**8 VAC 20-300 – Rules Governing Film Circulation from State and Regional
Audiovisual Services
Department of Education
August 17, 2011**

Summary of the Proposed Amendments to Regulation

The *Rules Governing Film Circulation from State and Regional Audiovisual Services*, 8 VAC 20-300, was approved by the Board of Education (Board) and became effective on or about September 1, 1980, and has two sections. The first prescribes the eligibility for the general circulation of films, videotapes and audiotapes, slides, transparencies, and filmstrips from state and regional audio visual services and the second prescribes the ordering process. The regulation has never been updated or amended to reflect any changes in the eligibility for circulation or the process to order such items. The lending program has been discontinued and is no longer in existence, making the regulations obsolete. Thus, the Board proposes to repeal these regulations.
