<b>VAC Chapter Number:</b>	16 VAC 25-60-50, 16 VAC 25-60-60, 16 VAC 25-60-70
<b>Regulation Title:</b>	Administrative Regulation for the Virginia Occupational Safety and Health Codes Board

<b>Date:</b>	October 19, 2001

Where a regulation is exempt in part or in whole from the requirements of the Administrative Process Act (§ 9-6.14:1 *et seq.* of the *Code of Virginia*) (APA), the agency may provide information pertaining to the action to be included on the Regulatory Town Hall. The agency must still comply the requirements of the Virginia Register Act (§ 9-6.18 *et seq.* of the *Code of Virginia*) and file the final regulation with the Registrar in a style and format conforming with the *Virginia Register Form, Style and Procedure Manual*. The agency must also comply with Executive Order Fifty-Eight (99) which requires an assessment of the regulation's impact on the institution of the family and family stability.

**Note agency actions exempt pursuant to § 9-6.14:4.1(B)** do not require filing with the Registrar a Notice of Intended Regulatory Action, or at the proposed stage. When the regulation is promulgated and submitted to the Registrar, the agency need only provide a statement citing the specific Virginia Code section referencing the exemption and an authority certification letter from the Attorney General's Office. No specific format is required.

This form should be used for actions **exempt from the Administrative Process Act pursuant to § 9-6.14:4.1(C)** at the final stage. Note that agency actions exempt pursuant to § 9-6.14:4.1(C) of the APA do not require filing with the Registrar a Notice of Intended Regulatory Action, and at the proposed stage.

### Summary

*Please provide a brief summary of the proposed new regulation, amendments to an existing regulation, or the regulation being repealed. There is no need to state each provision or amendment or restate the purpose and intent of the regulation, instead give a summary of the regulatory action and alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.*

The current ARM contains three sections that cover accident reporting; occupational illness and injury records; and the Annual Survey. With the adoption of the federal identical “Recording and Reporting Occupational Injuries and Illnesses”, 16 VAC 25-85-1904.0 through 1904.46, these sections will be in conflict and therefore are being repealed.
