Brief summary

Please provide a brief summary (preferably no more than 2 or 3 paragraphs) of the proposed new regulation, proposed amendments to the existing regulation, or the regulation proposed to be repealed. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

Currently the regulation requires that offers in compromise be addressed to the secretary of the board and be subject to board approval. Additionally, the regulation states that unless good cause be shown, continuances for purposes of considering an offer in compromise will not be granted, nor will a decision be rendered if prior to a hearing if received within three days of the scheduled hearing date, nor will more than two offers be entertained during the proceeding. The regulation also states that no offers shall be considered by the board if received more than 15 days after the date of mailing on the initial decision or proposed decision whichever is later.

The proposed amendment will change the regulation so that offers are addressed to the chief hearing officer and acceptance is not subject to board approval. Additionally, it amends the regulation such that it

allows for the submission of an offer in compromise anytime following notice of a disciplinary proceeding and before the conclusion of an appeal hearing. Any such offer may not be accepted at the informal conferences and no offer shall be submitted after the conclusion of the appeal hearing.

Acronyms and Definitions

Please define all acronyms used in the Agency Background Document. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.

Statement of final agency action

Please provide a statement of the final action taken by the agency including: 1) the date the action was taken; 2) the name of the agency taking the action; and 3) the title of the regulation.

On January 10, 2018, the Alcoholic Beverage Control Board adopted an amendment to 3-VAC5-10 PROCEDURAL RULES FOR THE CONDUCT OF HEARINGS BEFORE THE BOARD AND ITS HEARING OFFICERS, amending the existing regulation 3-VAC5-10-160 Offers in Compromise to proceed under the fast track regulatory process.

Legal basis

Please identify the state and/or federal legal authority to promulgate this proposed regulation, including: 1) the most relevant citations to the Code of Virginia or General Assembly chapter number(s), if applicable; and 2) promulgating entity, i.e., agency, board, or person. Your citation should include a specific provision authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency/board/person's overall regulatory authority.

Section 4.1-101 of the Code of Virginia (Code) establishes the Department of Alcoholic Beverage Control (ABC Board.)

Section 4.1-103 of the Code enumerates the powers of the Board which includes the authority to adopt regulations and to do all acts necessary or advisable to carry out the purposes of Title 4.1 of the Code (ABC Act). Section 4.1-103(7) states the Board may delegate or assign any duty or task to be performed by the Authority to any officer or employee of the Authority. Section 4.1-103(24) permits the Board to promulgate regulations in accordance with the Administrative Process Act and Section 4.1-111.

Section 4.1-111 (A) provides the Board with the authority to adopt reasonable regulations which it deems reasonable to carry out the provisions of the ABC Act and to amend or repeal such regulations.

Purpose

Please explain the need for the new or amended regulation. Describe the rationale or justification of the proposed regulatory action. Describe the specific reasons the regulation is essential to protect the health, safety or welfare of citizens. Discuss the goals of the proposal and the problems the proposal is intended to solve.

As the Department of Alcoholic Beverage Control transitions into an Authority, it was necessary to make amendments to the regulations dealing with procedural rules of the conduct of hearings before the board

and hearings officers so as to make the process more efficient and to not overburden the new part time board. Approvals that were once subject to board approval have been delegated to the chief hearing officer. Additionally, extending the time in which an offer can be submitted is an effort to decrease the number of hearings and appeals and foster more resolutions through settlement.

Rationale for using fast-track process

Please explain the rationale for using the fast-track process in promulgating this regulation. Why do you expect this rulemaking to be noncontroversial?

The amendments are expected to be noncontroversial because they are in the licensee's favor and simplify the offer process while also extending the time that the licensee has to make an offer in compromise.

Substance

Please briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the "Detail of changes" section below.

Approvals that were once subject to board approval have been delegated to the chief hearing officer thereby accommodating the new part-time board while not hampering the process for licensees. Also, extending the time in which offers can be made increases the likelihood that the matter will be resolved without further hearings or appeals.

