- Food Stamp Act of 1977, as amended

III. GOALS

Child care services are child-centered, family-focused services that support the family goals of economic self-sufficiency and child development by providing for the supervision, protection and well-being of the child while the parent is participating in an approved activity. The purpose of the Child Care and Development Fund is to increase the availability, affordability, and quality of child care services.

Toward this end, policies and service strategies shall be designed to meet the following goals:

- To provide low-income families with the financial resources to find and afford quality child care for their children.
- To ensure that the family child care program contributes to the broader objective of self-sufficiency.
- To provide child care to children whose parents are trying to achieve independence from public assistance.
- To promote parental choice in the selection of child care.
- To empower working parents to make their own decisions about the child care that best suits their family's needs.
- To provide consumer education to help parents make informed choices about child care.
- To ensure that subsidy dollars are provided to the neediest families.
- To enhance the quality and increase the supply of child care for all families.
- To improve the coordination among child care programs and early childhood development programs.

IV. CHILD CARE SUBSIDY PROGRAMS

Child care subsidy, to the extent of available funding, is provided through the following programs:

A. TANF CHILD CARE

1. Eligibility Criteria

- a. Child care subsidy and services are made available to recipients of TANF (VIEW and non-VIEW) who meet the non-financial eligibility requirements in Section V. B of this chapter.
 - b. Recipients of TANF (VIEW and non-VIEW) are considered income eligible for child care subsidy and services without a determination of the family's income eligibility.
2. Supporting Approved or Assigned Activity
- a. Child care is provided to support an approved activity of a TANF recipient including:
 - (1) Full-time employment and part-time employment;
 - (2) Education leading to employment or training leading to employment as long as participants show they are making satisfactory progress (see definition of satisfactory progress);

NOTE: Payment for child care for the attainment of post baccalaureate education is not allowed, except with local only funding.
 - (3) Child protective services (CPS). Child care subsidy may be paid for children whose family(ies) is receiving CPS in cases open through the family assessment track, through the investigation track, or open as CPS ongoing.
 - b. Child care can be provided to support an assigned activity for VIEW participants (see definition of assigned activity).
3. TANF Child Care for Additional Children
- a. Child care subsidy and services are also made available for needed child care for:
 - b. a TANF-capped child;

- c. a child who receives Supplemental Security Income (SSI), if the parent is on the TANF grant and if the child would have been in the public assistance unit were it not for the receipt of SSI;
 - d. children who are not in the TANF Assistance Unit but who are financially dependent upon the parent who is in the TANF Assistance Unit; and
 - e. children of a parent who is a minor in a TANF public assistance unit to enable the minor parent to attend school in compliance with compulsory school attendance laws (LEARNFARE). This assumes the parent of the minor cannot provide the care because of work, education/training, disability, or another hardship exemption.
4. VIEW Sanction

A VIEW participant who has been sanctioned may receive child care subsidy if such subsidy is necessary to maintain employment or to perform a verifiable act of compliance (see definitions).
5. VIEW Participant in Inactive Status

A VIEW participant who has been placed in an inactive status due to a family crisis not of the participant's own making may continue to receive child care subsidy in order to assist in returning to an active status (see VIEW policy). Payment continues to be paid using the VIEW child care budget line (871). See Child Care Program Budget Lines (Appendix B) and Child Care Program Budget Lines' Descriptions (Appendix C).
6. TANF Recipient Working and in Education/Training

If a TANF recipient is both working and in education/training, the agency may choose to pay for the child care from both of the applicable budget lines with the payment separated based upon the hours spent in each activity, or the agency may provide child care from the budget line for which the majority of hours are committed.

**B. SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM
EMPLOYMENT AND TRAINING (SNAPET) CHILD CARE**

1. Eligibility Criteria

Child care subsidy and services are made available to children of parents in Virginia's **SNAPET** program if:

- a. the family meets the non-financial eligibility requirements in Section V. B. of this chapter; and
- b. the family meets the income eligibility requirements in Section V. C. of this chapter.

2. Supporting Approved Activity

Child care is provided to support the parent's participation in an assigned **SNAPET** component listed on the **SNAPET** Plan of Participation.

C. TRANSITIONAL CHILD CARE

1. Eligibility Criteria

Up to 12 consecutive months of child care subsidy and services are made available to eligible children of former TANF recipients if:

- a. the family meets the non-financial eligibility requirements in Section V. B. of this chapter;
- b. the child received TANF (VIEW or non-VIEW);
- c. the TANF case is closed; and
- d. the family meets the income eligibility requirements in Section V. C. of this chapter.

EXCEPTION:

If a VIEW participant is determined to be ineligible for Transitional child care due to income, the local department may provide child care subsidy for three months immediately following the TANF case closure. VIEW funds (budget line 872), not CCDF funds, are to be used for payment and no co-payment is assessed.

The VIEW worker is responsible for determining if the former participant meets the VIEW requirements to receive these child care subsidies. The child care worker is responsible for assuring that all other applicable child care policies are followed, including, but not limited to non-financial eligibility requirements, vendor requirements, MRR (Appendices H and I), etc.

Such payments count against the 12-month Transitional period if the former VIEW participant is income eligible for Transitional child care after this 90-day period. If the former participant is determined to be income eligible for the remainder of the 12-month Transitional period, a co-payment is assessed.

2. Supporting Approved Activity

Child care is provided to support an approved activity including:

- a. For former TANF recipients (VIEW or non-VIEW), full-time employment or part-time employment of parents.
- b. For former VIEW participants, training as approved and monitored by the VIEW worker as part of VIEW Transitional Employment and Training.

3. Child Care for Children Not in TANF Assistance Unit

- a. Transitional child care services include needed child care for children who were not in the TANF assistance unit, but who are dependent upon the parent including:
 - b. a TANF-capped child;
 - c. a child who receives Supplemental Security Income (SSI), if the parent was on the TANF grant and if the child would have been in the public assistance unit were it not for the receipt of SSI;
 - d. children who were not in the TANF Assistance Unit, but who are financially dependent upon the parent who was in the TANF Assistance Unit; and

- e. children of a parent who was a minor in a TANF public assistance unit to enable the minor parent to attend school in compliance with compulsory school attendance laws (LEARNFARE). This assumes the parent of the minor cannot provide the care because of work, education/training, disability, or another hardship exemption.

4. Notice of Transitional Child Care

The local department must inform the former TANF recipient that Transitional child care is available. This information shall be made available at the time of initial TANF eligibility and at the time of notification of ineligibility for TANF. An automated letter is generated by the ADAPT system and is sent by the local department to each parent whose TANF case is closed. The letter informs the parent of potential eligibility for Transitional child care.

See Section V. J. 3. c. of this chapter for information on notices to terminate Transitional child care.

5. Transitional Eligibility Period

The Transitional eligibility period for eligible children of former TANF recipients starts the first day of the month following closure of the TANF case and ends 12 months later.

Example: A customer's TANF case is closed. She does not find employment for two months. She can apply for Transitional child care at the point she is employed for her remaining months of Transitional eligibility (in this case 10 months).

6. Funding

- a. If parents meet the eligibility criteria for Transitional child care, Transitional funding shall be used, except in situations where Notices of Action do not permit payment in a timely manner. In these cases TANF/Working funding may be used for one month to give the local department time to set up Transitional funding.

- b. If there is a delay between the last TANF check and closure of the TANF case and the family is income eligible, child care subsidies are made using TANF child care funds (budget line 871) until the TANF case is closed. Such payments do not count against the 12-month Transitional period.

7. Diversionary Assistance

Receipt of Diversionary Assistance does not qualify an individual for Transitional Child Care.

D. HEAD START WRAP-AROUND CHILD CARE

This program is for extended day and extended year child care beyond times covered by federally funded Head Start core hours.

1. Eligibility Criteria

Head Start Wrap-Around child care subsidy and services are made available to families with Head Start-enrolled children if:

- a. the family meets the non-financial requirements in Section V. B. of this chapter; and
- b. the family meets the income eligibility requirements in Section V. C. of this chapter.

2. Supporting Approved Activity

Child care is provided to support an approved activity for parents of Head Start-enrolled children including:

- a. Full-time employment and part-time employment;
- b. Education leading to employment or training leading to employment as long as participants show they are making satisfactory progress (see definitions);

NOTE: Payment for child care for the attainment of post baccalaureate education is not allowed, except with local only funding.

- c. Child protective services (CPS). Child care subsidy may be paid for children whose family(ies) is receiving

CPS in cases open through the family assessment track, through the investigation track, or open as CPS ongoing.

3. Verification of Enrollment

Verification of a child's enrollment in Head Start is required in order to receive Head Start Wrap-Around child care subsidy. Confirmation by telephone from the program in which the child is enrolled is sufficient verification. Documentation of the confirmation of enrollment shall be recorded in the case record.

4. Payment for Siblings

If a local department has a waiting list for Fee Child Care, Head Start Wrap-Around funds may be used to pay for child care for eligible siblings of an enrolled Head Start/Early Head Start child.

If there is no local department waiting list, child care for the siblings of the enrolled Head Start child will be paid from Fee child care budget lines 881 or 883.

A co-payment is assessed to the family when non-Head Start children receive child care subsidy.

5. Payment for Summers

Head Start Wrap-Around funds (budget line 878) may be used for child care subsidy for families with a child enrolled in a Head Start/Early Head Start program for the summer prior to attendance in a part-year Head Start/Early Head Start program and for the summer following the end of a part-year Head Start/Early Head Start program.

6. Eligibility Redetermination

See policy for Head Start Wrap-Around eligibility redetermination in Section V. I. 2. of this chapter.

E. FEE CHILD CARE PROGRAM

1. Eligibility Criteria

Fee child care subsidy and services are made available to children in eligible low income families to the extent of available funding if:

- a. the family meets the non-financial requirements in Section V. B. of this chapter; and
- b. the family meets the income eligibility requirements in Section V. C. of this chapter.

2. Supporting Approved Activity

Child care is provided to support an approved activity including:

- a. Full-time employment and part-time employment;
- b. Education leading to employment or training leading to employment as long as participants show they are making satisfactory progress (see definitions);

NOTE: Payment for child care for the attainment of post baccalaureate education is not allowed, except with local-only funding.

- c. Child protective services (CPS). Child care subsidy may be paid for children whose family(ies) is receiving CPS in cases open through the family assessment track, through the investigation track, or open as CPS ongoing.

3. Subsidy-Capped Child

At the option of the local department of social services, a child born to a family 10 months or more after the initial date of receipt of Fee child care subsidy may receive Fee child care subsidy or be placed on the agency waiting list.

4. Five-Year Limit

Localities may limit receipt of Fee child care subsidies to a maximum of five years. The 60 months do not have to be consecutive. Each family receiving a Fee child care subsidy shall be given at least 12 months notice before the five-year limit is imposed. Receipt of Fee child care subsidy in another locality may impact the total number of months of

receipt of child care subsidy in the present locality. Receipt of Transitional, Head Start Wrap Around, **SNAPET**, or TANF child care does not count toward the five years.

5. Waiting List

a. Waiting List Policy

In the Fee Child Care program, it may become necessary to place a family on a local department waiting list due to lack of funds. Therefore, local departments shall have a waiting list policy for these child care funding sources. Prior receipt of TANF or Head Start Wrap-Around services shall not be a reason for preferential placement on a waiting list. Proposed policy for a waiting list must be approved by the Department prior to submission to the local board of social services. A waiting list policy must assure that decisions are made uniformly.

b. Screening

If funds are not immediately available to provide services, the family must be screened prior to being placed on the waiting list. Screening may be done by telephone, by a face-to-face interview, or the local department may mail a screening form to the family. Verification of eligibility criteria is not required to screen a family for the waiting list. The family's declaration regarding eligibility criteria, such as, but not limited to, employment, income, and ages of children, is acceptable.

