

**TO:** Virginia Department of Planning and Budget

**FROM:** Allen Knapp, Director, Office of Environmental Health Services

**DATE:** February 17, 2017

**RE:** Economic impact analysis of the fast-track amendments for repairs and voluntary upgrades less than 1,000 gallons per day contained in the Regulations for Alternative Onsite Sewage Systems, 12VAC5-613.

---

The Virginia Department of Health concurs with the Department of Planning and Budget's economic impact analysis that the benefits of the fast track amendments likely exceed the costs.
