Acronyms and Definitions

Please define all acronyms used in this Report. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.

"Department" means the Department of Professional and Occupational Regulation.

"Board" means the Board for Barbers and Cosmetology.

Legal Basis

Please identify (1) the agency or other promulgating entity, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia or Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency or promulgating entity's overall regulatory authority.

Code of Virginia § 54.1-201 gives authority to the Board to promulgate regulations. It states, in part, that the Board has the power and duty "To promulgate regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) necessary to assure continued competency, to prevent deceptive or

misleading practices by practitioners and to effectively administer the regulatory system administered by the regulatory board.”

Alternatives

Please describe any viable alternatives for achieving the purpose of the regulation that were considered as part of the periodic review. Include an explanation of why such alternatives were rejected and why this regulation is the least burdensome alternative available for achieving its purpose.

No viable alternatives for achieving the purpose of the existing regulation could be determined. The regulation enables the Board to fulfill the statutory requirements established in Chapters 2 and 7 of Title 54.1 of the *Code of Virginia*. Further, the regulation is necessary to ensure that the Board’s statutory requirements are executed in the least burdensome and most efficient and cost effective manner possible while protecting the health, safety, and welfare of the citizens of Virginia.

Public Comment

Please summarize all comments received during the public comment period following the publication of the Notice of Periodic Review, and provide the agency response. Ensure to include all comments submitted: including those received on Town Hall, in a public hearing, or submitted directly to the agency or board. Please indicate if an informal advisory group was formed for purposes of assisting in the periodic review.

Commenter	Comment	Agency response
Brian Fillman	This regulation should be repealed. This industry like any other, is self-regulating. If someone gets hurt or has any type of a bad experience the world knows about it almost instantly. With today's social media impact, if a business is dirty, does poor quality work or any other negative aspect will be broadcast, and the business will suffer and most likely be out of business shortly. Any type of personal service oriented business works this way. The government does not/should not have to regulate common sense.	On April 17, 2002, the General Assembly of Virginia approved an Act to amend and reenact §§ 54.1-700 through 54.1-703 and 54.1-704.1 through 54.1-706 of the <i>Code of Virginia</i> , relating to the regulation of body piercing and tattooing. The comment mainly speaks to amending and reenacting the aforementioned sections of the <i>Code of Virginia</i> . Statutory changes are outside of the scope of this periodic regulatory review.

Effectiveness

Pursuant to § 2.2-4017, please indicate whether the regulation meets the criteria set out in Executive Order 14 (as amended, July 16, 2018), including why the regulation is (a) necessary for the protection of public health, safety, and welfare, and (b) is clearly written and easily understandable.

The regulation meets the criteria set forth in Executive Order 14 (2018). The regulation contains the requirements for obtaining a license, renewal and reinstatement of licenses, safety and sanitation procedures, standards of professional conduct, to ensure competence and integrity of all licensees and that the health and sanitary standards and safety are adequate in shops, salons, schools, and other facilities where tattooing services are provided, and administer the regulatory program in accordance with Chapter Chapters 2 and 7 of Title 54.1 of the *Code of Virginia*. The regulation is necessary for the protection of public health, safety, and welfare and is clearly written and understandable.

Decision

Please explain the basis for the rulemaking entity's decision (retain the regulation as is without making changes, amend the regulation, or repeal the regulation).

The Board is recommending that the regulation stay in effect without change.

Small Business Impact

As required by § 2.2-4007.1 E and F of the Code of Virginia, include a discussion of the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Also, discuss why the agency's decision, consistent with the stated objectives of applicable law, will minimize the economic impact of regulations on small businesses.

Code of Virginia § 54.1-201.5 mandates the Board for Barbers and Cosmetology to promulgate regulations. The continued need for the regulation is established in statute. Repeal of the regulation would remove the current public protections provided by the regulation. The Board for Barbers and Cosmetology provides protection to the safety and welfare of the citizens of the Commonwealth by ensuring that only those individuals that meet specific criteria set forth in the statutes and regulations are eligible to receive a tattooing or permanent cosmetic tattooing, instructor, salon, parlor, or school license, or temporary license. The Board is also tasked with ensuring that its regulants meet standards of practice that are set forth in the regulations.

The sole comment received during the public comment period requested the elimination of regulation of the profession, an act that can only be undertaken by the general assembly.

There is an ongoing general review of these regulations, started in 2017, currently in the proposed stage. The regulation is clearly written, easily understandable, and does not overlap, duplicate or conflict with federal or state law or regulation.

On September 9, 2019, the Board reviewed the regulation and, for the reasons stated in this section, determined that the regulation should not be amended or repealed, but should be retained in its current form.
