This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Order 14 (as amended, July 16, 2018), the Regulations for Filing and Publishing Agency Regulations (1VAC7-10), and the *Form and Style Requirements for the Virginia Register of Regulations and Virginia Administrative Code*.

Acronyms and Definitions

Define all acronyms used in this Report, and any technical terms that are not also defined in the "Definitions" section of the regulation.

"CTB" means the Commonwealth Transportation Board.

Legal Basis

Identify (1) the promulgating agency, and (2) the state and/or federal legal authority for the regulatory change, including the most relevant citations to the Code of Virginia or Acts of Assembly chapter number(s), if applicable. Your citation must include a specific provision, if any, authorizing the promulgating agency to regulate this specific subject or program, as well as a reference to the agency's overall regulatory authority.

The Commonwealth Transportation Board (CTB) has "the power and duty to make regulations that are not in conflict with the laws of the Commonwealth for the protection of and covering traffic on and for the use of systems of state highways" pursuant to *Code of Virginia* § 33.2-210.

This regulation specifies the responsibilities of various types of localities (cities and towns with populations over 3500 persons, counties, and counties that have withdrawn from the state highway system) and the responsibilities of the Virginia Department of Transportation in the maintenance of various types of highways that cross over or under Interstate Highways.

Alternatives to Regulation

Describe any viable alternatives for achieving the purpose of the regulation that were considered as part of the periodic review. Include an explanation of why such alternatives were rejected and why this regulation is the least burdensome alternative available for achieving its purpose.

The regulation describes the policy of the CTB in determining which maintenance activities on roads crossing over or under the Interstate Highways are eligible for funding by the CTB. Its purpose may be accomplished through a written CTB Policy and/or a guidance document, and is not necessary as a regulation.

Indicate if an informal advisory group was formed for purposes of assisting in the periodic review.

No comment was received during the public comment period.

Effectiveness

Pursuant to § 2.2-4017 of the Code of Virginia, indicate whether the regulation meets the criteria set out in Executive Order 14 (as amended, July 16, 2018), including why the regulation is (a) necessary for the protection of public health, safety, and welfare, and (b) is clearly written and easily understandable.

Although the regulation is clearly written and easily understandable, its purpose can be accomplished through other means, so it is therefore not necessary for the protection of public health, safety and welfare.

Decision

Explain the basis for the promulgating agency's decision (retain the regulation as is without making changes, amend the regulation, or repeal the regulation).

The CTB recommends repealing the regulation, and maintaining the underlying policy as a CTB Policy and/or guidance document.

Small Business Impact

As required by § 2.2-4007.1 E and F of the Code of Virginia, discuss the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation. Also, discuss why the agency's decision, consistent with applicable law, will minimize the economic impact of regulations on small businesses.

Although the regulation is not complex and does not overlap or conflict with other law, it is not necessary to be maintained as a regulation. The regulation was last reviewed in 2010.
