income Withholding for Support (IWO)* from a court.
 - b. Contacts the court to request corrected documents if the support order and/or the *IWO* do not have sufficient information for the Division to set up the NIVD case.
 - c. Returns to the court any NIVD support order without an *IWO* and send the *Request for Information from the Court* along with the documents received from the court unless the court order specifies that payments be made to the SDU without an *IWO*.
2. To establish the case when the Division already has a case

[Table of Contents](#)

- a. If the case is an open ARRP or ARRN case type with a debt to the state, establish a NIVD case to add the new court order/*IWO*, resulting in both a IV-D case and a NIVD case with the same participants.
 - b. If the case is an open is a case type other than ARRP or ARRN and the Division receives a new court order with an *IWO*, the Financial Response Team
 - 1) Document Case Events with the receipt of and details of the court order and *IWO* and
 - 2) Forward the court order/ *IWO* to the responsible case worker in the District Office to update the existing IV-D case.
 - c. If a closed IV-D case exists, request the District Office
 - 1) Reopen the case
 - 2) Change the case type to NIVD and
 - 3) Transfer the case to the Financial Response Team.
3. If a case does not exist in the automated system with these participants, establish a NIVD case in the automated system within 2 workdays of receiving the court order and the copy of the *IWO*.
- a. Enter all available information on the automated system
 - b. Set up a case record
 - c. Mail the new NIVD customer an application packet that includes the
 - 1) *Notice Child Support Payment Processing Procedures* letter to the CP and NCP
 - 2) *Child Support Enforcement Services Application*
 - 3) *Statement of Payments* and
 - 4) *Every Child Needs Support* brochure
4. Update the automated system when the court or either party supplies new information.
5. Worklist SDU staff to process financial adjustments when necessary. Refer to [Receivables and Cash Adjustments](#) for types of allowed adjustments.
6. For *IWO* overpayments, the SDU will continue to disburse payments to the CP; do not refund the payment to the NCP.

[Table of Contents](#)

- a. In the case of the death of the CP, notify the NIVD caseworker at Home Office to contact the court to stop the IWO.
- b. Do not place any holds on the case. NIVD cases cannot be worked.
7. If appropriate, complete a *Request for Refund/Transfer* and send it to the SDU staff to request a refund, transfer, or payment to a CP.
8. Do not initiate enforcement action of any type on a NIVD case.
9. The parties are responsible for petitioning the court to have the *IWO* transferred, adjusted or terminated for a NIVD case.
10. Forward employment status changes received from employers to courts.
11. If the CP or the NCP applies for Division services
 - a. Add additional information included on the application.
 - b. Change the case type from NIVD to NADC (which also prompts the system to send the *Important Notice about Child Support* to the NCP).
 - c. Update the alternative payment agreement field from “Y- alternative arrangement is in place” to “N- No alternative arrangement is in place” on the Update Support Order page.
 - d. Update the locality code.
 - e. If the applicant is the CP, generate the *Contact Letter to Noncustodial Parent* to notify the NCP that the CP has applied for Division services.
 - f. If the applicant is the NCP, generate the *Notification of Action Taken* to notify the CP that the NCP has applied for services.
 - g. Send the applicant a *Statement of Payments*. Refer to [Statement of Payments Process Guide](#).
 - h. Transfer the case to the responsible worker in the District Office. Refer to [Case Transfer](#).
12. If a NIVD case becomes a TANF case with the same participants, when NIVD staff are notified,
 - a. Change the case type to ADC (which also prompts the system to send the *Important Notice about Child Support* to the NCP)

[Table of Contents](#)

- b. Update the alternative payment agreement field from “Y- alternative arrangement is in place” to “N- No alternative arrangement is in place” on the Update Support Order page
 - c. Update the locality code.
 - d. Transfer the case to the responsible worker in the District Office. Refer to [Case Transfer](#).
13. If an ARRP or ARRN case with a debt to the state becomes a TANF case, District Office Intake staff checks to see if there is a NIVD case for the same participants.
- a. If there is an open NIVD case, then Intake staff contact NIVD staff and request the NIVD case be closed.
 - b. NIVD staff close the NIVD case and provide any necessary information to the District Office.
14. Closing NIVD cases

B1-B5 Payments	These 5 terms, described individually below, are shorthand for various types of payment distributions in TANF and IV-E foster care (IV-E) cases. B1 payment	The first \$100 of a payment on a support order in a TANF case. The \$100 is distributed to the family. 14.5 Documents: Purpose, Service, Distribution and Worklist

The Document Matrix provides general information regarding the use of Division documents.