The waiting list screening tool is available through the local department web site. If the screening tool indicates the family may be eligible, the waiting list database will be updated automatically. If a local screening form is used, the waiting list database must be updated in order to place a family on the waiting list.

Local departments shall monthly review the "Screened Only" Waiting List Report (available on the local department web site). Families on this list for more than 30 days shall be deleted from the "Screened Only" list.

c. Placement on Waiting List

- (1) If the screening indicates the family may be eligible for assistance, they are to be placed on the waiting list.
- (2) All families on the waiting list must be entered into the Waiting List Database managed by the Department.
- (3) Families who are receiving Transitional child care may be placed on the waiting list no earlier than 60 days prior to the end of their Transitional eligibility.
- (4) Families who are receiving Head Start Wrap-Around child care may be placed on a waiting list no earlier than 60 days prior to the end of their child's Head Start enrollment.

d. Updating Waiting List

- (1) Each local department shall update its waiting list each April and October.
- (2) The Waiting List Database will notify local departments each month of families who have been on the waiting list for 90 days or more. The agency may use this tool to update its waiting list quarterly, or the agency may do a mass update each April and October.
- (3) Updated family information may be obtained by letter, phone call, or in-person. The worker should assess continued interest in being on the waiting list and obtain a current address and telephone number. The local department shall not require a face-to-face interview to update a family's waiting list status.
- (4) When families are removed from the waiting list, they must be deleted from the Waiting List Database. Instructions for deletion of information from the waiting list can be found at the local department web site.

e. Family's Right to Apply for Services

Families must be advised that they have the right to apply for services rather than be screened for the waiting list. If they apply and are determined to be eligible for child care assistance but funds are not available to immediately serve them, they are to be placed on the waiting list. The Notice of

Action (032-02-0103-08-eng) to deny the application must advise the applicant that they are being placed on the waiting list and why.

- f. Referral to Community Resources
When sufficient funds are not available to provide immediate assistance, families should be advised of other community resources that may be available to help them. These resources may include, but are not limited to, Head Start, the Virginia Preschool Initiative for At-Risk Four-Year-Old Children, and programs that offer scholarships or services based on a sliding fee scale, including YMCA/YWCA programs, church programs and local not-for-profit programs

V. CASE MANAGEMENT PROCESS

Case management activities must be clearly labeled and recorded in the case record by completing the mandated forms contained in this manual, by completing case management forms designed locally and approved by the Department in writing and/or by completing the Child Care Subsidy Contact Sheet/Case Narrative (032-05-0402-00-eng). The written approval of locally developed forms must be kept on file in the local department.

Child care case records cannot be transferred to another local department. This is due to the funding allocation process.

A. APPLICATION and ASSESSMENT

1. Application Form
 - a. Parents who request child care services must sign a **Child Care Service Application and Redetermination Form (032-02-0109-05)** (service application) and cooperate with an assessment by the local department. **The date the signed application is received by the local department must be noted on the form.**
 - b. The VIEW Activity and Service Plan (032-02-0302-04) will serve as the application for child care for VIEW participants. The **SNAPET** Plan of Participation (032-02-0075-03) will serve as the application for child care for **SNAPET** participants.

- c. Former VIEW or **SNAPET** participants who apply for Transitional, Fee, or Head Start Wrap-Around child care must sign a service application if only the VIEW Activity and Service Plan or the **SNAPET** Plan of Participation is in the case record.

2. Intake

Local departments must explain to applicants for child care:

- a. how eligibility is determined;
- b. the importance of providing accurate and thorough information; and
- c. the rights and responsibilities of applicants (see child care parent responsibilities in G. below).

3. Assessment of Needs

The family's need for child care shall be assessed at the time of application.

Parents shall be informed of the full range of services offered by the agency. If the family identifies other needs, an assessment of those needs shall be completed. See Volume VII, Section I, Chapter B for information on assessments and service plans.

Details of the assessment and service planning must be documented in the case record on a form labeled as a service plan, in the child care case narrative, on the VIEW Activity and Service Plan or on the **SNAPET** Plan of Participation, whichever is appropriate. If the Assessment and Service Plan are recorded in the case narrative, they must be clearly labeled as such.

4. Opening Case

A case shall be opened on all families that are to receive child care services, and appropriate case management procedures found in department manuals shall be followed.

- B. NON-FINANCIAL ELIGIBILITY REQUIREMENTS

Child care services are provided to children in eligible families that meet the following criteria:

1. Need for Child Care/Good Cause
 - a. Families served must have an established need for child care subsidy to support an approved or assigned activity.
 - b. In two-parent households, there must be good cause why either parent cannot provide the needed child care before payment for child care will be made. Documentation of the finding of good cause shall be entered into the case record.
2. Citizen/Qualified Alien
 - a. Children served must be citizens of the United States or qualified aliens.
 - (1) Applicants for and recipients of child care subsidy must declare that the children for whom they are applying or receiving child care subsidy are citizens or qualified aliens by signing the Affidavit of United States Citizenship or Legal Presence in the United States form (032-05-0036-00-eng).

EXCEPTIONS:

For children in a TANF assistance unit, parents are not required to sign the Affidavit of United States Citizenship or Legal Presence in the United States form because verification of citizenship/alien status is required for TANF.

- (2) Local departments must accept the parent's declaration that their children are citizens or qualified aliens unless there is reason to question the validity of the declaration.

Appendix D contains information on the definitions of "U.S. citizen" and "qualified aliens" and procedures to verify citizenship or alien status if the local department has reason

to question the validity of the parent's declaration.

3. Residence

Children served must reside in the locality where application for child care subsidy and services is made.

4. Age of Children

Children served must be under age 13 or under the age of 18 if they are physically or mentally incapable of caring for themselves (see definition of Children with Special Needs), or subject to court supervision.

5. School Attendance

Child care must not be purchased for children who are eligible to attend public kindergarten or for older children during that portion of a day when appropriate public education is available, unless there are valid and documented reasons the children must be out of school.

6. Immunization Requirements for Children

All children receiving services under the CCDF must be age-appropriately immunized according to requirements of the State Board of Health. The current form required by the Virginia Department of Health (MCH-213 F, Rev 04/07), a physician's form, the Childhood Immunization Certification form (032-03-960/2) or other Health Department form shall be accepted as documentation.

a. Initial Documentation

- (1) Parents must provide documentation of immunizations at the time of application for child care subsidy and services unless the child is exempt from this requirement (see b. below). Also, see grace period in c. below.
- (2) Documentation shall include the date the immunizations were received and shall be signed by a physician, his/her designee, or an official of a local health department. Copies of this verification must be maintained by the

caseworker to assist in verifying that children continue to be age-appropriately immunized.

b. Exemptions from Immunization Requirement

Documentation of immunization is not required for any child:

- (1) whose parent submits an affidavit to the vendor, on the "Certification of Religious Exemption" (CRE) stating that the administration of immunizing agents conflicts with the parent's or child's religious tenets or practices;
- (2) whose physician or a local health department states on the "Childhood Immunization Certification" form that one or more of the required immunizations may be permanently or temporarily detrimental to the child's health. The statement shall include an estimated date for when immunizations can be safely administered;
- (3) who receives TANF, for as long as that TANF eligibility continues;
- (4) who is currently enrolled in Head Start/Early Head Start, for as long as that enrollment continues;
- (5) whose vendor is a state licensed child day center, a licensed family day system-approved family day home, a licensed or voluntarily registered family day home, or a religiously exempted child day center. Immunization documentation requirements for these children are waived as of the date of a signed purchase order with a state licensed center or licensed, system-approved, or voluntarily registered family day home and for as long as the child is cared for by this vendor or another state licensed center or licensed, system-approved, or voluntarily registered family day home; or

(6) who attends a public school in Virginia or a private school that is accredited by the Virginia Department of Education.

c. Grace Period

Children may be served under the CCDF while families are taking the necessary actions to comply with the immunization requirements. Customers must provide documentation of up-to-date immunizations within 30 days of approval for child care in order to continue to receive CCDF funds (unless one of the above exemptions applies).

d. Form

The current form required by the Virginia Department of Health ("School Entrance Health Form" - MCH-213 F Rev.04/07) may be downloaded from the Virginia Department of Health web site at: www.vdh.virginia.gov/Epidemiology/Immunization/documents/SchoolForm.pdf. Instructions for this form may also be found at the Virginia Department of Health web site. The Childhood Immunization Certification form (032-03-960/2) in Appendix S may be downloaded from the local department web site.

e. Subsequent Documentation

Parents must provide documentation of additional immunizations once every six months for children under the age of two years, once between each child's fourth and sixth birthday and as indicated by a physician or designee.

7. Children of Owners/Operators of Family Day Home

A child of an owner or operator of a family day home shall not be eligible to receive a child care subsidy if that child will be cared for in the home of the owner or operator.

C. INCOME ELIGIBILITY REQUIREMENTS

1. State Income Eligibility Scale

The Department establishes the income scale for determining financial eligibility for Transitional, Fee, **SNAPET**, and Head Start Wrap-Around child care subsidy.

Unless a local alternate scale is approved, the income eligibility scale established by the Department must be used for determining financial eligibility for the Transitional, Fee, **SNAPET**, and Head Start Wrap-Around child care programs. See State Income Eligibility Scale for Child Care – Appendix A.

2. Metropolitan Statistical Area Groupings

Localities are grouped by local median income with some adjustments made for actual cost of care. In using the State Income Eligibility Scale, the worker must first determine into which group the local department falls (Group I, II, or III. See Appendix F).

3. Alternate Income Eligibility Scales

Proposed alternate income eligibility scales shall be approved by the Department prior to submission to the local board of social services.

Requests from local departments to deviate from the standard income eligibility schedule must be approved by the Department prior to implementation. Alternate income eligibility scales are not expected to result in a higher cost per case. Requests for deviation that would serve fewer families will be considered only upon submission of adequate justification. Any alternate income eligibility scales or descriptions of pilot programs will be submitted to the U. S. Department of Health and Human Services (HHS) upon approval by the Department.

Any change to an approved alternate Income Eligibility Scale must be approved by the Department prior to implementation of the change. Requests for approval shall be submitted to the Department.

4. Determining Family Unit

The following individuals living in the household must be included in the family unit:

- a. Parents including:
 - (1) biological parents including the father of a child born out-of-wedlock, if paternity can be established;
 - (2) adoptive parents;
 - (3) stepparent;
 - (4) legal guardian(s);
 - (5) adult(s) standing in loco parentis for children under age 18; and
 - (6) person cohabiting (as man and wife) with the natural or adoptive parent of a child(ren) under age 18.
- b. All the parents' children under age 18.

5. Determining Income Eligibility

Local departments determine income eligibility by measuring the family unit's countable gross monthly income and family size against the percentage of the federal poverty guidelines for their locality. (See State Income Eligibility Scale – Appendix A)

Families whose countable gross monthly income for their family size is at or below the percentage of the federal poverty guidelines for their locality are income eligible for child care subsidy.

EXCEPTION:

If the applicant or current recipient is an individual who is not financially responsible for the child under Virginia law, income eligibility is determined by measuring the family unit's countable gross monthly income and family size against 250% of the federal poverty guidelines. Biological parents (including the father of a child born out-of-wedlock, if

paternity can be established), adoptive parents, stepparents, and a person cohabiting with a natural or adoptive parent as man and wife are financially responsible for the child under Virginia law.

