Small business impact

In order to minimize the economic impact of regulations on small business, please include, pursuant to § 2.2-4007.1 E and F, a discussion of the agency’s consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Section 54.1-2211 mandates the Board to promulgate regulations and standards for the training and licensing of waste management facility operators. Therefore, the continued need for the regulation is established in statute. The regulation is necessary to protect public health, safety and welfare and ensure that individuals licensed as waste management facility operators in Virginia have met minimum competencies. Since no complaints or comments were received during the public comment period, there does not appear to be a reason to amend or repeal the regulation. The regulation is clearly written and easily understandable. The regulation does not overlap, duplicate or conflict with federal or state law or regulation. The most recent periodic review of the regulation occurred in 2010 which resulted in no change to the regulation. In addition, fast-track amendments became effective April 1, 2011, which included the removal of language referencing the bad check and examination fees as well as correcting two citations. The fees are still required, but established by § 2.2-614.1 C of the *Code of Virginia* and in compliance with the Virginia *Public Procurement Act*, § 2.2-4300 et seq. of the *Code of Virginia*. The Board discussed and, for the reasons stated in this section, determined that the regulation should not be amended or repealed, but should be retained in their current form.
