1 VAC 50-11 – Public Participation Guidelines
Department of Housing and Community Development
Town Hall Action/Stage: 4918/8111
December 18, 2017

Summary of the Proposed Amendments to Regulation

As the result of a periodic review, the Commission on Local Government (Commission) proposes to amend its public participation guidelines to update definitions and to conform the regulation to changes in statute.

Result of Analysis

Benefits likely outweigh costs for all proposed changes.

Estimated Economic Impact

The Commission promulgated these public participation guidelines in 2008 and has not updated them since. As a result of statutory changes since 2008, these guidelines are no longer completely up to date. Because of this, the Commission now proposes to add language that reflects the statutory right of interested parties who are submitting data, views and arguments to “be accompanied by and represented by counsel or other representative”. The Commission also proposes to change references to “the Commonwealth Calendar” to “a calendar maintained by the Commonwealth” because that language more closely resembles relevant statutory language. Changes such as these do not add any extra requirements for regulated entities. Consequently, no affected entities are likely to incur costs. To the extent that these changes remove language that is different from what is in statute, they provide the benefit of eliminating possible confusion.