6. Countable Income

- a. Count only income, not resources.
- b. In determining income eligibility, include all gross earned and unearned income received by the family unit except certain types of disregarded income listed in 7. below.
- c. Count net income from self-employment, farm, or non-farm. This is gross receipts minus expenses. Do not count the value of goods consumed by the family.

If the client indicates that they are self-employed, they must provide documentation to show they are legitimately engaged in self-employment. The proof could include, but is not limited to, income tax records or other proof of earnings, a business license, or rent receipts for office space. The client must earn at least minimum wage for actual hours worked.

If the client has been self-employed for a year, in order to be eligible for child care subsidy, they must provide proof of earnings, preferably tax return information. If the client has been self-employed for less than a year, they must provide proof of earnings equivalent to minimum wage for actual hours worked within three months of approval. If they are unable to provide such proof of earnings, they will no longer be eligible for child care subsidy.

- d. Local departments must verify income and the parent must assist in obtaining the verification. If pay stubs are the type of verification, the most recent pay stubs available must be used. The reason for using pay stubs over two months prior to income verification needs to be documented in the case narrative.
- e. Record income **on the appropriate page of the service application.**

- f. Accept a parent's written statement that she has no income unless there is reason to doubt the statement.

7. Disregarded Income

Disregard the following types of income received by any member of the family unit determining income eligibility and co-payment amounts for Transitional, Head Start Wrap-Around, **SNAPET**, and Fee child care subsidies:

- Supplemental Security Income;
- TANF benefits, including TANF match payments;
- Transitional payments of \$50.00 per month to former VIEW participants;
- Diversionary Assistance payments;
- General Relief benefits;
- Value of food stamp benefits;
- Value of USDA donated food;
- Any benefits received under Title VII, Nutrition Program for the Elderly, of the Older Americans Act of 1965;
- Value of supplemental food assistance under the Child Nutrition Act of 1966 and lunches provided under National School Lunch Act;
- Child support paid to another household;
- Earnings of a child under the age of 18 years;
- Garnisheed wages;
- Earned income tax credit (EITC);
- Lump sum child support payments;
- Any scholarships, loans, or grants for education except any portion specified for child care;

- Payment to AmeriCorps volunteers;
- Tax refunds;
- Lump sum insurance payments;
- Monetary gifts for identifiable one time occasions or normal annual occasions;
- Basic Allowance for Housing (BAH) for military personnel if individual is living on base and entire BAH deducted on leave and earning statement;
- Clothing Maintenance Allowance for military;
- Vendor payments made by non-financially responsible persons;
- Loans and other money borrowed;
- Money received from sale of property such as stocks, bonds, a house, or a car (unless the person was engaged in the business of selling such property in which case the net proceeds would be counted as income from self-employment);
- Earnings of less than \$25.00 a month;
- Capital gains;
- Withdrawals of bank deposits;
- GI Bill benefits;
- Reimbursement, such as for mileage;
- Foreign government restitution payments to Holocaust survivors;
- Payments from the Agent Orange Settlement Fund or any other fund established for settlement of Agent Orange product liability litigation;
- Monetary benefits provided to the children of Vietnam Veterans as described in 38 U.S.C. 1823 (c).

8. Converting Income to a Monthly Amount

To get a monthly amount, multiply the weekly income by 4.3 or the bi-weekly income by 2.15. If a client is paid semi-monthly, multiply this amount by 2 for the monthly amount.

9. Income Averaging

If income fluctuates, average the amount over a period sufficient to take the fluctuations into consideration. Usually three months is sufficient, however, for farm income or seasonal employment, a year may be necessary.

D. CO-PAYMENTS

1. Co-payment scales are established by the Department.

2. Co-Payment Amounts

All families receiving child care subsidy have a co-payment responsibility of 10% of their countable monthly gross income or the co-payment established by an approved local alternate scale, except:

- a. TANF recipients;
- b. Participants in the **SNAPET** program whose countable gross monthly income is at or below 100% of the monthly federal poverty guidelines; and
- c. Families in the Head Start Wrap-Around program whose countable gross monthly income is at or below 100% of the monthly federal poverty guidelines if all the children receiving a subsidy are enrolled in a Head Start/Early Head Start program.

EXCEPTION:

If siblings of a Head Start/Early Head Start enrolled child are receiving a subsidy through the Head Start Wrap-Around program because the local department has a waiting list for the Fee child care, a co-payment is assessed even if the family's countable gross monthly income falls at or below 100% of the monthly federal poverty guidelines.

d. **Co-payment amounts must be rounded down to the nearest dollar so as not to exceed 10% of the family unit's gross countable income.**

3. Countable Income

In determining co-payments, income to be counted includes all earned and unearned income received by the family unit except certain types of disregarded income listed in Section V. C. 7 of this chapter.

4. Prorating Co-Payments

Local departments may prorate the co-payment when a partial month of care is all that is needed. Prorating the co-payment is an option and may be limited to the first and last month of subsidy to lessen the administrative burden on localities.

5. Assistance with Co-payments

Local departments have the option of assisting parents with the payment of the child care co-payment as determined by the sliding fee scale using local only funds. Local policy for the subsidy of parent co-payments shall be approved by the local board of social services and recorded in the minutes. Local policy governing subsidy for parent co-payments shall be applied uniformly.

6. Alternate Co-payment Scales

Requests from local departments to deviate from the standard co-payment schedule must be approved by the Department prior to submission to the local board of social services.

Alternate co-payment scales are expected not to result in a higher cost per case. Requests for deviation that would result in a higher cost per case will be considered only upon submission of adequate justification. Any alternate co-payment scales or descriptions of pilot programs will be submitted to the U. S. Department of Health and Human Services (HHS) upon approval by the Department.

Any change to an approved alternate co-payment scale must be approved by the Department prior to implementation of the

change. Requests for approval shall be submitted to the Department.

E. SERVICE PLAN

A written service plan shall be completed for every child care case. See Volume VII, Section I, Chapter B for information on Service Plans. Service plans must be labeled and recorded in the child care case narrative or on a form labeled as a service plan.

If parents are active in VIEW, the VIEW Activity and Service Plan (032-02-0302-07-eng) will serve as the service plan. If the parents are **SNAPET** participants, the **SNAPET** Plan of Participation (032-02-0075-03) will serve as the service plan.

During the development of the service plan, the worker shall discuss with the parent the responsibilities outlined in G. below and also outline the agency and vendor responsibilities. Service plans should be updated at least annually. A new form does not have to be completed. Check to see that the information is still accurate and re-date the form or the case narrative.

F. CONSUMER EDUCATION

Local departments must advise families who receive child care subsidy that they have full parental choice of all legally operating child care vendors who meet the vendor requirements of the subsidy program.

Appropriate consumer education shall be provided by the local department, or a recognized resource and referral agency, to parents to assist them in gaining needed information about child care services, availability of vendors, and how to identify and monitor quality child care.

Characteristics that affect program quality include:

1. Staff qualifications and training
2. Staff/child ratios
3. Appropriate child development curriculum
4. Group size
5. Provisions for health, safety and nutrition

6. Evaluation procedures
7. Parental involvement

Other recognized components include stability of care, shared values and approaches to child rearing, staff-child interactions, and physical, emotional, and social environment. Compliance with all regulatory standards is no guarantee of a quality child care program, given the varying meaning of quality to different individuals. As a result, parents are responsible for ensuring that their children's care meets their family's criteria for quality care.

G. PARENTAL **AND LOCAL DEPARTMENT** RESPONSIBILITIES

Local departments must inform parents of the following responsibilities:

1. Responsibility to Report Changes
 - a. Parents must be informed of their responsibility to report changes specified on the Child Care Parent Responsibilities form (032-02-0420-04-eng) to the local department within 10 calendar days of when they occur.

Parents must also be informed that failure to report changes specified on the Child Care Parent Responsibilities form may result in case closure, parents being required to repay child care costs, and prosecution for fraud.

Changes that need to be reported include:

- (1) changes to the family's gross monthly income **that would cause** the total amount to exceed the maximum monthly income level allowed for a family of its size in the locality where the child care services have been authorized;
- (2) household no longer has income;
- (3) changes in number of household members;
- (4) change of address;
- (5) change in education/training activity (including class days/hours and curriculum);

- (6) change of providers;
- (7) child receiving child care services reaches his/her 13th birthday; and
- (8) change in the number of hours child(ren) need child care.

b. The parent and the worker must sign the Child Care Parent Responsibilities form that outlines the responsibilities listed above. By reading and signing this form, parents become informed about their responsibilities and obligations. The worker must review the contents of this form with applicants and provide clarification, if needed.

A copy must be given to the applicant and the original maintained in the case record.

2. Responsibility to Cooperate in Eligibility Determination Process

It is the parent's responsibility to cooperate fully in the assessment and eligibility determination process including providing documentation of immunization (see Section V. B. 6. of this chapter)

3. Responsibility for Use of Child Care

Parents shall use child care only for activities that have been authorized.

4. Responsibility to Pay Fees

It is the parent's responsibility to pay all fees owed directly to the vendor. Parental failure to pay fees (e.g., co-payments, charges above the MRR, non-covered registration fees, etc.) and/or any back fees owed may result in case closure.

5. Responsibility to Choose and Monitor Child Care

It is the parent's responsibility to choose the vendor of child care and to monitor that care.

6. Responsibility to Vendors

It is the responsibility of parents to deliver the child to the child care setting clean and well; to pick the child up promptly at the agreed upon time; to inform the vendor when the child will not be coming due to illness; to pick up the child during the day if the child becomes ill; and if transportation is being provided, to get the child safely and promptly to the pick-up site and to meet the child promptly at the discharge point.

7. Responsibility to **Repay** Overpayments

It is the parent's responsibility to pay fraud-related overpayments or non-fraud overpayments according to the repayment schedule entered into with the local Department (see Section X. of this chapter). Parental failure to pay overpayments may result in case closure.

8. Responsibility to Respond to Correspondence

The parent must be told to respond to all agency correspondence within specified timeframes.

H. LOCAL DEPARTMENT CONTACTS

1. **Initial Application and Eligibility Determination**

A face-to-face interview, with the applicant is required during the initial eligibility determination process. At the time of this interview, the Child Care Service Application and Redetermination Form (service application) and the Child Care Parent Responsibilities form must be reviewed with the applicant. The original signed and dated forms must be filed in the case record.

At the initial interview, the child care service worker must review the service application with the applicant to confirm the correctness of the information. The worker must review household members' relationships and how they are pertinent to eligibility for child care services. Information must be revised as necessary during this initial assessment process. Any changes made to the service application by the worker must be initialed and dated by the applicant and the worker.

The following information must be verified as part of the eligibility determination process:

- a. all income;

NOTE: Income for the last 30 day period must be verified. If income verification for the last 30 day period is not available or is not reflective of the client's income, the worker must document in the case record why and explain what income verification was used and why.

- b. **enrollment in an education/training program if this is the reason child care is needed;**

NOTE: If the applicant is a VIEW participant and the education/training is an approved VIEW activity, verification of enrollment in education/training is the responsibility of the VIEW worker and does not have to be re-verified for child care. The worker must document in the case record that the verification was performed by the VIEW worker. At redetermination, the child care worker must document in the case record that the verification was performed by the VIEW worker.