Document Name- This field lists all Programmatic Division documents in alphabetical order.

Purpose- This field indicates the most common use of the document.

Document Location- This field indicates if a document is generated in the automated system or if it is a manual document. Not all documents are accessible to all staff for printing in the automated system. Manual documents (documents that are not generated on the automated systems) are accessed via the [DCSE Forms page](#) on Fusion under DCSEP or via the link to [OCSS's website](#) located on the DCSE Program Guidance page on Fusion.

Service of Process- This field indicates whether the document requires formal service of process. Documents that require service include a hyperlink to the section of the Program Manual that provides information about acceptable service methods. A *Waiver of Formal Service of Process* can be used in lieu of service of process for documents requiring service of process. Use U.S. Postal Service first class mail when service of process is not required. For more information regarding service of process, refer to [Service Methods](#) and [Service Subject Requirements](#).

Distribution- This field indicates the recipients of the document. Any document indicating the distribution recipient as "Division" is a document that is only maintained in Division records. For documents filed with the Juvenile and Domestic Relations District Court (JDR Court), the specific number of copies submitted to the court may vary by locality from what is listed in the matrix. Division staff should follow any variances requested by the specific JDR Court.

Event- This field indicates the Event code the document creates when generated. Most events are Case Events. Any event type that is followed by an asterisk (*) denotes a Participant Event. For some documents a different Event code is generated based on the option selected at the time the document is generated. This information is captured in the matrix. Division staff must create a self-generated event in the automated system to record manual documents; most manual documents include documentation guidance in the section of the Program Manual that discusses the document's use. For additional information, refer to [Case and Participant Events](#) and [Manual Documents](#).

Worklist Timeframe/ Purpose- This field indicates whether or not a worklist is created. For documents that generate a worklist, the timeframes and general purposes of the worklist are indicated in the matrix. Updating successful formal service of process creates a worklist for certain documents. The timeframes and general purpose of these worklists are also provided.

14.8 Record Retention

When preparing Division records for warehousing, refer to the [Library of Virginia's General Records Retention and Disposition Schedules for State Agencies](#), for the retention periods for any given records. Refer to the schedule below.

Records retention schedules are not merely suggestions. Records cannot be destroyed before the stated period, nor can they be retained longer than the stated period unless they are involved in an investigation, litigation audit, or request for records pursuant to the [Virginia Freedom of Information Act](#).

There may be instances of cases with historical significance that require a continuing obligation on the Division's part, or where the Division is under an ongoing consent order. These records should be purged to eliminate duplicates and the file retained until the Division is no longer under such an obligation. Coordinate retention of these files with the appropriate Regional Senior Assistant Attorney General.

Refer to the [Document Matrix](#) for detailed information about Division documents.

 - b. Determine the subject(s) to be served and what type of service is required.
 - c. When service of process is successful, update the automated system with the date and method of service used.
 - d. When service of process is unsuccessful, update the automated system to clearly indicate why service was unsuccessful. If the subject could not be found, when new location information is found, attempt to serve the subject at the new location.
 - e. There are various methods to successfully accomplish service of process; however, none of these methods are necessary if the subject agrees in writing to waive formal service.

[Table of Contents](#)

f. Consult a supervisor if in doubt about service requirements.

2. *Waiver of Formal Service*

- a. The subject has the right to waive formal service of any document the Division needs to serve on him or her. This right to waive formal service is not available to a subject participating in a telephonic appeal by a Hearing Officer.
- b. Generate the *Waiver of Formal Service of Process (Waiver)* when the subject waives formal service.
- c. Request the subject sign the *Waiver* and return the signed *Waiver* via the MCS portal, email, mail or fax if the *Waiver* is not signed in person.

