TO: MARGARET SCHULTZE, Commissioner
Virginia Department of Social Services

FROM: ERIC J. REYNOLDS *ER*
Assistant Attorney General

DATE: December 15, 2014

SUBJECT: New Regulation Section - 22 VAC40-661 (Child Care Subsidy Program)

I am in receipt of the attached regulations regarding the state Child Care Subsidy Program. You have asked the Office of the Attorney General to review and determine if the State Board of the Virginia Department of Social Services has the statutory authority to promulgate the proposed regulation and if the proposed regulation comports with applicable state and federal law.

This regulation is adding language and modifying some of the existing language to this Section - 22 VAC 40-661 - to include procedures related to the newly established statewide automation system for tracking child care attendance and payment to providers; new requirements for providers; limitations on fees and rates; requirement for recipients to cooperate with the Division of Child Support Enforcement; time limitation for receipt of Child Care assistance for Fee Child Care services; change in calculating a family's co-payment rate;

It is my opinion that the State Board of DSS has the authority to promulgate this regulation, subject to compliance with the provisions of Article 2 of the Administrative Process Act ("APA") and has not exceeded that authority.

It is my view that this regulation is not exempt from but is subject to the procedures of Article 2 of the APA pursuant to Virginia Code § 2.2-4006(A)(4)(a). If you have any questions or need additional information about these regulations, please contact me at 786-3450.

~~Unless a local alternate scale is approved, the income eligibility scale established by the department must be used for the transitional, Head Start and fee programs. Proposed alternate sliding scales must be approved by the department prior to submission to the local board of social services.]~~

B. Copayments. Copayments are established by the department. All families receiving child care subsidy have a copayment responsibility of ~~10% of their countable monthly income or the copayment established by an approved local alternate scale [ranging from 5.0% to 10% of the family's income, taking family size and income into account, (effective 8/15/2014)]~~ except that families whose gross monthly income is at or below the federal poverty guidelines who are recipients of TANF, participants in the FSET SNAPET program, or families in the Head Start program will have no copayment. [The family's copayment will be calculated using the following chart: (effective 8/15/2014)

~~C. Five-year limit. Localities may limit receipt of fee child care program subsidies to a maximum of 60 months (five years). Receipt of transitional child care does not count toward the five years.~~

~~D. Waiting list. Local departments must have a waiting list policy for the fee child care program. Prior receipt of TANF must not be a reason for preferential placement on a waiting list. Proposed policy for a waiting list must be approved by the department prior to submission to the local board of social services. A waiting list policy must assure that decisions are made uniformly.~~

22VAC40-661-57. Provider requirements.

A. Providers who participate in the subsidy program must be at least 18 years of age, obtain background checks as required by the regulations for their type of child care, and participate in annual training. Providers and other individuals required to have background checks according to § 63.2-1725 of the Code of Virginia who are not otherwise governed by another state

regulation requiring background checks shall obtain background checks as defined in this regulation.

B. Background checks for regulated child care providers and local department approved child care providers remain valid according to the provisions of the regulations for their type of child care. Background checks for employees of certified preschools or nursery schools and unregulated family day home providers that participate in the child care subsidy program will remain valid for three years as long as the provider provides continuous services under the child care subsidy program. For any other individual who is required to have background checks according to § 63.2-1725 of the Code of Virginia, the background checks will remain valid for three years as long as the individual maintains continuous employment, residence or volunteer status with that provider.

C. Training requirements will consist of current certification in first aid and cardiopulmonary resuscitation (CPR) as appropriate for the age for the children in care, the cost of which will be borne by the provider. Four hours of skills training will also be required annually. Skills training is available through the department at for a cost of less than \$20 per participant nominal fee.

D. All providers who participate in the subsidy program must sign a department-approved agreement that will be based on the level of regulation of the provider. The provider's signature confirms his agreement to comply with the terms of the agreement, including payment processes, absences, and attendance tracking.

E. All providers who participate in the subsidy program must have a working telephone at each site at which child care is provided, as required by the department-approved agreement.

[F. Disputes between the provider and VDSS regarding the payment for services rendered, including decisions made pursuant to the department-approved agreement, or the finding of fraud committed by the provider, may be appealed by the provider pursuant to the Virginia

Administrative Process Act (Va. Code § 2.2-4000 et seq.). This shall be the sole remedy for such disputes.]

22VAC40-661-60. Determining payment amount.

A. Maximum reimbursable rates.

1. The department will establish maximum reimbursable rates for child care subsidies for all localities in the state by type of care.
2. For children with special needs, payment over the maximum reimbursable rate is allowed when this is appropriate as determined by the local department. The maximum reimbursable rate for children with special needs may not exceed twice the reimbursable rate for care of children who do not have special needs.
3. Providers will be paid for the amount of care approved up to the maximum reimbursable rate of the jurisdiction in which the provider is located. ~~Local departments must~~ The department will pay the rates and fees providers charge the general public, up to the maximum reimbursable rate, ~~or a negotiated rate that is lower.~~ [Level two providers will be paid a higher maximum reimbursable rate established by the department.]
4. For out-of-state providers, the ~~local department~~ maximum reimbursable rate of the locality in which the local department is located is used.
5. Parents who choose to place a child in a facility with a rate above the maximum reimbursable rate are responsible for payment of any additional amount, unless the local department elects to pay the additional amount out of local funds.