- c. **Head Start enrollment if any of the children receiving a subsidy are enrolled in Head Start;**
- d. **Special needs of any child for whom subsidy payment is above the MRR;**
- e. **Prior receipt of TANF;**

The Parent Responsibilities form provides the client with a list of changes that they are required to report. **The form must be reviewed with the applicant to assure they understand changes that must be reported. A copy of the signed form must be given to the client, and the original must be filed in the case record.**

The following documentation is required and must be clearly identified in the case record for initial eligibility determination:

Forms:

- **Child Care Service Application and Redetermination Form (or VIEW Activity and Service Plan or SNAPET Plan of Participation)**
- **Parent Responsibilities Form**

- Affidavit of United States Citizenship or Legal Presence in the United States Form
- Income Eligibility/Co-Payment Worksheet Form (Fee Cases)
- Fee Payment Agreement Form (Fee Cases)
- Notice of Action Form
- Generic Case Document Form(GCD)

Verification:

- Case Narrative
- Childhood Immunization Certification Form
- Service Plan (or VIEW Activity and Service Plan or **SNAPET** Plan of Participation)
- Assessment of Need
- Income Verification
- Verification of Employment
- Verification of Education/Training
- Other information necessary to determine eligibility and verify need

2. Additional Required Contact

In addition to the annual eligibility determination, one additional contact must be made with the client during the **year**.

The purpose of this contact is to evaluate whether the child care services authorized are meeting the needs of the child and parent. In some cases, other services will be needed by the family and will be provided directly or arranged for by the service worker.

When a change is reported, the worker must **determine if the change impacts current or continuing eligibility and if a recalculation of co-payment and/or a change in the amount of services authorized is necessary**. Revisions to the **service application**, a written service plan, and notations in the child care case narrative must be made accordingly. **A blank copy of the page of the service application requiring revision must be printed from the CCD form web page, updated by the worker, initialed and dated at the bottom of the form and filed in the case record.**

I. ELIGIBILITY REDETERMINATION

An eligibility redetermination is required every 12 months for child care cases. The 12-month cycle begins with the effective date of the child care case approval. Eligibility redetermination means that all eligibility criteria must be evaluated. Refer to the list under Section H.1.above for

criteria that must be evaluated. **The client must complete a new Child Care Service Application and Redetermination Form at redetermination.**

A new Affidavit of Citizenship does not need to be completed unless child care assistance is requested for additional children.

This redetermination may be conducted by phone or in person.

1. Details of this redetermination must be labeled and recorded in the child care case record. This documentation **must** include, but is not limited to verification of:

a. **all income;**

NOTE: Earned income for the last 30-day period must be verified. If income verification for the last 30-day period is not available or is not reflective of the client's income, the worker must document in the case record why and explain what income verification was used and why.

b. **enrollment in an education/training program if this is the reason child care is needed;**

NOTE: If the applicant is a VIEW participant and the education/training is an approved VIEW activity, verification of enrollment in education/training is the responsibility of the VIEW worker and does not have to be re-verified for child care. The worker must document in the case record that the verification was performed by the VIEW worker. At redetermination, the child care worker must document in the case record that the verification was performed by the VIEW worker.

c. **Head Start enrollment if any of the children receiving a subsidy are enrolled in Head Start;**

d. **Special needs of any child for whom subsidy payment is above the MRR;**

e. **Prior receipt of TANF;**

2. For Head Start Wrap-Around child care, **eligibility shall be redetermined every 12 months as for other Fee subsidy cases.**
 - a. **If the family income is greater than 100% of the federal poverty level, a co-payment is assessed.**
 - b. **If the family income is 100% of the federal poverty level or below and all children in the family who are receiving a subsidy are enrolled in Head Start, no co-payment will be assessed.**
 - c. **If non-Head Start siblings are also receiving a subsidy, a co-payment will be assessed regardless of income.**

3. If information is received prior to the date of the annual **redetermination** that affects eligibility, the local department must **evaluate the information and act on any need for change** within 30 days of receipt of that information. **Regardless of any changes made to the case, the full annual redetermination must be conducted.**

J. NOTICES OF ACTION (NOA)

1. Due Process

Every time a case action affecting eligibility, co-payment or the amount of services authorized is taken a NOA must be sent. A copy of the NOA sent to the client must be filed in the case record. The copy of the NOA in the case record provides verification that clients have received sufficient notice of case actions. Such written notice shall include the reason for the action and the notice of appeal rights and procedures, including the right to a fair hearing if the applicant or recipient is aggrieved by the local department's action or failure to act on an application. **A copy of the client's NOA must never be sent to the Vendor.**

2. Application

Parents must be given a NOA or letter if no action was taken on the application within 30 days of its being received by the local department. If a letter is used, it must contain all appeal information found on the NOA.

- a. Once eligibility is determined, parents must be given a NOA or letter to inform them if the application has been approved or denied.
 - b. If the application was approved, the NOA must indicate:
 - (1) the date the application was approved;
 - (2) the effective date of the payment of child care;
 - (3) the services approved; and
 - (4) the amount of the co-payment, if any.
3. Change or Termination
- a. If the local department proposes to terminate child care subsidy, reduce child care subsidy, suspend a payment, or increase in the amount of the co-payment, a written NOA or letter must be given to the parent at least 10 days (14 days is suggested) in advance of the date the action is to become effective.
 - b. When mailed, the local department must send the NOA in enough time before the date the action is to become effective (14 days is suggested) to ensure that the parent has a 10 day notice.
 - c. When terminating Transitional child care, the NOA must be sent 60 to 90 days prior to termination. This will enable the local department to continue services within the twelve month period of eligibility should an appeal occur and give the client adequate time to prepare for the termination of eligibility.
4. Right to Fair Hearing

If the parent disputes the decision made by the local department on her child care case, she is entitled to a fair hearing. (See Volume VII, Section I, Chapter H or **Benefits and Services Appeals under the Division of Appeals and Fair Hearings at: <http://spark.dss.virginia.gov/divisions/appeals/benefits.html>**)

Local departments must send copies of all hearing decisions to their appropriate child care consultant.

K. TERMINATION

1. Reasons for Termination

- a. For Transitional Child Care, child care subsidy shall be terminated when the 12 month eligibility period is ended, unless the family requests and is found to be eligible for Fee Child Care and funds are available.
- b. Other reasons for terminating child care include:
 - (1) discontinuation of employment or other approved or assigned activity;
 - (2) the parent no longer meets the non-financial or financial eligibility requirements;
 - (3) failure to pay required fees;
 - (4) failure to make satisfactory arrangements to pay back fees owed;
 - (5) failure to make satisfactory progress in education/training;
 - (6) failure to provide necessary verifications/information;
 - (7) at the parent's request
 - (8) moved from locality;
 - (9) children out of home;
 - (10) failure to report changes specified on the Child Care Parent Responsibility form;
 - (11) disqualification (see Section XI. of this chapter);
 - (12) lack of funds.

2. Documentation of Termination Reasons

Adequate documentation supporting the reasons for termination must be filed in the case record and included on the NOA sent to the parent.

3. Planning and Assessment

Termination of child care services shall be planned by the local department jointly with the parent. The local department shall determine if continued services are needed and assist the family with appropriate referrals. The local department shall discuss with the parent the importance of preparing the child in advance, if at all possible, for any change in child care. Planning and preparation of the child is especially important when care is terminated for school-age children who are moving from supervised child care into being alone for a portion of the day.

Once child care subsidy is terminated, continuing social services may be needed by the family and/or a referral to another service agency. The local department shall complete an assessment of need.

Details of this planning and assessment must be labeled and recorded in the child care case narrative or on a form labeled as a service plan.

L. REQUIRED DOCUMENTATION

Local departments shall assure that case records are maintained accurately in accordance with case management policy in department manuals. Volume VII, Section I, Chapter B provides a listing of generic forms required for the case record and also discusses case record organization. Required child care forms are found in section N. below.

M. CASE TYPES

For cases receiving child care subsidy, the following guidelines shall be used to select the appropriate VACIS case type:

EMPLOYMENT - VIEW WITH CHILD CARE/OTHER SUPPORT -
CODE 92

Code 92 is used in cases where a VIEW registrant is being assessed or receiving child care. This is the code used for VIEW cases.

EMPLOYMENT - CHILD CARE/OTHER SUPPORT - NON VIEW - CODE 96

This code is appropriate for TANF employment cases (non VIEW) receiving child care, for Fee child care cases, for Head Start Wrap-Around child care, for Transitional child care, and **SNAPET** child care.

N. FORMS USED IN SERVICE PLANNING

1. Required Child Care Forms

- a. Provider Rate Verification form (032-02-091): used by all providers to give to the local department, in the absence of a published rate schedule, written verification of the child care rates charged the general public.
- b. Child Care Income Eligibility/Co-payment Worksheet (032-02-093/1): to provide a standardized format to determine and document income eligibility and client co-payment amount for Transitional, Head Start Wrap-Around, and Fee child care programs.
- c. Child Care Fee Payment Agreement (032-02-090): used in order to have in writing the agreed upon arrangements for the payment of fees to a vendor.
- d. Health and Safety Checklist for Unregulated Providers (032-02-001): used to document compliance with health and safety requirements for child care subsidy (not applicable to grandparents, great grandparents, aunts, uncles or adult siblings).
- e. Child Care Parent Responsibilities Form: used to inform customers of their responsibilities to cooperate with eligibility determination, what constitutes fraud and also the consequences of fraud.
- f. Sworn Statement or Affirmation (032-02-0094-01-eng)
- g. Child Care Subsidy Contact Sheet/Case Narrative (032-05-0402-00-eng) or a local equivalent.

2. Optional Child Care Forms

- a. Emergency Medical Authorization Card

Emergency Medical Authorization Card (032-02-057/1): used for family day care or in-home care, regulated or unregulated. This card is used by the parent to give the vendor of family or in-home care authority to obtain emergency medical care for a child when the parent or another designated person cannot be located. It should be documented in the record if the card was given to parents.

b. Vendor Agreement

Local departments may develop written agreements with child care vendors that establish the standard operating procedures to be used to approve and to make payments for child care subsidy programs. The content of such agreements must be approved by the Department prior to use.

3. Local Department Forms

Local departments may develop their own version of any of the above forms, but must have the Department's written approval of the form(s) prior to use. Written state approval of locally developed forms must be maintained by the local department. **Only official state forms may use the state assigned form number. When a state form is altered in any way, it is no longer a state form.**

VI. CHILD CARE VENDORS

A. VENDORS THAT MAY BE USED AS PROVIDERS

1. All vendors who participate in the subsidy program must:

- a. Be at least 18 years of age;
- b. Be operating legally according to the *Code of Virginia*;
- c. Meet all local ordinances and business requirements.

2. Parental Choice

Families who receive child care subsidy have full parental choice of all legally operating child care vendors who meet the vendor requirements of the subsidy program.

Local departments must not establish policies that limit parental choice of vendors.

3. Relative Care

A child's relative may be paid as a child care vendor as long as the individual is not a part of the public assistance unit or legally responsible for the child(ren) needing care. See exception in Section V. B. 7. of this chapter for children of owners or operators of family day homes.

4. In-Home Care

The cost for in-home care must not exceed the local MRR and must meet minimum wage requirements.

Exception:

The cost may exceed the local MRR for children with special needs.

Before making any payments for in-home care, local departments must assure that the definition of in-home child care is met (see definition of In-home). For in-home care, FICA (Social Security taxes) and unemployment taxes must be withheld and paid by the local department. See Authorization to Act as Agent on Customer's Behalf for In-Home Care (032-05-0035-00-eng) – Appendix U.

In-home care may be approved when the total child care cost does not exceed the local MRR and still allows payment of at least the minimum wage as required by the Fair Labor Standards Act for Domestic Service.

