Mark R. Herring
Attorney General

TO: EMILY MCCLELLAN
Regulatory Supervisor
Virginia Department of Medical Assistance Services

FROM: DAVIS CREEF *DC*
Assistant Attorney General

DATE: December 11, 2019

SUBJECT: Fast-Track Regulation: Incontinence Supplies (5367/8730)

I have reviewed the attached regulation regarding the removal of the selective contract requirement for incontinence supplies reimbursement. You have asked the Office of the Attorney General to review and determine if the Department of Medical Assistance Services ("DMAS") has the legal authority to amend the regulations and if the regulations comport with state and federal law.

Based on my review, it is my view that the Director of DMAS, acting on behalf of the Board of Medical Assistance Services under Virginia Code §§ 32.1-324 and 325, has the authority to amend this regulation, subject to compliance with the provisions of Article 2 of the Administrative Process Act and has not exceeded that authority.

Under Virginia Code § 2.2-4012.1, if an objection to the use of the fast-track process is received within the public comment period from 10 or more persons, any member of the applicable standing committee of either house of the General Assembly or of the Joint Commission on Administrative Rules, DMAS shall (i) file notice of the objection with the Registrar of Regulations for publication in the Virginia Register, and (ii) proceed with the normal promulgation process set out in this article with the initial publication of the Fast-Track regulation serving as the Notice of Intended Regulatory Action.

It is my understanding that the proposed change will amend the State Plan and DMAS has already obtained the necessary approval from the Centers for Medicare and Medicaid Services.

If you have any questions, please contact me at 786-6522.

cc: Kim F. Piner, Esq.

12VAC30-80-30. Fee-for-service providers.

A. Payment for the following services, except for physician services, shall be the lower of the state agency fee schedule (12VAC30-80-190 has information about the state agency fee schedule) or actual charge (charge to the general public). Except as otherwise noted in this section, state developed fee schedule rates are the same for both governmental and private individual practitioners. The state agency fee schedule is published on the DMAS website at <http://www.dmas.virginia.gov/#/searchcptcodes>.

1. Physicians' services. Payment for physician services shall be the lower of the state agency fee schedule or actual charge (charge to the general public).
2. Dentists' services. Dental services, dental provider qualifications, and dental service limits are identified in 12VAC30-50-190. Dental services are paid based on procedure codes, which are listed in the agency's fee schedule. Except as otherwise noted, state-developed fee schedule rates are the same for both governmental and private individual practitioners.
3. Mental health services.
 - a. Professional services furnished by nonphysicians as described in 12VAC30-50-150. These services are reimbursed using current procedural technology (CPT) codes. The agency's fee schedule rate is based on the methodology as described in subsection A of this section.
 - (1) Services provided by licensed clinical psychologists shall be reimbursed at 90% of the reimbursement rate for psychiatrists in subdivision A 1 of this section.
 - (2) Services provided by independently enrolled licensed clinical social workers, licensed professional counselors, licensed clinical nurse specialists-psychiatric, or licensed marriage and family therapists shall be reimbursed at 75% of the reimbursement rate for licensed clinical psychologists.
 - b. Intensive in-home services are reimbursed on an hourly unit of service. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.
 - c. Therapeutic day treatment services are reimbursed based on the following units of service: one unit equals two to 2.99 hours per day; two units equals three to 4.99 hours per day; three units equals five or more hours per day. No room and board is included in the rates for therapeutic day treatment. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.
 - d. Therapeutic group home services (formerly called level A and level B group home services) shall be reimbursed based on a daily unit of service. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.
 - e. Therapeutic day treatment or partial hospitalization services shall be reimbursed based on the following units of service: one unit equals two to three hours per day;

two units equals four to 6.99 hours per day; three units equals seven or more hours per day. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

f. Psychosocial rehabilitation services shall be reimbursed based on the following units of service: one unit equals two to 3.99 hours per day; two units equals four to 6.99 hours per day; three units equals seven or more hours per day. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

g. Crisis intervention services shall be reimbursed on the following units of service: one unit equals two to 3.99 hours per day; two units equals four to 6.99 hours per day; three units equals seven or more hours per day. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

h. Intensive community treatment services shall be reimbursed on an hourly unit of service. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

i. Crisis stabilization services shall be reimbursed on an hourly unit of service. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

j. Independent living and recovery services (previously called mental health skill building services) shall be reimbursed based on the following units of service: one unit equals one to 2.99 hours per day; two units equals three to 4.99 hours per day. The agency's rates are set as of July 1, 2011, and are effective for services on or after that date.