B. In-home care. For in-home child care, payment must be at least minimum wage, but not more than the maximum reimbursable rate for the number of children in care.

C. Registration fee. A single annual registration fee, if charged, will be paid to level two providers [only] . The registration fee may not exceed \$100. Transportation fees are paid only when the transportation services are provided by the provider. The total cost of care, excluding the single annual registration fee, ~~but including special programs, other fees and transportation,~~ must not exceed the maximum reimbursable rate and must be identified as one child care cost.

[D. Up to ten holidays identified in subsection 7.6 of the department-approved provider agreement will be paid to level two providers. Level one certified pre-schools, religious exempt, and voluntary registered providers may be paid for holidays, according to provisions in the department-approved vendor agreement. All other level one providers will not receive payment for holidays unless services are provided on that day.]

22VAC40-661-70. Case management.

A. Application and assessment. Parents who are not receiving TANF and who are at least 18 years of age and who wish to request child care services are required to sign an application and cooperate with an assessment by the local department. Consumer education, including the selection and monitoring of child care, must be provided to parents to assist them in gaining needed information about child care services and availability of providers. As a condition of eligibility, all applicants and recipients must cooperate with the Division of Child Support Enforcement unless the subsidy program determines that good cause exists for their failure to do so.

C. Due process. Applicants and recipients will be afforded due process through timely written notices of any action deciding or affecting his eligibility for services or copayment amount. Such written notice shall include the reason for the action and the notice of appeal rights and procedures, including the right to a fair hearing if the applicant or recipient is aggrieved by the local department's action or failure to act on an application. If a [client recipient] requests an appeal within 10 days of the effective date of the notice of action, child care services will continue until a decision is rendered by a hearing officer. If the decision of the local department is upheld by the hearing officer, the [client recipient] must repay the amount of services paid during the appeal process.

D. Reassessment. Local departments will make regular contacts with a member of the case household or the provider. The purpose of these contacts is to evaluate whether the child care services authorized are meeting the needs of the child and the parent.

E. Beginning date of service payment.

1. The beginning date of service payment is the date the signed application is received in the local department if the family is determined eligible within 45 30 days.
2. If the determination is made more than 45 30 days after the signed application is received, services may begin only on the date eligibility is actually determined, except in the case of administrative delay.
3. Administrative delay is when either the parent or provider does not provide needed information for eligibility purposes to the local department within the 45 30 days due to circumstances beyond their control.

4. Payment cannot be made to licensed providers prior to the effective dates of their initial licenses.

F. Parental responsibilities.

1. Parents must be informed of their responsibility to report changes that could affect their eligibility. These changes must be reported to the local department within 10 calendar days. Parents must be informed that failure to report required changes may result in case closure, repayment of child care costs, or prosecution for fraud.

2. Parents must be informed of their responsibility to pay all fees owed. Parental failure to pay fees may result in case closure.

G. Termination. Local department termination of child care services must be planned jointly with the parent and provider. Adequate documentation supporting the reasons for termination must be filed in the case record. Eligibility in the fee program is limited to a total of 72 months per family. Receipt of assistance in any other category does not count toward the 72-month limitation.

H. Waiting list. When sufficient funds are not available [~~in the fee program~~] , local departments of social services must screen applicants for potential eligibility and place them on the department's waiting list if the family chooses.

22VAC40-661-80. Fraud.

A. Fraud.

1. When it is suspected that there has been a deliberate misrepresentation of facts in order to receive [benefits, services or payments ~~services~~] , the local department must determine whether or not fraud was committed. There must be clear and convincing evidence that demonstrates that the household or provider committed or intended to commit fraud. Suspected instances of child care fraud shall be referred to the fraud staff

for investigation. If there is clear and convincing evidence that fraud has occurred [with either the provider or the household] , the case will be referred to the attorney for the Commonwealth to determine if the case will be prosecuted. If the [household's] case does not meet the criteria for prosecution as established by the attorney for the Commonwealth, the case will be referred for an administrative disqualification hearing.

2. Disqualification.

a. Parents will be disqualified from participating in the child care subsidy program for three months upon the first finding of child care fraud or an intentional program violation, 12 months upon the second finding, and permanently upon the third finding.

b. Providers will be permanently disqualified from participating in the child care subsidy program upon the first finding of child care fraud.

B. Repayment. In addition to any criminal punishment, anyone who causes the local department to make an improper ~~vendor~~ provider payment by withholding required information or by providing false information will be required to repay the amount of the improper payment.

~~C. Nonfraud overpayment. In cases of nonfraud overpayment, neither the parent nor provider will be disqualified from participating in the subsidy program, as long as a repayment schedule is entered into with the local department and payments are made according to that schedule. If an overpayment was made as result of an error by the local department, the local department will not seek to recoup those funds from the parent or the provider.~~

22VAC40-661-100. Administration.

A. Nonfraud overpayment. In cases of nonfraud overpayment, neither the parent nor provider will be disqualified from participating in the subsidy program as long as a repayment

schedule is entered into with the local department and payments are made according to that schedule.

B. [Local department error. Overpayments. If an overpayment was made as a result of an error by the local department, the local department will not seek to recoup those funds from the parent or the provider. Any overpayments made as a result of a local department error must be refunded to the Department of Social Services with local only funds. Any overpayment must be refunded to the department by the locality.]