In-home vendors are paid at least minimum wage by the hour, not by a rate per child. For instance, if a vendor cares for three children full time, she would be paid at least minimum wage for the number of hours per week for which care is needed if this amount does not exceed what the agency would have paid for these children in a family day home paying up to the MRR per individual child.

When calculating the minimum wage for in-home care in Fee child care cases, include the parent's portion of the payment (co-pay).

B. VENDOR REQUIREMENTS

1. Access to Children

- a. Vendors used must afford parents unlimited access to their children when they are in care.
- b. Vendors must afford state and local department staff unlimited access to children in care when one or more children in care receive a child care subsidy.

2. Required Documentation

- a. The checks, statements/affirmations, and documentation of training required in this subsection must be received by the local department before subsidy payments may be made. Vendors must complete four hours of skills training within one year of the date of the vendor's approval to receive child care subsidy payments and annually thereafter.
- b. The vendor/other agent must request and pay for the necessary clearances and checks. Local departments may choose to pay for the necessary clearances and checks using Quality Initiative funds or local only funds; however, such a policy must be applied uniformly.
- c. Local departments must enter required documentation on disqualified vendors (see Section XI. B. of this chapter) into the Disqualified Providers database on the Department's web site. Instructions for and information on this process are on the OECD Documents' page under "Child Care Subsidy Provider Disqualification Information and Process" and "Child Care Subsidy Disqualified Provider Listing." The letters required to be sent to vendors when they are placed on the list and removed from the list may also be found on this page of the web site.
- d. **Subsidy payments may be made to legally operating vendors only. Verification of the vendor's legally operating status must be kept on file at the local department as well as verification of the county or city in which the vendor is located.**

For vendors approved by the Division of Licensing (Licensing) a copy of the vendor's license or a printout from DOLPHIN must be filed in the case record or the vendor file. It must be documented in the case record that such verification was seen at the time payment was authorized for a child with the vendor.

For unregulated vendors, the case record or vendor file must contain verification that the vendor meets the requirements outlined in Section VI (Child Care Vendors) of this guidance and is, therefore, legally operating. These verifications include, but are not limited to, verification of current First Aid Training, CPR training, Skills Training, a current Health and Safety Checklist, and current background checks. A statement must be in the case file or the vendor file verifying the county or city in which the vendor is located.

If a Purchase of Services Order is written to cover a period of time beyond the expiration date of the license, exemption, certification, or status of meeting unregulated vendor requirements, the case file or the vendor file must contain verification of the continued legally operating status of the vendor. This can be written confirmation from Licensing or detailed documentation in the case narrative as to how the legally operating status was confirmed.

3. Initial Background Checks
 - a. All vendors, any employee, prospective employee, volunteers, agents involved in the day-to-day operation, all agents who are alone with, in control of, or supervising one or more children; and any other adult (18 years of age or older) living in a family day home shall provide to the local department the following background checks:
 - (1) State Criminal History Record Check or Sex Offender and Crimes Against Minors Registry Check through the Virginia State Police;
 - (2) Central Registry Child Protective Services Check; and

- (3) Sworn Statement or Affirmation as to whether the individual has ever been (i) the subject of a founded complaint of child abuse or neglect or (ii) convicted of a crime or is the subject of any pending criminal charges within the Commonwealth or any equivalent offense outside the Commonwealth.

EXCEPTIONS:

Vendors and other individuals subject to background checks in the following child care programs are not required to provide initial or subsequent background checks to a local department to qualify for child care subsidy because these individuals are subject to background check requirements in regulations for their type of child care:

- (a) licensed child day centers
 - (b) licensed family day homes
 - (c) Virginia Department of Education-approved child care
 - (d) religiously exempt child day centers
 - (e) voluntarily registered family day homes
 - (f) licensed family day system-approved homes
- b. The local department must not accept background checks that are dated more than three years prior to the date the signed service application is received.
 - c. Any individual who begins employment, service, or residence in the home after the local department's approval of the vendor for child care subsidy must provide the required background checks to the local department within 30 days of the individual's beginning date of employment, service, or residence in the home.
 - d. Payment of child care subsidy must be denied if:

- (1) the Virginia State Police name search for criminal history and/or sex offender and crimes against minors registry search shows that the person checked has been convicted of a barrier crime; or
 - (2) the Central Registry Child Protective Services Check reveals that the person checked is in the CPS Central Registry as "Founded."
- e. The criminal history and/or sex offender and crimes against minors search is completed through the Virginia State Police. One of two forms used by the Virginia State Police to conduct this investigation must be completed. The forms are SP-167 (Criminal History Record Name Search Request) and SP-230 (Criminal History Record/Sex Offender and Crimes Against minors Registry Search Form). SP-167 is used by vendors requesting searches on themselves and must be notarized. SP-230 is used for household members, assistants and/or substitutes.

These forms may be downloaded from the Virginia State Police web site at www.vsp.virginia.gov. The forms may be completed online and one copy signed and mailed to the Virginia State Police or the form may be printed for completion. If the form is not completed online, two signed copies must be sent to the Virginia State Police.

A charge of up to \$20.00 per search, payable to the Virginia Department of State Police by certified check, money order, charge card, or agency check, is required for this service. Personal checks or cash are not accepted.

Local departments must not use the Virginia Criminal Information Network (VCIN) for child care subsidy purposes.

For a complete listing of child care barrier crimes refer to Appendix E.

- f. A Central Registry Release of Information form (032-02-0151-07-eng) must be completed for each individual required to have a CPS background check.

This request form must be signed by the person for whom the search is being conducted, and the signature must be notarized. If applicable and available, the maiden name and all names used by the vendor shall be added.

A completed request form must be sent to the Virginia Department of Social Services at:

Virginia Department of Social Services
7 North Eighth Street
4th Floor, CPS Central Registry
Richmond, VA 23219

Requests must be accompanied by \$5.00 in the form of a cashier's check, a company/business check, or a money order (no cash or personal checks) payable to the Virginia Department of Social Services. Local departments are exempt from the fee. Incomplete forms and requests not accompanied by a check or money order, when necessary, shall be returned unprocessed.

If the name being searched is not located in the CPS Central Registry, notice of such shall be transmitted to the requesting party.

If there is insufficient information contained in the CPS Central Registry regarding the name being searched, and the result of the search is "unable to be determined," notice of such shall be transmitted to the requesting party along with a request for specific additional information that should be completed and returned for further inquiry. For further instructions, see Volume VII, Section III, Chapter A, Child Protective Services.

Local departments of social services must follow the laws related to confidentiality. See Volume VII, Section III, Chapter A, Child Protective Services, Part IX: Confidentiality for rules of confidentiality.

- g. The Sworn Statement or Affirmation for Unregulated Providers. An explanation of the form can be found in Appendix Q of this chapter.
4. Subsequent Background Checks
- a. See exceptions for subsequent background checks in B. 3. a. above.

- b. Background checks remain valid for three years for vendors and other individuals subject to background checks in the following child care programs:
 - (1) certified preschools
 - (2) unregulated vendors
 - (3) local government-approved recreation programs
 - (4) local ordinance-approved child care programs
 - c. In order for the background checks to remain valid for three years:
 - (1) the vendor must provide continuous services under the child care subsidy program; and
 - (2) the individual subject to background checks must maintain continuous employment, residence or service with that vendor.
 - d. The vendor or individual subject to background checks must provide current background checks to the local department after three years have elapsed, when there has been a break in subsidy participation, or when there has been a break in employment, residence, or service with that vendor.
5. Initial Tuberculosis Screening for Unregulated Vendors
- a. The vendor, all adults (18 years of age or older) living in the household, and any assistants providing care shall be screened for tuberculosis.

EXCEPTIONS:

- (1) Grandparents, great grandparents, aunts, uncles and adult siblings of the children in care (if the adult sibling resides in a separate residence), are exempt from this requirement unless otherwise subject to regulation.
- (2) Local government-approved recreation programs may certify by submitting a letter signed by the

director that for each staff person working directly with children, the program has a statement signed by a physician, the physician's designee, or an official of a local health department that the individual is free of tuberculosis in a communicable form.

- b. The vendor/other agent must request and pay for the tuberculosis screening.
- c. The results of each tuberculosis screening shall be forwarded to the service worker in the form of a statement that she is free of tuberculosis in a communicable form. The statement shall be signed by a physician, the physician's designee, or an official of a local health department.
- d. Payment of child care subsidy must be denied if the result of the tuberculosis screening shows that the person is not free of tuberculosis in a communicable form.

6. Subsequent Tuberculosis Screening for Unregulated Vendors

At the option of the local department, subsequent tuberculosis screening(s) may be required.

7. Initial Health and Safety Checklist for Unregulated Vendors

- a. The checklist is intended as a self-assessment tool to help the parent and vendor assess the health and safety of the care the child will receive in child care. The parent and the child care vendor shall fill out the form together in the home where care will be provided. The checklist shall be completed, signed by both the parent and vendor, and forwarded to the worker.

EXCEPTIONS:

- (1) Grandparents, great grandparents, aunts, uncles and adult siblings of the children in care (if the adult sibling resides in a separate residence) are exempt from this requirement unless otherwise subject to regulation.
- (2) Local government-approved recreation programs may certify by annually submitting a letter signed

by the director that the program complies with the safety and supervision requirements established by their local government.

- b. Payment of child care subsidy must be denied if the health and safety checklist is returned incomplete.

Payment of child care subsidy cannot be denied based solely upon the responses to the statements on the checklist.

- c. After receiving the completed health and safety checklist, the worker shall approve or deny payment and shall send a copy of the checklist to the parent and to the vendor for their records.
- d. Completion of the Health and Safety Checklist (032-02-001/2) for unregulated vendors is not a regulatory process and does not meet requirements for participation in the USDA Child and Adult Care Food Program. Vendors who wish to participate in the Child and Adult Care Food Program must apply to an authorized USDA Food Program administrator.

8. Subsequent Health and Safety Checklist for Unregulated Vendors

The Health and Safety Checklist shall be completed every three years for unregulated child care vendors.

9. First Aid and CPR

- a. Whenever a child is in care for whom child care subsidy is received, the vendor or a staff member on site must have current certification in first aid and cardiopulmonary resuscitation (CPR) as appropriate for the age of the children in care.
- b. The first aid and CPR certification must have been issued by one of the following:
 - (1) American Red Cross;
 - (2) American Heart Association;
 - (3) National Safety Council;

- (4) American Safety and Health Institute (ASHI);
 - (5) Medic First Aid;
 - (6) EMS Safety Services;
 - (7) Community college;
 - (8) Hospital;
 - (9) Rescue squad; or
 - (10) Fire department
 - (11) **American Lifeguard Association (ALA)**
- c. The cost of the first aid and CPR training will be borne by the vendor.
- d. The vendor must provide documentation of her or a staff member's current first aid and CPR certification to the local department before any child care subsidy payments will be made.

EXCEPTIONS:

- (1) A vendor or a staff member in the following child care programs are not required to provide current first aid and CPR certification to a local department to qualify for child care subsidy because these individuals are subject to first aid and CPR requirements by regulations for their type of child care:
 - (a) licensed child day centers
 - (b) licensed family day homes
 - (c) Virginia Department of Education-approved child care
- (2) The following vendors may certify by annually submitting a letter signed by the director that the vendor or a staff member has current certification in first aid and CPR:

- (a) Religiously-exempt child day centers
- (b) Voluntarily registered family day homes
- (c) Certified pre-schools
- (d) Local government-approved recreation programs
- (e) Licensed family day system-approved providers

10. Skills Training

- a. The vendor and other individuals who work directly with children must annually complete four hours of skills training relating to child health, safety, and/or development.