4. Service by Sheriff or Process Server
 - a. Service of process via hand delivery or substituted service may be accomplished by
 - 1) The sheriff of the jurisdiction where the subject is to be served
 - 2) A uniformed police officer or court official or
 - 3) A process server, who is age 18 or older and is a disinterested party. All Division employees are considered involved in each child support matter, and therefore, are not disinterested parties.
 - b. When hand delivery or substituted service is necessary, Division staff must use the sheriff for instate service or the *Child Support Enforcement Transmittal #3- Request for Assistance/Discovery (Transmittal #3)* for intergovernmental service. Private process service should only be used in limited circumstances, such as when
 - 1) There is insufficient time to use the sheriff or Transmittal #3 for a pending judicial matter. In general, this would be less than 15 days before the hearing date for instate service and less than 30 days before the hearing date for interstate service;
 - 2) Sheriff service is unavailable at the time and/or location needed. For example, the only address the Division has for the NCP is with an employer and the NCP works the night shift; or
 - 3) The NCP is actively avoiding sheriff service at a given location and the District Manager or his or her designee determines that private process service is appropriate.
 - c. Hand Delivery to the Subject
 - 1) The sheriff or process server must be given a true copy of the child support document and the subject's last known address. The sheriff or process server must deliver a copy of the document to the subject in person and note the date of service.
 - 2) When this service method is required for a nonresident subject and a process server must be used for a reason indicated in 3b, a process server who satisfies the requirements of the foreign jurisdiction may be used.
 - d. Substituted Service

[Table of Contents](#)

- 1) If the subject is not at his or her normal place of residence (sometimes referred to as “abode” on service documents), service can be made on the subject’s family member aged 16 or older. For valid service, the family member cannot be a guest at the subject’s residence but must also reside there.
 - a) The family member must be given a copy of the child support document.
 - b) The family member must be made generally aware of the contents of the child support document.
 - 2) If no one is present at the residence, but there is reason to believe that the subject resides at the address, service is made by posting the child support document.
 - a) Sheriff or process server must post the document to the front door or what appears to be the main entrance.
 - b) A true copy of the document must be mailed to the subject at least 10 days before the expiration of the applicable period.
 - c) If the document being served is pursuant to a court action, notify the court that a copy of the document has been mailed to the subject.
5. Service by Certified Mail
- a. If a true copy of the child support document may be served by certified mail, ensure that the certified mail, return receipt requested is delivered to the subject and a signature is requested.
 - b. Service is successful if a domestic or electronic return receipt is returned to the Division with a signature or the mailing is returned with the receipt unsigned, unless the law requires proof of actual receipt by the addressee.
 - c. If the law requires proof of actual receipt by the addressee and the returned receipt is not signed by the subject, or is returned not signed, determine if another service method can be used.

- b. In any subsequent enforcement actions involving the same parties, the Division may accomplish service by first class mail to the most recent residential or employer address on file with the Division or court if diligent efforts using other service methods are unsuccessful.
- c. This method of service may be used only as a last resort when all locate efforts are unsuccessful and other methods of service have failed. The subject may challenge any subsequent action taken following this type of service in court on the grounds that he or she did not receive the notice and enforcement of the order would constitute manifest injustice.

7. Service by IV-D Agency of the Appropriate Jurisdiction

- a. When the subject resides in another state, the other state's IV-D agency may serve the document.
- b. Send the *Transmittal #3* to the other state's Central Registry along with a true copy of the document.

- e. Nonresident subjects may be served if the Virginia court or the Division has jurisdiction over them because of their contacts with Virginia. Refer to [Paternity Establishment for Long Arm Cases](#).

3. Incarcerated Subject

- a. For an incarcerated subject, service can be accomplished at the jail or correctional facility upon the officer in charge of the jail who has been given the duty of receiving service. The officer delivers the document to the subject. In the event this officer does not affect service, service by a sheriff or process server directly on the incarcerated subject is also valid. If the subject is incarcerated for a felony conviction, a Guardian ad Litem must be appointed, and the service is governed by [§ 8.01-297](#) Code of Virginia.

4. Employers and Entities Paying Attachable Non-Wage Income/Benefits or Providing Health Insurance