4. Podiatry.

5. Nurse-midwife services.

6. Durable medical equipment (DME) and supplies.

Definitions. The following words and terms when used in this section shall have the following meanings unless the context clearly indicates otherwise:

"DMERC" means the Durable Medical Equipment Regional Carrier rate as published by the Centers for Medicare and Medicaid Services at <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/DMEPOSFeeSched/DMEPOS-Fee-Schedule.html>.

"HCPCS" means the Healthcare Common Procedure Coding System, Medicare's National Level II Codes, HCPCS 2006 (Eighteenth edition), as published by Ingenix, as may be periodically updated.

a. Obtaining prior authorization shall not guarantee Medicaid reimbursement for DME.

b. The following shall be the reimbursement method used for DME services:

(1) If the DME item has a DMERC rate, the reimbursement rate shall be the DMERC rate minus 10%. For dates of service on or after July 1, 2014, DME items subject to the Medicare competitive bidding program shall be reimbursed the lower of:

(a) The current DMERC rate minus 10%; or

(b) The average of the Medicare competitive bid rates in Virginia markets.

(2) For DME items with no DMERC rate, the agency shall use the agency fee schedule amount. The reimbursement rates for DME and supplies shall be listed in the DMAS Medicaid Durable Medical Equipment (DME) and Supplies Listing and updated periodically. The agency fee schedule shall be available on the agency website at www.dmas.virginia.gov.

(3) If a DME item has no DMERC rate or agency fee schedule rate, the reimbursement rate shall be the manufacturer's net charge to the provider, less shipping and handling, plus 30%. The manufacturer's net charge to the provider shall be the cost to the provider minus all available discounts to the provider. Additional information specific to how DME providers, including manufacturers who are enrolled as providers, establish and document their cost or costs for DME codes that do not have established rates can be found in the relevant agency guidance document.

c. DMAS shall have the authority to amend the agency fee schedule as it deems appropriate and with notice to providers. DMAS shall have the authority to determine alternate pricing, based on agency research, for any code that does not have a rate.

~~d. The reimbursement for incontinence supplies shall be by selective contract. Pursuant to § 1915(a)(1)(B) of the Social Security Act and 42 CFR 431.54(d), the Commonwealth assures that adequate services or devices shall be available under such arrangements.~~

~~e. d. Certain durable medical equipment used for intravenous therapy and oxygen therapy shall be bundled under specified procedure codes and reimbursed as determined by the agency. Certain services or durable medical equipment such as service maintenance agreements shall be bundled under specified procedure codes and reimbursed as determined by the agency.~~

(1) Intravenous therapies. The DME for a single therapy, administered in one day, shall be reimbursed at the established service day rate for the bundled durable medical equipment and the standard pharmacy payment, consistent with the ingredient cost as described in 12VAC30-80-40, plus the pharmacy service day and dispensing fee. Multiple applications of the same therapy shall be included in one service day rate of reimbursement. Multiple applications of different therapies administered in one day shall be reimbursed for the bundled durable medical equipment service day rate as follows: the most expensive therapy shall be reimbursed at 100% of cost; the second and all subsequent most expensive therapies shall be reimbursed at 50% of cost. Multiple therapies administered in one day shall be reimbursed at the pharmacy service day rate plus 100% of every active therapeutic ingredient in the compound (at the lowest ingredient cost methodology) plus the appropriate pharmacy dispensing fee.

(2) Respiratory therapies. The DME for oxygen therapy shall have supplies or components bundled under a service day rate based on oxygen liter flow rate or blood gas levels. Equipment associated with respiratory therapy may have ancillary components bundled with the main component for reimbursement. The reimbursement shall be a service day per diem rate for rental of equipment or a total amount of purchase for the purchase of equipment. Such respiratory equipment shall include oxygen tanks and tubing, ventilators, noncontinuous ventilators, and suction machines. Ventilators, noncontinuous ventilators, and suction machines may be purchased based on the individual patient's medical necessity and length of need.

(3) Service maintenance agreements. Provision shall be made for a combination of services, routine maintenance, and supplies, to be known as agreements, under a single reimbursement code only for equipment that is recipient owned. Such bundled agreements shall be reimbursed either monthly or in units per year based on the individual agreement between the DME provider and DMAS. Such bundled agreements may apply to, but not necessarily be limited to, either respiratory equipment or apnea monitors.