Orientation training on local department policy or financial requirements for vendors shall not count toward the four-hour skills training requirement.

- b. The cost of the skills training will be borne by the vendor.
- c. Vendors and other individuals who work directly with children must provide documentation of annual skills training to the local department.

EXCEPTION:

A vendor or a staff member in the following child care programs are not required to provide documentation of annual skills training to a local department to qualify for child care subsidy because these individuals are subject to annual skills training requirements in regulations for their type of child care:

- (1) licensed child day centers
- (2) licensed family day homes
- (3) licensed family day system-approved providers
- (4) Virginia Department of Education-approved child care

- d. The following vendors may certify by annually submitting a letter signed by the director that the vendor and other individuals who work directly with children complete four hours of skills training annually:
 - (1) Religiously-exempt child day centers
 - (2) Voluntarily registered family day homes
 - (3) Certified pre-schools
 - (4) Local government-approved recreation programs
- e. Vendors must complete four hours of skills training within one year of the date of the vendor's approval to receive child care subsidy payments and annually thereafter.

Other individuals who work directly with children must complete four hours of skills training within one year of the date of the vendor's approval for child care subsidy or within one year of the date the individual begins to work directly with children and annually thereafter.

11. Record Retention

Vendors must be notified by the local department that they must retain child care payment and attendance records for three years. These records must be made available to local, state, or federal staff upon request.

VII. TYPES OF PAYMENT

A. DIRECT PAYMENT TO VENDOR

Local departments will make payment for child care subsidy by means of direct payment to the vendor upon submission of an invoice. This is the standard method of payment to be used.

At the discretion of the local department, the reimbursement method of payment may be used in appropriate situations.

Local departments may use a modification of the department's Purchase of Service Order form (032-02-126/3) to make direct payment to vendors. Such a modified form must be approved in writing by the department prior to its use and meet all requirements found in

department manuals to ensure that it contains all necessary elements to authorize the delivery of service to the family.

B. EARNED INCOME DISREGARD FOR TANF RECIPIENTS

TANF recipients may choose to take the earned income disregard for child care expenses. If they choose this option, no child care case will be opened because the TANF recipients will be handling their child care payments on their own from funds from their assistance grant. Prior to completing the child care service authorization for a TANF recipient, the service worker must receive assurance from the local eligibility worker (TANF) that the recipient has not chosen the earned income disregard for child care.

C. CHILD CARE FOR CHILDREN IN FOSTER CARE

Foster care funding sources, not the Child Care and Development Fund nor the programs outlined in this chapter, are to be used for payment for child care for children in foster care (see Volume VII, Section III, Chapter B, Foster Care for instructions on how to purchase child care services for children in foster care).

EXCEPTIONS:

If a local department maintains custody of a child, but the child is in the physical custody of his parent(s) and the parent(s) need child care in order to maintain employment or to attend an approved education/training program, the parent(s) may apply for Fee child care in the locality in which they reside.

If a minor adolescent is in an Independent Living situation and has a child who receives TANF benefits, application can be made for TANF child care funds. If the minor's child does not receive TANF benefits, application can be made for Fee child care. If the local department has a Fee child care waiting list, funding for child care may be available through the Comprehensive Services Act funding.

VIII. DETERMINING PAYMENT AMOUNT

A. MAXIMUM REIMBURSABLE RATES

1. Established by the Department

The Department will establish local Maximum Reimbursable Rates (MRR) for child care for all localities in the state by type of

care. Local departments shall not establish their own maximum monthly rates of pay.

2. Used to Determine Subsidy Payments

Local departments must pay the rates and fees vendors charge the general public, up to the MRR of the jurisdiction in which the vendor is located, or a lower rate that has been negotiated with a vendor. **Vendors shall not charge the local department more than they charge the general public for services.**

EXCEPTIONS:

- a. For children with special needs, payment of up to two times the MRR for the type of child care needed is allowed when it is appropriate as determined by the local department in consultation with the parent, vendor, and appropriate professional. Details of this consultation must be recorded in the case record.
- b. For out-of-state vendors, the local department's MRR shall be used.

3. Total Cost of Care

- a. The total cost of care, excluding the single annual registration fee, but including special programs and transportation, must not exceed the MRR for the type of care.

The total cost of care must be identified and entered on the Purchase Order as one child care cost.

- b. For eligible families, local departments must purchase needed child care for all eligible children to support the approved or assigned activity. See exception in Section IV. E. 4. of this chapter for a subsidy-capped child in the Fee Child Care Program.
- c. Unless there are extenuating circumstances, local departments shall purchase only the amount of child care required to support the approved activity.

4. Annual Registration Fee

A single annual registration fee will be paid to licensed vendors if they charge this fee to the general public. Child care subsidy funds may be used to pay up to \$100 for the annual registration fee. Licensed vendors include all vendors eligible to receive reimbursement at Level 2 rates.

When a single annual registration fee is not included in the rate charged by the vendor, it shall be paid by the local department separately. The annual registration fee may be made in two separate payments.

No child care subsidy funds may be used to pay vendor activity fees.

5. Unit Price

The unit price of service shall be based on a week or less. The unit of care for each day is .2. Using this unit of care, a five day week of care equals 1.0 units.

Rates paid will be based on vendor enrollment and attendance practices and department payment policies.

The MRR are presented by locality as weekly, daily, and hourly rates for center and family care for both Level 1 and Level 2. MRR are included as Appendices H and I to this chapter.

See MRR Per Type of Provider ([Appendix G](#)).

Hourly rates are based on care six hours or less per day. The daily rate must be used if the hourly rate times the number of hours exceeds the daily rate. The weekly rate must be used if the daily rate times the number of days exceeds the weekly rate.

6. Age Range Definitions

In applying the appropriate MRR, the local department **must use age range definitions used** by Licensing.

The age definitions used by Licensing for child day centers are:

- a. Infants - children from birth **up** to 16 months,
- b. Toddlers - children from 16 months **up to 24 months** ,

- c. Preschool - children from **24 months** up to the age of eligibility to attend public school (five years by September 30),
- d. School age - children eligible to attend public school, **age five or older by September 30 of that same year. Children turning five after September 30 are considered pre-school until they start school the following year.**

7. Less Than Full Time Care Needed

If less than a full week of care is needed, the unit price to be used will be the most economical rate for the amount of care required within the limits of the local MRR.

If the vendor charges the general public a weekly rate for less than full-time care, and the rate is within the limit of the local MRR and no part-time care is available, the full-time rate may be used until part-time care can be found.

Customers are expected to find vendor who charge for only the time required if at all possible.

8. Transportation Services

Transportation services shall be paid using child care funds only when the transportation services are provided by the vendor and the total cost of all services provided by the vendor does not exceed the established MRR for the type of care.

9. Additional Payments

For individuals participating in an approved activity for TANF, Transitional, Head Start Wrap-Around, or Fee child care; in an assigned activity for VIEW; or in an assigned **SNAPET** component, child care shall also be purchased:

- a. for up to two weeks prior to the start of employment or training if child care arrangements would otherwise be lost.
- b. for up to one month during a break in employment or training if a subsequent activity is scheduled to begin within that period and if child care arrangements would otherwise be lost.

- c. for up to four weeks in a twelve month period if the parent is ill or incapacitated for justifiable reasons as set forth in a service plan or in the child care case narrative and labeled as such. This time period may be extended for justifiable reasons documented in writing in the case record.
 - d. for up to four weeks in a twelve month period if the child is absent from care for justifiable reasons as set forth in a service plan or in the child care case narrative. This time period may be extended for justifiable reasons documented in writing in the case record.
 - e. from a vendor other than the primary vendor if the child is sick. A second Purchase of Service Order covering the same time period as the first is allowable. The local department will make payment to the primary vendor following the enrollment policy of the vendor. The details of this arrangement must be recorded in the case record in addition to the purchase information.
 - f. for care while a parent sleeps. This may be done in situations where the parent works non-traditional hours and must sleep for some of the hours while the children are awake. The total number of hours covered will not exceed the number that would have been needed for work only. The details of this arrangement must be recorded in the case record in addition to the purchase information.
10. Child Placed in Facility with Rate above MRR
- Parents who choose to place a child in a facility with a rate above the MRR are responsible for payment of any additional amount, unless the local department elects to pay the additional amount out of local only funds.
11. Subsidizing Cost above MRR
- When agencies use local only funds to subsidize the cost of care above the MRR, this policy shall be approved by the local board of social services and recorded in the minutes, including the maximum allowable subsidy. Subsidy decisions shall not be made on an individual case basis.
12. Payment for In-Home Care

For in-home care, payment is at least minimum wage but not more than the MRR for the number of children in care. See Section VI. A. 4. of this chapter for more information on in-home care.

B. BEGINNING DATE OF SERVICE PAYMENT

1. Eligibility Determined within 30 Days

The beginning date of service payment is the date the signed application is received by the local department if the family is determined eligible within 30 days.

2. Eligibility Determined after 30 Days

If the eligibility determination is made more than 30 days after the signed application is received by the local department, payment may begin only on the date eligibility is actually determined, except in the case of administrative delay. See definition of administrative delay.

3. Receipt of Required Vendor Documentation

- a. No payment may be made until all required documentation is received and approved by the local department.
- b. If the vendor returns required information to the local department within 30 days after the signed client application is received, payment shall be made retroactive to the date the signed application was received by the local department.
- c. If due to administrative delay, the vendor returns required information to the local department more than 30 days after the signed client application is received, payment shall be made retroactive to the date the signed application was received by the local department.
- d. Payment must not be made to licensed family day homes or child day centers prior to the effective date of their initial license. Payment must not be made to the following vendor prior to the effective date of their initial registration, certification, or approval unless they meet all requirements for vendors in Section VI. of this chapter:

- (1) voluntarily registered family day home;
- (2) family day system-approved provider;
- (3) Department of Education-approved provider;
- (4) local ordinance-approved provider;
- (5) certified pre-school;
- (6) religiously exempt child day center; or
- (7) local department-approved provider.

C. FINANCIAL MANAGEMENT OF CHILD CARE CASES

1. Funding Plan

For each active child care case, the worker should develop a funding plan with a goal of providing continued child care for the family as they pursue self-sufficiency.

2. Monitoring Expenditures

Tracking expenditures on a monthly basis in relation to monthly allocations is the most effective method of managing annual allocations and continuing cases without interruption. The local department should make adjustments in the planned monthly allocations for those times of the year when costs for care fluctuate.

The local department should regularly monitor encumbrances and expenditures to monitor how billed charges compare to funds encumbered for each case. As case changes occur, unused funds should be unencumbered to maximize the use of allocations.

Monthly expenditure reports and other statistical reports are available on the local department web site under "CCD Reports."

3. Mandated Programs

Payment of child care subsidies for children in the following programs is mandated:

- a. Budget line 871

- (1) VIEW
- (2) Transitional
- (3) TANF Working
- (4) Learnfare
- (5) **SNAPET**

b. Budget line 878

- (1) Head Start Wrap-Around

See Child Care Programs Budget Lines ([Appendix B](#)) and Child Care Program Budget Lines' Descriptions ([Appendix C](#)).

4. Requesting Additional Funding

In certain instances, local departments will have caseloads that cannot be continued within fiscal year allocations. If this occurs, local departments may request additional funding. Justifiable requests for additional funding in non-mandated budget lines will be approved only to the extent of available funds.