Issues

Please identify the issues associated with the proposed regulatory action, including: 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions; 2) the primary advantages and disadvantages to the agency or the Commonwealth; and 3) other pertinent matters of interest to the regulated community, government officials, and the public. If there are no disadvantages to the public or the Commonwealth, please indicate.

The primary advantage to this regulation amendment is that it will make the process for offers in compromise more efficient because it allows the board to delegate the responsibility of approving the offer instead of having to wait for board approval which could delay the settlement as the board will meet much less frequently under the Authority. There are no disadvantages to the agency or the Commonwealth. Pertinent matters to the regulated community, government officials, and the public are that offers in compromise will not always have oversight from the board; however, they will be delegated to chief hearing officer who may have more intimate knowledge of the case and the significance of the settlement terms.

Requirements more restrictive than federal

Please identify and describe any requirement of the proposal which is more restrictive than applicable federal requirements. Include a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.

Regulatory flexibility analysis

Pursuant to § 2.2-4007.1B of the Code of Virginia, please describe the agency’s analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.

The proposed amendments will not have an impact on small business as they do not change any of the licensees’ responsibilities as they currently exist except to provide an extension in which the licensee may submit an offer in compromise. The amendments do not impact compliance or reporting requirements. Additionally, the amendments are less stringent than the current regulations.

Please identify the anticipated economic impact of the proposed new regulations or amendments to the existing regulation. When describing a particular economic impact, please specify which new requirement or change in requirement creates the anticipated economic impact.

Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in § 2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulation.

Family impact

Please assess the impact of this regulatory action on the institution of the family and family stability including to what extent the regulatory action will: 1) strengthen or erode the authority and rights of parents in the education, nurturing, and supervision of their children; 2) encourage or discourage economic self-sufficiency, self-pride, and the assumption of responsibility for oneself, one’s spouse, and one’s children and/or elderly parents; 3) strengthen or erode the marital commitment; and 4) increase or decrease disposable family income.

Detail of changes

Please list all changes that are being proposed and the consequences of the proposed changes; explain the new requirements and what they mean rather than merely quoting the proposed text of the regulation. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact. Please describe the difference between existing regulation(s) and/or agency practice(s) and what is being proposed in this regulatory action. If the proposed regulation is intended to replace an emergency regulation, please follow the instructions in the text following the three chart templates below.

For changes to existing regulation(s), please use the following chart:

Current section number	Proposed new section number, if applicable	Current requirement	Proposed change, intent, rationale, and likely impact of proposed requirements
3VAC5-10-160		Requires board approval for offer in compromise and does not allow for consideration of offers more than 15 calendar days after the date of mailing the initial decision or the proposed decision whichever is later.	The proposed amendment will change the regulation so that offers are addressed to the chief hearing officer and acceptance is not subject to board approval. Additionally, it amends the regulation such that it allows for the submission of an offer in compromise anytime following notice of a disciplinary proceeding and before the conclusion of an appeal hearing. Any such offer may not be accepted at the informal conferences and no offer shall be submitted after the conclusion of the appeal hearing.

If an existing regulation or regulations (or parts thereof) are being repealed and replaced by one or more new regulations, please use the following chart:

Current chapter-section number	Proposed new chapter-section number, if applicable	Current requirement	Proposed change, intent, rationale, and likely impact of proposed requirements

If a new regulation is being promulgated, that is not replacing an existing regulation, please use this chart:

Section number	Proposed requirements	Other regulations and law that apply	Intent and likely impact of proposed requirements

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation is identical to the emergency regulation, please choose and fill out the appropriate chart template from the choices above. In this case “current section number” or “current chapter-section number” would refer to the **pre-emergency** regulation.

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation includes changes since the emergency regulation, please create two charts: 1) a chart describing changes from the **pre-emergency** regulation to the proposed regulation as described in the paragraph above, and 2) a chart describing changes from the **emergency** regulation to the proposed regulation. For the second chart please use the following title: “Changes from the Emergency Regulation.” In this case “current section number” or “current chapter-section number” would refer to the **emergency** regulation.