7. Local health services.

8. Laboratory services (other than inpatient hospital). The agency's rates for clinical laboratory services were set as of July 1, 2014, and are effective for services on or after that date.

9. Payments to physicians who handle laboratory specimens, but do not perform laboratory analysis (limited to payment for handling).

10. X-ray services.

11. Optometry services.

12. Reserved.

13. Home health services. Effective June 30, 1991, cost reimbursement for home health services is eliminated. A rate per visit by discipline shall be established as set forth by 12VAC30-80-180.

14. Physical therapy; occupational therapy; and speech, hearing, language disorders services when rendered to noninstitutionalized recipients.

15. Clinic services, as defined under 42 CFR 440.90, except for services in ambulatory surgery clinics reimbursed under 12VAC30-80-35.

16. Supplemental payments for services provided by Type I physicians.

a. In addition to payments for physician services specified elsewhere in this chapter, DMAS provides supplemental payments to Type I physicians for furnished services provided on or after July 2, 2002. A Type I physician is a member of a practice group organized by or under the control of a state academic health system or an academic health system that operates under a state authority and includes a hospital, who has entered into contractual agreements for the assignment of payments in accordance with 42 CFR 447.10.

b. The methodology for determining the Medicare equivalent of the average commercial rate is described in 12VAC30-80-300.

c. Supplemental payments shall be made quarterly no later than 90 days after the end of the quarter.

d. Effective April 1, 2017, the supplemental payment amount for Type I physician services shall be the difference between the Medicaid payments otherwise made for physician services and 256% of Medicare rates. Effective May 1, 2017, the supplemental payment amount for Type I physician services shall be the difference between the Medicaid payments otherwise made for physician services and 258% of Medicare rates.

17. Supplemental payments for services provided by physicians at Virginia freestanding children's hospitals.

a. In addition to payments for physician services specified elsewhere in this chapter, DMAS provides supplemental payments to Virginia freestanding children's hospital physicians providing services at freestanding children's hospitals with greater than 50% Medicaid inpatient utilization in state fiscal year 2009 for furnished services provided on or after July 1, 2011. A freestanding children's hospital physician is a member of a practice group (i) organized by or under control of a qualifying Virginia freestanding children's hospital, or (ii) who has entered into contractual agreements for provision of physician services at the qualifying Virginia freestanding children's hospital and that is designated in writing by the Virginia freestanding children's hospital as a practice plan for the quarter for which the supplemental payment is made subject to DMAS approval. The freestanding children's hospital physicians also must have entered into contractual agreements with the practice plan for the assignment of payments in accordance with 42 CFR 447.10.

b. Effective July 1, 2011, the supplemental payment amount for freestanding children's hospital physician services shall be the difference between the Medicaid payments otherwise made for freestanding children's hospital physician services and 143% of Medicare rates as defined in the supplemental payment calculation described in the Medicare equivalent of the average commercial rate methodology (see 12VAC30-80-300), subject to the following reduction. Final payments shall be reduced on a prorated basis so that total payments for freestanding children's hospital physician services are \$400,000 less annually than would be calculated based on the formula in the previous sentence. Effective July 1, 2015, the supplemental payment amount for freestanding children's hospital physician services shall be the difference between the Medicaid payments otherwise made for freestanding children's hospital physician services and 178% of Medicare rates as defined in the supplemental payment calculation for Type I physician services. Payments shall be made on the same schedule as Type I physicians.

18. Supplemental payments for services provided by physicians affiliated with Eastern Virginia Medical Center.

a. In addition to payments for physician services specified elsewhere in this chapter, the Department of Medical Assistance Services provides supplemental payments to physicians affiliated with Eastern Virginia Medical Center for furnished services provided on or after October 1, 2012. A physician affiliated with Eastern Virginia Medical Center is a physician who is employed by a publicly funded medical school that is a political subdivision of the Commonwealth of Virginia, who provides clinical services through the faculty practice plan affiliated with the publicly funded medical school, and who has entered into contractual arrangements for the assignment of payments in accordance with 42 CFR 447.10.

b. Effective October 1, 2015, the supplemental payment amount shall be the difference between the Medicaid payments otherwise made for physician services and 137% of Medicare rates. The methodology for determining the Medicare equivalent of the average commercial rate is described in 12VAC30-80-300.

c. Supplemental payments shall be made quarterly, no later than 90 days after the end of the quarter.