A "Request for Supplemental Funding-Child Care Subsidy Program" (032-02-0098-01-eng) ([Appendix W](#)) must be completed when requesting additional funds that require local matching funds.

5. Reducing Caseloads

If additional funding is not provided for Fee child care or TANF child care for (non-VIEW) education and training, local departments should reduce cases through attrition, if possible, until the appropriate caseload and expenditure levels are attained. No new cases should be added during this time. If caseloads cannot be reduced through attrition, local departments may close cases to reduce expenditures to funding levels. When the proper expenditure levels are attained, cases may be added to the caseload as other cases are closed.

IX. FRAUD

The *Code of Virginia* (63.2-522) deems guilty of larceny any person who obtains assistance or benefits by means of a willful false statement or who knowingly fails to notify of a change in circumstances that could affect eligibility for assistance. Welfare fraud is larceny, and recipients deemed guilty of larceny, upon conviction, are subject to penalties as specified in the *Code of Virginia*, Chapter 5 18.2-95 *et seq.*

When it is suspected that there has been deliberate misrepresentation of facts in order to receive child care subsidy, the local department must determine whether or not fraud was committed. There must be clear and convincing evidence that demonstrates that the household or vendor committed or intended to commit fraud.

Suspected instances of child care fraud shall be referred to the fraud staff for investigation. Local departments shall send copies of fraud investigation final reports to their appropriate child care consultant.

X. REPAYMENT

A. OVERPAYMENT DUE TO FRAUD

In addition to any criminal punishment, anyone who causes the local department to make an improper vendor payment by withholding required information or by providing false information will be required to repay the amount of the improper payment.

B. NON-FRAUD OVERPAYMENT

In cases of non-fraud overpayment, the parent and the vendor may continue to participate in the subsidy program as long as a repayment schedule is entered into with the local department and payments are made according to that schedule.

C. OVERPAYMENT DUE TO LOCAL DEPARTMENT ERROR

If an overpayment related to eligibility for services or related to co-payment amount was made as a result of an error by the local department, the local department will not seek to recoup those funds from the parent or the vendor.

D. REPAYMENT SCHEDULE

1. Repayment will be in either a lump sum or according to a written repayment schedule between the responsible person and the local department. The repayment schedule must be signed by the responsible person and an authorized local department representative.
2. In establishing the repayment schedule for a parent, local departments must not require monthly repayment amounts that exceed 5% of the family's gross monthly income.
3. Local departments must have a tracking system to ensure that claims are established and satisfied. This information must be recorded in the case record.

XI. DISQUALIFICATION

A. PARENTS

1. Parents will be disqualified from participating in the child care subsidy program for three months upon the first finding of child care fraud, 12 months upon the second finding, and permanently upon the third finding (see definition of finding of child care fraud).
2. Parents who fail to enter into a written repayment schedule with the local department for overpayment due to fraud or for non-fraud overpayment will be disqualified from participating in the child care subsidy program until entering into a written repayment schedule.
3. Parents who fail to make three consecutive payments according to the written repayment schedule with the local department for overpayment due to fraud or for non-fraud overpayment will be disqualified from participating in the child care subsidy program until all delinquent payments are made.

Upon payment of all delinquent payments according to the written repayment schedule, child care subsidy payments will resume for parents who are otherwise eligible and who are not disqualified according to A. 1. above.

B. VENDORS

1. Vendors will be permanently disqualified from participating in the child care subsidy program upon the first finding of child care fraud.

2. Vendors who fail to enter into a written repayment schedule with the local department for non-fraud overpayment will be disqualified from participating in the child care subsidy program until entering into a written repayment schedule.
3. Vendors who fail to make three consecutive payments according to the written repayment schedule with the local department for non-fraud overpayment will be disqualified from participating in the child care subsidy program until all delinquent payments are made.

Upon payment of all delinquent payments according to the written repayment schedule, child care subsidy payments will resume for vendors who are otherwise eligible.

XII. COMMUNITY COORDINATION

Local departments shall coordinate child care services with existing child care resource and referral agencies, early childhood education programs, schools, private for-profit and non-profit child care vendors, and other groups in the community involved in child care and early childhood development. This will be done in order to ensure understanding of the department's program, to enhance parental choice, to increase the availability and quality of child care services, and to maximize coordination of child care services in the community.

Local departments may contract with other local governmental or non-profit agencies for the management of certain child care services.

The Department must give prior approval to any such contract, review the contract annually, and monitor the local department's administration of said contract. The local department shall assure that the contractor meets all department guidance and reporting requirements and provides the services specified in the contract. The local department will follow local procurement procedures.

XIII. LOCAL RECRUITMENT AND TRAINING OF VENDORS

It is the responsibility of the local department to work with other organizations in the community in efforts to encourage the development of child care resources to meet unmet need. This can be done by encouraging the expansion of family day homes, center care and other forms of care such as for school-age children.

It is also the responsibility of the local department to work cooperatively with other community resources in making adequate training opportunities available to all child care vendors.

XIV. COMPLAINTS IN THE CHILD CARE SETTING

A. CHILD ABUSE OR NEGLECT

All complaints regarding possible child abuse or neglect occurring in a child care setting must be referred to the Child Protective Services unit at the local department serving the area where the child care service is located. Information regarding the complaint shall be shared with the worker responsible for licensure or approval.

In situations when parents select a vendor for whom there are child protective services concerns, local departments must weigh the vendor's right to confidentiality with the parent's right to be informed and the child protected. If parents have been informed and continue to place their child in an unsafe environment, a referral to Child Protective Services may be in order.

B. OTHER COMPLAINTS

All other complaints should be referred to the approval authority. In the case of licensed day care centers or licensed family day homes, the complaint would go to the licensing unit at the Department's office serving that area. In the case of local department approved child care vendor, the complaint would go to the unit that approved the vendor at the local department. The toll free information Hot Line for the Division of Licensing Programs may be used to report concerns regarding current child care arrangements (1-800-543-7545).

XV. 801 REPORT

The Child Care and Development Block Grant Act requires states to collect on a monthly basis case-level data on families and children receiving child care subsidy (ACF- 801 Report). Data required to be collected and reported to the Child Care Bureau include demographics, family income and co-payments, and the type of vendor.

Each month a sample of families receiving child care subsidy is selected and local departments are sent an automated notification of the case number of the family (ies) in their caseloads that have been selected for review. Local departments must complete the online 801 form (available on the local department web site) to provide the required information on these children and families by the date specified in the notification.

Child Care Program Cost Code Descriptions

Cost Code 87101	VIEW Working Child Care is mandated in the <i>Code of Virginia</i> and all justifiable requests for supplemental funding will be approved. TANF recipients enrolled in VIEW are eligible for child care to support an assigned activity. For VIEW Working Child Care there is no co-payment.
Cost Code 87102	Parents may receive up to 12 months of child care subsidy to support employment (or training when approved by VIEW for Transitional Employment and Training) if they have received TANF (former VIEW case), the TANF case is closed, and they are found to be income eligible. This includes needed child care for children who are not on the assistance unit, but dependent on the parent. For Transitional Child Care there is a co-payment of 10% of gross income.
Cost Code 87103	Parents may receive up to 12 months of Transitional Child Care subsidy to support employment if they have received TANF (not a former VIEW case), the TANF case is closed, and they are found to be income eligible. This includes needed child care for children who are not on the assistance unit, but dependent on the parent. For Transitional Child Care there is a co-payment of 10% of gross income.
Cost Code 87104	TANF Working Child Care subsidy assists (VIEW exempt) working families receiving TANF benefits. If there is a need for child care and all eligibility requirements are met, recipients of TANF are eligible for needed child care to support employment. For TANF Working Child Care there is no co-payment.
Cost Code 87105	Learnfare Child Care is for children of a minor/teen parent in a TANF public assistance unit to enable them to attend school and comply with compulsory school attendance laws. Priority shall be given for child care subsidy to teen parents engaged in completing high school. This assumes the parent of the minor teen cannot provide care because of work, education/training, disability, or another hardship exemption. For Learnfare Child Care there is no co-payment.
Cost Code 87106	SNAP Child Care is considered a federally mandated service. This type of child care subsidy is available for children of recipients of Virginia's Supplemental Nutrition Assistance Program Employment and Training (SNAPET) program while participating in an activity approved by a SNAPET worker. For SNAPET Child Care, there is no co-payment if the family's income is at or below 100% of the federal poverty guidelines.
Cost Code 87801	The Head Start Wraparound program is mandated in the Appropriations Act and all justifiable requests for supplemental funding will be approved. This is a child care subsidy program that pays for additional hours beyond those provided by Head Start in order to provide full day/full year child care services for Head Start enrolled children. There is no co-payment for families with income at or below the federal poverty guidelines if all children are enrolled in Head Start. Families must be found to be income eligible and must pay a co-payment of 10% of their gross income if their income exceeds the federal poverty guidelines or if the siblings of a Head Start enrolled child also need child care subsidy.
Cost Code 88102	Same as Budget Line 88302 except this budget line requires a 5% local match.
Cost Code 88103	Same as Budget Line 88304 except this budget line requires a 5% local match.

Cost Code 88302	Fee Child Care program provides child care subsidies to income eligible clients who are employed, in approved education/training activities, or in need of protective services. For Fee Child Care there is a co-payment of 10% of gross income. It is the same as budget line 88102 except this budget line is 100% federally funded.
Cost Code 88304	The TANF Education and Training Child Care program provides child care services for TANF families in education or training. For TANF Education and Training Child Care there is no co-payment. It is the same as budget line 88103 except this budget line is 100% federally funded.
Cost Code 89001	These are funds that are available to local departments of social services to enable the implementation of initiatives to develop, enhance, and strengthen the quality of care delivered to children.

Appendix D

Citizenship and Alienage Definitions/Documentation

A. Citizenship or Qualified Alien Status

As a condition of eligibility, all applicants/recipients for child care subsidy shall provide a signed statement attesting, under penalty of perjury, to their children's citizenship or alien status. The parent must sign the declaration for all children in the family unit for whom child care subsidy is being requested.

The written declaration is to be obtained at the time of application or when child care subsidy is requested for a new child.

Child care subsidy payments shall not be made for any child for whom the citizenship or alien status declaration requirement has not been met.

B. Definition of Citizenship/Alienage Status

1. Citizenship – A child is a U.S. citizen if he is:

- a) born in the United States, regardless of the citizenship of his parents; or
- b) born outside the United States of U.S. citizen parents (the mother if born out of wedlock); or
- c) born outside the United States of alien parents and has been naturalized as a U.S. citizen. A child born outside the United States of alien parents automatically becomes a citizen after birth if his parents (the mother if born out of wedlock) are naturalized before he becomes 16 years of age.

2. Alienage - An alien must be a qualified alien as defined below. If a child does not meet the definition of a qualified alien, he does not meet the alienage requirement.

"Qualified alien" is defined as:

- (a) an alien granted asylum under Section 208 of the INA;
- (b) a refugee admitted to the U.S. under Section 207 of the INA, or an alien who is admitted to the U.S. as an Amerasian immigrant pursuant to section 584 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act of 1988 (as contained in section 101(e) of Public Law 100-202 and amended by the 9th proviso under MIGRATION AND REFUGEE ASSISTANCE in title II of the Foreign Operations, Export Financing, and Related

Programs Appropriations Act, 1989, Public Law 100-461, as amended), or an alien who is a victim of human trafficking.

- (c) an alien paroled into the U.S. under Section 212(d)(5) of the INA for a period of at least one year;
- (d) an alien granted conditional entry pursuant to Section 203(a)(7) of the INA as in effect prior to April 1, 1980;
- (e) an alien whose deportation is being withheld under Section 243(h) of the INA (as in effect prior to April 1, 1997) or section 241(b)(3) of the INA (as amended by section 305(a) of division C of Public Law 104-208);
- (f) an alien who is a Cuban or Haitian entrant as defined in section 501(e) of the Refugee Education Assistance Act of 1980; or
- (g) a battered alien child, and/or an alien child of battered parents who fit certain criteria.

Note: The State assists qualified aliens to the full extent permitted by federal law.

3. Verification of Immigration Status

Verification of immigration status may be obtained at application, redetermination, and as children are added, if the local department has reason to question the validity of the parent's written statement of a child's citizenship or legal alien status. Use as verification the U.S. Citizenship and Immigration Services (USCIS) documents provided by the parent or, if the child is a victim of human trafficking, using documentation from the federal Office of Refugee Resettlement.

If a parent presents expired documents as evidence of the child's immigration status, refer the parent to the local USCIS office to obtain documentation of status. In unusual cases involving parents who have physical or mental disabilities that limit their ability to obtain or provide the required evidence, the worker should make every effort to assist the parent to obtain the required evidence. If the parent can provide an alien registration number, the worker should file a Form G-845, along with the alien registration number and a copy of any expired USCIS document presented with the local USCIS office to verify status.

C. Systematic Alien Verification for Entitlements (SAVE) Program

1. Local departments should not use the SAVE system to confirm the status of human trafficking victims since their status is verified by the federal Office of Refugee Resettlement.
2. Once documentation of the child's immigration status has been provided, if the local department questions the validity of the documentation, the validity of the documentation may be determined by comparing the alien information with current immigration records maintained by USCIS. This is accomplished through the Systematic Alien Verification for Entitlements (SAVE) Program and is intended to prevent the payment of child care subsidy for children who are ineligible aliens. The use of SAVE is optional by local departments for the Child Care Program.

Verification is obtained through two processes:

- (a) Primary verification – online access by authorized personnel to immigration files by logging on at: <https://www.vis-dhs.com/WebOne/vislogin.aspx?JS=YES>
- (b) Secondary verification – a manual procedure completed in addition to primary verification via the Document Verification Request, Form G-845, available at: <http://www.uscis.gov/graphics/formsfee/forms/files/g-845.pdf>

Certain situations may arise where it may not be possible to access primary verification and secondary verification must be accessed or additional information is needed that can only be obtained through the secondary procedure. These situations are addressed in the Secondary Verification section below.

For child with temporary or conditional alien status, local departments may verify through SAVE when their temporary status expires. Once verification has been obtained through SAVE, children with permanent resident status require no further verification of their alien status.

3. Primary Verification

Primary verification is the online access to immigration records. Local workers must attempt the online method before attempting the manual, paper-trail method of secondary verification unless circumstances listed in the Secondary Verification section exist.

Information obtained through SAVE must be compared with the original immigration document. If discrepancies are noted, the secondary verification process may be initiated. No negative action may be taken against the child on the basis of the automated verification only.

4. Secondary Verification

The following circumstances require that the local department skip online procedures and perform secondary verification:

- (a) Online response is "Institute Secondary Verification;
- (b) Discrepancies are revealed when comparing primary verification to the original immigration document or the primary verification does not clearly indicate whether the child is a qualified alien;
- (c) Documents have no Alien Registration Number (A-Number) or documents presented are not identified in Procedures to Verify Citizenship/Alien Status in this Appendix;
- (d) Immigration documents contain an A-Number in the A60 000 000 or A80 000 000 series;
- (e) The document presented is any other form of USCIS fee receipt;
- (f) The document presented is Form I-181 or I-94 in a foreign passport that is endorsed "Processed for I-551, Temporary Evidence of Lawful Permanent Residence," and the I-181 or I-94 is over one year old;
- (g) Any of the items presented as documentation appears to be counterfeit or altered;
- (h) The document presented is a USCIS receipt indicating the parent has applied for a replacement document for one of the qualified alien statuses;
- (i) Documentation is needed to substantiate status as a victim of abuse;
- (j) There is no USCIS file for the individual;
- (k) The documents presented are expired and the parent has a physical or mental disability that precludes obtaining new documents on the child from the local USCIS office.

5. Secondary Verification Procedures

- a) Complete the top portion of the USCIS Form G-845, Document Verification Request that is available at:

<http://www.uscis.gov/graphics/formsfee/forms/files/g-845.pdf>

- b) Staple readable copies (front and back) of original immigration documents to the upper left corner of Form G-845.

Copies of other documents used to make the initial alien status determination must also be submitted.

- c) Retain a copy of the completed G-845 in the case record. Mail the G-845 to the appropriate USCIS office, indicating "Attention: Immigration Status Verifier" on the envelope.

USCIS
Washington District Office

USCIS
Norfolk Commerce Park
5280 Henneman Drive
Norfolk, VA 2351

Refer to the listing of localities on the last two pages of this Appendix to determine the appropriate office. Do not send bulk mailings.

- d) While awaiting the secondary verification from USCIS, do not take any negative action against the child on the basis of alien status.
- e) Upon receipt of the G-845, compare the information with the case record. If eligibility of the alien child is confirmed, the verification from USCIS must be filed in the case record with the current application. Timely notice must be given to discontinue child care subsidy payments for the child if verification proves a child's ineligibility.

Additionally, if the secondary verification reveals the child is not an eligible alien, an overpayment has occurred and repayment must be arranged.

PROCEDURES TO VERIFY CITIZENSHIP/ALIEN STATUS

1. Citizenship

A. If a child born in U. S. or any of its territories (Puerto Rico Guam, U. S. Virginia Islands, or the Northern Mariana Islands).

B. If born outside U.S.

1. Citizenship

A. May verify child citizenship by birth record showing place of the birth or by U. S. P Passport.

If such documents are not currently available and child is obviously under 12, a signed statement of applicant/recipient or other individual having knowledge of the fact, attesting to the place of birth, if in the U. S., is acceptable substantiation of U.S. citizenship unless there is reason to question.

B. Certificate of derivative citizenship, naturalization papers, document issued by a U. S. Embassy or Consulate attesting that child is a U.S. citizen born abroad. If such documents are not available, must verify citizenship through the nearest U.S. Citizenship and Immigration Services. Requests for verifications should be done by mail if possible, "Attn: Immigration Status Verifier."

2. Alienage

At application and when adding a child to the family unit, a parent may be asked to present immigration documentation to verify the child's alien status if the local department questions the validity of the parent's written declaration of the child's alien status.

If the parent presents expired documents or has no documentation, i.e., claims documents were lost or stolen, refer him/her to the local USCIS office to request new documents before primary or

2. Alienage

Examine document(s) in the parent's possession and determine if the child meets one of the statuses below. If a USCIS receipt for a replacement document was used to verify the child's qualified alien status, follow-up at the first redetermination to obtain a copy of the replacement document. A copy of the USCIS document(s) should be filed in the case record.

You do not have to have lived in the county or city for any specific length of time. **The child(ren) for whom the child care service application is submitted must be a citizen of the United States or have legal alien status.**

You have the right to equal treatment regardless of race, color, religion, sex, national origin, or handicap.

You have the right to receive and complete a Child Care Service Application on the day you request child care services. If you need help filling out the application, someone will assist you.

If your name is placed on this waiting list, the child care worker will explain the reason why and the waiting list process. The local department must send written notification explaining their decision to add you to the waiting list.

You have the right to mandated child care services for which you meet eligibility requirements, for which there is funding and for which a legally operating provider is available. Requirement: Sections 63.2-1704, 63.2-1720, 63.2-1721, 63.2-1722, 63.2-1724 and 63.2-1725 of the *Code of Virginia (Code)* require individuals to provide a sworn statement or affirmation to a licensing, approving or hiring authority, facility, or agency prior to licensure, registration, approval, employment, or provision of volunteer services. A sworn disclosure or affirmation is a statement completed by a person attesting to whether he has ever been: (i) convicted of or the subject of pending charges of any crime within the Commonwealth or equivalent offense outside the Commonwealth, or (ii) the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. Additionally for family day homes, the person affirms if he, or if he knows that any person who resides in the home, has a sex offense conviction or is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The statement or affirmation must be made available to the Department of Social Services' representative.

Who must comply: These individuals must provide sworn statements or affirmations:

- Agent at the time of application who is or will be involved in the day-to-day operation of the child welfare agency or who is or will be alone with, in control of, or supervising one or more of the children and any subsequent person designated as agent who will be involved in the day-to-day operation or will be alone with, in control of, or supervising one or more of the children;

A parent-volunteer is a person supervising, without pay, a group of children that includes the parent-volunteer's own child in a program that operates no more than four hours per day, provided that the parent-volunteer works under the direct supervision of a person who has received satisfactory background checks as provided for in the Code.

Any person making a materially false statement regarding any such offense is guilty of a Class 1 misdemeanor.

Further dissemination of the sworn statement information is prohibited other than to the Commissioner's representative or a federal or state authority or court in order to comply with an express requirement in the law for that dissemination.

Consequence: If a person required to submit a sworn statement or affirmation has been: (i) convicted of a barrier crime (specified below), or (ii) convicted of any other felony in the last five years, or (iii) the subject of a founded complaint of child abuse or neglect:

Authorization to Act as Agent on Customer's Behalf
for In-Home Care**

Customer Information	Local Department Information
Name:	Department:
Address:	Address:

Case #	Phone ()

The Virginia Department of Social Services and the Internal Revenue Service (IRS) have reached an agreement that impacts you, your provider and the local social services department regarding the employment status of the child care provider. The IRS has determined that you and your provider have a common-law employer-employee relationship that means that you are the employer of your child care provider.

Social Security laws require that all employers pay FICA (Federal Insurance Contributions Act) tax to the federal government to allow the employee to have Social Security benefits. In addition, employers must pay federal and state unemployment taxes for their employees. As such, FICA and federal and state unemployment taxes must now be paid for your child care provider.

The local social services department will make these tax payments on your behalf to the federal government once you authorize the department to act as your fiscal agent. These tax payments will be made without cost to you.

Please sign and date the statement printed below so that these tax payments can begin. The local social services agency will keep this statement on file. Without your signed authorization, services cannot be provided and payment of these taxes would be your responsibility.

AUTHORIZATION

I authorize the local social services department to act as my agent in withholding FICA taxes from the wages being paid on my behalf to the person who provides care to my child(ren) in my home. I also understand that the local social services department will collect and pay the necessary Social Security taxes; pay federal and state unemployment taxes as needed; and issue W-2 forms as required for payment made to my child care provider on my behalf.

VIRGINIA DEPARTMENT OF SOCIAL SERVICES

AUTHORIZATION TO ACT AS AGENT ON CUSTOMER'S BEHALF FOR IN-HOME CARE

FORM NUMBER: 032-05-0061-00-eng

PURPOSE: This form is used to obtain the permission of customers for the local department to act as their fiscal agent when they use in-home child care providers. The department can then withhold the proper federal and state work related taxes for the providers such as FICA, SUTA, and FUTA to satisfy all requirements of the Internal Revenue Service.

USE: Once this form is signed, the local department can withhold the necessary taxes on behalf of the in-home child care provider. The provider is neither the employee of the local department or the state department of social services, but rather an employee of the customer.

COPIES: The form should be maintained by the local department and copies given to the customer and the provider.

INSTRUCTIONS FOR PREPARING FORM:

Fill in the name, address, and phone number of the customer and also the name, address, and phone number of the local department. Have the customer sign and date the form.