19. Supplemental payments for services provided by physicians at freestanding children's hospitals serving children in Planning District 8.

a. In addition to payments for physician services specified elsewhere in this chapter, DMAS shall make supplemental payments for physicians employed at a freestanding children's hospital serving children in Planning District 8 with more

than 50% Medicaid inpatient utilization in fiscal year 2014. This applies to physician practices affiliated with Children's National Health System.

b. The supplemental payment amount for qualifying physician services shall be the difference between the Medicaid payments otherwise made and 178% of Medicare rates but no more than \$551,000 for all qualifying physicians. The methodology for determining allowable percent of Medicare rates is based on the Medicare equivalent of the average commercial rate described in this chapter.

c. Supplemental payments shall be made quarterly no later than 90 days after the end of the quarter. Any quarterly payment that would have been due prior to the approval date shall be made no later than 90 days after the approval date.

20. Supplemental payments to nonstate government-owned or operated clinics.

a. In addition to payments for clinic services specified elsewhere in this chapter, DMAS provides supplemental payments to qualifying nonstate government-owned or government-operated clinics for outpatient services provided to Medicaid patients on or after July 2, 2002. Clinic means a facility that is not part of a hospital but is organized and operated to provide medical care to outpatients. Outpatient services include those furnished by or under the direction of a physician, dentist or other medical professional acting within the scope of his license to an eligible individual. Effective July 1, 2005, a qualifying clinic is a clinic operated by a community services board. The state share for supplemental clinic payments will be funded by general fund appropriations.

b. The amount of the supplemental payment made to each qualifying nonstate government-owned or government-operated clinic is determined by:

(1) Calculating for each clinic the annual difference between the upper payment limit attributed to each clinic according to subdivision 20 d of this subsection and the amount otherwise actually paid for the services by the Medicaid program;

(2) Dividing the difference determined in subdivision 20 b (1) of this subsection for each qualifying clinic by the aggregate difference for all such qualifying clinics; and

(3) Multiplying the proportion determined in subdivision 20 b (2) of this subsection by the aggregate upper payment limit amount for all such clinics as determined in accordance with 42 CFR 447.321 less all payments made to such clinics other than under this section.

c. Payments for furnished services made under this section will be made annually in a lump sum during the last quarter of the fiscal year.

d. To determine the aggregate upper payment limit referred to in subdivision 20 b (3) of this subsection, Medicaid payments to nonstate government-owned or government-operated clinics will be divided by the "additional factor" whose calculation is described in 12VAC30-80-190 B 2 in regard to the state agency fee schedule for Resource Based Relative Value Scale. Medicaid payments will be estimated using payments for dates of service from the prior fiscal year adjusted for expected claim payments. Additional adjustments will be made for any program changes in Medicare or Medicaid payments.

21. Personal assistance services (PAS) for individuals enrolled in the Medicaid Buy-In program described in 12VAC30-60-200. These services are reimbursed in accordance with the state agency fee schedule described in 12VAC30-80-190. The state agency fee schedule is published on the DMAS website at <http://www.dmas.virginia.gov>.

22. Supplemental payments to state-owned or state-operated clinics.

a. Effective for dates of service on or after July 1, 2015, DMAS shall make supplemental payments to qualifying state-owned or state-operated clinics for outpatient services provided to Medicaid patients on or after July 1, 2015. Clinic means a facility that is not part of a hospital but is organized and operated to provide medical care to outpatients. Outpatient services include those furnished by or under the direction of a physician, dentist, or other medical professional acting within the scope of his license to an eligible individual.

b. The amount of the supplemental payment made to each qualifying state-owned or state-operated clinic is determined by calculating for each clinic the annual difference between the upper payment limit attributed to each clinic according to subdivision 19 b of this subsection and the amount otherwise actually paid for the services by the Medicaid program.

c. Payments for furnished services made under this section shall be made annually in lump sum payments to each clinic.

d. To determine the upper payment limit for each clinic referred to in subdivision 19 b of this subsection, the state payment rate schedule shall be compared to the Medicare resource-based relative value scale nonfacility fee schedule per Current Procedural Terminology code for a base period of claims. The base period claims shall be extracted from the Medical Management Information System and exclude crossover claims.

B. Hospice services payments must be no lower than the amounts using the same methodology used under Part A of Title XVIII, and take into account the room and board furnished by the facility, equal to at least 95% of the rate that would have been paid by the state under the plan for facility services in that facility for that individual. Hospice services shall be paid according to the location of the service delivery and not the location of the agency's home office.
